## Source Note Information

A source note shows the legislative history of a C.R.S. section and is located immediately after the text of the section. The source note for each section indicates the year the section was added, each year it was amended, and the page of the Session Laws and the section of the bill where the amendment can be found. The source note includes the number of the section in prior codifications when applicable. For amendments made after 1973, information on each specific provision of the section that has been changed by a bill, the specific change to the provision (i.e. added, added with relocations, amended, amended with relocations, repealed, repealed and reenacted, or recreated and reenacted), and the effective date of the bill are shown.

The legislative history is arranged by year of passage; if the section was amended by two or more acts in the same year, the order of the information for that year is determined by the effective dates of the acts. The effective date in the source note indicates the date the act or portion of the act takes effect even if the text of the amendment indicates a different date. If the year is not included with the month and day, the provision is effective the year of passage. Additional information to assist the user in researching C.R.S. sections can be found beginning on page vii.

The following provides a further explanation of the information found in a source note:

“L.” is the symbol for “Session Laws” and will be followed by a number indicating the year when the C.R.S. section was changed by an act generally either creating new law, amending existing law, or repealing existing law; except that, in the constitution, “L.” also means constitutional measures referred by the General Assembly and voted on by the people of Colorado at a general or an odd-year election.

“Ex. Sess.” is the symbol for “Extraordinary Session”. If this symbol follows the year, the amended provision can be found in the Session Laws for an extraordinary session for that year and not in the Session Laws for the regular session of the General Assembly for that year (S, S2 in the Red Book).

“p.” is the symbol for “page” and will be followed by a number indicating the page of the Session Laws where the amendment to the C.R.S. section can be found.

“§” is the symbol for “section” and will be followed by a number indicating the section of the act where the amendment to the C.R.S. section can be found.

“IP” is the symbol for the “introductory portion” to a section, subsection, paragraph, or subparagraph.

“Added” means the provision was newly enacted by the act (N in the Red Book).

“Added with relocations” means the provision in existing law was relocated from one title, article, part, or section to another title, article, part, or section with amendments by the act.

“Amended” means the provision in existing law was amended by the act (A in the Red Book).

“Amended with relocations” means the provision in existing law was amended to reorganize an entire title, article, part, or section by the act.

“Repealed” means the provision was deleted from the existing law by the act through the use of a repeal provision (R in the Red Book).

“R&RE” is the symbol for “Repealed and Reenacted” and means the provision in existing law was repealed and reenacted by the act (RE in the Red Book).

“RC&RE” is the symbol for “Recreated and Reenacted” and means a previously repealed provision has been recreated by the act (RC in the Red Book).

“Added by revision” means a provision providing for the repeal of a statutory provision on a specified date has been added by the Revisor of Statutes as a C.R.S. provision. Adding the provision is necessary because a separate section of the act provided for the repeal of the provision with a future effective date.

“Initiated” means a provision that was amended by means of an initiated petition approved by a vote of the people of Colorado at a general or an odd-year election.

“Referred” means a provision that was amended by a measure referred by the General Assembly and voted on by the people of Colorado at a general or an odd-year election; except that, in the constitution, a referred measure is indicated by “L.” and also means constitutional measures referred by the General Assembly and voted on by the people of Colorado at a general or an odd-year election.

Starting in 2009, references to the bill number and chapter number have been included in the source note. If you are conducting a search on-line, the bill number reference within the source note links directly to the bill itself.

## **Colorado Statutory Research**

Legislative history is not already written. It must be compiled by the researcher from many different sources and materials. The following information is a helpful starting point in identifying information you wish to research. Consult the red book table distributed with the session laws, the softbound editions of Colorado Revised Statutes beginning in 1997, the comparative tables located in the back of the C.R.S. index, C.R.S. 1963 and subsequent cumulative supplements thereto through 1971, and C.R.S. 1973 and annual cumulative supplements thereto through 1996.

Prior to 1921, enacted laws were not compiled into a comparative table, thereby making it more difficult to track the legislative history. Determining the subject matter in the statutory index is the only choice for tracking the history of a statute since a statute did not retain its original number. The General Statutes of 1883 arranged laws into numbered chapters, alphabetically entitled, collated, and arranged by sections. This became the foundation and

model for compiling the statutes until the codification of C.R.S. 1973. (See Revised Statutes of Colorado 1908, An Act Providing For the Compilation, Publication, and Distribution of all the general statutes of the state.)

References in some source notes throughout the Colorado Revised Statutes to “Code 08”, “Code 21”, and “Code 35” are to the Revised Statutes of Colorado 1908, the Compiled Laws of Colorado 1921, and the Colorado Statutes Annotated 1935, respectively. Each of these volumes set forth the general statutes of the state of Colorado, including the Code of Civil Procedure and, in 1935, the Colorado Supreme Court Rules. On January 6, 1941, the Colorado Supreme Court adopted the new Rules of Civil Procedure, which became effective on April 6, 1941, resulting in the publication of a replacement volume. Thereafter, the publication of the Colorado Court Rules, although a continuing part of the Colorado Revised Statutes, contained a combination of the Federal Rules and the Colorado Code of Civil Procedure and, in addition, included some provisions that were entirely distinct from both the Federal Rules and the Colorado Code of Civil Procedure, as adopted or amended by the Supreme Court of Colorado.

To research a statute as it existed in previous years, the following is a chronological list of C.R.S. publications and the correct citation for each publication.

Revised Statutes of Colorado	(1868)	R.S.
General Laws of Colorado	(1877)	G.L.
General Statutes of Colorado	(1883)	G.S.
Revised Statutes of Colorado	(1908)	R.S. 08
Compiled Laws of Colorado	(1921)	C.L.
Colorado Statutes Annotated	(1935)	CSA
Colorado Revised Statutes 1953	(1953)	CRS 53
Colorado Revised Statutes 1963	(1963)	C.R.S. 1963
Colorado Revised Statutes	(1973)	C.R.S.

**Comparative Tables:**

- R.S. 08 to C.L. 1921 - located in the front of the C.L. 1921
- C.L. 1921 to CSA 1935 - located in the back of the Index to CSA 1935
- CSA 1935 to CRS 1953 - located in the front of the Index to CRS 1953
- CRS 1953 to C.R.S. 1963 - located in the front of the Index to C.R.S. 1963
- C.R.S. 1963 to C.R.S. - located in the back of the Index to C.R.S.

**Supplements to C.R.S. 1963 include:**

- 1965 hardbound supplement containing laws enacted in 1964 and 1965
- 1967 hardbound supplement containing laws enacted in 1966 and 1967
- 1969 hardbound supplement containing laws enacted in 1968 and 1969
- 1971 hardbound supplement containing laws enacted in 1970 and 1971

The softbound publication of the “Official Report of the Committee on Legal Services” was not intended as an official publication of our office. Copies were distributed to the members of the General Assembly for the purpose of certifying the laws enacted in the 1972 and 1973 Sessions for inclusion in the compilation of the 1973 C.R.S., which was not available until 1974. To find the 1972 or 1973 amended language, refer to the session laws of either 1972 or 1973.

**Supplements and Replacement Volumes to C.R.S. 1973 and, on and after 1983, to Colorado Revised Statutes**

<b>Titles</b>	<b>Supplements to C.R.S. 1973 and, on and after 1983, to Colorado Revised Statutes</b>	<b>Replacement Volumes and Supplements to Replacement Volumes</b>
Titles 22 and 23	1975-87 Supplements	<b>1988 Replacement Volume</b> 1989-94 Supplements <b>1995 Replacement Volume</b> 1996 Supplements

**Starting in 1997**, annual softbound volumes are published each year.

For additional information on researching legislative history, see [www.leg.state.co.us](http://www.leg.state.co.us), Services Agencies, and select Legislative Legal Services. Choose Legal Topics and click on Researching Legislative History.

**Bills Enacted Without A Safety Clause  
Explanation of Effective Date**

If a bill is enacted without a safety clause and an effective date is not indicated in the bill, the effective date is the day following the expiration of the ninety-day period after final adjournment of the General Assembly that is allowed for submitting a referendum petition pursuant to article V, section 1 (3) of the state Constitution unless a referendum petition is filed against the act within such time period. If a referendum petition is filed, the act, if approved by the people, will take effect on the date of the official declaration of the vote thereon by proclamation of the Governor or the date indicated in the act if it is later than the Governor’s proclamation. The source note for a provision contained in such an act will indicate the actual date following the ninety-day period or the date set out in the act. If a referendum petition is filed, the date in the source note will be adjusted accordingly in the next publication following the election where the referendum petition is considered.

**Annotations**

Beginning in 2012, the annotations for Colorado state appellate court decisions include both public domain and regional reporter case cites. In preparing annotations to court decisions, we endeavor to include the most recent decisions. Occasionally, this may result in the inclusion of a decision before it becomes finalized and published in an official reporter. In such instances, the case cite will contain blank spaces for the volume and page number of the reporter. The volume and page number will be substituted for the blank spaces in subsequent publications of the statutes.

**TITLE 22**  
**EDUCATION**

# TITLE 22

## EDUCATION

**Cross references:** For provisions on junior colleges, contained in this title prior to 1975, see articles 71 and 72 of title 23.

**Law reviews:** For article, "Fundamentalist Christians, the Public Schools and the Religion Clauses", see 66 Den. U.L. Rev. 289 (1989).

### GENERAL AND ADMINISTRATIVE

- Art. 1. General Provisions, 22-1-101 to 22-1-127.
- Art. 2. Department - Commissioner, 22-2-101 to 22-2-504.
- Art. 3. Eye Protective Devices, 22-3-101 to 22-3-104.
- Art. 4. County Superintendent of Schools (Repealed).
- Art. 5. Boards of Cooperative Services Act of 1965, 22-5-101 to 22-5-122.
- Art. 5.5. Regional Service Areas Act, 22-5.5-101 to 22-5.5-108.
- Art. 6. Comprehensive Educational Planning (Repealed).
- Art. 7. Educational Accountability, 22-7-101 to 22-7-1213.
- Art. 8. Career Education (Repealed).
- Art. 9. Licensed Personnel Evaluations, 22-9-101 to 22-9-109.
- Art. 9.5. Principal Development Scholarship Program, 22-9.5-101 to 22-9.5-104.
- Art. 9.7. Early Childhood Educator Development Scholarship Program, 22-9.7-101 to 22-9.7-104.
- Art. 10. Adult Literacy (Repealed).
- Art. 11. Education Accountability, 22-11-101 to 22-11-605.
- Art. 12. Teacher and School Administrator Protection Act, 22-12-101 to 22-12-109.
- Art. 13. School Leadership Academy Program, 22-13-101 to 22-13-104.
- Art. 14. Dropout Prevention and Student Re-engagement, 22-14-101 to 22-14-111.

### COMPENSATORY EDUCATION

- Art. 20. Education of Exceptional Children, 22-20-101 to 22-20-206.
- Art. 21. Public Education Incentive Program (Repealed).
- Art. 22. Educational Achievement Act (Repealed).
- Art. 23. Education of Migrant Children, 22-23-101 to 22-23-107.
- Art. 24. English Language Proficiency Act, 22-24-101 to 22-24-106.
- Art. 25. Colorado Comprehensive Health Education Act, 22-25-101 to 22-25-110.
- Art. 26. Gifted and Talented Students (Repealed).
- Art. 27. Educational Clinics for Public School Dropouts (Repealed).
- Art. 27.5. Before- and After-School Dropout Prevention Programs, 22-27.5-101 to 22-27.5-106.
- Art. 28. Colorado Preschool Program Act, 22-28-101 to 22-28-114.
- Art. 29. Character Education, 22-29-101 to 22-29-106.

### SCHOOL DISTRICTS

- Art. 30. School District Organization Act of 1992, 22-30-101 to 22-30-202.
- Art. 30.5. Charter Schools, 22-30.5-101 to 22-30.5-704.
- Art. 30.7. On-line Education Programs, 22-30.7-101 to 22-30.7-111.
- Art. 31. School District Directors - Election, 22-31-101 to 22-31-134.
- Art. 32. School District Boards - Powers and Duties, 22-32-101 to 22-32-146.
- Art. 32.5. Innovation Schools and Innovation School Zones Within School Districts, 22-32.5-101 to 22-32.5-111.

- Art. 33. School Attendance Law of 1963, 22-33-101 to 22-33-205.
- Art. 34. High School Fast Track Program (Repealed).
- Art. 35. Concurrent Enrollment Programs Act, 22-35-101 to 22-35-112.
- Art. 35.5. Fast College Fast Jobs Act (Repealed).
- Art. 36. Public Schools of Choice, 22-36-101 to 22-36-106.
- Art. 37. Grant Program for In-school or In-home Suspension, 22-37-101 to 22-37-107.
- Art. 38. Pilot Schools for Students Expelled from Sixth through Ninth Grades, 22-38-101 to 22-38-115.

#### FINANCIAL POLICIES AND PROCEDURES

- Art. 40. Tax Levies and Revenues, 22-40-101 to 22-40-110.
- Art. 41. Public School Fund, 22-41-101 to 22-41-110.
- Art. 41.5. Voter Approval for Weakening of Debt Limitations on School Districts, 22-41.5-101 and 22-41.5-102.
- Art. 42. Bonded Indebtedness, 22-42-101 to 22-42-129.
- Art. 43. Refunding Bonds, 22-43-101 to 22-43-110.
- Art. 43.5. School District Capital Improvement Zones (Repealed).
- Art. 43.7. Capital Construction Assistance, 22-43.7-101 to 22-43.7-203.
- Art. 44. Budget Policies and Procedures, 22-44-101 to 22-44-304.
- Art. 45. Accounting and Reporting, 22-45-101 to 22-45-113.

#### FINANCING OF SCHOOLS

- Art. 50. Public School Finance Act of 1973 (Repealed).
- Art. 51. Public School Transportation Fund, 22-51-101 to 22-51-111.

#### SECOND CHANCE PROGRAM

- Art. 52. Second Chance Program for Problem Students, 22-52-101 to 22-52-108.

#### FINANCING OF SCHOOLS - Continued

- Art. 53. Public School Finance Act of 1988 (Repealed).
- Art. 54. Public School Finance Act of 1994, 22-54-101 to 22-54-135.
- Art. 55. State Policies Relating to Section 17 of Article IX of the State Constitution, 22-55-101 to 22-55-108.
- Art. 56. Colorado Opportunity Contract Pilot Program (Repealed).
- Art. 57. Supplemental On-line Education Courses - Financing (Repealed).
- Art. 58. School Funding Models Pilot Program, 22-58-101 to 22-58-105.

#### TEACHERS

- Art. 60. Teacher Certification (Repealed).
- Art. 60.5. Colorado Educator Licensing Act, 22-60.5-101 to 22-60.5-404.
- Art. 61. Teacher Employment, 22-61-101 to 22-61-105.
- Art. 61.5. Colorado Teacher of the Year, 22-61.5-101 to 22-61.5-105.
- Art. 62. Cooperative Teacher Education Act, 22-62-101 to 22-62-105.
- Art. 62.5. Exceptional Learning Program (Repealed).
- Art. 63. Teacher Employment, Compensation, and Dismissal, 22-63-101 to 22-63-403.
- Art. 64. Retirement Systems (Repealed).
- Art. 65. Professional Practices Commission (Repealed).
- Art. 66. Alternative Salary Policies - Pilot Programs (Repealed).
- Art. 67. Teacher Salary Policy Planning Grants (Repealed).
- Art. 68. Quality Teachers Commission, 22-68-101 to 22-68-106. (Repealed).
- Art. 68.5. Educator Identifier System, 22-68.5-101 to 22-68.5-104 (Repealed).
- Art. 69. Alternative Teacher Compensation Plan Act, 22-69-101 to 22-69-106.

**JUNIOR COLLEGES**

- Art. 70. Junior Colleges - Organization (Repealed).  
 Art. 71. Junior Colleges - Revenue Securities Law (Repealed).  
 Art. 72. Grand Junction and Trinidad Junior Colleges (Repealed).  
 Art. 73. Morgan County Junior College District (Repealed).

**MISCELLANEOUS**

- Art. 80. School for the Deaf and the Blind, 22-80-101 to 22-80-119.  
 Art. 81. Pre-K-16 Mathematics, Science, and Technology Improvement, 22-81-101 to 22-81-206.  
 Art. 81.5. Colorado Information Technology Education Grant Program, 22-81.5-101 to 22-81.5-107.  
 Art. 82. Public School Medical Assistance Pilot Program (Repealed).  
 Art. 82.3. Healthy Choices Dropout Prevention Pilot Program, 22-82.3-101 to 22-82.3-110.  
 Art. 82.5. Fresh Fruits and Vegetables Pilot Program (Repealed).  
 Art. 82.6. Farm-to-School Healthy Kids Act, 22-82.6-101 to 22-82.6-104.  
 Art. 82.7. Start Smart Nutrition Program, 22-82.7-101 to 22-82.7-107.  
 Art. 82.9. Child Nutrition School Lunch Protection Program, 22-82.9-101 to 22-82.9-107.  
 Art. 83. Plan for Improving Achievement in Math, Science, and Technology, 22-83-101 to 22-83-103.  
 Art. 84. Colorado Magnet School for Mathematics, Science, and Technology (Repealed).  
 Art. 86. Summer School Grant Program Facility Schools (Repealed).  
 Art. 87. Children's Internet Protection, 22-87-101 to 22-87-107.  
 Art. 88. Audio Textbooks (Repealed).  
 Art. 88.1. Reading Assistance Grant Program Fund, 22-88.1-101.  
 Art. 89. Wind for Schools Grant Program, 22-89-101 to 22-89-105.  
 Art. 90. Interstate Compact on Educational Opportunity for Military Children, 22-90-101.  
 Art. 91. School Counselor Corps Grant Program, 22-91-101 to 22-91-105.  
 Art. 92. Renewable Energy and Energy Efficiency for Schools Loan Program, 22-92-101 to 22-92-107.  
 Art. 93. School Bullying Prevention and Education Grant Program, 22-93-101 to 22-93-106.

22-1-113.	School census - oath of parent. (Repealed)	22-1-121.	Nonpublic schools - employment of personnel - notification by department of education.
22-1-114.	Statements from private schools.	22-1-122.	Transportation token program - legislative declaration - eligibility - fund.
22-1-115.	School census - school age.	22-1-123.	Protection of student data - parental or legal guardian consent for surveys.
22-1-116.	School children - sight and hearing tests.	22-1-124.	Sex offender information.
22-1-117.	Secret fraternities forbidden.	22-1-125.	Automated external defibrillators in public schools.
22-1-118.	School board to enforce.	22-1-126.	Safe2tell program.
22-1-119.	Students - dispensing of drugs to - liability.	22-1-127.	Incentives for school enrollment or attendance - prohibited - exceptions - definitions.
22-1-119.3.	Policy for student possession and administration of prescription medication - rules.		
22-1-119.5.	Asthma, food allergy, and anaphylaxis health management - self-administered medication.		
22-1-120.	Rights of free expression for public school students.		

**22-1-101. Schools defined.** (1) A public school is a school that derives its support, in whole or in part, from moneys raised by a general state, county, or district tax.

(2) A charter school is a public school that operates pursuant to a charter contract entered into pursuant to the provisions of article 30.5 of this title. As used in this title, unless the context otherwise requires, "charter school" includes any type of charter school created pursuant to the provisions of article 30.5 of this title.

**Source:** G.L. § 2521. G.S. § 3071. R.S. 08: § 6008. C.L. § 8495. CSA: C. 146, § 289. CRS 53: § 123-21-1. C.R.S. 63: § 123-21-1. L. 2004: Entire section amended, p. 1586, § 12, effective June 3.

#### ANNOTATION

A free public school, within the contemplation of the constitution, is one to which any resident of the state, between the ages of six and 21 years, shall be admitted, and there be educated gratuitously, that is to say, at public expense, or from the public funds provided for that purpose. Sch. Dist. No. 16 v. Union High Sch. Dist. No. 1, 25 Colo. App. 510, 139 P. 1039 (1914).

The statutory definition of "public schools" is sufficiently broad to cover schools not required to be established by the constitution. Wilmore v. Annear, 100 Colo. 106, 65 P.2d 1433 (1937).

For example, the school of mines. Wilmore v. Annear, 100 Colo. 106, 65 P.2d 1433 (1937).

**22-1-102. Residence of child.** (1) Every public school shall be open for the admission of all children, between the ages of five and twenty-one years, residing in that district without the payment of tuition. The board of education shall have power to admit adults and children not residing in the district if it sees fit to do so and to fix the terms of such admission.

(2) A child shall be deemed to reside in a school district if:

(a) Both his or her parents, or the survivor of them, or the one of them with whom such child resides a majority of the time pursuant to an order of any court of competent jurisdiction resides in the school district;

(b) The legally appointed guardian of his person resides in the school district;

(c) After emancipation by his parents, or the survivor thereof, from their or his control, and he has no guardian, he lives within the school district;

(d) In the judgment of the board of education of the school district wherein the child lives, the child has been abandoned by his parents;

(e) The child has become permanently dependent for his maintenance and support on someone other than his nonresident parents, or upon any charitable organization, if the

dependent child is actually to make his home and receive his support within the school district where he desires to attend;

(f) If one of the child's parents or the guardian of his person is a public officer or employee living temporarily for the performance of his duties in a school district other than that of his residence. Unless the parents of a child are permanently separated, the residence of the husband shall be deemed to be the residence of the child, but, if the parents have permanently separated, the residence of the child shall be that of the parent with whom the child actually lives.

(g) Regardless of the residence of the parents, if any, the child adopts a dwelling place within the district with the intent to remain there indefinitely and with the intent not to return to the dwelling place from which he came, and regularly eats or sleeps there, or both, during the entire school year as defined in section 22-1-112; but the child shall be deemed not to have the requisite intent if he regularly returns to another dwelling place during summer vacations or weekends;

(h) The child is found to be homeless pursuant to the provisions of section 22-1-102.5 and the child presently seeks shelter or is located in the school district; except that a homeless child shall be deemed to reside in another school district if the child attended school in such school district at the time the child became homeless, the child remains homeless, the affected school districts find that attendance in such other school district is in the best interests of the child pursuant to section 22-33-103.5, and the child chooses to continue attendance in such other school district;

(i) The child is found to have become homeless pursuant to the provisions of section 22-1-102.5 during a period that school is not in session, the child remains homeless, and the child presently seeks shelter or is located in the school district; except that the child shall be deemed to reside in another school district if the child attended school in such school district immediately prior to the time the child became homeless, the child remains homeless, the affected school districts find that attendance in such other school district is in the best interests of the child pursuant to section 22-33-103.5, and the child chooses to continue attendance in such other school district.

(3) School districts shall follow the procedures specified in section 22-33-103.5 in determining where a homeless child shall attend school and the educational services provided to homeless children.

L. 67: pp. 37, 824, §§ 1, 2. L. 73: p. 1280, § 3. L. 90: (2)(h) added, p. 1040, § 1, effective April 3. L. 98: (2)(a) amended, p. 1410, § 74, effective February 1, 1999. L. 2002: (2)(h) amended and (2)(i) and (3) added, pp. 204, 205, §§ 2, 3, effective July 1. L. 2005: (1) amended, p. 69, § 2, effective March 25.

**Cross references:** For the constitutional requirement for establishment and maintenance of public schools, see § 2 of article IX of the state constitution.

#### ANNOTATION

This section implements § 2 of art. IX, Colo. Const., which requires the establishment and maintenance of public schools by the general assembly. *Simonson v. Sch. Dist. No. 14*, 127 Colo. 575, 258 P.2d 1128 (1953).

The right to attend the public schools is a civil right or privilege. *Zavilla v. Masse*, 112 Colo. 183, 147 P.2d 823 (1944).

Hence, unauthorized expulsion of pupils from school deprives them of a civil right. *Zavilla v. Masse*, 112 Colo. 183, 147 P.2d 823 (1944).

A school district bylaw does not justify a refusal to accept a transfer student from a school of another state. *Simonson v. Sch. Dist. No. 14*, 127 Colo. 575, 258 P.2d 1128 (1953).

**22-1-102.5. Definition of homeless child.** (1) The general assembly hereby finds and declares that, because of the growing number of children and families who are homeless in Colorado, there is a need to ensure that all homeless children receive a proper education. It

is the intent of the general assembly that no child shall be denied the benefits of a free education in the public schools because the child is homeless.

(2) (a) As used in this article, unless the context otherwise requires, “homeless child” means:

(I) A school-aged child who lacks a fixed, regular, and adequate nighttime residence, including but not limited to:

(A) A child who is living in a motel, hotel, or camping ground due to a lack of alternative adequate accommodations;

(B) A child who is living in an emergency or transitional shelter;

(C) A child who is abandoned in a hospital; and

(D) A child awaiting foster care placement; or

(II) A school-aged child who has a primary nighttime residence that is:

(A) A supervised, publicly or privately operated shelter designed to provide temporary living accommodations, including welfare hotels, congregate shelters, and transitional housing for persons with mental illness;

(B) An institution that provides a temporary residence for individuals intended to be institutionalized; or

(C) A public or private place not designed for, nor ordinarily used as, a regular sleeping accommodation for human beings, including but not limited to an automobile, a park, an abandoned building, a bus or train station, or a similar setting.

(b) “Homeless child” shall not include any individual imprisoned or otherwise detained pursuant to an act of congress or a state law.

(c) “Homeless child” shall include a migrant school-aged child who meets the requirements of this subsection (2).

(d) “Homeless child” shall include a school-aged child who meets the requirements of this subsection (2) who is not in the physical custody of a parent or legal guardian.

**Source:** L. 90: Entire section added, p. 1040, § 2, effective April 3. L. 2002: (2) amended, p. 205, § 4, effective July 1. L. 2006: (2)(a)(II)(A) amended, p. 1404, § 61, effective August 7.

**22-1-103. Policy of state to instruct in English - exceptions.** Instruction in the common branches of study in the public schools of this state shall be conducted principally through the medium of the English language; except that it shall be the policy of the state also to encourage the school districts of the state to develop bilingual skills and to assist pupils whose experience is largely in a language other than English to make an effective transition to English with the least possible interference in other learning activities.

**Source:** G.L. § 2523. L. 1883: p. 271, § 12. G.S. § 3073. L. 1887: p. 401, § 37. L. 01: p. 362, § 1. R.S. 08: § 6010. L. 19: p. 599, § 1. C.L. § 8497. CSA: C. 146, § 291. CRS 53: § 123-21-3. L. 59: p. 675, § 1. C.R.S. 1963: § 123-21-3. L. 69: p. 1029, § 1.

#### ANNOTATION

**Law reviews.** For note, “Rural Poverty and the Law in Southern Colorado”, see 47 Den. L.J. 82 (1970).

**22-1-104. Teaching of history, culture, and civil government.** (1) The history and civil government of the state of Colorado shall be taught in all the public schools of this state.

(2) In addition, the history and civil government of the United States, which includes the history, culture, and contributions of minorities, including, but not limited to, the American Indians, the Hispanic Americans, and the African Americans, shall be taught in all the public schools of the state.

(3) (a) Satisfactory completion of a course on the civil government of the United States

and the state of Colorado, which includes the subjects described in subsection (2) of this section, shall be a condition of high school graduation in the public schools of this state.

(b) The condition of graduation described in paragraph (a) of this subsection (3) shall apply only to students entering their first year of high school on and after August 6, 2003.

(4) (a) In an effort to increase civic participation among young people, each school district board of education shall convene a community forum on a periodic basis, but not less than once every ten years, for all interested persons to discuss adopted content standards in civics, including the subjects described in subsection (2) of this section, and in conformance with the plan to reexamine acceptable performance levels described in section 22-7-407 (2).

(b) Based upon input from this community forum, each school district board of education shall determine how the subject areas specified in this section are addressed when establishing graduation requirements.

(5) (a) In an effort to strengthen the teaching of the history of the state of Colorado and of the United States in all public schools of the state in accordance with the requirements of this section, the department of education shall assist the school districts of the state in developing and promoting programs for elementary and secondary students that engage the students in the process of discovery and interpretation of historical topics.

(b) The department of education is authorized to accept gifts, grants, and donations in furtherance of the objectives specified in paragraph (a) of this subsection (5).

(c) It is the intent of the general assembly that the objectives specified in paragraph (a) of this subsection (5) are to be funded through the state education fund created in section 17 (4) of article IX of the state constitution. The general assembly hereby finds that the development, promotion, and maintenance by the school districts of the state of programs for elementary and secondary students that engage such students in the process of discovery and interpretation of historical topics assists these students in meeting state academic standards and may therefore be funded from moneys in the state education fund.

(6) (a) In an effort to strengthen the teaching of civic education in all public schools of the state in accordance with the requirements of this section, the department of education shall assist the school districts of the state in developing and promoting programs for elementary and secondary students that address the state model content standards for civics and promote best practices in civic education.

(b) It is the intent of the general assembly that the objectives specified in this subsection (6) are to be funded through the state education fund created in section 17 (4) of article IX of the state constitution. The general assembly hereby finds that the development, promotion, and maintenance by the school districts of the state of programs for elementary and secondary students that address the state model content standards for civics and promote best practices in civic education assist these students in meeting state academic standards and may therefore be funded from moneys in the state education fund.

**22-1-104.5. Teaching of visual arts and performing arts - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) “Course” includes, but need not be limited to, a traditional class, an on-line course of study, an internship, an externship, a mentor experience, or an independent study course that culminates in an integrative or specialized performance, showcase, or exhibition.

(b) “Performing arts” means art forms that are expressed by individuals or groups that involve performance through multi-sensory experiences, which performances may include, but need not be limited to, dance, music, theater, and digital or electronic productions.

(c) “Visual arts” means art works created by individuals or groups using a variety of media and processes, which art works may include, but need not be limited to, drawing, painting, ceramic arts, sculpture, photography, graphic arts, printmaking, media arts, electronic or digital design, textiles, jewelry, glass arts, and fine woodworking.

(2) Each public school in the state is strongly encouraged to provide courses in visual arts and in performing arts, which courses shall be based on content standards for visual arts and performing arts and provided in compliance with state and federal law. School districts and public schools are strongly encouraged to explore and implement innovative delivery mechanisms for performing arts and visual arts courses, including but not limited to using on-site technology and software, on-line education, and collaboration among community colleges, other school districts or public schools, boards of cooperative services, and regional service areas.

### **22-1-105. Commissioner of education to provide course. (Repealed)**

**Source: L. 21:** p. 728, § 2. **C.L.** § 8499. **CSA:** C. 146, § 293. **CRS 53:** § 123-21-5. **C.R.S. 1963:** § 123-21-5. **L. 84:** Entire section repealed, p. 579, § 1, effective February 17.

**22-1-106. Information as to honor and use of flag.** (1) The commissioner of education shall provide the necessary instruction and information so that all teachers in the grade and high schools in the state of Colorado may teach the pupils therein the proper respect of the flag of the United States, to honor and properly salute the flag when passing in parade, and to properly use the flag in decorating and displaying.

(2) (Deleted by amendment, L. 2004, p. 166, § 1, effective March 17, 2004.)

(3) Each school district shall provide an opportunity each school day for willing students to recite the pledge of allegiance in public elementary and secondary educational institutions. Any person not wishing to participate in the recitation of the pledge of allegiance shall be exempt from reciting the pledge of allegiance and need not participate.

**22-1-107. Pupils to be instructed.** Upon such information and instruction being furnished, it is the duty of each teacher in such schools to see that the pupils therein receive such instruction and information.

**Source: L. 23:** p. 550, § 2. **CSA:** C. 146, § 295. **CRS 53:** § 123-21-7. **C.R.S. 1963:** § 123-21-7.

**22-1-108. Federal constitution to be taught.** In all public and private schools located within the state of Colorado, there shall be given regular courses of instruction in the constitution of the United States.

**Source:** L. 25: p. 447, § 1. CSA: C. 146, § 296. CRS 53: § 123-21-8. C.R.S. 1963: § 123-21-8.

**22-1-109. Taught at what stages.** Such instruction in the constitution of the United States shall begin not later than the opening of the junior high schools or seventh grade and shall continue in the high school course and in courses in state colleges, universities, and the educational departments of state and municipal institutions to an extent to be determined by the commissioner of education.

**Source:** L. 25: p. 447, § 2. CSA: C. 146, § 297. CRS 53: § 123-21-9. C.R.S. 1963: § 123-21-9.

**22-1-110. Effect of use of alcohol and controlled substances to be taught.** The nature of alcoholic drinks and controlled substances, as defined in section 18-18-102 (5), C.R.S., and special instruction as to their effects upon the human system in connection with the several divisions of the subject of physiology and hygiene, as to the physical, emotional, psychological, and social dangers of their use with an emphasis upon the nonuse of such substances by school-age children, and as to the illegal aspects of their use shall be included in the branches of study taught to school-age children during grades kindergarten through twelve in the public schools of the state. They shall be studied and taught, as thoroughly and in the same manner as other like required branches are taught in said schools, by the use of instructional materials and strategies designated by the board of directors of the respective school districts.

**Source:** L. 1887: p. 378, § 1. R.S. 08: § 6011. C.L. § 8500. CSA: C. 146, § 298. CRS 53: § 123-21-10. C.R.S. 1963: § 123-21-10. L. 82: Entire section amended, p. 254, § 12, effective May 3. L. 85: Entire section amended, p. 718, § 1, effective July 1. L. 2012: Entire section amended, (HB 12-1311), ch. 281, p. 1625, § 63, effective July 1.

**22-1-110.5. Education regarding human sexuality - prior written notice to parent - content standards.** (1) Except as otherwise provided in subsection (4) of this section, a school district that offers a planned curriculum that includes the discussion of or instruction concerning human sexuality shall provide to the parent or guardian of each student, prior to commencing the planned curriculum:

(a) Written notification of the ability to excuse a student, without penalty or additional assignment, from that portion of the planned curriculum that concerns human sexuality, upon the written request of the student's parent or guardian; and

(b) A detailed, substantive outline of the topics and materials to be presented in that portion of the planned curriculum that concerns human sexuality.

(2) Nothing in this section shall be construed to require an act or procedure in addition to the signature of the parent or guardian to excuse a student from that portion of the planned curriculum that concerns human sexuality.

(3) Each school district board of education is encouraged to disseminate policies or instructions to the public schools of the school district to ensure the implementation of the provisions of this section in a manner that will not draw undue attention to, nor cause undue embarrassment for, students excused from that portion of the planned curriculum that concerns human sexuality.

(4) The provisions of this section shall not apply to a local comprehensive health education program implemented by a school district or board of cooperative services pursuant to article 25 of this title.

(5) Except as described in subsection (9) of this section, a school district, charter school, or institute charter school that offers a planned curriculum that includes instruction concerning human sexuality shall, in offering such a curriculum, maintain content standards for the curriculum that are based on scientific research, which content standards shall:

(a) Encourage parental involvement and family communication;

(b) Emphasize abstinence and teach that sexual abstinence is the only certain way and the most effective way to avoid pregnancy and sexually transmitted diseases and infections, including but not limited to instruction regarding HIV/AIDS, hepatitis C, the link between human papillomavirus and cancer, and the availability of the human papillomavirus vaccine;

(c) Include instruction to help students develop skills for making responsible and healthy decisions about human sexuality, personal power, boundary setting, and resisting peer pressure, including how to avoid:

(I) Unwanted verbal, physical, and sexual advances;

(II) Making unwanted verbal, physical, and sexual advances; and

(III) Making assumptions about a person's supposed sexual intentions based on that person's appearance;

(d) Include discussion of how alcohol and drug use impairs responsible and healthy decision-making;

(e) Be age-appropriate, culturally sensitive, and medically accurate according to published authorities upon which medical professionals generally rely;

(f) Provide instruction about the health benefits and potential side effects of using contraceptives and barrier methods to prevent pregnancy, including instruction regarding emergency contraception and the availability of contraceptive methods; and

(g) For school districts that have established a character education program pursuant to section 22-29-103, promote the guidelines of behavior established in the character education program.

(6) Nothing in subsection (5) of this section shall be interpreted to prohibit discussion of health, moral, ethical, or religious values as they pertain to human sexuality, healthy relationships, or family formation.

(7) School districts, charter schools, and institute charter schools are encouraged to involve teachers, school nurses, parents, and community members in the development of the content standards required by subsection (5) of this section and to integrate available community resources into programs providing instruction regarding human sexuality.

(8) As used in this section, unless the context otherwise requires, "sexual abstinence" means not engaging in oral, vaginal, or anal intercourse or genital skin-to-skin contact.

(9) A school district, charter school, or institute charter school that is receiving, on July 1, 2007, direct or indirect funding from the federal government for the provision of an abstinence education program pursuant to 42 U.S.C. sec. 710 shall not be required to adopt content standards for the provision of such instruction as described in subsection (5) of this section in any year that the school district, charter school, or institute charter school receives such funding.

**Source:** L. 2004: Entire section added, p. 1373, § 1, effective July 1. L. 2007: (5) to (9) added, p. 828, § 2, effective July 1.

**Cross references:** For the legislative declaration contained in the 2007 act enacting subsections (5) to (9), see section 1 of chapter 212, Session Laws of Colorado 2007.

## **22-1-111. Failure to teach temperance. (Repealed)**

**Source:** L. 1887: p. 379, § 2. R.S. 08: § 6012. C.L. § 8501. CSA: C. 146, § 299. CRS 53: § 123-21-11. C.R.S. 1963: § 123-21-10. L. 82: Entire section amended, p. 254, § 11, effective May 3. L. 85: Entire section repealed, p. 718, § 2, effective July 1.

**22-1-112. School year - national holidays.** The school year shall begin on the first day of July and end on the thirtieth day of June. The term "national holidays" in this title shall be construed to mean Thanksgiving day, Christmas day, New Year's day, the third Monday in January, observed as the birthday of Dr. Martin Luther King, Jr., Washington-Lincoln day, Memorial day, Labor day, Independence day, and Veterans' day.

**Source:** G.L. § 2524. G.S. § 3074. L. 1887: p. 401, § 38. R.S. 08: § 6013. C.L. § 8502. L. 25: p. 455, § 1. CSA: C. 146, § 300. CRS 53: § 123-21-12. L. 61: p. 681, § 1. C.R.S. 1963: § 123-21-12. L. 84: Entire section amended, p. 670, § 5, effective January 1, 1986.

### **22-1-113. School census - oath of parent. (Repealed)**

**Source:** L. 19: p. 575, § 1. L. 21: p. 696, § 1. C.L. § 8503. CSA: C. 146, § 301. CRS 53: § 123-21-13. C.R.S. 1963: § 123-21-13. L. 2006: Entire section repealed, p. 594, § 2, effective August 7.

**22-1-114. Statements from private schools.** Whenever requested by the board of education of the school district in which a private school is located, if not more often than once per month, the person or corporation in charge and control of any school other than a public school shall certify in writing, and, if so requested, upon forms or blanks furnished by the said school district for that purpose, a statement containing the name, age, place of residence, and number of days of attendance at school during the preceding month or since the preceding report of all children of school age who then are or since the preceding report have been attending any such school.

**Source:** L. 21: p. 697, § 2. C.L. § 8504. CSA: C. 146, § 302. CRS 53: § 123-21-14. C.R.S. 1963: § 123-21-14.

**22-1-115. School census - school age.** A school census is a census embracing all persons between the ages of five and twenty-one years. School age is any age over five and under twenty-one years; but any child attaining school age during the school year may be admitted to school subject to the requirements for admission fixed by the school board of the district in which he or she applies for enrollment.

**Source:** G.L. § 2525. G.S. § 3075. R.S. 08: § 6014. C.L. § 8505. CSA: C. 146, § 303. CRS 53: § 123-21-15. L. 61: p. 682, § 1. C.R.S. 1963: § 123-21-15. L. 2005: Entire section amended, p. 69, § 3, effective March 25.

**22-1-116. School children - sight and hearing tests.** The sight and hearing of all children in the kindergarten, first, second, third, fifth, seventh, and ninth grades, or children in comparable age groups referred for testing, shall be tested during the school year by the teacher, principal, or other qualified person authorized by the school district. Each school in the district shall make a record of all sight and hearing tests given during the school year and record the individual results of each test on each child's records. The parents or guardian shall be informed when a deficiency is found. The provisions of this section shall not apply to any child whose parent or guardian objects on religious or personal grounds.

### **ANNOTATION**

**This section is not intended to provide a complete system of health inspection for** schools. Hallett v. Post Printing & Publ'g Co., 68 Colo. 573, 192 P. 658 (1920).

**22-1-117. Secret fraternities forbidden.** It is unlawful for any pupil who is registered in and attending any high school, district, primary, or graded school which is partially or wholly maintained by public funds to join or become a member of any secret fraternity, sorority, or society wholly or partially formed from the membership of pupils attending any

such schools or to belong to or to take part in the organization or formation of any fraternity, sorority, or society, except such societies or associations as shall be sanctioned by the board of directors of the school districts wherein such schools are maintained.

**Source:** L. 13: p. 575, § 1. C.L. § 8509. CSA: C. 146, § 306. CRS 53: § 123-21-18. C.R.S. 1963: § 123-21-18.

**22-1-118. School board to enforce.** The boards of directors of all school districts shall enforce the provisions of section 22-1-117, and shall have full power to make, adopt, and modify all rules and regulations which in their judgment and discretion may be necessary for the proper governing of such schools and for the enforcing of all the provisions of section 22-1-117.

**Source:** L. 13: p. 575, § 2. C.L. § 8510. CSA: C. 146, § 307. CRS 53: § 123-21-19. C.R.S. 1963: § 123-21-19.

**22-1-119. Students - dispensing of drugs to - liability.** Any school employee who dispenses any drug, as such term is defined in section 12-42.5-102 (13), C.R.S., to a student in accordance with written instructions from a parent or legal guardian shall not be liable for damages in any civil action or subject to prosecution in any criminal proceedings for an adverse drug reaction suffered by the student as a result of dispensing such drug.

**Source:** L. 81: Entire section added, p. 706, § 25, effective July 1. L. 2012: Entire section amended, (HB 12-1311), ch. 281, p. 1625, § 64, effective July 1.

**22-1-119.3. Policy for student possession and administration of prescription medication - rules.** (1) A school district board of education may adopt and implement a policy whereby, except as described in subsection (3) of this section, a student enrolled in a school of the school district may possess and self-administer on school grounds, upon a school bus, or at any school-sponsored event any medication that is prescribed by a licensed health care practitioner to be used by the student.

(2) (a) If a school district board of education adopts and implements a policy described by subsection (1) of this section, a parent or legal guardian of a student who is enrolled in a school of the school district and for whom medication is prescribed by a licensed health care practitioner shall notify the school's administration of the student's medical needs and of the fact that the student may be in possession of his or her prescribed medications as described in subsection (1) of this section. The notification, when appropriate, shall include the treatment plan that has been devised for the student by a licensed health care practitioner.

(b) If a school's administration receives notice from a student's parent or legal guardian that the student may be in possession of his or her prescribed medications, the school's administration shall ensure that such notice is provided to the student's teachers and the school nurse or other person who is designated to provide health services to students at the school.

(c) Nothing in this section shall be construed to limit the ability of a public school to require a parent or legal guardian of a student who has medication prescribed for a life-threatening condition to provide to the school a sufficient supply of the medication to be stored at the school to be administered to the student in the event of a health emergency.

(3) (a) A policy adopted by a school district board of education pursuant to subsection (1) of this section shall include, but need not be limited to:

(I) A process by which a school may restrict a student from possessing and self-administering on school grounds, on a school bus, or at a school-sponsored event a medication that is prescribed by a licensed health care practitioner to be used by the student. The process shall require the school administration to make a determination as to whether a student's possession or self-administration of the medication poses a significant risk of harm to the student or to other students.

(II) A requirement that if a student has medication prescribed for a life-threatening condition, a sufficient supply of the medication is provided to the school by the student's parent or legal guardian, stored safely at the school, and kept readily available to be administered to the student in a timely fashion in the event of a health emergency.

(b) A student who possesses a prescribed medication on school grounds, upon a school bus, or at a school-sponsored event in accordance with a policy adopted by a school district pursuant to this section may possess only enough of his or her prescribed medication to render a sufficient dosage to the student to adequately treat the student's condition for a single day or for the duration of the event, whichever is appropriate; except that this provision shall not apply to a student who requires and possesses an insulin pump or other medical device that delivers dosages of prescribed medication to the student over a period of time that exceeds a single day or the duration of the event.

(c) A student shall not possess or self-administer medical marijuana on school grounds, upon a school bus, or at any school-sponsored event.

(4) The state board of education may promulgate rules for the implementation of this section.

(5) A school district board of education that adopts a policy pursuant to subsection (1) of this section shall be exempt from rules promulgated by the state board of education pursuant to the "Colorado Schoolchildren's Asthma, Food Allergy, and Anaphylaxis Health Management Act", section 22-1-119.5.

**Source: L. 2011:** Entire section added, (SB 11-012), ch. 62, p. 161, § 2, effective March 25.

**22-1-119.5. Asthma, food allergy, and anaphylaxis health management - self-administered medication.** (1) This section shall be known and may be cited as the "Colorado Schoolchildren's Asthma, Food Allergy, and Anaphylaxis Health Management Act".

(2) (a) A student with asthma, a food allergy, other severe allergies, or a related, life-threatening condition may possess and self-administer medication to treat the student's asthma, food or other allergy, anaphylaxis, or other related, life-threatening condition if the student has a treatment plan approved pursuant to this subsection (2) or the student's school district board of education has adopted a policy for student possession and administration of prescription medication pursuant to section 22-1-119.3.

(b) A public school shall, and a nonpublic school is encouraged to, approve a treatment plan for a student enrolled in the school to possess and self-administer medication for asthma, a food allergy, or anaphylaxis if all of the following conditions are met:

(I) A health care practitioner has prescribed medication for use by the student during school hours, at school-sponsored activities, and while in transit to or from school or school-sponsored activities and has instructed the student in the correct and responsible use of the medication.

(II) The student demonstrates to the health care practitioner or the health care practitioner's designee and the school nurse or a school administrator the skill level necessary to use the medication and any device that is necessary to administer the medication as prescribed.

(III) The school nurse or a school administrator collaborates with the student's health care practitioner to formulate a written treatment plan for managing asthma, food allergy, or anaphylaxis episodes of the student and for medication use by the student during school hours, at school-sponsored activities, and while in transit to or from school or school-sponsored activities.

(IV) The student's parent or legal guardian completes and submits to the public or nonpublic school the documentation required by rule of the state board of education, including but not limited to:

(A) A written medical authorization that includes the signature of the health care practitioner for the medication prescribed; the name, purpose, prescribed dosage, frequency, and length of time between dosages of the medications to be self-administered; and

confirmation from the health care practitioner that the student has been instructed and is capable of self-administration of the prescribed medications;

(B) A written statement from the student's parent or legal guardian releasing the school, school district, any associated entity, and employees and volunteers of the school, school district, and associated entity from liability, except in cases of willful or wanton conduct or disregard of the criteria of the treatment plan; and

(C) A written contract between the school nurse or a school administrator, the student, and the student's parent or legal guardian assigning levels of responsibility to the parent or legal guardian, student, and school employees.

(c) A treatment plan shall be effective only for the school year in which it is approved. The public school shall approve a new treatment plan for each school year so long as the plan meets the conditions specified in paragraph (b) of this subsection (2). The parent or legal guardian shall submit a new treatment plan annually or more often if changes occur to the student's health or prescribed treatment.

(3) A student with a treatment plan approved pursuant to subsection (2) of this section or whose school district board of education has adopted a policy for student possession and administration of prescription medication pursuant to section 22-1-119.3 may possess and self-administer his or her medication while in school, while at school-sponsored activities, and while in transit to or from school or school-sponsored activities.

(4) With the approval of the parent or legal guardian of a student with a treatment plan approved pursuant to subsection (2) of this section, a school may maintain additional asthma, food or other allergy, or anaphylaxis medication to be kept at the school in a location to which the student has immediate access in the event of an asthma, food or other allergy, or anaphylaxis emergency.

(5) Immediately after using an epinephrine auto-injector during school hours, a student shall report to the school nurse, to the designee of the school nurse, or to some adult at the school to enable the school nurse, nurse's designee, or other adult to provide the appropriate follow-up care, which shall include making a 911 emergency call.

(6) If the provisions of this section are met, a school, school district, school district director, or school or school district employee or a volunteer not otherwise provided for under section 13-21-108, C.R.S., shall not be liable in a suit for damages as a result of an act or omission related to a student's own use of the student's epinephrine auto-injector or any other medication contained in an approved treatment plan unless the damages were caused by willful or wanton conduct or disregard of the criteria of the treatment plan.

(7) Nothing in this section shall be interpreted to create a cause of action or increase or diminish the liability of any person.

(8) The state board of education, with assistance from the department of public health and environment, shall promulgate rules for treatment plans for the self-administration of medications pursuant to this section.

(9) The department of public health and environment is authorized to audit school records for the determination of asthma and severe allergy rates within the schools and to determine the proportion of those students with asthma and severe allergies in the schools that have treatment plans allowing for self-administration of asthma and severe allergy medications. The audit shall define the extent of asthma and severe allergies among students and determine the effect of this section on the well-being of children with asthma and severe allergies in schools. The audit shall be conducted in conformance with the requirements of the "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g.

**Source:** **L. 2005:** Entire section added, p. 257, § 2, effective April 14. **L. 2009:** (1), (2)(a), (2)(b), and (4) amended, (SB 09-226), ch. 245, p. 1106, § 7, effective August 5. **L. 2011:** (2)(a) and (3) amended, (SB 11-012), ch. 62, p. 161, § 1, effective March 25.

**Cross references:** For the legislative declaration contained in the 2005 act enacting this section, see section 1 of chapter 71, Session Laws of Colorado 2005. For the legislative declaration contained in the 2009 act amending subsections (1), (2)(a), (2)(b), and (4), see section 1 of chapter 245, Session Laws of Colorado 2009.

**22-1-120. Rights of free expression for public school students.** (1) The general assembly declares that students of the public schools shall have the right to exercise freedom of speech and of the press, and no expression contained in a student publication, whether or not such publication is school-sponsored, shall be subject to prior restraint except for the types of expression described in subsection (3) of this section. This section shall not prevent the advisor from encouraging expression which is consistent with high standards of English and journalism.

(2) If a publication written substantially by students is made generally available throughout a public school, it shall be a public forum for students of such school.

(3) Nothing in this section shall be interpreted to authorize the publication or distribution in any media by students of the following:

- (a) Expression that is obscene;
- (b) Expression that is libelous, slanderous, or defamatory under state law;
- (c) Expression that is false as to any person who is not a public figure or involved in a matter of public concern; or
- (d) Expression that creates a clear and present danger of the commission of unlawful acts, the violation of lawful school regulations, or the material and substantial disruption of the orderly operation of the school or that violates the rights of others to privacy or that threatens violence to property or persons.

(4) The board of education of each school district shall adopt a written publications code, which shall be consistent with the terms of this section, and shall include reasonable provisions for the time, place, and manner of conducting free expression within the school district's jurisdiction. The publications code shall be distributed, posted, or otherwise made available to all students and teachers at the beginning of each school year.

(5) (a) Student editors of school-sponsored student publications shall be responsible for determining the news, opinion, and advertising content of their publications subject to the limitations of this section. It shall be the responsibility of the publications advisor of school-sponsored student publications within each school to supervise the production of such publications and to teach and encourage free and responsible expression and professional standards for English and journalism.

(b) For the purposes of this section, "publications advisor" means a person whose duties include the supervision of school-sponsored student publications.

(6) If participation in a school-sponsored publication is part of a school class or activity for which grades or school credits are given, the provisions of this section shall not be interpreted to interfere with the authority of the publications advisor for such school-sponsored publication to establish or limit writing assignments for the students working with the publication and to otherwise direct and control the learning experience that the publication is intended to provide.

(7) No expression made by students in the exercise of freedom of speech or freedom of the press shall be deemed to be an expression of school policy, and no school district or employee, or parent, or legal guardian, or official of such school district shall be held liable in any civil or criminal action for any expression made or published by students.

(8) Nothing in this section shall be construed to limit the promulgation or enforcement of lawful school regulations designed to control gangs. For the purposes of this section, the definition of "gang" shall be the definition found in section 19-1-103 (52), C.R.S.

**Source:** L. 90: Entire section added, p. 1042, § 1, effective June 7. L. 98: (8) amended, p. 823, § 30, effective August 5. L. 2000: (3) amended, p. 1971, § 13, effective June 2. L. 2006: (4) amended, p. 595, § 3, effective August 7.

#### ANNOTATION

**Subsection (1) applies only to written publication, such as school newspapers.** The entire context of the statute makes clear that "publication" means written media, such as a student

newspaper, since there are numerous provisions pertaining to written speech and journalism but not to oral speech. *Corder v. Lewis Palmer Sch. Dist. No. 38*, 568 F. Supp. 2d 1237 (D. Colo.

2008), aff'd, 566 F.3d 1219 (10th Cir.), cert. denied, \_\_\_ U.S. \_\_\_, 130 S. Ct. 742, 175 L. Ed. 2d 515 (2009).

By its plain terms, therefore, subsection (1) does not apply to valedictorian speech given at high school graduation. *Corder v. Lewis Palmer Sch. Dist. No. 38*, 568 F. Supp. 2d 1237 (D. Colo. 2008), aff'd, 566 F.3d 1219 (10th Cir.), cert. denied, \_\_\_ U.S. \_\_\_, 130 S. Ct. 742, 175 L. Ed. 2d 515 (2009).

**Subsection (1) cannot be construed to prohibit a school from regulating speech that could violate the establishment clause of the first amendment.** *Corder v. Lewis Palmer Sch. Dist. No. 38*, 568 F. Supp. 2d 1237 (D. Colo. 2008), aff'd, 566 F.3d 1219 (10th Cir.), cert. denied, \_\_\_ U.S. \_\_\_, 130 S. Ct. 742, 175 L. Ed. 2d 515 (2009).

**22-1-121. Nonpublic schools - employment of personnel - notification by department of education.** (1) Prior to the employment of any person by a nonpublic school in this state, the governing board of such school may make an inquiry concerning such person to the department of education for the purpose of determining:

(a) Whether such person has been convicted of, has pled nolo contendere to, or has received a deferred sentence or deferred prosecution for:

(I) A felony; or

(II) A misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children;

(b) Whether such person has been dismissed by, or has resigned from, a school district as a result of an allegation of unlawful behavior involving a child, including unlawful sexual behavior, which was supported by a preponderance of the evidence according to information provided to the department by a school district pursuant to section 22-32-109.7 and confirmed by the department pursuant to the provisions of section 22-2-119 (1) (b);

(c) If a holder of a license or authorization pursuant to the provisions of article 60.5 of this title, whether such person's certificate, letter of authorization, authorization, or license has ever been annulled, suspended, or revoked pursuant to the provisions of section 22-60-110 (2) (b) as said section existed prior to July 1, 1999, or pursuant to article 60.5 of this title following a conviction, a plea of nolo contendere, or a deferred sentence for a crime involving unlawful sexual behavior or unlawful behavior involving children.

(1.5) During the time that a person is employed by a nonpublic school in this state, the governing board of such school may make an inquiry concerning such person to the department of education for the purposes described in subsection (1) of this section.

(1.7) (a) To facilitate the inquiry permitted by subsection (1) or subsection (1.5) of this section, the governing board of a participating nonpublic school shall require an applicant or employee to submit to the governing board of the school a complete set of his or her fingerprints taken by a qualified law enforcement agency or an authorized school employee. The governing board shall forward the set of fingerprints together with a check to cover the direct and indirect costs of conducting a fingerprint-based criminal history record check of the applicant or employee to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. The department shall be the authorized agency to receive and disseminate information regarding the result of any national criminal history record check. Any such national check shall be handled in accordance with Pub.L. 92-544, as amended. The department shall notify the governing board whether a fingerprint-based criminal history record check has identified any conviction, plea of nolo contendere, deferred sentence, or deferred prosecution described in subsection (1) of this section.

(b) All costs arising from a fingerprint-based criminal history record check performed by the Colorado bureau of investigation and the federal bureau of investigation pursuant to the provisions of this section shall be borne by the nonpublic school. Such costs may be passed on to the employee or the prospective employee.

(c) (Deleted by amendment, L. 2006, p. 926, § 6, effective July 1, 2006.)

(2) Any information received by the governing board of a nonpublic school pursuant to subsection (1) of this section shall be confidential information and not subject to the provisions of part 2 of article 72 of title 24, C.R.S. Any person who releases information obtained pursuant to the provisions of said subsection (1) or who makes an unauthorized

request for information from the department shall be subject to the penalties set forth in section 24-72-206, C.R.S.; except that any person who releases information received from the department of education concerning information contained in the records and reports of child abuse or neglect maintained by the state department of human services shall be deemed to have violated section 19-1-307 (4), C.R.S.

**Source:** **L. 93:** Entire section added, p. 611, § 2, effective April 30; (1)(b) amended, p. 634, § 3, effective July 1. **L. 99:** (1)(a) amended and (1.5) and (1.7) added, p. 1101, § 2, effective July 1. **L. 2000:** (1)(c) amended, p. 1848, § 38, effective August 2. **L. 2002:** (1.7) amended, p. 974, § 8, effective June 1. **L. 2003:** (2) amended, p. 1408, § 14, effective January 1, 2004. **L. 2006:** (1.7)(a) and (1.7)(c) amended, p. 926, § 6, effective July 1.

**Cross references:** For the legislative declaration contained in the 2003 act amending subsection (2), see section 1 of chapter 196, Session Laws of Colorado 2003.

**22-1-122. Transportation token program - legislative declaration - eligibility - fund.** (1) (a) It is the intent of the general assembly in enacting this section to improve opportunities for students to gain the knowledge and skills necessary for a successful experience in postsecondary education or as members of the work force. The general assembly finds that a student should not be compelled by the lack of transportation to remain in a school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210. It is therefore in the best interests of the citizens of the state to make transportation tokens available to eligible students to enable them to attend a public school that is not required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, and that the school district has identified as an available choice.

(b) It is further the intent of the general assembly that the department of education pursue all other sources of moneys for the transportation token program created in this section, including but not limited to federal grants.

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(b) "Eligible student" means a student:

(I) Who is enrolled in a public school in any of the first through eighth grades;

(II) Who is eligible for free or reduced-cost lunch pursuant to the "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.;

(III) (A) Who is enrolled in a neighborhood school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210; or

(B) Who has been in attendance elsewhere in the public school system or who is entering first grade and whose parent or legal guardian has been notified that the student has been assigned to a school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210; and

(IV) Who, while enrolled in the neighborhood school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210, met the attendance policies of the school district of the neighborhood school, adopted pursuant to section 22-33-104 (4).

(c) "Neighborhood school" means a public school to which the school district provides transportation for the student or which is located so close to the residence of the student that the school district does not provide transportation for the student.

(c.5) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(d) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(3) (a) There is hereby created in the department the transportation token program, referred to in this section as the “program”, to assist a parent or legal guardian of an eligible student in transporting the student to a public school, other than a neighborhood public school, which other school is not required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, and which other school has been identified by the school district as an available choice. Pursuant to rules adopted by the state board, the parent or legal guardian of an eligible student may apply to the program to receive a transportation token for use in transporting the student to the nearest of said public schools that is not a neighborhood school.

(b) An eligible student shall continue receiving transportation tokens pursuant to this section so long as he or she continues to meet the requirements specified for an eligible student in paragraph (b) of subsection (2) of this section; except that, after the first year in which an eligible student receives transportation tokens, the requirement specified in subparagraph (III) of paragraph (b) of subsection (2) of this section shall no longer apply. An eligible student shall no longer receive transportation tokens pursuant to this section if he or she moves to another residence, the neighborhood school for which was required to implement a performance or improvement plan pursuant to section 22-11-403 or 22-11-404, respectively, during the school year preceding the year in which the student initially enrolls; except that the eligible student may receive transportation tokens in school years following initial enrollment in the new neighborhood school if he or she again meets the requirements specified for an eligible student in paragraph (b) of subsection (2) of this section.

(4) The state board shall determine a monetary value for the transportation token issued at each public school that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210. The monetary value may cover a portion of the transportation costs. The transportation token may take the form of, but is not limited to, subsidized tokens, passes, or fares for buses, taxis, or other forms of transportation approved by the state board. In determining the value of a transportation token, the state board shall take into account the various transportation options available to the eligible student and the distance to be traveled by the eligible student to attend a public school outside of the student’s neighborhood. The transportation token used by an eligible student shall be redeemable by a transportation provider through the department.

(5) The state board shall adopt rules governing the program, including but not limited to:

(a) A procedure for parents and legal guardians of eligible students to apply to the department for transportation tokens;

(b) A procedure to establish the value of the transportation tokens issued at each public school; and

(c) A procedure for transportation providers to receive reimbursement for transportation tokens received in providing transportation to eligible students.

(6) (a) The department shall ensure that for each eligible student the school district of the neighborhood school shall:

(I) Timely notify the eligible student’s parent or legal guardian of all options available pursuant to this section as soon as the neighborhood school is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210; and

(II) Offer each eligible student’s parent or legal guardian an opportunity to enroll the student in another public school within the district that is not required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, and that the school district has identified as an available choice.

(b) So long as an eligible student is enrolled before the pupil enrollment count day, the parent or legal guardian of an eligible student may choose to enroll the eligible student in and transport the eligible student to a public school in another school district that has available space. Such school district shall enroll the eligible student and include the eligible student in the district’s pupil enrollment for purposes of the “Public School Finance Act of 1994”.

(c) The public school in which an eligible student enrolls shall certify to the state board the attendance of the eligible student.

(7) There is hereby created in the state treasury the transportation token fund, referred to in this subsection (7) as the “fund”. The fund shall consist of all moneys appropriated to the fund by the general assembly and all other gifts, grants, donations, and other moneys obtained by the department to provide transportation assistance to parents and legal guardians of eligible students. Moneys in the fund shall be annually appropriated by the general assembly to the department to provide transportation assistance to parents and legal guardians of eligible students pursuant to this section. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain in the fund and shall not be credited or transferred to the general fund. However, in accordance with section 24-36-114, C.R.S., any interest derived from the deposit and investment of moneys in the fund shall be credited to the general fund.

**Cross references:** For the “Public School Finance Act of 1994”, see article 54 of this title.

**22-1-123. Protection of student data - parental or legal guardian consent for surveys.** (1) As used in this section, “education records” and “directory information” shall have the same meanings as those terms are defined in the federal “Family Educational Rights and Privacy Act of 1974”, as amended, 20 U.S.C. sec. 1232g and “education records” shall include an individualized education program.

(2) A school district shall comply with the provisions of 20 U.S.C. sec. 1232g (a) and 34 CFR 99 if a parent or legal guardian of a student either requests the education records of the student or requests an amendment or other change to the education records after reviewing them.

(3) A school district shall not release the education records of a student to any person, agency, or organization without the prior written consent of the parent or legal guardian of the student except as otherwise permitted in 20 U.S.C. sec. 1232g (b).

(4) A school district shall not release directory information to any person, agency, or organization without first complying with the provisions of 20 U.S.C. sec. 1232g (a) (5) (B) related to allowing a parent or legal guardian to prohibit such release without prior consent.

(5) (a) A school district shall comply with 20 U.S.C. sec. 1232h. A school or school district employee who requires participation in a survey, assessment, analysis, or evaluation in a public school’s curriculum or other official school activity shall obtain the written consent of a student’s parent or legal guardian before giving the student any survey, assessment, analysis, or evaluation intended to reveal information, whether the information is personally identifiable or not, concerning the student or the student’s parent’s or legal guardian’s:

- (I) Political affiliations;
- (II) Mental and psychological conditions potentially embarrassing to the student or the student’s family;
- (III) Sexual behavior and attitudes;
- (IV) Illegal, anti-social, self-incriminating, or demeaning behavior;
- (V) Critical appraisals of individuals with whom a student has close family relationships;
- (VI) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and members of the clergy;
- (VII) Income, except as required by law;
- (VIII) Social security number; or
- (IX) Religious practices, affiliations, or beliefs.

(b) The requirement of written consent pursuant to this subsection (5) applies throughout a public school's curriculum and other school activities; except that the requirement of written consent does not apply to a student's participation in an assessment administered pursuant to section 22-7-407 or 22-7-409 or part 10 of article 7 of this title. In implementing this subsection (5), the school or school district and employees shall ensure that their first responsibility is to students and their parents and shall allow only minimal use of students' academic time by institutions, agencies, or organizations outside the school or school district to gather information from students.

(c) Written consent pursuant to this subsection (5) is valid only if the school district has given a parent or legal guardian written notice of the survey, assessment, analysis, or evaluation, has made a copy of the document available for viewing at convenient locations and times, and has given the parent or legal guardian at least two weeks, after receipt of the written notice, to obtain written information concerning:

(I) Records or information that may be examined and requested in the survey, analysis, or evaluation;

(II) The means by which the records or information shall be examined reviewed, or disseminated;

(III) The means by which the information is to be obtained;

(IV) The purposes for which the records or information is needed;

(V) The entities or persons, regardless of affiliation, who will have access to the information; and

(VI) A method by which a parent or legal guardian of a student can grant or deny permission to access or examine the records or information.

(d) Nothing in this subsection (5) shall be construed to prevent a public school employee from reporting known or suspected child abuse or neglect pursuant to section 19-3-304, C.R.S.

(e) Nothing in this subsection (5) shall be construed to prevent a student who is working under the supervision of a journalism teacher or sponsor from preparing or participating in a survey, analysis, or evaluation without obtaining the written consent of such student's parent or legal guardian as long as such participation without parental consent is not otherwise prohibited by federal law.

(f) Nothing in this subsection (5) shall be construed to limit the ability of a health professional who is acting as an agent of the school district from evaluating an individual child.

(g) Nothing in this subsection (5) limits the ability of a school district to administer a suicide assessment or threat assessment.

(6) If a school district sends a form to a parent or legal guardian requesting written consent for the school district to release personally identifiable information concerning that parent's or legal guardian's child in education records other than directory information, such consent shall be valid under this section only if the form contains notice to the parent or legal guardian regarding:

(a) The specific records to be released;

(b) The specific reasons for such release;

(c) The specific identity of any person, agency, or organization requesting such information and the intended uses of the information;

(d) The method or manner by which the records will be released; and

(e) The right to review or to receive a copy of the relevant records to be released.

(7) (a) Consent for release of information pursuant to this section shall be valid only for the specific instance for which it was given.

(b) A general consent for a student to participate in any course or part of a course, in a school activity, in any special education program, or in any other school program does not constitute written consent pursuant to this section.

(c) Consent forms obtained pursuant to this section shall be retained by the school district.

(8) Any right accorded to a parent or legal guardian pursuant to this section shall transfer to the relevant student when that student attains the age of eighteen years.

(9) A school district shall, at the beginning of each academic year, provide to a parent or legal guardian of each student in the school district written notice of the rights contained in this section.

(10) The provisions of this section shall apply to any public school in the state, regardless of whether the public school receives any federal funds.

(11) The state board of education shall adopt such rules as may be necessary to implement this section.

(12) If an individual licensed, certified, endorsed, or authorized by the state board is found by the state board to have knowingly and intentionally violated the provisions of this section, the department of education may suspend or revoke such individual's license, master certificate, endorsement, or authorization for a period not less than ninety days.

(13) Nothing in this section shall be construed to prevent a school or a school district from releasing education records to the extent authorized by 20 U.S.C. sec. 1232g (b) and any other applicable federal law.

L. 2012: (5)(a), (5)(b), and (5)(c) amended and (5)(g) added, (SB 12-036), ch. 273, p. 1443, § 1, effective August 8.

#### ANNOTATION

**Exception under Family Education and Privacy Rights Act (FEPR) to unauthorized release of school records when a "subpoena is issued for law enforcement purposes"** does not apply to defendant's subpoena duces tecum request. *People v. Wittrein*, 198 P.3d 1237 (Colo. App. 2008), rev'd on other grounds, 221 P.3d 1076 (Colo. 2009).

**However, the court may grant defendant's subpoena duces tecum request pursuant to FERPA's exception for a "judicial order or lawful subpoena"** if the parents and student are notified. When determining whether to grant a defendant's subpoena request for school records, the court must weigh the nature of the

information sought, the relationship between the information sought and the dispute, and the harm that may result from disclosure. If the court determines the defendant's need outweighs any privacy interest, then it should review the records in camera. Then, in its discretion, the trial court can order disclosure of the records. *People v. Wittrein*, 221 P.3d 1076 (Colo. 2009).

**A defendant may obtain school records of a student who is a witness in a criminal case without the consent of the student or the student's parents upon a proper showing of need.** *People v. Bachofer*, 192 P.3d 454 (Colo. App. 2008).

**22-1-124. Sex offender information.** At the beginning of each school year, each public school in the state shall provide to the parents of children attending the school a statement identifying where and the procedures by which members of the community may obtain the law enforcement agency information collected pursuant to section 16-22-110 (6), C.R.S., concerning registered sex offenders. In addition, a school may post the statement on a web site.

**Source:** L. 2003: Entire section added, p. 632, § 1, effective March 18.

**22-1-125. Automated external defibrillators in public schools.** (1) The general assembly hereby declares that it is the intent of the general assembly to encourage school districts to acquire and maintain automated external defibrillators on public school grounds. The general assembly finds that it is in the best interest of students, staff, and visitors to a public school to ensure that automated external defibrillators are available in public schools for use in emergency situations.

(2) As used in this section, unless the context otherwise requires, "automated external defibrillator" shall have the same definition as provided in section 13-21-108.1 (2) (a), C.R.S.

(3) (a) Each school district is encouraged to acquire an automated external defibrillator

for placement in each public school of the school district and in each athletic facility maintained by the school district at a location separate from a public school.

(b) A school district shall accept a donation of an automated external defibrillator that meets standards established by the federal food and drug administration and is in compliance with the manufacturer's maintenance schedule. A school district shall also accept gifts, grants, and donations, including in-kind donations, designated for obtaining an automated external defibrillator, and for inspection, maintenance, and training in the use of an automated external defibrillator as required in subsection (5) of this section.

(c) Any automated external defibrillator acquired by a school district shall be appropriate for use on children and adults.

(4) Use of an automated external defibrillator donated to or purchased by a school district is limited to school property and school events.

(5) To ensure public health and safety, a school district that acquires an automated external defibrillator shall meet the requirements set forth in section 13-21-108.1 (3), C.R.S., and shall reference the requirements of that section in the school district's safety, readiness, and incident management plan pursuant to section 22-32-109.1 (4) (d).

(6) Pursuant to section 13-21-108.1 (4), C.R.S., a person or entity whose primary duties do not include the provision of health care and who, in good faith and without compensation, renders emergency care or treatment by the use of an automated external defibrillator shall not be liable for any civil damages for acts or omissions made in good faith as a result of such care or treatment or as a result of any act or failure to act in providing or arranging further medical treatment, unless the acts or omissions are grossly negligent or willful and wanton.

(7) The requirements of subsection (5) of this section shall not apply to an individual using an automated external defibrillator during a medical emergency if that individual is acting as a good samaritan under section 13-21-108, C.R.S.

**Source:** **L. 2005:** Entire section added, p. 383, § 1, effective August 8. **L. 2008:** (5) amended, p. 804, § 5, effective May 14. **L. 2009:** (5) amended, (SB 09-010), ch. 52, p. 187, § 2, effective March 25.

**Cross references:** For the legislative declaration contained in the 2008 act amending subsection (5), see section 1 of chapter 215, Session Laws of Colorado 2008.

**22-1-126. Safe2tell program.** As described in section 16-15.8-103, C.R.S., there is established the safe2tell program with the primary purpose of providing students and the community with the means to relay information anonymously concerning unsafe, potentially harmful, dangerous, violent, or criminal activities, or the threat of these activities, to appropriate law enforcement and public safety agencies and school officials.

**Source:** **L. 2007:** Entire section added, p. 685, § 2, effective May 3. **L. 2012:** Entire section amended, (SB 12-079), ch. 58, p. 213, § 5, effective March 24.

**22-1-127. Incentives for school enrollment or attendance - prohibited - exceptions - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Item of value" means an item, cash, or an instrument or device that can be used to obtain cash, credit, property, services, or any other thing of value, which item, cash, or instrument or device exceeds twenty dollars in value.

(b) "Local education provider" means:

(I) A school district, other than a junior college district, organized and existing pursuant to law;

(II) A board of cooperative services created and operating pursuant to article 5 of this title that operates one or more public schools;

(III) A public school of a school district, including but not limited to a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title;

(IV) An institute charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title; and

(V) The state charter school institute established in section 22-30.5-503.

(c) "Parent" means the biological or adoptive mother or father or stepmother or stepfather of a child or any other person having legal or physical custody of a child.

(2) A local education provider shall not offer or provide to a school-aged child or the child's parent an item of value prior to, upon, or after enrolling in or attending an educational program operated by the local education provider unless:

(a) The local education provider makes the item of value available to the child continuously or at regular intervals throughout the school year and ceases providing the item of value if the child leaves the education program prior to the end of the school year;

(b) The local education provider awards the item of value at the end of the school year or upon matriculation in recognition of student performance; or

(c) The local education provider pays the item of value to the school-aged child or to his or her parent in exchange for services rendered by the child or by the child's parent at the request of the local education provider. For purposes of this paragraph (c), "services rendered" does not include school attendance or enrollment.

**Source: L. 2009:** Entire section added, (HB 09-1125), ch. 113, p. 477, § 1, effective April 16.

## PART 1

## DEPARTMENT OF EDUCATION - COMMISSIONER

**Editor's note:** This part 1 was numbered as article 1 of chapter 123, C.R.S. 1963. The substantive provisions of this part 1 were repealed and reenacted in 1964, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 1 prior to 1964, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

**22-2-101. Short title.** This part 1 shall be known and may be cited as the "State Department of Education Act of 1964".

**Source:** L. 64: R&RE, p. 528, § 1. C.R.S. 1963: § 123-1-1.

**22-2-102. Definitions.** As used in this part 1, unless the context otherwise requires:

(1) "Commissioner of education" or "commissioner" means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.

(2) "Department of education" or "department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(3) "Nonpublic school" means a school organized and maintained by a recognized religious or independent association performing an academic function.

(4) "Public school" means a school maintained and operated by a school district.

(4.5) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(5) "State board of education" or "state board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source:** L. 64: R&RE, p. 528, § 1. C.R.S. 1963: § 123-1-2. L. 75: (4) amended, p. 786, § 3, effective July 1. L. 2012: (4.5) added, (HB 12-1090), ch. 44, p. 149, § 2, effective March 22.

**22-2-103. Department of education.** (1) The department of education shall include the following:

- (a) The state board of education;
- (b) The commissioner of education, assistant commissioners of education, and other officers and employees of the department;
- (c) The state library, created in section 24-90-104, C.R.S.;
- (d) The Colorado school for the deaf and the blind, as provided for in article 80 of this title;
- (e) The state charter school institute established in section 22-30.5-503;
- (f) The division of on-line learning established in section 22-30.7-103;
- (g) The facility schools unit created in section 22-2-403;
- (h) The facility schools board created in section 22-2-404;
- (i) The Colorado state advisory council for parent involvement in education created in section 22-7-303;
- (j) The office of dropout prevention and student re-engagement created in section 22-14-103; and
- (k) The concurrent enrollment advisory board created in section 22-35-107.

**Source:** L. 64: R&RE, pp. 109, 529, §§ 3, 1. C.R.S. 1963: § 123-1-3. L. 68: p. 94, § 41. L. 2008: (1)(g) and (1)(h) added, p. 1382, § 3, effective May 27; entire section

amended, p. 1894, § 68, effective August 5. **L. 2009:** (1)(g) and (1)(h) amended and (1)(j) added, (HB 09-1243), ch. 290, p. 1424, § 6, effective May 21; (1)(g) and (1)(h) amended and (1)(k) added, (HB 09-1319), ch. 286, p. 1317, § 3, effective May 21; (1)(g) and (1)(h) amended and (1)(i) added, (SB 09-090), ch. 291, p. 1444, § 19, effective August 5.

**Editor's note:** (1) Amendments to this section by House Bill 08-1204 and House Bill 08-1412 were harmonized.

(2) Amendments to subsections (1)(g) and (1)(h) by House Bill 09-1243, House Bill 09-1319, and Senate Bill 09-090 were harmonized.

**22-2-104. Offices and positions - nature.** As a matter of legislative determination, the offices of commissioner of education, assistant commissioners of education, and all positions of employment classified by the board as director, consultant, supervisor, or instructor are declared to be educational in nature and not under the state personnel system.

**Source:** **L. 64:** R&RE, p. 529, § 1. **C.R.S. 1963:** § 123-1-4.

**Cross references:** For exemption of the commissioner from state personnel system, see § 1 of article IX of the state constitution; for exemption of faculty and administrators in educational institutions and departments not reformatory or charitable in character, see § 13 (2) of article XII of the state constitution.

#### ANNOTATION

**This section is constitutional under § 13 of art. XII, Colo. Const.** Bd. of Educ. v. Spurlin, 141 Colo. 508, 349 P.2d 357 (1960) (decided

prior to the amendment of § 13 of art. XII, Colo. Const., to include educational "departments" and "administrators").

**22-2-105. State board of education - composition.** (1) The state board of education shall consist of one member elected from each congressional district in the state and, if the total number of congressional districts of the state is an even number, one member elected from the state at large. The members of the state board of education serving on April 30, 1982, shall continue to serve the terms for which they were elected. At the general election held in 1982, one member shall be elected from the second congressional district for a six-year term, one member shall be elected from the fourth congressional district for a six-year term, one member shall be elected from the fifth congressional district for a four-year term, and one member shall be elected from the state at large for a six-year term, all such terms commencing on the second Tuesday in January 1983. At the general election held in 1984, one member shall be elected from the first congressional district for a six-year term, and one member shall be elected from the third congressional district for a six-year term, all such terms commencing on the second Tuesday in January 1985. At the general election held in 1986, one member shall be elected from the fifth congressional district for a six-year term, and one member shall be elected from the sixth congressional district for a six-year term, all such terms commencing on the second Tuesday in January 1987. At the general election held in 2002, one member shall be elected from the seventh congressional district for a six-year term commencing on the second Tuesday in January 2003.

(2) The member of the state board from each congressional district of the state shall be nominated and elected by the registered electors of such district in the same manner as members of the house of representatives of the congress of the United States are nominated and elected. Each member from a congressional district shall be a registered elector of such district. If the total number of congressional districts of the state is an even number, the additional member of the board shall be nominated and elected at large in the same manner as state officers are nominated and elected. If the total number of congressional districts changes to an odd number during the term of the member elected at large, such member shall be permitted to continue serving on the state board until the expiration of his or her term.

(3) Except as provided in subsection (1) of this section, members shall be elected for

terms of six years. They shall serve without compensation but shall be reimbursed for any necessary expenses incurred by them in the performance of their duties as members.

(3.5) Any member of the state board who was elected to office as a resident of a designated congressional district, and who no longer resides in such congressional district solely because of a change made to the boundaries of such district subsequent to the 2000 federal decennial census, is eligible to hold office for the remainder of the term for which the member was elected, notwithstanding such nonresidency.

(4) The state board shall elect from its own membership a chairman and a vice-chairman who shall hold office for terms of two years. The commissioner shall act as secretary to the state board. The state board shall meet at least quarterly and at such other times as may be necessary, upon call of the chairman or the commissioner or by a majority of its members.

(5) If the total number of congressional districts changes to an odd number during the term of the member elected at large, a vacancy of such member's seat shall not be filled by the state board.

(6) For any board member elected on or after May 22, 2008, during his or her term of office, a member of the state board shall not be a member of the general assembly; an officer, employee, or board member of a school district or charter school in the state; an officer, employee, or board member of the state charter school institute or the institute board; or an employee of the state board or the department of education.

**Editor's note:** Amendments to subsection (5) by House Bill 02-1403 and House Bill 02-1245 were harmonized.

**Cross references:** For the legislative declaration contained in the 2008 act amending subsection (6), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-2-105.5. State board of education - definitions - vacancies - procedure for filling.** (1) As used in this section:

(a) "Party congressional central committee" means the committee established pursuant to section 1-3-103 (3), C.R.S.

(b) "State central committee" means the committee established pursuant to section 1-3-103 (2), C.R.S.

(2) Any vacancy occurring on the state board that may occur by reason of death, removal, or resignation from office, or removal from the district from which elected, or when a board member is elected, qualified, and takes office for another state office, shall be filled as provided in this section. Any member selected to fill a vacancy pursuant to this section shall serve until the next regular election providing such appointee is subject to the qualifications set forth by law.

(3) (a) Any vacancy occurring on the state board, other than a vacancy in a seat filled by a member elected from the state at large, shall be filled by the vacancy committee of the party congressional central committee of the same political party as the vacating board member for the congressional district represented by the vacating board member. If no vacancy committee of the party congressional central committee exists, the party congressional central committee shall perform the functions of the vacancy committee.

(b) If the vacating board member was affiliated with a minor political party, then the vacancy shall be filled by the vacancy committee designated in the constitution or bylaws of the minor political party.

(c) If the vacating member was unaffiliated with a political party, then the vacancy shall be filled by the vacancy committee designated on the vacating board member's petition for nomination pursuant to section 1-4-802 (1) (e), C.R.S.

(4) (a) The vacancy committee identified in subsection (3) of this section, by a majority vote of its members present and voting at a meeting called for that purpose, shall select a person who possesses the qualifications for a member of the state board and who is affiliated with the same political party or minor political party, if any, of the vacating board member, as shown on the registration books of the county clerk and recorder.

(b) At least six days prior to the meeting at which the vacancy committee selects a person to fill the vacancy, the chairperson of the party congressional central committee that selected the members of the vacancy committee shall mail to each member of the vacancy committee a written notice announcing the time and location of the vacancy committee meeting. Mailing of the notice is effective when the notice is properly addressed and deposited in the United States mail, with first-class postage prepaid. The vacancy committee may not select a person to fill the vacancy at any meeting for which notice is not provided pursuant to this paragraph (b).

(c) No meeting shall be held until a quorum is present consisting of not less than one-half of the voting membership of the vacancy committee. No member of the vacancy committee may vote by proxy.

(d) The vacancy committee shall certify the selection to the secretary of state within thirty days after the date the vacancy occurs. If the vacancy committee fails to certify a selection within thirty days in accordance with the provisions of this paragraph (d), the governor, within thirty-five days after the vacancy occurs, shall fill the vacancy by appointing a person having the qualifications set forth in paragraph (a) of this subsection (4). The name of the person appointed by the governor shall be certified to the secretary of state. The person selected or appointed pursuant to this subsection (4), after having qualified and taken the oath of office, shall immediately assume the duties of office.

(5) (a) In the event of a vacancy in the seat held by the state board member elected from the state at large, within five days after the state board receives notice of the vacancy, or within five days after the effective date of the resignation, whichever is later, the secretary of the state board shall refer the vacancy to the state central committee of the same political party as the vacating state board member. The state central committee shall refer the matter to the state central committee executive committee selected pursuant to section 1-3-105 (2), C.R.S.

(b) If the vacating board member was affiliated with a minor political party, then the vacancy shall be filled by the vacancy committee designated in the constitution or bylaws of the minor political party.

(c) If the vacating member was unaffiliated with a political party, then the vacancy shall be filled by the vacancy committee designated on the vacating board member's petition for nomination pursuant to section 1-4-802 (1) (e), C.R.S.

(6) (a) A vacancy occurring in the seat held by the state board member elected from the state at large shall be filled in accordance with the procedures established in this subsection (6).

(b) Within thirty days after being notified by the secretary of the state board of the occurrence of a vacancy, the vacancy or executive committee identified in subsection (5) of this section shall meet and, by a majority vote of its members present and voting at a meeting called for that purpose, shall nominate no fewer than three and no more than five candidates who possess the qualifications for a member of the state board and who are affiliated with the same political party or minor political party, if any, as the vacating board member, as shown on the registration books of the county clerk and recorder. The names of the candidates nominated shall be forwarded to the secretary of the state board.

(c) The state board shall, within twenty calendar days after receiving the names from the vacancy or executive committee identified in subsection (5) of this section interview all of the nominated candidates; except that the vacating board member shall not participate in the interview process.

(d) After completion of the interviews, and at a date and time established by the state board, the state board shall hold an open meeting to vote on the selection of a nominee to

fill the vacancy. The vacating board member shall not participate in the open meeting to vote on the selection of a nominee to fill the vacancy. Nominees for selection shall be limited to the nominees referred to the state board by the vacancy or executive committee identified in subsection (5) of this section. Selection of a nominee shall occur by a majority vote of the state board members present and voting at the meeting called for such purpose. No meeting shall be held until a quorum is present consisting of not less than one-half of the voting membership of the state board. No member of the state board may vote by proxy. The state board shall certify the selection to the secretary of state within ten days after the meeting called to make the selection. The person, after having qualified and taken the oath of office, shall immediately assume the duties of office.

(e) In the event that the state board, after reasonable efforts to elect by a majority vote a nominee to fill the vacancy, is unable to elect a nominee by a majority vote, the selection of one of the persons nominated pursuant to paragraph (b) of this subsection (6) shall be made by the highest elected state official of the same political party as the vacating board member, in the following order: Governor; president of the senate; speaker of the house of representatives; minority leader of the senate; minority leader of the house of representatives. The name of the nominee selected by the highest elected state official shall be certified to the secretary of state. The person, after having qualified and taken the oath of office, shall immediately assume the duties of office.

(7) If a vacancy on the state board is caused by the resignation of a member of the state board and the letter of resignation gives an effective date of resignation that is later than the date the letter of resignation is submitted, the vacancy committee identified in subsection (3) of this section or the vacancy or executive committee identified in subsection (5) of this section, whichever is applicable, may meet no more than twenty days prior to the effective date of the resignation for the purpose of nominating a person to fill the vacancy. The certification of the nominee of the vacancy or executive committee, whichever is applicable, to the secretary of state may not be made prior to the effective date of the resignation and, if the member of the state board withdraws the letter of resignation prior to the effective date of the resignation, the person nominated by the vacancy or executive committee, whichever is applicable, may not be certified to the secretary of state.

(8) If the vacancy is caused by the death of a member-elect of the state board who has been elected to office but who has not yet been sworn in, the vacancy committee identified in subsection (3) of this section or the vacancy or executive committee identified in subsection (5) of this section, whichever is applicable, shall meet within thirty days after the death of the state board member-elect to fill the vacancy. The certification of the nomination of the vacancy or executive committee, whichever is applicable, to the secretary of state may be made prior to the convening of the state board but shall not take effect until the effective date of the vacancy, which is the first day the state board convenes.

**Source: L. 2002:** Entire section added, p. 536, § 2, effective July 1. **L. 2008:** (4)(d), (6)(b), and (8) amended, p. 1747, § 3, effective August 5.

**22-2-106. State board - duties.** (1) It is the duty of the state board:

(a) To exercise general supervision over the public schools of the state and the educational programs maintained and operated by all state governmental agencies for persons who have not completed the twelfth-grade level of instruction;

(a.5) To adopt, on or before May 15, 2013, a comprehensive set of guidelines for the establishment of high school graduation requirements to be used by each school district board of education in developing local high school graduation requirements. Each school district board of education shall retain the authority to develop its own unique high school graduation requirements, so long as those local high school graduation requirements meet or exceed any minimum standards or basic core competencies or skills identified in the comprehensive set of guidelines for high school graduation developed by the state board pursuant to this paragraph (a.5). In developing the guidelines for high school graduation, the state board shall utilize the recommendations of the state graduation guidelines development council established in section 22-7-414, as it existed prior to July 1, 2008, and shall:

(I) Take into account recommendations from the 2006 report of the Colorado education alignment council appointed by the governor pursuant to executive order B 009 05;

(II) Ensure that the state graduation guidelines are aligned with the description of postsecondary and workforce readiness, including but not limited to the minimum required English language competencies, adopted by the state board and the Colorado commission on higher education pursuant to section 22-7-1008 and with the preschool through elementary and secondary education standards adopted by the state board pursuant to section 22-7-1005;

(III) Work with the Colorado commission on higher education to ensure that the state board's guidelines for high school graduation adopted pursuant to this paragraph (a.5) and the postsecondary academic admission standards established pursuant to section 23-1-113, C.R.S., are aligned for students entering a four-year public postsecondary education institution on or after August 1, 2013;

(IV) Recognize and address the multiple and diverse pathways to diplomas offered by school districts in the state. The guidelines for high school graduation shall accommodate the differing and broad categories of student interests and economic needs, including but not limited to agriculture, architecture, arts, communications, business and management, construction technology, education, finance, government, health sciences, tourism, human services, information technology, law and public safety, manufacturing, marketing and sales, physical education, science and technology, and transportation. The guidelines for high school graduation adopted by the state board pursuant to this paragraph (a.5) shall ensure, at a minimum, that, while not identical, each pathway is equally rigorous.

(V) Utilize standards-based education, as described in section 22-7-402, and as revised pursuant to part 10 of article 7 of this title, as the framework for the development of the guidelines for high school graduation and consider how high school graduation requirements can be articulated in a standards-based education system. In the process of developing the guidelines for high school graduation, the state board shall ensure that the state model content standards, adopted pursuant to section 22-7-406, are sufficiently rigorous, particularly in the core academic subject areas of mathematics, science, reading, and writing so that students are exposed to subject matter that research indicates will adequately prepare them for entrance into the workforce or the postsecondary education system. On or before August 1, 2007, the state board shall begin to receive public comment on the adequacy of the existing state model content standards. As part of receiving public comment, the state board is encouraged to form a stakeholder group of parents, teachers, administrators, and others to develop recommendations related to modernizing the state model content standards in mathematics, science, reading, and writing. On or before February 1, 2008, the state board shall report to the education committees of the house of representatives and the senate, or any successor committees, on the adequacy of the existing state model content standards in these subject matters.

(VI) Recognize and acknowledge the importance of obtaining the core competency skills and standards to succeed in the twenty-first century, including but not limited to proficiency in math, science, and written and verbal communication skills;

(VI.5) Recognize and acknowledge the importance of education in performing arts, as defined in section 22-1-104.5 (1) (b), and visual arts, as defined in section 22-1-104.5 (1) (c), in strengthening student learning in other subjects and in supporting students' ability to succeed in the twenty-first century; and

(VII) Take into account the importance of pre-high school and postsecondary career planning that provides middle school and junior high school students and parents with awareness of the school district's high school graduation requirements, the multiple pathways a student can follow, and other pertinent information that will help prepare a student for a successful high school experience.

(b) To appoint a commissioner of education;

(b.5) To review and evaluate annually the job performance of the commissioner of education using procedures and criteria determined by the state board. The procedures and criteria shall include, at a minimum, consideration of the comments and opinions of school district superintendents and school board members regarding the commissioner's job

performance. The state board shall report the results of its evaluation to the education committees of the house of representatives and senate, or any successor committees.

(c) To appraise and accredit the public schools and school districts in this state and the state charter school institute pursuant to the provisions of article 11 of this title, and to submit recommendations to the governor and general assembly for improvements in education;

(d) To approve the annual budget request for the department prior to submission;

(e) To order the distribution or apportionment of federal and state moneys granted or appropriated to the department for the use of the public schools of the state, except moneys granted or made available to another agency specifically designated;

(f) To review the annual report prepared by the commissioner and to transmit it to the governor in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, C.R.S.;

(f.5) To comply with the requirements of section 24-1-136.5, C.R.S., concerning the preparation of operational master plans, facilities master plans, and facilities program plans, as if the state board were the executive director of the department;

(f.7) To provide such aggregate, nonidentifying information concerning student enrollment in every school district in the state that the department of human services may request pursuant to section 19-1-115.5, C.R.S.;

(f.9) Repealed.

(g) To perform any other duty which may be required by law;

(h) On or before January 15, 2012, to adopt by rule standards for charter schools and charter school authorizers based on the recommendations made by the charter school and charter authorizer standards review committee pursuant to section 22-30.5-104.5.

**22-2-106.5. State board - duties with regard to student data - memorandum of understanding.** Notwithstanding the provisions of section 22-2-111 (3) (a), the state board shall enter into a memorandum of understanding on or before September 1, 2006, with the Colorado commission on higher education to adopt a policy to share student data. At a minimum, the policy shall ensure that the exchange of information is conducted in conformance with the requirements of the federal “Family Educational Rights and Privacy Act of 1974”, as amended, 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted in accordance therewith. The policy shall additionally require the state board, upon request, to share student data with qualified researchers. For purposes of this section, qualified researchers shall include, but need not be limited to, institutions of higher education, school districts, and public policy research and advocacy organizations.

**Source: L. 2006:** Entire section added, p. 716, § 4, effective July 1.

**22-2-107. State board - power.** (1) The state board has the power:

- (a) To perform all duties delegated to it by law;
- (b) To employ personnel, subject to the provisions of section 13 of article XII of the state constitution, as may be necessary for the performance of powers and duties delegated to the state board, the commissioner, and the department;
- (c) To promulgate and adopt policies, rules, and regulations concerning general supervision of the public schools, the department, and the educational programs maintained and operated by all state governmental agencies for persons who have not completed the twelfth-grade level of instruction;
- (d) To approve within the appropriation made by the general assembly a salary schedule for personnel of the department who are not within the state personnel system;
- (e) To create, maintain, and modify, from time to time, such administrative organization for personnel of the department as may be deemed necessary or beneficial;
- (f) To provide consultative services to the public schools and boards of education of school districts;
- (g) To appraise for the purpose of accreditation any nonpublic school, but only upon its request;
- (g.5) Repealed.
- (h) To accept gifts, grants, and donations of any nature for the use of the department or the public schools in accordance with conditions prescribed by the donor; but no gift, grant, or donation shall be accepted if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law;
- (i) To prepare, approve, and implement plans necessary as a prerequisite to the receipt of federal moneys or property under any act of congress for the use of the public schools of the state, except moneys granted or made available to another agency specifically designated;
- (j) To require a school district to take a school census, from time to time, containing such items of information as determined by the state board, and to give reasonable notice to each school district before requiring the taking of a census;
- (k) To appoint such advisory committees as may be beneficial to the improvement of education in the state;
- (l) To cooperate with other agencies either within or without the state for the improvement of education;

(m) To cause to be prepared or corrected any report required by law to be filed by a school district at any time that a school district has failed to file such report when due or has filed a grossly inaccurate or incomplete report and to cause such school district to pay the cost of such preparation or correction;

(n) To enter into reciprocal agreements for the exchange of information relative to the issuance, denial, or revocation of teacher licenses or certificates with the legally constituted licensing or certifying agencies in other states;

(o) To enter into contracts with the state board for community colleges and occupational education for the development and for the supervision of the administration and implementation of state plans for occupational education in the public elementary and secondary schools;

(p) Repealed.

(q) To promulgate rules and regulations to define the types and amounts of costs in excess of applicable revenues that a school district of residence of a child with a disability shall pay as tuition to educate that child elsewhere within Colorado at a facility, as defined by the department in its regulations, approved by the facility schools unit in the department pursuant to section 22-2-407, or at an administrative unit as defined in section 22-20-103 (1) other than the administrative unit of residence; however, a school district may pay a higher amount, as provided in section 22-20-109 (1);

(r) To take the actions necessary to comply with the requirements of section 24-1-136.5, C.R.S., concerning the preparation of operational master plans, facilities master plans, and facilities program plans;

(s) To approve programs by nonpublic, nonparochial schools to provide educational services to students pursuant to section 22-33-203, and to approve services to be provided to at-risk students pursuant to agreements entered into pursuant to section 22-33-204; and

(t) To render a decision on the appeal of the state charter school institute's approval or denial of an institute charter school application or the revocation or nonrenewal of an institute charter school contract pursuant to part 5 of article 30.5 of this title.

**Editor's note:** Subsection (1)(p)(II) provided for the repeal of subsection (1)(p), effective July 1, 2008. (See L. 2008, p. 1382.)

**22-2-108. Federal financial assistance.** (1) The state board of education is authorized to accept, use, and administer all moneys and properties granted or made available to the state or any agency thereof for an educational purpose, except those moneys and properties granted or made available for such purpose to another such agency specifically designated.

(2) If it is necessary to execute a formal agreement with a federal agency or officer as a condition precedent to receiving federal moneys or property pursuant to subsection (1) of this section, the state board is authorized to execute such an agreement, with the approval of the attorney general, provided such agreement shall not be inconsistent with law.

(3) The state treasurer is authorized to receive any moneys accepted pursuant to the provisions of subsection (1) of this section as official custodian thereof, and he shall disburse said moneys upon the order of the state board.

(4) By July 1, 2005, and by July 1 of each year thereafter, the state board shall submit a report to the education committees of the senate and house of representatives, or any

successor committees, detailing the total amount of federal funds received by the state board in the prior fiscal year, accounting how the funds were used, specifying the federal law or regulation that governs the use of the federal funds, if any, and providing information regarding any flexibility the state board has in using the federal funds.

**Source:** L. 64: R&RE, p. 532, § 1. C.R.S. 1963: § 123-1-8. L. 2005: (4) added, p. 440, § 18, effective April 29.

**22-2-109. State board of education - additional duties - teacher standards - principal standards.** (1) The state board of education shall:

- (a) Repealed.
- (b) to (f) (Deleted by amendment, L. 99, p. 1186, § 2, effective June 1, 1999.)
- (g) Adopt rules that prescribe performance-based standards of qualification, preparation, training, or experience that are required for the issuance of all licenses, master certificates, and authorizations, as provided for in article 60.5 of this title;
- (h) Adopt rules that prescribe performance-based standards for endorsements deemed appropriate for each type of license or authorization;
- (i) Utilize representatives from all levels of education in the development of performance-based standards of qualification, preparation, and experience for all licenses, master certificates, authorizations, and endorsements;
- (j) Conduct or arrange for research pertinent or essential to implement the provisions of article 60.5 of this title, including but not limited to educator licensure and educator preparation programs in institutions of higher education;
- (k) and (l) (Deleted by amendment, L. 99, p. 1186, § 2, effective June 1, 1999.)
- (m) Repealed.
- (n) and (o) (Deleted by amendment, L. 99, p. 1186, § 2, effective June 1, 1999.)
- (p) Adopt rules to ensure that administrator programs of preparation meet the requirements concerning instruction in evaluating licensed personnel specified in section 22-9-108;
- (q) Adopt rules that require the reporting between school districts of the enrollment of any students who have transferred to another school or school district within the state. Such rules shall improve the ability of school districts to accurately identify which students have in fact dropped out of school and which students have merely transferred to another school or school district. Such rules shall also set forth uniform standards for determining which school or school district shall count a dropout as part of its own dropout count.
- (r) Repealed.
- (2) (Deleted by amendment, L. 99, p. 1186, § 2, effective June 1, 1999.)
- (3) On or before July 1, 2000, the state board of education by rule shall adopt performance-based teacher licensure standards, which at a minimum shall include a requirement that each candidate for an initial teacher license shall have and be able to demonstrate the following skills:
  - (a) The ability to align instructional objectives with adopted student learning standards;
  - (b) The ability to teach in a manner that addresses individual student needs and enables the student to improve his or her performance;
  - (c) Proficiency in measuring and monitoring each student's progress toward achieving learning standards;
  - (d) The ability to adjust instructional practices and methods when necessary to stimulate or enhance student progress;
  - (e) The ability to engage parents as learning partners to promote student learning;
  - (f) The ability to integrate technology into instruction at the grade level for which the teacher expects to be endorsed;
  - (g) The ability to assess student performance;
  - (h) The ability to demonstrate a high level of content area knowledge and professional competencies in the areas identified by rule of the state board pursuant to section 22-60.5-203.
- (4) In adopting the performance-based teacher licensure standards pursuant to subsection (3) of this section, the state board shall also adopt rules specifying the methods by which a teacher candidate may demonstrate that he or she has achieved the specified skills

and the manner in which such demonstrations may be documented for submission when the teacher candidate applies for licensure.

(5) (a) The state board shall review the content of educator preparation programs offered by institutions of higher education within the state. Such review shall be designed to ensure that the content of each program is designed and implemented in a manner that will enable a candidate to meet the requirements specified by the state board pursuant to subsection (3) of this section and the requirements for licensure endorsement adopted by rule of the state board pursuant to section 22-60.5-106. The state board shall recommend to the Colorado commission on higher education that a program not be approved pursuant to section 23-1-121, C.R.S., if it determines that the program content does not meet the requirements specified in subsection (3) of this section or the endorsement requirements.

(b) Upon the request of a nonpublic institution that provides an educator preparation program, the state board shall review the content of the program to determine whether the program content is designed and implemented in a manner that will enable a candidate to meet the requirements specified by the state board of education pursuant to subsection (3) of this section, and the requirements for licensure endorsement adopted by rule of the state board pursuant to section 22-60.5-106. Upon completion of the review, the state board shall notify the Colorado commission on higher education concerning whether the program content meets said requirements.

(6) (a) On or before January 1, 2003, the state board of education by rule shall adopt performance-based principal licensure standards to guide the development of principal preparation programs offered by institutions of higher education. The state board of education shall develop said standards in collaboration with institutions of higher education that offer principal preparation programs, superintendents and local boards of education, and the commission on higher education. The state board of education shall ensure that said standards are consistent with national standards for principal preparation. Said standards shall include, but need not be limited to, the following:

(I) Strong leadership development that shall include but need not be limited to decision-making, communication, and human relations skills; and

(II) Instructional skills and knowledge and the use of data necessary to lead and organize a standards-based school that is characterized by student proficiency in literacy and the state model content standards as described in section 22-7-406.

(b) Repealed.

(7) (a) Beginning with the 2006-07 school year and annually thereafter, the state board shall direct the department to survey the superintendents of the school districts of the state who employ principals who hold a principal authorization or an initial principal license or who obtain a professional principal license without first holding an initial principal license and who are in their first three years of employment as a principal. The department shall base the survey questions on the performance-based principal licensure standards adopted by the state board pursuant to subsection (6) of this section. The department shall design the survey to solicit information by which to measure the quality and effectiveness of principal preparation programs and other alternative forms of principal preparation and to solicit information from superintendents concerning the principal licensure standards.

(b) The state board shall submit annually to the education committees of the house of representatives and the senate, or any successor committees, a written summary report of the results of the survey conducted pursuant to paragraph (a) of this subsection (7). In submitting the report, the state board shall ensure that the report for the current year and the preceding year's report, if one exists, are available to the education committees for consideration at the biennial joint meeting held pursuant to section 22-60.5-116.5. The state board shall also submit the report annually to the governor, the Colorado commission on higher education, and the institutions of higher education that operate principal preparation programs.

(c) The costs incurred by the department in implementing this subsection (7) shall be paid from moneys appropriated from the educator licensure cash fund created in section 22-60.5-112 (1).

**22-2-110. Commissioner of education - oath - qualifications - tenure.** (1) The commissioner of education shall be the chief state school officer and executive officer of the department of education. He or she shall possess the professional qualifications described in subsection (4) of this section and such additional professional qualifications as may be deemed appropriate for the office by the state board.

(2) The commissioner shall be appointed by the state board, serve at the pleasure of the board, and receive such compensation as may be determined by the board.

(3) Before entering upon his or her duties, the commissioner shall subscribe to an oath of office, which oath shall be filed with the secretary of state.

(4) The person appointed to the office of commissioner of education by the state board pursuant to subsection (2) of this section shall, at a minimum, satisfy the following professional qualifications:

(a) The person shall have demonstrated personal and professional leadership success, preferably in the administration of public education; and

(b) The person shall possess an earned advanced degree, preferably in education or educational administration awarded from a regionally or nationally accredited college or university.

(5) The state board shall annually review and evaluate the job performance of the commissioner, as provided in section 22-2-106 (1) (b.5), and report the results of its evaluation to the public and the education committees of the house of representatives and senate, or any successor committees.

**Source:** **L. 64:** R&RE, p. 534, § 1. **C.R.S. 1963:** § 123-1-11. **L. 2007:** Entire section amended, p. 169, § 2, effective March 22.

**Cross references:** (1) For the constitutional oath of office, see § 8 of article XII of the state constitution.

(2) For the legislative declaration contained in the 2007 act amending this section, see section 1 of chapter 48, Session Laws of Colorado 2007.

**22-2-111. Commissioner of education - office - records - confidential nature.**

(1) The commissioner shall have an office at the seat of the government where he shall keep an official seal and all books and papers pertaining to the business affairs of his office. He shall be entitled to reimbursements for necessary travel and subsistence expenses, incurred either within or without the state, in accordance with regulations promulgated by the state controller.

(2) Copies of all papers, reports, and documents filed in his office, and his official acts, may be certified by him under seal, and when so certified shall be evidence of his official acts equally and in a like manner as the original paper, report, or document or testimony under oath.

(3) (a) Except when requested by the governor or a committee of the general assembly or pursuant to compliance with section 22-32-109.8 or 22-2-119, all papers filed in the department of education that contain personal information about applicants for employment, employees, or holders of educator licenses or authorizations or about pupils' test scores are classified as confidential in nature; however, each educator has the right to inspect and to have copies made at the educator's expense of all information pertaining to the educator on file in the department of education. The educator may challenge any such record by formal letter or other evidence, which shall be added to the state records. The state board may authorize any material to be added to or removed from an educator's official records in its custody. It is unlawful for any officer, employee, or other person to divulge, or to make known in any way, any such personal information without the written consent of said applicant, employee, educator, or pupil; but the information may be divulged or made known in the normal and proper course of administration of programs relating thereto without such written consent. Nothing in this subsection (3) shall be construed in a manner to prohibit the publication of statistics relative to the aforementioned information when so classified as to prevent the identification of educators or pupils involved in said statistics.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (3), on or before July 1, 2004, and on or before July 1 each year thereafter, the department shall provide to the department of higher education a list of the persons initially licensed as educators during the preceding twelve months and, for each such person who completed an approved program of preparation provided by a Colorado institution of higher education, the name of the institution that provided the approved program of preparation, and a list of the persons who have held an educator license for two years as of the reporting date.

**Editor's note:** Amendments to subsection (3) by Senate Bill 04-062 and House Bill 04-1104 were harmonized.

**Cross references:** For provisions concerning school records under the "Open Records Act", see part 2 of article 72 of title 24.

**22-2-112. Commissioner - duties.** (1) Subject to the supervision of the state board, the commissioner has the following duties:

(a) To advise the state board concerning the current operation and status of the public schools and upon other educational matters;

(b) To supply the state board with such information as it may require and to prepare for the board to transmit annually a report accounting to the governor and the house and senate committees on education for the efficient discharge of all responsibilities assigned by law or directive to the department, and to issue all publications of the department circulated in quantity outside the executive branch in accordance with the provisions of section 24-1-136, C.R.S.;

(c) To prepare and submit to the state board a budget for the department and to properly execute the approved budget in accordance with appropriations;

(d) To establish and maintain a system of personnel administration within the department;

(e) To cause all policies, rules, and regulations adopted by the state board to be duly executed;

(f) To serve as state librarian pursuant to section 24-90-104 (2), C.R.S.;

(g) To visit public schools and communities which most need his personal attendance for the purpose of stimulating and guiding public sentiment to education and diffusing by

public addresses and personal communication with parents, school officers, and teachers a knowledge of existing defects of and a knowledge of desirable improvements in the government, finance, curriculum of, and instruction in the public schools;

(h) To establish and maintain adequate statistical, academic performance, safety environment, and financial records of school districts, including records required by article 11 of this title;

(i) To cause to be reprinted annually laws enacted by the general assembly concerning education, in accordance with the provisions of section 24-1-136, C.R.S., and to furnish copies thereof to interested persons. All publishing costs therefor shall be paid out of the state public school fund pursuant to section 22-54-114 (5).

(j) To perform other duties as may be delegated to him by law or by the state board;

(k) To submit to the governor and the general assembly, not later than the first day of September of each year, a report which shall discuss educational issues in Colorado and such other subjects as the commissioner may deem appropriate. The commissioner shall also submit such fiscal, instructional, academic progress, and other information as may be required by the state board to reflect the quality of education in the state. Statistical data by school district regarding drop-out rates, teacher-pupil ratios, number of courses offered, teacher turnover rates, and reading and achievement scores will be available upon request.

(l) To prepare a manual setting forth simplified election procedures for use by the election judges in the district. He shall notify the superintendent of each district that such a manual is available and that copies will be furnished upon request and free of charge. When the school election laws have changed, he shall revise the manual to comply with the then existing laws. Such revisions may be made by inserts to the manual.

(m) To supervise, manage, and control the Colorado school for the deaf and the blind at Colorado Springs;

(n) To enter into an interagency agreement with the department of health care policy and financing and to promulgate such rules and regulations as may be necessary under the agreement to enable school districts, boards of cooperative services, and state educational institutions to enter into contracts and to receive federal matching funds for moneys spent in providing student health services as provided in section 25.5-5-301 (6) or 25.5-5-318, C.R.S.;

(o) To comply with the duties set forth in article 11 of this title.

(2) In accordance with section 22-2-107 (1) (c), the commissioner shall establish requirements enabling residents of this state who are seventeen years of age or older or who are sixteen years of age and satisfy the requirements of section 22-33-104.7 to earn a high school equivalency certificate upon satisfaction of said requirements.

(3) Repealed.

(4) (a) The commissioner shall ensure that the department, subject to available appropriations, annually allocates moneys to school districts, district charter schools, and institute charter schools to reimburse them for the costs of administering basic skills placement or assessment tests pursuant to sections 22-32-109.5, 22-30.5-117, and 22-30.5-526, respectively, to students enrolled in grades nine through twelve. The department shall allocate moneys to offset the costs incurred in administering each of the test units only once per student while the student is enrolled in grades nine through twelve.

(b) The general assembly finds that, for purposes of section 17 of article IX of the state constitution, administering basic skills placement or assessment tests to students in grades nine through twelve is an accountable program to meet state academic standards and is a component of accountability reporting and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**22-2-113. Commissioner - powers.** (1) Subject to the supervision of the state board, the commissioner has the following powers:

(a) To perform all duties which may be required by law;

(b) To issue instructions to school district officers and employees concerning the government of the public schools under their control;

(c) To prescribe forms and items to be included in reports submitted by school district officers and employees and other persons;

(d) To construe provisions of the school laws on questions submitted to him in writing by any school district officer or employee or other person. Said construction may be published in either memorandum form or in any periodical devoted to the interest of education with general distribution to the public schools.

(e) To cause to be prepared, printed, and distributed report forms, registers, curriculum and instructional guides, pamphlets, and other materials as may be beneficial to personnel and pupils of the public schools. All publishing costs therefor shall be paid out of the funds appropriated to the department on warrants of the controller covering vouchers approved by the commissioner. A reasonable fee may be charged for any such materials delivered to a person not in the service of a school district or enrolled as a pupil in the public schools thereof. All receipts from such fees shall be deposited to the credit of the general fund.

(f) To recover a penalty fee from current state payments to a school district, a board of cooperative services as defined in section 22-5-103 (2), or a group care facility or home as defined by the department in its regulations when a certification to the department of education by such district, board, facility, or home for the determination of state funding by the department is not supported by generally accepted accounting principles upon audit by the department. The penalty fee shall be determined by the commissioner, but in no event shall such fee be less than fifty dollars nor more than twenty thousand dollars per initial audit.

(g) (I) To recover an interest fee from current state payments to a school district, a board of cooperative services as defined in section 22-5-103 (2), or a group care facility or home as defined by the department in its rules when a certification to the department by such district, board, or facility, for the determination of state funding, results in an overpayment to the district, board, facility, or home by the state. The interest amount shall be computed on the amount of overpayment at a rate that is equal to the earnings on the treasury pooled funds for the previous fiscal year, beginning from the final settlement date of the audit. The interest fee shall be recovered in addition to the recovery of the amount of the overpayment.

(II) (A) Notwithstanding the provisions of subparagraph (I) of this paragraph (g), for audits that begin on or after July 1, 2007, if the department determines through an audit of a school district or a group care facility or home that an overpayment of state funding has

been made to the district, facility, or home due to an error in information submitted to the department, the commissioner shall not recover an interest fee from the district, facility, or home in addition to the amount of the overpayment if the district, facility, or home repays the overpayment within the period specified in sub-subparagraph (B) of this subparagraph (II).

(B) The period during which the commissioner shall not recover an interest fee pursuant to sub-subparagraph (A) of this subparagraph (II) shall be a period that is equal to the number of years and any fraction of a year between the settlement date of the audit in which the overpayment to the school district or group care facility or home was determined and the settlement date of the immediately preceding audit of the district, facility, or home. The period shall begin on the final settlement date of the audit in which the overpayment to the district, facility, or home was determined.

(C) If a school district or group care facility or home is unable to repay the total amount of the overpayment within the period specified in sub-subparagraph (B) of this subparagraph (II), the district, facility, or home and the department may negotiate an extension of the repayment period for the remaining amount of the overpayment; except that the commissioner shall recover the interest fee described in subparagraph (I) of this paragraph (g) on the remaining amount of the overpayment beginning on the day immediately following the expiration of the period specified in sub-subparagraph (B) of this subparagraph (II). The interest fee shall be recovered in addition to the recovery of the remaining amount of the overpayment.

(III) Notwithstanding any provision of subparagraph (I) or (II) of this paragraph (g) to the contrary, for the 2008-09 budget year, the commissioner may accept as repayment from a school district that has received an overpayment items for use by the department, including but not limited to lifetime on-line curriculum licenses, in the same value as the amount of the overpayment owed by the school district.

(h) To cooperate with local boards of education, pursuant to section 18-18-407 (2) (b), C.R.S., and make recommendations regarding the uniform implementation and furnishing of notice of the provisions of section 18-18-407 (2) (b), C.R.S.;

(i) To issue emergency orders concerning a charter school pursuant to section 22-30.5-703.

**22-2-114.1. Dropout rates - collection of data on grades seven through twelve.**

(1) The general assembly hereby declares that the dropout rate indicates a waste of economic and human potential. Therefore a correct assessment of the number of students who fail to complete high school in the typical length of time is necessary in order to fully recognize and correct the problem.

(2) The state board of education shall develop and implement in cooperation with local boards of education a model student accounting method and data collection system on dropouts in grades seven through twelve, with results to be reported to the general assembly by January 1, 1988.

(2.5) to (3) (Deleted by amendment, L. 2010, (HB 10-1171), ch. 401, p. 1933, § 1, effective August 11, 2010.)

L. 2010: Entire section amended, (HB 10-1171), ch. 401, p. 1933, § 1, effective August 11.

**22-2-115. Early childhood education program - study - report to general assembly. (Repealed)**

**Source:** L. 85: Entire section added, p. 726, § 1, effective July 1.

**Editor's note:** Subsection (2) provided for the repeal of this section, effective July 1, 1986. (See L. 85, p. 726.)

**22-2-116. Additional power - waiver of reporting requirements - review of reporting requirements.**

(1) The commissioner may waive any requirements imposed by this title as to the reporting of data to the department or the state board by any school district which is eligible to receive the minimum amount of state moneys under the provisions of article 54 of this title, if the commissioner finds that any benefits from receiving such reports are outweighed by the district's increased administrative costs of reporting in light of its minimum share of state moneys.

(2) Repealed.

**Source:** L. 88: Entire section added, p. 809, § 3, effective January 1, 1989. L. 94: Entire section amended, p. 810, § 18, effective April 27. L. 2005: Entire section amended, p. 998, § 1, effective June 2. L. 2007: (2) repealed, p. 1064, § 2, effective May 23.

**22-2-117. Additional power - state board - waiver of requirements - rules.**

(1) (a) Upon application of the board of education of any school district, the state board, except as prohibited in paragraph (b) of this subsection (1), may waive any of the requirements imposed by this title or by rule promulgated by the state board. The state board shall grant the waiver if it determines that it would enhance educational opportunity and quality within the school district and that the costs to the school district of complying with the requirements for which the waiver is requested significantly limit educational opportunity within the school district. Any school district board of education that applies for a waiver pursuant to this section shall specify in such application the manner in which it shall

comply with the intent of the waived rules or statutes and shall be accountable to the state board for such compliance.

(b) The state board shall not waive any of the requirements specified in any of the following statutory provisions:

- (I) The “Public School Finance Act of 1994”, article 54 of this title;
- (II) The “Exceptional Children’s Educational Act”, article 20 of this title;
- (III) Any provision of part 5 of article 11 of this title pertaining to the data necessary for performance reports;
- (IV) Any provision of this title that relates to fingerprinting and criminal history record checks of educators and school personnel; or

(V) The “Children’s Internet Protection Act”, article 87 of this title.

(c) A principal of a public school may initiate a request for a waiver pursuant to this section and shall submit such request to the superintendent and the board of education of the school district in which the public school is located. Such waiver, if granted, shall be limited in application to the public school, unless otherwise designated by the school district. The school district may choose either to adopt such request and apply to the state board for a waiver pursuant to this section or not adopt such request.

(d) In addition to any requirements for a waiver application that are specified in this subsection (1), any application submitted by a school district that has a funded pupil count, as defined in section 22-54-103 (7), of three thousand or more pupils shall demonstrate that such application has the consent of a majority of the appropriate accountability committee, a majority of the affected licensed administrators, and a majority of the teachers of the affected school or district.

(1.5) Notwithstanding any provision of this section or any other provision of law, the state board shall not waive requirements contained in article 11 of this title or sections 22-7-409, 22-32-105, 22-32-109 (1) (bb) (I) and (2), 22-32-109.1 (2) (a), 22-32-146, and 22-33-104 (4).

(2) Prior to submitting an application for a waiver as provided in subsection (1) of this section, a school district board of education, in a public meeting including a public hearing, shall adopt a resolution stating the board’s intent to apply for a waiver and specifying the statutes and rules for which the board will request waivers. The school district board of education shall post notice of such public meeting in three public places within the district for a period of not less than thirty calendar days prior to such meeting, giving the time and location of such meeting and a description of the waiver request, and, if a newspaper is published within the county, shall publish such notice once each week for at least four weeks prior to the meeting in such newspaper. At least sixty days prior to such public meeting and hearing, the school district board of education shall meet with the school district accountability committee to consult with the committee concerning the intent to seek the waiver.

(3) (a) Any waiver made pursuant to the provisions of this section shall continue until such time as:

(I) The school district board of education that holds the waiver by resolution requests revocation of the waiver; or

(II) The state board receives evidence that constitutes good and just cause for revocation of the waiver, as determined by the state board.

(b) The state board may revoke a waiver granted pursuant to this section only by action taken in a public meeting and hearing.

(4) The provisions of this section shall not apply to any waiver requested by a charter school pursuant to sections 22-30.5-104 (6) and 22-30.5-105 (3). Waiver requests by a charter school shall be governed by the provisions of said sections.

(5) The state board shall promulgate such rules as are necessary to implement the provisions of this section regarding the waiver application process.

(6) Notwithstanding any provision of this section to the contrary, a school district that has been granted by the state board exclusive authority to charter schools within its geographic boundaries pursuant to section 22-30.5-504 shall not be required to demonstrate that it has obtained the consent of a majority of the appropriate accountability committee, a majority of the affected licensed administrators, and a majority of the teachers of the

affected school or district in order to apply for a waiver of any of the requirements imposed by this title or by rule promulgated by the state board; except that such consent shall be required for an application for a waiver from any provisions of article 9 or articles 60.5 to 64 of this title.

## **22-2-118. Department of education - study of school district administration and staffing patterns. (Repealed)**

**Source:** **L. 89:** Entire section added, p. 965, § 11, effective June 7.

**Editor's note:** Subsection (2) provided for the repeal of this section, effective February 15, 1990. (See L. 89, p. 965.)

**22-2-119. Department of education - inquiries concerning prospective employees - background investigation fee.** (1) When an inquiry is made by a board of education of a school district pursuant to the provisions of section 22-32-109.7 (1) or (1.5), by the governing board of a nonpublic school pursuant to the provisions of section 22-1-121, by the governing board of a charter school pursuant to the provisions of section 22-30.5-110.5, or by the governing board of an institute charter school pursuant to the provisions of section 22-30.5-511.5, concerning a prospective or current employee, the department shall provide the following information concerning such person:

(a) Whether according to the records of the department such person has been convicted of, has pled nolo contendere to, or has received a deferred sentence for:

(I) A felony; or

(II) A misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children; or

(III) A misdemeanor crime, the underlying factual basis of which has been found by the court on the record to involve domestic violence, as defined in section 18-6-800.3 (1), C.R.S.;

(b) (I) Whether such person has been dismissed by, or has resigned from, a school district as a result of an allegation of unlawful behavior involving a child, including unlawful sexual behavior, which was supported by a preponderance of the evidence according to information required to be provided to the department by the school district pursuant to the provisions of section 22-32-109.7 (3);

(II) The department of education shall not disclose to any prospective employer any information reported to the department from a school district pursuant to section 22-32-109.7 (3) unless and until the department confirms that the allegation resulted in a finding of a confirmed report of child abuse or neglect. The department shall request a check of the records and reports of child abuse or neglect maintained by the state department of human services pursuant to the provisions of section 19-1-307 (2) (I), C.R.S.

(III) If the department confirms that the allegation resulted in a finding of a confirmed report of child abuse or neglect and the report concerning such person is subsequently expunged pursuant to the provisions of section 19-3-313.5 (3) (f), C.R.S., such person may notify the department that the report has been expunged. If the department verifies that the report has been expunged, the department shall remove such information about the person from the files kept by the department.

(b.5) Whether the person's educator license or certification has ever been denied, suspended, revoked, or annulled in this state or in another state, including but not limited to any information gained as a result of an inquiry by the department to a national teacher information clearinghouse;

(c) If a holder of a license or authorization pursuant to the provisions of article 60.5 of this title, whether such person's certificate, letter of authorization, authorization, or license has ever been annulled, suspended, or revoked pursuant to the provisions of section 22-60-110 (2) (b) as said section existed prior to July 1, 1999, or pursuant to article 60.5 of this title following a conviction, a plea of nolo contendere, or a deferred sentence for a crime involving unlawful sexual behavior or unlawful behavior involving children.

(2) Except for authorized inquiries made by boards of education, governing boards of nonpublic schools, governing boards of charter schools, or governing boards of institute charter schools, the department shall consider information held by the department to be confidential information and not subject to the provisions of part 2 of article 72 of title 24, C.R.S. Any person who releases such information in violation of this subsection (2) shall be subject to the penalties set forth in section 24-72-206, C.R.S.; except that any person who releases information received by the department concerning information contained in the records and reports of child abuse or neglect maintained by the state department of human services shall be deemed to have violated section 19-1-307 (4), C.R.S.

(3) (a) When providing the information required in subsection (1) of this section, the department shall provide the information within the following timelines:

(I) For information that the department possesses at the time of the request, the department shall provide the information no later than ten business days following the receipt of the inquiry;

(II) For information that the department must obtain by a background check, the department shall provide the information no later than ten business days following the receipt of the information.

(b) If provisions of this subsection (3) increase the costs for the department and the department increases educator licensing fees to address the increased costs, the increase shall be no greater than necessary and shall be included in the department's annual budget request to the joint budget committee.

(4) (a) A school district shall verify the results of a fingerprint-based criminal history record check performed for the department on a school employee or applicant, and the Colorado bureau of investigation shall share the information from the initial fingerprint-based criminal history record check with the requesting entity.

(b) When the Colorado bureau of investigation provides the department with an update regarding a school employee who was previously subject to a fingerprint-based criminal history record check, the department shall provide that update to each school district and charter school in the state. Each school district and charter school shall cross-check its employee list with the provided update and take appropriate action, if necessary.

(5) The department may collect a background investigation fee in responding to inquiries pursuant to this section submitted regarding a person who does not hold an educator license issued pursuant to article 60.5 of this title. The state board, by rule, shall establish the amount of the background investigation fee to generate an amount of revenue that approximates the direct and indirect costs incurred by the department in responding to

inquiries pursuant to this section regarding unlicensed persons. The department shall transmit the fees collected pursuant to this section to the state treasurer who shall credit the fees to the educator licensure cash fund, created pursuant to section 22-60.5-112.

**Cross references:** For the legislative declaration contained in the 2003 act amending subsections (1)(b)(II), (1)(b)(III), and (2), see section 1 of chapter 196, Session Laws of Colorado 2003.

**22-2-119.5. Department of education - duty to report - convictions.** (1) Upon receiving a report from a court pursuant to section 13-1-130, C.R.S., that a person has been convicted of, pled guilty or nolo contendere to, or received a deferred sentence for an offense specified in subsection (2) of this section, the department shall immediately report such fact to the school district that is the current employer or the last known employer of the person.

(2) The provisions of this section shall apply to the following offenses:

(a) A felony;

(b) A misdemeanor offense specified in section 18-7-302 (2) (b), C.R.S., or part 4 of article 3, part 4 of article 6, or part 4 of article 7 of title 18, C.R.S., or any counterpart municipal law of this state;

(c) A misdemeanor, the underlying factual basis of which has been found by the court on the record to involve domestic violence, as defined in section 18-6-800.3 (1), C.R.S.

**Source:** **L. 2003:** Entire section added, p. 2515, § 5, effective June 5.

**22-2-120. Department of education - study of optimum school size and the feasibility of school district reorganization. (Repealed)**

**Source:** **L. 90:** Entire section added, p. 1085, § 48, effective May 31.

**Editor's note:** Subsection (2) provided for the repeal of this section, effective January 1, 1992. (See L. 90, p. 1085.)

**22-2-121. Department of education - funding for national academic award winners. (Repealed)**

**Source:** **L. 97:** Entire section added, p. 1058, § 1, effective May 27. **L. 2006:** Entire section repealed, p. 596, § 5, effective August 7.

**22-2-121.5. National academic contest fund - balance of moneys - transfer.** On June 30, 2011, the state treasurer shall transfer the balance of moneys in the national academic contest fund, as said fund existed prior to August 7, 2006, to the state education fund created in section 17 (4) of article IX of the state constitution.

**Source:** **L. 2011:** Entire section added, (SB 11-218), ch. 151, p. 525, § 1, effective May 5.

**22-2-122. Grants to schools and school districts.** (1) (a) In preparing the application forms to be submitted by school districts or public schools when applying for grant

moneys, except as otherwise required by statute, the department shall not require information from public schools or school districts which has been previously submitted to the department; except that this prohibition shall not apply to annual updates of information sought by the department.

(b) In preparing said application forms and in reviewing submitted applications, the department shall utilize a database of pertinent data previously received from, or otherwise obtained regarding, schools and school districts, so as to minimize the need to require schools and school districts to send duplicative information.

(2) Whenever, as part of a grant program, the department or a school or school district is required to prepare an evaluation of the effectiveness of the services provided using the grant moneys, the department shall compile the evaluations and make such evaluations readily available to all schools and school districts upon request. Any costs associated with the compilation and availability of such reports shall be paid from the amount appropriated to the department for costs incurred in administering such grant programs.

(3) (a) For each budget year, the department shall allocate to the boards of cooperative services established pursuant to article 5 of this title that provide a wide range of services described in section 22-5-118 to their member school districts, or school districts with student populations of less than four thousand students, an amount equal to one percent of the amount appropriated to all education grant programs for that fiscal year, or two hundred fifty thousand dollars, whichever is less. The amount allocated to the boards of cooperative services pursuant to this subsection (3) shall be taken from the amounts appropriated to all education grant programs. In the event the department allocates two hundred fifty thousand dollars, such amount shall be taken from each education grant program in the same proportion that the amount appropriated for that fiscal year to the education grant program bears to the total amount appropriated for that fiscal year to all education grant programs.

(b) The department shall proportionately divide the moneys allocated pursuant to this subsection (3) among the boards of cooperative services described in paragraph (a) of this subsection (3) on a per school district basis, based on the total number of school districts that have student populations of less than four thousand students and are members of boards of cooperative services that shall receive moneys pursuant to this subsection (3).

(c) The boards of cooperative services that receive moneys pursuant to this subsection (3) shall only use such moneys to assist member school districts and schools in applying for grants from education grant programs. One or more boards of cooperative services may use the moneys allocated pursuant to this subsection (3) jointly to provide services to member school districts from more than one board of cooperative services.

**Source:** L. 2002: Entire section added, p. 326, § 1, effective August 7. L. 2003: (1)(a), (2), (3)(a), and (3)(c) amended, p. 2140, § 44, effective May 22.

## **22-2-123. Eligible facilities education task force - creation - membership - duties - repeal. (Repealed)**

**Source:** L. 2002: Entire section added, p. 907, § 2, effective July 1. L. 2003: (3) amended, p. 2006, § 81, effective May 22.

**Editor's note:** Subsection (7) provided for the repeal of this section, effective January 1, 2004. (See L. 2002, p. 907.)

**22-2-124. Family literacy education grant program - rules.** (1) This section shall be known and may be cited as the "Colorado Family Literacy Act of 2002".

(2) As used in this section, unless the context otherwise requires:

(a) "Adult literacy education" means an educational program designed to provide basic academic skills and training in mathematics, writing, reading, and language, and may include English literacy instruction.

(b) "Competence in the English language" means English language comprehension, speaking, reading, and writing skills.

(c) "Eligible adult" means a person who meets the following criteria:

- (I) Is at least seventeen years of age;
- (II) Is not enrolled in a public or private secondary or postsecondary school; and
- (III) (A) Lacks a high school diploma or its equivalent; or  
(B) Is in need of English language instruction; or  
(C) Lacks sufficient mastery of basic educational skills necessary to enable the person to function effectively as a partner in the educational development of his or her children.

(d) "Eligible parent" means an eligible adult who has one or more children in need of family literacy education, and who can certify to the department of education that each said child is enrolled in a public elementary or secondary school in the state. "Eligible parent" includes a legal guardian, grandparent, stepparent, aunt, uncle, sibling, or other person with whom the child lives on a full-time basis or who has been designated by a parent, legal guardian, or court-appointed adult to act in place of the parent.

(e) "English literacy" means instruction that is designed to assist individuals of limited English proficiency to achieve competence in the English language, thus allowing them to understand and navigate governmental, educational, and workplace systems.

(f) "Family literacy education" means services that are of sufficient intensity and duration to make sustainable changes in a family and that integrate all of the following:

- (I) Interactive literacy activities between an eligible parent and his or her child;
- (II) Training of an eligible parent to be the primary teacher for his or her child and to be a full partner in the education of his or her child;
- (III) Parent literacy training that leads to economic self-sufficiency; and
- (IV) Age-appropriate education to prepare participating children for success in school.

(g) "Intergenerational services" means activities that link adult literacy programs to home and school settings that are of sufficient intensity and duration to promote literacy development in the family.

(h) "Literacy" means an individual's ability to read, write, and speak English and to compute and solve problems at levels of proficiency necessary to function on the job and in society in order to achieve one's goals and to develop one's knowledge and potential.

(i) "Local education provider" means an institution or organization which may be any of the following:

(I) An educational entity recognized by the department as providing appropriate and effective family literacy education programs;

- (II) A community college;
- (III) A community-based organization of demonstrated effectiveness;
- (IV) A library;
- (V) A literacy council or other literacy institute;
- (VI) A school district or local educational agency;
- (VII) A nonprofit agency;
- (VIII) A nonprofit institution, other than one described in this paragraph (i), having the ability to provide literacy services to families and adults;

(IX) A business or business association, other than one described in this paragraph (i), having the ability to provide literacy services to families and adults either on-site or off-site;

(X) A volunteer literacy organization of demonstrated effectiveness;

(XI) A work force board, as defined in section 8-83-203, C.R.S., that oversees a work force investment program described in the "Colorado Work Force Investment Act", part 2 of article 83 of title 8, C.R.S.;

(XII) A one-stop partner, as described in section 8-83-216, C.R.S., under the "Colorado Work Force Investment Act", part 2 of article 83 of title 8, C.R.S.;

(XIII) A consortia of entities described in this paragraph (i).

(j) "Support services" means those services necessary to enable eligible parents and their children and other eligible adults to participate in and benefit from a family literacy or an adult literacy education program.

(3) There shall be established within the department the family literacy education grant program. Local education providers may apply to the department for grants to provide the following services:

- (a) Family literacy education for eligible parents and their children;

(b) Adult literacy education for eligible adults, including but not limited to intergenerational services; and

(c) English language literacy education for adults needing English language instruction, including but not limited to intergenerational services.

(4) Grant recipients may use the funds awarded pursuant to this section for the following activities:

(a) Training for paid and volunteer instructors of family literacy and adult literacy education;

(b) Staffing literacy education programs by providing salaries, wages, benefits, books, and other instructional materials;

(c) Administering family literacy education programs;

(d) Providing support services necessary to enable individuals to participate in and benefit from the family literacy education grant program; and

(e) Outreach activities to enroll eligible parents and their children and to recruit volunteer tutors to support instructors.

(5) The state board shall adopt such procedures, rules, and forms as may be necessary to implement the family literacy education grant program. Applications shall be made to the department in such form and at such time as the state board may prescribe. Grant moneys received under the family literacy education grant program may be used in conjunction with funds received from any other public or private source.

(6) The state board shall consider, at a minimum, the following factors when evaluating applications for grants through the family literacy education grant program:

(a) The percentage of children in the schools in the areas to be served whose parents lack a high school diploma;

(b) The percentage of eligible adults expected to be enrolled in family literacy or adult literacy education programs funded by the grant who are members of minority groups;

(c) The percentage of eligible adults in any local area to be served using grant moneys who do not have certificates of graduation from a secondary school and who are not currently enrolled in family literacy or adult literacy education programs;

(d) The percentage of eligible parents with limited English skills; and

(e) (I) The percentage of eligible parents and their children expected to be enrolled in family literacy or adult literacy programs funded by the grant who are receiving either state or federal public assistance; or

(II) The percentage of eligible parents in the area to be served who are unemployed workers.

(7) (a) The department may audit the records and accounts of family literacy education providers relating to grants awarded pursuant to this section. A local education provider shall make the records and accounts available to the department upon request.

(b) Upon completion of any family literacy education program funded, in part, by a grant awarded pursuant to this section, each local education provider shall report to the department the same information on the state-funded program as is required to be reported by Title II of the federal "Workforce Investment Act of 1998", as amended, 20 U.S.C. sec. 9201 et seq., for federally funded programs, along with data concerning the children's education component. The department may request such additional information as may be required by rule of the state board.

(c) Repealed.

(8) (a) The department is authorized to receive and expend gifts, donations, or grants of any kind from any public or private entity to carry out the purposes of this section, subject to the terms and conditions under which given; except that no gift, donation, or grant shall be accepted if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law.

(b) Any gifts, grants, or donations received pursuant to paragraph (a) of this subsection (8) shall be transmitted to the state treasurer who shall credit the same to the family literacy education fund, which fund is hereby created in the state treasury. The family literacy education fund shall consist of any moneys credited thereto pursuant to this subsection (8) and any moneys that may be appropriated thereto by the general assembly. All investment earnings derived from the deposit and investment of the moneys in the family literacy

education fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the family literacy education fund at the end of any fiscal year shall remain in the fund and shall not be transferred to the general fund or any other fund.

(9) (a) It is the intent of the general assembly that:

(I) Repealed. / (Deleted by amendment, L. 2007, p. 1406, § 2, effective May 30, 2007.)

(II) To the extent that family literacy services provided pursuant to this section comply with federal requirements, the department actively pursue all federal moneys that may be available through:

(A) The federal “No Child Left Behind Act of 2001”, including but not limited to the William F. Goodling Even Start family literacy programs, 20 U.S.C. sec. 6381 et seq.; and

(B) Title II of the federal “Workforce Investment Act of 1998”, as amended, 20 U.S.C. sec. 9201 et seq.

(b) (Deleted by amendment, L. 2007, p. 1406, § 2, effective May 30, 2007.)

**Source:** **L. 2002:** Entire section added, p. 814, § 2, effective May 30. **L. 2003:** (9) amended, p. 2166, § 1, effective June 3. **L. 2006:** (9)(b)(I) amended, p. 597, § 6, effective August 7; (2)(c)(I) amended, p. 1213, § 6, effective July 1, 2007. **L. 2007:** (7)(c) repealed, p. 756, § 3, effective May 10; (9)(a)(I) repealed, p. 1038, § 10, effective May 22; (9) amended, p. 1406, § 2, effective May 30. **L. 2012:** (2)(i)(XI) and (2)(i)(XII) amended, (HB 12-1120), ch. 27, p. 107, § 21, effective June 1.

**Editor’s note:** (1) This section was originally numbered as 22-2-122 in House Bill 02-1303 but has been renumbered on revision for ease of location.

(2) Amendments to subsection (9) by House Bill 07-1271 and Senate Bill 07-192 were harmonized.

(3) The effective date for amendments to subsections (2)(i)(XI) and (2)(i)(XII) by House Bill 12-1120 (chapter 27, Session Laws of Colorado 2012) was changed from August 8, 2012, to June 1, 2012, by House Bill 12S-1002 (First Extraordinary Session, chapter 2, p. 2432, Session Laws of Colorado 2012.)

For the legislative declaration contained in the 2006 act amending subsection (2)(c)(I), see section 1 of chapter 265, Session Laws of Colorado 2006. For the legislative declaration contained in the 2007 act amending subsection (9), see section 1 of chapter 331, Session Laws of Colorado 2007.

**22-2-125. Loan program for capital improvements in growth school districts - use of public school fund.** (1) For purposes of this section:

(a) “Capital improvement” means:

(I) The acquisition or purchase of buildings or grounds;

(II) The enlargement, improvement, remodeling, repairing, or making of additions to any school building;

(III) The construction or erection of school buildings;

(IV) The equipping or furnishing of any school building, but only in conjunction with a construction project for a new building or for an addition to an existing building or in conjunction with a project for substantial remodeling, improvement, or repair of an existing building; or

(V) The improvement of school grounds.

(b) “Growth district” means any district whose supplemental pupil enrollment exceeded the district’s pupil enrollment for the most recently completed budget year by a number greater than one percent of the district’s pupil enrollment for that budget year or fifty pupils, whichever is less.

(2) As authorized under the provisions of section 3 of article IX of the state constitution, the state treasurer may make loans to growth districts for the purpose of funding capital improvements. The procedures for the making of loans shall be determined by the state treasurer subject to the following:

(a) No loan shall be authorized for any capital improvement that has not been approved by the state board in accordance with subsection (3) of this section.

(b) No loan shall be authorized in an amount other than the amount determined by the state board unless the state board approves the change in the loan amount; except that the state board shall not authorize an amount of a loan for any growth district that exceeds ten percent of the amount of the public school fund that the state treasurer has determined may be loaned out in accordance with subsection (5) of this section.

(c) No loan shall be authorized unless the debt is approved by the voters of the growth district.

(d) No loan shall be authorized unless the method for repayment of the loan is specified in the application. If the loan is to be repaid from a property tax mill levy, such levy must be approved at the same election that authorized the creation of the debt.

(e) The loan shall be made as soon as possible upon approval of the loan by the state board.

(3) (a) On and after January 1, 2003, a growth district may apply to the state board for a loan of public school fund moneys to be used by the growth district to pay for one or more capital improvements. The amount of the loan requested shall be an amount equal to the full cost of the capital improvement or a lesser amount that in combination with other financial resources of the growth district shall allow the capital improvement to be completed. The loan application shall be in a form prescribed by the state board and shall include:

(I) A description of the capital improvement for which a loan is sought and a statement of the reasons why the capital improvement is necessary;

(II) A time line for completion of the capital improvement;

(III) A building permit for the capital improvement, if applicable;

(IV) A statement of the amount of the loan requested together with an estimate of the cost of the capital improvement prepared by a qualified builder or contractor. If the amount of the loan requested differs from the amount of the estimate of the cost of the capital improvement, the growth district shall also provide an explanation for the difference.

(V) A plan for repaying the loan, including a proposed repayment schedule;

(VI) A statement of the amount of moneys from other sources, if any, that the growth district intends to use to help defray the costs of the capital improvement; and

(VII) Any additional information that the state board may reasonably require, by rules promulgated in accordance with article 4 of title 24, C.R.S., to help it determine whether or not to approve the loan application.

(b) To ensure that a growth district applying for a loan can move forward with any capital improvements quickly or develop alternative financing strategies without undue delay, the state board shall approve or disapprove a loan application no later than forty-five days after the application is submitted. To ensure that loan applications can be processed efficiently, the state board may delegate the authority to approve loan applications to a designated employee of the department. The state board or its designee shall consider all of the information in an application before approving or disapproving the application and a growth district whose loan application is denied shall have no right to further review by the state board or its designee.

(4) The state board shall establish a repayment schedule that shall require the growth district to make monthly payments on the loan and fully repay all moneys borrowed within ten years after the date a loan is made available pursuant to subsection (2) of this section.

(5) The state treasurer shall determine the amount of the public school fund that may be loaned out pursuant to this section and the rate of interest to be charged on loans. The state treasurer shall charge interest on loans made at a rate designed to match the rate of interest derived from the deposit and investment of moneys in the public school fund. Payments of the principal of and interest on all loans shall be returned to the fund.

(6) The general assembly shall appropriate money from the general fund to restore moneys to the public school fund, together with interest, that are lost by reason of the failure of any school district to repay a loan made pursuant to this section.

**Source: L. 2002:** Entire section added, p. 1742, § 15, effective June 7.

**Editor's note:** This section was originally numbered as 22-2-122 in House Bill 02-1349 but has been renumbered on revision for ease of location.

**22-2-126. On-line education programs - study - report - repeal. (Repealed)**

**Source: L. 2002:** Entire section added, p. 1781, § 46, effective June 7.

**Editor's note:** (1) This section was originally numbered as § 22-2-122 in House Bill 02-1349 but was renumbered on revision for ease of location.

(2) Subsection (5) provided for the repeal of this section, effective January 1, 2003. (See L. 2002, p. 1781.)

**22-2-127. Financial literacy - resource bank - technical assistance.** (1) As used in this section, "financial literacy" means knowledge of personal finances that is sufficient to enable a person to manage savings, investment, and checking accounts, to design and maintain a household budget, to manage personal debt, to understand consumer credit and finance, to manage personal credit options, and to understand and select among short-term and long-term investment options.

(2) The state board shall create and maintain a resource bank of materials pertaining to financial literacy. At a minimum, the resource bank shall include national model standards for financial literacy, model programs of instruction for financial literacy, model financial literacy curricula, and model materials for professional educator development in teaching financial literacy. The resource bank shall also include a list of the available mathematics and economics textbooks that contain substantive provisions on personal finance, including personal budgeting, credit, debt management, and similar personal finance topics. The state board shall ensure that the materials included in the resource bank represent the best practices in the teaching of financial literacy. The materials in the resource bank shall be available to school districts not later than March 15, 2005.

(3) Upon the request of a school district or a charter school, the department shall provide technical assistance to the school district or charter school in designing a curriculum of financial literacy.

(4) The department shall implement the provisions of this section to the fullest degree possible within existing resources. The department shall contract with one or more entities for the implementation of this section.

(5) The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, creation of a resource bank of materials pertaining to financial literacy is an important element of an accountable program to meet state academic standards and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(6) (a) The department is authorized to accept and expend any gifts, grants, or donations that may be available from any private or public sources for the implementation of this section. All private and public funds received through gifts, grants, or donations pursuant to this subsection (6) shall be transmitted to the state treasurer, who shall credit the same to the financial literacy cash fund, which fund is hereby created and referred to in this subsection (6) as the "fund". The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of this section. Any moneys in the fund not expended for the purposes of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Except as otherwise provided in paragraph (b) of this subsection (6), any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(b) On June 30, 2011, the state treasurer shall transfer the balance of moneys in the fund to the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2004:** Entire section added, p. 1773, § 1, effective June 4. **L. 2011:** (6) amended, (SB 11-218), ch. 151, p. 525, § 2, effective May 5.

**22-2-128. Department of education - reciprocal agreements with adjacent states - report.** (1) The department shall, to the extent that each state that is adjacent to Colorado is agreeable, negotiate a reciprocal agreement with each such state to allow a child who is a resident of one state to attend a public school in the other state without paying tuition when the geographic conditions or distances are such that it would be impracticable for the child to attend the schools of his or her own state.

(2) On or before January 31, 2007, the department shall submit to the education committees of the house of representatives and the senate, or any successor committees, a report that includes but need not be limited to a list of the states that are adjacent to Colorado that have entered into a reciprocal agreement with Colorado pursuant to subsection (1) of this section.

**Source: L. 2006:** Entire section added, p. 662, § 5, effective April 28.

**22-2-129. Department of education - approved supplemental education services providers - list.** (1) As used in this section, unless the context otherwise requires, “supplemental education services” means tutoring services and other academic enrichment services required to be provided to eligible students pursuant to 20 U.S.C. sec. 6316 (e) and that are provided to students in addition to the standard curriculum of instruction provided during the school day.

(2) The department shall annually issue a request for proposals through which providers of supplemental education services may apply to the department to be included on the list of approved supplemental education services providers. The department shall review the applications and include on the list the applying providers that meet the criteria specified in subsection (3) of this section. The department shall annually post on its web site the list of approved supplemental education services providers for use by school districts in selecting providers of supplemental education services to meet the requirements of 20 U.S.C. sec. 6316 (e).

(3) To be included on the list of approved providers of supplemental education services, a provider shall:

(a) Demonstrate that each tutor employed by the provider meets the requirements specified for paraprofessionals under 20 U.S.C. sec. 6319 (c);

(b) Ensure that all personnel employed by the provider who interact with students comply with the fingerprinting and criminal history record check requirements specified for educator licensees in section 22-60.5-103;

(c) In providing advertising and informational materials to parents and students, refrain from making any representations as to whether a school district shall pay all or any portion of the cost of the supplemental education services provided by the provider; and

(d) Comply with any additional requirements specified by the department in the annual request for proposals.

**Source: L. 2007:** Entire section added, p. 408, § 1, effective August 3.

**22-2-130. Supplemental on-line education grant program - legislative declaration - definitions - creation - eligibility - award - fund.** (1) The general assembly finds that:

(a) On-line education courses that are supplemental to the education program provided by a school district, charter school, or BOCES are a valuable resource for schools because they allow a school district, charter school, or BOCES to provide a much richer, more varied curriculum of courses for students at all levels of achievement. Further, enrollment in such courses decreases the need for college remediation and helps prepare students to meet higher education admission guidelines.

(b) Although small or rural school districts, charter schools, and BOCES may have the greatest need for supplemental on-line education, these school districts, charter schools, and BOCES may face financial or technical barriers when attempting to provide supplemental on-line education courses to their students. Often these barriers are conquerable but out of reach for these school districts, charter schools, and BOCES.

(b.5) Educational programs provided for students in out-of-home placement or through day treatment facilities are generally small and have difficulty accessing resources or employing a large number of teachers. Supplemental on-line education courses are especially helpful and necessary for facility schools to enable them to provide a much wider variety of courses and to help their students meet graduation standards.

(c) It is therefore in the best interests of the state to help small or rural school districts, charter schools, BOCES, and facility schools provide supplemental on-line education courses to their students by allowing these school districts, charter schools, facility schools, and BOCES to apply for grants to help them overcome their financial and technical barriers.

(2) As used in this section, unless the context otherwise requires:

(a) "BOCES" means a board of cooperative services created pursuant to article 5 of this title, all member school districts of which are eligible school districts.

(b) "Eligible charter school" means:

(I) A charter school that is authorized by an eligible school district pursuant to part 1 of article 30.5 of this title and that does not operate an on-line program or as an on-line school; or

(II) An institute charter school that is authorized pursuant to part 5 of article 30.5 of this title, that enrolls fewer than three thousand students, as determined by the institute charter school's pupil enrollment certified by the state charter school institute on behalf of the institute charter school to the state board pursuant to section 22-30.5-513 (3) (a), and that does not operate an on-line program or as an on-line school.

(c) "Eligible school district" means a school district that does not export an on-line program or on-line school to students receiving the program at a location outside of the school district's geographic boundaries and that enrolls fewer than three thousand students, as determined by the school district's pupil enrollment certified to the state board pursuant to section 22-54-112.

(c.5) "Facility school" means an approved facility school as defined in section 22-2-402 (1).

(d) "Grant program" means the supplemental on-line education grant program created in subsection (3) of this section.

(e) "Provider" means an entity that sells supplemental on-line education courses that are taught by employees of the provider who are teachers licensed in Colorado pursuant to article 60.5 of this title.

(f) "Supplemental on-line education course" means an education course that is:

(I) Taught by a teacher who is licensed pursuant to article 60.5 of this title;

(II) Delivered via an internet format to one or more students at a location that is remote from the delivery point; and

(III) Purchased by an eligible school district, eligible charter school, BOCES, or facility school from a provider to augment the education program provided by the eligible school district, eligible charter school, BOCES, or facility school.

(3) There is hereby created the supplemental on-line education grant program to assist an eligible school district, an eligible charter school, a BOCES, or a facility school in providing supplemental on-line education courses to students. Subject to available appropriations, the state board shall award grants pursuant to this section to assist eligible school districts, eligible charter schools, BOCES, and facility schools in removing financial and technical barriers to providing supplemental on-line education courses. Grants awarded pursuant to this section shall be used for one or more of the following purposes:

(a) As additional reimbursement for the cost of purchasing supplemental on-line education courses; or

(b) To increase the eligible school district's, eligible charter school's, BOCES's, or facility school's ability to access supplemental on-line education courses by:

(I) Providing technical equipment or hiring technical specialists to audit and configure computer networks;

(II) Providing staff development and training for onsite personnel; or

(III) Providing financial assistance to help hire site coordinators or other personnel needed to facilitate on-line access.

(4) An eligible school district, an eligible charter school, a BOCES, or a facility school may apply to the department, in accordance with the procedures and time frames adopted by rule of the state board pursuant to subsection (5) of this section, to receive moneys through the grant program. The department shall administer the grant program as provided in this section.

(5) The state board shall promulgate rules specifying the procedures and time frames for applying for a grant, the form of the grant application, the information to be provided by the applicant, and any criteria for awarding grants that are in addition to those specified in paragraph (b) of subsection (6) of this section.

(6) (a) The department shall review each grant application received pursuant to this section and shall make recommendations to the state board concerning whether the grant should be awarded and the amount of the grant.

(b) In selecting grant recipients, the state board shall give priority to grant applications from eligible school districts, eligible charter schools, BOCES, or facility schools that have been financially or technologically unable to provide supplemental on-line education courses in the past and that demonstrate the greatest need for a grant to be able to begin providing supplemental on-line education courses. In addition, the state board shall consider:

(I) The degree to which students enrolled in the eligible school district or eligible charter school, or in a school operated by a BOCES or in a facility school require supplemental on-line education courses to be able to meet the higher education admission standards adopted by the Colorado commission on higher education; and

(II) Other revenue sources available to the eligible school district, eligible charter school, BOCES, or facility school to assist in overcoming the financial and technological barriers to providing supplemental on-line education programs.

(c) A grant awarded pursuant to this section shall not exceed five thousand dollars in a fiscal year. An eligible school district, an eligible charter school, a BOCES, or a facility school may receive grants in consecutive years.

(7) (a) The general assembly shall annually appropriate to the department of education, from federal mineral leasing revenues transferred to the state public school fund pursuant to section 34-63-102, C.R.S., and section 22-54-114 (1), an amount to be used for purposes of this section.

(b) The department may expend up to two percent of the moneys annually appropriated for the grant program to offset the direct and indirect costs incurred in implementing the grant program pursuant to this section.

(8) Repealed.

## **22-2-131. Data technology system - comprehensive review - requirements - report - repeal. (Repealed)**

**Source:** L. 2007: Entire section added, p. 1056, § 2, effective July 1.

**Editor's note:** Subsection (6) provided for the repeal of this section, effective July 1, 2008. (See L. 2007, p. 1056.)

**22-2-132. Department of education - career and technical education credential - rules.** (1) In accordance with the state plans for occupational education adopted by the state board for community colleges and occupational education, pursuant to section 23-60-304, C.R.S., the department shall issue credentials to teachers of occupational subjects, teacher-trainers, supervisors, directors, occupational counseling specialists, and

others having responsibilities in connection with occupational education at the secondary level. Prior to issuing a credential pursuant to this section, the department shall determine that the person applying for the credential meets the minimum qualifications established by the state board for community colleges and occupational education pursuant to section 23-60-304 (3) (a), C.R.S. A person who is required by law to obtain an educator license or authorization pursuant to article 60.5 of this title may obtain a credential pursuant to this section in addition to, but not in lieu of, the required educator license or authorization.

(2) Notwithstanding the provisions of subsection (1) of this section, the department may enter into a memorandum of understanding with the state board for community colleges and occupational education pursuant to which the state board for community colleges and occupational education, prior to July 1, 2009, may issue credentials to teachers of occupational subjects, teacher-trainers, supervisors, directors, occupational counseling specialists, and others having responsibilities in connection with occupational education at the secondary level as provided in this section.

(3) The state board of education shall promulgate such rules as may be necessary for the implementation of this section. At a minimum, the rules shall establish the amount of and procedures for the department to collect a fee for the issuance of a credential pursuant to this section and section 22-60.5-112.

**Source: L. 2008:** Entire section added, p. 909, § 1, effective May 20.

**22-2-133. Assessment and identification of students with literacy challenges including dyslexia - training and technical assistance - collaboration with higher education - report.** (1) On or before August 1, 2008, as part of its responsibility for education standards and practice, the department may make available technical assistance and training concerning issues faced by students with literacy challenges, including dyslexia, to school districts, administrative units as defined in section 22-20-103 (1), residential treatment facilities, correctional facilities, and other local education agencies throughout the state. The provision of any technical assistance and training pursuant to this subsection (1) shall not preclude the department from using federal funds to implement such technical assistance and training. Any technical assistance and training provided shall include, but need not be limited to, the areas of awareness, assessment, identification, and evidence-based progress monitoring, and shall include scientifically based interventions to address the needs of students with literacy challenges, including dyslexia. Any technical assistance and training provided shall represent a tiered continuum of intensity for intervention consistent with the response to intervention model that school districts are required to implement no later than August 15, 2009, pursuant to rules adopted by the department.

(2) The department is encouraged to coordinate any technical assistance and training provided with current best practices and work occurring in teacher preparation programs at institutions of higher education. Where appropriate, the department is encouraged to provide technical assistance and training to school districts, administrative units, residential treatment facilities, correctional facilities, and local education agencies in a coordinated effort with teacher preparation programs at institutions of higher education. The department and institutions of higher education are encouraged to work collaboratively to develop or affirm minimum standards for teacher preparation programs in the areas of literacy assessment and instructional skills, including dyslexia awareness, identification, and remediation for general and special education.

(3) On or before January 30, 2009, and on or before January 30 each year thereafter, the department shall report to the state board of education and to the education committees of the house of representatives and the senate, or any successor committees, concerning the activities and status of any technical assistance and training made available pursuant to this section.

(4) As used in this section, unless the context otherwise requires:

(a) "Literacy challenge" means a situation where a student is experiencing difficulty in reading in phonemic awareness, phonics, vocabulary, fluency, or comprehension.

(b) "Response to intervention" means a model for education developed pursuant to rules adopted pursuant to the "Exceptional Children's Educational Act", article 20 of this

title, that promotes a well-integrated system connecting general, compensatory, gifted, and special education in providing high-quality, standards-based instruction and intervention that is matched to a student's academic, social-emotional, and behavioral needs.

**Source:** **L. 2008:** Entire section added, p. 1418, § 1, effective August 5. **L. 2011:** (2) amended, (SB 11-245), ch. 201, p. 848, § 5, effective August 10.

**Cross references:** For the legislative declaration in the 2011 act amending subsection (2), see section 1 of chapter 201, Session Laws of Colorado 2011.

**22-2-134. Unique student identifier - early childhood education - rules.** (1) On or before September 1, 2008, the commissioner, in cooperation with the executive director of the department of human services, shall convene a working group to review the issues pertaining to the assignment of a uniquely identifying student number to children who receive state-subsidized or federally subsidized early childhood education services, including but not limited to services provided through the child care development block grant and head start. In convening the working group, the commissioner and the executive director of the department of human services shall include representatives from the department of education and the department of human services and representatives of school districts and other interested stakeholders.

(2) The working group shall adopt protocols by which the department of education, the department of human services, school districts, charter schools, the early childhood councils, as described in section 26-6.5-103.3, C.R.S., and the early childhood care and education councils, as defined in section 26-6.5-101.5 (6), C.R.S., shall cooperate in assigning the uniquely identifying student numbers. The working group shall also consider methods by which to encourage and facilitate the assignment of uniquely identifying student numbers to students who are receiving early childhood education services that are not subsidized by state or federal funding.

(3) On or before February 1, 2009, the commissioner shall report to the head of the office of information technology the findings and protocols adopted by the working group. The head of the office of information technology shall incorporate the findings and protocols of the working group into the report made to the governor and the state, veterans, and military affairs committees of the house of representatives and the senate, or any successor committees, pursuant to section 24-37.5-707, C.R.S.

(4) Following adoption of the protocols, the state board of education shall promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., as necessary for the assignment of uniquely identifying student numbers to students receiving early childhood education services. The state board shall collaborate with the state board of human services in promulgating rules as provided in this subsection (4) to ensure that they do not conflict with any rules promulgated by the state board of human services pursuant to section 26-6-121, C.R.S.

**Source:** **L. 2008:** Entire section added, p. 783, § 2, effective August 5.

**22-2-135. Food allergy and anaphylaxis management - rules.** (1) This section shall be known and may be cited as the "Colorado School Children's Food Allergy and Anaphylaxis Management Act".

(2) As used in this section, unless the context otherwise requires, "appropriate staff" means employees of a school whom the principal or equivalent executive in consultation with the school nurse of the school determines to be appropriate recipients of emergency anaphylaxis treatment training, which employees shall include, but need not be limited to, employees who are directly involved during the school day with a student who has a known food allergy.

(3) (a) On or before January 1, 2010, the state board of education, in consultation with the department of public health and environment, shall promulgate rules for the manage-

ment of food allergies and anaphylaxis among students enrolled in the public schools of the state. The rules shall include, but need not be limited to, the following:

(I) Reasonable accommodations for communication between schools and emergency medical services, including instructions for emergency medical responders;

(II) Reasonable accommodations to reduce the risk of students' exposure to agents that may cause anaphylaxis, including but not limited to exposure that may occur in classrooms, cafeterias, and common areas and during extracurricular activities, field trips, school-sponsored programs occurring before and after regular school hours, and other school-sponsored programs;

(III) The provision of emergency anaphylaxis treatment training for appropriate staff to prepare them to respond appropriately in the event that a student suffers anaphylaxis as a result of an allergic reaction to food, which training shall include but need not be limited to training in the administration of self-injectable epinephrine; and

(IV) Procedures to ensure the availability of a student's self-injectable epinephrine to faculty and administrative staff of the school in the event that a student suffers anaphylaxis and requires emergency medical treatment.

(b) Prior to the beginning of each school year, each school district shall provide notice to a parent or legal guardian of each student enrolled in a school of the school district of the policy adopted by the school district pursuant to section 22-32-139. The notice shall include the standard form developed by the department of public health and environment pursuant to section 25-1.5-109, C.R.S., to allow the parent or legal guardian of a student with a known food allergy to provide the following information to the school's administration:

(I) Documentation regarding the diagnosis and history of the student's food allergy;

(II) Identification of all foods to which the student is known to be allergic;

(III) Identification of any medication that has been prescribed for the student for the treatment of a food allergy or anaphylaxis;

(IV) Any specific signs or symptoms that may indicate the student is having an allergic reaction to a food;

(V) Emergency treatment procedures to employ in the event that the student suffers an allergic reaction to food;

(VI) The names and telephone numbers of persons whom the administration of the student's school should contact in addition to emergency medical personnel in the event that the student suffers an allergic reaction to food; and

(VII) The name, telephone number, and signature of the student's primary health care provider.

(c) The notice required by paragraph (b) of this subsection (3) shall include language that encourages parents and legal guardians of students for whom medication has been prescribed for treatment of a food allergy or anaphylaxis to give to the school nurse or other administrator of the student's school a supply of the medication.

**22-2-136. Additional duty - state board - individual career and academic plans - standards - rules.** (1) On or before February 1, 2010, the state board shall promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., to establish standards for individual career and academic plans for students enrolled in the public schools in the state. An individual career and academic plan shall be designed to assist a student and his or her parent or legal guardian in exploring the postsecondary career and educational opportunities available to the student, aligning course work and curriculum, applying to postsecondary education institutions, securing financial aid, and ultimately entering the workforce.

(2) In establishing the standards for individual career and academic plans, the state board shall ensure, at a minimum, that:

(a) Each individual career and academic plan includes a career planning and guidance component and a portfolio that reflects, at a minimum:

(I) The student's efforts in exploring careers, including interest surveys that the student completes;

(II) The student's academic progress, including the courses taken, any remediation or credit recovery, and any concurrent enrollment credits earned;

(III) For school districts and charter schools that choose to administer the basic skills placement or assessment tests, the student's scores on the basic skills placement or assessment tests administered pursuant to section 22-30.5-117, 22-30.5-526, or 22-32-109.5 (4), any intervention plan created for the student pursuant to said sections, and the student's progress in meeting the intervention plan;

(IV) The student's progress in visual arts and performing arts courses;

(V) The student's experiences in contextual and service learning;

(VI) The student's college applications and resume, as they are prepared and submitted; and

(VII) The student's postsecondary studies as the student progresses;

(b) Each individual career and academic plan is accessible to educators, students, and parents; and

(c) Each public school, in assisting students and parents in creating and maintaining the individual career and academic plans, is in compliance with the requirements of the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g.

**22-2-137. State schools - legislative declaration - feasibility study - authority to contract - funding.** (1) The general assembly finds that some states have created state and residential schools to provide educational programs and student support services for students who are at risk of academic failure. The general assembly further finds that early reports of results achieved by some of these schools indicate that this may be a promising approach to reducing the dropout rate, closing the achievement gaps, and helping to raise the level of academic achievement among students in the state. The general assembly therefore finds that it is appropriate for the commissioner to study the feasibility of creating one or more state schools in Colorado, which may include a residential component or a specific student population.

(2) Beginning in July 2009, the commissioner shall study the feasibility of operating one or more state schools to serve students who are in need of greater academic support and who may be at risk of academic failure. At a minimum, the feasibility study shall address and make recommendations concerning the following issues:

(a) The goals that a state school would be designed to achieve and a method for measuring the level of achievement of those goals. In addressing this issue, the commissioner shall provide an overview of the state and residential schools operating in other states, the goals that they are designed to achieve, and the degree to which they have achieved or are achieving those goals.

(b) The appropriate student population to be served by a state school and the manner of selecting students, the number of state schools that should be considered, and appropriate locations for state schools;

(c) The governance structure and funding for a state school, including the optimal level of per pupil funding, funding for capital construction needs, and potential public and private funding sources;

(d) The appropriate curriculum for a state school, including which grade levels a state school would serve, the length of the school day and school year for which a state school

would operate, and whether a state school should include a focus on specific subject matter areas; and

(e) The types of student and family support services that a state school would provide, including the manner in which a state school would collaborate with state and local agencies in providing these services.

(3) On or before February 1, 2010, the department shall submit to the education committees of the house of representatives and the senate the feasibility study described in subsection (2) of this section for operating one or more state schools and any legislative recommendations the department may have pertaining to the creation of one or more state schools.

(4) (a) Following completion of the feasibility study, if the commissioner concludes that the creation and operation of state residential schools would be beneficial to the state, the commissioner may contract for the creation and operation of one or more state residential schools to provide educational services to students who are at risk of academic failure. Any state residential school operated pursuant to this section shall provide an educational program focused on mathematics and science.

(b) If the commissioner does not contract for state residential schools as authorized in paragraph (a) of this subsection (4), the commissioner may provide technical assistance to school districts and public schools to address the needs of students who are at risk of academic failure by improving the availability and quality of secondary-level mathematics and science curricula.

(5) (a) It is the intent of the general assembly that up to three million dollars be appropriated to the commissioner to expend for the implementation of subsection (4) of this section. The general assembly finds that, for purposes of section 17 of article IX of the state constitution, the creation of state residential schools and the provision of technical assistance to improve secondary-level mathematics and science curricula as provided in subsection (4) of this section are important elements of accountable programs to meet state academic standards, and the general assembly may therefore appropriate moneys from the state education fund created in section 17 (4) of article IX of the state constitution for the implementation of subsection (4) of this section.

(b) In addition to the funding provided pursuant to paragraph (a) of this subsection (5), if the commissioner contracts for the creation and operation of one or more state residential schools, the department shall provide funding for said schools by withholding moneys from the state share of total program funding payable to the district of residence of each student who enrolls in a state residential school. The amount withheld shall be equal to the amount of the school district's per pupil revenue for the applicable budget year multiplied by the number of students who reside in the school district and are enrolled in the state residential school as of the pupil enrollment count day of the applicable budget year. A student who enrolls in a state residential school shall be counted in the pupil enrollment of the student's school district of residence for purposes of this paragraph (b). The department shall adopt guidelines as necessary for the implementation of this paragraph (b).

(c) The commissioner is encouraged to apply federal moneys received pursuant to the federal "American Recovery and Reinvestment Act of 2009", Pub.L. 111-5, to the extent allowed to offset the costs incurred in implementing this section. The commissioner is authorized to seek and accept additional public or private gifts, grants, or donations for the implementation of this section.

**Source: L. 2009:** Entire section added, (SB 09-256), ch. 294, p. 1561, § 24, effective May 21. **L. 2012:** (5)(b) amended, (HB 12-1090), ch. 44, p. 150, § 3, effective March 22.

**22-2-138. State environmental education plan - fund created.** (1) Subject to the provisions of subsection (3) of this section, the department, in consultation with the department of natural resources, shall develop and the state board shall adopt a state plan for environmental education. At a minimum, the state plan for environmental education shall address strengthening the reach and coordination of environmental education in public schools and providing to educators professional development in environmental education. The department shall ensure that the state plan for environmental education complies with

any requirements imposed by federal law or by regulations adopted by the federal department of education.

(2) (a) The department is authorized to seek, accept, and expend public or private gifts, grants, or donations for the implementation of this section; except that the department may not accept a gift, grant, or donation for the implementation of this section that is subject to conditions that are inconsistent with this section or any other law of the state. The department shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the state environmental education fund, which fund is hereby created and referred to in this section as the "fund". The moneys in the fund are continuously appropriated to the department for the direct and indirect costs associated with implementing this section.

(b) Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(3) The department shall implement the provisions of subsection (1) of this section only if the department receives public or private gifts, grants, or donations in an amount it deems sufficient to offset the costs incurred in creating and adopting the state plan for environmental education.

**Source: L. 2010:** Entire section added, (HB 10-1131), ch. 332, p. 1532, § 4, effective May 27.

**Cross references:** For the legislative declaration in the 2010 act adding this section, see section 1 of chapter 332, Session Laws of Colorado 2010.

**22-2-139. Memorandum of understanding - notification of risk - rules.** (1) On or before July 1, 2011, the department of human services and the department of education shall enter into a memorandum of understanding concerning the enrollment of students in the public school system from a state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S. The memorandum of understanding shall include, but need not be limited to:

(a) A consistent and uniform approach to notification and appropriate and allowable data-sharing about students, including but not limited to medical, mental health, sociological, and scholastic achievement, within the limits of state and federal privacy and confidentiality law, between school districts, charter schools, institute charter schools, and county departments of social services for the purposes of collaboration in the placement of students pursuant to this section and section 22-20-108, better facilitation of the creation of transition plans for students, and ensuring the safety of the people in the school community;

(b) A plan for utilizing existing state and federal data and any existing information-sharing activities;

(c) A plan for determining accountability and collecting data concerning the implementation of the notifications and invitation required pursuant to this section and a mechanism by which school districts and the state charter school institute shall report the aggregate data to the department of human services and department of education on or before February 15, 2012, and on or before February 15 each year thereafter. The data to report shall include, but need not be limited to:

(I) The number of placements occurring in a school year;

(II) The number of emergency placements occurring in a school year;

(III) The types of placements from which the students are transitioning;

(IV) The educational setting into which the student is being placed; and

(V) Demographic information of students, including but not limited to age, race, gender, and ethnicity;

(d) A process for determining information sharing and collaboration for placement of students pursuant to sections 22-20-108 and 26-1-138, C.R.S.;

(e) Recommendations for an approach to sharing data that conforms with the interdepartmental data protocol established pursuant to section 24-37.5-704, C.R.S., and that is in compliance with all state and federal laws, rules, and regulations concerning the privacy of information;

(f) Identification of training and professional development needs associated with implementing information sharing between responsible entities and funding sources that could be utilized for this purpose; and

(g) Consideration of recommendations made by existing working groups or projects that have been involved with information sharing or technology relating to information sharing among multiple entities as it relates to students transitioning back into public schools. A report of these recommendations shall be provided to the department of human services, the state board of human services, the department of education, and the state board of education prior to the final adoption of the memorandum of understanding.

(2) Beginning August 15, 2010, a state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., that is transferring a student to a public school shall notify the appropriate school district child welfare education liaison, designated pursuant to section 22-32-138 (2) (a), of the pending enrollment in a public school of a student who:

(a) Is transferring to a public school from a state-licensed day treatment facility licensed by the department of human services pursuant to section 26-6-102 (2.5), C.R.S., facility school as defined in section 22-2-402 (1), or hospital, licensed or certified pursuant to section 25-3-101, C.R.S.; and

(b) Has been determined by the state-licensed day treatment facility, the facility school, the hospital licensed or certified pursuant to section 25-3-101, C.R.S., or the court to be a risk to himself or herself or the community within the twelve months prior to the proposed transfer.

(3) This section shall apply only to a hospital licensed or certified pursuant to section 25-3-301, C.R.S., that is providing inpatient acute care or psychiatric services for a student for more than ten days and if there is actual knowledge that the student will attend an identified public school within sixty days after discharge from the hospital. For purposes of this subsection (3), information shared with the department of human services, county department of social services, or child education welfare liaison shall be shared only for a student who has been deemed to be a risk to himself or herself or the community within the twelve months prior to discharge.

(4) The notification required in subsection (2) of this section shall be made at least ten calendar days prior to the student's transition from the state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., and subsequent enrollment in a public school and shall include an invitation to the child welfare education liaison, or his or her designee, to participate in the development of a transition plan for the student. The information provided to the child welfare education liaison shall include, but need not be limited to, the transitioning student's educational records from the transferring educational facility and an outline of the student's transitional needs to be successful in the public school setting, which information would assist the school district in meeting the student's needs and ensuring a successful transition. If the transitioning student is in the custody of the department of human services or a county department of social services, the state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., shall also provide the notification to the department of human services.

(5) If a change of placement is required for the safety of the student or if a court, the department of human services, or a county department of social services makes a placement change with fewer than ten calendar days notice, the responsible state or county department of human services or social services shall provide information to the child welfare education liaison, designated pursuant to section 22-32-138 (2) (a), of the receiving school district, charter school, or institute charter school within five calendar days following the student's placement. The information provided to the child welfare education liaison shall include, but need not be limited to, the transitioning student's educational records from the transferring educational facility and an outline of the student's transitional needs to be

successful in the public school setting, which information would assist the district in meeting the student's needs and ensuring a successful transition.

(6) The responsible county department of social services and the receiving school district, charter school, or institute charter school shall cooperate to ensure that an appropriate placement including educational services is made pursuant to this section and sections 19-1-115.5, C.R.S., 22-20-108, and 22-32-138, as applicable.

(7) Within the confidentiality and privacy limits of state and federal law, the responsible county department of social services or the school district, charter school, institute charter school, or facility school shall provide information about the student to assist the receiving entity in determining an appropriate educational placement for the student.

(8) Nothing in this section shall alter the rights and obligations of the department of education, the department of human services, a county department of social services, or a school district, as such rights and obligations are set forth in this title; 20 U.S.C. sec. 1400 et seq.; 29 U.S.C. sec. 701 et seq.; 42 U.S.C. sec. 11431 et seq.; and 42 U.S.C. sec. 675, as amended by the federal "Fostering Connections to Success and Increasing Adoptions Act of 2008", Pub.L. 110-351.

(9) The state board of education may promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., concerning the implementation of this section, including but not limited to rules regarding notification and sharing of information as described in subsection (1) of this section.

**Source: L. 2010:** Entire section added, (HB 10-1274), ch. 271, p. 1245, § 2, effective May 25.

**Cross references:** For the legislative declaration in the 2010 act adding this section, see section 1 of chapter 271, Session Laws of Colorado 2010.

**22-2-140. Digital learning study - legislative declaration - definitions - notice of funding through gifts, grants, and donations - repeal.** (1) The general assembly finds that:

(a) The significant advances in digital learning technologies that have occurred in the past five years suggest many promising strategies for improving public education if these technologies are effectively integrated into the public education system;

(b) A high-quality education system is necessary to enable the state to maintain a well-educated citizenry and attract and support business and industrial development within the state to stabilize and grow the state's economy;

(c) Increasing the use of digital learning technologies in public schools has the potential to increase high-quality education and decrease the costs of public education, helping school districts, particularly small, rural school districts, meet the needs of all their students;

(d) To close achievement gaps, increase graduation rates, and prepare students to succeed in the twenty-first century workforce, public schools must provide a twenty-first century educational experience that encourages innovation and alternative methods of education and provides high-quality options for all students in Colorado;

(e) It is in the best interests of the state to study how to effectively integrate digital learning technologies into public education, the advantages and disadvantages of this integration, the costs and benefits of accomplishing this integration, and strategies for using digital technology to help the public schools of the state better serve all students.

(2) For purposes of this section, unless the context otherwise requires:

(a) "Blended learning" means combining on-line learning with other modes of instructional delivery including on-site instruction at a public school or at a learning center as defined in section 22-30.7-102 (4). "Blended learning" involves combining the traditional, in-person delivery of education services with the delivery of education services using an on-line or computer-based environment that provides some degree of student control over time, place, and pace.

(b) "Digital learning" means any type of learning that is facilitated by technology.

(c) "On-line learning" means instruction via a web-based education delivery system that includes software to provide a structured learning environment. "On-line learning"

may be teacher-led education that takes place over the internet while the teacher and student are separated geographically. "On-line learning" includes, but is not limited to, an on-line program, as defined in section 22-30.7-102 (9) and a multi-district program, as defined in section 22-30.7-102 (6).

(d) "Study" means the study of digital learning in Colorado that the department commissions pursuant to subsection (3) of this section.

(e) "Supplemental on-line course" means an education course that is:

(I) Delivered via an internet format to one or more students at a location that is remote from the delivery point; and

(II) Purchased by a school district, board of cooperative services, or public school from a provider to augment the education program provided by the school district, board of cooperative services, or public school.

(3) (a) No later than ninety days after receiving sufficient moneys to implement this section, the department of education shall commission a study of digital learning in Colorado, including how to effectively integrate digital learning into public schools throughout the state, how to make high-quality digital content and learning available to all students, and the costs of integrating digital learning into the statewide system of public education. At a minimum, the study shall address the following issues, including the degree to which they are already addressed in Colorado, and any recommended actions, at both the local and state levels, to address the issues and effectively integrate digital learning into the statewide system of public education:

(I) Universal student eligibility for and access to digital learning;

(II) The ability of students in the public education system to customize their education using digital content through a digital learning provider;

(III) The ability of students to demonstrate competency based on a standardized assessment;

(IV) The quality of the digital content, instructional materials, and on-line learning and blended learning courses that are available to students and strategies for measuring, monitoring, and improving quality;

(V) The quality of the digital learning instruction available to students and the degree to which teachers are adequately prepared to assist students with digital learning;

(VI) Student access to multiple, high-quality digital learning providers from which to select on-line learning or blended learning courses or content;

(VII) Methods for ensuring that the content and instruction provided through digital learning is high quality, as measured by student academic growth and performance;

(VIII) The financial benefits and impacts to school districts, including funding for digital learning using a model that creates incentives for performance, options, and innovation;

(IX) The infrastructure required to support digital learning and ensure consistent availability throughout the state;

(X) The mechanisms other states use to provide funding at the state level and the local level for digital learning;

(XI) The manner in which other states have addressed the integration of digital learning into their public school systems;

(XII) The extent to which the accountability measures that the state applies to all public schools, including achievement on statewide assessments, academic growth, closing the achievement gap, and postsecondary and workforce readiness, are appropriate and sufficient to measure the performance of on-line schools; and

(XIII) Protocols for transferring the credits that a student earns by completing a supplemental on-line course or while enrolled in a full-time on-line school to a school district or public school in which the student subsequently enrolls.

(b) In conducting the study and making recommendations, the selected entity shall also review the state statutes and rules concerning digital learning and recommend appropriate changes.

(4) The department shall select a Colorado-based entity with experience in studying public education issues in the state to complete the study. The department shall not select an entity that is a provider of digital learning technologies or services or that would

otherwise be in a position to profit monetarily from any recommendations that may be included in the study report. The department is not subject to the requirements of the "Procurement Code", articles 101 to 112 of title 24, C.R.S., in selecting the entity to complete the study. No later than July 1, 2012, the department shall report in writing to the state board of education, the governor, and the education committees of the house of representatives and the senate, or any successor committees, the name of the entity commissioned to conduct the study.

(5) (a) The department is not required to solicit moneys for the implementation of this section, but the department may accept and expend gifts, grants, or donations from private or public sources for the purposes of this section; except that the department may not accept a gift, grant, or donation that is subject to conditions that are inconsistent with this section or any other law of the state. The department shall not implement this section until it receives sufficient moneys in gifts, grants, or donations to complete the study.

(b) (I) In accepting a gift, grant, or donation, the department shall notify the legislative council staff when it has received adequate moneys through gifts, grants, or donations to complete the study and shall include in the notification the information specified in section 24-75-1303 (3), C.R.S.

(II) This paragraph (b) is repealed, effective July 1, 2015.

(c) Notwithstanding any provision of this section to the contrary, the department is not required to implement this section until it receives sufficient moneys to implement this section.

(6) The department shall submit the completed study to the state board of education, the governor, and the education committees of the house of representatives and the senate, or any successor committees, no later than January 31, 2013.

(7) This section is repealed, effective July 1, 2013.

**Source: L. 2012:** Entire section added, (HB 12-1124), ch. 211, p. 909, § 1, effective May 24.

**22-2-141. Early literacy assessment tool - request for proposals - software - hardware - training - distribution - legislative declaration.** (1) (a) By October 1, 2012, the department shall issue a request for proposals for the purchase of an early literacy assessment tool that teachers may use to obtain real-time assessments of the reading skill levels of students enrolled in kindergarten and first, second, and third grades and, based on the assessment results, generate intervention plans and materials.

(b) At a minimum, the request for proposals shall include the purchase of:

(I) Software that, at a minimum:

(A) Provides individualized assessments with immediate results;

(B) Stores and analyzes assessments results, recommends activities that are aligned with the assessment results, and assists in tracking student performance and identifying strategies to improve student performance;

(C) Provides student grouping recommendations based on the assessment scores and provides proposed lesson plans on a short-term cycle; and

(D) Assists in generating and populating individualized plans to improve students' reading skills; and

(II) Training in using the software for teachers or other personnel selected by each local education provider.

(c) The request for proposals shall include the purchase of a sufficient number of software licenses for each local education provider in the state to use the early literacy assessment tool in all of its kindergarten and first-, second-, and third-grade classes; except that the department may draft the contract to phase in the requirements of this paragraph (c) over multiple budget years based on available appropriations.

(2) The department shall select from among the responses received and enter into a contract for the purchase of software licenses and training no later than March 1, 2013. In negotiating the terms of the contract, the department shall include performance measures, which may include student outcomes, as conditions affecting the amounts payable under the contract.

(3) (a) As soon as practicable after entering into the contract, the department shall notify the local education providers and provide information explaining:

(I) The software licenses purchased;

(II) The availability of training in the use of the software including dates, times, and locations; and

(III) The procedures and timelines by which each local education provider may apply to receive the software licenses and training to implement the early literacy assessment tool.

(b) Based on the level of available appropriations, the department shall select the local education providers who will receive the early literacy assessment tool, including the training, from among those that apply. In selecting among the applicants, the department shall:

(I) Select local education providers from various regions of the state and of varying student population size;

(II) Give preference to local education providers with the highest percentages of kindergarten and first-, second-, and third-grade students who are below grade level expectations in reading; and

(III) Give preference to local education providers with the highest percentages of schools that are eligible to receive moneys under Title I of the federal "Elementary and Secondary Education Act of 1965", 20 U.S.C. sec. 6301 et seq.

(c) A local education provider that is selected to receive the early literacy assessment tool in one budget year is not required to reapply in subsequent budget years. The department shall, to the extent possible within available appropriations, annually increase the number of local education providers that receive the early literacy assessment tool.

(d) The department may choose to provide the early literacy assessment tool only to those schools of a selected school district that are eligible to receive moneys under Title I of the federal "Elementary and Secondary Education Act of 1965", 20 U.S.C. sec. 6301 et seq.

(4) During the 2014 regular legislative session and during the 2016 regular legislative session, the department shall submit to the governor's office, the joint budget committee, and the education committees of the house of representatives and the senate, or any successor committees, a report that includes, but need not be limited to, the following information:

(a) The percentage of students enrolled in kindergarten and first, second, and third grades throughout the state that are receiving services using the early literacy assessment tool;

(b) The local education providers that have received the early literacy assessment tool;

(c) The improvements, if any, in the reading skill levels of students who received or are receiving services using the early literacy assessment tool; and

(d) The amount of appropriations required to purchase an adequate number of software licenses to enable the local education providers in the state to use the early literacy assessment tool in all of the kindergarten and first-, second-, and third-grade classes in the state.

(5) As used in this section, "local education provider" means a school district; a charter school that enrolls students in kindergarten and first, second, and third grades; and a public school operated by a board of cooperative services that enrolls students in kindergarten and first, second, and third grades.

(6) The general assembly finds and declares that, for purposes of section 17 of article IX of the state constitution, purchasing an early literacy assessment tool as described in this section for the use of local education providers is an important element of accountable education reform and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

## PART 2

## SCHOLASTIC ACHIEVEMENT

**22-2-201 to 22-2-203. (Repealed)**

**Source: L. 84:** Entire part repealed, p. 581, § 1, effective February 17.

**Editor's note:** This part 2 was numbered as article 27 of chapter 123 in C.R.S. 1963. For amendments to this part 2 prior to its repeal in 1984, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

## PART 3

## DATA REPORTING AND TECHNOLOGY

**22-2-301. Short title.** This part 3 shall be known and may be cited as the "Data Reporting and Technology Act".

**Source: L. 2007:** Entire part added, p. 1059, § 1, effective May 23.

**22-2-302. Legislative declaration.** (1) The general assembly hereby finds that:

(a) Pursuant to state statute and rules of the state board, school districts are required to submit extensive and duplicative data at different times throughout the year or to different divisions within the department of education;

(b) Reporting requirements are frequently placed in statute or rule and are not revisited after their initial adoption. Often, these requirements cease over time to have a relevant use or purpose but are still required to be reported to the department.

(c) School districts recognize the value of collecting and submitting data that will be used to track student achievement, to qualify for state funds, or to support accountability for student achievement or compliance measures but often find that the staff time required to prepare reports and submit required data under federal and state statutes and rules takes human and capital resources that could be better spent on providing student instruction;

(d) The department works to make data reporting productive and meaningful but faces its own internal challenges in terms of funding, adequate staffing levels, and the ability to overhaul antiquated data technology systems;

(e) The elementary and secondary education system in Colorado spends considerable amounts of money maintaining multiple, often out-of-date, computer systems for data collection and transmission. Due to the lack of a single statewide data system, data often cannot be accessed, even when acting in compliance with federal privacy restraints, by others within the department, school districts seeking comparisons with other districts for best practices, or researchers and foundations seeking to conduct research on the Colorado public school system and its students.

(2) It is therefore the intent of the general assembly in enacting this part 3 to achieve the following purposes:

(a) To improve the collection of data by streamlining the submission and reporting of data;

(b) To create shared goals and shared expectations for data collection and technology for elementary and secondary education in Colorado;

(c) To require school districts and public schools to submit data that is relevant to student achievement and will enhance and improve the manner in which school districts and public schools provide and evaluate student instruction;

(d) To explore the possibility of implementing a single statewide education data collection system with the purpose of reducing the manpower and cost of submitting required data to the department; and

(e) To deploy the single statewide education data collection system as a system of data exchange that is based on automatic file exchanges rather than manual processes requiring personnel to upload electronic files via messaging, web uploads, or other file transfer methods requiring human intervention.

**Source: L. 2007:** Entire part added, p. 1059, § 1, effective May 23.

**22-2-303. Definitions.** As used in this part 3, unless the context otherwise requires:

(1) “Commissioner” means the commissioner of education appointed pursuant to section 1 of article IX of the state constitution.

(2) “Current data technology system” means the data technology system or systems in use by the department as of May 23, 2007.

(3) “Data dictionary” means an essential component of data management adopted by the department pursuant to section 22-2-305 that defines all of the data elements the department collects from school districts and public schools and describes the methods by which the department collects the data through the single statewide data collection system.

(4) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(5) “EDAC” means the education data advisory committee created pursuant to section 22-2-304.

(6) “Public school” means a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title or an institute charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title.

(7) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source: L. 2007:** Entire part added, p. 1060, § 1, effective May 23.

**22-2-304. Education data advisory committee - creation - duties - repeal.** (1) The state board shall designate at least five volunteer school districts and two volunteer boards of cooperative services and a volunteer charter school, that are representative of the state as to pupil size and population, to send representatives to form a voluntary committee, to be known as the education data advisory committee. The EDAC shall work with the department to review school district data reporting requirements and make recommendations as provided in this section.

(2) The EDAC shall:

(a) Review the statutory and regulatory data reporting requirements applicable to school districts and public schools and determine whether the benefits derived from the reports are outweighed by the increased administrative costs incurred by the school districts and public schools in preparing and submitting the reports;

(b) Identify those statutory and regulatory data reporting requirements that are duplicative or obsolete and may be combined, eliminated, or otherwise streamlined;

(c) Review each data reporting request made to school districts and public schools and notify school districts and public schools that the request is mandatory because it is required by statute or rule, is required to acquire a benefit because a statute or rule requires a school district or public school that chooses to seek or receive a specified governmental benefit to report the data, or is voluntary because it is not specifically required by a statute or rule;

(d) Review all proposed statutory and regulatory data reporting requirements, whether proposed in state or federal legislation or in rules, and, to the extent practicable prior to final adoption, inform the general assembly or the enacting state or federal agency of the estimated cost to the school districts and public schools of complying with the proposed statutory and regulatory data reporting requirements and make recommendations to the general assembly or to the enacting state or federal agency concerning whether the proposed requirements are already included in existing law or regulation and whether the proposed requirements are necessary and appropriate;

(e) Advise the department on the impact of data practices and technology on school districts and public schools;

(f) Periodically review the rules for implementing the federal “Family Educational Rights and Privacy Act of 1974”, 20 U.S.C. sec. 1232g, and recommend to the state board an interpretation of said act that will facilitate the exchange and sharing of student information to the greatest extent possible in compliance with the federal regulations for implementing said act; and

(g) Review the processes and timing for collecting student demographic data and make recommendations to the state board for efficiently updating the data as necessary.

(3) (a) The EDAC shall annually, or more often if necessary, make recommendations to the state board and to the appropriate legislative committees of reference based on the subject matter of the recommendation for the repeal or amendment of statutory and regulatory data reporting requirements that the EDAC has identified as duplicative, obsolete, or inefficient.

(b) Repealed.

(4) The EDAC shall identify those reporting requirements that may be consolidated into a single report or a single submission for purposes of streamlining data submission for school districts and public schools.

(5) As used in this section, “statutory and regulatory data reporting requirements” includes all data reporting requirements that apply to school districts and public schools and that are imposed by federal or state statute or by rule of a federal or state agency, including but not limited to the data reporting requirements imposed by the department of human services, the department of public health and environment, and the department of health care policy and financing.

(6) (a) This section is repealed, effective July 1, 2017.

(b) Prior to such repeal, the EDAC shall be reviewed as provided in section 2-3-1203, C.R.S.

**Source:** L. 2007: Entire part added, p. 1061, § 1, effective May 23. L. 2009: Entire section amended, (HB 09-1214), ch. 198, p. 887, § 1, effective April 30. L. 2010: (2)(c), (2)(e), and (2)(f) amended and (2)(g) added, (HB 10-1171), ch. 401, p. 1934, § 4, effective August 11.

**Editor’s note:** Subsection (3)(b)(II) provided for the repeal of subsection (3)(b), effective July 1, 2010. (See L. 2009, p. 887.)

## **22-2-305. Data dictionary - legislative declaration - creation - contents - report.**

(1) (a) The general assembly finds that there is a need for consistency in electronic data submission protocols and requirements to allow school districts and public schools to submit data for multiple reports in one transaction. Under the existing data submission system, school districts and public schools are often forced to report data that is known to be incorrect because of an existing inability to correct or resubmit data through the current data technology system. The general assembly finds that the priority in data collection and submission must be the efficient collection and use of accurate, relevant data.

(b) The general assembly finds therefore that, with the creation and implementation of a data dictionary, the department may bring consistency and greater accuracy to the data elements collected from school districts and public schools and increase the efficiency of education data submission and collection by not collecting the same data elements more often than necessary.

(2) (a) The department shall develop and distribute to the school districts and public schools a data dictionary to define the data the department will collect and the methods and protocols by which school districts and public schools will submit the data. At a minimum, the data dictionary shall include the following items:

(I) A map of the current data collection requirements, including the definition of each data element, when each data element is collected, identification of the external reports for which each data element is used, and identification of the method by which each data element is collected;

(II) A description of the format for data submission, acceptable values in data submission, the available options for dealing with data fields for which the submitting school district or public school does not have information, and logical comparisons to prior reports;

(III) Identification of data relationships;

(IV) Data element tables; and

(V) Identification of data element locations within data access tools.

(b) In developing the data dictionary, the department shall seek and apply input from school districts, public schools, and the EDAC. In addition, the department shall ensure that the data elements included in the data dictionary are aligned with the descriptions and definitions of data elements that are used by national education organizations such as the federal department of education and other organizations that set national education standards and ratings.

(3) On or before August 1, 2007, the department shall report the status of the data dictionary to the state board, the education committees of the senate and house of representatives, or any successor committees, the governor, school districts, and the EDAC. At a minimum, the report shall include:

(a) A description of how many school districts and public schools were involved in the process of creating the data dictionary, the extent to which the EDAC was involved in the process, and the manner of the school districts', public schools', and the EDAC's involvement;

(b) An explanation of the department's methods and considerations in creating the data dictionary, including the extent to which the department considered models from other states;

(c) An explanation of the manner in which school districts and public schools will access the data dictionary; and

(d) The method by and frequency with which the department plans to review and update the data dictionary.

(4) The department shall ensure that the data dictionary is fully operational and available for use on or before October 1, 2007.

(5) The general assembly finds and declares that, for purposes of section 17 of article IX of the state constitution, the creation and implementation of the data dictionary pursuant to this section is an important element of accountability reporting and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2007:** Entire part added, p. 1062, § 1, effective May 23.

**22-2-306. Advance notice - legislative declaration - data collection - data submission changes - web site update - submission windows.** (1) The general assembly finds that it is imperative that school districts and public schools receive adequate advance notice of changes in data submission requirements to enable them to effectively comply with the new requirements. The general assembly further finds that the department must allow school districts and public schools the necessary time in which to comply with changes in data submission requirements in order to ensure that the school districts and public schools provide accurate data.

(2) The department shall provide to school districts, public schools, and vendors notice of new federal or state data submission requirements or changes to existing federal or state data submission requirements within one business day after receiving the new or changed requirements. The department shall notify school districts, public schools, and vendors of new or changed federal or state data submission requirements and communicate any other pertinent information through an electronic mail list developed by the department to which school districts, public schools, and vendors may subscribe. The department shall also conduct informational meetings that allow school districts, public schools, and vendors to ask questions and receive technical support to ensure accuracy and efficiency in data submission.

(3) (a) To improve the accuracy of submitted data and minimize inaccurate data submissions and errors in data submitted by school districts and public schools, the

department shall update data reporting requirements on the department web site on an annual basis. The department shall ensure that the department web site is updated annually by April 1 with all changes to state or federal data reporting requirements made since the preceding April 1. No later than the following July 1, school districts and public schools shall comply with the changes to state or federal data reporting requirements that are included in the April 1 update.

(b) Notwithstanding any provision of paragraph (a) of this subsection (3) to the contrary, if federally required or state-required timelines for implementing data reporting requirements conflict with the provisions of paragraph (a) of this subsection (3), the department, the school districts, and the public schools shall comply with the federally required timelines.

(4) (a) To assist the department, school districts, and public schools in exercising reasonable management over data collection and submission activities, following the enactment of legislation that alters data collection requirements, the state board shall promulgate rules to implement the changes in accordance with a timeline that ensures the rules are effective by April 1 following the effective date of the legislation. Each school district and public school shall reformat its data systems by the July 1 following enactment of the rules.

(b) Notwithstanding any provision of paragraph (a) of this subsection (4) to the contrary, if federally required or state-required timelines for implementing data reporting requirements conflict with the provisions of paragraph (a) of this subsection (4), the state board, the school districts, and the public schools shall comply with the federally required timelines.

### **22-2-307. Data reporting requirements - interpretation of federal law - suspension.**

(1) On or before October 1, 2009, and periodically thereafter, the state board shall review the rules for implementing the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g, and shall adopt an interpretation of said act that will facilitate the exchange and sharing of student information to the greatest extent possible in compliance with the federal regulations for implementing said act. The state board shall consult with the EDAC in determining its interpretation of said act.

(2) The department shall periodically review its interpretation of federal regulations pertaining to education data collection and reporting and shall ensure that it takes into consideration the interpretations adopted by the departments of education in neighboring states.

(3) (a) Notwithstanding any provision of law to the contrary, in any year in which the general assembly does not appropriate moneys to implement a state program in which the department, a school district, the state charter school institute, or a public school was participating, any reporting requirements that are required under the provisions of the state program are suspended, and the department, school districts, the state charter school institute, and public schools need not comply with said reporting requirements; except that a participating school district, the state charter school institute if it is participating, or a participating public school shall comply with requirements to report information concerning the entity's participation in the state program during the period in which it was funded.

(b) For purposes of this subsection (3), "state program" means a program specifically created in state statute and for which the statute creating the program specifically provides funding to a participating school district, the state charter school institute, or a public school.

**22-2-308. Data reporting requirements - office of legislative legal services.** Notwithstanding the provisions of section 2-3-505, C.R.S., the office of legislative legal services, created in section 2-3-501, C.R.S., shall notify EDAC of any legislation introduced that creates by specific language a new data reporting requirement to any state or federal agency.

**Source: L. 2012:** Entire section added, (HB 12-1240), ch. 258, p. 1309, § 4, effective June 4.

## PART 4

### FACILITY SCHOOLS UNIT

**22-2-401. Legislative declaration.** (1) The general assembly hereby finds that:

(a) A significant number of children in Colorado are placed in day treatment centers, residential child care facilities, other out-of-home placement facilities, or hospitals and receive their education through programs provided by these facilities;

(b) Although these facilities strive to provide the best educational programs possible within limited resources and under difficult circumstances, studies indicate that students who receive educational services through facility programs are more likely to repeat a grade level, more likely to perform below grade level, more likely to drop out of school, less likely to be employed, less likely to continue into higher education, and more likely to be eventually arrested and incarcerated;

(c) Each facility independently provides an educational program that, in most instances, is not consistent in the areas of course work, academic credits, graduation standards, or curriculum with any other educational program provided by a facility or with any educational program provided by a school district or an institute charter school. This lack of consistency makes it extremely difficult for a student to move from one facility to another or to move from a facility to a school district or institute charter school and puts the student almost hopelessly behind in meeting standards for completing a grade level or for graduation.

(d) Each student who receives an educational program through a facility participates in the Colorado student assessment program. However, the student's scores are usually not included in calculating a school's levels of attainment of the performance indicators, and the transitory nature of the student's educational career makes it difficult, if not impossible, for an education provider to longitudinally track the student's academic growth.

(e) Because of the uniqueness of the population served by each facility, it is important for each facility to maintain a significant degree of control over the educational program provided by the facility. However, by partnering with the department of education to provide an educational program that, as much as practicable, is consistent among the facilities, each facility can vastly improve the quality of each student's overall academic experience while the student receives educational services from the facility and when the student transfers to another facility or to a school district or an institute charter school.

(2) Therefore, the general assembly finds that creating a unit within the department of education to work with facilities to create consistency with regard to curriculum, standards, and tracking of student performance within facility education programs will raise the overall quality of the education provided to these students, thereby helping these students meet their full potential both academically and as fully contributing adults within the community.

(3) The general assembly further finds that, for purposes of section 17 of article IX of the state constitution, creating the facility schools unit within the department of education and the facility schools board to work with approved facility schools to standardize the educational services provided to students in approved facility schools and implementing a data system to maintain the records of students who receive educational services from approved facility schools will enable approved facility schools to provide each student a more consistent and coherent education, thereby improving each student's likelihood of achieving state academic standards. The facility schools unit, the facility schools board, and

the data system are therefore important elements of accountable programs to meet state academic standards and may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source:** L. 2008: Entire part added, p. 1374, § 1, effective May 27. L. 2009: (1)(d) amended, (SB 09-163), ch. 293, p. 1529, § 11, effective May 21.

**22-2-402. Definitions.** As used in this part 4, unless the context otherwise requires:

(1) “Approved facility school” means an educational program that is operated by a facility to provide educational services to students placed in the facility and that, pursuant to section 22-2-407 (2), has been placed on the list of facility schools that are approved to receive reimbursement for providing educational services to students placed in a facility.

(2) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(3) “Facility” means a day treatment center, residential child care facility, or other facility licensed by the department of human services pursuant to section 26-6-104, C.R.S., or a hospital licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S.

(4) “Placed in a facility” means a student is in a facility due to:

(a) A court order or other action by a public entity in Colorado; or

(b) The student’s determination, if the student is a homeless child as defined in section 22-1-102.5.

(5) “School district” means a school district organized and existing pursuant to law but does not include a junior college district.

(6) “State board of education” or “state board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(7) “Student” means a child or youth who has attained three years of age on or before August 1 and who is under twenty-one years of age.

(8) “Unit” means the facility schools unit created within the department pursuant to section 22-2-403.

**Source:** L. 2008: Entire part added, p. 1376, § 1, effective May 27.

**22-2-403. Facility schools unit - created.** (1) There is hereby created within the department the facility schools unit. The head of the unit shall be the director of facility schools and shall be appointed by the commissioner of education in accordance with section 13 of article XII of the state constitution.

(2) The facility schools unit and the office of the director of facility schools shall exercise their powers and perform their duties and functions under the department, the commissioner of education, and the state board of education as if the same were transferred to the department by a **type 2** transfer as defined in the “Administrative Organization Act of 1968”, article 1 of title 24, C.R.S.

**Source:** L. 2008: Entire part added, p. 1376, § 1, effective May 27.

**22-2-404. Facility schools board - created - membership.** (1) There is hereby created the facility schools board to adopt curriculum standards and set graduation requirements for facility schools and to collaborate with and advise the unit. The facility schools board shall consist of seven members appointed by the state board as provided in this section. The state board shall appoint the initial members of the facility schools board on or before November 1, 2008. The facility schools board shall exercise its powers and perform its duties and functions as if the same were transferred to the department by a **type 1** transfer as defined in the “Administrative Organization Act of 1968”, article 1 of title 24, C.R.S.

(2) The state board shall appoint the members of the facility schools board as follows:

(a) Two persons who represent school districts within Colorado, one of whom shall have expertise in special education;

(b) One person who represents state-level child placement agencies within Colorado;

(c) One person who represents county departments of social services within Colorado;

(d) Two persons who represent facilities within Colorado; and

(e) One person who represents students who receive educational services provided by facility schools in Colorado. The state board may choose a person who, as a child, received educational services provided by a facility school or who is a parent of a student who is receiving or formerly received educational services provided by a facility school.

(3) (a) In appointing the members of the facility schools board, the state board shall seek to ensure that the membership of the facility schools board collectively has expertise in the areas of:

(I) Curriculum and assessment;

(II) Educating students who are placed in facilities;

(III) Mental health;

(IV) Special education services; and

(V) School finance.

(b) The state board shall ensure that members of the facility schools board are representative of the various geographic areas of the state and are representative of the ethnic and racial diversity and gender balance within the state.

(4) Members of the facility schools board shall serve three-year terms; except that, of the members initially appointed, two members shall serve one-year terms and two members shall serve two-year terms. The state board may reappoint a person to serve successive terms on the facility schools board.

(5) Members of the facility schools board shall serve without compensation but may receive reimbursement for reasonable travel expenses incurred in fulfilling their duties on the facility schools board. The department staff shall assist the facility schools board in performing its duties.

**Source: L. 2008:** Entire part added, p. 1377, § 1, effective May 27.

**22-2-405. Facility schools unit - duties.** (1) In addition to any other duties that may be required by law, the unit shall:

(a) Develop and maintain, as provided in section 22-2-407, the list of approved facility schools;

(b) Make recommendations to the facility schools board regarding the curriculum for use in the approved facility schools;

(c) Make recommendations to the facility schools board regarding graduation requirements for students in approved facility schools. The unit's recommendations shall follow the comprehensive guidelines for high school graduation requirements specified by the state board pursuant to section 22-2-106 (1) (a.5);

(d) Maintain, and make available as provided by law, student information and records for the students who receive educational services from approved facility schools;

(e) Ensure that each student who receives educational services from an approved facility school and who, upon leaving the facility, will reside in Colorado receives a unique identifying number, as provided in rules adopted pursuant to section 22-11-104, if the student has not already been assigned a number by the department; and

(f) Communicate and collaborate with the department of human services, the county departments of social services, and referring agencies regarding the placement and transfer of students in facilities, including but not limited to communication concerning academic testing prior to and following placement and other academic and achievement testing.

(2) In complying with the duties specified in paragraph (d) of subsection (1) of this section, the unit shall:

(a) Adopt data reporting protocols and records transfer procedures for use by approved facility schools; and

(b) In purchasing a data system to maintain the records of students who are receiving educational services from approved facility schools, ensure that the data system selected is compatible with the system used by school districts in serving a majority of the students enrolled in public schools of the state.

**Source: L. 2008:** Entire part added, p. 1378, § 1, effective May 27. **L. 2009:** (1)(e) amended, (SB 09-163), ch. 293, p. 1529, § 12, effective May 21.

**22-2-406. Facility schools board duties - curriculum - graduation standards - rules.** (1) In addition to any other duties provided by law, the facility schools board shall:

(a) Adopt curriculum to be provided by approved facility schools. At a minimum, the facility schools board shall align the curriculum for the core subjects of reading, writing, mathematics, science, history, and geography with the state model content standards adopted pursuant to section 22-7-406 and the assessments administered through the Colorado student assessment program pursuant to section 22-7-409. The curriculum shall include a range of course work from which an approved facility school may select courses that meet the needs of the students who are placed at the facility.

(b) Adopt accountability measures, including academic performance measures, to be applied to approved facility schools and the students receiving educational services through the approved facility schools; and

(c) Award a high school diploma to a student who, while receiving services through an approved facility school, meets the graduation requirements the facility schools board shall establish pursuant to subsection (3) of this section and who applies for the award of a high school diploma from the facility schools board.

(2) The facility schools board may make recommendations to the state board and to the department of human services regarding any of the following issues:

(a) The process for placing a child or youth in a facility when the placement is initiated by a public entity and methods for improving the involvement of school districts in such placement decisions;

(b) The process for placing a child or youth in a facility when the placement is initiated by action by or request of a private person and methods by which school districts may be involved in such placement decisions;

(c) Methods and strategies for improving the quality of educational services provided by approved facility schools and for improving the educational outcomes for students who receive educational services from approved facility schools;

(d) Methods for recruiting and retaining highly qualified teachers and paraprofessionals for employment in approved facility schools;

(e) The provision of appropriate services for students with disabilities, including the process for developing and reviewing individualized education programs;

(f) Methods of reimbursing approved facility schools for the excess costs incurred in providing educational services to students with disabilities, including direct and indirect costs;

(g) The liability of the school districts of residence for providing a free and appropriate public education for the students who are placed in a facility and procedures to ensure students' rights to receive educational services;

(h) The oversight and monitoring of approved facility schools; and

(i) Any other issues that are determined by the facility schools board to be within its purview and that are intended to improve educational outcomes for students receiving educational services from approved facility schools or to promote the efficient delivery of educational services to students who are placed in facilities.

(3) The facility schools board shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S., to establish procedures by which a student who participates in an approved facility school may apply to receive a high school diploma awarded by the facility schools board. The facility schools board shall also, by rule, establish the graduation requirements that a student receiving educational services through an approved facility school shall meet to be awarded the facility school's high school diploma. In adopting the graduation requirements, the facility schools board shall

take into consideration the recommendations of the unit and shall ensure that the graduation requirements follow the guidelines for high school graduation requirements specified by the state board pursuant to section 22-2-106 (1) (a.5).

**Source: L. 2008:** Entire part added, p. 1379, § 1, effective May 27.

**22-2-407. List of approved facility schools - application - criteria - rules.** (1) Pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., the facility schools board shall promulgate rules for the creation and maintenance as provided in this section of a list of facility schools that are approved to receive reimbursement for providing educational services to students placed in the facility. In addition to the rules specified in this section, the facility schools board shall adopt such additional rules as may be necessary for the implementation of the list pursuant to this section.

(2) (a) The facility schools board by rule shall specify:

(I) The procedures by which a facility school may apply to the unit for placement on the list of approved facility schools;

(II) The information that each facility school shall provide in the application;

(III) The reporting requirements for approved facility schools; and

(IV) The criteria that a facility school shall meet to be placed on the list of approved facility schools.

(b) The unit shall review the applications received pursuant to paragraph (a) of this subsection (2) and shall place on the list of approved facility schools those applicants that meet the criteria specified by rule of the facility schools board. The unit shall notify each applicant regarding placement on the list of approved facility schools. If the unit denies an applicant placement on the list, the unit shall explain the basis for the denial. An applicant that is denied may reapply for placement on the list following correction of the cause for denial.

(3) An approved facility school shall comply with the following requirements in order to remain on the list of approved facility schools:

(a) Adopt and implement the curriculum and graduation requirements specified by the facility schools board pursuant to section 22-2-406 (1) (a) and (3);

(b) Demonstrate compliance with the accountability measures adopted by the facility schools board pursuant to section 22-2-406 (1) (b);

(c) Comply with the reporting and records tracking requirements specified by the unit pursuant to section 22-2-405 (1) (d) and (2); and

(d) Comply with any other requirements specified by rule of the facility schools board.

(4) The unit shall periodically, as provided by rule of the facility schools board, review each approved facility school to determine whether the approved facility school is in compliance with the requirements specified in subsection (3) of this section. If the unit determines that an approved facility school is out of compliance, the unit shall give the approved facility school notice of the lack of compliance. If the approved facility school does not come into compliance within thirty days after receiving the notice, the unit shall remove the facility school from the list of approved facility schools. A facility school that is removed from the list of approved facility schools may reapply for placement on the list as provided in subsection (2) of this section.

**Source: L. 2008:** Entire part added, p. 1380, § 1, effective May 27.

**22-2-408. Approved facility schools - funding.** (1) For the 2008-09 budget year and for each budget year thereafter, each approved facility school shall submit its pupil enrollment to the department and receive funding from the department in accordance with the provisions of section 22-54-129.

(2) For the 2009-10 budget year, and for each budget year thereafter, the department shall annually withhold two percent of the amount payable to each approved facility school. The amount withheld shall be allocated to the unit to offset the costs incurred by the unit and the facility schools board in implementing this part 4.

**Source: L. 2008:** Entire section added, p. 1218, § 31, effective May 22.

**Cross references:** For the legislative declaration contained in the 2008 act enacting this section, see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-2-409. Notification of risk.** (1) Beginning August 15, 2010, a state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., shall notify the appropriate child welfare education liaison, designated pursuant to section 22-32-138 (2) (a), of a student who:

(a) Is transferring to a public school from a state-licensed day treatment facility licensed by the department of human services pursuant to section 26-6-102 (2.5), C.R.S., facility school as defined in section 22-2-402 (1), or hospital licensed or certified pursuant to section 25-3-101, C.R.S.; and

(b) Has been determined by the state-licensed day treatment facility, the facility school, the hospital licensed or certified pursuant to section 25-3-101, C.R.S., or the court to be a risk to himself or herself or the community within the twelve months prior to the proposed transfer.

(2) This section shall apply only to a hospital licensed or certified pursuant to section 25-3-301, C.R.S., that is providing inpatient acute care or psychiatric services for a student for more than ten days and if there is actual knowledge that the student will attend an identified public school within sixty days after discharge from the hospital. For purposes of this subsection (2), information shared with the department of human services, county department of social services, or child education welfare liaison shall be shared only for a student who has been deemed to be a risk to himself or herself or the community within the twelve months prior to discharge.

(3) The notification required in subsection (1) of this section shall be made at least ten calendar days prior to the student's transition from the state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., and subsequent enrollment in a public school and shall include an invitation to the child welfare education liaison, or his or her designee, to participate in the development of a transition plan for the student. The information provided to the child welfare education liaison shall include, but need not be limited to, the transitioning student's educational records from the transferring educational facility and an outline of the student's transitional needs to be successful in the public school setting, which information would assist the school district in meeting the student's needs and ensuring a successful transition. If the transitioning student is in the custody of the department of human services or a county department of social services, the state-licensed day treatment facility, facility school, or hospital licensed or certified pursuant to section 25-3-101, C.R.S., shall also provide the notification to the department of human services.

(4) If a change of placement is required for the safety of the student or if a court, the department of human services, or a county department of social services makes a placement change with fewer than ten calendar days notice, the responsible state or county department of human services or social services shall provide information to the child welfare education liaison, designated pursuant to section 22-32-138 (2) (a), of the receiving school district, charter school, or institute charter school within five calendar days following the student's placement. The information provided to the child welfare education liaison shall include, but need not be limited to, the transitioning student's educational records from the transferring educational facility and an outline of the student's transitional needs to be successful in the public school setting, which information would assist the district in meeting the student's needs and ensuring a successful transition.

(5) The responsible county department of social services and the receiving school district, charter school, or institute charter school shall cooperate to ensure that an appropriate placement including educational services is made pursuant to this section and sections 19-1-115.5, C.R.S., 22-20-108, and 22-32-138, as applicable.

(6) Within the confidentiality and privacy limits of state and federal law, the responsible county department of social services or the school district, charter school, institute charter

school, or facility school shall provide information about the student to assist the receiving entity in determining an appropriate educational placement for the student.

(7) On or before July 1, 2011, the department of human services and the department of education shall enter into a memorandum of understanding, pursuant to section 22-2-139, concerning the enrollment of students in the public school system who meet the requirements of subsection (1) of this section.

**Source: L. 2010:** Entire section added, (HB 10-1274), ch. 271, p. 1249, § 4, effective May 25.

## PART 5

### TEACHER RECRUITMENT AND RETENTION

**22-2-501. Legislative declaration.** (1) The general assembly hereby finds that:

(a) Teachers have a great impact in student achievement. Evidence shows that teacher quality can account for the majority of variances in student learning and test scores.

(b) The teaching and learning conditions under which teachers practice their profession, though often overlooked, are essential elements to student achievement and teacher retention. These conditions must be systematically studied and addressed for Colorado to develop a critical mass of teachers who are well prepared to teach and who will remain in hardest-to-staff schools long enough to make a significant difference for students and their families.

(c) Research also demonstrates that the negative effects of teacher shortages and distribution challenges have a disproportionate impact on the nation's most disadvantaged students, leaving poor and minority children more likely to be taught by less-qualified and under-prepared teachers.

(d) Teachers who are truly highly qualified teach well-designed, standards-based lessons and are able to teach those lessons successfully because they know how and why their students learn. These teachers work effectively with their colleagues to push and lead school improvement and work steadily to sharpen their skills and increase their knowledge because they believe it is part of their professional responsibility to do so.

(e) National board certification is a nationally accepted sign of quality in the teaching profession and offers a nationwide standard for evaluating and encouraging quality teaching. It is a means to recognize and reward the accomplished teachers the state needs to build competitive, world-class schools. National board certified teachers advance the quality of teaching and learning by maintaining high and rigorous standards for what accomplished teachers should know and be able to do.

(2) The general assembly further finds and declares that, for purposes of section 17 of article IX of the state constitution, implementation of measures designed to improve teacher quality, recruitment, and retention through this part 5 and through House Bill 08-1384, as enacted at the second regular session of the sixty-sixth general assembly, is a critical element of accountable education reform, accountable programs to meet state academic standards, and performance incentives for teachers and, therefore, may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2008:** Entire part added, p. 1361, § 1, effective May 27.

**22-2-502. Definitions.** As used in this part 5, unless the context otherwise requires:

(1) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(2) "Low-performing, high-needs school" means a school that is required to submit a priority improvement or turnaround plan pursuant to section 22-11-210.

**Source:** L. 2008: Entire part added, p. 1362, § 1, effective May 27. L. 2012: Entire section amended, (HB 12-1261), ch. 257, p. 1306, § 2, effective August 8.

**Cross references:** For the legislative declaration in the 2012 act amending this section, see section 1 of chapter 257, Session Laws of Colorado 2012.

**22-2-503. Teaching and learning conditions survey.** (1) Subject to available appropriations, the department shall administer a biennial teaching and learning conditions survey, referred to in this section as the “survey”, to all preschool, elementary, and secondary teachers in public schools of the state. The survey shall be designed to assess, at a minimum:

- (a) Teaching and learning conditions as predictors of student achievement;
- (b) The correlation, if any, between teaching and learning conditions and teacher retention; and
- (c) The relationship, if any, between teaching and learning conditions and school administration.

(2) The survey results may be used by schools, school districts, the department, state policymakers, and researchers as a resource for:

- (a) School and program design;
- (b) Professional development programs;
- (c) School improvement plans;
- (d) School district continuous improvement programs;
- (e) State education reform initiatives concerning achievement gaps, teacher gaps, dropout rates, and graduation rates; and
- (f) Other analyses to inform school improvement efforts.

**Source:** L. 2008: Entire part added, p. 1362, § 1, effective May 27. L. 2009: IP(1) amended, (SB 09-214), ch. 24, p. 111, § 1, effective March 18.

**22-2-504. National board for professional teaching and principal standards certification compensation - study.** (1) Beginning with the 2009-10 school year, the department, subject to available appropriations, shall award an annual stipend of one thousand six hundred dollars to any teacher or principal who is employed in a school district, a program operated by a board of cooperative services, a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title, or a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title, and who holds a certification from the national board for professional teaching or principal standards. For any stipends that are awarded, the department shall allocate the stipend moneys to the school district that employs the teacher or principal who is to receive the stipend, and the school district shall then make payment directly to the eligible teacher or principal. A school district may, at its discretion, withhold any required employer retirement and medicare contributions associated with the stipend pursuant to this section from the one thousand six hundred dollar stipend amount. For any stipends that are awarded, the stipend shall be:

- (a) Payable on May 1, 2009, and each May 1 thereafter;
- (b) Prorated for less than full-time employment;
- (c) Considered regular salary under section 24-51-101 (42) (a), C.R.S.; and
- (d) In addition to, and not in lieu of, any existing compensation being awarded at the local level to a teacher or principal who holds a certification from the national board for professional teaching or principal standards.

(2) Beginning with the 2009-10 school year, subject to available appropriations, an additional annual stipend of three thousand two hundred dollars shall be awarded to any teacher or principal who meets the criteria set forth in subsection (1) of this section and who is employed as of May 1 in a given school year in a low-performing, high-needs school. Subject to available appropriations, a teacher or principal shall continue to receive the additional stipend award pursuant to this subsection (2) if he or she remains employed in a school that was previously a low-performing, high-needs school but improved sufficiently

to implement an improvement or performance plan pursuant to section 22-11-210. The additional stipend for such teachers and principals shall be subject to the same restrictions and requirements as set forth in subsection (1) of this section.

(3) (a) On or before August 30, 2011, the department shall contract with an outside source to conduct two studies concerning the effectiveness of any annual stipends awarded to teachers pursuant to this section.

(b) The first study shall evaluate the effect of national board certification on student achievement, using longitudinal growth as a measurement. The results of the study shall describe, at a minimum, any differential effectiveness correlated to school characteristics, including but not limited to:

(I) Title I of the federal “Elementary and Secondary Education Act of 1965”, 20 U.S.C. sec. 6301 et seq., eligibility;

(II) School size; and

(III) The proportion of students who attend the school for whom English is a second language.

(c) The second study shall evaluate the effectiveness of any stipends awarded on encouraging teachers to obtain national board certification and encouraging teachers to teach in low-performing schools, the effect of the national board certification on teacher retention, and the effect of having national board certified teachers on the culture of the school.

(d) On or before January 30, 2012, the department shall submit a report containing the findings of the study to the education committees of the house of representatives and the senate, or any successor committees, the governor, and the commissioner of education.

(4) If insufficient funding is available to award a stipend pursuant to subsection (1) of this section to all teachers and principals who hold a certification from the national board for professional teaching or principal standards, stipends shall be awarded only to those teachers and principals who meet the criteria of subsection (1) of this section and who are employed in a low-performing, high-needs school.

ARTICLE 3

Eye Protective Devices

22-3-101.	Duties regarding eye protective devices.	22-3-103.	activities dangerous to eyes.
22-3-102.	Courses in which devices to be used - substances and	22-3-104.	Standards for devices.
			Implementation.

**22-3-101. Duties regarding eye protective devices.** (1) It is the duty of the governing board of every school district, university, college, or other institution of higher education, and of every person, firm, or organization maintaining any private school, university, college, or other institution of higher education, in this state to provide eye protective devices for the use of all students, teachers, and visitors when participating in the courses and activities enumerated in section 22-3-102.

(2) It is the duty of the persons charged with the supervision of any such course or activity to require such eye protective devices to be worn by students, teachers, and visitors under the circumstances prescribed in section 22-3-102.

**Source:** L. 69: p. 1038, § 1. C.R.S. 1963: § 123-36-1.

**22-3-102. Courses in which devices to be used - substances and activities dangerous to eyes.** (1) Eye protective devices shall be worn in courses including, but not limited to, vocational or industrial art shops or laboratories and chemistry, physics, or combined chemistry-physics laboratories, at any time at which the individual is engaged in, or observing, an activity or the use of hazardous substances likely to cause injury to the eyes.

(2) Hazardous substances likely to cause physical injury to the eyes include materials which are flammable, toxic, corrosive to living tissues, irritating, strongly sensitizing, or radioactive or which generate pressure through heat, decomposition, or other means.

(3) Activity or the use of hazardous substances includes, but is not limited to, the following:

- (a) Working with hot molten metal;
- (b) Milling, sawing, turning, shaping, cutting, grinding, and stamping of any solid materials;
- (c) Heat treating, tempering, or kiln firing of any metal or other materials;
- (d) Gas or electric arc welding;
- (e) Working with hot liquids, solids, or chemicals which are flammable, toxic, corrosive to living tissues, irritating, sensitizing, or radioactive or which generate pressure through heat, decomposition, or other means.

**Source:** L. 69: p. 1039, § 2. C.R.S. 1963: § 123-36-2.

**22-3-103. Standards for devices.** For the purposes of this article, the eye protective devices utilized shall be industrial quality eye protective devices which meet the standards of the U.S.A. standard practice for occupational and educational eye and face protection, Z87.1-1968, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

**Source:** L. 69: p. 1039, § 3. C.R.S. 1963: § 123-36-3.

**22-3-104. Implementation.** The commissioner of education shall prepare and circulate to each public and private educational institution in this state instructions and recommendations for implementing the eye safety provisions of this article.

**Source:** L. 69: p. 1039, § 4. C.R.S. 1963: § 123-36-4.

**22-5-101. Short title.** This article shall be known and may be cited as the “Boards of Cooperative Services Act of 1965”.

**Source:** L. 65: p. 1027, § 1. C.R.S. 1963: § 123-34-1.

**22-5-102. Legislative declaration.** The general assembly declares that this article is enacted for the general improvement and expansion of educational services of the public schools in the state of Colorado; for the creation of boards of cooperative services where feasible for purposes of enabling two or more school districts to cooperate in furnishing services authorized by law if cooperation appears desirable; and for the setting forth of the powers and duties of said boards of cooperative services.

**Source:** L. 65: p. 1027, § 2. C.R.S. 1963: § 123-34-2.

**22-5-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Board” means the board of education of a school district or the governing board or governing agency of a postsecondary institution.

(2) “Board of cooperative services” or “BOCES” means a regional educational service unit designed to provide supporting, instructional, administrative, facility, community, or any other services contracted by participating members.

(2.3) “District charter school” means a charter school authorized by a school district board of education pursuant to part 1 of article 30.5 of this title.

(2.5) Repealed.

(2.7) “Institute charter school” means a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title.

(3) “Postsecondary institution” means a community or technical college, a junior college, or a state-supported institution of higher education.

- (4) "School district" means any public school district existing pursuant to law.
- (5) "State board" means the state board of education.

**Source:** **L. 73:** p. 1295, § 4. **C.R.S. 1963:** § 123-34-16. **L. 91:** Entire section amended, p. 896, § 33, effective June 5. **L. 92:** (2.5) added, p. 470, § 2, effective May 29; (2.5) amended, p. 2183, § 60, effective June 2. **L. 97:** (2.5) amended, p. 460, § 4, effective August 6; (2.5) repealed, p. 948, § 2, effective August 6. **L. 2010:** (2.3) and (2.7) added, (SB 10-161), ch. 250, p. 1116, § 3, effective August 11. **L. 2012:** (2) amended, (HB 12-1345), ch. 188, p. 716, § 3, effective May 19.

**Editor's note:** Subsection (2.5) was amended in House Bill 97-1219. Those amendments were superseded by the repeal of subsection (2.5) in House Bill 97-1253.

**22-5-104. Creation of board of cooperative services - meetings.** (1) Whenever the boards of education of two or more school districts or the board of education of a school district and the governing board or governing agency of a postsecondary institution desire to establish a board of cooperative services for the purpose of providing cooperative services as set forth in this article and have so certified to the commissioner of education and other interested boards by appropriate resolution, the presidents of any two of the interested boards may call a meeting of the duly appointed representatives of the interested boards. The interested boards shall seek from the commissioner of education and the state board for community colleges and occupational education any aid and assistance that may be reasonably required, to the end that a proper plan of organization for the board of cooperative services shall be accomplished. At this meeting the boards which have previously and respectively adopted resolutions so authorizing may enter into a proposed agreement to form a board of cooperative services, which proposed agreement shall set forth the names of the participating districts and postsecondary institutions and such other items as may be required. The participating school districts and postsecondary institutions may then proceed to form the board of cooperative services.

(2) (a) At a subsequent meeting, the boards which have approved participation in a board of cooperative services shall agree upon the number of members which are to compose the cooperative board; except that there shall be no less than five members, and each participating board shall be entitled to at least one member on the board of cooperative services.

(b) Each participating board of education of a school district shall then appoint its assigned number of representatives, and one alternate for each, from its membership; except that, if the board of cooperative services consists of a single school district and a single postsecondary institution, the board of education may appoint its representatives, and one alternate for each, from its membership or it may appoint the superintendent of the school district as one of its assigned number of representatives. The term of office of any member representing a board of education of a school district who is also a member of the board of education shall have the same expiration date as the term which the member is serving on the board of education at the time of appointment to the board of cooperative services. The term of office of any school district superintendent who is appointed to represent the board of education of a school district shall not exceed three years; except that, if the superintendent ceases to be an employee of the school district while serving on the board of cooperative services, a vacancy shall exist on the board of cooperative services.

(c) Each participating governing board or governing agency of a postsecondary institution shall then appoint its assigned number of representatives, and one alternate for each, from its membership or the governing board or governing agency may appoint the chief executive officer of such postsecondary institution as one of its assigned number of representatives. The term of office of each member representing a governing board or governing agency of a postsecondary institution shall not exceed three years; except that, if any member of a board of cooperative services who represents a governing board or governing agency of a postsecondary institution ceases to be a member of such governing board or governing agency or the chief executive officer of such postsecondary institution, a vacancy shall exist on the board of cooperative services.

(d) As a term of office expires a replacement to the board of cooperative services shall be appointed by the participating board within thirty days after the expiration date. When other vacancies occur, they shall be filled by appointment by the respective boards within thirty days from the date on which the vacancy occurs.

(e) (I) Upon agreement of all of the boards participating in a board of cooperative services, one member of the board of cooperative services may be jointly appointed by the participating boards from the public at large; however, such member shall reside in the area served by the board of cooperative services. The term of office of such member shall not exceed three years. As the term of office of such member expires, a replacement to the board of cooperative services shall be jointly appointed by the participating boards within thirty days after the expiration date.

(II) In addition to the member appointed pursuant to subparagraph (I) of this paragraph (e), the participating boards of a board of cooperative services consisting of a single school district and a single postsecondary institution may jointly appoint up to four members of the board of cooperative services from the public at large. A member so appointed shall reside in the area served by the board of cooperative services. The term of office of a member so appointed shall not exceed three years. As the term of office of a member appointed pursuant to this subparagraph (II) expires, a replacement to the board of cooperative services may be jointly appointed by the participating boards within thirty days after the expiration date.

(3) The agreement to establish a board of cooperative services may be amended to admit one or more additional school districts or postsecondary institutions if the board of the school district or postsecondary institution seeking admission shall certify by resolution a desire to be admitted to membership in the board of cooperative services and if the board of cooperative services by resolution agrees to the admission of the school district or postsecondary institution.

(4) A board of cooperative services shall meet at least quarterly. A quorum shall consist of a simple majority of those members serving on a board of cooperative services. In the absence of a regular member, the alternate, if present, may be counted toward the required quorum and assume the prerogatives of the regular member.

(5) A board of cooperative services may adopt a policy authorizing the board to conduct its meetings using video teleconferencing technology that will allow members of the board to view each other during the meeting and fully participate in the discussion and in voting; except that the board members shall gather in one physical location for at least one of the quarterly meetings held each year. The policy shall address the method by which members of the public shall be allowed access to any video teleconference of the board of cooperative services that is conducted pursuant to this subsection (5). In addition, the policy shall specify any agenda items that the board of cooperative services may not consider during any video teleconference conducted pursuant to this subsection (5). A board of cooperative services shall not go into executive session during any video teleconference conducted pursuant to this subsection (5). A quorum shall be deemed to exist at any video teleconference held pursuant to this subsection (5) if the number of members participating in the video teleconference meeting equals the number necessary for a quorum pursuant to subsection (4) of this section.

**Source:** L. 65: p. 1027, § 3. C.R.S. 1963: § 123-34-3. L. 67: p. 804, § 1. L. 73: p. 1293, § 1. L. 91: (1) to (3) amended, p. 897, § 34, effective June 5. L. 97: (2)(b) and (2)(c) amended, p. 957, § 1, effective May 21. L. 99: (5) added, p. 126, § 1, effective March 24. L. 2003: (2)(e) amended, p. 671, § 1, effective August 6.

**22-5-105. Organization of board of cooperative services - meetings.** At its first meeting, the members of the board of cooperative services elected as set forth in section 22-5-104 shall proceed to elect from their membership a president, a vice-president, a secretary, and a treasurer, whose terms of office shall be for two years, unless their terms of office as board members expire earlier, in which case the officership shall similarly expire. The duties of the president, vice-president, secretary, and treasurer of the board of cooperative services shall be the same as set forth for similar offices of boards of education

in sections 22-32-105 to 22-32-107. Similarly, meetings of the board of cooperative services shall be called, held, and conducted as set forth in section 22-32-108; except that, pursuant to section 22-5-104 (5), a board of cooperative services may conduct meetings using video teleconferencing technology.

**22-5-105.5. Regional education and support services plan - submittal - recommendations. (Repealed)**

**Source:** **L. 92:** Entire section added, p. 468, § 1, effective May 29; (4) and (5) amended, p. 2183, § 61, effective June 2.

**Editor's note:** Subsection (6) provided for the repeal of this section, effective July 1, 1994. (See L. 92, p. 468.)

**22-5-106. Financing, budgeting, and accounting.** (1) (a) Financing of the services performed under the direction of the board of cooperative services shall be by contributions from available moneys in any funds, which may be legally expended for such services, of the participating members on the basis of a proportionality agreed upon by the participating members and from the boards of cooperative services.

(b) A board of cooperative services may finance all or a portion of the costs of an approved vocational education program from funds received pursuant to article 8 of title 23, C.R.S.

(2) A board of cooperative services shall adopt a budget and an appropriation resolution prior to the beginning of the fiscal year for which adopted.

(3) A board of cooperative services shall follow the provisions of the "School District Budget Law of 1964", being part 1 of article 44 of this title, wherever such provisions are applicable; except that the provisions of sections 22-44-112 (3) (c), (4), and (6) and 22-44-115 (4) shall not apply to a board of cooperative services.

**Source:** **L. 65:** p. 1028, § 5. **C.R.S. 1963:** § 123-34-5. **L. 67:** p. 793, § 1. **L. 71:** p. 1176, § 1. **L. 73:** p. 1293, § 2. **L. 90:** (2) amended, p. 1080, § 33, effective May 31. **L. 91:** (1) amended, p. 899, § 36, effective June 5. **L. 2005:** (1) amended, p. 435, § 10, effective April 29.

**22-5-106.5. Short-term loans.** A board of cooperative services may, upon approval of its members, negotiate or contract with any person, corporation, association, or company for a loan not to exceed the difference between the anticipated revenues for the current fiscal year for the budget of the board of cooperative services and the amount credited to date to said budget in order to pay current obligations. Such loan shall be liquidated within six months thereafter from moneys subsequently credited to said budget. The total principal, interest, and fees to be paid on such loan shall not exceed the total amount of the authorized budget for the same length of time.

**Source:** **L. 77:** Entire section added, p. 1035, § 1, effective May 7. **L. 91:** Entire section amended, p. 899, § 37, effective June 5.

**22-5-107. Duties of board of cooperative services.** In addition to any other duty required to be performed by law, the board of cooperative services shall have the same duties as those for boards of education as set forth in section 22-32-109 (1) (a) to (1) (m), (1) (q), and (1) (r) and section 22-9-106.

**Source:** L. 65: p. 1029, § 6. C.R.S. 1963: § 123-34-6. L. 92: Entire section amended, p. 471, § 1, effective April 29.

**22-5-108. Powers of board of cooperative services.** (1) In addition to any other powers granted by law, the board of cooperative services shall have the following specific powers, to be exercised in its judgment:

(a) Those powers set forth for boards of education in section 22-32-110 (1) (b) to (1) (k), (1) (n) to (1) (q), (1) (s) to (1) (w), (1) (y), and (1) (aa) to (1) (ee) and in sections 22-32-113, 22-32-114, 22-32-116 to 22-32-118, 22-32-120 to 22-32-122, and 22-32-124;

(b) To take and hold in the name of the board of cooperative services so much real and personal property as may be reasonably necessary for any purpose authorized by law;

(c) To operate schools and classes as authorized by the members;

(d) To determine which programs and facilities of the board of cooperative services shall be operated and maintained;

(e) To award diplomas or certificates of accomplishment as authorized by the members;

(f) To exclude from any library operated by the board of cooperative services any books, magazines, papers, or other publications which, in the judgment of the board, are of immoral or pernicious nature;

(g) To select a depository for moneys belonging to the board of cooperative services, and to invest any funds on hand which are not then needed in the conduct of its affairs in any securities which are legal investments for the state and its political subdivisions, pursuant to part 6 of article 75 of title 24, C.R.S.;

(h) To enter into contracts and to receive federal matching funds for moneys spent in providing student health services pursuant to section 25.5-5-301 (6) or 25.5-5-318, C.R.S.;

(i) To contract with a district charter school or an institute charter school pursuant to section 22-30.5-104 (7) (b) or 22-30.5-507 (8) (b), respectively, for the use of a school building and grounds, the operation and maintenance of the building and grounds, and the provision of any service, activity, or undertaking that the district charter school or institute charter school is required to perform to carry out the educational program described in its charter contract.

L. 2006: (1)(h) amended, p. 2005, § 63, effective July 1. L. 2010: (1)(i) added, (SB 10-111), ch. 170, p. 599, § 1, effective August 11; (1)(i) added, (SB 10-161), ch. 250, p. 1116, § 4, effective August 11.

**Editor's note:** Amendments to subsection (1)(i) by Senate Bill 10-111 and Senate Bill 10-161 were harmonized.

**22-5-109. Matching power.** The board of cooperative services shall be authorized to use the contributions from the participating members to match state and federal funds, or funds from any other agencies when applicable, when the acceptance of financial assistance from such other agencies requires matching of funds as a condition of participating in services authorized by law.

**Source:** L. 65: p. 1029, § 8. C.R.S. 1963: § 123-34-8. L. 91: Entire section amended, p. 899, § 38, effective June 5.

**22-5-110. State and federal payments.** Any state or federal financial assistance which would accrue to an individual school district if it were performing a service performed under the direction of a board of cooperative services shall be apportioned by the appropriate state or federal agency to the participating school districts on the basis of the proportionality of the contributions of the participating school districts to the performance of the service or upon the basis of proportionality otherwise set forth by law.

**Source:** L. 65: p. 1029, § 9. C.R.S. 1963: § 123-34-9.

**22-5-111. Buildings and facilities.** (1) A school district which is participating in a cooperative service agreement, when authorized by a vote of the eligible electors as provided in article 42 of this title, may contract for bonded indebtedness for the purpose of purchasing sites, constructing buildings or other structures, and equipping buildings which are necessary for the operation of a cooperative educational service program. The district which contracts for bonded indebtedness may charge the other members participating in the cooperative service agreement for the use of the building and equipment. The rental proceeds may be applied to the retirement of said bonded indebtedness. This article shall not be construed to create liability for retirement of such bonded indebtedness upon the other members participating in the cooperative service agreement.

(2) The boards of education of the school districts participating in a cooperative service agreement may jointly, separately, or, after approval of each participating board of education, as a board of cooperative services construct, purchase, or lease sites, buildings, and equipment for the purpose of providing the facilities necessary for the operation of a cooperative service program at any appropriate location, whether within or without a school district providing the money for the facilities. School district moneys in any fund from which moneys may be legally expended for such facilities may be used for carrying out the provisions of this section. The provisions of sections 22-32-127 and 22-45-103 (1) shall apply to any installment purchase agreement or any lease or rental agreement, including but not limited to any sublease-purchase agreement entered into by a school district that is a member of a board of cooperative services pursuant to section 22-43.7-110 (2) (c), entered into by a board of cooperative services or by the boards of education of the school districts participating in a cooperative service agreement. No board of education of a school district participating in a cooperative service agreement shall make any levy for its bond redemption fund, or use any moneys in its bond redemption fund, except in accordance with the provisions of section 22-45-103 (1) (b).

(3) The board of cooperative services, when authorized by a vote of the registered electors of all of the school districts participating in the agreement, may borrow any moneys available from the permanent school fund for purposes of purchasing sites and erecting buildings for use of the board of cooperative services. Repayment of such loans and interest thereon shall be by payments from the participating school districts on a proportion agreed upon by the boards of education of said participating school districts.

L. 87: (1) and (3) amended, p. 305, § 22, effective July 1. L. 91: (1) amended, p. 899, § 39, effective June 5. L. 93: (1) amended, p. 1780, § 44, effective June 6. L. 2008: (2) amended, p. 1065, § 9, effective May 22.

**22-5-112. Veto power and dissolution.** (1) A participating board may refrain from participating in a specific activity proposed by the board of cooperative services by giving due notice through a board resolution as may be provided in the bylaws of the board of cooperative services.

(2) A participating board may withdraw from a board of cooperative services after having given due notice as provided in the bylaws of the board of cooperative services and after having satisfactorily completed all specific contracts to which it has become a party, or upon otherwise being released from its commitments by the board of cooperative services.

(3) A board of cooperative services may be dissolved by its resolution upon the completion of all contracts or upon other adequate discharge of its obligations.

**Source:** L. 67: p. 805, § 3. C.R.S. 1963: § 123-34-11.

**22-5-113. Approval for postsecondary occupational programs.** No board of cooperative services shall establish a new postsecondary program of occupational education without first obtaining approval from the state board for community colleges and occupational education.

**Source:** L. 67: p. 447, § 24. C.R.S. 1963: § 123-34-12.

**Cross references:** For the establishment of the state board for community colleges and occupational education, see § 23-60-104.

**22-5-114. Eligibility for funds.** (1) (a) Any board of cooperative services organized under the provisions of this article shall be eligible to receive such state moneys as may be available upon receiving approval by the state board.

(b) Approval to receive state moneys under this subsection (1) does not constitute approval to receive state moneys pursuant to section 22-5-118.

(2) Unless otherwise approved by the state board, to be eligible to receive state funds under this section and under section 22-5-118, a board of cooperative services shall meet all the following criteria:

(a) It shall serve school districts with a combined total enrollment of not less than four thousand students; and

(b) It shall either serve school districts in two or more counties or serve multiple school districts located in the same county.

**Source:** L. 73: p. 1294, § 4. C.R.S. 1963: § 123-34-13. L. 96: Entire section amended, p. 977, § 2, effective May 23. L. 2001: (1)(a) amended, p. 352, § 16, effective April 16. L. 2003: (1)(a) amended, p. 2124, § 14, effective May 22.

**22-5-115. Financing boards of cooperative services.** (1) (a) No later than July 1, 1973, and July 1 of each year thereafter prior to July 1, 2007, the state board shall determine the number of eligible boards of cooperative services and, subject to available appropriations, award a ten-thousand-dollar grant to each such eligible board. For budget years commencing on or after July 1, 2007, the state board, subject to available appropriations, shall award at least ten thousand dollars to each eligible board of cooperative services.

(b) If available moneys are insufficient to award each eligible board the amount specified in paragraph (a) of this subsection (1), the state board shall reduce proportionately all awards for eligible boards for that year.

(2) The state board shall certify to the state treasurer the name and address of, and the amount payable to, each eligible board of cooperative services. Upon receipt of such certification, but no later than July 15, 1973, and July 15 of each year thereafter, the state treasurer shall make distribution of the amount so certified to the respective boards of cooperative services.

(3) The general assembly shall annually make a separate appropriation to the state board to cover the estimated cost of the basic grants to eligible boards of cooperative services as set forth in subsection (1) of this section.

(4) For budget years commencing on or after July 1, 1996, any amount received by a board of cooperative services pursuant to this section shall be used to fund professional educator development in standards-based education pursuant to the plan adopted by each school district pursuant to section 22-7-407 (2) in each school district that is a member of such board and in any nonmember school district that chooses to participate in a professional educator development program with any board of cooperative services.

**22-5-116. Corporate status of boards of cooperative services.** Each regularly organized board of cooperative services formed at any time is hereby declared to be a body corporate and in its name may hold title to personal property for any purpose authorized by law, sue, and be a party to contracts for any purpose authorized by law.

**Source: L. 73:** p. 1295, § 4. **C.R.S. 1963:** § 123-34-15.

**22-5-117. Employment of teacher transferred from school district.** Any teacher transferred from employment in a school district which is a member of a board of cooperative services to employment in said board of cooperative services shall retain the employment status he had attained prior to his transfer to the board of cooperative services, including credit for years of service as a probationary teacher, as provided in article 63 of this title, in the school district from which he transferred.

**Source: L. 73:** p. 1295, § 4. **C.R.S. 1963:** § 123-34-17. **L. 90:** Entire section amended, p. 1131, § 9, effective July 1.

**22-5-118. Implementation and financing of regional education and support services - plan - annual report.** (1) The general assembly recognizes that the increasing number of students, the desire to reduce school districts' reliance on property taxes, the need to consolidate services rather than schools, and the limitations on state revenues require the boards of cooperative services to develop the highest possible efficiencies and most economic methods for school districts to deliver education and support services. The general assembly further recognizes that it is essential to assist school districts in providing educational services with the maximum economies of scale without violating the principle of local control. The general assembly therefore declares that using boards of cooperative services to assist in delivering education and support services furthers a valid public purpose and promotes a commitment to achieving efficiencies and economies in providing educational services.

(2) Beginning fiscal year 1996-97 and for fiscal years thereafter, in addition to any state moneys received pursuant to section 22-5-115, a board of cooperative services may receive state moneys by submitting to the department of education a plan for the provision of education and support services programs, as specified in this section. Any amount appropriated to fund any education or support services program pursuant to this section shall be distributed by the department of education to each board of cooperative services that submits a plan. The amount appropriated shall be divided equally based on the total number of students enrolled in the member school districts of the participating boards and distributed based on the number of students participating in the funded education or support services program from each member school district of each participating board.

(3) (a) To receive funds under this section, a board of cooperative services, in cooperation with its participating school districts, the department of education, the Colorado commission on higher education, the state board for community colleges and occupational education, and postsecondary institutions, shall prepare and submit a plan to increase efficiencies and economies in providing education and support services to the board's participating school districts.

(b) Each plan shall include but is not limited to measures concerning:

(I) The enhancement of student achievement and instruction through cooperative research and development, the continuous upgrading of standards and assessment techniques, and the establishment of a regional curriculum center;

(II) Staff development and training programs;

(III) The development of improved communications through such methods as communications technology, distance learning, and media assistance;

(IV) The use of federal and state categorical funds and the distribution and delivery of federal block grant moneys;

(V) Data processing;

(VI) Agreements to act as a regional administrative unit for transportation, cooperative purchasing, and other noninstructional support services, as may be appropriate;

(VI.5) Agreements pertaining to the board's operations, if any, as a school food authority, pursuant to section 22-5-120; and

(VII) Cooperative programs for students who are at risk of suspension or expulsion.

(4) A board of cooperative services may contract with a school district that is not a member of the board of cooperative services to provide to the school district any of the services specified in the plan developed pursuant to this section.

(5) The general assembly may appropriate moneys to the department of education for distribution to boards of cooperative services as provided in this section. Any moneys appropriated shall be in addition to any moneys appropriated pursuant to section 22-5-115.

(6) (a) By July 1 of each year, each board of cooperative services that receives moneys pursuant to this section shall submit a report to the department of education concerning the programs and services funded by moneys received pursuant to this section.

(b) Repealed.

(7) The state board may adopt rules for the implementation of this section.

**Source:** L. 96: Entire section added, p. 975, § 1, effective May 23. L. 98: (6)(b) repealed, p. 1075, § 1, effective June 1. L. 2006: (6)(a) amended, p. 597, § 7, effective August 7. L. 2010: (3)(b)(VI) amended and (3)(b)(VI.5) added, (HB 10-1335), ch. 326, p. 1512, § 2, effective August 11.

**22-5-119. Supplemental on-line education services - legislative declaration - contract.** (1) (a) (I) The general assembly finds that:

(A) On-line education courses that are supplemental to the education program provided by a school district, charter school, or BOCES are a valuable resource for schools because they allow a school district, charter school, or BOCES to provide a much richer, more varied curriculum of courses for students at all levels of achievement;

(B) Supplemental on-line education courses provide tools for school districts, charter schools, and BOCES to use in decreasing the college remediation rates and in helping their students comply with the higher education admission guidelines;

(C) The cost of supplemental on-line education courses is prohibitive for many school districts, charter schools, and BOCES whose students may be most in need of these courses. Because of the value of these courses, it is appropriate that the state provide moneys to assist school districts, charter schools, and BOCES in purchasing supplemental on-line education courses.

(II) It is therefore in the best interests of the state to ensure the availability of affordable supplemental on-line education courses for school districts, charter schools, and BOCES by subsidizing the provision of supplemental on-line education courses.

(III) Due to its experience in assisting school districts in obtaining supplemental on-line courses, it is further in the best interests of the state to designate the mountain BOCES to contract with a provider of supplemental on-line education courses as a mechanism for reimbursement of the cost of providing the courses to school districts, charter schools, and BOCES and to reduce the cost of the courses.

(b) It is further the intent of the general assembly that the amount necessary to reduce the cost to school districts, charter schools, and BOCES of purchasing supplemental on-line education courses be appropriated annually from federal mineral leasing revenues transferred to the state public school fund pursuant to section 34-63-102, C.R.S., and section 22-54-114 (1).

(2) As used in this section, unless the context otherwise requires:

(a) "BOCES" means a board of cooperative services created pursuant to this article.

(b) "Charter school" means a district charter school authorized pursuant to part 1 of article 30.5 of this title or an institute charter school authorized pursuant to part 5 of article 30.5 of this title.

(c) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(d) "Provider" means an entity that sells supplemental on-line education courses that are taught by employees of the provider who are teachers licensed in Colorado pursuant to article 60.5 of this title.

(e) "Supplemental on-line education course" means an education course that is:

(I) Taught by a teacher who is licensed pursuant to article 60.5 of this title;

(II) Delivered via an internet format to one or more students at a location that is remote from the delivery point; and

(III) Purchased by a school district, charter school, or BOCES from a provider to augment the education program provided by the school district, charter school, or BOCES.

(3) On or before August 1, 2007, and on or before August 1 of each year thereafter through August 1, 2011, and on or before August 1, 2012, and on or before August 1 of every third year thereafter, the mountain BOCES, subject to available appropriations, shall contract with a provider to provide supplemental on-line education courses to school districts, charter schools, and BOCES that choose to purchase the courses. At a minimum, the contract shall provide that:

(a) Supplemental on-line education courses shall be provided to a purchasing school district, charter school, or BOCES at a cost of no more than two hundred dollars per student per semester course; and

(b) The cost per student per semester course charged to the school district, charter school, or BOCES shall not increase regardless of the number of students enrolled or the number of courses provided.

(4) The general assembly shall annually appropriate to the department of education for allocation to the mountain BOCES moneys sufficient to administer and fund the contract with the provider entered into pursuant to this section. The mountain BOCES may expend not more than two percent of the contract amount in administering the contract.

(5) On or before March 15, 2008, and on or before March 15 each year thereafter, the mountain BOCES shall submit to the education committees of the house of representatives and the senate, or any successor committees, the joint budget committee of the general assembly, and the department a report summarizing the provision of supplemental on-line courses pursuant to this section. At a minimum, the report shall include:

(a) The number of registrants in supplemental on-line courses, disaggregated by the school district, charter school, or BOCES that registered the students;

(b) The supplemental on-line course titles offered and the number of registrants per course;

(c) Completion statistics for each supplemental on-line course, disaggregated by semester;

(d) The number of supplemental on-line courses taken for both high school and postsecondary credit, disaggregated by postsecondary institution and school district;

(e) A list of the supplemental on-line courses developed or revised by the contract provider;

(f) The strategies used successfully to facilitate student success in supplemental on-line course work;

(g) An analysis of the reasons school districts, charter schools, and BOCES use supplemental on-line courses;

(h) A description of any unique uses of supplemental on-line courses by school districts, charter schools, and BOCES;

(i) A description of any barriers encountered by school districts, charter schools, or BOCES in using supplemental on-line courses;

(j) A representative sampling of student and administrator comments regarding participation in supplemental on-line courses;

(k) Trend data related to the supplemental on-line learning environment; and

(l) An accounting of the expenditure of the funds allocated to the mountain BOCES pursuant to this section, which shall include an accounting by the mountain BOCES and by the contract provider.

(6) Repealed.

**Source:** **L. 2007:** Entire section added, p. 1093, § 1, effective May 23. **L. 2010:** (6) repealed, (HB 10-1037), ch. 43, p. 169, § 2, effective March 29. **L. 2012:** IP(3) amended, (HB 12-1345), ch. 188, p. 716, § 4, effective May 19.

**22-5-120. School food authority operations - contracts for provision of food and beverages.** (1) Each board of cooperative services is authorized to maintain, equip, and operate a food-service facility as a school food authority, as defined in section 22-32-120 (8).

(2) Each board of cooperative services that elects to operate as a school food authority is encouraged to procure and distribute to schools of its constituent school districts food and beverages that:

(a) Satisfy nutritional standards established by the United States department of agriculture; and

(b) Have been locally grown or produced.

(3) Each board of cooperative services that elects to operate as a school food authority may seek, accept, and expend gifts, grants, and donations to facilitate its operations as a school food authority; except that a board of cooperative services shall not accept a gift, grant, or donation if it is subject to conditions that are inconsistent with this article or any other law of the state.

**Source:** **L. 2010:** Entire section added, (HB 10-1335), ch. 326, p. 1507, § 1, effective August 11.

**22-5-121. BOCES healthy food grant program - application process - fund - rules - repeal.** (1) **Program created.** (a) There is hereby created in the department of education the BOCES healthy food grant program, referred to in this section as the “program”. The objectives of the program are to:

(I) Make grants available to boards of cooperative services that maintain, equip, and operate food-service facilities as school food authorities pursuant to section 22-5-120; and

(II) Require each board of cooperative services that receives a grant from the program to procure and distribute to schools of its constituent school districts only food and beverages that satisfy nutritional standards for food and beverages served to children during the school day, which standards are established by a research institution not less than forty years old that examines policy matters pertaining to the health of the public and is chartered by the United States congress to advise the federal government regarding scientific and technical matters, which research institution is identified by rules promulgated by the state board pursuant to paragraph (d) of subsection (7) of this section.

(b) The department of education shall administer the program in accordance with the provisions of this section. Notwithstanding any provision of this section to the contrary, the department, the commissioner of education, and the state board shall not be required to implement the provisions of this section until such time as sufficient moneys, as determined by the department, are credited to the BOCES healthy food grant program cash fund created in subsection (5) of this section.

(2) **Application process.** (a) A board of cooperative services that is operating as a school food authority may apply for a grant from the program in accordance with the procedures established by rules promulgated by the state board pursuant to subsection (7) of this section.

(b) In accordance with the rules promulgated by the state board pursuant to subsection (7) of this section, the department of education shall develop a standard application form for a board of cooperative services to use in applying for a grant from the program. The department shall make the standard application form electronically available to the public.

(c) Each board of cooperative services that applies for a grant from the program shall use the standard application form developed by the department of education pursuant to paragraph (b) of this subsection (2). In submitting the standard application form, the board of cooperative services shall provide all the information requested on the form as well as any other information that the department may request.

(d) (I) Upon receiving an application from a board of cooperative services, the department of education shall submit the application to the commissioner of education. The commissioner or his or her designee shall review each application and, subject to the receipt of sufficient gifts, grants, or donations pursuant to paragraph (d) of subsection (5) of this section, determine and announce on or before June 1, 2011, and on or before June 1 each year thereafter, which boards of cooperative services, if any, shall receive grants and the amount of the grant that each recipient board of cooperative services shall receive. Pursuant to this determination, the department shall transfer the appropriate grant amount to each recipient board of cooperative services.

(II) Notwithstanding any provision of this section to the contrary, if the department of education does not receive sufficient gifts, grants, or donations on or before March 1 of any year, the department shall not be required to determine and announce grant recipients on or before June 1 of that year, as described in subparagraph (I) of this paragraph (d). If the department of education receives sufficient gifts, grants, or donations only after March 1 of any year, the department shall determine and announce grant recipients, as described in said subparagraph (I), no more than ninety days after the date upon which the department received sufficient gifts, grants, or donations.

(3) **Eligibility - selection criteria.** (a) The commissioner of education or his or her designee shall award a grant from the program only to a board of cooperative services that:

(I) Maintains, equips, and operates a food-service facility as a school food authority pursuant to section 22-5-120; and

(II) Procures and distributes to schools of its constituent school districts only food and beverages that satisfy nutritional standards for food and beverages served to children during the school day, which standards are established by a research institution not less than forty years old that examines policy matters pertaining to the health of the public and is chartered by the United States congress to advise the federal government regarding scientific and technical matters, which research institution is identified by rules promulgated by the state board pursuant to paragraph (d) of subsection (7) of this section.

(b) In selecting boards of cooperative services to receive grants from the program and in determining the amount of the grant to be awarded to each recipient board of cooperative services, the commissioner of education or his or her designee shall use the criteria and procedures established by rules promulgated by the state board pursuant to subsection (7) of this section.

(c) Notwithstanding the provisions of subparagraph (II) of paragraph (a) of subsection (1) of this section and subparagraph (II) of paragraph (a) of this subsection (3), the nutritional requirements described in said provisions shall not apply to fruit with no added sweeteners, nuts, nut butters with no added sweeteners, seeds, low-fat cheese with no added sweeteners, or eggs.

(4) **Permissible uses of grant moneys.** (a) Except as provided in paragraph (b) of this subsection (4), a board of cooperative services that receives a grant from the program shall use all the grant moneys to facilitate its operations as a school food authority, which operations include, but are not limited to, administrative functions relating to its operations as a school food authority.

(b) A board of cooperative services that receives a grant from the program may use a portion of the grant moneys to gather, record, and assemble data for the purpose of preparing the reports described in subsection (6) of this section.

(5) **Fund created.** (a) There is hereby created in the state treasury the BOCES healthy food grant program cash fund, referred to in this section as the "fund". The fund shall consist of:

(I) Any gifts, grants, or donations received by the department of education for the fund pursuant to paragraph (d) of this subsection (5); and

(II) Any other moneys that the department of education may allocate to the fund pursuant to paragraph (e) of this subsection (5).

(b) The moneys in the fund shall be subject to annual appropriation by the general assembly to the department of education for the direct and indirect costs associated with the implementation of the program pursuant to the provisions of this section; except that any federal moneys allocated to the fund pursuant to paragraph (e) of this subsection (5) shall

not be subject to appropriation. Of the moneys annually appropriated from the fund, the department of education may expend no more than ten percent to offset the direct and indirect costs incurred by the department in implementing the program pursuant to this section.

(c) Any moneys in the fund not expended for the purposes of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund; except that all unexpended and unencumbered moneys remaining in the fund as of June 30, 2015, shall be transferred to the general fund.

(d) The department of education is authorized to seek and accept gifts, grants, or donations from private or public sources for the purposes of this section; except that the department shall not accept a gift, grant, or donation if it is subject to conditions that are inconsistent with this section or any other law of the state. The department shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the fund. Nothing in this section shall be interpreted as requiring the department to solicit funding for the program.

(e) To the extent permitted by law, the department of education may, at its discretion, allocate other moneys to fund the program.

(6) **Reports.** (a) Not later than January 1, 2015, the department of education shall prepare and submit to the education committees of the house of representatives and the senate, or any successor committees, a report that describes the activities carried out under this section and evaluates the effectiveness of the program.

(b) The report prepared by the department of education pursuant to paragraph (a) of this subsection (6) shall, at a minimum, include the following:

(I) The total number of boards of cooperative services that received moneys awarded as grants under the program;

(II) The amount of moneys awarded to each board of cooperative services that received a grant under the program;

(III) Information demonstrating the department's compliance with the provisions of this section and any rules promulgated by the state board pursuant to subsection (7) of this section; and

(IV) Statistical evidence or other information to assist the committees in evaluating the effectiveness of the program.

(7) **Rules.** The state board shall promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., establishing policies and procedures for the administration of the program, including but not limited to:

(a) Procedures by which a board of cooperative services may apply for a grant from the program;

(b) Minimum requirements for the standard application form developed by the department of education pursuant to paragraph (b) of subsection (2) of this section. At a minimum, each application submitted to the department by a board of cooperative services shall include:

(I) Information that is sufficient to demonstrate that the board of cooperative services is operating as a school food authority;

(II) A written confirmation from the chief administrator of the board of cooperative services that the board of cooperative services is procuring and distributing to schools of its constituent school districts only food and beverages that satisfy nutritional standards established by the United States department of agriculture; and

(III) A proposal indicating how the board of cooperative services plans to use grant moneys awarded under the program. The proposal shall ensure that the entire amount of the grant moneys awarded under the program shall be used for the purposes described in subsection (4) of this section.

(c) Criteria and procedures for the commissioner of education or his or her designee to use in selecting boards of cooperative services to receive grants under the program and in

determining the amount of the grant to be awarded to each recipient board of cooperative services;

(d) For the purposes of subparagraph (II) of paragraph (a) of subsection (1) of this section and subparagraph (II) of paragraph (a) of subsection (3) of this section, the identification of a research institution not less than forty years old that examines policy matters pertaining to the health of the public and is chartered by the United States congress to advise the federal government regarding scientific and technical matters.

(8) **Repeal.** This section is repealed, effective July 1, 2015.

**Source: L. 2010:** Entire section added, (HB 10-1335), ch. 326, p. 1508, § 1, effective August 11.

**22-5-122. Assistance for implementing and meeting state educational priorities - financing.** (1) (a) For the 2012-13 fiscal year and each fiscal year thereafter, a BOCES may receive state moneys in addition to any other moneys received pursuant to this article by submitting a plan to the state board, in a form and manner specified by rule of the state board, that details how the BOCES will use the additional moneys to assist its participating school districts in implementing and meeting the state's educational priorities as determined by the commissioner of education pursuant to subsection (2) of this section. The state board may specify additional information that a BOCES is required to include in a plan submitted pursuant to this paragraph (a).

(b) For the 2012-13 fiscal year, a BOCES that seeks additional moneys shall submit a plan pursuant to paragraph (a) of this subsection (1) to the state board on or before August 1, 2012. For the 2013-14 fiscal year and each fiscal year thereafter, a BOCES that seeks additional moneys shall submit a plan pursuant to paragraph (a) of this subsection (1) to the state board on or before May 1 of the preceding fiscal year.

(c) For the 2013-14 fiscal year, and each fiscal year thereafter, if a BOCES that submits a plan to the state board pursuant to paragraph (a) of this subsection (1) also submitted a plan in the previous fiscal year, the BOCES shall include a report detailing the results of the previous year's plan in its new plan submission.

(2) On or before June 1, 2012, on or before March 1, 2015, and on or before March 1 every third year thereafter, the commissioner of education, in consultation with a statewide association in the state that represents one or more BOCES in the state and a council created by the commissioner of education that advises the commissioner and the department of education regarding the needs and concerns of rural school districts in the state, shall determine the state's educational priorities for the purposes of this section. The priorities may include, but need not be limited to, educator effectiveness, school district accreditation and accountability, and standards and assessments for preschool through elementary and secondary education.

(3) A BOCES may develop a memorandum of understanding with a school district that is contiguous to the area of the BOCES, but that is not a member of the BOCES, to enable the district to participate with the BOCES in the plan submitted pursuant to subsection (1) of this section. In addition, two or more adjoining BOCES may collaborate regarding the implementation of a plan submitted pursuant to this section.

(4) (a) The department of education shall establish a method to allow the member school districts of a BOCES that chooses not to submit a plan pursuant to paragraph (a) of subsection (1) of this section to submit a plan as a consortium of districts or as a newly formed BOCES to the state board and to receive moneys to assist the districts in implementing and meeting the state educational priorities as determined pursuant to subsection (2) of this section.

(b) A member district of a BOCES that has submitted a plan pursuant to subsection (1) of this section may choose not to participate in the BOCES plan to assist the member districts in implementing and meeting the state's educational priorities. If a member district chooses not to participate, the BOCES shall work with the other member districts in the BOCES to implement the plan.

(5) (a) The general assembly may appropriate moneys to the department of education for the purposes of this section. Of the amount appropriated, the department may retain up

to one hundred twenty thousand dollars annually for the purpose of funding a departmental liaison for rural school districts and up to fifty thousand dollars annually for the purpose of funding the department’s ongoing support of a council created by the commissioner of education that advises the commissioner and the department regarding the needs and concerns of rural school districts. The department shall distribute the remaining amount as specified in paragraph (b) of this subsection (5).

(b) The department of education shall distribute the remaining amount appropriated by the general assembly for the purposes of this section, after subtracting the amounts specified in paragraph (a) of this subsection (5), as follows:

(I) Equally distribute forty-five percent to the BOCES that submit plans pursuant to subsection (1) of this section;

(II) Distribute forty-five percent based on the total number of member school districts of the participating BOCES and nonmember school districts that participate with the BOCES as detailed in a memorandum of understanding entered into pursuant to subsection (3) of this section; and

(III) Distribute ten percent based on the total number of students enrolled in the member school districts of the participating BOCES and enrolled in the nonmember school districts that participate with the BOCES as detailed in a memorandum of understanding entered into pursuant to subsection (3) of this section.

(c) Any state moneys appropriated by the general assembly for the purposes of this section shall not be used to supplant the level of state moneys appropriated to support and for use by BOCES during the 2011-12 fiscal year.

(6) The state board shall promulgate rules pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., for the administration of this section.

(7) The general assembly finds and declares that, for purposes of section 17 of article IX of the state constitution, a program to assist school districts in implementing and meeting the state’s educational priorities is a program for accountable education reform and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

	ation - rules.		grams and services.
22-5.5-105.	Regional service areas - es-	22-5.5-108.	Reporting requirements.

**22-5.5-101. Short title.** This article shall be known and may be cited as the “Regional Service Areas Act”.

**Source: L. 2008:** Entire article added, p. 1693, § 1, effective June 2.

**22-5.5-102. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) Colorado should align its education system to maximize the state’s limited resources in improving student achievement and closing the learning gap;

(b) One of the most effective ways to align the state’s education system and maximize resources is to expand the department of education’s eight existing regional service areas to twelve regional service areas, and to include in the expansion process representation from community and junior colleges, technical colleges, state institutions of higher education, early childhood councils, and business and industry;

(c) Colorado experimented with successful results with regional consortiums for professional development during 2000 and 2001 as a means to deliver professional development programs across school district lines in an efficient and effective manner;

(d) Regions can serve as an efficient and effective link between the state, the department of education, boards of cooperative services, administrative units, school districts, state institutions of higher education, and business and industry to leverage and implement scarce resources for education reform initiatives at state, regional, and local levels;

(e) A regional service area system would extend and expand service delivery in many areas, including but not limited to data centers, financial services, cooperative purchases, technological support, capital construction planning assistance, dropout prevention, early childhood and preschool programs, postsecondary partnerships and student transitions into postsecondary schools, professional development, curriculum and instructional expertise and support, and shared administration and services among school districts;

(f) Funding for regional service areas should be consistent and sustainable over time;

(g) School districts, boards of cooperative services, administrative units, community colleges, junior colleges, technical colleges, postsecondary institutions, early childhood councils, and representatives from business and industry located within the same geographic area should work collaboratively to develop a regional plan that meets the needs of participants in order to increase the effectiveness of a regional system.

(2) The general assembly therefore declares that it is in the best interest of the state of Colorado and its citizens to assist in providing a thorough and uniform educational system by creating a system of regional service areas that utilizes existing relationships to provide programs and services beyond the boundaries of the current twenty-one boards of cooperative services, fifty-seven administrative units, and one hundred seventy-eight school districts.

(3) The general assembly further finds and declares that, for purposes of section 17 of article IX of the state constitution, the establishment of twelve regional service areas which will effectively align the state's education system and maximize resources is a critical element of accountable education reform, accountable programs to meet state academic standards, expanding technology education, improving student safety, expanding the availability of preschool and kindergarten programs, and accountability reporting and, therefore, may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2008:** Entire article added, p. 1693, § 1, effective June 2.

**22-5.5-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Administrative unit" means a school district, a board of cooperative services, or the state charter school institute, that is providing educational services to exceptional children.

(2) "Board" means the board of education of a school district.

(3) "Board of cooperative services" means a regional educational service unit created pursuant to article 5 of this title.

(4) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(5) "Postsecondary institution" means a community or technical college, a junior college, or a state-supported institution of higher education.

(5.5) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(6) "Regional service area" means one of twelve regional service areas created pursuant to section 22-5.5-104.

(7) "Regional service council" means the governing body of a regional service area plan, which governing body is established pursuant to section 22-5.5-105.

(8) "School district" means a school district existing pursuant to law.

(9) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source:** L. 2008: Entire article added, p. 1695, § 1, effective June 2. L. 2012: (5.5) added, (HB 12-1090), ch. 44, p. 150, § 4, effective March 22.

**22-5.5-104. Regional service areas - creation - rules.** (1) On or before December 1, 2008, the state board, in consultation with the department, school districts, and boards of cooperative services, shall divide the state into twelve regional service areas throughout the state. Each regional service area shall consist of at least two school districts and one or more boards of cooperative services.

(2) The state board and the department shall consult with the department of higher education and the governor's office to establish the state's education initiatives, including priorities for preschool through postsecondary education.

(3) On or before December 1, 2008, the state board shall promulgate rules for the development, expansion, implementation, and management of the regional service areas created pursuant to this article.

**Source:** L. 2008: Entire article added, p. 1695, § 1, effective June 2.

**22-5.5-105. Regional service areas - establishment - plan - governance.** (1) (a) Following the creation of the twelve regional service areas by the state board pursuant to section 22-5.5-104, but on or before June 30, 2009, individuals in a regional service area may organize a regional service area. Participants in a regional service area may include, but need not be limited to, representatives from school districts, boards of cooperative services, administrative units, early childhood councils, postsecondary institutions, business and industry, other education agencies in the regional service area, teachers, and parents. A regional service area plan shall be governed by no more than one regional service council.

(b) Participation by school districts or boards of cooperative services in a regional service area is voluntary.

(2) (a) Each plan for a regional service area shall be administered by a locally appointed regional service council, representing the following entities within the regional service area and composed of a minimum of five members; except that a regional service council initially formed or reorganized on or after August 5, 2009, shall be composed of a minimum of six members as follows:

(I) Each participating board of cooperative services shall appoint at least one council member. A board of cooperative services that has more than five member districts shall appoint an additional council member. The terms shall run coterminously with the council member's term on his or her board.

(II) Each board of cooperative services superintendent advisory council within a regional service area shall appoint two superintendents or their designees to serve on the regional service council. A superintendent advisory council that has more than five members shall appoint an additional superintendent or his or her designee to the regional service council. The superintendents or their designees shall each represent a participating school district.

(III) Each school district that chooses to participate in the regional service area and that is not a member of a board of cooperative services within the regional service area shall appoint one board member, superintendent, or designee to the regional service council. The terms shall run coterminously with the council member's term on his or her board, if applicable.

(IV) The regional service council, within ninety days after its initial formation and each time the regional service council reorganizes thereafter, shall appoint one council member representing business and industry, one council member representing each existing early childhood council from within the regional service area, and, for a regional service council initially formed or reorganized on or after August 5, 2009, one council member who is a parent of a student enrolled in a public preschool, elementary, secondary, or postsecondary institution located within the regional service area.

(V) Each four-year institution of higher education, each community college, and each technical college within the regional service area may appoint a trustee or advisory council member, or the president of the institution or his or her designee, to serve on the regional service council.

(VI) The department of education regional manager for the regional service area and the executive director for any board of cooperative services in the regional service area shall serve as ex-officio, nonvoting members of the regional service council.

(b) The regional service council shall have the authority to set terms of office, organize, have meetings, and accept moneys and shall be accountable for funding and programs.

(3) To receive funding pursuant to section 22-5.5-106 (2) and (3), the regional service council on behalf of each regional service area shall submit a plan to the state board for approval on or before June 30, 2009. The plan shall address the needs of large and small school districts within the regional service area and focus on increasing effectiveness and efficiencies in providing education and services throughout the region. The plan shall include, at a minimum:

(a) A list of representatives from various educational agencies and business and industry in the regional service area;

(b) A description of how the regional service area intends to use and develop state, regional, and local expertise;

(c) An outline of available funding sources, including local and regional contributions, federal moneys, and any available state resources;

(d) A description of how the agencies within the regional service area will coordinate and collaborate to enhance effectiveness and efficiencies among and between regional service areas;

(e) A strategy to address the needs of participating school districts within the regional service area;

(f) A budget outlining projected expenditures by the regional service area; and

(g) Accountability criteria associated with the plan, including but not limited to:

(I) Evaluation of alignment with established state priorities;

(II) Rationale for selection of priorities based upon regional needs assessment data;

(III) Goals that are specific, measurable, achievable, and realistic, all within an established time frame;

(IV) Specific outcomes demonstrated with effectiveness and efficiencies;

(V) An evaluation process and criteria; and

(VI) Budget alignment with priorities and activities.

(4) (a) Each regional service council shall submit a plan developed pursuant to subsection (3) of this section to the state board for approval as a prerequisite to the receipt of state moneys pursuant to this article.

(b) On or before August 1, 2009, the state board shall notify each regional service council that submitted a plan for a regional service area of its approval or rejection.

**Source: L. 2008:** Entire article added, p. 1695, § 1, effective June 2. **L. 2009:** IP(2)(a) and (2)(a)(IV) amended, (SB 09-090), ch. 291, p. 1439, § 4, effective August 5.

**22-5.5-106. Funding.** (1) On or before June 30, 2009, a regional service council may apply to the state board on behalf of a regional service area for a one-time grant of up to ten thousand dollars for direct reimbursement of expenses related to the development of the plan for the regional service area. The state board shall provide an applying regional service council with the one-time grant for reimbursement of expenses related to the development of the plan no later than thirty days following the submission of the grant application.

(2) If the plan for a regional service area is approved by the state board pursuant to section 22-5.5-105, on or after July 1, 2009, and annually thereafter, the state board shall award to the regional service area a grant of up to fifty thousand dollars, subject to available appropriations by the general assembly. If available moneys are insufficient to award each eligible regional service area a full fifty-thousand-dollar grant, the state board shall reduce proportionately all grant awards for eligible regional service areas for that year. A regional

service council may choose not to accept funding on behalf of the regional service area if the prorated amount is insufficient to allow the regional service area to function effectively.

(3) In addition to the grants described in subsections (1) and (2) of this section, on or after July 1, 2009, and annually thereafter, the department shall, subject to available appropriations, allocate to each eligible regional service area an amount equal to up to fifty cents per pupil based on the pupil enrollment for each school district in the regional service area as of the pupil enrollment count day of the previous year.

(4) Funding for a regional service area after the first grant pursuant to this section is contingent upon the successful implementation of the regional service area's plan, as evaluated by the state board and the department. The state board shall annually notify each regional service council on or before September 1 regarding whether the regional service area will receive moneys pursuant to subsections (2) and (3) of this section in the coming year and the amounts.

(5) A regional service council may use a maximum of ten percent of the amount annually received by the regional service area for grant management and fiscal oversight. For regions with a total pupil enrollment of less than fifteen thousand students, the regional service council may use up to twenty percent of the amount annually received by the regional service area for grant management and fiscal oversight.

(6) Each regional service council that receives funding on behalf of a regional service area pursuant to subsections (2) and (3) of this section shall submit to the department a revised annual budget on or before March 1, 2010, and on or before March 1 each year thereafter. If a regional service council expects to exceed by more than ten percent the projected expenditures specified in the budget included in the original plan submitted to the state board pursuant to section 22-5.5-105, the regional service council shall seek prior approval for the expenditure from the department.

(6.5) Each regional service council is authorized to seek and accept gifts, grants, or donations from private or public sources for the purposes of this article; except that a gift, grant, or donation shall not be accepted if the conditions attached to the gift, grant, or donation require its expenditure in a manner contrary to law. Any gifts, grants, or donations received by a regional service council shall be submitted directly to the board of cooperative services that is acting as the regional service council's fiscal agent pursuant to subsection (7) of this section.

(7) Each regional service council shall select one board of cooperative services in the regional service area to act as its fiscal agent to receive the moneys from the state treasurer or any gifts, grants, or donations accepted pursuant to subsection (6.5) of this section.

**Source: L. 2008:** Entire article added, p. 1698, § 1, effective June 2. **L. 2010:** (4) amended, (HB 10-1013), ch. 399, p. 1908, § 22, effective June 10. **L. 2012:** (3) amended, (HB 12-1090), ch. 44, p. 150, § 5, effective March 22.

**22-5.5-107. Regional service areas - programs and services.** (1) A regional service area may provide any of the following services and programs, including but not limited to:

- (a) Data and assessment centers;
- (b) Shared financial services among school districts and boards of cooperative services;
- (c) Cooperative purchases;
- (d) Technology infrastructure and support;
- (e) Distance, on-line learning, and other alternative learning opportunities for students;
- (f) Precollegiate programs, counseling, and dropout prevention;
- (g) Capital construction planning assistance;
- (h) Curriculum and instructional expertise and support;
- (i) Professional development for teachers and administrators;
- (j) Regional and state initiatives;
- (k) Shared administration and support services for school districts;
- (l) Early childhood and preschool programs; and

(m) Postsecondary partnerships and services to support student transitions into post-secondary schools.

**Source: L. 2008:** Entire article added, p. 1699, § 1, effective June 2.

**22-5.5-108. Reporting requirements.** On or before July 1 of the year following the approval of a regional service area’s plan pursuant to section 22-5.5-105, and on or before January 1 each year thereafter, the regional service council shall submit a written report on behalf of the regional service area to the state board and the department summarizing its activities for the calendar year, especially those activities related to the measurable goals and objectives outlined in the plan, a summary of any efficiencies or improved effectiveness achieved at the district or regional level by the regional service area, and any proposed amendments to the plan originally submitted to the state board pursuant to this article.

## PART 1

### LOCAL ACCOUNTABILITY PROGRAMS

#### 22-7-101 to 22-7-107. (Repealed)

**Source: L. 2009:** Entire part repealed, (SB 09-163), ch. 293, p. 1525, § 5, effective May 21.

**Editor's note:** This article was amended with relocations in 1997, and this part 1 was subsequently repealed in 2009. For amendments to this part 1 prior to its repeal in 2009, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume and the editor's note following the article heading.

## PART 2

### EDUCATIONAL ACHIEVEMENT

#### 22-7-201 to 22-7-207. (Repealed)

**Source: L. 2009:** Entire part repealed, (SB 09-163), ch. 293, p. 1525, § 5, effective May 21.

**Editor's note:** This article was amended with relocations in 1997, and this part 2 was subsequently repealed in 2009. For amendments to this part 2 prior to its repeal in 2009, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume and the editor's note following the article heading.

## PART 3

### COLORADO STATE ADVISORY COUNCIL FOR PARENT INVOLVEMENT IN EDUCATION

**Editor's note:** (1) This article was amended with relocations in 1997, and this part 3 was repealed in 1997 and subsequently recreated and reenacted in 2009, resulting in the addition, relocation, and elimination of sections as well as subject matter. For additional historical information concerning this article, see the editor's note following the article heading.

(2) Section 17 of chapter 129, Session laws of Colorado 1997 provided for the repeal of this part 3 only if House Bill 97-1253 was enacted and became law. House Bill 97-1253 was signed by the governor May 21, 1997.

(3) The amendments to this part 3 in House Bill 97-1219 were superseded by House Bill 97-1253.

#### 22-7-301. **Legislative declaration.** (1) The general assembly hereby finds that:

(a) Although education reform efforts are ongoing at both the state and local levels, Colorado continues to experience an unacceptably high dropout rate, inequalities in the academic achievement levels of students from different racial and socioeconomic groups, and low rates of enrollment and persistence in postsecondary education;

(b) To accomplish the goals of reducing the dropout rate, reducing the gaps in academic achievement and growth among student groups, and increasing the number of students who continue into higher education following high school graduation or completion, the state must look to additional strategies for improving public education;

(c) Studies show that, when parents are involved as partners with their children's schools, students achieve higher levels of academic performance, students demonstrate

better attendance and homework completion, and students are less likely to drop out of school;

(d) Students from diverse cultural backgrounds tend to perform better academically when their parents and the professionals at their schools collaborate to bridge the gap between the culture at home and that at the school; and

(e) Secondary students whose parents are involved with their schools make better transitions into postsecondary education, maintain the quality of their academic work, and are more like to develop realistic plans for their futures.

(2) The general assembly therefore finds that it is in the best interests of the state to create a state advisory council for parent involvement in education that will review best practices and recommend to policy makers and educators strategies to increase parent involvement in public education, thereby helping to improve the quality of public education and raise the level of students' academic achievement throughout the state.

**Source: L. 2009:** Entire part RC&RE, (SB 09-090), ch. 291, p. 1426, § 1, effective August 5.

**22-7-302. Definitions.** As used in this part 3, unless the context otherwise requires:

(1) "Charter school" means a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title or a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title.

(2) "Close the achievement and growth gap" means to lessen the variance in academic achievement and growth among student groups, as reflected in statewide assessment scores or performance on postsecondary and workforce readiness assessments and in calculations of students' longitudinal academic growth, by improving the academic achievement and growth of students in those groups that are underperforming.

(3) "Council" means the Colorado state advisory council for parent involvement in education created in section 22-7-303.

(4) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(5) "National standards for family-school partnerships" means the following research-based standards for family-school partnerships recognized nationally by parent teacher associations:

(a) Families are active participants in the life of the school and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in the classroom;

(b) Families and school staff engage in regular, meaningful communication about student learning;

(c) Families and school staff continuously collaborate to support students' learning and healthy development both at home and at school and have regular opportunities to strengthen their knowledge and skills to provide said support effectively;

(d) Families are empowered to be advocates for their own and other children to ensure that students are treated fairly and have access to learning opportunities that will support their success;

(e) Families and school staff are equal partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs; and

(f) Families and school staff collaborate with community members to connect students, families, and staff to expanded learning opportunities, community services, and civic participation.

(6) "Parent" means a child's biological parent, adoptive parent, or legal guardian or another adult person recognized by the child's school as the child's primary caregiver.

(7) "Parent education program" means a program to teach parents strategies and skills for working with their children and the staff of the schools and institutions of higher education in which their children are enrolled.

(8) "Parent involvement grant program" means the parent involvement in education grant program created in section 22-7-305.

(9) “School-based parent information resource center” means a center that provides to parents information on education opportunities for their children, training for parents and families on education issues, and other support services that may be available to parents, such as mental health services, social services, and housing referrals.

(10) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(11) “Student populations that are significantly represented in the state” means student populations that each constitute at least ten percent of the total population of students in the state, which student populations may include, but need not be limited to, the student populations described in section 22-11-301 (3).

**Source: L. 2009:** Entire part RC&RE, (SB 09-090), ch. 291, p. 1427, § 1, effective August 5. **L. 2012:** (11) added, (SB 12-160), ch. 204, p. 813, § 2, effective May 24.

**22-7-303. Colorado state advisory council for parent involvement in education - created - membership.** (1) There is hereby created within the department of education the Colorado state advisory council for parent involvement in education. The council shall consist of members appointed as provided in this section and shall have the powers and duties specified in this part 3. The council shall exercise its powers and perform its duties and functions under the department, the commissioner of education, and the state board of education as if the same were transferred to the department by a **type 2** transfer as defined in the “Administrative Organization Act of 1968”, article 1 of title 24, C.R.S.

(2) The council shall consist of the following members:

(a) The following members appointed by the state board:

(I) Five persons who are parents of children enrolled in a publicly funded preschool program, in any of grades kindergarten through twelve, or in a state-supported institution of higher education, who reflect student populations that are significantly represented in the state; and two of whom are members of a school accountability committee or a school district accountability committee;

(II) A representative from each of two state-based nonprofit organizations that specialize in promoting the involvement of parents of traditionally underserved populations;

(III) A representative from a nonprofit organization that specializes in promoting the involvement of parents of students with disabilities;

(IV) A representative from a nonprofit organization that partners with funding providers, state agencies, and service providers to assist organizations in providing services to improve the health and well-being of families and children;

(V) A representative of a statewide organization of parents and teachers;

(VI) Repealed.

(VII) A representative of a statewide organization that represents school executives;

(VIII) A representative of a statewide organization that represents members of school district boards of education;

(IX) A representative of a statewide organization that represents teachers;

(X) A representative of a statewide organization that represents charter schools;

(XI) A representative of a statewide organization that represents career and college guidance counselors; and

(XII) Repealed.

(XIII) A person with expertise in early childhood care and education; and

(b) One or more representatives from the department of education, appointed by the commissioner of education, with expertise in the following areas:

(I) Strategies to close the achievement and growth gap;

(II) The program for the education of migrant children described in article 23 of this title;

(III) The English language proficiency program described in article 24 of this title;

(IV) Federal title I programs;

(V) The education of exceptional children, as defined in section 22-20-103 (12); and

(VI) The family literacy education grant program created in section 22-2-124;

(c) Two persons appointed by the executive director of the department of higher education; and

(d) A representative of the department of human services appointed by the executive director of said department.

(3) (a) A person may not be appointed to fill more than one of the member positions required in subsection (2) of this section in a single term. Each appointing authority shall make its initial appointments on or before October 1, 2009. Each member of the council shall serve at the pleasure of the member's appointing authority. The appropriate appointing authority shall fill any vacancies arising during a member's term on the council.

(b) The state board, in appointing members to the council, shall, to the extent practicable, select persons who will reflect the gender balance and ethnic and racial diversity of the state and will provide representation from throughout the state.

(4) The council members appointed pursuant to paragraph (a) of subsection (2) of this section shall serve three-year terms; except that, of the persons initially appointed, the state board shall select four who shall serve initial terms of one year and four who shall serve initial terms of two years.

(5) The state board shall call the first meeting of the council to be held no later than November 15, 2009. At its first meeting, and annually thereafter, the council shall select from among its members a person to serve as chair of the council. The council shall meet upon call of the chair as often as necessary to accomplish its duties as specified in this part 3.

(6) The council members shall serve without compensation and without reimbursement for expenses.

**Source:** **L. 2009:** Entire part RC&RE, (SB 09-090), ch. 291, p. 1428, § 1, effective August 5. **L. 2011:** (2)(c)(I) amended, (SB 11-245), ch. 201, p. 848, § 6, effective August 10. **L. 2012:** (2)(a)(I), (2)(a)(II), (2)(a)(III), (2)(a)(IV), (2)(a)(XI), and (2)(c) amended and (2)(a)(VI) and (2)(a)(XII) repealed, (SB 12-160), ch. 204, p. 812, § 1, effective May 24.

**Cross references:** For the legislative declaration in the 2011 act amending subsection (2)(c)(I), see section 1 of chapter 201, Session Laws of Colorado 2011.

**22-7-304. Council - advisory duties.** (1) The council shall inform, at a minimum, the early childhood councils and the early childhood care and education councils created pursuant to article 6.5 of title 26, C.R.S., public schools, school districts, the state charter school institute, the department, the state board, the department of higher education, the Colorado commission on higher education, and the governing boards for the state institutions of higher education concerning best practices and strategies, aligned with the national standards for family-school partnerships, for increasing parent involvement in public education and promoting family and school partnerships, including but not limited to best practices and strategies in the following areas:

(a) Creating and implementing programs to effectively involve parents in improving their children's education and levels of academic achievement. To identify these best practices and strategies, the council shall review the programs implemented in other states and the results of state and national research conducted in this area.

(b) Involving parents in programs to raise academic achievement, increase high school graduation rates, decrease student dropout rates, and close the achievement and growth gap;

(c) Involving parents in response to intervention programs in public schools and school districts;

(d) Involving parents in programs to raise academic achievement, improve the persistence rate, and improve the on-time graduation rate of students enrolled in institutions of higher education;

(e) Increasing parent involvement in education-related committees at the local and state levels;

(f) Designing and implementing parent education programs and centers and parent leadership training programs;

(g) Creating and implementing family-to-school liaison positions; and

- (h) Establishing and implementing school-based parent information resource centers.
- (2) The council shall recommend to the state board and to the Colorado commission on higher education plans for statewide parent involvement initiatives, which may include, but need not be limited to:
  - (a) Requiring each school district and the state charter school institute, as part of the accreditation process, to increase the level of parent involvement in education; and
  - (b) Initiatives to increase admissions to institutions of higher education and the degree-completion rate and to reduce the need for remediation.

**Source: L. 2009:** Entire part RC&RE, (SB 09-090), ch. 291, p. 1431, § 1, effective August 5.

**22-7-305. Parent involvement in education grant program - creation - rules - fund - reports.** (1) (a) There is hereby created in the department the parent involvement in education grant program to provide moneys to assist public schools in creating and implementing programs to support greater parent involvement in the schools. The council shall assist the department in implementing the parent involvement grant program as provided in this section and shall provide advice to recipient schools to assist them in creating and implementing programs to ensure that the programs reflect the best practices identified by the council pursuant to section 22-7-304.

(b) The school district of a public school, or a board of cooperative services or regional service council that operates a public school, that seeks a grant through the parent involvement grant program shall apply on behalf of the public school; except that, if the public school is a charter school, the public school may apply on its own behalf. To be eligible to receive a grant, a public school shall meet one or more of the following criteria:

(I) A significant percentage, as defined by rule of the state board, of the students enrolled in the public school for the three academic years immediately preceding application were:

(A) Eligible for free or reduced-cost lunch pursuant to the provisions of the federal “National School Lunch Act”, 42 U.S.C. sec. 1751 et seq.; or

(B) Students with limited English proficiency, as defined in section 22-24-103 (4);

(II) The dropout rate for the public school for each of the three academic years immediately preceding application exceeded the state average dropout rate for each respective year by a percentage established by rule of the state board;

(III) For each of the three academic years immediately preceding application, the statewide assessment scores of students enrolled in the public school demonstrated that:

(A) A significant achievement or growth gap, as defined by rule of the state board, existed among identified groups of students; or

(B) The school was an academically underperforming school, as defined by rule of the state board.

(c) The programs that a recipient school may fund with grant moneys received through the parent involvement grant program shall include, but need not be limited to, programs to establish:

(I) Family-to-school liaison positions;

(II) Parent leadership training opportunities;

(III) Centers to provide parent education programs; and

(IV) School-based parent information resource centers.

(2) The state board shall promulgate rules pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., as necessary for implementation of the parent involvement grant program, including but not limited to:

(a) Rules as specified in paragraph (b) of subsection (1) of this section and subsection (5) of this section;

(b) Rules establishing the time frames for submission and review of applications and selection of recipient schools;

(c) Rules specifying the information to be included in grant applications; and

(d) Rules identifying any criteria for selection of recipient schools in addition to the criteria specified in paragraph (b) of subsection (1) of this section.

(3) The council shall review the grant applications received pursuant to this section and shall recommend recipient schools and the grant amounts to the state board. Subject to available appropriations, the state board shall annually award grants through the parent involvement grant program, which grants shall be paid from the parent involvement grant program fund created in subsection (4) of this section.

(4) (a) There is hereby created in the state treasury the parent involvement grant program fund, referred to in this subsection (4) as the “fund”, that shall consist of such moneys as may be credited to the fund pursuant to paragraph (b) of this subsection (4). The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of the parent involvement grant program. Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund; except that any unexpended and unencumbered moneys remaining in the fund as of June 30, 2019, shall be transferred to the general fund.

(b) The council shall seek and may accept gifts, grants, and donations from private or public sources for the purposes of the parent involvement grant program; except that the council shall not accept a gift, grant, or donation if it is subject to conditions that are inconsistent with this part 3 or any other law of the state. The council shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the fund.

(c) Notwithstanding any provision of this section to the contrary, the state board and the department shall not implement the parent involvement grant program until such time as there is at least twenty thousand dollars credited to the fund.

(d) In any fiscal year in which there is at least twenty thousand dollars credited to the fund, the department may use up to one percent of the moneys credited to the fund to offset the costs incurred in implementing the parent involvement grant program.

(5) (a) Beginning in the budget year following the first budget year in which the state board awards grants pursuant to this section, each recipient school shall annually submit to the council and the department, in accordance with timelines specified by rule of the state board, a report summarizing the amount of moneys received in the preceding fiscal year from the parent involvement grant program, the manner in which the moneys were used, and the results achieved through the use of the moneys. The report shall include such additional information as may be required by rule of the state board.

(b) On or before March 15 of the first year in which the council receives reports pursuant to paragraph (a) of this subsection (5), and on or before March 15 each year thereafter, the council shall summarize the reports received pursuant to paragraph (a) of this subsection (5) and submit the summary, with any additional pertinent information, to the state board and the education committees of the house of representatives and the senate, or any successor committees.

**22-7-306. Repeal of part.** (1) This part 3 is repealed, effective July 1, 2019.

(2) Prior to said repeal, the council shall be reviewed as provided in section 2-3-1203, C.R.S.

**Source: L. 2009:** Entire part RC&RE, (SB 09-090), ch. 291, p. 1434, § 1, effective August 5.

## PART 4

## EDUCATION REFORM

**22-7-401. Legislative declaration.** The general assembly hereby finds and declares that, because children can learn at higher levels than are currently required of them, it is the obligation of the general assembly, the department of education, school districts, educators, and parents to provide children with schools that reflect high expectations and create conditions where these expectations can be met. Through a shared sense of accountability and a cooperative spirit among state government, school districts, educators, parents, business persons, and the community, school districts and educators can develop and teach to high standards which will enable students to achieve the highest level of knowledge and skills. The general assembly further declares that this system of standards-based education will serve as an anchor for education reform, with the focus of education including not just what teachers teach, but what students learn. In addition, standards-based education will advance equity, will promote assessment of student learning, and will reinforce accountability. The general assembly therefore charges school districts with the responsibility to develop content standards, programs of instruction, and assessments that reflect the highest possible expectations. The general assembly further declares that the ultimate goal of this part 4 is to ensure that Colorado's schools have standards which will enable today's students of all cultural backgrounds to compete in a world economy in the twenty-first century.

**Source: L. 97:** Entire article amended with relocations, p. 449, § 1, effective August 6.

**Editor's note:** This section is similar to former § 22-53-401 as it existed prior to 1997.

**22-7-402. Definitions.** As used in this part 4, unless the context otherwise requires:

(1) "Assessments" means the methods used to collect evidence of what a student knows or is able to do.

(2) "Board" means the state board of education.

(3) "Commission" means the Colorado commission for achievement in education created in section 22-53-301, as it existed prior to August 6, 1997.

(4) "Content standard" means a compilation of specific statements of what a student should know or be able to do relative to a particular academic area.

(5) "Council" means the state standards and assessments development and implementation council.

(6) "Department" means the department of education.

(7) "District" means any public school district organized under the laws of Colorado, except a junior college district.

(8) "District board" means the board of education of a school district.

(8.5) "Exceptional students" means those students defined in section 22-20-103 (5) as children with disabilities and students defined in section 22-20-202 (6) as gifted children.

(9) "Performance level" means the level of achievement by a student on an assessment relative to a content standard. The acceptable performance level recommended by the council, pursuant to section 22-7-405 (2), and adopted by the board, pursuant to section 22-7-406 (3), and the acceptable performance level adopted by any district, pursuant to section 22-7-407 (2), shall mean the student has the subject matter knowledge and analytical skills necessary to succeed at subsequent grade levels. For graduating students, such acceptable performance level shall mean the student has the subject matter knowledge and analytical skills that all high school graduates should have for democratic citizenship, responsible adulthood, postsecondary education, and productive careers.

(10) "Programs of instruction" means a description of the educational experiences and curriculum which will enable students to achieve content standards.

(11) "Standards-based education" means a system of instruction focused on student learning of content standards. This system aligns programs of instruction and assessments

with the content standards. The implementation of “standards-based education” shall not require districts to abandon the use of Carnegie units, to abandon a letter grade system, to adopt outcome-based methods of teaching, or to use student portfolios in place of assessments. In addition, implementation of “standards-based education” shall not require changes in current class schedules and does not encourage block scheduling or other experimental methods of class scheduling.

**Editor’s note:** (1) This section is similar to former § 22-53-402 as it existed prior to 1997.

(2) Subsection (3) was originally numbered as § 22-53-402 (3), and the amendments to it in House Bill 97-1253 were harmonized with subsection (3) as relocated in this section by House Bill 97-1219.

**22-7-403. Commitment to equity and excellence.** (1) All activities undertaken pursuant to this part 4 shall reflect a strong commitment to equity and excellence on the part of the council, the department, the board, and districts. The council, in the development and recommendation of state model content standards, state assessments, and model professional educator development materials and pilot programs pursuant to section 22-7-405, the board in the adoption of the state model content standards and state assessments pursuant to section 22-7-406, and districts in the adoption of content standards and implementation plans pursuant to section 22-7-407 shall consciously avoid gender or cultural bias and shall actively address the needs of systems and methods for the education of exceptional students.

(2) Every resident of the state six years of age or older but under twenty-two years of age has a fundamental right to a free public education that assures that such resident shall have the opportunity to achieve the content standards adopted pursuant to this part 4 at a performance level which is sufficient to allow such resident to become an effective citizen of Colorado and the United States, a productive member of the labor force, and a successful lifelong learner.

**Editor’s note:** This section is similar to former § 22-53-403 as it existed prior to 1997.

**22-7-404. State standards and assessments development and implementation council - creation - membership.** (1) (a) There is hereby created, within the department of education, the state standards and assessments development and implementation council which shall consist of nine members appointed by the governor with the consent of the senate. Members of the council shall be residents of Colorado and shall be appointed for terms of three years; except that, of the members first appointed, three members shall serve for terms of one year, three members shall serve for terms of two years, and three members shall serve for terms of three years. No person shall be appointed to serve more than two consecutive three-year terms.

(b) Members of the council shall include experts in the areas of curriculum, student learning, instruction, assessments, and professional educator development. Members of the council shall represent all areas of the state, including urban and rural areas and large and small districts and shall represent the ethnic and cultural diversity and gender balance of the state. At least one council member shall be a resident of the western slope and at least one council member shall have expertise in addressing the needs of exceptional students.

(2) Any member of the council may be removed at any time for cause by the governor. If any member of the council vacates the office, a vacancy on the council shall exist and the governor shall fill such vacancy by appointment for the remainder of such vacating member’s term.

(3) Members of the council shall be reimbursed by the department for their actual and necessary expenses incurred in the performance of their duties pursuant to this part 4.

(4) The department shall provide such office space, equipment, and staff services to the council as may be necessary for the council to carry out its powers and duties as set forth in this part 4. In addition, the council may request assistance as necessary from any other state agency.

**Source: L. 97:** Entire article amended with relocations, p. 451, § 1, effective August 6.  
**L. 2006:** (3) amended, p. 597, § 8, effective August 7.

**Editor's note:** This section is similar to former § 22-53-404 as it existed prior to 1997.

**22-7-405. Powers and duties of the state standards and assessments development and implementation council.** (1) (a) On or before April 1, 1995, the council shall develop and recommend to the board for adoption first priority state model content standards in the areas of reading, writing, mathematics, science, history, and geography. As a second priority, the council shall develop and recommend to the board for adoption state model content standards in the areas of art, music, physical education, foreign languages, economics, and civics.

(b) In developing such state model content standards, the council shall heavily utilize and rely upon the expertise of district personnel and other education experts.

(c) In developing state model content standards, the council, in collaboration with the board, shall, following appropriate public notice, hold a series of at least six public meetings throughout the state at which it shall hear testimony regarding such state model content standards. The council shall also specifically seek recommendations from and shall work in cooperation with districts, educators, parents, students, representatives from postsecondary education, business persons, and members of the general community who are representative of the cultural diversity of the state. In addition, in developing the state model content standards, the council shall consider national content standards, such as those adopted by the national council of teachers of mathematics, the national council for geographic education and the national geographic society, and the national science foundation, the national academy of science, and the national science teachers association, and content standards adopted in other states.

(d) In recommending state model content standards for adoption by the board, the council shall also recommend to the board, the joint budget committee, and the house and senate education committees a plan for the implementation of standards-based education which shall include, but shall not be limited to, the following:

(I) Proposed timelines for districts to adopt first and second priority content standards and implementation plans and to begin assessing students pursuant to the provisions of section 22-7-407;

(II) A summary of the fiscal impact of the implementation of standards-based education at the state and local levels and proposed funding amounts and sources, including additional funding and the reallocation of existing funds, as necessary for the implementation of standards-based education pursuant to this part 4 at both the state and district levels; and

(III) Proposed model professional educator development materials and programs and pilot professional educator development programs for use by districts at their discretion.

(2) Following adoption of the state model content standards by the board pursuant to section 22-7-406 (1), the council shall develop and recommend to the board state assessments in the areas of reading, writing, mathematics, and science that are aligned with the state model content standards and that, following adoption by the board, shall be administered statewide by the department pursuant to the provisions of section 22-7-409. The council shall also recommend an acceptable performance level on each such state assessment. Such performance level shall be continuously reexamined.

(3) The council may, at its discretion, contract with any district or consortium of districts or with any individual, group, or corporation with expertise in education for the development of state model content standards and state assessments. Any such contract shall be subject to approval by the board.

(4) Following adoption of the state model content standards and state assessments by the board, the council shall review and recommend to the board revisions of the state model content standards, the state assessments, and the model professional educator development materials, programs, and pilot programs as necessary to maintain the maximum effectiveness of the state model content standards, state assessment standards, and recommended model professional educator development materials, programs, and pilot programs. In preparing any recommended revisions, the council shall seek recommendations from and shall work in cooperation with educators, parents, students, business persons, and members of the general community who are representative of the cultural diversity of the state.

**Source: L. 97:** Entire article amended with relocations, p. 451, § 1, effective August 6; (1)(c) and IP(1)(d) amended, p. 949, § 6, effective August 6; (2) amended, p. 597, § 37, effective August 6.

**Editor's note:** (1) This section is similar to former § 22-53-405 as it existed prior to 1997.

(2) Subsections (1)(c) and (1)(d) were originally numbered as § 22-53-405 (1)(c) and (1)(d), and the amendments to them in House Bill 97-1253 were harmonized with subsections (1)(c) and (1)(d) as relocated in this section by House Bill 97-1219.

**22-7-406. Adoption of state model content standards, state assessments, and timelines - resource bank.** (1) (a) On or before September 15, 1995, the board, after careful consideration of the recommendations of the council and in consultation with the commission, shall adopt first priority state model content standards in the areas of reading, writing, mathematics, science, history, and geography. As a second priority, the board, after careful consideration of the recommendations of the council, shall adopt state model content standards in the areas of art, music, physical education, foreign languages, economics, and civics.

(b) Following adoption of the state model content standards pursuant to paragraph (a) of this subsection (1), the board, after careful consideration of the recommendations of the council, shall adopt revised state model content standards and revised state assessments as necessary to maintain the effectiveness of such state model content standards and state assessments.

(c) In the process of revising and adopting the state content standards pursuant to section 22-7-1005, the board shall adopt standards for financial literacy that address, at a minimum, the financial literacy topics specified in section 22-2-127 (1). Following adoption of the financial literacy standards, the board shall identify the financial literacy standards that are appropriately assessed within a mathematics assessment and shall ensure that the identified standards are assessed within the mathematics assessments administered as part of the system of assessments adopted pursuant to section 22-7-1006. Inclusion of one or more financial literacy standards within a mathematics assessment shall not prevent the board from assessing the remaining financial literacy standards within one or more other assessments.

(2) On or before September 15, 1995, the board, after careful consideration of the recommendations of the council and in consultation with the commission and the joint budget committee, shall adopt timelines:

(a) Specifying the time by which districts shall adopt first and second priority content standards and implementation plans pursuant to the provisions of section 22-7-407; and

(b) Specifying the time by which districts shall begin to assess students in the subject areas that are not tested by the state pursuant to section 22-7-409.

(3) On or before June 1, 1996, the board, after careful consideration of the recommendations of the council, shall adopt state assessments in the areas of reading, writing, mathematics, and science which are aligned with the state model content standards and shall specify an acceptable performance level on each such state assessment. Such performance level shall be continuously reexamined. In addition, the board may, at its discretion, adopt additional performance levels.

(4) The board and the joint budget committee may, with written comments, refer any recommendations received pursuant to section 22-7-405 back to the council for further review.

(5) The board shall establish a resource bank which shall include the state model content standards. In addition, the resource bank shall include national model standards, model programs of instruction, model assessments, and model materials for professional educator development which are collected from districts, from national organizations, and from other states for use as examples by districts at their discretion. All items included in the resource bank shall explicitly address systems and methods for the education of exceptional students. Any model assessments included in the resource bank shall include all normal format modifications that are used for exceptional students. Resource bank materials shall be available for use on or before June 1, 1995.

**Source: L. 97:** Entire article amended with relocations, p. 453, § 1, effective August 6; (1) and (4) amended, p. 950, § 7, effective August 6; (2)(b) and (3) amended, p. 598, § 38, effective August 6. **L. 2008:** (1)(c) added, p. 2275, § 3, effective June 5.

**Editor's note:** (1) This section is similar to former § 22-53-406 as it existed prior to 1997.

(2) Subsections (1) and (4) were originally numbered as § 22-53-406 (1) and (4), and the amendments to them in House Bill 97-1253 were harmonized with subsections (1) and (4) as relocated in this section by House Bill 97-1219.

**22-7-407. Adoption of content standards by districts.** (1) In accordance with timelines adopted by the board pursuant to section 22-7-406 (2), but not later than January 1, 1997, each district shall adopt first priority content standards in the areas of reading, writing, mathematics, science, history, and geography which meet or exceed the state model content standards adopted pursuant to section 22-7-406 (1). In accordance with timelines adopted by the state board, districts shall also adopt second priority content standards in the areas of art, music, physical education, foreign languages, economics, and civics. Content standards may be adopted for each grade level or may be adopted for groupings of grade levels. In adopting content standards, each district shall seek input from and shall work in cooperation with educators, parents, students, business persons, members of the general community who are representative of the cultural diversity of the district, and the district's accountability committee created pursuant to section 22-11-301.

(2) Following adoption of content standards pursuant to this section, the district shall develop a plan for:

(a) Revising curriculum and programs of instruction to align them with adopted content standards and to ensure that each student will have the educational experiences needed to achieve the adopted content standards;

(b) Developing assessments that will adequately measure each student's progress toward and achievement of the adopted content standards for the subject areas that are not tested by the state pursuant to section 22-7-409, including specification of an acceptable performance level. Such performance level shall be continuously reexamined.

(c) Administering assessments developed pursuant to paragraph (b) of this subsection (2) to students;

(d) Addressing the different learning styles and needs of students of various backgrounds and abilities and eliminating barriers to equity which exist within public schools within the district; and

(e) Providing professional educator development in standards-based education.

(3) The plan adopted pursuant to subsection (2) of this section shall specifically address the education of exceptional students. In addition, such plan shall adopt timelines for the implementation of standards-based education pursuant to this part 4.

(4) (a) Following adoption of content standards pursuant to this section, each district shall review and revise the content standards as necessary to maintain maximum effectiveness. In revising the content standards, each district shall seek recommendations from and shall work in cooperation with educators, parents, students, business persons, members of the general community who are representative of the cultural diversity of the district, and the district's accountability committee created pursuant to section 22-11-301.

(b) In revising and adopting district standards pursuant to section 22-7-1013, each district shall adopt standards for financial literacy that address, at a minimum, the financial

literacy topics specified in section 22-2-127 (1). Each district shall also revise its curricula as required in section 22-7-1013 (2) to ensure that the curricula include financial literacy in the district's programs of study, and each district shall adopt assessments that are aligned with the financial literacy standards. A district may include assessment of financial literacy standards within assessments that address standards in other subject areas.

(5) Following adoption of content standards, each school district shall, through written materials and public meetings, inform parents of students enrolled in such district of the application and effect of such content standards and standards-based education, including how students' progress in achieving content standards will be measured and how parents will be informed of such progress. Such information shall also be provided to the district accountability committee and the school accountability committees within such district.

(6) Any individualized education program which is developed for a student with disabilities pursuant to section 22-20-108 (4) shall specify whether such student shall achieve the district's adopted standards or whether such student shall achieve individualized standards which would indicate the student has met the requirements of such student's individualized education program.

**Editor's note:** This section is similar to former § 22-53-407 as it existed prior to 1997.

#### **22-7-408. Temporary waiver of regulatory requirements. (Repealed)**

**Source: L. 97:** Entire article amended with relocations, p. 455, § 1, effective August 6. **L. 2000:** Entire section repealed, p. 373, § 27, effective April 10.

**Editor's note:** This section was similar to former § 22-53-408 as it existed prior to 1997.

**22-7-409. Assessments.** (1) Beginning in the spring semester 1997, the department shall implement the Colorado student assessment program under which the department shall administer statewide assessments adopted by the board pursuant to section 22-7-406 in the first priority areas of reading, writing, mathematics, and science. The department shall administer the English versions of the state assessments and may administer any assessments adopted by the board in languages other than English, as may be appropriate for students with limited English proficiency; except that any student who has participated in the English language proficiency program, created pursuant to section 22-24-104, for more than a total of three school years shall be ineligible to take the assessments in a language other than English. The statewide assessments shall be administered according to the following implementation schedule:

(a) Beginning in the spring semester 1997, and each spring semester thereafter, the department shall administer a statewide assessment in reading and writing to all students enrolled in fourth grade in public schools throughout the state.

(b) Beginning in the spring semester 1998, and each spring semester thereafter, the department shall administer a statewide assessment in reading to all students enrolled in the third grade in public schools throughout the state.

(c) (I) Beginning in the fall semester 1999, the department shall administer a statewide assessment in mathematics to all students enrolled in the fifth grade in public schools throughout the state.

(II) Beginning in the spring semester 2001, and each spring semester thereafter, the department shall administer a statewide assessment in mathematics to all students enrolled in the fifth grade in public schools throughout the state.

(d) Beginning in the spring semester 1999, and each spring semester thereafter, the department shall administer a statewide assessment in reading and writing to all students enrolled in the seventh grade in public schools throughout the state.

(d.5) Beginning in the spring semester 2000, and each spring semester thereafter, the department shall administer a statewide assessment in mathematics and science to all students enrolled in the eighth grade in public schools throughout the state.

(e) Beginning in the spring semester 2001, and each spring semester thereafter, the department shall administer a statewide assessment in reading to all students enrolled in the fifth, sixth, eighth, and ninth grades in public schools throughout the state and in reading, writing, and mathematics to all students enrolled in the tenth grade in public schools throughout the state.

(f) Beginning in the spring semester 2002, and each spring semester thereafter, the department shall administer a statewide assessment in writing to all students enrolled in the third, fifth, sixth, eighth, and ninth grades in public schools throughout the state and in mathematics to all students enrolled in the sixth, seventh, and ninth grades in public schools throughout the state.

(g) (I) If sufficient moneys are received from the federal government through the federal "No Child Left Behind Act of 2001", Public Law 107-110, to pay for the development and administration of the assessments, beginning in the spring semester 2006 at the latest, and each spring semester thereafter, the department shall administer a statewide assessment first in mathematics to all students enrolled in the third and fourth grades and in science to all students enrolled in the fifth and tenth grades in public schools throughout the state.

(II) The assessments described in this paragraph (g) shall only be developed or administered to the extent that federal moneys are received to pay for such development and administration. It is the intent of the general assembly that no state moneys shall be used to develop or administer the assessments described in this paragraph (g).

(1.1) (a) Upon request by a school district or institute charter school, the entity responsible for developing a statewide assessment shall return to the school district or institute charter school the student responses to the essay and appropriate paragraphs from the writing portion of the statewide assessment, along with the results of all requested assessments. The school district or institute charter school making the request shall pay the entity for the actual cost of photocopying and mailing the writing portion of the statewide assessment for the exclusive and confidential use of improving an individual student's writing skills.

(b) Repealed.

(1.2) (a) (I) The assessments required by subsection (1) of this section shall be aligned with the model content standards adopted by the state board pursuant to section 22-7-406. The assessments shall be conducted during the period beginning the second Monday in March and ending on the third Monday in April of each year. The department shall provide to each public school results of all assessments administered, as provided in subparagraph (I.5) of this paragraph (a), and align the disaggregation of those results with the exclusion of scores permitted by subparagraph (I) of paragraph (d) of this subsection (1.2).

(I.5) On and after May 24, 2002, the department shall ensure that the assessments administered pursuant to this section are designed to generate results in a form that will enable students, parents or legal guardians, teachers, schools, and school districts to use the results as diagnostic tools to assist in preparing strategies for student academic improvement in specific areas. In addition, the department shall ensure that the assessments and the form in which the assessment results are reported reflect the recommendations of the task force appointed by the governor to review the assessment reporting format and use of the assessment results. It is the intent of the general assembly that the department implement the provisions of this subparagraph (I.5) within available resources and without requesting additional resources following receipt of the recommendations of the governor's task force.

(II) The department shall make available to school districts and institute charter schools the assessment data of individual students required to measure academic progress over time. The state board shall ensure that the assessments administered pursuant to subsection (1) of this section shall be a combination of constructed response and selected response tasks that

require the student to produce information or perform tasks in a way that the student's skills and competencies can be measured.

(III) At any time that the department releases assessment results to the public, in addition to releasing the results of the English versions of the assessments, the department shall release the results of any assessments administered in languages other than English.

(IV) The department shall create, maintain, and make available to school districts, schools, and parents or legal guardians, upon request, a list of resources and programs that schools and parents or legal guardians may access to assist students in addressing specific learning issues identified by the assessment results provided pursuant to this subsection (1.2).

(V) Each district board and the state charter school institute shall adopt policies to ensure that appropriate personnel within the district and each institute charter school, respectively, share with and explain to the parent or legal guardian of each student enrolled in the school district or the institute charter school the student's assessment results and diagnostic reporting returned to the student's public school pursuant to subparagraph (I.5) of this paragraph (a).

(b) Starting with the assessments to be given in the spring of 2002, the assessments shall be designed so that each assessment test shall take no more than four hours to complete; except that this limitation shall not apply to the curriculum-based, achievement college entrance examination.

(c) Repealed.

(d) (I) (A) Except as otherwise provided in sub-subparagraph (B) of this subparagraph (I), every student enrolled in a public school shall be required to take the assessments administered pursuant to subsection (1) of this section at the grade level in which the student is enrolled, as determined by the school district.

(B) Any student who is eligible for the state's alternate assessment for students with disabilities, also known as the "CSAP-A", or other assessment approved by rule by the board according to the annual review of the student's individualized education program pursuant to section 22-20-108 shall not be required to take the assessments administered pursuant to subsection (1) of this section, but shall instead take the CSAP-A or the other approved assessment. The results of any CSAP-A or other approved assessment shall be reported to the department and aggregated separately for each school.

(I.5) The department, by policy, may determine whether the scores of one or more groups of students are not appropriate to be used in measuring the levels of attainment on the performance indicators, as defined in section 22-11-103 (23). Any policy adopted pursuant to this subparagraph (I.5) shall be in accordance with the requirements of federal statutes and regulations.

(II) Any student with a disability who is not eligible for the CSAP-A or other approved assessment but who has an individualized education program pursuant to section 22-20-108 shall be assessed in each CSAP area at the grade level in which the student is enrolled. If, as part of a student's individualized education program, a student attends part-time a school or program away from the school in which the student is enrolled, the school district in which a student is enrolled, or, in the case of a board of cooperative services, the administrative unit, may designate either the school of residency or the school of attendance as the school to which the scores of the student will be assigned for purposes of measuring the levels of attainment on the performance indicators specified in section 22-11-204, determining accreditation categories pursuant to section 22-11-208, and measuring public school performance pursuant to section 22-11-210.

(III) Nothing in this section shall be construed as requiring a child enrolled in a nonpublic school or participating in a nonpublic home-based educational program pursuant to section 22-33-104.5 to take an assessment or exam administered pursuant to this section, even though the child may also be attending a public school for a portion of the school day and therefore included in the pupil enrollment of a district.

(1.3) (a) The department shall permit a nonpublic school to administer the assessments required by subsection (1) of this section and shall provide to the nonpublic school the results of any assessments administered, including diagnostic reporting for each student's performance on each assessment as described in subparagraph (I.5) of paragraph (a) of

subsection (1.2) of this section. The nonpublic school shall be required to pay all costs associated with administering and providing results for such assessments.

(b) A school district, upon the request of the parent or legal guardian of a child who is participating in a nonpublic home-based educational program pursuant to section 22-33-104.5, shall permit such child to take any assessment required by subsection (1) of this section and shall provide to the parent or legal guardian of the child the results of any assessments administered, including diagnostic reporting for such child's performance on each assessment as described in subparagraph (I.5) of paragraph (a) of subsection (1.2) of this section. The parent or legal guardian of such a child shall be required to pay all costs associated with administering and providing results for such assessments.

(1.5) (a) Beginning in the spring semester 2001, and each spring semester thereafter, all students enrolled in the eleventh grade in public schools throughout the state shall be required to take a standardized, curriculum-based, achievement, college entrance examination selected by the department, administered throughout the United States, and relied upon by institutions of higher education that, at a minimum, tests in the areas of reading, writing, mathematics, and science, referred to in this section as the "curriculum-based, achievement college entrance exam". The department shall pay all costs associated with administering the curriculum-based, achievement college entrance exam.

(b) (I) The department shall schedule a day during which the curriculum-based, achievement college entrance exam shall be administered to all eleventh grade students enrolled in public schools throughout the state.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (b), any student who can show a need to take the curriculum-based, achievement college entrance exam on a date on which the exam is administered throughout the country may take the exam on such a date, prior to the date established by the department pursuant to subparagraph (I) of this paragraph (b). The department shall pay all costs associated with a student taking the curriculum-based, achievement college entrance exam pursuant to this subparagraph (II).

(c) The state board shall adopt rules to ensure that any requirements of the administrator of the curriculum-based, achievement college entrance exam, such as a secure environment, are met and to identify the students whose need to take the curriculum-based, achievement college entrance exam on a date on which the exam is administered throughout the country justifies them taking it on such a date.

(1.9) The results of the assessments required by subsection (1) of this section shall be included on each student's final report card for that school year and shall be part of the student's permanent academic record. The results of the curriculum-based, achievement college entrance exam conducted or paid for pursuant to subsection (1.5) of this section shall be included on each student's transcript; except that, if the student retakes the curriculum-based, achievement college entrance exam at a later time at the student's expense, the student may request that the later results be placed on the student's transcript instead of the results of the curriculum-based, achievement college entrance exam administered or paid for pursuant to subsection (1.5) of this section.

(2) The department shall prepare an annual report of the results of the statewide assessments that shall be submitted no later than January 1, 1998, and no later than each January 1 thereafter, to the education committees of the house of representatives and the senate and to the governor and that shall be made available upon request to members of the public. In the report, the department shall present the percentage of students achieving each of the performance levels specified by the board, calculated for the state as a whole, for each district and by district size. The department shall also report the percentage of students in the state achieving each of the performance levels by gender, race, separate disabling condition, and ethnicity. The department shall also report said percentages by school, categorizing the schools by socioeconomic status determined by the number of students eligible for free or reduced-cost lunch.

(3) For each fiscal year, the general assembly shall appropriate moneys in the annual general appropriation act to the department to fund the Colorado student assessment program.

(3.5) (a) The board shall revise as necessary, and the department shall administer reading assessments in Spanish for students enrolled in the third and fourth grades and a writing assessment in Spanish to students enrolled in the fourth grade.

(b) If the state board deems that there are sufficient moneys received from the federal government through the federal “No Child Left Behind Act of 2001”, Public Law 107-110, to pay for the development, revision, and administration of the assessments, the board shall develop, and revise as necessary, and starting in the spring semester 2003, the department shall administer a writing assessment in Spanish for students enrolled in the third grade.

(4) The department shall review and update all assessments administered pursuant to this section, including but not limited to any assessments administered in languages other than English, as necessary to maintain the integrity of the assessments. The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, maintaining the integrity of the assessments administered pursuant to this section is an important element of an accountable program to meet state academic standards and therefore may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

## PART 5

### COLORADO BASIC LITERACY ACT

**22-7-501. Short title.** This part 5 shall be known and may be cited as the "Colorado Basic Literacy Act".

**Source: L. 97:** Entire article amended with relocations, p. 458, § 1, effective August 6.

**Editor's note:** This section is similar to former § 22-53-601 as it existed prior to 1997.

**22-7-502. Legislative declaration.** The general assembly hereby finds and declares that all pupils can succeed in school if they have the basic skills in reading and writing that are appropriate for their grade levels. The general assembly further finds and declares that, for success in school, reading is the most important skill, closely followed by writing and mathematics. Accordingly, it is the obligation of the general assembly, the department of education, school districts, schools, educators, and parents or legal guardians to provide pupils with the literacy skills essential for success in school and life. It is the intent of the general assembly that, after completion of the third grade, no pupil may be placed at a grade level or other level of schooling that requires literacy skills not yet acquired by the pupil.

**Source: L. 97:** Entire article amended with relocations, p. 458, § 1, effective August 6.

**Editor's note:** This section is similar to former § 22-53-602 as it existed prior to 1997.

**22-7-503. Definitions.** As used in this part 5, unless the context otherwise requires:

(1) "Individual literacy plan" means an individual literacy plan formulated for a pupil pursuant to section 22-7-504 (3).

(1.5) "Master settlement agreement" means the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree approved and entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research—U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver.

(2) "School district" means a school district organized pursuant to law.

(3) "State board" means the state board of education.

**Source: L. 97:** Entire article amended with relocations, p. 458, § 1, effective August 6.  
**L. 2000:** (1.5) added, p. 623, § 15, effective May 18.

**Editor's note:** This section is similar to former § 22-53-603 as it existed prior to 1997.

**22-7-504. Pupil assessments - individual literacy plans.** (1) The state board shall determine the satisfactory reading readiness level for kindergarten pupils and literacy and reading comprehension levels for pupils in first, second, and third grades. No later than December 1, 1997, the state board shall, after consultation with the state standards and assessments development and implementation council created in section 22-7-404, approve and identify to each school district instruments for assessing the reading readiness of each pupil in kindergarten and the literacy and reading comprehension level of each pupil in first, second, or third grade. The state board shall promulgate rules to permit exceptions to the retention of pupils in third grade pursuant to paragraph (a) of subsection (5) of this section in cases that have special circumstances.

(2) Using the assessment instruments approved and identified by the state board pursuant to subsection (1) of this section, and beginning no later than the 1998-99 school year, each school district shall annually assess the reading readiness or literacy and reading comprehension level of each pupil enrolled in kindergarten or first, second, or third grade. The assessment may be done in conjunction with assessments of the pupil's performance on the reading content standard pursuant to part 4 of this article.

(3) If a pupil's reading readiness or literacy and reading comprehension, as measured by the assessment, is below the level established by the state board for pupils at that grade, the pupil's parents or legal guardian and teacher and the school administration shall formulate an individual literacy plan for the pupil or, if the pupil is eligible, enroll the pupil in an intensive literacy program funded through the read-to-achieve program pursuant to part 9 of this article. For compliance with this section, a literacy plan may be incorporated into the individualized education programs for special education students. The plan shall include, but need not be limited to, the following:

(a) Sufficient in-school instructional time for the development of the pupil's reading readiness or literacy and reading comprehension skills;

(b) An agreement by the pupil's parents or legal guardian to implement a home reading program to support and coordinate with the school; and

(c) If necessary, placement of the pupil in a summer reading tutorial program.

(4) The school district shall reassess each pupil's progress in the individual literacy plan or the intensive literacy program each semester. The pupil's individual literacy plan or the pupil's enrollment in the intensive literacy program, whichever is applicable, shall continue until the pupil is reading at or above grade level.

(5) (a) In no case shall a school district permit a pupil to pass from the third grade to the fourth grade for reading classes unless the pupil is assessed as reading at or above the reading comprehension level established by the state board. Any pupil who participates in an intensive literacy program between third and fourth grade shall be assessed in reading at the completion of that program and may be allowed to pass for reading classes from the

third grade to the fourth grade only if he or she is reading at or above the reading comprehension level for third grade established by the state board.

(b) Paragraph (a) of this subsection (5) does not apply to children with disabilities, as defined in section 22-20-103 (5), when the disability is a substantial cause for a pupil's inability to read and comprehend at grade level.

(c) Notwithstanding the provisions of paragraph (a) of this subsection (5), a school district may allow a pupil to pass from the third grade to the fourth grade under rules promulgated by the state board pursuant to subsection (1) of this section.

(6) The resource bank, created pursuant to section 22-7-406 (5), shall include in its model programs of instruction reading readiness, literacy, and reading comprehension programs collected from school districts and organizations in the state and throughout the nation that have been proven to be successful. A school district may request technical assistance from the state board and the department of education in selecting and adapting a literacy program in the resource bank for use in the school district.

**Source:** **L. 97:** Entire article amended with relocations, p. 458, § 1, effective August 6. **L. 2000:** IP(3), (4), and (5)(a) amended, p. 623, § 16, effective May 18; IP(3), (4), and (5)(a) amended, p. 1953, § 2, effective June 2. **L. 2007:** IP(3) amended, p. 1036, § 4, effective May 22; (5)(b) amended, p. 1568, § 13, effective May 31. **L. 2010:** IP(3) amended, (HB 10-1422), ch. 419, p. 2076, § 38, effective August 11.

**Editor's note:** This section is similar to former § 22-53-604 as it existed prior to 1997.

**22-7-505. School district responsibilities and incentives.** Each school district shall annually report to the department of education the state-assigned student identifier for each pupil enrolled in the school district who has an individual literacy plan and for each pupil enrolled in the school district for whom literacy goals are included in the pupil's individualized education program.

**Source:** **L. 97:** Entire article amended with relocations, p. 459, § 1, effective August 6. **L. 2000:** (1)(b) amended, p. 624, § 17, effective May 18; (1)(b) amended, p. 1954, § 3, effective June 2. **L. 2007:** (1)(b) amended, p. 1036, § 5, effective May 22. **L. 2010:** Entire section amended, (HB 10-1171), ch. 401, p. 1934, § 2, effective August 11.

**Editor's note:** This section is similar to former § 22-53-605 as it existed prior to 1997.

**22-7-506. Read-to-achieve grant program - board created - fund - repeal. (Repealed)**

**Source:** **L. 2000:** Entire section added, p. 619, § 14, effective May 18; entire section added, p. 1949, § 1, effective June 2; (4) R&RE, p. 1954, § 5, effective June 2. **L. 2002:** (4)(d) added, p. 152, § 6, effective March 27. **L. 2003:** (4)(b)(I) amended, p. 465, § 11, effective March 5; (4)(e) added, p. 456, § 9, effective March 5; (4)(b)(I) amended, p. 2551, § 11, effective June 5; (4)(b)(I) amended and (4)(f) and (4)(g) added, p. 2564, § 8, effective June 5. **L. 2004:** (4)(b)(I) amended and (4)(b)(II) repealed, pp. 1709, 1713, §§ 5, 16, effective June 4; (1) amended, p. 1619, § 7, effective July 1; (5)(a) amended, p. 349, § 15, effective July 1. **L. 2006:** (4)(a), (4)(b), and (4)(c) amended, p. 1035, § 3, effective May 25; (4)(a)(I) amended, p. 1251, § 2, effective May 26. **L. 2007:** (2)(b)(I) amended, p. 179, § 10, effective March 22; entire section repealed, p. 1038, § 10, effective May 22.

**Editor's note:** Subsection (2)(b)(I) was amended by Senate Bill 07-076. Those amendments were superseded by the repeal of the section by Senate Bill 07-192.

**Cross references:** For current provisions relating to the read-to-achieve program, see part 9 of this article.

**22-7-507. Learning improvement grants - programs - fund.** (1) (a) There is hereby created in the department of education the learning improvement grant program, referred to in this section as the “program”. The read-to-achieve board, created in section 22-7-904 and referred to in this section as the “board”, shall establish criteria for awarding grants under the program. On and after July 1, 2001, the board is hereby authorized to award learning improvement grants to schools or a collaborative group of schools for programs to enhance the reading readiness or literacy and reading comprehension skills of early elementary school students.

(b) (I) The criteria for awarding grants pursuant to paragraph (a) of this subsection (1) shall allow for grants for programs to be conducted for students who have just completed the first grade. Programs authorized to receive grants pursuant to this paragraph (b) shall include procedures to identify students in need of assistance and to evaluate the effectiveness of such programs.

(II) Repealed.

(2) The department of education shall seek, and is hereby authorized to receive, funding for the financing of literacy programs enacted after January 1, 2000, including but not limited to funding from public or private gifts, grants, or donations, including but not limited to any funds available pursuant to article 20 of this title. Any funds received pursuant to this section shall be credited to the learning improvement fund created in subsection (3) of this section.

(3) There is hereby created in the state treasury the learning improvement fund, referred to in this section as the “fund”. The fund shall consist of such general fund moneys as may be appropriated thereto by the general assembly and any moneys credited thereto pursuant to subsection (2) of this section. All moneys appropriated or credited to the fund and all income earned thereon shall be subject to annual appropriation by the general assembly for funding literacy programs enacted after January 1, 2000. Any moneys remaining in the fund at the close of any fiscal year shall remain in the fund and shall not revert to the general fund.

**Source: L. 2000:** Entire section added, p.1984, § 1, effective June 2. **L. 2006:** (1)(b)(II) repealed, p. 597, § 10, effective August 7. **L. 2007:** (1)(a) amended, p. 1037, § 6, effective May 22.

**22-7-508. Repeal of part.** This part 5 is repealed, effective July 1, 2013.

**Source: L. 2012:** Entire section added, (HB 12-1238), ch. 180, p. 646, § 1, effective July 1.

## PART 6

### SCHOOL ACCOUNTABILITY REPORTS

**22-7-601. Legislative declaration. (Repealed)**

**Source: L. 2000:** Entire part added, p. 323, § 1, effective April 10. **L. 2001:** (1)(e), (1)(f), and (2) amended, p. 1476, § 1, effective June 8. **L. 2009:** Entire section repealed, (SB 09-163), ch. 293, p. 1525, § 5, effective May 21.

**22-7-602. Definitions.** As used in this part 6, unless the context otherwise requires:

(1) “Alternative education campus” means a public school, including a charter school, that receives a designation pursuant to section 22-7-604.5.

(1.5) Repealed.

(2) to (4) Repealed.

(5) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(6) “District school board” means the board of education of a school district existing pursuant to law.

(7) “Public school” means a school that receives a majority of its funding from moneys raised by a general state, county, or district tax and whose property is operated by a political subdivision of the state or a charter school established pursuant to article 30.5 of this title.

(8) Repealed.

(9) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(10) Repealed.

amended, p. 7, § 2, effective February 6. **L. 2008:** (2)(a) and (3)(a) amended, p. 6, § 1, effective February 14; (3.5) added, p. 772, § 7, effective May 14. **L. 2009:** Entire section repealed, (SB 09-163), ch. 293, p. 1525, § 5, effective May 21.

**22-7-604.5. Alternative education campuses - criteria - application - rule-making.**

(1) A public school may apply to the state board for designation as an alternative education campus. The state board shall adopt rules specifying the criteria and application process for a public school to be designated an alternative education campus. The rules shall include but need not be limited to:

(a) Criteria that a public school must meet to be designated an alternative education campus, including but not limited to the following:

(I) Having a specialized mission and serving a special needs or at-risk population;

(II) Being an autonomous public school;

(III) Having an administrator who is not under the supervision of an administrator at another public school;

(IV) Having a budget separate from any other public school;

(V) Having nontraditional methods of instruction delivery; and

(VI) (A) Serving students who have severe limitations that preclude appropriate administration of the assessments administered pursuant to section 22-7-409;

(B) Serving a student population in which more than ninety-five percent of the students have an individualized education program pursuant to section 22-20-108 or meet the definition of a high-risk student contained in subsection (1.5) of this section, or any combination of these two criteria that equals at least ninety-five percent of the student population; or

(C) Serving students who attend on a part-time basis and who come from other public schools where the part-time students are counted in the enrollment of the other public school; except that the results of the assessments administered pursuant to section 22-7-409 of all part-time students and high-risk students as defined in subsection (1.5) of this section shall be used in determining the levels of attainment on the performance indicators for the public school for which the student is counted for enrollment purposes;

(D) (Deleted by amendment, L. 2010, (SB 10-154), ch. 157, p. 541, § 1, effective April 21, 2010.)

(b) A procedure for a district school board to request that the state board designate a public school of the school district as an alternative education campus; and

(c) (Deleted by amendment, L. 2009, (SB 09-163), ch. 293, p. 1520, § 2, effective May 21, 2009.)

(d) A procedure for a district school board to appeal to the state board a denial of a request for designation.

(1.5) As used in this section, unless the context otherwise requires, a "high-risk student" means a student enrolled in a public school who:

(a) Has been committed to the department of human services following adjudication as a juvenile delinquent or is in detention awaiting disposition of charges that may result in commitment to the department of human services;

(b) Has dropped out of school or has not been continuously enrolled and regularly attending school for at least one semester prior to enrolling in his or her current public school;

(c) Has been expelled from school or engaged in behavior that would justify expulsion;

(d) Has a documented history of personal drug or alcohol use or has a parent or guardian with a documented dependence on drugs or alcohol;

(e) Has a documented history of personal street gang involvement or has an immediate family member with a documented history of street gang involvement;

(f) Has a documented history of child abuse or neglect;

(g) Has a parent or guardian in prison or on parole or probation;

(h) Has a documented history of domestic violence in the immediate family;

(i) Has a documented history of repeated school suspensions;

(j) Is a parent or pregnant woman under the age of twenty years;

(k) Is a migrant child, as defined in section 22-23-103 (2);

(l) Is a homeless child, as defined in section 22-1-102.5 (2) (a);  
(m) Has a documented history of a serious psychiatric or behavioral disorder, including but not limited to an eating disorder, suicidal behaviors, or deliberate, self-inflicted injury; or

(n) Is over traditional school age for his or her grade level and lacks adequate credit hours for his or her grade level.

(2) (a) A district school board for a public school that desires to be considered an alternative education campus pursuant to this section shall file with the state board a request for designation as an alternative education campus. The request shall be in a form approved by the state board and shall contain sufficient information to establish that the public school meets the requirements of the rules adopted pursuant to paragraph (a) of subsection (1) of this section. The state board shall approve the designation of alternative education campus for any public school for which a request is filed pursuant to this subsection (2) that is found by the state board to meet the requirements of the rules adopted pursuant to paragraph (a) of subsection (1) of this section.

(b) Repealed.

(2.5) (a) The department shall annually review the performance of each alternative education campus based on the criteria specified by rule of the state board pursuant to section 22-11-210 (1) (b) and shall recommend to the commissioner and the state board whether the alternative education campus shall adopt a performance, improvement, priority improvement, or turnaround plan, as said plans are described in sections 22-11-403 to 22-11-406. Based on the recommendations, the state board, pursuant to section 22-11-210 (2), shall notify each alternative education campus and its district school board, or the institute if the alternative education campus is an institute charter school, of the type of plan the alternative education campus shall adopt. In adopting its plan, each alternative education campus shall comply with the provisions of sections 22-11-403 to 22-11-406, as applicable.

(b) The district school board for an alternative education campus or the institute, if the alternative education campus is an institute charter school, shall specify the accreditation category for the alternative education campus in accordance with the accreditation process adopted by the district school board or the institute pursuant to section 22-11-307.

(c) Notwithstanding the provisions of section 22-11-503, the school performance report for an alternative education campus shall include the information specified by rule of the state board that will effectively communicate to the parents of students enrolled in the alternative education campus and to the public the performance of the alternative education campus and the performance of students enrolled in the alternative education campus.

(d) (Deleted by amendment, L. 2009, (SB 09-163), ch. 293, p. 1520, § 2, effective May 21, 2009.)

(3) (a) Except as excluded pursuant to section 22-7-409, the results of the assessments administered pursuant to section 22-7-409 for all part-time students attending a school or a program that is designated an alternative education campus pursuant to this section shall be included in determining the levels of attainment on the performance indicators achieved by the school to which the student is assigned for enrollment purposes.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (3), for a part-time student with an individualized education program pursuant to section 22-20-108, the school district in which the student is enrolled, or, in the case of a board of cooperative services, the administrative unit, may designate either the school of residency or the school of attendance as the school to which the student's scores shall be assigned to determine levels of attainment on the performance indicators.

**22-7-610. High-rated or improved school. (Repealed)**

**Source:** **L. 2000:** Entire part added, p. 349, § 1, effective April 10. **L. 2001:** Entire section amended, p. 1490, § 10, effective June 8. **L. 2009:** Entire section repealed, (SB 09-163), ch. 293, p. 1525, § 5, effective May 21.

**22-7-611. Closing the achievement gap program - strategies - assistance - criteria - rule-making.** (1) As used in this section, unless the context otherwise requires:

(a) "Eligible district" means a school district that has been identified by rule of the state board as having a significant achievement gap.

(b) "Eligible school" means a public school that has been identified by rule of the state board as having a significant achievement gap.

(2) There is hereby established in the department the closing the achievement gap program, referred to in this section as the "program", to provide extensive assistance to eligible districts and eligible schools.

(3) The department shall prepare and distribute to each eligible district and eligible school an outline of different strategies the eligible district or eligible school may implement to improve academic achievement. The department shall provide the outline by April 1 of the school year preceding the school year in which the eligible district or eligible school

intends to participate in the program. The outline may include, but need not be limited to, the following strategies:

(a) Using disaggregated student data to set academic improvement targets in reading, writing, mathematics, and science;

(b) Using improvement targets to define professional development needs related to content, instruction, differentiation, and best practices in educating special education students, gifted and talented students, English language learners, and other student subgroups, as needed;

(c) Developing interim district-level and building-level assessments to monitor student progress toward proficiency on the state model content standards and developing a plan to immediately address gaps in learning;

(d) Examining and realigning, as needed, school scheduling, academic support systems, and assignments of personnel;

(e) Designing a plan for increasing parental knowledge and skill to support academic objectives; and

(f) Identifying leaders who specialize in rehabilitating failing schools and who may serve as school principals.

(4) (a) An eligible school that chooses to apply for participation in the program shall provide to its district school board a list of the strategies selected from the outline provided by the department that the eligible school intends to implement to improve academic achievement among the students enrolled in the eligible school. The eligible school shall provide the list by May 1 of the school year preceding the school year in which the eligible school intends to participate in the program. If the district school board chooses to allow the eligible school to apply for participation in the program, the district school board shall, in accordance with timelines adopted by rule of the state board, provide to the department a list of the strategies that the district school board and the eligible school have chosen to implement to improve academic achievement among the students enrolled in the eligible school.

(b) An eligible district that chooses to apply for participation in the program shall, in accordance with timelines adopted by rule of the state board, provide to the department a list of the strategies selected from the outline provided by the department that the eligible district has chosen to implement to improve academic achievement within the eligible district.

(5) The state board shall determine the criteria by which eligible districts and eligible schools shall be selected to participate in the program and shall promulgate rules that set forth the criteria.

(6) Subject to available appropriations and upon the request of a participating eligible district or eligible school, the department shall provide assistance through the program to the participating eligible district or eligible school. The assistance may consist of, but is not limited to, information, personnel, and program and technical support.

(7) The state board may promulgate all reasonable and necessary rules to implement this section.

**Source: L. 2003:** Entire section added, p. 2510, § 1, effective June 5. **L. 2009:** Entire section amended, (SB 09-163), ch. 293, p. 1524, § 3, effective May 21.

**22-7-612. Closing the achievement gap commission - creation - members - report - repeal. (Repealed)**

**Source: L. 2003:** Entire section added, p. 2511, § 1, effective June 5. **L. 2004:** (5) amended, p. 1199, § 55, effective August 4.

**Editor's note:** Subsection (5) provided for the repeal of this section, effective January 1, 2006. (See L. 2004, p. 1199.)

**22-7-613. Closing the achievement gap cash fund - creation.** (1) (a) The department is authorized to seek and accept gifts, grants, and donations from private or public

sources for the purposes of implementing section 22-7-611. All private and public funds received through gifts, grants, or donations shall be transmitted to the state treasurer, who shall credit the same to the closing the achievement gap cash fund, which fund is hereby created and referred to in this section as the “fund”. The moneys in the fund shall be continuously appropriated to the department.

(b) Repealed.

(2) All interest and income derived from the investment and deposit of moneys in the fund shall remain in the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

**Source:** **L. 2003:** Entire section added, p. 2513, § 1, effective June 5. **L. 2009:** (1) amended, (SB 09-163), ch. 293, p. 1525, § 4, effective May 21; (1) amended, (SB 09-256), ch. 294, p. 1566, § 29, effective May 21. **L. 2012:** (1)(b) repealed, (HB 12-1238), ch. 180, p. 673, § 18, effective July 1.

**Editor’s note:** Amendments to subsection (1) by Senate Bill 09-163 and Senate Bill 09-256 were harmonized.

## PART 7

### TEACHER DEVELOPMENT GRANT PROGRAM

**22-7-701. Short title.** This part 7 shall be known and may be cited as the “Teacher Development Act”.

**Source:** **L. 2000:** Entire part added, p. 1973, § 1, effective June 2.

**22-7-702. Legislative declaration.** (1) The general assembly hereby finds that:

(a) There is a high correlation between student success and excellent teaching;

(b) While educator preparation programs offered by institutions of higher education may provide candidates with the basic knowledge necessary to enter the classroom, ongoing development through school-based, skills-development activities is necessary to enable educators to develop excellent teaching skills;

(c) In-service training programs and similar forms of off-site course work are often unable to provide the kind of skill development needed;

(d) Working collaboratively as colleagues to review assignments, student work, curriculum, and teaching methodology has been proven successful in enabling teachers to determine whether all of these facets of teaching in combination successfully provide the information students need to master reading, writing, mathematics, and science, as indicated by high achievement levels on assessments.

(2) Based on the findings specified in subsection (1) of this section, the general assembly hereby finds that it is necessary to provide grants pursuant to this part 7 to assist schools in providing opportunities for teachers to participate in school-based skills-development activities that are focused on mastering skills in instructing students in reading, writing, mathematics, and science.

**Source:** **L. 2000:** Entire part added, p. 1973, § 1, effective June 2. **L. 2011:** (1)(b) amended, (SB 11-245), ch. 201, p. 848, § 7, effective August 10.

**Cross references:** For the legislative declaration in the 2011 act amending subsection (1)(b), see section 1 of chapter 201, Session Laws of Colorado 2011.

**22-7-703. Definitions.** As used in this part 7, unless the context otherwise requires:

(1) Repealed.

(2) "Department" means the department of education created in section 24-1-115, C.R.S.

(3) "Grant program" means the teacher development grant program created in section 22-7-704.

(4) "School" means any public school in the state, including but not limited to a traditional public school of a school district, a charter school, and an approved facility school, as defined in section 22-2-402 (1).

(5) "State board" means the state board of education created in section 1 of article IX of the state constitution.

(6) "Teacher development schedule" means a schedule of school-based skills-development activities to assist teachers throughout the school year in improving their classroom teaching skills. A "teacher development schedule" may include, but need not be limited to:

(a) Time set aside during which teachers meet to review their assignments, present lesson plans, and provide feedback to one another; and

(b) On-site training, observation, and evaluation by recognized experts in instructional strategies and techniques.

**Source:** **L. 2000:** Entire part added, p. 1974, § 1, effective June 2. **L. 2004:** (1) repealed, p. 5, § 1, effective February 20. **L. 2008:** (4) amended, p. 1384, § 7, effective May 27.

**22-7-704. Teacher development grant program - created - rules.** (1) There is hereby created the teacher development grant program to provide moneys to schools for use in providing a teacher development schedule. A teacher development schedule may include only research-based activities that have been proven effective in improving teachers' skills, especially in teaching reading, writing, mathematics, and science.

(2) (a) On or before October 1, 2000, and on or before each October 1 thereafter, subject to available appropriations, the state board shall award teacher development grants to schools selected from those submitting applications pursuant to section 22-7-705. Each grant shall continue for two school years, unless discontinued pursuant to paragraph (b) of this subsection (2). No two-year grant shall exceed twenty thousand dollars. On expiration of a grant, a school may reapply for a grant by submitting an application pursuant to section 22-7-705.

(b) The state board shall annually review each grant recipient's use of the moneys awarded pursuant to this section. Based on the recommendations of the department made pursuant to section 22-7-706 (4), the state board shall discontinue the grant awarded to any recipient that is not making adequate progress in achieving the goals identified in the recipient's grant application.

(c) Moneys received by a school pursuant to the grant program shall be in addition to the moneys budgeted to the school by the school district in which the school is located and shall not reduce the amount of said budgeted moneys that the school would have received if it had not received a grant pursuant to this part 7. Grants awarded through the program shall be paid from moneys in the teacher development fund created in section 22-7-708.

(3) The state board shall implement the grant program in accordance with the provisions of this part 7. Pursuant to article 4 of title 24, C.R.S., the state board shall promulgate such rules as are required in this part 7 and such additional rules as may be necessary for the implementation of the grant program. Participation by a school in the grant program is voluntary.

(4) The department shall solicit and is hereby authorized to receive such public and private gifts, grants, and donations as may be available to fund the grant program. Any moneys so received shall be credited to the teacher development fund created in section 22-7-708.

**Source:** **L. 2000:** Entire part added, p. 1974, § 1, effective June 2. **L. 2004:** (2)(a) and (2)(b) amended, p. 7, § 3, effective February 20.

**22-7-705. Teacher development grant program - application.** (1) Any school that chooses to participate in the grant program shall submit an application to the department as provided by rule of the state board. Prior to submitting a grant application to the department, an applying school shall submit to the board of education of the school district in which the school is located the items specified in paragraphs (a) to (d) of subsection (2) of this section. Within thirty days after receiving said items, the board of education shall provide to the school a written statement of support or opposition for the proposed schedule that shall include the reasons underlying such support or opposition.

(2) At a minimum, a grant application shall include the following information:

(a) The activities that the school will provide through the teacher development schedule and the research that demonstrates the effectiveness of such activities as implemented in other public or nonpublic schools;

(b) Evidence that the teachers and administrators at the school have participated in selection of the activities to be provided and are in support of the teacher development schedule;

(c) The specific, measurable goals that the school expects to achieve in implementing the teacher development schedule, including both one-year goals and the goals to be achieved upon conclusion of the grant. At a minimum, the school's goals shall include a measurable increase in student learning in the areas of reading, writing, mathematics, and science.

(d) The school's plan for measuring the success of the activities provided through the teacher development schedule in meeting the school's identified goals, including but not limited to how the school will determine improvement in student learning;

(e) The amount of any moneys received by the school pursuant to Title I of the federal "Elementary and Secondary Education Act of 1965", 20 U.S.C. sec. 6301 et seq., how the school is using such moneys, and any improvements in student learning that have occurred in the preceding three years through the use of such moneys;

(f) Whether the school has previously received a grant pursuant to this part 7 and the demonstrated goals achieved in using the grant as specified in the progress and final reports submitted to the department pursuant to section 22-7-707;

(g) A written statement of support for or opposition to the school's proposed teacher development schedule by the board of education of the school district in which the applying school is located, including the reasons underlying such support or opposition.

(3) Repealed.

(4) An institute charter school or approved facility school that submits an application pursuant to this part 7 shall not be required to submit the application to any school district or to include in the application a statement of support for or opposition to the application by a local board of education.

**Source:** L. 2000: Entire part added, p. 1975, § 1, effective June 2. L. 2004: (3) repealed, p. 8, § 4, effective February 20; (4) added, p. 1621, § 12, effective July 1. L. 2008: (4) amended, p. 1384, § 8, effective May 27.

## **22-7-706. Grants - criteria - repeal. (Repealed)**

**Source:** L. 2000: Entire part added, p. 1976, § 1, effective June 2. L. 2004: Entire section amended, p. 5, § 2, effective February 20.

**Editor's note:** Subsection (6)(a) provided for the repeal of this section, effective July 1, 2010. (See L. 2004, p. 5.)

## **22-7-707. Reporting requirements - progress reports - final reports - state report.**

(1) Each school that receives a grant pursuant to this part 7 shall submit to the department:

(a) A progress report specifying the progress made by the school during the initial year of the grant in achieving the goals specified in the school's grant application;

(b) A final report demonstrating the school's success in achieving the goals specified in the school's grant application.

(2) The state board by rule shall specify the date by which each grant recipient shall submit the progress report and the final report and the specific contents of each report. At a minimum, the progress report and the final report shall:

(a) Apply the methods identified in the school's plan for measuring the success of the teacher development schedule, as specified in the school's grant application; and

(b) Specify the student learning results achieved by the school in the areas of reading, writing, mathematics, and science.

(3) On or before January 15, 2002, and on or before January 15 each year thereafter, the department shall submit to the governor and the board of education in each school district in which a grant recipient is located a state report on the teacher development grant program. At such times as the report is submitted to the governor, the department shall provide notice to the education committees of the senate and the house of representatives that the state report is available to the members of the committees upon request. The state report shall include the following information:

(a) A list of grant recipients and the year in which each grant was awarded;

(b) A compilation and summary of the progress and final reports received pursuant to this section;

(c) Such additional information concerning the implementation and effectiveness of the grant program as may be deemed beneficial by the state board, including but not limited to any recommendations for changes in the grant program.

**Source:** L. 2000: Entire part added, p. 1976, § 1, effective June 2. L. 2004: IP(3) amended, p. 8, § 5, effective February 20. L. 2005: IP(3) amended, p. 861, § 2, effective June 1.

**22-7-708. Teacher development fund - creation.** (1) There is hereby created in the state treasury the teacher development fund referred to in this section as the "fund", for payment of teacher development grants awarded pursuant to section 22-7-704. The fund shall consist of such moneys as may be appropriated thereto by the general assembly and such moneys as may be credited thereto pursuant to section 22-7-704 (4). Moneys in the fund shall be subject to annual appropriation by the general assembly for the purposes specified in this part 7. The department may expend up to three percent of the moneys annually appropriated to the fund to offset the documented costs incurred in implementing the grant program. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. Except as otherwise provided in subsection (2) of this section, at the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain therein and shall not be credited or transferred to the general fund or any other fund.

(2) (a) On March 5, 2003, the state treasurer shall transfer the balance of moneys in the fund to the general fund.

(b) On June 30, 2011, the state treasurer shall transfer the balance of moneys in the fund to the state education fund created in section 17 (4) of article IX of the state constitution.

**Source:** L. 2000: Entire part added, p. 1979, § 1, effective June 2. L. 2003: Entire section amended, p. 456, § 10, effective March 5. L. 2011: Entire section amended, (SB 11-218), ch. 151, p. 526, § 3, effective May 5.

## PART 8

### SUMMER SCHOOL GRANT PROGRAM

**Editor's note:** (1) This part 8 was repealed in 2003 and was subsequently recreated and reenacted in 2006, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 8 prior to 2003, consult the Colorado statutory research explanatory note and

the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) Prior to the recreation and reenactment of this part 8, section 22-7-806 provided for the repeal of this part 8, effective April 4, 2003. (See L. 2003, p. 515.)

**22-7-801. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) Establishing a summer school grant program to provide funding to school districts and institute charter schools to provide intensive reading, writing, or mathematics education services to students entering the fifth through eighth grades who received an unsatisfactory proficiency level score on the reading, writing, or mathematics component of the Colorado student assessment program for the previous academic year is an important element of an accountable education program to meet state academic standards; and

(b) Research shows that implementing research-based practices, as defined by the federal "No Child Left Behind Act of 2001", 20 U.S.C. sec. 6301 et seq., as amended, can cause significant improvement in a student's performance in reading, writing, or mathematics in a short period.

(2) The general assembly therefore finds that a program to provide grants to school districts and institute charter schools to assist them in providing summer school programs for students who are entering the fifth through eighth grades and are performing unsatisfactorily in reading, writing, or mathematics may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source:** L. 2006: Entire part RC&RE, p. 669, § 11, effective April 28. L. 2008: (1)(a) and (2) amended, p. 1207, § 14, effective May 22.

**Cross references:** For the legislative declaration contained in the 2008 act amending subsections (1)(a) and (2), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-7-802. Definitions.** As used in this part 8, unless the context otherwise requires:

(1) "CSAP" means the Colorado student assessment program administered pursuant to section 22-7-409.

(2) "Department" means the department of education created in section 24-1-115, C.R.S.

(3) "Eligible student" means a student who will begin fifth, sixth, seventh, or eighth grade in the next academic year and who has received an unsatisfactory proficiency level score on the reading, writing, or mathematics assessment administered through the CSAP for the preceding academic year.

(4) "Grant program" means the summer school grant program created in section 22-7-803.

(5) "State board" means the state board of education created pursuant to section 1 of article IX of the state constitution.

**Source:** L. 2006: Entire part RC&RE, p. 670, § 11, effective April 28. L. 2008: (3) amended, p. 1207, § 15, effective May 22.

**Cross references:** For the legislative declaration contained in the 2008 act amending subsection (3), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-7-803. Summer school grant program - creation - administration - rules.**

(1) There is hereby created the summer school grant program to provide grants to school districts and institute charter schools to operate summer school programs for eligible students, subject to the requirements of this part 8. The grant program shall be designed to assist school districts and institute charter schools in providing intensive educational services to eligible students in the areas of reading, writing, or mathematics.

(2) The department shall administer the grant program and the state board shall award grants as provided in this part 8.

(3) The department shall evaluate the progress of the summer school programs operated by school districts and institute charter schools that receive grants pursuant to this part 8.

(4) (a) The state board shall promulgate rules in accordance with article 4 of title 24, C.R.S., to implement and administer the grant program. At a minimum, the rules shall specify the following:

(I) The time frames for submitting grant program applications;

(II) The form of the grant program application;

(III) The time frames for distribution of the grant moneys;

(IV) The method by which the department shall evaluate the progress of the summer school programs operated by school districts and institute charter schools that receive grants pursuant to this part 8; and

(V) Any other procedures or policies the state board deems necessary to implement and administer the grant program.

(b) In implementing the grant program and rules promulgated pursuant to this subsection (4), the state board shall ensure that all grants awarded pursuant to this part 8 are issued to school districts or institute charter schools on or before April 30 of each budget year for which moneys are appropriated for the grant program.

**Source: L. 2006:** Entire part RC&RE, p. 670, § 11, effective April 28.

**22-7-804. Summer school programs - requirements.** (1) A school district or institute charter school that receives a grant to provide a summer school program pursuant to this part 8 is subject to the following requirements:

(a) The summer school program shall be research-based, pursuant to the federal "No Child Left Behind Act of 2001", 20 U.S.C. sec. 6301 et seq., as amended, and shall be delivered by teachers who are trained in the use of the program.

(b) The school district or institute charter school conducting the summer school program shall administer, in the subject areas in which the summer school program will focus, a test to every eligible student participating in the program. The school district or institute charter school shall administer the test before the program begins and upon completion of the program to evaluate the progress of each eligible student who participates in the program.

(c) The goal of the summer school program shall be to enable eligible students participating in the program to progress from scoring at the unsatisfactory proficiency level in reading, writing, or mathematics, as applicable, to scoring at the proficient level in reading, writing, or mathematics, as applicable.

**Source: L. 2006:** Entire part RC&RE, p. 671, § 11, effective April 28.

**22-7-805. Summer school grant program - application - criteria.** (1) A school district or institute charter school that seeks to receive a grant pursuant to this part 8 shall submit an application to the department in accordance with rules promulgated by the state board. A school district shall submit an application on behalf of all grade-appropriate schools in the district, including the district charter schools within the district. The application shall include the following information:

(a) The number of eligible students enrolled in the school district or institute charter school, as applicable;

(b) A description of the educational services that the school district or institute charter school anticipates providing through a summer school program;

(c) A description of the method that the school district or institute charter school will use to measure an eligible student's academic progress throughout the program;

(d) A description of the goals that the school district's or institute charter school's summer school program is expected to achieve and the method by which the school district or institute charter school will measure achievement of the goals; and

(e) Any additional information required by rule of the state board promulgated pursuant to section 22-7-803 (4).

(2) The department shall review the applications received from school districts and institute charter schools pursuant to this section and shall make recommendations to the state board concerning the awarding of grants and the amounts of the grants. The state board shall take into consideration the recommendations of the department and shall annually award grants to school districts and institute charter schools in amounts specified by the state board. In awarding grants pursuant to this part 8, the state board shall:

(a) Consider whether the school district's or institute charter school's summer school program complies with the requirements of section 22-7-804;

(b) Consider the geographic location of the school district or institute charter school, as applicable, and, to the extent possible, ensure that grant moneys are awarded to school districts and institute charter schools throughout the state;

(c) Award grants to school districts and institute charter schools that are implementing summer school programs using curricula that are research-based and that have been used with demonstrated success either by the applying school district or institute charter school or by another school district; and

(d) Award grants to school districts and institute charter schools that demonstrate success in improving the academic performance of eligible students in the area of reading, writing, or mathematics, as applicable.

**Source: L. 2006:** Entire part RC&RE, p. 672, § 11, effective April 28.

**22-7-806. Reporting requirements.** (1) On or before October 1 of each year following a budget year for which moneys were appropriated for the grant program, each school district and institute charter school that receives a grant pursuant to this part 8 shall submit a report to the department after completion of its summer school program. The report shall include the following information:

(a) The number of eligible students who participated in the school district's or institute charter school's summer school program, as applicable;

(b) The levels of performance in the subject area in which the summer school program was offered demonstrated by the eligible students participating in the summer school program both at the beginning of the program and at the end of the program, based on tests administered to the eligible students before and after participating in the program; and

(c) Such other information as the state board may by rule, promulgated pursuant to section 22-7-803 (4), require to assess the effectiveness of the summer school programs operated by school districts and institute charter schools.

**Source: L. 2006:** Entire part RC&RE, p. 673, § 11, effective April 28.

**22-7-807. Summer school grant program - funding.** (1) For the 2006-07 budget year and for each budget year thereafter, subject to available appropriations, the general assembly shall annually appropriate moneys from the state education fund created in section 17 (4) of article IX of the state constitution to the department to be used to award grants for summer school programs pursuant to this part 8.

(2) The department may annually withhold a portion of the moneys appropriated for the purposes of this part 8 to offset the direct costs incurred in administering the grant program and in evaluating the progress of each summer school program pursuant to the requirement of section 22-7-803 (3). The amount withheld by the department in any budget year shall not exceed three percent of the amount appropriated for the purposes of this part 8 in that budget year.

**Source: L. 2006:** Entire part RC&RE, p. 673, § 11, effective April 28.

## PART 9

## READ-TO-ACHIEVE GRANT PROGRAM

**22-7-901 to 22-7-909. (Repealed)**

**Editor's note:** (1) This part 9 was added in 2007. For amendments to this part 9 prior to its repeal in 2012, consult the 2011 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 22-7-909 provided for the repeal of this part 9, effective July 1, 2012. (See L. 2012, p. 672.)

(3) For amendments to sections 22-7-908 and 22-7-909 enacted in the 2012 legislative session, see sections 15 and 16 of chapter 180, Session Laws of Colorado 2012.

## PART 10

PRESCHOOL TO POSTSECONDARY  
EDUCATION ALIGNMENT

**22-7-1001. Short title.** This part 10 shall be known and may be cited as the "Preschool to Postsecondary Education Alignment Act".

**Source: L. 2008:** Entire part added, p. 740, § 1, effective May 14.

**22-7-1002. Legislative declaration.** (1) The general assembly hereby finds that:

(a) Since 1993, implementation of standards-based education has resulted in significant increases in the ability of school districts and the state to measure what each student knows and is able to demonstrate at various levels in the student's academic career and in significant increases in learning and academic achievement among some students enrolled in the public schools of the state;

(b) However, Colorado continues to see a widening of the achievement gap, unacceptably high dropout rates throughout the state, unacceptably low numbers of high school graduates who continue into and successfully complete higher education, and an unacceptably high need for remediation among those students who do continue into higher education;

(c) From the inception of the nation, public education was intended both to prepare students for the workforce and to prepare them to take their place in society as informed, active citizens who are ready to both participate and lead in citizenship. In recent years, the emphasis in public education has been squarely placed on the areas of reading, writing, mathematics, and science, but it is important that education reform also emphasize the public education system's historic mission of education for active participation in democracy.

(d) With the advent of the twenty-first century and increasing expectations and demands with regard to the use of technology and higher-level critical thinking skills, coupled with increasing levels of national and international economic competition, it is now imperative that the state move to the next generation of standards-based education.

(2) The general assembly finds that:

(a) More and more studies indicate that high-quality early learning experiences are crucial to ensuring students' ultimate success in school, in postsecondary education, in the workforce, and in life, generally;

(b) The next generation of standards-based education must take into account the fact that children enter school with varying skills and experiences. Under the Colorado student assessment program, Colorado does not have the ability to describe achievement gaps until students are in third grade, which, in most circumstances, is too late to adequately address the varying skill levels and experiences with which the students entered school. Understanding the skills, knowledge, and behavior that students bring to their earliest years of

public education will provide crucial information to families, communities, schools, and teachers so that they can better support young children's learning and development.

(c) With the increasing number of children who participate in preschool and the recognized importance of providing a high-quality preschool experience, the next generation of standards-based education must ensure that preschools provide very high-quality services that are most likely to help students develop the necessary skills to excel as they enter elementary school.

(3) The general assembly finds that:

(a) The next generation of standards-based education must consider the needs of the whole student by creating a rich and balanced curriculum;

(b) The next generation of standards-based education must also take into account the fact that, while all students must be well prepared for active citizenship, different students will have different career aspirations: Some will seek higher education upon graduation; some will seek career or technical training to pursue a particular vocation; others will immediately seek to enter the workforce;

(c) In the modern world, however, there is little variation in the level of academic preparedness that a student must achieve in order to succeed after high school, regardless of the student's aspirations. To be successful in the workforce and earn a living wage immediately upon graduation from high school, a student needs nearly the same level of academic achievement and preparation that he or she would need to continue into career and technical or higher education.

(d) In providing the curricula to ensure that each student attains the level of academic achievement and preparation he or she needs to continue into the student's chosen post-graduation path of entering the workforce, career and technical education, or higher education, a wide variety of curricular and program options will be necessary to spark in each student the ambition and desire to graduate from high school and achieve his or her aspirations;

(e) Public education must encourage and accommodate students' exposure to and involvement in postsecondary planning and in activities that develop creativity and innovation skills; critical-thinking and problem-solving skills; communication and collaboration skills; social and cultural awareness; civic engagement; initiative and self-direction; flexibility; productivity and accountability; character and leadership; information technology application skills; and other skills critical to preparing students for the twenty-first-century workforce and for active citizenship;

(f) The ultimate goal of public education, whatever the student's post-high school aspirations may be or whatever they may become over time, is to ensure that, to the extent possible, each student is prepared to meet his or her full potential. To this end, the system of preschool through postsecondary public education, and the educators who ensure its success, should never cease in striving to help a student achieve mastery of both knowledge and skills.

(4) The general assembly concludes, therefore, that:

(a) To educate students to their full potential, the state must align the public education system from preschool through postsecondary and workforce readiness. This alignment will ensure that a student who enters school ready to succeed and achieves the required level of proficiency on standards as he or she progresses through elementary and secondary education will have achieved postsecondary and workforce readiness when the student graduates from high school, if not earlier. As such, the student will be ready to enter the workforce or to enter postsecondary education without need for remediation.

(b) Alignment of standards from preschool through postsecondary and workforce readiness requires that the state board of education and the Colorado commission on higher education, with the departments of education and higher education, work in close collaboration to create a seamless system of public education standards, expectations, and assessments;

(c) Creating this seamless system of standards, expectations, and assessments from preschool through postsecondary and workforce readiness is a multi-faceted and complex project that will require multiple stages of planning, design, and implementation and that will likely continue over years. Further, achieving the goals outlined in this part 10 will

likely require the reallocation of existing state resources and the identification and allocation of new resources to meet increased needs at the state and local levels, including but not limited to significant investment in professional development for educators.

(d) Aligning standards from preschool through postsecondary and workforce readiness and creating a seamless system of public education will place even greater demands on principals, teachers, and other educators. The general assembly recognizes that enabling them to meet these demands will require an investment in professional development.

(e) Throughout the process of creating a seamless system of public education in Colorado, the state board of education and the Colorado commission on higher education must ensure that the standards for preschool through elementary and secondary education, culminating in postsecondary and workforce readiness, are sufficiently relevant and rigorous to ensure that each student who receives a public education in Colorado is prepared to compete academically and economically within the state or anywhere in the nation or the world.

(5) The general assembly finds and declares that, for purposes of section 17 of article IX of the state constitution, adoption and implementation of a school readiness description, of standards and aligned assessments for preschool through elementary and secondary education, and of a postsecondary and workforce readiness description are critical elements of accountable education reform and accountable programs to meet state academic standards and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2008:** Entire part added, p. 740, § 1, effective May 14.

**22-7-1003. Definitions.** As used in this part 10, unless the context otherwise requires:

(1) "Assessment" means the method used to collect evidence of what a student knows and is able to do and to measure a student's academic progress toward attaining a standard.

(2) "Board of cooperative services" or "BOCES" means a board of cooperative services created and operating pursuant to article 5 of this title that operates one or more public schools.

(3) "Commission" means the Colorado commission on higher education created pursuant to section 23-1-102, C.R.S.

(4) "Commissioner" means the commissioner of education appointed by the state board pursuant to section 22-2-110.

(5) "District charter school" means a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title. A district charter school is a "district charter high school" if it serves any of grades nine through twelve.

(6) "Division of child care" means the division within the department of human services that is responsible for child care regulation.

(7) "Executive director" means the executive director of the department of higher education appointed by the governor pursuant to section 24-1-114, C.R.S.

(8) "Institute charter school" means a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title. An institute charter school is an "institute charter high school" if it serves any of grades nine through twelve.

(9) "Local education provider" means a school district, a board of cooperative services, a district charter school, or an institute charter school.

(10) "Local school board" means a school district board of education.

(11) "P-20 council" means the P-20 education coordinating council appointed by the governor pursuant to executive order B 003 07.

(11.5) "Performing arts" shall have the same meaning as provided in section 22-1-104.5 (1) (b).

(12) "Pilot program" means the pilot program for administration of postsecondary and workforce planning, preparation, and readiness assessments implemented pursuant to section 22-7-1007.

(13) "Postsecondary and workforce planning assessment" means an assessment or battery of assessments administered to students in eighth or ninth grade that, at a minimum, tests in the areas of reading, mathematics, and science, provides guidance regarding a

student's level of academic preparation for entry into postsecondary education or the workforce, and is relevant to the student for purposes of postsecondary planning.

(14) "Postsecondary and workforce preparation assessment" means an assessment or battery of assessments administered to students in tenth grade that, at a minimum, tests in the areas of reading, mathematics, and science, provides guidance regarding a student's level of academic preparation for entry into postsecondary education or the workforce, and is relevant to college admission determinations.

(15) "Postsecondary and workforce readiness" means the knowledge and skills that a student should have attained prior to or upon attaining a high school diploma, as adopted by the state board and the commission pursuant to section 22-7-1008.

(16) "Postsecondary and workforce readiness assessment" means an assessment or battery of assessments administered to students in eleventh grade that, at a minimum, tests in the areas of reading, mathematics, and science and is relevant to college admission determinations by institutions of higher education throughout the United States.

(17) "Postsecondary and workforce readiness program" means a program of study that, prior to or beginning in ninth grade and continuing through twelfth grade, is designed to prepare a student to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma.

(18) "Postsecondary education" means all formal public education that requires as a prerequisite the acquisition of a high school diploma or its equivalent. "Postsecondary education" includes programs resulting in acquisition of a certificate, an associate degree of applied sciences, an associate degree of general studies, an associate degree of arts, or an associate degree of science and all baccalaureate degree programs.

(19) "Regional educator meeting" means a meeting convened pursuant to section 22-7-1011 by the commissioner and the executive director in a regional service area.

(20) "School district" means a school district, other than a junior college district, organized and existing pursuant to law.

(21) "School readiness" means the level of development that indicates a child is able to engage in and benefit from elementary school classroom environments, as adopted by the state board pursuant to section 22-7-1004.

(22) "Standard" means a clear, measurable, learning target for what a student should know or be able to do relative to a particular instructional area.

(23) "State board" means the state board of education created pursuant to section 1 of article IX of the state constitution.

(24) "State plan" means the state plan required by the federal "No Child Left Behind Act of 2001", 20 U.S.C. sec. 6301 et seq.

(25) "Visual arts" shall have the same meaning as provided in section 22-1-104.5 (1)(c).

**Source:** L. 2008: Entire part added, p. 743, § 1, effective May 14. L. 2010: (11.5) and (25) added, (HB 10-1273), ch. 233, p. 1021, § 5, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act adding subsections (11.5) and (25), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-7-1004. School readiness description - school readiness assessment - adoption - revisions.** (1) On or before December 15, 2008, the state board shall adopt a description of school readiness. The state board, in adopting the school readiness description shall ensure that, at a minimum, school readiness includes physical well-being and motor development, social and emotional development, language and comprehension development, and cognition and general knowledge.

(2) (a) On or before December 15, 2010, the state board shall adopt one or more assessments that are aligned with the description of school readiness and are suitable for measuring students' levels of school readiness. In adopting assessments of students' school readiness, the state board shall consider assessments that are research-based; recognized nationwide as reliable instruments for measuring school readiness; and suitable for determining the instruction and interventions students need to improve their readiness to succeed

in school. School readiness assessments shall not be used to deny a student admission or progression to kindergarten or first grade.

(b) School readiness assessment results shall not be publicly reported for individual students. Following adoption of the school readiness assessment, the state board shall adopt a system for reporting population-level results that provide baseline data for measuring overall change and improvement in students' skills and knowledge over time.

(3) (a) On or before July 1, 2017, and on or before July 1 every six years thereafter, the state board shall review the school readiness description and shall adopt any appropriate revisions to the description. The state board shall review the school readiness assessments and adopt any appropriate revisions to the school readiness assessments when the board reviews the assessments as specified in section 22-7-1006 (5).

(b) The state board shall ensure that any revisions adopted pursuant to this subsection (3) continue to meet the requirements for the description of school readiness and the school readiness assessments specified in this section.

**Source:** L. 2008: Entire part added, p. 746, § 1, effective May 14. L. 2010: (3)(a) amended, (HB 10-1013), ch. 399, p. 1908, § 23, effective June 10.

**22-7-1005. Preschool through elementary and secondary education - aligned standards - adoption - revisions.** (1) On or before December 15, 2009, the state board shall adopt standards that identify the knowledge and skills that a student should acquire as the student progresses from preschool through elementary and secondary education.

(2) (a) The state board shall ensure that the preschool through elementary and secondary education standards, at a minimum, include standards in reading, writing, mathematics, science, history, geography, visual arts, performing arts, physical education, world languages, English language competency, economics, civics, financial literacy, and any other instructional areas for which the state board had adopted standards as of January 1, 2008.

(b) In developing the preschool through elementary and secondary education standards, the state board shall also take into account any career and technical education standards adopted by the state board for community colleges and occupational education, created in section 23-60-104, C.R.S., and, to the extent practicable, shall align the appropriate portions of the preschool through elementary and secondary education standards with the career and technical education standards.

(c) In developing the preschool through elementary and secondary education standards, the state board shall include identification of the levels of attainment that a student shall achieve in order to demonstrate readiness for promotion from elementary grades to middle school grades and from middle school grades to high school grades.

(3) The state board in adopting the preschool through elementary and secondary education standards shall:

(a) Align the standards to ensure that a student who demonstrates attainment of the standards as the student advances from preschool through elementary and secondary education will be able to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma;

(b) Collaborate with the commission to ensure that the standards are aligned with the description of postsecondary and workforce readiness adopted pursuant to section 22-7-1008;

(c) Ensure that the standards will facilitate longitudinal measurement of each student's academic growth from preschool through elementary and secondary education;

(d) Ensure that the standards include development of postsecondary planning skills and the application of those skills;

(e) Ensure that, in addition to measuring a student's subject matter knowledge, the standards, to the extent practicable, will require a student to develop and demonstrate creativity and innovation skills; critical-thinking and problem-solving skills; communication and collaboration skills; social and cultural awareness; civic engagement; initiative and self-direction; flexibility; productivity and accountability; character and leadership; information technology application skills; and other skills critical to preparing students for the twenty-first-century workforce and for active citizenship; and

(f) Ensure that the standards are comparable in scope, relevance, and rigor to the highest national and international standards that have been implemented successfully and are consistent with and relevant to achievement of the goals specified in section 22-7-1002.

(4) In adopting the standards for preschool through elementary and secondary education pursuant to this section, the state board shall ensure that it includes standards for grades nine through twelve that are aligned with the postsecondary and workforce planning, preparation, and readiness assessments adopted by the state board and the commission pursuant to section 22-7-1008.

(5) The state board shall modify the preschool through elementary and secondary education standards adopted pursuant to this section as necessary in response to comments received through the peer review process and to reflect the contents of the state plan approved pursuant to section 22-7-1012.

(6) On or before July 1, 2018, and on or before July 1 every six years thereafter, the state board shall review and adopt any appropriate revisions to the preschool through elementary and secondary education standards specified in this section. In adopting revisions, the state board may add or delete one or more of the specific instructional areas based on the needs of the state and changes in national and international academic expectations. In adopting revisions to the standards pursuant to this subsection (6), the state board shall ensure that the standards continue to meet the requirements specified in subsection (3) of this section.

**Source: L. 2008:** Entire part added, p. 746, § 1, effective May 14; (2)(a) amended, p. 2276, § 5, effective June 5. **L. 2010:** (2)(a) amended, (HB 10-1273), ch. 233, p. 1022, § 6, effective May 18; (6) amended, (HB 10-1013), ch. 399, p. 1908, § 24, effective June 10.

**22-7-1006. Preschool through elementary and secondary education - aligned assessments - adoption - revisions.** (1) (a) On or before December 15, 2010, or as soon thereafter as fiscally practicable, the state board shall adopt a system of assessments that are aligned with the preschool through elementary and secondary education standards and are designed to measure students' levels of attainment of the standards and to longitudinally measure students' academic progress toward attaining the standards and toward attaining postsecondary and workforce readiness. In adopting the system of assessments, the state board shall ensure, at a minimum, that the system is designed to:

(I) Provide relevant, timely results that will aid teachers, parents, and students in identifying areas in which students may need additional support or assistance in attaining the standards;

(II) Facilitate and ensure longitudinal measurement of students' academic growth over time;

(III) Provide guidance to teachers, parents, and students in determining whether each student is making the necessary progress toward achieving postsecondary and workforce readiness;

(IV) Provide results that may be used across multiple education systems as a student progresses from preschool through elementary and secondary education and into postsecondary education;

(V) Maintain a high level of accountability across the state for students, schools, and school districts;

(VI) Comply with the requirements of federal law with regard to statewide standardized testing; and

(VII) Provide assessment scores that are useful in measuring student academic performance, the academic performance of a school, and the academic performance of a school district for purposes of state and federal accountability systems.

(b) In adopting a system of assessments, the state board shall give consideration to the use of authentic assessment methods, such as portfolios, projects, and performances, so long

as the assessment methods are valid and reliable, employ standard scoring criteria, and align with the preschool through elementary and secondary education standards.

(c) In adopting a system of assessments, the state board shall also adopt scoring criteria for measuring a student's level of attainment of a standard based on the student's performance on a particular assessment and for measuring a student's progress toward attaining postsecondary and workforce readiness.

(d) In adopting a system of assessments, the state board shall also make recommendations concerning a system of ratings for public schools that recognizes each school's success in supporting the longitudinal academic growth of the students enrolled in the public schools and in achieving adequate yearly progress as required by federal law.

(e) In adopting a system of assessments, the state board shall recommend legislative changes as necessary to implement the system and the proposed changes to the system of ratings for public schools.

(1.5) Colorado shall participate as a governing board member, at least until January 1, 2014, in a consortium of states that focuses on the readiness of students for college and careers by developing a common set of assessments. On or before January 1, 2014, and on or before each January 1 thereafter, if Colorado is a governing board member of the consortium of states, the state board is strongly encouraged to conduct a fiscal and student achievement benefit analysis of Colorado remaining a governing board member of the consortium. If adopting the system of assessments that is aligned with the state standards for reading, writing, and mathematics, the state board shall rely upon assessments developed by the consortium of states.

(2) In adopting the system of assessments, the state board shall ensure that it includes the postsecondary and workforce planning, preparation, and readiness assessments adopted by the state board and the commission pursuant to section 22-7-1008.

(3) In adopting an assessment that is aligned with the state standards for writing, the state board shall:

(a) Ensure that any writing assessment that is included within the system of assessments can be evaluated and the results returned to the local education providers in a timely manner and that the assessment is designed to provide relevant, useful results; and

(b) Seek input from local education providers concerning the writing assessments used by each local education provider, the usefulness of the assessments, and recommendations from the local education provider concerning writing assessments that would be effectively used at a statewide level.

(4) The state board shall modify the system of assessments adopted pursuant to this section as necessary in response to comments received through the peer review process and to reflect the contents of the state plan approved pursuant to section 22-7-1012.

(5) Every six years after the adoption of the system of assessments pursuant to paragraph (a) of subsection (1) of this section, the state board shall review and adopt any appropriate revisions to such system of assessments. The state board may adopt revisions to an assessment or adopt additional assessments, regardless of whether it adopts any revision to the standards with which the assessment is aligned. In adopting revisions to the system of assessments, the state board shall ensure that the system of assessments continues to meet the requirements specified in this section.

**Source: L. 2008:** Entire part added, p. 748, § 1, effective May 14. **L. 2010:** IP(1)(a) and (5) amended, (HB 10-1013), ch. 399, p. 1908, § 25, effective June 10. **L. 2012:** (1.5) added, (HB 12-1240), ch. 258, p. 1334, § 58, effective June 4.

**22-7-1007. Postsecondary and workforce readiness assessments pilot program - rules.** (1) (a) Beginning in the 2008-09 academic year, the department of education shall implement a pilot program for the purpose of evaluating standards and collecting data regarding student performance on postsecondary and workforce planning, preparation, and readiness assessments from assessment vendors and local education providers that volunteer to participate in the pilot program. The state board shall apply the data in creating standards for grades nine through twelve, and the state board and the commission shall apply the data in creating the description of postsecondary and workforce readiness and in

selecting the postsecondary and workforce planning, preparation, and readiness assessments that will be administered statewide following completion of the pilot program.

(b) To implement the pilot program, the department of education shall invite nationally recognized vendors of postsecondary and workforce planning, preparation, and readiness assessments to participate in the pilot program. In selecting the vendors that will be invited to participate, the department shall include, but need not be limited to, at least one vendor that provides a system of postsecondary and workforce planning, preparation, and readiness assessments that are aligned to demonstrate a student's academic growth through the ninth, tenth, and eleventh grades.

(c) The department of education shall provide information to local education providers concerning the creation and operation of the pilot program, including but not limited to a list of the vendors that will be participating and the duties of a local education provider that chooses to participate in the pilot program.

(d) As part of the pilot program, the department of education shall survey local education providers concerning the postsecondary and workforce planning, preparation, and readiness assessments, if any, administered by the local education providers within the preceding five years. The department of education shall solicit information concerning the local education providers' determination of the effectiveness and relevance of the assessments administered and shall request any data compiled by the local education providers in making their determination.

(e) As soon as possible following May 14, 2008, the state board shall promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., for the implementation of the pilot program, including but not limited to the procedures and time frames by which a local education provider shall notify the department of education of its intent to participate in the pilot program.

(f) For the 2008-09 budget year, the general assembly shall appropriate moneys to the department of education for distribution to local education providers who participate in the pilot program to assist them in defraying the costs incurred in administering the postsecondary and workforce planning, preparation, and readiness assessments. The state board shall promulgate rules describing the process by which the department shall distribute the moneys to participating local education providers, ensuring to the extent practicable that moneys are distributed to local education providers in areas throughout the state and of varying enrollment size and taking into account the fiscal needs of each participating local education provider and whether the participating local education provider was administering postsecondary and workforce planning, preparation, or readiness assessments prior to implementation of the pilot program.

(2) Each assessment vendor that chooses to participate in the pilot program shall provide to the department of education data concerning administration of the vendor's assessments in Colorado and in other states, including but not limited to test score unit records. The department shall apply the data in preparing amendments to the state plan, as described in section 22-7-1012, and in adjusting the Colorado growth model adopted pursuant to section 22-11-202 to ensure that the results of each assessment that is included in the pilot program can be used to measure individual student growth toward attaining postsecondary and workforce readiness.

(3) Each local education provider that chooses to participate in the pilot program shall:

(a) Each academic year beginning in 2009, administer a postsecondary and workforce planning assessment, selected by the local education provider from among the assessments provided by the participating vendors, to students enrolled in ninth grade. A local education provider may also choose to administer the postsecondary and workforce planning assessment to students enrolled in eighth grade.

(b) Each academic year beginning in 2009, administer a postsecondary and workforce preparation assessment, selected by the local education provider from among the assessments provided by the participating vendors, to students enrolled in tenth grade;

(c) Each academic year beginning in 2009, administer a postsecondary and workforce readiness assessment, selected by the local education provider from among the assessments provided by the participating vendors, to students enrolled in eleventh grade;

(d) Develop and implement a process by which the local education provider will share the results received by each student on the postsecondary and workforce planning, preparation, and readiness assessments with the student and the student's parents as soon as possible following receipt of the results; and

(e) Annually direct the vendor to provide to the department of education, on or before a date specified by rule of the state board, the results achieved by each student on the postsecondary and workforce planning, preparation, or readiness assessment and any other information pertaining to the operation of the pilot program that may be required by state board rule.

(4) The pilot program shall continue to operate as described in this section until the state board and the commission, pursuant to section 22-7-1008, have adopted the postsecondary and workforce planning, preparation, and readiness assessments to be administered statewide.

**Source: L. 2008:** Entire part added, p. 750, § 1, effective May 14. **L. 2009:** (2) and (3) amended, (HB 09-1046), ch. 35, p. 145, § 1, effective March 20; (2) amended, (SB 09-163), ch. 293, p. 1531, § 16, effective May 21.

**Editor's note:** Amendments to subsection (2) by House Bill 09-1046 and Senate Bill 09-163 were harmonized.

**22-7-1008. Postsecondary and workforce readiness description - postsecondary and workforce planning, preparation, and readiness assessments - adoption - revision.**

(1) (a) On or before December 15, 2009, the state board and the commission shall negotiate a consensus and adopt a description of postsecondary and workforce readiness. In describing postsecondary and workforce readiness, the state board and the commission shall, at a minimum:

(I) Describe the knowledge and skills that are required for a student to demonstrate postsecondary and workforce readiness;

(II) Ensure that postsecondary and workforce readiness includes demonstration of postsecondary planning skills and the ability to apply those skills;

(III) Describe the level of English language competency that a student must demonstrate in order to demonstrate postsecondary and workforce readiness;

(IV) Ensure that postsecondary and workforce readiness includes demonstration of a sufficiently high level of comprehension or skill to successfully complete, without need for remediation, the core academic courses identified by the commission pursuant to section 23-1-125 (3), C.R.S.; and

(V) Ensure that, to the extent practicable, postsecondary and workforce readiness requires a student to demonstrate creativity and innovation skills; critical-thinking and problem-solving skills; communication and collaboration skills; social and cultural awareness; civic engagement; initiative and self-direction; flexibility; productivity and accountability; character and leadership; information technology application skills; and other skills critical to preparing students for the twenty-first-century workforce and for active citizenship.

(b) Based on the data received by the department of education from the operation of the pilot program pursuant to section 22-7-1007, the state board and the commission may modify the description of postsecondary and workforce readiness as appropriate to ensure alignment of the standards for grades nine through twelve, the postsecondary and workforce planning, preparation, and readiness assessments, and the description of postsecondary and workforce readiness. The state board and the commission may further modify the description of postsecondary and workforce readiness as necessary based on the recommendations received through the peer review process on the amended state plan pursuant to section 22-7-1012 to ensure alignment of the postsecondary and workforce readiness description with the standards and assessments.

(2) (a) On or before December 15, 2010, or as soon thereafter as fiscally practicable, the state board and the commission shall negotiate a consensus and adopt one or more postsecondary and workforce planning assessments, postsecondary and workforce prepa-

ration assessments, and postsecondary and workforce readiness assessments that local education providers shall administer pursuant to section 22-7-1016. The state board and the commission shall base the selection of the postsecondary and workforce planning, preparation, and readiness assessments on the information received through the operation of the pilot program, ensuring that the selected assessments are aligned with the standards for grades nine through twelve and with the description of postsecondary and workforce readiness.

(b) Following adoption of the postsecondary and workforce planning, preparation, and readiness assessments, the state board and the commission shall negotiate a consensus and adopt scoring criteria for the postsecondary and workforce planning, preparation, and readiness assessments to indicate a student's level of postsecondary and workforce readiness, based on the student's level of performance on the assessments. The state board and the commission shall ensure that the scoring criteria for the postsecondary and workforce planning, preparation, and readiness assessments are aligned with the scoring criteria that apply to the system of assessments for preschool through elementary and secondary education standards.

(c) The state board and the commission shall negotiate a consensus and modify the postsecondary and workforce planning, preparation, and readiness assessments adopted pursuant to this section as necessary in response to comments received through the peer review process and to reflect the contents of the state plan approved pursuant to section 22-7-1012.

(3) (a) On or before July 1, 2015, and on or before July 1 every six years thereafter, the state board and the commission shall review, negotiate a consensus, and adopt any appropriate revisions to the description of postsecondary and workforce readiness. The state board and the commission shall ensure that any revisions adopted pursuant to this paragraph (a) meet the requirements for the description of postsecondary and workforce readiness specified in subsection (1) of this section.

(b) Every six years after the adoption of the postsecondary and workforce planning, preparation, and readiness assessments pursuant to paragraph (a) of subsection (2) of this section, the state board and the commission shall review, negotiate a consensus, and adopt any appropriate revisions to such assessments. The state board and the commission may adopt revisions to the postsecondary and workforce planning, preparation, and readiness assessments, regardless of whether they adopt any revisions to the postsecondary and workforce readiness description. In adopting revisions to the assessments, the state board and the commission shall ensure that the assessments continue to meet the requirements specified in subsection (2) of this section. The state board and the commission shall also review and adopt any appropriate revisions to the scoring criteria.

**Source: L. 2008:** Entire part added, p. 752, § 1, effective May 14. **L. 2010:** (2)(a) and (3)(b), (HB 10-1013), ch. 399, p. 1909, § 26, effective June 10.

**22-7-1009. Diploma endorsements - adoption - revisions.** (1) On or before July 1, 2011, or as soon thereafter as fiscally practicable, the state board shall adopt criteria that a local school board, BOCES, or institute charter high school may apply if the local school board, BOCES, or institute charter high school chooses to endorse high school diplomas to indicate that students have achieved postsecondary and workforce readiness. The criteria shall include, but need not be limited to, the required minimum level of postsecondary and workforce readiness that a student must achieve to receive a readiness endorsement on his or her diploma from the local school board, BOCES, or institute charter high school, based on whether the student intends to pursue a career and technical education certificate; enrollment in an open, modified open, or moderately selective institution of higher education; or enrollment in a selective institution of higher education. In identifying the required minimum level of postsecondary and workforce readiness, the state board shall ensure that the minimum level of postsecondary and workforce readiness reflects the expectations for postsecondary and workforce readiness that are applied nationally and internationally.

(2) The state board shall also adopt criteria for an endorsement that a local school board, BOCES, or institute charter high school may choose to grant to graduating students that would indicate extraordinary academic achievement or exemplary demonstration by a student of postsecondary and workforce readiness.

(3) Following adoption of the criteria for diploma endorsements pursuant to subsections (1) and (2) of this section, the state board shall consult with the commission and the governing boards of the state institutions of higher education. The provisions of section 22-7-1017 (2) shall take effect only if the commission and the governing boards approve the criteria.

(4) The state board shall also consider and may adopt criteria for a range of additional endorsements that a school district, BOCES, or institute charter high school may choose to grant to graduating students to recognize concentrated focus and outstanding achievement in a variety of subject areas, including but not limited to visual arts, performing arts, career and technical education, history and civics, mathematics, and science.

(5) In adopting endorsement criteria pursuant to this section, the state board shall take into consideration any career and technical education standards that are adopted by the state board for community colleges and occupational education, created in section 23-60-104, C.R.S.

(6) Every six years after the adoption of criteria for endorsements pursuant to subsection (1) of this section, the state board shall revise and adopt any appropriate revisions to such criteria for endorsements.

**22-7-1010. State board - commission - public input - staff assistance.** (1) In fulfilling their duties under this part 10, the state board and the commission, at a minimum, shall:

- (a) Meet with interested persons throughout the state, including but not limited to:
  - (I) Early care and education providers;
  - (II) Representatives of early childhood councils and early childhood care and education councils;
  - (III) Elementary and secondary teachers, specialists in special education services, counselors, and administrators;
  - (IV) Boards of cooperative services;
  - (V) Local school boards and governing boards of district charter schools and institute charter schools;
  - (VI) Parents and students;
  - (VII) Precollegiate and postsecondary service providers and concurrent enrollment program managers;
  - (VIII) Career and technical education faculty and administrators;
  - (IX) Postsecondary faculty and administrators;
  - (X) Governing boards of institutions of higher education; and
  - (XI) Employers and other members of the business community and labor, workforce, and economic development experts;
- (b) Take into consideration the recommendations of and consult with the P-20 council;
- (c) Solicit and take into consideration information from local boards of education specifically regarding the input received by the local boards from their respective communities in developing the blueprints for the education systems in their respective communities pursuant to section 22-32-109 (1) (kk);

(d) Take into consideration, as applicable, the recommendations of the state graduation guidelines development council made pursuant to section 22-7-414, as it existed prior to July 1, 2008;

(e) Consult and collaborate with state and national organizations of early care and education providers and experts, state and national organizations of educators, and other state, national, and international academic organizations that specialize in creation, maintenance, and implementation of relevant and rigorous education standards and curriculum and in alignment of standards and assessments from preschool through postsecondary education.

(2) (a) Staff from the department of education, the department of higher education, the state board for community colleges and occupational education, the division of child care, and the early childhood policy team in the office of the lieutenant governor shall provide technical assistance and support for the state board and the commission in fulfilling their duties under this part 10.

(b) To further assist in fulfilling their duties under this part 10, the state board and the commission may appoint one or more task forces consisting of state, national, and international education experts.

(3) The department of education and the department of higher education are authorized to receive and expend gifts, grants, or donations of any kind from a public or private entity to carry out the purposes of this part 10, subject to the terms and conditions under which given; except that the department of education or the department of higher education may not accept a gift, grant, or donation if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law.

**Source: L. 2008:** Entire part added, p. 755, § 1, effective May 14.

**22-7-1011. Regional educator meetings - purpose - recommendations.** (1) Beginning in the 2008-09 academic year, the commissioner and the executive director, at least annually, shall convene meetings of professional educators in preschool, elementary, secondary, and postsecondary education within each of the regional service areas created by the state board. In convening the regional educator meetings, the commissioner and the executive director shall work with:

(a) The president of the state system of community and technical colleges;

(b) One or more representatives of the junior college districts;

(c) The chief academic officers or executive directors of the state institutions of higher education;

(d) The school district superintendents throughout the state; and

(e) Representatives of the division of child care and the early childhood policy team in the office of the lieutenant governor.

(2) At a minimum, the following persons shall be invited to attend the regional educator meetings in each regional service area:

(a) Early care and education providers;

(b) Members of the local school boards of the school districts included in the regional service area;

(c) The preschool, elementary, and secondary teachers, principals, administrators, counselors, and other special services providers employed by the local education providers located in the regional service area; and

(d) The postsecondary faculty, academic advisors, and administrators employed by the state institutions of higher education and junior colleges, if any, located in the regional service area.

(3) The commissioner and the executive director shall convene regional educator meetings for the purpose of collaborating in the planning, design, and implementation of the alignment of the preschool through postsecondary public education systems, including but not limited to:

(a) Collaborating in the planning, design, and implementation of:

(I) The school readiness description, the preschool through elementary and secondary education standards, and the postsecondary and workforce readiness description;

(II) Programs of instruction for preschool, elementary, secondary, and postsecondary students; and

(III) Assessments that are aligned with the school readiness and postsecondary and workforce readiness descriptions and the preschool through elementary and secondary education standards;

(b) Collaborating in identification and provision of the supportive services that are necessary to implement the school readiness and postsecondary and workforce readiness descriptions, the preschool through elementary and secondary education standards, and the aligned assessments;

(c) Identifying and reviewing the levels of financial support needed to implement the school readiness and postsecondary and workforce readiness descriptions, the preschool through elementary and secondary education standards, and the aligned assessments, and formulating recommendations concerning the reallocation of state resources and the identification of additional state resources for said implementation; and

(d) Reviewing the school readiness description, the preschool through elementary and secondary education standards, the postsecondary and workforce readiness description, the assessments aligned with the descriptions and standards, and the criteria for diploma endorsements, and making recommendations for revisions to the state board and the commission.

(4) Each regional service area may submit to the state board and the commission the recommendations arising from the regional educator meetings held in the regional service area. The state board and the commission shall take the recommendations into account in fulfilling their duties pursuant to this part 10. In addition, a regional service area may submit any recommendations for legislative changes to the education committees of the house of representatives and the senate, or any successor committees.

**Source: L. 2008:** Entire part added, p. 756, § 1, effective May 14.

**22-7-1012. State plan - amendments - peer review - final adoption.** (1) The department of education shall solicit information from local education providers that began administering postsecondary and workforce planning, preparation, and readiness assessments prior to implementation of the pilot program and from local education providers and assessment vendors that are participating in the pilot program. The department of education may contract with an independent, nationally recognized third party to conduct a rigorous evaluation of the information received and, based on the evaluation, to make recommendations to the department and the state board concerning amendments to the state plan.

(2) (a) As soon as practicable under federal law, based on the evaluation of information received pursuant to subsection (1) of this section and on information received by the state board pursuant to section 22-7-1010 and on any information received from the regional educator meetings pursuant to section 22-7-1011, the department of education shall submit to the federal department of education amendments to the state plan for peer review and approval. The amendments, at a minimum, shall include:

(I) Amendments to incorporate the preschool through elementary and secondary education standards adopted by the state board pursuant to section 22-7-1005, including the standards for grades nine through twelve that are aligned with the postsecondary and workforce planning, preparation, and readiness assessments adopted pursuant to section 22-7-1008; and

(II) Amendments to incorporate the system of assessments adopted pursuant to section 22-7-1006.

(b) Notwithstanding any provision of this section to the contrary, in order to preserve flexibility and adaptability at the state level, the amended state plan shall include only those components of the aligned preschool through postsecondary public education systems that are required by or subject to approval under federal law and shall not include any components of the aligned preschool through postsecondary public education systems that are not required by or subject to approval under federal law.

(c) The limitations on the contents of the state plan specified in paragraph (b) of this subsection (2) shall not be construed to prohibit the state board and the commission from

adopting, and the state board and the commission are encouraged to adopt, descriptions, standards, assessments, and other components of the aligned preschool through postsecondary public education systems that exceed the minimum requirements of federal law and that are comparable in scope, relevance, and rigor to the highest national and international standards that have been implemented successfully and are consistent with and relevant to achievement of the goals specified in section 22-7-1002.

(3) The department of education shall provide public notice of the amendments to the state plan, any comments and suggestions received through the peer review process, and any changes made to the amendments in response to the peer review comments.

**Source: L. 2008:** Entire part added, p. 758, § 1, effective May 14.

**22-7-1013. Local education provider - preschool through elementary and secondary education standards - adoption.** (1) (a) On or before December 15, 2011, each local education provider shall review its preschool through elementary and secondary education standards in comparison with the preschool through elementary and secondary education standards adopted by the state board pursuant to section 22-7-1005. Following review, each local education provider shall revise its standards, as necessary, to ensure that:

(I) The standards meet or exceed the state preschool through elementary and secondary education standards; and

(II) The standards are aligned to ensure that a student who demonstrates attainment of the standards while advancing through preschool and elementary and secondary education will be able to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma.

(b) In revising its preschool through elementary and secondary education standards, each local education provider shall ensure that it adopts standards, at a minimum, in those subject matter areas that are included in the state preschool through elementary and secondary education standards, including but not limited to English language competency and visual arts and performing arts education.

(c) In revising its preschool through elementary and secondary education standards, a local education provider may choose to adopt the state preschool through elementary and secondary education standards.

(2) Following the review and revision of its preschool through elementary and secondary education standards, each local education provider shall adopt curricula that are aligned with the standards. The local education provider shall design the curricula to ensure that, beginning in preschool or kindergarten and continuing through elementary and secondary education, each student receives a program of study that will enable the student to demonstrate attainment of each of the preschool through elementary and secondary education standards.

(3) Each local education provider shall adopt assessments that are aligned with the local education provider's standards and curricula and that will adequately measure each student's progress toward and attainment of the local education provider's standards for the subject areas that are not assessed by the state through the system of assessments adopted by the state board pursuant to section 22-7-1006.

(4) A local education provider may allow a student who is receiving special education services to demonstrate attainment of the preschool through elementary and secondary education standards and postsecondary and workforce readiness through a differentiated plan if required in the student's individualized education program.

(5) On or before July 1, 2017, and on or before July 1 every six years thereafter, each local education provider shall review its preschool through elementary and secondary education standards and, taking into account any revisions to the state preschool through elementary and secondary education standards, shall revise and readopt its standards if necessary to ensure that they continue to meet or exceed the state preschool through elementary and secondary education standards. The local education provider shall revise its curricula accordingly to ensure that the curricula continue to align with the local education provider's preschool through elementary and secondary education standards.

**Source: L. 2008:** Entire part added, p. 759, § 1, effective May 14. **L. 2010:** (1)(b) amended, (HB 10-1273), ch. 233, p. 1022, § 8, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act amending subsection (1)(b), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-7-1014. Preschool individualized readiness plans - school readiness - assessments.** (1) (a) Beginning in the fall semester of 2013, each local education provider that provides a preschool or kindergarten program shall ensure that each student enrolled in a preschool or kindergarten program operated by the local education provider receives an individualized readiness plan that addresses the preschool standards or kindergarten standards, as appropriate, knowledge and skill areas in which a student needs assistance to make progress toward school readiness.

(b) In creating and implementing the individualized readiness plans, a local education provider shall use assessment instruments that are research-based, valid, and reliable to facilitate the systematic measurement of a student's increasing knowledge, skills, and accomplishments within the classroom context. The purpose of the continuing assessments shall be to help direct teachers' practice within the classroom with each student and thereby maximize each students' progress toward demonstrating school readiness.

(2) (a) Beginning with students who enter kindergarten in the fall semester of 2013, each local education provider shall ensure that each student enrolled in a kindergarten program operated by the local education provider progresses toward demonstrating school readiness. Each local education provider shall administer the school readiness assessment to each student enrolled in a kindergarten program operated by the local education provider to measure each student's progress toward demonstrating school readiness.

(b) The results of the school readiness assessments shall not be used to deny a student admission or progression to first grade.

(3) The department of education, the division of child care, and the staff of the early childhood policy team in the lieutenant governor's office shall, upon request and subject to available appropriations, provide support to local education providers in implementing the preschool standards, individualized readiness plans, and school readiness assessments and in assisting students in progressing toward school readiness. Support may include, but need not be limited to:

(a) Assisting the local education provider in reviewing and revising curriculum;

(b) Communicating with early care and education providers, educators, local school board members, board of cooperative services members, charter school governing board members, school district and school administrators, and parents;

(c) Providing professional development for educators; and

(d) Collecting and making available a resource bank of examples of best practices in national, state, school district, school, and classroom reform efforts in early childhood and school readiness consistent with the intent of this part 10.

**Source: L. 2008:** Entire part added, p. 760, § 1, effective May 14. **L. 2010:** (1)(a) amended, (HB 10-1013), ch. 399, p. 1910, § 28, effective June 10.

**22-7-1015. Postsecondary and workforce readiness program - technical assistance.**

(1) On or before December 15, 2011, each local education provider shall review the curricula provided by the public high schools operated by the local education provider in the subject matter areas included in postsecondary and workforce readiness. The local education provider shall revise its curricula, or adopt new curricula, as necessary to ensure that the curricula content for said subject matter areas are aligned with postsecondary and workforce readiness such that a student who successfully completes the curricula will be prepared to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma.

(2) (a) The revised or newly adopted curricula described in subsection (1) of this section shall constitute the postsecondary and workforce readiness program for each public

high school operated by the local education provider. In revising or adopting the postsecondary and workforce readiness program, a local education provider is not required to base its courses or means of awarding course credits on Carnegie units. A local education provider may choose to base the awarding of course credits on a student's demonstration of attainment of the standards addressed by the course.

(b) A local education provider may accommodate the range of student interests and aspirations by adopting multiple curricula that, combined, create multiple postsecondary and workforce readiness programs within a school district or within a high school that are designed to prepare a student for differing post-graduation goals, including but not limited to immediate entry into the workforce or matriculation into career and technical education or higher education. The local education provider shall ensure, however, that every postsecondary and workforce readiness program adopted by the local education provider:

(I) Is aligned with postsecondary and workforce readiness such that a student who successfully completes the program will be prepared to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma; and

(II) Includes courses in visual arts and performing arts.

(c) For purposes of this section, a district charter high school shall be deemed to be operated by the chartering local school board; except that the chartering local school board, by charter contract, may allow the district charter high school to adopt its own postsecondary and workforce readiness program, separate from that adopted by the local school board. Each district charter high school that adopts its own postsecondary and workforce readiness program shall ensure that the program is aligned with postsecondary and workforce readiness such that a student who successfully completes the postsecondary and workforce readiness program will be prepared to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma.

(3) (a) It is the intent of the general assembly that, on or before December 15, 2013, each student who enrolls in a public high school operated by a local education provider shall enroll in and successfully complete a postsecondary and workforce readiness program. Each local education provider shall require each high school student, beginning in ninth grade and continuing through twelfth grade, to enroll in the local education provider's postsecondary and workforce readiness program.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (3), a local education provider may allow a student who is receiving special education services to demonstrate attainment of postsecondary and workforce readiness through a differentiated plan for purposes of the postsecondary and workforce readiness program and the postsecondary and workforce planning, preparation, and readiness assessments, if required in the student's individualized education program.

(4) The department of education, the department of higher education, and the state institutions of higher education, upon request, shall provide support to local education providers in implementing postsecondary and workforce readiness. Beginning with the 2009-10 budget year, the department of education and the department of higher education may include in their annual budget requests an amount necessary to offset the costs incurred in complying with this section. Support may include, but need not be limited to:

(a) Assisting the local education provider in reviewing and revising curriculum;

(b) Communicating with educators, local school board members, board of cooperative services board members, charter school governing board members, school district and school administrators, parents, and members of the business community;

(c) Providing professional development for educators; and

(d) Collecting and making available a resource bank of examples of best practices in national, state, school district, school, and classroom reform efforts consistent with the intent of this part 10.

**Source:** L. 2008: Entire part added, p. 761, § 1, effective May 14. L. 2010: (2)(b) amended, (HB 10-1273), ch. 233, p. 1022, § 9, effective May 18; (3)(a) amended, (HB 10-1013), ch. 399, p. 1910, § 29, effective June 10.

**Cross references:** For the legislative declaration in the 2010 act amending subsection (2)(b), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-7-1016. Postsecondary and workforce planning, preparation, and readiness assessments - transcripts.** (1) Each local education provider shall administer the postsecondary and workforce planning, preparation, and readiness assessments adopted by the state board and the commission pursuant to section 22-7-1008 within two years of the adoption of such assessments. Upon receiving the results following administration of the postsecondary and workforce planning, preparation, and readiness assessments, the local education provider shall provide to each student a printed copy of the student's assessment results, and a teacher or counselor shall review each student's results with the student and, to the extent practicable, with the student's parent or legal guardian and determine the areas in which the student continues to need instruction in order to demonstrate postsecondary and workforce readiness prior to or upon attaining a high school diploma.

(2) Each high school student's final transcript shall describe the student's level of postsecondary and workforce readiness by:

(a) Indicating the student's level of performance in the postsecondary and workforce readiness program; and

(b) Indicating the student's level of performance on the postsecondary and workforce planning, preparation, and readiness assessments.

(3) A local education provider, at its discretion, may choose to identify demonstration of postsecondary and workforce readiness as a graduation requirement for the school district or for the school.

(4) (a) A local education provider shall not apply a student's level of performance in the postsecondary and workforce readiness program or on the postsecondary and workforce planning, preparation, and readiness assessments to prohibit the student from participating in any program operated by the local education provider through which the student may earn postsecondary or career and technical education course credits while enrolled in high school.

(b) A student who demonstrates attainment of postsecondary and workforce readiness while enrolled in any of grades nine through twelve shall be eligible to participate in a program through which the student may earn postsecondary or career and technical education course credits while enrolled in high school.

(5) (a) Beginning in the 2012-13 academic year, if a student with limited English proficiency, as defined in section 22-24-103 (4), is enrolled in eleventh or twelfth grade and the student has not demonstrated attainment of the standard for English language competency and has not demonstrated postsecondary and workforce readiness, the local education provider with which the student is enrolled shall provide to the student additional services and supports as necessary to assist the student in attaining the standard.

(b) Following receipt of the cost study report delivered March 1, 2010, pursuant to section 22-7-1018 (2) (a), the general assembly shall address the services and resources necessary for implementation of paragraph (a) of this subsection (5).

**Source:** **L. 2008:** Entire part added, p. 763, § 1, effective May 14. **L. 2010:** (5)(a) amended, (SB 10-062), ch. 168, p. 594, § 9, effective April 29; (1) and (5)(a) amended, (HB 10-1013), ch. 399, p. 1910, § 30, effective June 10.

**Editor's note:** Amendments to subsection (5)(a) by Senate Bill 10-062 and House Bill 10-1013 were harmonized.

**22-7-1017. High school diploma - endorsement - effect.** (1) (a) Following adoption by the state board, pursuant to section 22-7-1009, of the criteria for endorsing a diploma as reflecting postsecondary and workforce readiness, a local school board, a BOCES, or an institute charter high school may choose to grant a postsecondary and workforce readiness endorsement to each graduating high school student who meets the criteria.

(b) Following adoption by the state board of the criteria for endorsing a diploma as reflecting extraordinary academic achievement or exemplary demonstration by a student of

postsecondary and workforce readiness, a local school board, a BOCES, or an institute charter high school may choose to grant such an endorsement to each graduating high school student who meets the criteria.

(c) A local school board, a BOCES, or an institute charter high school may also choose to grant endorsements in specified areas of focus and achievement, following adoption of the criteria for said endorsements by the state board pursuant to section 22-7-1009.

(2) Following approval of the criteria by the commission and the governing boards of the state institutions of higher education, as provided in section 22-7-1009 (3), a student who graduates with a high school diploma that includes a postsecondary and workforce readiness endorsement shall be guaranteed:

(a) To meet minimum academic qualifications for admission to, and to be eligible, subject to additional institutional review of other admission and placement qualifications, for placement into credit-bearing courses at all open, modified open, or moderately selective public institutions of higher education in Colorado; and

(b) To receive priority consideration, in conjunction with additional admissions criteria, and to be eligible, subject to additional institutional review of other admission and placement qualifications, for placement into credit-bearing courses at all other public institutions of higher education in Colorado. The additional admissions criteria shall be determined by each institution of higher education.

**Source: L. 2008:** Entire part added. p. 764, § 1, effective May 14.

**22-7-1018. Cost study.** (1) (a) On or before September 15, 2009, the department of education, in consultation with the department of higher education, shall contract with an independent entity to conduct a study of the costs of implementing the provisions of this part 10. At a minimum, the study shall address the anticipated costs to be incurred by the department of education, the department of higher education, local education providers, and state institutions of higher education in implementing the provisions of this part 10.

(b) In selecting an independent entity to conduct the cost study, the department of education shall consult with the department of higher education and shall ensure that the selected entity has expertise in school finance and higher education finance statutes and issues in this state and nationally.

(c) At a minimum, the cost study shall address the costs associated with:

(I) Reviewing, adopting, and implementing standards and curricula to meet or exceed the newly adopted preschool through elementary and secondary education standards, including but not limited to implementing the English language competency standards and providing services and supports as required in section 22-7-1016 (5);

(II) Implementing the assessment system for the preschool through elementary and secondary education standards;

(III) Implementing the school readiness description and assessments, including creating and implementing individualized readiness plans;

(IV) Incorporating career and technical education standards into the curricula;

(V) Aligning the preschool, elementary, secondary, and postsecondary education curricula with the postsecondary and workforce readiness description and administering and reviewing the postsecondary and workforce planning, preparation, and readiness assessments;

(VI) Making changes to the postsecondary admissions processes and publications to take into account the postsecondary and workforce readiness description and the postsecondary and workforce planning, preparation, and readiness assessments; and

(VII) Reviewing, adopting, and implementing standards in educator preparation programs to incorporate the preschool through elementary and secondary education standards, the school readiness description, the system of assessments, the individualized readiness plans, the postsecondary and workforce readiness description, and the postsecondary and workforce planning, preparation, and readiness assessments.

(2) The entity selected to conduct the cost study shall submit reports to the department of education and the department of higher education in accordance with the following timeline:

(a) On or before March 1, 2010, a report of the costs pertaining to adoption and implementation of the school readiness description; the preschool through elementary and secondary education standards, including but not limited to the English language competency standards; and the postsecondary and workforce readiness description;

(b) On or before October 1, 2011, a report of the costs pertaining to implementation of the school readiness assessments, the system of assessments that is aligned with the preschool through elementary and secondary education standards, and the postsecondary and workforce planning, preparation, and readiness assessments; and

(c) On or before October 1, 2014, a report of the costs pertaining to implementation of the diploma endorsements.

(3) As soon as possible following receipt of each report specified in subsection (2) of this section, the department of education shall submit the report to the joint budget committee of the general assembly and to the education committees of the senate and the house of representatives, or any successor committees.

**Source:** **L. 2008:** Entire part added, p. 765, § 1, effective May 14. **L. 2010:** (2)(b) and (2)(c) amended, (HB 10-1013), ch. 399, p. 1911, § 31, effective June 10. **L. 2011:** (1)(c)(VII) amended, (SB 11-245), ch. 201, p. 849, § 8, effective August 10. **L. 2012:** (2)(c) amended, (HB 12-1240), ch. 258, p. 1309, § 5, effective June 4.

**Cross references:** For the legislative declaration in the 2011 act amending subsection (1)(c)(VII), see section 1 of chapter 201, Session Laws of Colorado 2011.

**22-7-1019. Preschool to postsecondary and workforce readiness - progress reports - effectiveness reports.** (1) On or before February 15, 2009, and on or before February 15 each year thereafter through 2012, the department of education shall submit to the education committees of the senate and the house of representatives, or any successor committees, a report summarizing the actions taken by the state board, the commission, and local education providers in implementing the requirements specified in this part 10. The department may include in the report recommendations, as may be necessary, for legislative changes in the time line for implementation of this part 10.

(2) On or before February 15, 2014, and on or before February 15 each year thereafter, the department of education shall submit to the education committees of the senate and the house of representatives, or any successor committees, a report concerning the results achieved through implementation of school readiness, the preschool through elementary and secondary education standards, and postsecondary and workforce readiness.

(3) (a) At a minimum, the report shall include the following information for the preceding academic year:

(I) The levels of school readiness demonstrated by students enrolled in kindergarten;

(II) The number of students enrolling in the postsecondary and workforce readiness programs and the number of students making adequate longitudinal progress through and completing the postsecondary and workforce readiness programs;

(III) The levels of postsecondary and workforce readiness demonstrated by high school students; and

(IV) Beginning with the report submitted in 2016, the number of students receiving a high school diploma that includes an endorsement, identified by type of endorsement.

(b) The department of education shall present the information in the report on a statewide basis and shall disaggregate the information by school district, school, grade level, free or reduced-cost lunch eligibility status, gender, and ethnicity, and by any other characteristic deemed by the department to be meaningful.

(4) Each local education provider shall cooperate with the department of education in providing the information necessary for the reports prepared pursuant to this section.

**Source:** **L. 2008:** Entire part added, p. 767, § 1, effective May 14. **L. 2010:** (2) amended, (HB 10-1013), ch. 399, p. 1911, § 32, effective June 10.

## PART 11

## EDUCATIONAL SUCCESS TASK FORCE

**22-7-1101. Legislative declaration.** (1) The general assembly hereby finds that:

(a) Studies indicate there are several significant transition points in a student's educational career at which it is especially important to ensure that the student is performing at grade level or higher. A student who is not performing at grade level at these points is more likely to continue to experience academic difficulties and is less likely to demonstrate postsecondary and workforce readiness when he or she graduates from high school, if the student graduates from high school at all.

(b) Data collected in the postsecondary education system shows that a student who graduates from high school and enters postsecondary education in need of remediation will take significantly longer to complete his or her degree, if the student completes a degree at all;

(c) More than fifty-two percent of the first-time, degree-seeking students who enrolled in a community college in the 2008-09 academic year required remediation in at least one subject;

(d) Data collected over time shows that, of the students enrolled in a remedial course, forty to fifty percent will not complete the course and only twenty-nine percent will ultimately earn a bachelor's degree. This leads to the conclusion that, overall, a student who places into remedial education has only a thirteen percent chance of eventually receiving a bachelor's degree.

(e) Studies show that children who receive high-quality, early-childhood education services, including full-day preschool and full-day kindergarten, achieve greater academic success in later grades, are less likely to need intervention education services during the elementary and secondary grades, and are less likely to place into remedial education upon entering postsecondary grades;

(f) If a student who is performing below expectations academically at the significant transition points in his or her educational career receives additional assistance, especially at the earlier transition points, the student is more likely to catch up to where he or she needs to be and to continue to be academically successful through high school and postsecondary education;

(g) There is a great deal of data available concerning successful strategies for identifying and remediating students at these significant transition points that, if collected and made more accessible, could assist school districts, schools, and institutions of higher education in ensuring that they identify students who need additional education services and assistance and that they provide those services at the appropriate junctures.

(2) The general assembly finds, therefore, that it is in the best interests of the state public education system and the students of the state to create a task force to review the relevant data and studies and recommend to school districts, schools, and institutions of higher education best practices and strategies for identifying and assisting students to ensure that they are successful throughout their academic careers and demonstrate postsecondary and workforce readiness when they graduate from high school. The task force shall also recommend to the general assembly, the state board of education, and the Colorado commission on higher education changes to statutes, rules, or guidelines that may strengthen the ability of school districts, schools, and institutions of higher education to identify and assist students in achieving academic success and demonstrating postsecondary and workforce readiness.

**Source: L. 2011:** Entire part added, (SB 11-111), ch. 202, p. 852, § 1, effective May 23.

**22-7-1102. Definitions.** As used in this part 11, unless the context otherwise requires:

(1) "Commission" means the Colorado commission on higher education established in section 23-1-102, C.R.S.

(2) "Individual career and academic plan" or "ICAP" means the plan described in section 22-2-136 and required pursuant to sections 22-30.5-505 (3) (f) and 22-32-109 (1) (nn) no later than ninth grade for each student enrolled in a public school in the state.

(3) "Intervention education services" means educational services and support provided to a student to accelerate the student's learning and assist the student in achieving the level of academic performance that is appropriate for his or her grade level.

(4) "Postsecondary and workforce readiness" means the level of academic achievement described by the state board and the commission pursuant to section 22-7-1008.

(5) "State board" means the state board of education created in section 1 of article IX of the state constitution.

(6) "Task force" means the educational success task force created in section 22-7-1103.

**Source: L. 2011:** Entire part added, (SB 11-111), ch. 202, p. 853, § 1, effective May 23.

**22-7-1103. Educational success task force - created - membership.** (1) There is hereby created in the department of education the educational success task force to study and review the data on intervention education services in elementary and secondary education and remedial education in postsecondary education, to recommend best practices and strategies to school districts and public schools, and to recommend statutory and regulatory changes, as it deems appropriate, to the general assembly, the state board, and the commission.

(2) (a) The state board and the commission shall jointly appoint members of the task force in such numbers as they deem appropriate. The membership of the task force shall include persons who have experience in intervention education services and remedial education as researchers, practitioners, and parents of students who have received or may receive intervention education services or remedial education. At a minimum, the state board and the commission shall appoint to the task force:

(I) Persons who are experts in one or more of the areas of early childhood education; elementary and secondary education; childhood and adolescent learning theory; curriculum development, especially with regard to intervention education services and programs and intervention strategies; and postsecondary education, especially with regard to remediation programs and strategies;

(II) Parents of students enrolled in public schools in the state, including parents who serve on the Colorado state advisory council for parent involvement in education created in section 22-7-303;

(III) Members of the early childhood leadership commission created in section 24-44.7-102, C.R.S., who have expertise in early childhood development and education;

(IV) Elementary and secondary teachers from urban and rural school districts or public schools;

(V) Representatives of urban and rural school districts;

(VI) Persons who assist students, including students with disabilities, in planning for postsecondary education, which persons may include but need not be limited to persons who specialize in programs and services for exceptional students; persons with expertise in creating and maintaining individual career and academic plans; high school counselors; representatives from precollegiate preparation programs; representatives from career and technical education programs; admissions officers for postsecondary institutions; and disability coordinators for postsecondary institutions;

(VII) Representatives of institutions of higher education, including at a minimum representatives of area vocational schools, junior colleges, two-year institutions, four-year institutions, and the research universities;

(VIII) Members of the business community; and

(IX) Representatives from bipartisan or nonpartisan nonprofit organizations that study or advocate in education issues.

(b) In addition to the members appointed pursuant to paragraph (a) of this subsection (2), the task force shall include the following legislative members:

(I) Three members from the senate, two of whom are appointed by the president of the senate and one of whom is appointed by the minority leader of the senate; and

(II) Three members from the house of representatives, two of whom are appointed by the speaker of the house of representatives and one of whom is appointed by the minority leader of the house of representatives.

(3) (a) The appointing authorities shall make the appointments to the task force no later than August 1, 2011. The nonlegislative members of the task force shall serve without compensation and without reimbursement for expenses.

(b) In appointing members of the task force, the state board and the commission may appoint individual persons to satisfy the criteria in more than one of subparagraphs (I) to (IX) of paragraph (a) of subsection (2) of this section. The members of the task force shall serve at the pleasure of their respective appointing authorities.

(c) The state board and the commission shall jointly appoint up to three members of the task force to serve as chair or co-chairs of the task force. If the state board and the commission appoint co-chairs, the persons appointed shall be representative of the various interests serving on the task force. The task force shall hold its first meeting no later than September 1, 2011, and shall subsequently meet at the call of the chair or co-chairs as often as necessary to carry out its duties.

(d) The chair or co-chairs of the task force may appoint subcommittees of the task force as necessary to complete the duties of the task force. In addition to task force members, a subcommittee may include persons selected by the chair or co-chairs but who are not appointed members of the task force.

(4) The department of education and the department of higher education may provide staff support to the task force as necessary and practicable within existing appropriations. The legislative council staff and the office of legislative legal services shall provide staff support to the task force.

**Source: L. 2011:** Entire part added, (SB 11-111), ch. 202, p. 854, § 1, effective May 23.

**22-7-1104. Educational success task force - duties - reports.** (1) In addition to any other duties specified in this part 11, the task force shall have the following duties:

(a) To identify the junctures within a student's academic career at which grade-level academic performance, or higher, is critical to a student's continued academic progress and to ensuring the student can demonstrate postsecondary and workforce readiness no later than high school graduation;

(b) To review the data and research on intervention education services and remedial education and identify best practices and strategies for identifying students in need of intervention education services, for providing intervention education services at the appropriate junctures in the elementary and secondary education levels, and for providing remedial education at the postsecondary education level. Best practices and strategies may include, but need not be limited to, recommendations regarding curriculum, methods of delivering intervention education services at the elementary and secondary education levels, professional development, and methods of delivering remedial education services in postsecondary education, including the use of diagnostic placement testing, the use of modularized, shorter-term courses, electronic delivery of course work, and tutoring;

(c) To review the use of students' individual career and academic plans and make recommendations for diagnostically using a student's assessment results in creating and maintaining the student's ICAP and for including intervention strategies, where appropriate, in a student's ICAP;

(d) To review the practice of social promotion in the public schools of the state and recommend alternative strategies for ensuring students are making sufficient academic progress to demonstrate postsecondary and workforce readiness no later than high school graduation; and

(e) To review state statutes, state board rules, and the guidelines adopted by the commission and recommend any appropriate changes to assist school districts and public schools in providing intervention education services to help ensure that students demonstrate postsecondary and workforce readiness no later than high school graduation and to assist institutions of higher education in providing remedial education.

(2) In fulfilling its duties, the task force shall work with the education leadership council created by the governor in executive order B 2010-010. The task force shall consult with the education leadership council in setting its meeting agendas, organizing its work plan, and preparing its reports. In addition to the duties specified in this section, the task force may respond to requests from the education leadership council for information, findings, and reports on topics identified by the education leadership council that are complementary to the topics specified in this section.

(3) (a) On or before July 1, 2012, the task force shall submit to the state board and the commission a first report of its findings and recommendations with regard to the critical junctures for ensuring students' academic progress, best practices and strategies for providing intervention education services and remedial education services, the use of ICAPs, and alternative strategies to social promotion. The report may also include any recommendations regarding changes to state board rules or commission guidelines. If the task force makes additional findings or recommendations following submission of the first report, it shall submit a second report to the state board and the commission prior to July 1, 2013.

(b) The state board and the commission shall ensure that the first report and the second report, if any, are published on their respective web sites and publicized to the school districts, public schools, and institutions of higher education in the state.

(4) The task force shall report its findings and recommendations for legislation to the legislative council in accordance with joint rule 24 (b) (1) (D) of the senate and the house of representatives and shall be subject to the limitations on bills specified in said joint rule. Any recommendations for legislation require the approval of a majority of the legislative members of the task force.

(5) During the 2012 regular legislative session, no later than January 31, 2012, and during the 2013 regular legislative session, no later than January 31, 2013, one or more representatives of the task force shall meet with the education committees of the house of representatives and the senate, or any successor committees, in a joint meeting to report progress in fulfilling the duties described in subsection (1) of this section.

**Source: L. 2011:** Entire part added, (SB 11-111), ch. 202, p. 856, § 1, effective May 23.

**22-7-1105. Repeal of part.** This part 11 is repealed, effective July 1, 2013. Notwithstanding the provisions of section 2-3-1203, C.R.S., the task force shall not be subject to review prior to repeal.

**Source: L. 2011:** Entire part added, (SB 11-111), ch. 202, p. 858, § 1, effective May 23.

## PART 12

### COLORADO READ ACT

**22-7-1201. Short title.** This part 12 is known and may be cited as the "Colorado Reading to Ensure Academic Development Act" or "Colorado READ Act".

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 646, § 2, effective July 1.

**22-7-1202. Legislative declaration.** (1) The general assembly finds that:

(a) All students can succeed in school if they have the foundational skills necessary for academic success. While foundational skills go beyond academic skills to include such skills as social competence and self-discipline, they must also include the ability to read, understand, interpret, and apply information.

(b) Colorado has prioritized early learning through its investments in the Colorado preschool program, established in 1988, and full-day kindergarten, and the general assem-

bly recognizes that these investments can best be leveraged by adopting policies that support a continuum of learning from preschool through third grade and beyond;

(c) It is more cost-effective to invest in effective early literacy education rather than to absorb costs for remediation in middle school, high school, and beyond;

(d) A comprehensive approach to early literacy education can improve student achievement, reduce the need for costly special education services, and produce a better educated, more skilled, and more competitive workforce;

(e) An important partnership between a parent and child begins before the child enters kindergarten, when the parent helps the child develop rich linguistic experiences, including listening comprehension and speaking, that help form the foundation for reading and writing, which are the main vehicles for content acquisition;

(f) The greatest impact for ensuring student success lies in a productive collaboration among parents, teachers, and schools in providing a child's education, so it is paramount that parents are informed about the status of their children's educational progress and that teachers and schools receive the financial resources and other resources and support they need, including valid assessments, instructional programming that is proven to be effective, and training and professional development programs, to effectively teach the science of reading, assess students' achievement, and enable each student to achieve the grade level expectations for reading; and

(g) The state recognizes that the provisions of this part 12 are not a comprehensive solution to ensuring that all students graduate from high school ready to enter the workforce or postsecondary education, but they assist local education providers in setting a solid foundation for students' academic success and will require the ongoing commitment of financial and other resources from both the state and local levels.

(2) It is therefore the intent of the general assembly that each local education provider that enrolls students in kindergarten or first, second, or third grade will work closely with the parents and teachers of these students to provide the students the instructional programming, intervention instruction, and support, at home and in school, necessary to ensure that students, by the completion of third grade, can demonstrate a level of competency in reading skills that is necessary to support them in achieving the academic standards and expectations applicable to the fourth-grade curriculum. It is further the intent of the general assembly that each local education provider adopt a policy whereby, if a student has a significant reading deficiency at the end of any school year prior to fourth grade, the student's parent and teacher and other personnel of the local education provider decide whether the student should or should not advance to the next grade level based on whether the student, despite having a significant reading deficiency, is able to maintain adequate academic progress at the next grade level.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 646, § 2, effective July 1.

**22-7-1203. Definitions.** As used in this part 12, unless the context otherwise requires:

(1) "Body of evidence" means a collection of information about a student's academic performance which, when considered in its entirety, documents the level of a student's academic performance. A body of evidence, at a minimum, shall include scores on formative or interim assessments and work that a student independently produces in a classroom, including but not limited to the school readiness assessments adopted pursuant to section 22-7-1004 (2) (a). A body of evidence may include scores on summative assessments if a local education provider decides that summative assessments are appropriate and useful in measuring students' literacy skills.

(2) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(3) "District charter school" means a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title.

(4) "Evidence based" means the instruction or item described is based on reliable, trustworthy, and valid evidence and has demonstrated a record of success in adequately

increasing students' reading competency in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension.

(5) "Institute charter school" means a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title.

(6) "Local education provider" means a school district, a board of cooperative services, a district charter school, or an institute charter school.

(7) "Master settlement agreement" means the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree approved and entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research—U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver.

(8) (a) "Parent" means a student's biological or adoptive parent, stepparent, foster parent, or legal guardian.

(b) As provided in section 2-4-102, C.R.S., the singular use of "parent" includes the plural, and local education providers shall, to the extent practicable, involve both of a student's parents, as defined in this subsection (8), in implementing the provisions of this part 12.

(9) "Per-pupil intervention moneys" means the moneys calculated and distributed to local education providers pursuant to section 22-7-1210 (5).

(10) "Reading competency" means a student meets the grade level expectations in reading adopted by the state board.

(11) "Reading to ensure academic development plan" or "READ plan" means an intervention plan created pursuant to section 22-7-1206 to remediate a student's significant reading deficiency.

(12) "Response to intervention framework" means a systemic preventive approach that addresses the academic and social-emotional needs of all students at the universal, targeted, and intensive levels. Through the response to intervention framework, a teacher provides high-quality, scientifically based or evidence-based instruction and intervention that is matched to student needs; uses a method of monitoring progress frequently to inform decisions about instruction and goals; and applies the student's response data to important educational decisions.

(13) "School district" means a school district, other than a junior college district, organized and existing pursuant to law.

(14) "Scientifically based" means that the instruction or item described is based on research that applies rigorous, systematic, and objective procedures to obtain valid knowledge that is relevant to reading development, reading instruction, and reading difficulties.

(15) "Significant reading deficiency" means that a student does not meet the minimum skill levels for reading competency in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension established by the state board pursuant to section 22-7-1209 for the student's grade level.

(16) "State board" means the state board of education created pursuant to section 1 of article IX of the state constitution.

(17) "Teacher" means the educator who is the main instructor for a class of students or an educator who provides specific literacy instruction to selected students.

**22-7-1204. Early literacy education.** Each local education provider that enrolls students in kindergarten or first, second, or third grade shall provide to the students enrolled in said grades the instructional programming and services necessary to ensure to the greatest

extent possible that students, as they progress through kindergarten, first, second, and third grade, develop the necessary reading skills to enable them to master the academic standards and expectations applicable to the fourth-grade curriculum and beyond.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 649, § 2, effective July 1.

**22-7-1205. Reading competency - assessments - READ plan creation - parental involvement.** (1) (a) Each local education provider that enrolls students in kindergarten or first, second, or third grade shall ensure that teachers measure each student's reading competency using interim reading assessments at least once during the spring semester of the 2012-13 school year and throughout the year in subsequent school years. A local education provider may also administer a summative assessment to measure students' reading competency at the conclusion of kindergarten, first, and second grades. Each local education provider shall select from the list of approved assessments adopted by rule of the state board pursuant to section 22-7-1209 (1) those assessments it shall use to measure a student's reading competency. A local education provider may choose to use other reading assessments in addition to but not in lieu of the approved assessments.

(b) If a teacher finds, based on a student's scores on the approved reading assessments, that the student may have a significant reading deficiency, the teacher shall administer to the student one or more diagnostic assessments to determine the student's specific reading skill deficiencies. Each local education provider shall select from the list of approved assessments adopted by rule of the state board pursuant to section 22-7-1209 (1) those assessments it shall use to determine a student's specific reading skill deficiencies. A local education provider may choose to use other diagnostic reading assessments in addition to but not in lieu of the approved assessments.

(c) Beginning with the 2012-13 school year, each local education provider shall annually report to the department the state-assigned student identifier for each student who is identified pursuant to this subsection (1) as having a significant reading deficiency.

(2) (a) Beginning no later than the 2013-14 school year, upon finding that a student has a significant reading deficiency, the local education provider shall ensure that the student receives a READ plan, as described in section 22-7-1206. The teacher and any other skilled school professionals the local education provider may choose to select shall, if possible, meet with the student's parent to communicate and discuss the information specified in paragraph (b) of this subsection (2) and jointly create the student's READ plan. Upon completion of the meeting or as soon as possible thereafter, the teacher or other personnel of the local education provider shall give the parent a written explanation of the information specified in paragraph (b) of this subsection (2) and a copy of the student's READ plan. To the extent practicable, the teacher and other personnel shall communicate with the parent, orally and in writing, in a language the parent understands.

(b) The teacher and the other personnel shall communicate and discuss with the parent the following information:

(I) The state's goal is for all children in Colorado to graduate from high school having attained skill levels that adequately prepare them for postsecondary studies or for the workforce, and research demonstrates that achieving reading competency by third grade is a critical milestone in achieving this goal;

(II) The nature of the student's significant reading deficiency, including a clear explanation of what the significant reading deficiency is and the basis upon which the teacher identified the significant reading deficiency;

(III) If the student enters fourth grade without achieving reading competency, he or she is significantly more likely to fall behind in all subject areas beginning in fourth grade and continuing in later grades. If the student's reading skill deficiencies are not remediated, it is likely that the student will not have the skills necessary to complete the course work required to graduate from high school.

(IV) Reading skills are critical to success in school. Under state law, the student qualifies for and the local education provider is required to provide targeted, scientifically based or evidence-based interventions to remediate the student's specific, diagnosed

reading skill deficiencies, which interventions are designed to enable the student to achieve reading competency and attain the skills necessary to achieve the state's academic achievement goals;

(V) The student's READ plan will include targeted, scientifically based or evidence-based intervention instruction to address and remediate the student's specific, diagnosed reading skill deficiencies;

(VI) The parent plays a central role in supporting the student's efforts to achieve reading competency, the parent is strongly encouraged to work with the student's teacher in implementing the READ plan, and, to supplement the intervention instruction the student receives in school, the READ plan will include strategies the parent is encouraged to use at home to support the student's reading success; and

(VII) There are serious implications to a student entering fourth grade with a significant reading deficiency and, therefore, if the student continues to have a significant reading deficiency at the end of the school year, under state law, the parent, the student's teacher, and other personnel of the local education provider are required to meet and consider retention as an intervention strategy and determine whether the student, despite having a significant reading deficiency, is able to maintain adequate academic progress at the next grade level.

(c) In addition to the information specified in paragraph (b) of this subsection (2), the teacher and the other personnel of the local education provider are encouraged to communicate and discuss information concerning resources that are available through the local education provider or through other entities within the community that may support the student in achieving reading competency.

(3) (a) If, after making documented attempts, the teacher is unable to meet with the student's parent to create the READ plan, the teacher and any other skilled school professionals the local education provider may choose to select shall create the student's READ plan and ensure that the student's parent receives the following information in a language the parent understands, if practicable:

(I) A written copy of the READ plan with a clear, written explanation of the scientifically based or evidence-based reading instructional programming and other reading-related services the student will receive under the plan and the strategies that the parent is encouraged to apply in assisting the student in achieving reading competency; and

(II) A written explanation of the information specified in paragraph (b) of subsection (2) of this section.

(b) At a parent's request, the teacher and any other skilled school professionals the local education provider may choose to select shall meet with the parent to provide a verbal explanation of the elements of the READ plan.

(4) The local education provider shall ensure that the parent of each student who has a READ plan receives ongoing, regular updates from the student's teacher, which may occur through existing methods of communication, concerning the results of the intervention instruction described in the plan and the student's progress in achieving reading competency. The student's teacher is encouraged to communicate with the parent concerning the parent's progress in implementing the home reading strategies identified in the student's READ plan. To the extent practicable, the teacher shall communicate with the parent in a language the parent understands.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 650, § 2, effective July 1.

**22-7-1206. Reading to ensure academic development plan - contents - implementation.** (1) (a) A teacher, and other skilled school professionals that the local education provider may choose to select, shall create a READ plan for each student who has a significant reading deficiency. The teacher and any other personnel shall create the plan in collaboration with the student's parent, if possible, and as soon as possible after the student's significant reading deficiency is identified. The student, the student's teacher, and the student's parent shall continue implementing the student's READ plan until the student demonstrates reading competency. The student's teacher shall review the student's READ

plan at least annually and update or revise the READ plan as appropriate to facilitate the student's progress in demonstrating reading competency.

(b) Each local education provider shall ensure that a student's current READ plan, any earlier versions of the READ plan, and any supporting documentation for the plan and the body of evidence that demonstrates a student's progress in implementing the plan are included in the student's permanent academic record and are transferred if the student subsequently enrolls in another school.

(2) (a) If a student's reading skills are below grade level expectations, as adopted by the state board, but the student does not have a significant reading deficiency, the local education provider shall ensure that the student receives appropriate interventions through the response to intervention framework or a comparable intervention system implemented by the local education provider.

(b) If a student has a significant reading deficiency, the student's READ plan shall include the intervention instruction that the local education provider provides through the response to intervention framework or a comparable intervention system implemented by the local education provider.

(3) Notwithstanding any provision of this part 12 to the contrary, if a student is identified as having a disability that impacts the student's progress in developing reading skills, the local education provider shall, as appropriate, integrate into the student's individualized education program created pursuant to section 22-20-108 intervention instruction and strategies to address the student's reading issues in lieu of a READ plan.

(4) If a student enrolled in kindergarten is identified as having a significant reading deficiency, the local education provider shall create the student's READ plan as a component of the student's individualized readiness plan created pursuant to section 22-7-1014.

(5) Each READ plan shall include, at a minimum:

(a) The student's specific, diagnosed reading skill deficiencies that need to be remediated in order for the student to attain reading competency;

(b) The goals and benchmarks for the student's growth in attaining reading competency;

(c) The type of additional instructional services and interventions the student will receive in reading;

(d) The scientifically based or evidence-based reading instructional programming the teacher will use to provide to the student daily reading approaches, strategies, interventions, and instruction, which programs at a minimum shall address the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension. The local education provider may choose to select the programs from among those included on the advisory list prepared by the department pursuant to section 22-7-1209;

(e) The manner in which the local education provider will monitor and evaluate the student's progress;

(f) The strategies the student's parent is encouraged to use in assisting the student to achieve reading competency that are designed to supplement the programming described in paragraph (d) of this subsection (5); and

(g) Any additional services the teacher deems available and appropriate to accelerate the student's reading skill development.

(6) Each local education provider shall ensure that a teacher continues to revise and implement a student's READ plan until the student attains reading competency, regardless of the student's grade level and regardless of whether the student was enrolled with the local education provider when the READ plan was originally created or the student transferred enrollment to the local education provider after the READ plan was created.

(7) (a) If a student is identified as having a significant reading deficiency for a second or subsequent consecutive school year, the local education provider shall ensure that, in the second or subsequent consecutive school year:

(I) The student's teacher revises the student's READ plan to include additional, more rigorous strategies and intervention instruction to assist the student in attaining reading competency, including increased daily time in school for reading instruction;

(II) The principal of the school in which the student is enrolled ensures that the student receives reading instruction in conjunction with and supported through the other subjects in which the student receives instruction during the school day; and

(III) If practicable, the student receives reading instruction from a teacher who is identified as effective or highly effective in his or her most recent performance evaluation and has expertise in teaching reading.

(b) In addition, with the approval of the student's parent, the local education provider may provide to the student mental health support from the school psychologist, school social worker, or school counselor.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 652, § 2, effective July 1.

**22-7-1207. Advancement - decision - parental involvement.** (1) Beginning no later than the 2013-14 school year, if, within forty-five days before the end of any school year prior to a student's fourth-grade year, a teacher finds that a student has a significant reading deficiency, personnel of the local education provider shall provide to the student's parent the written notice described in subsection (2) of this section; except that the provisions of this section shall not apply if:

(a) The student is a student with a disability who is eligible to take the alternative statewide assessment, or the student is identified as having a disability that substantially impacts the student's progress in developing reading skills, resulting in the student's significant reading deficiency;

(b) The student is a student with limited English proficiency, as defined in section 22-24-103, and the student's significant reading deficiency is due primarily to the student's language skills; or

(c) The student is completing the second school year at the same grade level.

(2) The written notice that the personnel provides to a parent pursuant to subsection (1) of this section at a minimum shall state that:

(a) There are serious implications to a student entering fourth grade with a significant reading deficiency and, therefore, under state law, the parent, the student's teacher, and other personnel of the local education provider are required to meet and consider retention as an intervention strategy and determine whether the student, despite having a significant reading deficiency, is able to maintain adequate academic progress at the next grade level;

(b) Personnel of the student's school will work with the parent to schedule a date, time, and place for the meeting; and

(c) If the parent does not attend the meeting, the teacher and personnel of the local education provider will decide whether the student will advance to the next grade level in the next school year.

(3) After sending the written notice, personnel of the student's school shall contact the parent to schedule the meeting to decide whether the student will advance to the next grade level. If, after making documented attempts to schedule the meeting with the parent, personnel of the student's school are unable to schedule the meeting, or if the parent does not attend the scheduled meeting, the teacher and personnel selected by the local education provider shall decide, based on the student's body of evidence, whether the student will advance to the next grade level for the next school year.

(4) (a) At the meeting required by this section, the teacher and any other personnel selected by the local education provider shall, at a minimum, communicate to and discuss with the parent the following information:

(I) That there are serious implications to a student entering fourth grade with a significant reading deficiency and, therefore, under state law, the parent, the student's teacher, and other personnel of the local education provider are required to meet and consider retention as an intervention strategy and determine whether the student, despite having a significant reading deficiency, is able to maintain adequate academic progress at the next grade level;

(II) The importance of achieving reading competency by the end of third grade, because students who achieve reading competency by the end of third grade are more likely to graduate from high school and attain a postsecondary credential;

(III) The student's body of evidence and the likelihood that the student, despite having a significant reading deficiency, will be able to maintain adequate academic progress at the next grade level;

(IV) The increased level of intervention instruction the student will receive in the next school year regardless of whether the student advances to the next grade level; and

(V) The potential effects on the student if he or she does not advance to the next grade level.

(b) After discussing the issues specified in paragraph (a) of this subsection (4), the parent, the teacher, and the other personnel shall decide whether the student will advance to the next grade level in the next school year. If the parent, teacher, and other personnel are not in agreement, the parent shall decide whether the student will advance to the next grade level unless otherwise specified in the policy adopted by the local education provider.

(5) As soon as possible after the decision is made pursuant to subsection (3) of this section or at the conclusion of the meeting described in subsection (4) of this section, the personnel of the local education provider shall provide to the parent a written statement that the student will or will not advance to the next grade level in the next school year and the basis for the decision. The personnel shall also provide a copy of the statement to the school district superintendent, if the student is enrolled in a public school of a school district that is not a charter school, or to the school principal, if the student is enrolled in a district charter school, an institute charter school, or a public school operated by a board of cooperative services. The local education provider shall include the statement in the student's permanent academic record and shall remove the statement from the student's permanent academic record when the student achieves reading competency.

(6) Notwithstanding any provision of paragraph (b) of subsection (4) of this section to the contrary, beginning with the 2016-17 school year, if a student is completing third grade and the student's teacher and other personnel decide pursuant to subsection (3) of this section or the student's parent decides pursuant to subsection (4) of this section that the student will advance to fourth grade even though the student has a significant reading deficiency, the decision to advance the student is subject to approval of the school district superintendent or the superintendent's designee, if the student is enrolled in a public school of a school district that is not a charter school, or subject to approval of the school principal, if the student is enrolled in a district charter school, an institute charter school, or a public school operated by a board of cooperative services. If the superintendent, or his or her designee, or the principal, whichever is applicable, does not approve the decision to advance the student, the student shall not advance to fourth grade in the next school year. As soon as possible, the local education provider shall provide a written statement to the parent concerning the decision of the superintendent or designee or the principal and the basis for the decision. The local education provider shall include the statement in the student's permanent academic record and shall remove the statement from the student's permanent academic record when the student achieves reading competency.

(7) Each local education provider shall ensure that, to the extent practicable, all of the oral and written communications to a parent that are required in this section are delivered in a language the parent understands.

(8) The provisions of this section specify the circumstances under which a local education provider, in collaboration with a student's teacher and parent, is required to decide whether a student who has a significant reading deficiency should advance to the next grade level. The provisions of this part 12 do not limit the ability of a local education provider to decide, in accordance with policies and procedures of the local education provider, that a student at any grade level should not advance to the next grade level for any reason deemed sufficient by the local education provider.

**22-7-1208. Local education providers - procedures.** (1) Each local education provider shall adopt the procedures necessary to comply with the requirements specified in this part 12. In adopting procedures, a local education provider shall comply with and may exceed the requirements of this part 12. Procedures may include, but need not be limited to, procedures for:

- (a) Creating a READ plan and the contents of a READ plan;
- (b) Effectively communicating with parents concerning the creation, contents, and implementation of READ plans; and
- (c) Determining whether a student who has a significant reading deficiency will advance to the next grade level.

(2) A local education provider is not required to start a READ plan or convert an individual literacy plan to a READ plan for a student who is enrolled in fourth grade or higher as of the 2013-14 school year.

(3) Each local education provider is encouraged to report to the department the strategies and intervention instruction that the local education provider finds effective in assisting students to attain reading competency and to provide copies of effective materials to the department to assist the department in sharing with local education providers best practices in assisting students to attain reading competency.

(4) Local education providers are encouraged to provide parents opportunities to participate in parent reading workshops throughout the school year to assist parents in developing their own reading skills and in developing the skills necessary to assist their children in reading.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 657, § 2, effective July 1.

**22-7-1209. State board - rules - department - duties.** (1) The state board shall promulgate rules in accordance with the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., as necessary to implement the provisions of this part 12, which rules shall include, but need not be limited to:

(a) The minimum reading competency skill levels in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension for kindergarten and first, second, and third grades. The state board shall base the minimum skill levels for second and third grades primarily on scores attained on the assessments approved by the state board pursuant to paragraph (b) of this subsection (1). The state board shall describe the minimum skill levels for students as they complete kindergarten and first grade using matrices of appropriate indicators, which indicators may include measures of students’ social and emotional development, physical development, language and comprehension development, and cognition and general knowledge. The state board shall adopt the rules described in this paragraph (a) by March 31, 2013.

(b) The list of approved reading assessments, based on the recommendations of the department, that local education providers may use to meet the requirements specified in section 22-7-1205. The state board shall adopt the list of approved reading assessments by March 31, 2013.

(c) Rules for approving one or more independent third-party evaluators to review reading assessments for inclusion on the approved list of assessments and to review instructional programming and professional development programs for inclusion on the advisory lists created by the department pursuant to subsections (2) and (3) of this section;

(d) Rules to provide notice and an appeals process, which may be a process for written appeals, for publishers who submit materials for inclusion on the list of approved assessments and the advisory lists of instructional programming and professional development programs;

(e) The time frames and procedures for reporting information concerning students’ reading skills as described in section 22-7-1213; and

(f) Rules for implementing the early literacy grant program pursuant to section 22-7-1211.

(2) (a) (I) Using the procedure developed pursuant to subsection (3) of this section, the department shall review and recommend to the state board reading assessments, including interim, summative, and diagnostic assessments, for kindergarten and first, second, and third grades that, at a minimum, meet the criteria specified in subparagraph (II) of this paragraph (a). Following action by the state board to approve reading assessments pursuant to paragraph (b) of subsection (1) of this section, the department shall create a list of the approved reading assessments for kindergarten and first, second, and third grades for use by local education providers.

(II) The department shall ensure that:

(A) Each of the recommended reading assessments is scientifically based; except that the department may recommend and the state board may, until July 1, 2016, include on the approved list of assessments any reading assessment approved by the state board prior to July 1, 2012, regardless of whether it is scientifically based;

(B) Each of the recommended reading assessments is valid and reliable and proven to effectively and accurately measure students' reading skills in the areas of phonemic awareness; phonics; vocabulary development; reading fluency, including oral skills; and reading comprehension;

(C) Each of the recommended reading diagnostics is proven to accurately identify students' specific reading skill deficiencies; and

(D) At least one of the recommended reading assessments for kindergarten and first, second, and third grades is normed for the performance of students who speak Spanish as their native language, which assessment is available in both English and Spanish.

(b) Using the procedure developed pursuant to subsection (3) of this section, the department shall create an advisory list of scientifically based or evidence-based instructional programming in reading that local education providers are encouraged to use. The advisory list shall include only programming that, at a minimum:

(I) Has been proven to accelerate student progress in attaining reading competency;

(II) Provides explicit and systematic skill development in the areas of phonemic awareness; phonics; vocabulary development; reading fluency, including oral skills; and reading comprehension;

(III) Includes scientifically based and reliable assessments;

(IV) Provides initial and ongoing analysis of the student's progress in attaining reading competency; and

(V) Includes texts on core academic content to assist the student in maintaining or meeting grade-appropriate proficiency levels in academic subjects in addition to reading.

(c) Using the procedure developed pursuant to subsection (3) of this section, the department shall create an advisory list of professional development programs that are related to addressing significant reading deficiencies and to applying intervention instruction and strategies, in addition to programs related to teaching general literacy, that local education providers are encouraged to use.

(d) The department shall make the approved list of assessments available on the department web site on or before April 1, 2013, and the advisory lists of instructional programming and professional development programs available on the department web site on or before July 1, 2013. The department is not required to provide copies of any reading assessments, instructional programming, or professional development programs that are included on the lists. If the department does provide copies of any materials that it acquires by purchase of a license for use by local education providers, said materials may be used only in accordance with the license.

(e) Each local education provider shall select from the list of approved reading assessments those reading assessments that it will administer to students in kindergarten and first, second, and third grades. Each local education provider is encouraged to use the instructional programming in reading and professional development programs included on the advisory lists. The department and each local education provider, in using the assessments, instructional programming in reading, and professional development programs that are included on the lists shall comply with the federal copyright laws, 17 U.S.C. sec. 101 et seq.

(3) The department shall develop and implement a procedure for identifying the reading assessments it recommends to the state board for the approved list of reading assessments described in paragraph (a) of subsection (2) of this section and for creating the advisory lists of instructional programming and professional development programs described in paragraphs (b) and (c) of subsection (2) of this section. At a minimum, the procedure shall include:

(a) Periodically soliciting through public notice, accepting, and promptly reviewing assessments, instructional programming, and professional development programs from each local education provider and from publishers;

(b) Evaluating the assessments, instructional programming, and professional development programs that the department identifies or receives, which evaluation is based on the criteria specified in subsection (2) of this section and any additional criteria the state board may adopt by rule. The department may contract with an independent, third-party evaluator approved by the state board to evaluate the materials. The department shall recommend to the state board the reading assessments that meet the requirements specified in paragraph (a) of subsection (2) of this section.

(c) Periodically reviewing the list of approved assessments and the advisory lists to update the lists and add additional items, when appropriate; and

(d) Publishing on the department's web site the initial and updated approved list of reading assessments and advisory lists of instructional programming and professional development programs.

(4) The department shall specify the information that local education providers shall submit pursuant to section 22-7-1213 and shall analyze the information as necessary to make the determinations specified in section 22-7-1213. If another rule or statute requires local education providers to submit any portion of the specified information, the department shall not require local education providers to resubmit the information, but shall apply the information received pursuant to the other rule or statute in preparing the analysis required in section 22-7-1213.

(5) The department shall make available to local education providers any information and materials it receives pursuant to section 22-7-1208 (3) concerning strategies and intervention instruction that local education providers find effective in assisting students to achieve reading competency, including copies of any effective materials that the department receives.

(6) The department, upon request, may provide technical assistance to a local education provider in implementing the provisions of this part 12.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 658, § 2, effective July 1.

**22-7-1210. Early literacy fund - created - repeal.** (1) The early literacy fund is hereby created in the state treasury and is referred to in this section as the "fund". The fund shall consist of:

(a) Any moneys remaining in the read-to-achieve cash fund as of June 30, 2012;

(b) Moneys transferred to the fund pursuant to subsection (3) of this section;

(c) Moneys transferred to the fund pursuant to section 22-41-102 (3) (c); and

(d) Any other moneys that the general assembly may appropriate or transfer to the fund.

(2) The state treasurer may invest any moneys in the fund not expended for the purposes specified in subsection (4) of this section as provided by law. The state treasurer shall credit all interest and income derived from the investment and deposit of moneys in the fund to the fund. Any amount remaining in the fund at the end of any fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or to any other fund.

(3) Except as otherwise provided in section 24-75-1104.5 (1) (h) and (5), C.R.S., beginning with the 2012-13 fiscal year, and for each fiscal year thereafter so long as the state receives moneys pursuant to the master settlement agreement, the state treasurer shall annually transfer to the fund five percent of the amount of moneys received by the state in accordance with the master settlement agreement, other than attorney fees and costs, for the

preceding fiscal year; except that the amount so transferred to the fund in any fiscal year shall not exceed eight million dollars. The state treasurer shall transfer the amount specified in this subsection (3) from moneys credited to the tobacco litigation settlement cash fund created in section 24-22-115, C.R.S.

(4) The moneys in the fund are subject to annual appropriation by the general assembly to the department. The department shall annually expend the moneys in the fund as follows:

(a) (I) For the 2012-13 budget year:

(A) The department shall use the moneys in the fund to pay the grants that were awarded from the read-to-achieve cash fund pursuant to part 9 of this article as it existed prior to July 1, 2012, and are not fully distributed as of June 30, 2012; except that any portion of any of said grants that the grantee is required to use in payment for department consultants is rescinded, effective July 1, 2012; and

(B) The department may use any amount remaining after the payments described in sub-paragraph (A) of this subparagraph (I) to provide literacy support on a regional basis to local education providers to assist them in implementing the requirements of this part 12.

(II) This paragraph (a) is repealed, effective July 1, 2013.

(b) Beginning in the 2013-14 budget year and for budget years thereafter:

(I) The department shall use one million dollars to provide literacy support in the form of professional development delivered by experts in literacy on a regional basis to local education providers to assist them in implementing the requirements of this part 12;

(II) The department shall use four million dollars for grants awarded through the early literacy grant program created in section 22-7-1211;

(III) The department may use up to one percent of the moneys annually appropriated from the fund to offset the costs of administering this part 12; and

(IV) The department shall allocate the remaining moneys annually credited to the fund to the local education providers as per-pupil intervention moneys calculated pursuant to subsection (5) of this section.

(5) (a) (I) The department shall allocate the per-pupil intervention moneys to the local education providers as required in subparagraph (IV) of paragraph (b) of subsection (4) of this section by first dividing the amount of moneys available by the total number of students enrolled in kindergarten and first, second, and third grades in public schools in the state who were identified as having significant reading deficiencies and received instructional services pursuant to READ plans in the budget year preceding the year in which the moneys are allocated. The department shall then allocate to each local education provider an amount equal to said per-pupil amount multiplied by the number of students enrolled in kindergarten and first, second, and third grades in public schools operated by the local education provider who were identified as having significant reading deficiencies and received instructional services pursuant to READ plans in the budget year preceding the year in which the moneys are allocated.

(II) (A) Notwithstanding the provisions of subparagraph (I) of this paragraph (a), for the 2013-14 budget year, the department shall allocate the per-pupil intervention moneys to the local education providers as required in subparagraph (IV) of paragraph (b) of subsection (4) of this section by first dividing the amount of moneys available by the total number of students enrolled in kindergarten and first, second, and third grades in public schools in the state who are identified as having significant reading deficiencies in the 2012-13 budget year. The department shall then allocate to each local education provider an amount equal to said per-pupil amount multiplied by the number of students enrolled in kindergarten and first, second, and third grades in public schools operated by the local education provider who are identified as having significant reading deficiencies in the 2012-13 budget year.

(B) This subparagraph (II) is repealed, effective July 1, 2014.

(b) A local education provider may use the per-pupil intervention moneys only as follows:

(I) To provide full-day kindergarten services to students enrolled in one or more of the public schools operated by the local education provider;

(II) To operate a summer school literacy program as described in section 22-7-1212;

(III) To purchase tutoring services in reading for students with significant reading deficiencies; or

(IV) To provide other targeted, scientifically based or evidence-based intervention services to students with significant reading deficiencies, which services are approved by the department.

(c) Each budget year, prior to receiving per-pupil intervention moneys, each local education provider shall submit to the department, for informational purposes, an explanation of the manner in which it will use the moneys in the coming budget year and the number of students for which the local education provider may receive per-pupil intervention moneys. If the local education provider intends to provide a service described in subparagraph (IV) of paragraph (b) of this subsection (5), the department shall review the service and provide the per-pupil intervention moneys for the service only if the service meets the requirements specified in said subparagraph (IV).

(d) In using the per-pupil intervention moneys allocated pursuant to this subsection (5), each local education provider shall ensure that some type of intervention, as described in paragraph (b) of this subsection (5), is available to each student who is identified as having a significant reading deficiency and who is enrolled in kindergarten or first, second, or third grade in a school operated by the local education provider.

**22-7-1211. Early literacy grant program - created.** (1) There is hereby created in the department the early literacy grant program to provide moneys to local education providers to implement literacy support and intervention instruction programs, including but not limited to related professional development programs, to assist students in kindergarten and first, second, and third grades to achieve reading competency. The state board by rule shall establish the application timelines and the information to be included in each grant application. A local education provider may apply individually or as part of a group of local education providers. A rural school district that is a member of a board of cooperative services may seek assistance in writing the grant application from the board of cooperative services.

(2) The department shall review each grant application received and recommend to the state board whether to award the grant and the duration and amount of each grant. In making recommendations, the department shall consider the following factors:

(a) The percentage of kindergarten and first-, second-, and third-grade students enrolled by the applying local education provider or group of local education providers who have significant reading deficiencies;

(b) The instructional program that the applying local education provider or group of local education providers plans to implement using the grant moneys and whether it is an evidence-based program that is proven to be successful in other public schools in the country;

(c) The cost of the instructional program that the applying local education provider or group of local education providers plans to implement using the grant moneys; and

(d) Any additional factors the state board may require by rule.

(3) Based on the recommendations of the department, the state board shall award grants to applying local education providers or groups of local education providers, which grants are paid from moneys in the early literacy fund created in section 22-7-1210.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 664, § 2, effective July 1.

**22-7-1212. Summer school literacy programs.** (1) A local education provider may choose to use per-pupil intervention moneys to provide an evidence-based summer school literacy program to assist students who are enrolled in kindergarten or first, second, or third grade and who have significant reading deficiencies to achieve reading competency. A local

education provider may allow students who are below grade level expectations in reading, but who do not have significant reading deficiencies, to participate in a summer school literacy program operated pursuant to this section if capacity remains after serving all of the students with significant reading deficiencies who choose to participate.

(2) A local education provider that intends to use per-pupil intervention moneys to operate a summer school literacy program shall annually provide to the department information concerning the summer school literacy program the local education provider intends to operate. The local education provider shall ensure that the program:

(a) Serves only students enrolled in kindergarten or first, second, or third grade who have significant reading deficiencies, except as specifically allowed in subsection (1) of this section for students who are below grade level expectations in reading; and

(b) Uses scientifically based or evidence-based instructional programming in reading that:

(I) Has been proven to accelerate student progress in attaining reading competency;

(II) Provides explicit and systematic skill development in the areas of phonemic awareness; phonics; vocabulary development; reading fluency, including oral skills; and reading comprehension;

(III) Includes scientifically based and reliable assessments; and

(IV) Provides initial and ongoing analysis of the student's progress in attaining reading competency.

**Source: L. 2012:** Entire part added, (HB 12-1238), ch. 180, p. 665, § 2, effective July 1.

**22-7-1213. Reporting requirements.** (1) Each local education provider shall annually report to the department information necessary to determine:

(a) The prevalence of significant reading deficiencies among students in kindergarten and first through third grades;

(b) Whether students who have significant reading deficiencies and who advance to the next grade level attain reading competency and, if so, at what grade level;

(c) Whether students who have significant reading deficiencies and who do not advance to the next grade level attain reading competency within the school year during which they do not advance;

(d) Whether students who have significant reading deficiencies and who do not advance to the next grade level attain reading competency at a lower grade level than students who do advance; and

(e) Whether students who have significant reading deficiencies continue to advance to the next grade level despite having a continuing significant reading deficiency and the degree to which local education providers are recommending that said students do not advance.

(2) Each local education provider that receives an early literacy grant pursuant to section 22-7-1211 or per-pupil intervention moneys shall, at the conclusion of each budget year in which it receives the grant or per-pupil intervention moneys, submit to the department information describing:

(a) The instructional programs, full-day kindergarten program, summer school literacy program, tutoring services, or other intervention services for which the local education provider used the grant or per-pupil intervention moneys;

(b) The number and grade levels of students who participated in each of the types of programs or services provided; and

(c) The progress made by participating students in achieving reading competency.

(3) (a) The department shall annually analyze the information received pursuant to subsection (1) of this section and make the determinations described in subsection (1) of this section.

(b) The department shall annually submit to the state board, the governor, the president of the senate, the speaker of the house of representatives, and the education committees of the house of representatives and the senate, or any successor committees, and shall post on the department web site a report that summarizes:

- (I) The information received pursuant to subsection (1) of this section and the determinations made by the department based on the information;
  - (II) The implementation of the early literacy grant program in the preceding budget year, including the number of grants, the local education providers that received grants, and the amount of each grant; and
  - (III) The information received by the department pursuant to subsection (2) of this section.
- (c) The department may provide the report described in paragraph (b) of this subsection (3) to committees of the general assembly in conjunction with the report required in section 2-7-203, C.R.S.
- (4) The information provided in the report described in this section is intended to assist the department, the state board, the governor, the general assembly, and the public in monitoring the implementation of and identifying the results achieved in implementing this part 12.

**22-9-101. Short title.** This article shall be known and may be cited as the “Licensed Personnel Performance Evaluation Act”.

**Source: L. 84:** Entire article added, p. 585, § 1, effective May 14. **L. 2000:** Entire section amended, p. 1849, § 41, effective August 2.

**22-9-102. Legislative declaration.** (1) The general assembly hereby declares that:  
(a) A system to evaluate the effectiveness of licensed personnel is crucial to improving the quality of education in this state and declares that such a system shall be applicable to

all licensed personnel in the school districts and boards of cooperative services throughout the state; and

(b) The purposes of the evaluation shall be to:

- (I) Serve as a basis for the improvement of instruction;
- (II) Enhance the implementation of programs of curriculum;
- (III) Serve as a measurement of the professional growth and development of licensed personnel;
- (IV) Evaluate the level of performance based on the effectiveness of licensed personnel; and
- (V) Provide a basis for making decisions in the areas of hiring, compensation, promotion, assignment, professional development, earning and retaining nonprobationary status, dismissal, and nonrenewal of contract.

(2) The general assembly further declares that a professionally sound and credible system to evaluate the effectiveness of licensed personnel shall be designed with the involvement of licensed personnel and citizens of the school district or board of cooperative services.

(3) The general assembly further declares that the involvement and support of parents of children in public schools, acting as partners with teachers and public school administrators, are key to the educational progress of their children.

**Source:** **L. 84:** Entire article added, p. 585, § 1, effective May 14. **L. 92:** Entire section amended, p. 471, § 2, effective April 29. **L. 2000:** Entire section amended, p. 1849, § 42, effective August 2. **L. 2010:** Entire section amended, (SB 10-191), ch. 241, p. 1053, § 1, effective May 20.

**22-9-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Board of cooperative services" shall have the same meaning as provided in section 22-5-103 (2).

(1.1) "Council" means the state council for educator effectiveness established pursuant to section 22-9-105.5.

(1.4) "Department" means the department of education created pursuant to section 24-1-115, C.R.S.

(1.5) "Licensed personnel" means any persons employed to instruct students or to administer, direct, or supervise the instructional program in a school in the state who hold a valid license or authorization pursuant to the provisions of article 60.5 of this title.

(2) "Local board of education" or "local board" means the board of education of the school district.

(2.5) "Performance standards" means the levels of effectiveness established by rule of the state board pursuant to section 22-9-105.5 (10).

(2.6) "Principal" means a person who is employed as the chief executive officer or an assistant chief executive officer of a school in the state and who administers, directs, or supervises the education program in the school.

(2.7) "Principal development plan" means a written agreement developed by a principal and district administration that outlines the steps to be taken to improve the principal's effectiveness. The principal development plan shall include professional development opportunities.

(2.9) "Quality standards" means the elements and criteria established to measure effectiveness as established by rule of the state board pursuant to section 22-9-105.5 (10).

(3) "School district" means any school district organized and existing pursuant to law but does not include a junior college district.

(4) "State board" means the state board of education established by section 1 of article IX of the state constitution.

(5) "Teacher" means a person who holds an alternative, initial, or professional teacher license issued pursuant to the provisions of article 60.5 of this title and who is employed by a school district or a charter school in the state to instruct, direct, or supervise an education program.

(6) “Teacher development plan” means a written agreement mutually developed by a teacher and his or her principal that outlines the steps to be taken to improve the teacher’s effectiveness. The teacher development plan may include but need not be limited to consideration of induction and mentorship programs, use of highly effective teachers as instructional leaders or coaches, and appropriate professional development activities.

**Source:** **L. 84:** Entire article added, p. 585, § 1, effective May 14. **L. 92:** (1) amended and (1.5) added, p. 471, § 3, effective April 29. **L. 2000:** (1.5) amended, p. 1849, § 43, effective August 2. **L. 2010:** (1.1), (1.4), (2.5), (2.6), (2.7), (2.9), (5), and (6) added, (SB 10-191), ch. 241, p. 1054, § 2, effective May 20.

**Editor’s note:** Subsections (2.7), (2.9), (5), and (6) were numbered as subsections (3.5), (2.7), (6), and (5), respectively, but were renumbered on revision to place the definitions in alphabetical order.

**22-9-104. State board - powers and duties - rules.** (1) The state board shall promulgate guidelines relating to the planning, development, implementation, and assessment of a licensed personnel performance evaluation system that may be followed by each school district and board of cooperative services within the state. In promulgating said guidelines, the state board shall allow each school district and board of cooperative services to involve and consult with the licensed personnel and citizens of the school district or districts. Each school district and board of cooperative services shall have the flexibility needed to develop a system of personnel performance evaluation that is specifically designed to meet the individual needs of that school district and board of cooperative services.

(2) The state board shall:

(a) Provide training and leadership and give technical assistance to school districts and boards of cooperative services in the development of a licensed personnel performance evaluation system;

(b) Work and cooperate with the state’s universities and colleges that have teacher, principal, or administrator education programs to assure that principals and administrators having evaluation responsibilities will receive adequate education and training that meets the requirements specified in section 22-9-108 and will enable them to make thorough, credible, fair, and professional quality evaluations of all licensed personnel whom those principals or administrators may be responsible for evaluating;

(c) Pursuant to section 22-9-105.5, work with the council to promulgate rules concerning the planning, development, implementation, and assessment of a system to evaluate the effectiveness of licensed personnel;

(d) Review school district and board of cooperative services processes and procedures for licensed personnel performance evaluation systems to assure that such systems are professionally sound; will result in a fair, adequate, and credible evaluation; and will satisfy quality standards in a manner that is appropriate to the size, demographics, and location of the school district or board of cooperative services, and that is consistent with the purposes of this article; and

(e) (Deleted by amendment, L. 2009, (SB 09-163), ch. 293, p. 1532, § 17, effective May 21, 2009.)

(f) (I) On or before September 1, 2011, the state board, pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., shall promulgate rules with regard to the issues specified in section 22-9-105.5 (10) using the recommendations from the council. If the council fails to make recommendations to the state board by March 1, 2011, with regard to one or more of the issues specified in section 22-9-105.5 (10), the state board, on or before September 1, 2011, shall promulgate rules concerning any issues in section 22-9-105.5 (10) that the council did not address. In promulgating rules pursuant to this paragraph (f), the state board shall conform to the timeline set forth in section 22-9-105.5.

(II) On or before February 15, 2012, the general assembly shall review the rules promulgated pursuant to subparagraph (I) of this paragraph (f), in a bill that is separate from the annual rule review bill introduced pursuant to section 24-4-103 (8) (d), C.R.S., and in

accordance with the criteria and procedures specified in section 24-4-103 (8) (a) and (8) (d), C.R.S.; except that the general assembly reserves the right to repeal individual rules in the rules promulgated by the state board. If one or more rules are not approved by the general assembly pursuant to this subparagraph (II), the state board shall promulgate emergency rules pursuant to section 24-4-103 (6), C.R.S., on such issue or issues and resubmit to the general assembly on or before May 1, 2012. The general assembly shall review the emergency rules promulgated according to the process outlined in this subparagraph (II).

### ANNOTATION

**Independent private cause of action not created by this act since this section provides a remedy to redress a statutory violation of**

**this section.** *Axtell v. Park Sch. Dist.* R-3, 962 P.2d 319 (Colo. App. 1998).

### **22-9-105. State licensed personnel performance evaluation council created - duties. (Repealed)**

**Source:** **L. 84:** Entire article added, p. 586, § 1, effective May 14. **L. 86:** (3) amended and (4) added, p. 411, § 16, effective March 26. **L. 90:** (3)(a)(II), (3)(b), and (4) repealed, p. 1099, § 64, effective May 31. **L. 92:** (3)(a)(I) amended, p. 472, § 5, effective April 29. **L. 2000:** (1), (2), and (3)(a)(I) amended, p. 1850, § 45, effective August 2. **L. 2010:** Entire section repealed, (SB 10-191), ch. 241, p. 1056, § 4, effective May 20.

### **22-9-105.5. State council for educator effectiveness - legislative declaration - membership - duties - recommendations - rules.** (1) The general assembly hereby finds and declares that:

(a) On January 13, 2010, the governor established by executive order the governor's council for educator effectiveness;

(b) The executive order charged the council with, among other duties, considering options and providing recommendations concerning educator effectiveness and developing recommendations for definitions of principal and teacher effectiveness; and

(c) The general assembly further finds and declares that it is in the best interests of the people of the state of Colorado to codify in statute the governor's council for educator effectiveness because of the significant additional statutory duties and responsibilities that the general assembly is assigning to said council.

(2) (a) There is hereby created in the office of the governor the state council for educator effectiveness, referred to in this article as the "council".

(b) The members of the governor's council for educator effectiveness, created by executive order B 2010-001, shall serve on the council, as appointed by the governor, and shall include:

(I) The commissioner of education, or his or her designee;

(II) The executive director of the department of higher education, or his or her designee;

(III) Four teachers, selected with the advice of state associations that represent educators;

(IV) Two public school administrators and one local school district superintendent, each selected with the advice of a state association that represents school executives;

(V) Two members of local school boards, selected with the advice of a state association that represents school boards;

(VI) One charter school administrator or teacher, selected with the advice of a state advocacy group for charter schools;

(VII) One parent of a public school student, selected with the advice of a state parent and teachers association;

(VIII) A current student or recent graduate of a Colorado public school, selected with the advice of a statewide student coalition; and

(IX) One at-large member with expertise in education policy.

(c) The purpose of the council shall be the same as that of the governor's council for educator effectiveness established by executive order, and shall be to consider options and make recommendations to the state board and the general assembly that seek to ensure that all licensed personnel are:

(I) Evaluated using multiple fair, transparent, timely, rigorous, and valid methods, at least fifty percent of which evaluation is determined by the academic growth of their students;

(II) Afforded a meaningful opportunity to improve their effectiveness; and

(III) Provided the means to share effective practices with other educators throughout the state.

(3) The council shall have the following duties:

(a) On or before March 1, 2011, to provide the state board with recommendations that will ensure that every teacher is evaluated using multiple fair, transparent, timely, rigorous, and valid methods. The recommendations developed pursuant to this paragraph (a) shall require that at least fifty percent of the evaluation is determined by the academic growth of the teacher's students and that each teacher is provided with an opportunity to improve his or her effectiveness through a teacher development plan that links his or her evaluation and performance standards to professional development opportunities. The quality standards for teachers shall include measures of student longitudinal academic growth that are consistent with the measures set forth in section 22-11-204 (2) and may include interim assessment results or evidence of student work, provided that all are rigorous and comparable across classrooms and aligned with state model content standards and performance standards developed pursuant to article 7 of this title. For the purposes of quality standards, expectations of student academic growth shall take into consideration diverse factors, including but not limited to special education, student mobility, and classrooms with a student population in which ninety-five percent meet the definition of high-risk student as defined in section 22-7-604.5 (1.5). The quality standards for teachers shall be clear and relevant to the teacher's roles and responsibilities and shall have the goal of improving student academic growth. The council shall include in its recommendations a definition of effectiveness and its relation to quality standards. The definition of effectiveness shall include, but need not be limited to, criteria that will be used to differentiate between performance standards. The defined performance standards shall include, but need not be limited to, "highly effective", "effective", and "ineffective". The council shall consider whether additional performance standards should be established.

(a.5) On or before March 1, 2011, to provide the state board with recommendations that will ensure that every principal is evaluated using multiple fair, transparent, timely, rigorous, and valid methods. The recommendations pursuant to this paragraph (a.5) shall require that every principal is provided with a principal development plan. In making its recommendations, the council shall recognize that not all teachers and principals require the same amount of supervision and evaluation. As part of its recommendations to the state board, the council shall develop a process to enable a local school district to differentiate teacher and principal evaluations as part of its performance evaluation system.

(b) On or before March 1, 2011, to provide the state board with recommendations concerning the implementation and testing of the new performance evaluation system that is based on quality standards and with recommendations for the subsequent statewide implementation of the new performance evaluation system. The recommendations made pursuant to this paragraph (b) shall conform to the timeline set forth in subsection (10) of this section.

(b.5) On or before March 1, 2011, to make recommendations to the state board concerning the involvement and support of parents of children in public schools, to the effect that parents should act as partners with teachers and public school administrators;

(c) On or before March 1, 2011, to provide the state board with recommendations that will ensure development of a set of guidelines for establishing performance standards for each category of licensed personnel to be evaluated pursuant to this article. The guidelines shall outline criteria to be applied in assigning educators to appropriate performance standards, which shall include measures of student longitudinal academic growth.

(d) On or before March 1, 2011, to develop and recommend to the state board statewide definitions of principal effectiveness and teacher effectiveness, each of which shall be centered on an educator's demonstrated ability to achieve and sustain adequate student growth and shall include a set of professional skills and competencies related to improved student outcomes;

(e) On or before March 1, 2011, to develop and recommend to the state board guidelines for adequate implementation of a high-quality educator evaluation system that shall address, at a minimum, the following issues:

(I) Ongoing training on the use of the system that is sufficient to ensure that all evaluators and educators have a full understanding of the evaluation system and its implementation. The training may include such activities as conducting joint training sessions for evaluators and educators.

(II) Evaluation results that are normed to ensure consistency and fairness;

(III) Evaluation rubrics and tools that are deemed fair, transparent, rigorous, and valid;

(IV) Evaluations that are conducted using sufficient time and frequency, at least annually, to gather sufficient data upon which to base the ratings contained in an evaluation;

(V) Provision of adequate training and collaborative time to ensure that educators fully understand and have the resources to respond to student academic growth data;

(VI) Student data that is monitored at least annually to ensure the correlation between student academic growth and outcomes with educator effectiveness ratings; and

(VII) A process by which a nonprobationary teacher may appeal his or her second consecutive performance rating of ineffective and submit such process by the first day of convening of the first regular session of the sixty-ninth general assembly to the education committees of the house of representatives and the senate, or any successor committees.

(f) On or before March 1, 2011, to adopt and recommend to the state board a rubric for identifying multiple additional quality standards, in addition to student academic growth, that are rigorous, transparent, valid, and fair;

(g) On or before March 1, 2011, to make recommendations to the state board for policy changes, as appropriate, that will support local school districts' use of evaluation data for decisions in areas such as compensation, promotion, retention, removal, and professional development;

(h) On or before March 1, 2011, to make recommendations to the state board for policy changes, as appropriate, that will ensure that the standards and criteria applicable to teacher and principal licensure and the accreditation of preparation programs are directly aligned with and support the preparation and licensure of effective educators;

(i) On or before July 1, 2013, and July 1 each year thereafter during the implementation of the performance evaluation system, the department shall report to the council the results of the implementation and testing of the performance evaluation system. Based on the results of the reports, the council may make additional recommendations to be incorporated in the following stage of implementation.

(j) The council shall develop an implementation plan for its recommendations and will identify tasks and the associated costs at the state and district levels. The recommendations shall include an implementation cost analysis, including assessment changes, assessment pilot study, staff training, research, data review, and any other tasks included in the council's recommendations. It is incumbent on the council to consult with the department and expert practitioners familiar with school finance and to report by March 1, 2011, on the costs to implement the council's recommendations.

(3.5) The recommendations made by the council to the state board pursuant to this section shall reflect a consensus vote. For any issue that the council was unable to reach a

consensus, the council shall provide to the state board the reasons it was unable to reach a consensus.

(4) The council's recommendations shall consist, at a minimum, of recommendations that are applicable to school principals and teachers.

(5) The council's recommendations may include changes to existing statutes or rules, if appropriate, as well as recommendations for local implementation.

(6) In making its recommendations, the council shall include the effect of district- and school-level conditions, as measured by the nine performance standards set forth in the comprehensive appraisal for the district improvement rubric and biannual teaching, empowering, leading, and learning initiative survey of school working conditions, as well as any additional methods of assessing such conditions identified by the council as valid, transparent, and reliable.

(7) The council may establish working groups, task forces, or other structures from within its membership or outside its membership as needed to address specific issues or to assist in its work.

(8) All recommendations made by the council pursuant to this section shall reflect a consensus of its members.

(9) Unless otherwise provided for, the office of the governor and the department shall provide the council with the support, information, data, analytical information, and administrative support necessary to do its work.

(10) (a) On or before September 1, 2011, the state board shall promulgate rules with regard to the issues specified in paragraphs (a) to (h) of subsection (3) of this section, using the recommendations from the council. If the council fails to make recommendations to the state board by March 1, 2011, with regard to the issues specified in paragraphs (a) to (h) of subsection (3) of this section, the state board shall, on or before September 1, 2011, promulgate rules concerning any issues in said paragraphs (a) to (h) that the council did not address. In promulgating rules pursuant to this subsection (10), the state board shall conform to the following timeline:

(I) Beginning with the 2011-12 school year, the department shall work with school districts and boards of cooperative services to assist with the development of performance evaluation systems that are based on quality standards.

(II) On or before January 15, 2012, the state board shall provide to the general assembly the rules promulgated pursuant to this subsection (10). On or before February 15, 2012, the general assembly shall review and approve such rules as provided for in paragraph (b) of this subsection (10).

(III) Beginning with the 2012-13 school year, if the general assembly approves the rules promulgated pursuant to this subsection (10), the new performance evaluation system that is based on quality standards shall be implemented and tested as recommended by the council pursuant to paragraph (b) of subsection (3) of this section.

(IV) (A) Beginning with the 2013-14 school year, if the general assembly approves the rules promulgated pursuant to this subsection (10), and based on the results of the first level of implementation in the 2012-13 school year, the new performance evaluation system that is based on quality standards shall be implemented statewide in a manner as recommended by the council pursuant to paragraph (b) of subsection (3) of this section.

(B) During the 2013-14 school year, teachers shall be evaluated based on quality standards. Demonstrated effectiveness or ineffectiveness shall begin to be considered in the acquisition of probationary or nonprobationary status.

(V) (A) Beginning with the 2014-15 school year, if the general assembly approves the rules promulgated pursuant to this subsection (10), and based on the results of the first and second levels of implementation in the 2012-13 and 2013-14 school years, the new performance evaluation system that is based on quality standards shall be finalized on a statewide basis.

(B) During the 2014-15 school year, teachers shall continue to be evaluated based on quality standards. Demonstrated effectiveness or ineffectiveness shall be considered in the acquisition or loss of probationary or nonprobationary status.

(b) On or before February 15, 2012, the general assembly shall review the rules promulgated pursuant to paragraph (a) of this subsection (10) in a bill that is separate from

the annual rule review bill introduced pursuant to section 24-4-103 (8) (d), C.R.S., and in accordance with the criteria and procedures specified in section 24-4-103 (8) (a) and (8) (d), C.R.S.; except that the general assembly reserves the right to repeal individual rules contained in the rules promulgated by the state board. If one or more rules is not approved by the general assembly pursuant to this paragraph (b), the state board shall promulgate emergency rules pursuant to section 24-4-103 (6), C.R.S., on such issue or issues and resubmit to the general assembly on or before May 1, 2012. The general assembly shall review the emergency rules promulgated according to the process outlined in this paragraph (b).

(11) On or before November 1, 2011, the department shall create and make available to school districts and boards of cooperative services a resource bank that identifies assessments, processes, tools, and policies that a school district or board of cooperative services may use to develop an evaluation system that addresses the provisions of this section. The department shall include resources that are appropriate to school districts and boards of cooperative services of different sizes, demographics, and locations. The department shall update the resource bank at least annually to reflect new research and ongoing experience in Colorado.

(12) The department shall not be obligated to implement the provisions of this section until sufficient funds have been received and credited to the great teachers and leaders fund, created in section 22-9-105.7. The department is hereby authorized to hire any employees necessary to carry out the provisions of this section. Any new positions created pursuant to this section shall be subject to the availability of funding and shall be eliminated at such time as moneys are no longer available in the great teachers and leaders fund. All position descriptions and notice to hire for positions created pursuant to this section shall clearly state that such position is subject to available funding.

**Source: L. 2010:** Entire section added, (SB 10-191), ch. 241, p. 1056, § 5, effective May 20.

**22-9-105.7. Great teachers and leaders fund - created - gifts, grants, and donations.** (1) The department is authorized to seek, accept, and expend gifts, grants, and donations for the implementation of section 22-9-105.5; except that the department may not accept a gift, grant, or donation that is subject to conditions that are inconsistent with this or any law of the state. The department shall transmit all moneys received to the state treasurer, who shall credit the same to the great teachers and leaders fund, which fund is hereby created and referred to in this section as the "fund". Moneys in the fund are continuously appropriated to the department for the direct and indirect costs associated with implementing section 22-9-105.5.

(2) Any moneys in the fund not expended for the purposes of section 22-9-105.5 may be invested by the state treasurer, as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(3) For fiscal years 2010-11 and 2011-12, if two hundred fifty thousand dollars is not credited to the fund through federal grants on or before September 30, 2010, the commissioner shall notify the state treasurer of the difference. As provided for in section 22-54-117 (1) (g), upon receipt of such notice, the state treasurer shall transfer to the fund the amount of the difference out of the contingency reserve fund, created pursuant to section 22-54-117 for the implementation of section 22-9-105.5. If there is an insufficient amount in the contingency reserve fund, the state treasurer shall transfer to the fund any remaining amount of the difference from the state education fund, created in section 17 (4) of article IX of the state constitution for the implementation of section 22-9-105.5.

(4) Nothing in this section shall be interpreted to require the department to solicit gifts, grants, or donations for the fund.

**Source: L. 2010:** Entire section added, (SB 10-191), ch. 241, p. 1063, § 6, effective May 20. **L. 2012:** (1) amended, (HB 12-1240), ch. 258, p. 1310, § 6, effective June 4.

**22-9-106. Local boards of education - duties - performance evaluation system - repeal.** (1) All school districts and boards of cooperative services that employ licensed personnel, as defined in section 22-9-103 (1.5), shall adopt a written system to evaluate the employment performance of school district and board of cooperative services licensed personnel, including all teachers, principals, and administrators, with the exception of licensed personnel employed by a board of cooperative services for a period of six weeks or less. In developing the licensed personnel performance evaluation system and any amendments thereto, the local board and board of cooperative services shall consult with administrators, principals, and teachers employed within the district or participating districts in a board of cooperative services, parents, and the school district licensed personnel performance evaluation council or the board of cooperative services personnel performance evaluation council created pursuant to section 22-9-107. The performance evaluation system shall address all of the performance standards established by rule of the state board and adopted by the general assembly pursuant to section 22-9-105.5, and shall contain, but need not be limited to, the following information:

(a) The title or position of the evaluator for each licensed personnel position to be evaluated;

(b) The licensed personnel positions to be evaluated, which shall include all licensed personnel, all part-time teachers as defined in section 22-63-103 (6), and all administrators and principals;

(c) The frequency and duration of the evaluations, which shall be on a regular basis and of such frequency and duration as to ensure the collection of a sufficient amount of data from which reliable conclusions and findings may be drawn. At a minimum, the performance evaluation system shall ensure that:

(I) Probationary teachers receive at least two documented observations and one evaluation that results in a written evaluation report pursuant to subsection (3) of this section each academic year. Probationary teachers shall receive the written evaluation report at least two weeks before the last class day of the school year.

(II) Nonprobationary teachers receive at least one observation each year and one evaluation that results in a written evaluation report pursuant to subsection (3) of this section every three years; except that, beginning with the 2012-13 academic year, nonprobationary teachers shall receive a written evaluation report pursuant to subsection (3) of this section each academic year according to the performance standards established by rule of the state board and adopted by the general assembly pursuant to section 22-9-105.5. Nonprobationary teachers shall receive the written evaluation report at least two weeks before the last class day of the school year.

(III) Principals shall receive one evaluation that results in a written evaluation report pursuant to subsection (3) of this section each academic year according to the performance standards established by rule of the state board and adopted by the general assembly pursuant to section 22-9-105.5.

(IV) (Deleted by amendment, L. 2010, (SB 10-191), ch. 241, p. 1063, § 7, effective May 20, 2010.)

(d) The purposes of the evaluation, which shall include but need not be limited to:

(I) Providing a basis for the improvement of instruction;

(II) Enhancing the implementation of programs of curriculum;

(III) Providing the measurement of satisfactory performance for individual licensed personnel and serving as documentation for an unsatisfactory performance dismissal proceeding under article 63 of this title;

(IV) Serving as a measurement of the professional growth and development of licensed personnel; and

(V) (A) Measuring the level of performance of all licensed personnel within the school district or employed by a board of cooperative services. This sub-subparagraph (A) is repealed, effective at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementa-

tion to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(B) Measuring the level of effectiveness of all licensed personnel within the school district. This sub-subparagraph (B) shall take effect at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(e) (I) The standards set by the local board for satisfactory performance for licensed personnel and the criteria to be used to determine whether the performance of each licensed person meets such standards and other criteria for evaluation for each licensed personnel position evaluated. One of the standards for measuring teacher performance shall be directly related to classroom instruction and shall include multiple measures of student performance. The performance evaluation system shall also ensure that the standards and criteria are available in writing to all licensed personnel and are communicated and discussed by the person being evaluated and the evaluator prior to and during the course of the evaluation. This subparagraph (I) is repealed at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(II) The standards set by the local board for effective performance for licensed personnel and the criteria to be used to determine whether the performance of each licensed person meets such standards and other criteria for evaluation for each licensed personnel position evaluated. One of the standards for measuring teacher effectiveness shall be directly related to classroom instruction and shall require that at least fifty percent of the evaluation is determined by the academic growth of the teacher's students. The district accountability committee shall provide input and recommendations concerning the assessment tools used to measure student academic growth as it relates to teacher evaluations. The standards shall include multiple measures of student performance in conjunction with student growth expectations. For the purposes of measuring effectiveness, expectations of student academic growth shall take into consideration diverse factors, including but not limited to special education, student mobility, and classrooms with a student population in which ninety-five percent meet the definition of high-risk student as defined in section 22-7-604.5 (1.5). The performance evaluation system shall also ensure that the standards and criteria are available in writing to all licensed personnel and are communicated and discussed by the person being evaluated and the evaluator prior to and during the course of the evaluation. This subparagraph (II) shall take effect at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(f) The methods of evaluation, which shall include, but shall not be limited to, direct observations by the evaluator and a process of systematic data-gathering.

(2) In implementing such evaluation system and procedures, the school district or board of cooperative services shall conduct all evaluations so as to observe the legal and constitutional rights of licensed personnel, and no evaluation information shall be gathered by electronic devices without the consent of the licensed personnel. No informality in any evaluation or in the manner of making or recording any evaluation shall invalidate such evaluation.

(2.5) (a) The council shall actively participate with the local board or board of cooperative services in developing written standards for evaluation that clearly specify satisfactory performance and the criteria to be used to determine whether the performance of each licensed person meets such standards pursuant to paragraph (e) of subsection (1) of

this section. This paragraph (a) is repealed, effective at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(b) The council shall actively participate with the local board in developing written standards for evaluation that clearly specify performance standards and the quality standards and the criteria to be used to determine whether the performance of each licensed person meets such standards pursuant to paragraph (e) of subsection (1) of this section. This paragraph (b) shall take effect at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(3) An evaluation report shall be issued upon the completion of an evaluation made pursuant to this section and shall:

(a) Be in writing;

(b) Contain a written improvement plan, that shall be specific as to what improvements, if any, are needed in the performance of the licensed personnel and shall clearly set forth recommendations for improvements, including recommendations for additional education and training during the teacher's or the principal's license renewal process;

(c) Be specific as to the strengths and weaknesses in the performance of the individual being evaluated;

(d) Specifically identify when a direct observation was made;

(e) Identify data sources;

(f) Be discussed and be signed by the evaluator and the person being evaluated, each to receive a copy of the report. The signature on the report of any person shall not be construed to indicate agreement with the information contained in the report. If the person being evaluated disagrees with any of the conclusions or recommendations made in the evaluation report, the person may attach any written explanation or other relevant documentation that the person deems necessary.

(g) Be reviewed by a supervisor of the evaluator, whose signature shall also appear on said report.

(3.2) (a) In addition to the items specified in subsection (3) of this section, the evaluation of a teacher may include any peer, parent, or student input obtained from standardized surveys.

(b) In addition to the items specified in subsection (3) of this section, each principal's evaluation shall include input from the teachers employed in the principal's school and may include input from the students enrolled in the school and their parents. Each school district shall specify the manner in which input from teachers and from students and parents, if any, is collected but shall ensure that the information collected remains anonymous and confidential.

(3.3) Each principal or administrator who is responsible for evaluating licensed personnel shall keep records and documentation for each evaluation conducted. Each principal and administrator who is responsible for evaluating licensed personnel shall be evaluated as to how well he or she complies with this section and with the school district's evaluation system.

(3.5) (a) A teacher or principal whose performance is deemed to be unsatisfactory pursuant to paragraph (e) of subsection (1) of this section shall be given notice of deficiencies. A remediation plan to correct the deficiencies shall be developed by the district or the board of cooperative services and the teacher or principal and shall include professional development opportunities that are intended to help the teacher or principal to achieve an effective rating in his or her next performance evaluation. The teacher or principal shall be given a reasonable period of time to remediate the deficiencies and shall receive a statement of the resources and assistance available for the purposes of correcting

the performance or the deficiencies. This paragraph (a) is repealed, effective at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(b) (I) A teacher or principal whose performance is deemed to be ineffective pursuant to paragraph (e) of subsection (1) of this section shall receive written notice that his or her performance evaluation shows a rating of ineffective, a copy of the documentation relied upon in measuring his or her performance, and identification of deficiencies.

(II) Each school district shall ensure that a nonprobationary teacher who objects to a rating of ineffectiveness has an opportunity to appeal that rating, in accordance with a fair and transparent process developed, where applicable, through collective bargaining. At a minimum, the appeal process provided shall allow a nonprobationary teacher to appeal the rating of ineffectiveness to the superintendent or his or her designee of the school district and shall place the burden upon the nonprobationary teacher to demonstrate that a rating of effectiveness was appropriate. If there is no collective bargaining agreement in place, following the ruling of the superintendent or his or her designee, the appealing teacher may request a review by a mutually agreed-upon third party. The decision of the third party shall review whether the decision was arbitrary or capricious and shall be binding on both parties. The cost of any such review shall be borne equally by both parties. Where a collective bargaining agreement is in place, either party may choose to opt into this process. The superintendent's designee shall not be the principal who conducted the evaluation. For a nonprobationary teacher, a remediation plan to correct the deficiencies shall be developed by the district or the board of cooperative services and shall include professional development opportunities that are intended to help the nonprobationary teacher to achieve an effective rating in his or her next performance evaluation. The nonprobationary teacher shall be given a reasonable period of time to remediate the deficiencies and shall receive a statement of the resources and assistance available for the purpose of improving effectiveness.

(III) This paragraph (b) shall take effect at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(IV) Subparagraph (II) of this paragraph (b) is repealed, effective February 15, 2013.

(4) (a) Except as provided in paragraph (b) of this subsection (4), no person shall be responsible for the evaluation of licensed personnel unless the person has a principal or administrator license issued pursuant to article 60.5 of this title or is a designee of a person with a principal or administrator license and has received education and training in evaluation skills approved by the department of education that will enable him or her to make fair, professional, and credible evaluations of the personnel whom he or she is responsible for evaluating. No person shall be issued a principal or administrator license or have a principal or administrator license renewed unless the state board determines that such person has received education and training approved by the department of education.

(b) A local board of education shall have the authority to evaluate the performance of the superintendent of the school district. The responsibility for conducting the performance evaluation of the superintendent shall rest exclusively with the local board of education.

(4.5) (a) Any person whose performance evaluation includes a remediation plan shall be given an opportunity to improve his or her performance through the implementation of the plan. If the next performance evaluation shows that the person is performing satisfactorily, no further action shall be taken concerning the original performance evaluation. If the evaluation shows the person is still not performing satisfactorily, the evaluator shall either make additional recommendations for improvement or may recommend the dismissal of the person, which dismissal shall be in accordance with the provisions of article 63 of this title if the person is a teacher. This paragraph (a) is repealed, effective at such time as the

performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(b) Any person whose performance evaluation includes a remediation plan shall be given an opportunity to improve his or her effectiveness through the implementation of the plan. If the next performance evaluation shows that the person is performing effectively, no further action shall be taken concerning the original performance evaluation. If the evaluation shows the person is still not performing effectively, he or she shall receive written notice that his or her performance evaluation shows a rating of ineffective, a copy of the documentation relied upon in measuring the person's performance, and identification of deficiencies. Each school district shall ensure that a nonprobationary teacher who objects to a rating of ineffectiveness has an opportunity to appeal that rating, in accordance with a fair and transparent process developed, where applicable, through collective bargaining. At a minimum, the appeal process provided shall allow a nonprobationary teacher to appeal the rating of ineffectiveness to the superintendent of the school district and shall place the burden upon the nonprobationary teacher to demonstrate that a rating of effectiveness was appropriate. The appeal process shall take no longer than ninety days, and the nonprobationary teacher shall not be subject to a possible loss of nonprobationary status until after a final determination regarding the rating of ineffectiveness is made. For a person who receives a performance rating of ineffective, the evaluator shall either make additional recommendations for improvement or may recommend the dismissal of the person, which dismissal shall be in accordance with the provisions of article 63 of this title if the person is a teacher. This paragraph (b) shall take effect at such time as the performance evaluation system based on quality standards established pursuant to this section and the rules promulgated by the state board pursuant to section 22-9-105.5 has completed the initial phase of implementation and has been implemented statewide. The commissioner shall provide notice of such implementation to the revisor of statutes on or before July 1, 2014, and each July 1 thereafter until statewide implementation occurs.

(5) The school district or board of cooperative services licensed personnel performance evaluation system, processes, and procedures may be in accord with the guidelines adopted by the state board. The system shall be developed after consultation with the school district or board of cooperative services licensed personnel performance evaluation council created pursuant to section 22-9-107 with regard to the planning, development, adoption, and implementation of such system, and said council shall conduct a continuous evaluation of said system.

(6) The state board shall approve any school district's or board of cooperative services' existing licensed personnel performance evaluation system and related processes and procedures if such system, processes, and procedures are consistent with this article.

(7) Every principal shall be evaluated using multiple fair, transparent, timely, rigorous, and valid methods. The recommendations developed pursuant to this subsection (7) shall require that at least fifty percent of the evaluation is determined by the academic growth of the students enrolled in the principal's school. For principals, the quality standards shall include, but need not be limited to:

(a) Achievement and academic growth for those students enrolled in the principal's school, as measured by the Colorado growth model set forth in section 22-11-202;

(b) The number and percentage of licensed personnel in the principal's school who are rated as effective or highly effective; and

(c) The number and percentage of licensed personnel in the principal's school who are rated as ineffective but are improving in effectiveness.

(8) On or before August 1, 2014, each local board of education shall develop, in collaboration with a local teachers association or, if none exists, with teachers from the district, an incentive system, the purpose of which shall be to encourage effective teachers in high-performing schools to move to jobs in schools that have low performance ratings.

**No implied contractual right under school district's evaluation policy** if there is a clear disclaimer of any contractual rights in the employee manual or handbook. *Axtell v. Park Sch. Dist.* R-3, 962 P.2d 319 (Colo. App. 1998).

#### **22-9-107. School district personnel performance evaluation councils - duties.**

(1) Every school district and board of cooperative services in the state subject to the provisions of this article shall have an advisory school district personnel performance evaluation council or advisory board of cooperative services personnel performance evaluation council, which shall, at a minimum, consist of the following members to be appointed by the local board of education or board of cooperative services:

(a) In the case of a school district, one teacher, one administrator, and one principal from the school district; one resident from the school district who is a parent of a child attending a school within said district; and one resident of the school district who is not a parent with a child in the district; or

(b) In the case of a board of cooperative services, one teacher, one administrator, and one principal representative of the school district or districts participating in the board of cooperative services; one person employed by the board of cooperative services who is defined as licensed personnel pursuant to section 22-9-103 (1.5); one resident who is a parent of a child attending a school within said district or districts; and one resident representative of the school district or districts participating in the board of cooperative services who is not a parent with a child in said district or districts.

(2) Said council shall consult with the local board or board of cooperative services as to the fairness, effectiveness, credibility, and professional quality of the licensed personnel performance evaluation system and its processes and procedures and shall conduct a continuous evaluation of said system.

(3) The council for a school district may be composed of any other school district committee having proper membership, as defined in subsection (1) of this section.

**Source:** **L. 84:** Entire article added, p. 588, § 1, effective May 14. **L. 92:** Entire section amended, p. 474, § 7, effective April 29. **L. 2000:** (1)(b) and (2) amended, p. 1853, § 47, effective August 2.

**22-9-108. Evaluator training - universities and colleges - duties.** (1) (a) The general assembly finds that credible, fair, and professional evaluations of licensed personnel

depend upon high quality, effective training for principals and administrators that is consistent across the state. Therefore, the state board, in evaluating and approving educator preparation programs pursuant to section 22-2-109, and in approving evaluator training programs provided by a school district or a board of cooperative services, shall ensure that said programs meet the requirements specified in this section.

(b) Every university and college within the state that has a principal or administrator preparation program shall ensure that the program includes training in the evaluation of licensed personnel that meets the requirements specified in this section. In addition, the university or college shall cooperate with the state board in connection with the state board's duties under sections 22-9-104 and 22-2-109.

(c) Every school district and board of cooperative services that provides training in the evaluation of licensed personnel shall ensure that such training meets the requirements specified in this section.

(2) Each university or college that offers a principal or administrator preparation program or school district or board of cooperative services that provides evaluator training shall structure the evaluator training program on a standards-based skill outcome model that takes into account research concerning evaluation of licensed personnel. At a minimum, each evaluator training program shall include standards-based performance assessments of each participant, demonstrated competency, and certification by the university, college, school district, or board of cooperative services of the skills mastered by each participant. The university, college, school district, or board of cooperative services shall work collaboratively with principals and administrators who are responsible for evaluating licensed personnel to develop research-based standards for assessing and certifying evaluator skills. The university, college, school district, or board of cooperative services shall regularly review both the model for the evaluator training program and the program performance standards to ensure that they continue to reflect research concerning evaluation of licensed personnel.

(3) At a minimum, each evaluator training program shall include training in the following areas:

- (a) Teaching and learning styles;
- (b) Student performance and student assessment;
- (c) Data collection and documentation; and
- (d) School district standards and state mandates.

**22-9-109. Exemption from public inspection.** Notwithstanding the provisions of section 24-72-204 (3), C.R.S., the evaluation report and all public records as defined in section 24-72-202 (6), C.R.S., used in preparing the evaluation report shall be confidential and shall be available only to the licensed person being evaluated, to the duly elected and appointed public officials who supervise his work, and to a hearing officer conducting a hearing pursuant to the provisions of section 22-63-302 or the court of appeals reviewing a decision of the board of education pursuant to the provisions of section 22-63-302; except that the evaluation report of the chief executive officer of any school district, as it relates to the performance of the chief executive officer in fulfilling the adopted school district objectives, fiscal management of the district, district planning responsibilities, and supervision and evaluation of district personnel, shall be open for inspection by any person at reasonable times.

	eligibility.		arship fund - created.

- 22-9.5-101. Definitions.** As used in this article, unless the context otherwise requires:
- (1) “Scholarship program” means the principal development scholarship program created in section 22-9.5-102.
- (2) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source: L. 2006:** Entire article added, p. 1243, § 8, effective May 26.

**22-9.5-102. Principal development scholarship program - creation - eligibility.** There is hereby created in the department of education the principal development scholarship program. Subject to available appropriations, the scholarship program shall award stipends to assist persons employed as principals in offsetting the costs incurred in obtaining on-going professional development. The state board shall award stipends on a need basis, based on the criteria specified in section 22-9.5-103. The scholarships shall be paid from any moneys available in the principal development scholarship fund created in section 22-9.5-104.

**Source: L. 2006:** Entire article added, p. 1243, § 8, effective May 26.

- 22-9.5-103. Scholarship program - rules - criteria for awards.** (1) The state board, by rule, shall establish the procedures by which a person may apply for a stipend through the scholarship program. At a minimum, the rules shall specify the information a person shall submit and the deadlines for submitting the application.
- (2) The state board shall award stipends to applying persons based on the following criteria:
- (a) A person’s demonstrated degree of financial need, based on the resources of the employing school district and the applying person, and the cost of the professional development program for which the person requests a stipend;
- (b) A person’s demonstrated degree of professional need, based on the applying person’s performance evaluations conducted pursuant to the district’s licensed personnel performance evaluation system;
- (c) The quality of the professional development program or activity for which the person requests a stipend; and
- (d) Any other criteria adopted by rule of the state board to identify persons in the greatest need of assistance in obtaining high-quality professional development programs and activities to improve their performance as principals.
- (3) The state board shall set the amount of each stipend awarded based on the person’s degree of need, the cost of the professional development program or activity for which the person requests a stipend, the amount available in the principal development scholarship fund for the applicable budget year, and the anticipated number of persons who will apply to the scholarship program in the course of the applicable budget year.

**Source: L. 2006:** Entire article added, p. 1243, § 8, effective May 26.

- 22-9.5-104. Principal development scholarship fund - created.** (1) There is hereby created in the state treasury the principal development scholarship fund, referred to in this section as the “fund”, that shall consist of any moneys that may be credited to the fund pursuant to subsection (2) of this section. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of this article. Any moneys in the fund not expended for the purpose of this article may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.
- (2) The department is authorized to accept gifts, grants, or donations from any public or private entity to carry out the purposes of this article, subject to the terms and conditions under which given; except that the department shall not accept a gift, grant, or donation if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law. The department shall transmit to the state treasurer any gifts, grants, or donations received pursuant to this subsection (2), and the state treasurer shall credit the same to the fund.
- (3) The department may expend up to one percent of the moneys annually appropriated from the fund to offset the costs incurred in implementing this article.

Early Childhood Educator Development  
Scholarship Program

22-9.7-101.	Early childhood educator development scholarship program - creation - eligibility.	22-9.7-103.	Early childhood educator development scholarship fund - created.
22-9.7-102.	Scholarship program - rules - criteria for awards.	22-9.7-104.	Repeal of article.

**22-9.7-101. Early childhood educator development scholarship program - creation - eligibility.** Subject to the receipt of sufficient moneys pursuant to section 22-9.7-103, there is hereby created in the department of education, referred to in this article as the “department”, the early childhood educator development scholarship program, referred to in this article as the “scholarship program”, to award stipends to assist persons employed in early childhood education in offsetting the costs incurred in obtaining an associate of arts degree in early childhood education. The department shall award stipends on a need basis, based on the criteria specified in section 22-9.7-102. The stipends shall be awarded on a yearly basis, and recipients shall reapply each year that they are enrolled in the associate of arts degree program. The scholarships shall be paid from any moneys available in the early childhood educator development scholarship fund created in section 22-9.7-103.

**Source: L. 2010:** Entire article added, (HB 10-1030), ch. 115, p. 388, § 1, effective August 11. **L. 2011:** Entire section amended, (HB 11-1303), ch. 264, p. 1160, § 43, effective August 10.

- 22-9.7-102. Scholarship program - rules - criteria for awards.** (1) The department, by rule, shall collaborate with the department of human services, the Colorado community college system, and the office of information technology, to establish the procedures by which a person may apply for a stipend through the scholarship program. At a minimum, the rules shall specify the information a person shall submit and the deadlines for submitting the application.
- (2) The department shall award stipends to an applicant based on the following criteria:

(a) The applicant's demonstrated degree of financial need, based on the resources of the applying person and the cost of the associate of arts degree program for which the applicant requests a stipend;

(b) The applicant's demonstrated degree of professional need;

(c) The quality of the associate of arts degree program for which the applicant requests a stipend;

(d) The applicant's commitment to teach in early childhood education for at least two years after receiving the associate of arts degree;

(e) The applicant's current employment in an early childhood capacity; and

(f) Any other criteria adopted by rule of the department to identify applicants in the greatest need of assistance in obtaining a regionally accredited associate of arts degree to improve their performance as early childhood educators.

(3) The department shall set the amount of each stipend awarded based on the applicant's degree of need, the cost of the associate of arts degree program for which the applicant requests a stipend, the amount available in the early childhood educator development scholarship fund for the applicable budget year, and the anticipated number of persons who will apply to the scholarship program in the course of the applicable budget year.

(4) The department shall assign an educator identifier pursuant to section 22-68.5-102 to each recipient of a stipend pursuant to this section.

**Source: L. 2010:** Entire article added, (HB 10-1030), ch. 115, p. 388, § 1, effective August 11.

**22-9.7-103. Early childhood educator development scholarship fund - created.**

(1) It is the intent of the general assembly that any costs associated with implementing this article shall be paid for by the receipt of any available federal moneys or other gifts, grants, or donations and that no additional general fund moneys be appropriated for the implementation of the grant program.

(2) The department is authorized to seek, accept, and expend any federal moneys or other gifts, grants, or donations for the purposes of this article. If necessary, any gifts, grants, or donations shall be transmitted to the state treasurer who shall credit them to the early childhood educator development scholarship fund, which fund is hereby created and referred to in this section as the "fund".

(3) The moneys in the fund shall be continuously appropriated to the department for the direct and indirect costs associated with implementing this article. Any moneys in the fund not expended for the purpose of this article may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(4) The department shall retain only the actual amount of direct and indirect costs necessary to implement this article.

**Source: L. 2010:** Entire article added, (HB 10-1030), ch. 115, p. 389, § 1, effective August 11.

**22-9.7-104. Repeal of article.** (1) (a) On or before July 1, 2011, or July 1 of any year thereafter, the executive director of the department shall notify the revisor of statutes in writing if federal moneys are not received and allocated to the department or if gifts, grants, and donations are not received by the department to provide for the award of grants pursuant to this article.

(b) If the revisor of statutes does not receive notice pursuant to paragraph (a) of this subsection (1), on July 1, 2011, or on July 1 of any year thereafter, the executive director of the department shall notify the revisor of statutes in writing if federal moneys or gifts,

grants, or donations are not available to continue to provide for the award of grants pursuant to this article.

(2) This article is repealed, effective the July 1 following the receipt of the notice by the revisor of statutes pursuant to paragraph (a) or (b) of subsection (1) of this section.

**Source: L. 2010:** Entire article added, (HB 10-1030), ch. 115, p. 390, § 1, effective August 11.

**Editor’s note:** As of the date of publications, the revisor of statutes has not received the notices referred to in subsection (1)(a) or (1)(b) that would cause the repeal of this article.

PART 1

GENERAL PROVISIONS

**22-11-101. Short title.** This article shall be known and may be cited as the “Education Accountability Act of 2009”.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1459, § 1, effective May 21.

**22-11-102. Legislative declaration.** (1) The general assembly hereby finds that an effective system of statewide education accountability is one that:

- (a) Focuses the attention of educators, parents, students, and other members of the community on maximizing every student’s progress toward postsecondary and workforce readiness and postgraduation success;
- (b) Reports information concerning performance at the state level, school district or institute level, and individual public school level that is perceived by educators, parents, and students as fair, balanced, cumulative, credible, and useful;
- (c) Provides more academic performance information, and fewer labels, to move from a punitive accountability system to one that is positive and focused on learning and achieving high levels of academic performance; and
- (d) Holds the state, school districts, the institute, and individual public schools accountable for performance on the same set of indicators and related measures statewide, ensures that those indicators and measures are aligned through a single accountability system, to the extent possible, that objectively evaluates the performance of the thorough and uniform statewide system of public education for all groups of students at the state, school district

or institute, and individual public school levels, and, as appropriate, rewards success and provides support for improvement at each level.

(2) The general assembly further finds that an effective education accountability system will be built around implementation of the Colorado growth model that:

(a) Uses a common measure to describe in plain language how much academic growth each student needs to make and how much growth the student actually makes in one year toward proficiency on state content standards;

(b) Incorporates a complete history of each student's assessment scores in calculating the student's needed and achieved academic growth;

(c) Focuses the attention of educators, parents, and students on maximizing students' academic growth and achievement over time and reveals where, and among which groups of students, the strongest academic growth is occurring and where it is not;

(d) Assists the state in closing the achievement gaps that plague the public education system by spotlighting the gaps in students' academic growth rates and ensuring that educators have the data necessary to assist the neediest students in making more than a year's academic growth in a year's time so that these students can catch up to the academic performance levels of their peers; and

(e) Provides data that are recognized by educators, parents, students, the higher education community, the business community, and other stakeholders as fair, balanced, objective, and transparent to support individual school, school district, institute, state, and federal education accountability purposes.

(3) The general assembly concludes, therefore, that it is in the best interests of the state to adopt an aligned education accountability system for public education in this state that:

(a) Holds the state, school districts, the institute, and public schools accountable on statewide performance indicators supported by consistent, objective measures;

(b) Incorporates input from parents, educators, administrators, and the community in establishing clearly defined statewide academic performance objectives;

(c) Reports performance in clear, readily understandable terms;

(d) Is adaptable to accommodate and include additional data that become available as the state implements the "Preschool to Postsecondary Education Alignment Act", part 10 of article 7 of this title, including but not limited to data concerning school readiness and postsecondary success;

(e) Recognizes and rewards areas of success, while also identifying and compelling effective change for areas in need of improvement; and

(f) Ensures the availability of technical assistance, services, and support for public schools, school districts, and the institute to improve students' academic performance.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1459, § 1, effective May 21.

**22-11-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Accreditation" means certification by the state board that a school district and the public schools of the school district, or the institute and the institute charter schools, meet the requirements established by this article and the rules promulgated pursuant to this article. "Accreditation" includes the process for accrediting school districts and the institute and reviewing the performance of public schools as provided in part 2 of this article and the rules promulgated pursuant to this article.

(2) "Accreditation contract" means:

(a) The contract between the state board and a school district, as described in section 22-11-206, that includes, but is not limited to, the school district's obligation to manage the accreditation of the public schools of the school district consistent with the provisions of this article; or

(b) The contract between the state board and the institute, as described in section 22-11-206, that includes, but is not limited to, the institute's obligation to manage the accreditation of the institute charter schools consistent with the provisions of this article.

(3) "Achievement and growth gaps" means differences among student groups in the levels of academic achievement attained by the student groups on the statewide assessments

and differences among student groups in the levels of academic growth attained by the student groups.

(4) "Achievement level" means the level of proficiency a student demonstrates on a statewide assessment.

(5) "Alternative education campus" means a public school that receives a designation pursuant to section 22-7-604.5.

(6) "Basic skills courses" has the same meaning as provided in section 23-1-113 (1)(b), C.R.S.

(7) "Catch-up growth" means, for a student who scores at the achievement level of unsatisfactory or partially proficient on statewide assessments, the amount of academic growth the student must attain to score at the proficient achievement level on statewide assessments within three years or by tenth grade, whichever is sooner.

(8) "Colorado growth model" means a scientifically rigorous statistical model that the department uses to calculate students' annual academic growth in the subjects included in the statewide assessments based on students' scores on the annual statewide assessments, which model is adopted by the state board pursuant to section 22-11-202.

(9) "Commissioner" means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.

(10) "Data portal" means the internet-based electronic data delivery system developed and maintained by the department pursuant to section 22-11-502.

(11) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(12) "District charter school" means a charter school that is authorized by a school district pursuant to the provisions of part 1 of article 30.5 of this title.

(13) "District public school" means a public school of a school district, including but not limited to a district charter school.

(14) "Improvement plan" means:

(a) The plan described in and adopted by a school district pursuant to section 22-11-304, in which case it may also be referred to more specifically as a "district improvement plan";

(b) The plan described in and adopted by the institute pursuant to section 22-11-304, in which case it may also be referred to more specifically as an "institute improvement plan"; or

(c) The plan described in and adopted by a public school pursuant to section 22-11-404, in which case it may also be referred to more specifically as a "school improvement plan".

(15) "Institute" means the state charter school institute created pursuant to section 22-30.5-503.

(16) "Institute board" means the governing board of the state charter school institute appointed pursuant to section 22-30.5-505 (2).

(17) "Institute charter school" means a charter school that is authorized by the institute pursuant to the provisions of part 5 of article 30.5 of this title.

(18) "Keep-up growth" means, for a student who scores at the achievement level of proficient or advanced on statewide assessments, the amount of academic growth the student must attain to score at the proficient achievement level or higher on statewide assessments for the succeeding three years or until tenth grade, whichever is sooner.

(19) "Local school board" means the board of education of a school district. "Local school board" also includes the governing board of a board of cooperative services created pursuant to article 5 of this title if the board of cooperative services is operating a public school.

(20) "Measure" means a method of assessing or a means to assess the level of attainment on a performance indicator.

(21) "Median student growth" means, in a ranking of individual student growth scores from highest to lowest, the middle student growth score attained.

(22) "Move-up growth" means, for a student who scores at the achievement level of proficient on statewide assessments, the amount of academic growth the student must attain to score at the advanced performance level on statewide assessments within three years or by tenth grade, whichever is sooner.

(23) “Performance indicators” means the indicators specified in section 22-11-204 for measuring the performance of the state public education system, including each public school, each school district, the institute, and the state as a whole.

(24) “Performance plan” means:

(a) The plan described in and adopted by a school district pursuant to section 22-11-303, in which case it may also be referred to more specifically as a “district performance plan”;

(b) The plan described in and adopted by the institute pursuant to section 22-11-303, in which case it may also be referred to more specifically as an “institute performance plan”; or

(c) The plan described in and adopted by a public school pursuant to section 22-11-403, in which case it may also be referred to more specifically as a “school performance plan”.

(25) “Postsecondary and workforce readiness” shall have the same meaning as provided in section 22-7-1003 (15).

(26) “Postsecondary and workforce readiness assessment” shall have the same meaning as provided in section 22-7-1003 (16).

(27) “Priority improvement plan” means:

(a) The plan described in and adopted by a school district pursuant to section 22-11-305, in which case it may also be referred to more specifically as a “district priority improvement plan”;

(b) The plan described in and adopted by the institute pursuant to section 22-11-305, in which case it may also be referred to more specifically as an “institute priority improvement plan”; or

(c) The plan described in and adopted by a public school pursuant to section 22-11-405, in which case it may also be referred to more specifically as a “school priority improvement plan”.

(28) “Public school” shall have the same meaning as provided in section 22-1-101 and includes, but is not limited to, a district charter school, an institute charter school, an on-line program, as defined in section 22-30.7-102 (9), and an on-line school, as defined in section 22-30.7-102 (9.5).

(29) “School district” means a school district authorized by section 15 of article IX of the state constitution and organized pursuant to article 30 of this title. “School district” also includes a board of cooperative services created pursuant to article 5 of this title if it is operating a public school.

(30) “School readiness” shall have the same meaning as provided in section 22-7-1003 (21).

(31) “State board” means the state board of education established pursuant to section 1 of article IX of the state constitution.

(32) “State review panel” means the panel of education experts appointed by the commissioner pursuant to section 22-11-205 to assist the department and the state board in implementing the provisions of this article.

(33) “Statewide assessments” means the assessments administered pursuant to the Colorado student assessment program created in section 22-7-409 or as part of the system of assessments adopted by the state board pursuant to section 22-7-1006.

(34) “Student groups” means the grouping of students based on sex, socioeconomic status, race and ethnicity, disability, English language proficiency, and gifted and talented status, as said groups are described by state board rule and federal requirements, and any additional student groups that the state board may describe by rule to align with changes to federal requirements or to provide additional data for analysis of student learning.

(34.3) “Student populations that are significantly represented within the school” means student populations that each constitute at least ten percent of the total population of students in the school, which student populations may include, but need not be limited to, the student populations described in section 22-11-301 (3).

(34.5) “Student populations that are significantly represented within the school district” means student populations that each constitute at least ten percent of the total population of students in the school district, which student populations may include, but need not be limited to, the student populations described in section 22-11-301 (3).

(35) “Target” means a specific, quantifiable outcome that establishes the desired level of attainment on a measure.

(36) “Technical advisory panel” means the panel of state and national experts on the longitudinal measurement of academic growth for accountability purposes appointed by the commissioner pursuant to section 22-11-202 (2).

(37) “Turnaround plan” means:

(a) The plan described in and adopted by a school district pursuant to section 22-11-306, in which case it may also be referred to more specifically as a “district turnaround plan”;

(b) The plan described in and adopted by the institute pursuant to section 22-11-306, in which case it may also be referred to more specifically as an “institute turnaround plan”; or

(c) The plan described in and adopted by a public school pursuant to section 22-11-406, in which case it may also be referred to more specifically as a “school turnaround plan”.

**22-11-104. Rules.** The state board shall promulgate rules pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., as required in this article and may promulgate such additional rules as it finds necessary for the implementation of this article, including but not limited to rules establishing a numbering system to uniquely identify individual students, including students enrolled in the Colorado preschool program created pursuant to section 22-28-104.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1465, § 1, effective May 21; (2)(e) amended, (HB 09-1319), ch. 286, p. 1317, § 4, effective May 21.

**Editor’s note:** Subsection (2)(e) was amended in House Bill 09-1319, effective May 21, 2009. However, those amendments were superseded by the repeal and reenactment of this article by Senate Bill 09-163, effective May 21, 2009.

**22-11-105. Funding.** (1) The department is authorized to seek, accept, and expend public and private gifts, grants, and donations for the implementation of this article; except that the department shall not accept a gift, grant, or donation if it is subject to conditions that are inconsistent with this article or any other law of the state.

(2) The general assembly hereby declares that, for purposes of section 17 of article IX of the state constitution, implementation of an aligned education accountability system for public education pursuant to this section is an important element in implementing accountable education reform and accountable programs to meet state academic standards and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(3) The general assembly anticipates that the department may receive significant amounts of federal moneys that may appropriately be used to implement this article and strongly encourages the department to apply said federal moneys to the greatest extent possible in implementing this article.

## PART 2

### STATE ACCOUNTABILITY

**22-11-201. State public education system - annual performance review - targets for improvement.** (1) (a) The state board shall annually review the performance of the

statewide public education system, including but not limited to reviewing the levels of attainment on the performance indicators demonstrated by each public school, each school district, and the institute. Following said review, the state board shall set, reaffirm, or revise, as appropriate, ambitious but attainable statewide targets for the measures used to determine the levels of attainment of the performance indicators for the coming academic year with the goal of raising the level of academic performance in the public schools throughout the state. In setting the targets, the state board shall, to the extent possible, ensure that the targets meet federal law requirements.

(b) In adopting the targets required by paragraph (a) of this subsection (1), the state board shall adopt a set of targets for grades three through twelve.

(2) In adopting the targets required by subsection (1) of this section, the state board shall consider any information provided by public schools, local school boards, the institute, school administrators, teachers and teachers' associations, parents and parents' associations, and institutions of higher education related to the academic performance of the public education system in Colorado.

(3) The state board shall adopt and publish on the data portal the annual statement of targets in accordance with time frames set by state board rule.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1466, § 1, effective May 21.

**22-11-202. Colorado growth model - technical advisory panel - rules.** (1) (a) The state board, by rule, shall adopt, and revise as necessary, the Colorado growth model, which shall be a student longitudinal academic growth model that is available in the public domain. In adopting and revising the Colorado growth model, the state board shall consider recommendations from the technical advisory panel convened pursuant to subsection (2) of this section.

(b) In adopting and revising the Colorado growth model, the state board shall ensure that the model:

(I) Reflects best practices, as acknowledged in the scientific literature, in measuring student longitudinal academic growth with high precision;

(II) To the greatest extent possible, uses a method that will support the academic improvement of public schools, school districts, and the institute;

(III) Can measure a student's progress toward meeting the achievement level of "partially proficient", "proficient", or "advanced" on statewide assessments;

(IV) Can gauge each student's success in making one year's academic growth or more in one year's time;

(V) Provides results that are meaningful, reliable, and valid, given their intended purposes, to enable parents, teachers, and administrators to identify individual students or groups of students who are or are not making adequate academic growth;

(VI) Recognizes the improvement of a student whose scores on the statewide assessments increase even if the increase is not sufficient for the student to attain a higher achievement level;

(VII) Uses individual student scores achieved on the statewide assessments;

(VIII) Is described in a publicly available document that sets forth the mathematical equations used in the model and that fully and accurately explains the methods used to complete the records for students with incomplete data; and

(IX) Can treat the analysis and reporting of data electronically and produces student, public school, school district, institute, and state reports that the department provides to school districts, the institute, public schools, and the public through the data portal.

(c) Within ninety days after receiving the information from the 2009-10 administration of the postsecondary and workforce planning, preparation, and readiness assessments pursuant to section 22-7-1007, the department shall recommend to the state board for adoption by rule any necessary adjustments to the Colorado growth model to ensure that it measures student academic growth over time toward attainment of the standards adopted pursuant to section 22-7-1005 and attainment of postsecondary and workforce readiness as described pursuant to section 22-7-1008. In recommending adjustments to the Colorado

growth model, the department shall consult with the technical advisory panel appointed pursuant to subsection (2) of this section.

(2) (a) To assist the department in implementing the Colorado growth model, the commissioner shall appoint a technical advisory panel of state and national experts on the longitudinal measurement of academic growth for accountability purposes. The members of the technical advisory panel shall serve at the will of the commissioner and shall not receive compensation or reimbursement for expenses.

(b) The department shall convene meetings of the technical advisory panel as necessary and within existing appropriations to review the Colorado growth model and make recommendations to the state board. All meetings of the technical advisory panel shall be open.

(c) The department and the state board shall consult with the technical advisory panel concerning:

(I) The scores on the kindergarten and first, second, and third grade reading assessments approved pursuant to section 22-7-1209 (1) (b) that will identify, as required in section 22-7-1209 (1) (a), the minimum reading competency skill levels in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension for kindergarten and first, second, and third grades;

(II) The amount of additional credit toward accreditation that each local education provider may receive pursuant to section 22-11-204 (3) (b); and

(III) Methods of including in the accreditation process consideration of student progress in attaining reading competency, as defined in section 22-7-1203 (10), in kindergarten and first and second grade.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1466, § 1, effective May 21. **L. 2012:** (2)(c) added, (HB 12-1238), ch. 180, p. 667, § 3, effective July 1.

### **22-11-203. Student longitudinal academic growth - calculation - data - research.**

(1) (a) Each school year by a date established in state board rules, the department shall calculate, to the extent practicable, what will constitute adequate longitudinal academic growth for each student for that school year in each subject that is included in the statewide assessments. The department shall formulate the calculation in such a way that adequate longitudinal academic growth means:

(I) Catch-up growth for a student who scored at the unsatisfactory or partially proficient achievement level on the statewide assessments in the previous academic year, which is the amount of academic growth necessary to score at the proficient achievement level within three years or by the tenth grade, whichever comes sooner; and

(II) Keep-up growth for a student who scored at the proficient or advanced achievement level on the statewide assessments in the previous academic year, which is the amount of academic growth necessary to score at the proficient achievement level or higher for the succeeding three years or until the tenth grade, whichever is sooner.

(b) The department shall use data available for longitudinal analysis to review and revise the calculation of adequate longitudinal academic growth as necessary.

(c) By the same date established for purposes of paragraph (a) of this subsection (1), the department shall calculate, to the extent practicable, for each student who scored at the proficient achievement level on the statewide assessments in the previous academic year, what will constitute move-up growth for the coming school year in each subject that is included in statewide assessments.

(d) Notwithstanding the provisions of paragraph (a) of this subsection (1), the department may revise, as necessary, the definition of adequate longitudinal growth to incorporate the concept of move-up growth or to meet the requirements of federal law.

(2) (a) For each school year, the department shall provide to each school district in the state academic growth information for each student enrolled in the district public schools, based on the statewide assessment results for the preceding school years. Within ten days after the information is provided to each school district, the department shall also provide the academic growth information to each district public school for the students enrolled in the district public school. Upon receipt of the academic growth information, the principal

of each district public school shall ensure that appropriate educators in the school who work directly with a student have access to the necessary academic growth information concerning that student.

(b) For each school year, the department shall provide to the institute academic growth information for each student enrolled in the institute charter schools, based on the statewide assessment results for the preceding school years. Within ten days after the information is provided to the institute, the department shall also provide the academic growth information to each institute charter school for the students enrolled in the institute charter school. Upon receipt of the academic growth information, the principal of each institute charter school shall ensure that appropriate educators in the school who work directly with a student have access to the necessary academic growth information concerning that student.

(3) The academic growth information required by subsection (2) of this section shall include, but need not be limited to:

(a) Information on whether each student made at least one year's academic growth in one year's time in the preceding school year;

(b) Whether the student made adequate academic growth for the preceding school year as calculated for the student pursuant to subsection (1) of this section;

(c) The longitudinal academic growth calculated for each student to attain catch-up, keep-up, or move-up growth, as described in subsection (1) of this section;

(d) The amount of growth for each student that would result in the student scoring at the partially proficient, proficient, and advanced achievement levels within one, two, and three years; and

(e) School performance indicators as calculated pursuant to section 22-11-204.

(4) The department, school districts, the institute, and public schools shall maintain the confidentiality of each student's statewide assessment scores consistent with the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted in accordance therewith.

(5) The school district or the district charter school or institute charter school in which a student is enrolled shall maintain the academic growth information received from the department pursuant to subsection (2) of this section in the student's individual student record maintained by the school district or by the district charter school or institute charter school.

(6) The department shall provide technical assistance and training to school districts, the institute, and public schools to assist school district, institute, and public school personnel in interpreting, using, and communicating to parents the academic growth information provided pursuant to subsection (2) of this section. The department shall pay the costs of providing technical assistance and training pursuant to this subsection (6) within existing appropriations or from any gifts, grants, or donations received for implementing this section.

(7) The department, upon request, shall make available to qualified researchers the entire longitudinally linked dataset created pursuant to section 22-11-202 and used for generating academic growth information pursuant to this section and for awarding the governor's distinguished improvement awards. For purposes of this subsection (7), qualified researchers shall include, but need not be limited to, institutions of higher education, school districts, and public policy research and advocacy organizations. The department shall provide the data in a format that allows the data to be linked with other publicly available data in the state and shall include all available data regarding student demographics, the state's school identification numbers, and student-level performance data, while protecting the privacy of individual students in a manner consistent with the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted in accordance therewith.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1468, § 1, effective May 21. **L. 2011:** (2) and (3) amended. (HB 11-1277), ch. 306, p. 1474, § 3, effective August 10.

**22-11-204. Performance indicators - measures.** (1) (a) The department shall annually determine the level of attainment of each public school, each school district, the institute, and the state as a whole on each of the following performance indicators:

(I) Student longitudinal academic growth, based on the measures specified in subsection (2) of this section;

(II) Student achievement levels on the statewide assessments, based on the measures specified in subsection (3) of this section; and

(III) Progress made in closing the achievement and growth gaps, based on the measures specified in subsection (5) of this section.

(b) In addition, the department shall annually determine the level of attainment of each public high school, each school district, the institute, and the state as a whole on the postsecondary and workforce readiness performance indicator, based on the measures specified in subsection (4) of this section.

(2) The department shall determine the level of attainment of each public school, each school district, the institute, and the state as a whole on the student longitudinal academic growth indicator by using the following measures:

(a) For students, the department shall calculate the student academic growth percentiles using the Colorado growth model.

(b) For each public school, the department shall calculate:

(I) The percentage of students enrolled in the public school:

(A) Who attain adequate longitudinal growth as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) Who attain move-up growth; and

(C) Who attain statewide median growth; and

(II) The median student growth among students enrolled in the public school.

(c) For each school district and the institute, the department shall calculate:

(I) The percentage of all students enrolled in the district public schools or in the institute charter schools:

(A) Who attain adequate longitudinal academic growth, as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) Who attain move-up growth; and

(C) Who attain statewide median growth; and

(II) The median student growth among students enrolled in the district public schools or in the institute charter schools.

(d) For the state, the department shall calculate:

(I) The percentage of all students enrolled in the public schools in the state:

(A) Who attain adequate longitudinal academic growth, as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) Who attain move-up growth; and

(C) Who attain statewide median growth; and

(II) The median student growth among students enrolled in the public schools in the state.

(3) (a) The department shall determine the level of attainment of each public school, each school district, the institute, and the state as a whole on the performance indicator that concerns student achievement levels on the statewide assessments by using the following measures:

(I) For each student enrolled in a public school in the state, the department shall determine the student's achievement level in the subjects included in the statewide assessments, as demonstrated by the score achieved by the student on the statewide assessments. The state board shall specify the score ranges that constitute each of the achievement levels.

(II) For each public school, the department shall calculate the percentage of students enrolled in the public school at each grade level who score at each of the achievement levels on the statewide assessments in each of the subjects included in the statewide assessments.

(III) For each school district and the institute, the department shall calculate the percentage of all students enrolled in the district public schools or in the institute charter schools who score at each of the achievement levels in the subjects included in the statewide assessments.

(IV) For the state, the department shall calculate the percentage of all students enrolled in the public schools in the state who score at each of the achievement levels in the subjects included in the statewide assessments.

(b) Beginning in the 2013-14 school year, in determining the level of attainment of a public school that includes third and fourth grades, a school district, the institute, and the state as a whole on the performance indicator that concerns student achievement levels, the department shall calculate the percentages of students enrolled in third and fourth grades in the public school, the school district, all institute charter schools, and the state as a whole who were at one time identified as having a significant reading deficiency pursuant to section 22-7-1205 and who score partially proficient, proficient, or advanced on the statewide reading assessment in third or fourth grade. The state board shall adopt rules by which a public school, a school district, and the institute receive additional credit toward their accreditation ratings using the percentages calculated pursuant to this paragraph (b), which additional credit is increased based on the level of performance.

(4) The department shall determine the level of attainment of each public high school, each school district, the institute, and the state as a whole on the postsecondary and workforce readiness indicator by using, at a minimum, the following measures:

(a) For each public high school, the department shall calculate:

(I) The percentages of students enrolled in the eleventh grade in the public high school who score at each achievement level on the standardized, curriculum-based, achievement, college entrance examination administered as a statewide assessment or the percentages of students enrolled in each of the grade levels included in the public high school who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high school;

(II) As soon as the data is available, the percentage of students graduating from the public high school who receive a diploma that includes a postsecondary and workforce readiness endorsement as described in section 22-7-1009 (1) and the percentage who receive a diploma that includes an endorsement for exemplary demonstration of postsecondary and workforce readiness as described in section 22-7-1009 (2); and

(III) The graduation and dropout rates, as defined by rule of the state board.

(b) For each school district and the institute, the department shall calculate:

(I) The overall percentages of students enrolled in the eleventh grade in all of the district public high schools or all institute charter high schools who score at each achievement level on the standardized, curriculum-based, achievement, college entrance examination administered as a statewide assessment or the percentages of students enrolled in each of the grade levels included in the public high schools who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high schools;

(II) Beginning with the first school year for which criteria are adopted pursuant to section 22-7-1009 (1) for awarding diplomas that are endorsed for postsecondary and workforce readiness and for each school year thereafter, the overall percentage of all students graduating from the district public high schools or from the institute charter high schools who receive diplomas that are endorsed for postsecondary and workforce readiness as described in section 22-7-1009 (1) and the percentage who receive diplomas that are endorsed for exemplary demonstration of postsecondary and workforce readiness as described in section 22-7-1009 (2); and

(III) The overall graduation and dropout rates, as defined by rule of the state board, for the district public high schools or the institute charter high schools.

(c) For the state, the department shall calculate:

(I) The percentages of students enrolled in the eleventh grade in public high schools statewide who score at each achievement level on the standardized, curriculum-based, achievement, college entrance examination administered as a statewide assessment or the percentages of students enrolled in each of the grade levels included in the public high

schools statewide who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high schools;

(II) Beginning with the 2011-12 school year and for each school year thereafter, the overall percentage of all students graduating from the public high schools in the state who receive diplomas that are endorsed for postsecondary and workforce readiness as described in section 22-7-1009 (1) and the percentage who receive diplomas that are endorsed for exemplary demonstration of postsecondary and workforce readiness as described in section 22-7-1009 (2); and

(III) The statewide graduation and dropout rates, as defined by rule of the state board, for the public high schools in the state.

(5) The department shall determine the level of attainment of each public school, each school district, the institute, and the state as a whole on the performance indicator that concerns the progress made in closing the achievement and growth gaps by using the following measures:

(a) (I) For each public school, the department shall disaggregate by student group:

(A) The percentages of students enrolled in the public school who attain adequate longitudinal growth as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) The percentage of students enrolled in the public school who attain move-up growth;

(C) The percentage of students enrolled in the public school who attain statewide median growth;

(D) The median student growth attained by students enrolled in the public school;

(E) The percentage of students enrolled in the public school at each grade level who score at each of the achievement levels in each of the subjects included in the statewide assessments; and

(F) For each public high school, the percentage of students enrolled in the eleventh grade in the public high school who score at each achievement level of the standardized, curriculum-based, achievement, college entrance examination or the percentages of students enrolled in each of the grade levels included in the public high school who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high school; the percentages of students graduating from the public high school who receive a diploma that includes a postsecondary and workforce readiness endorsement or an endorsement for exemplary demonstration of postsecondary and workforce readiness; and the graduation and dropout rates.

(II) The department shall compare the percentages and assessment achievement levels across student groups to determine the progress made by the public school in increasing over time each student group's longitudinal academic growth, academic achievement, postsecondary and workforce readiness, and graduation rate, and in decreasing each student group's dropout rate, especially for those student groups who are underperforming in comparison to other groups.

(b) (I) For each school district and the institute, the department shall disaggregate by student group:

(A) The percentages of students enrolled in the district public schools or in the institute charter schools who attain adequate longitudinal growth as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) The percentage of students enrolled in the district public schools or in the institute charter schools who attain move-up growth;

(C) The percentage of students enrolled in the district public schools or in the institute charter schools who attain statewide median growth;

(D) The median student growth attained by students enrolled in the district public schools or in the institute charter schools;

(E) The percentage of students enrolled in the district public schools or in the institute charter schools at each grade level who score at each of the achievement levels in each of the subjects included in the statewide assessments; and

(F) The overall percentage of students enrolled in the eleventh grade in the district public high schools or the institute charter high schools who score at each achievement level of the standardized, curriculum-based, achievement, college entrance examination or the percentages of students enrolled in each of the grade levels included in the public high schools who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high schools; the overall percentages of students graduating from the district public high schools, or the institute charter high schools, who receive a diploma that includes a postsecondary and workforce readiness endorsement or an endorsement for exemplary demonstration of postsecondary and workforce readiness; and the overall graduation and dropout rates for the district public high schools or the institute charter high schools.

(II) The department shall compare the percentages and assessment achievement levels across student groups to determine the progress made by the district public schools or the institute charter schools in increasing over time each student group's longitudinal academic growth, academic achievement, postsecondary and workforce readiness, and graduation rate, and in decreasing each student group's dropout rate, especially for those student groups who are underperforming in comparison to other groups.

(c) (I) For the state, the department shall disaggregate by student group:

(A) The percentages of students enrolled in the public schools in the state who attain adequate longitudinal growth as calculated pursuant to section 22-11-203 (1), including the percentages of students who attain catch-up growth and keep-up growth;

(B) The percentage of students enrolled in the public schools in the state who attain move-up growth;

(C) The percentage of students enrolled in the public schools in the state who attain statewide median growth;

(D) The median student growth attained by students enrolled in the public schools in the state;

(E) The percentage of students enrolled in the public schools in the state at each grade level who score at each of the achievement levels in each of the subjects included in the statewide assessments; and

(F) The percentage of students enrolled in the eleventh grade in the public high schools in the state who score at each achievement level of the standardized, curriculum-based, achievement, college entrance examination or the percentages of students enrolled in each of the grade levels included in the public high schools in the state who score at each achievement level on the postsecondary and workforce readiness assessments administered by the public high schools; the overall percentages of students graduating from the public high schools in the state who receive diplomas that include postsecondary and workforce readiness endorsements or endorsements for exemplary demonstration of postsecondary and workforce readiness; and the overall graduation and dropout rates for the public high schools in the state.

(II) The department shall compare the percentages and assessment achievement levels across student groups to determine the progress made by the public schools in the state in increasing over time each student group's longitudinal academic growth, academic achievement, postsecondary and workforce readiness, and graduation rate, and in decreasing each student group's dropout rate, especially those student groups who are underperforming in comparison to other groups.

(6) Notwithstanding any provision of this section to the contrary:

(a) In calculating the levels of attainment of the performance indicators, the department shall ensure compliance with the federal statutes and regulations and may adjust the calculation methods as necessary to ensure said compliance;

(b) To comply with the privacy requirements of the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g and any other federal requirements, the department may forego the calculations required in this section for a public school or a grade level in which the number of enrolled students is less than a minimum number determined by department policy. If the department does not calculate the levels of attainment of the performance indicators as provided in this section for a public school, the department shall determine an alternate method of measuring the public school's perfor-

mance that is comparable to the provisions of this section and complies with the requirements of federal statutes and regulations.

(c) The department may adjust the calculations specified in this section as necessary to take into account students for whom no score is recorded on the statewide assessments; the standardized, curriculum-based, achievement, college entrance examination; or the post-secondary and workforce readiness assessments.

(7) The department shall report on the data portal the levels of attainment on the performance indicators, as measured pursuant to this section, for each public school in the state, each school district, the institute, and the state as a whole; except that, in reporting data disaggregated by student groups, the department shall not report data for any student group that is smaller than the minimum number of students necessary to protect student privacy, as determined by the department.

**22-11-205. State review panel - creation.** (1) (a) The commissioner shall recruit an appropriate number of highly qualified persons to serve when needed as a state review panel. The commissioner, with the approval of the state board, shall appoint the members of the state review panel to assist the department and the state board as provided in this article.

(b) In appointing the members of the state review panel, the commissioner shall select persons on the basis of demonstrated expertise in one or more of the following fields:

- (I) School district or school leadership or governance;
- (II) Standards-based elementary or secondary curriculum instruction and assessment;
- (III) Instructional data management and analysis;
- (IV) School district, school, or program evaluation;
- (V) Educational program management;
- (VI) Teacher leadership;
- (VII) Organizational management or school district and public school governance;
- (VIII) School district or school budgeting and finance;
- (IX) Any other field that the commissioner deems to be relevant to the review and evaluation of school district, institute, or public school performance or improvement planning.

(2) The commissioner shall convene all or a portion of the state review panel as necessary to carry out the duties specified in this article.

(3) The department may accept and expend moneys received from gifts, grants, or donations to compensate members of the state review panel or reimburse them for expenses incurred in performing their duties pursuant to this article. The department shall not pay compensation or reimbursements if sufficient moneys are not available.

**22-11-206. Accreditation of school districts and institute - contracts - rules.** (1) Pursuant to the authority vested in the state board by section 1 of article IX of the state constitution to exercise general supervision over the public schools in the state, the state board shall annually accredit the school districts and the institute as provided in this article and pursuant to rules adopted by the state board in accordance with this article.

(2) The state board shall enter into an accreditation contract with each local school board and with the institute. Each accreditation contract shall have a term of one year and

shall be automatically renewed each year so long as the school district or the institute remains in the accreditation category of accredited or higher. The parties to each accreditation contract may renegotiate the contract at any time during the term of the contract, based on appropriate and reasonable changes in the circumstances upon which the original contract terms were based. The state board shall promulgate rules specifying the contents and terms of the accreditation contract in accordance with the provisions of this article.

(3) Each accreditation contract shall, at a minimum, address the following elements:

(a) The school district's or institute's level of attainment on the performance indicators, as determined pursuant to section 22-11-204;

(b) The school district's or the institute's adoption and implementation of its performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the school district's or institute's accreditation category;

(c) The school district's implementation of its system for accrediting the district public schools or the institute's implementation of its system for accrediting the institute charter schools; and

(d) The school district's or institute's substantial, good-faith compliance with the provisions of this title and other statutory and regulatory requirements applicable to school districts and the institute.

(4) (a) For purposes of monitoring a school district's or the institute's substantial and good-faith compliance with the provisions of this title and other statutory and regulatory requirements, the department shall obtain assurances from the school district or the institute that it is in compliance with:

(I) The provisions of article 44 of this title concerning budget and financial policies and procedures;

(II) The provisions of article 45 of this title concerning accounting and financial reporting; and

(III) If the accreditation contract involves a school district, the provisions of section 22-32-109.1 concerning school safety.

(b) With regard to statutory and regulatory requirements, other than those specified in paragraph (a) of this subsection (4), that are applicable to school districts, the superintendent of the school district and the local school board members shall affirm that the school district and the district public schools are in substantial, good-faith compliance with the statutory and regulatory requirements. If the department has reason to believe that the school district is not in substantial compliance with one or more of the statutory or regulatory requirements, the department shall notify the local school board that it has ninety days after the date of notice to come into compliance. If, at the end of the ninety-day period, the department finds that the school district is not substantially in compliance with the statutory or regulatory requirements, the school district may be subject to the interventions specified in this article.

(c) With regard to statutory and regulatory requirements, other than those specified in paragraph (a) of this subsection (4), that are applicable to the institute, the members of the institute board and the executive director of the institute shall affirm that the institute and the institute charter schools are in substantial, good-faith compliance with the statutory and regulatory requirements. If the department has reason to believe that the institute is not in substantial compliance with one or more of the statutory or regulatory requirements, the department shall notify the institute that it has ninety days after the date of notice to come into compliance. If, at the end of the ninety-day period, the department finds that the institute is not in substantial compliance with the statutory or regulatory requirements, the institute may be subject to the interventions specified in this article.

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1477, § 1, effective May 21.

**22-11-207. Accreditation categories - criteria - rules.** (1) The state board shall promulgate rules to establish accreditation categories that shall include, but need not be limited to:

(a) “Accredited with distinction”, meaning a school district or the institute meets or exceeds the statewide targets or targets annually set by the school district or the institute or exceeds statewide attainment on the performance indicators and is required to adopt and implement a performance plan as described in section 22-11-303;

(b) “Accredited”, meaning a school district or the institute meets statewide attainment on the performance indicators and is required to adopt and implement a performance plan as described in section 22-11-303;

(c) “Accredited with improvement plan”, meaning the school district or the institute is required to adopt and implement an improvement plan as provided in section 22-11-304;

(d) “Accredited with priority improvement plan”, meaning the school district or the institute is required to adopt and implement a priority improvement plan as provided in section 22-11-305; or

(e) “Accredited with turnaround plan”, meaning the school district or the institute is required to adopt, with the commissioner’s approval, and implement a turnaround plan as provided in section 22-11-306.

(2) The state board shall promulgate rules establishing objective, measurable criteria that the department shall apply in determining the appropriate accreditation category for each school district and the institute, placing the greatest emphasis on attainment of the performance indicators. At a minimum, the rules shall take into consideration:

(a) A school district’s or the institute’s level of attainment of the statewide targets on the performance indicators and the targets annually established by the school district or the institute, including the levels of attainment of the individual district public schools or the institute charter schools in meeting their annual targets;

(b) A school district’s or the institute’s level of attainment of the performance indicators compared with statewide attainment of the performance indicators;

(c) The length of time during which a school district or the institute has been unable to meet the statewide targets or its own targets;

(d) The improvements, changes, and interventions a school district or the institute implements to improve its performance if it is not meeting the statewide targets or its own targets;

(e) The improvements, changes, and interventions a school district or the institute implements in any public school of the district or institute charter school that is required to adopt an improvement, priority improvement, or turnaround plan pursuant to section 22-11-210;

(f) The progress a school district or the institute makes in improving its performance and in moving closer to meeting the statewide targets and its own targets; and

(g) The school district’s or the institute’s compliance with the other requirements specified in the accreditation contract.

(3) In promulgating rules pursuant to this section, the state board shall use clear, understandable language to describe the accreditation categories and the levels of attainment of the performance indicators, with the goal of providing a high degree of transparency in the accreditation process.

(4) The state board by rule shall specify how long a school district or the institute may remain in an accreditation category that is below accredited; except that the state board shall not allow a school district or the institute to remain at accredited with priority improvement plan or below for longer than a total of five consecutive school years before removing the school district’s or the institute’s accreditation as provided in section 22-11-209.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1479, § 1, effective May 21.

#### **22-11-208. Accreditation - annual review - supports and interventions - rules.**

(1) (a) The department shall annually review each school district’s and the institute’s performance and, based on the rules of the state board, determine the appropriate accreditation category for the school district or institute. The department shall notify each school district and the institute of its accreditation category and shall publish each school district’s and the institute’s accreditation category, with supporting data, on the data portal. The

department shall also publish each school district's and the institute's performance, improvement, priority improvement, or turnaround plan, whichever is applicable, on the data portal following adoption of the plan.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), the department may change a school district's or the institute's accreditation category prior to conclusion of the annual performance review if the department determines that the school district or the institute has substantially failed to meet a requirement specified in the accreditation contract and that immediate action is required to protect the interests of the students and parents of students enrolled in the district public schools or the institute charter schools.

(c) In reviewing school districts' and the institute's performance, the department, to the extent possible, shall evaluate the cost effectiveness of intervention strategies implemented by the state, school districts, and the institute in attempting to improve performance in school districts that are in an accreditation category that is lower than accredited or in the institute if it is in an accreditation category that is lower than accredited.

(d) The state board by rule shall establish the time frames in which the department shall review school district and institute performance and determine and report each school district's and the institute's appropriate accreditation category, and the time frames in which the school districts and the institute shall adopt their respective plans and submit them for review and publication on the data portal. A school district with one thousand students or fewer shall only be required to submit a single plan to satisfy the school district and school plan requirements.

(e) The state board shall promulgate rules to ensure a school district's or the institute's right to a hearing before the state board to appeal placement in the accredited with turnaround plan category or removal of accreditation pursuant to section 22-11-209.

(2) The department shall provide technical assistance and support to school districts that are accredited with improvement plan, accredited with priority improvement plan, or accredited with turnaround plan and to the institute if it is accredited at any of those categories. The department shall base the amount of technical assistance and support provided to a school district or the institute on the school district's or institute's degree of need for assistance and the department's available resources. Technical assistance and support may include, but need not be limited to:

(a) Access to data and research to support interpretation of student data, decision-making, and learning;

(b) Consultative services on best practices for improvement and implementation of intervention strategies, including, where appropriate, strategies that address early childhood education and student engagement and re-engagement; and

(c) Evaluation and feedback on the school district's or the institute's improvement, priority improvement, or turnaround plan, whichever is applicable.

(3) The commissioner may assign the state review panel to critically evaluate a school district's priority improvement plan or the institute's priority improvement plan. The commissioner shall assign the state review panel to critically evaluate a school district's turnaround plan or the institute's turnaround plan. Based on its evaluation, the state review panel shall report to the commissioner and the state board recommendations concerning:

(a) Whether the school district's or institute's leadership is adequate to implement change to improve results;

(b) Whether the school district's or institute's infrastructure is adequate to support school improvement;

(c) The readiness and apparent capacity of public school and school district or institute personnel to plan effectively and lead the implementation of appropriate actions to improve student academic performance within the district public schools or the institute charter schools;

(d) The readiness and apparent capacity of public school and school district or institute personnel to engage productively with and benefit from the assistance provided by an external partner;

(e) The likelihood of positive returns on state investments of assistance and support to improve the school district's or institute's performance within the current management structure and staffing; and

(f) The necessity that the school district or institute remain in operation to serve students.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1481, § 1, effective May 21. **L. 2011:** (1)(d) amended, (HB 11-1277), ch. 306, p. 1476, § 6, effective August 10.

**22-11-209. Removal of accreditation - recommendation - review - appeal - rules.**

(1) The department may recommend to the commissioner and the state board that the state board remove a school district's or the institute's accreditation if:

(a) The school district or the institute is accredited with turnaround plan and the department determines that the school district or the institute has failed to make substantial progress under its turnaround plan; or

(b) The school district or the institute has been in the accredited with priority improvement plan category or lower for five consecutive school years; or

(c) (I) The school district or the institute has substantially failed to comply with the provisions of article 44 of this title, concerning budget and financial policies and procedures, or article 45 of this title, concerning accounting and financial reporting; and

(II) The school district or institute has not remedied the noncompliance within ninety days after receipt of notice from the department; and

(III) Loss of accreditation is required to protect the interests of the students and parents of students enrolled in the district public schools or the institute charter schools.

(2) (a) If the department recommends removing accreditation pursuant to this section, the commissioner shall assign the state review panel to critically evaluate the school district's or the institute's performance and to recommend one or more of the following actions:

(I) If the recommendation applies to a school district:

(A) That the school district be reorganized pursuant to article 30 of this title, which reorganization may include consolidation;

(B) That a private or public entity, with the agreement of the school district, take over management of the school district or management of one or more of the district public schools;

(C) That one or more of the district public schools be converted to a charter school;

(D) That one or more of the district public schools be granted status as an innovation school pursuant to section 22-32.5-104 or that the local school board recognize a group of district public schools as an innovation school zone pursuant to section 22-32.5-104; or

(E) That one or more of the district public schools be closed; or

(II) If the recommendation applies to the institute:

(A) That the institute board be abolished and that the governor appoint a new institute board pursuant to section 22-30.5-505;

(B) That a public or private entity take over management of the institute or management of one or more of the institute charter schools; or

(C) That one or more of the institute charter schools be closed.

(b) In its evaluations and recommendations, the state review panel shall consider:

(I) Whether the school district's or institute's leadership is adequate to implement change to improve results;

(II) Whether the school district's or institute's infrastructure is adequate to support school improvement;

(III) The readiness and apparent capacity of public school and school district or institute personnel to plan effectively and lead the implementation of appropriate actions to improve student academic performance within the district public schools or the institute charter schools;

(IV) The readiness and apparent capacity of public school and school district or institute personnel to engage productively with and benefit from the assistance provided by an external partner;

(V) The likelihood of positive returns on state investments of assistance and support to improve the school district's or institute's performance within the current management structure and staffing; and

(VI) The necessity that the school district or institute remain in operation to serve students.

(3) Based on the recommendations of the department, the commissioner, and the state review panel, the state board shall determine whether to remove a school district's or the institute's accreditation. If the state board removes a school district's or the institute's accreditation, the state board shall notify the school district or the institute of the actions the school district or the institute is required to take. After the school district or the institute takes the required actions, the state board shall reinstate the school district's or the institute's accreditation at the accreditation category deemed appropriate by the state board.

(4) The state board shall promulgate rules for the implementation of this section, including but not limited to procedures to ensure a school district's or the institute's right to appeal to the state board before the state board takes final action to remove the school district's or the institute's accreditation pursuant to this section.

**Source: L. 2009:** Entire article R&RE. (SB 09-163), ch. 293, p. 1482, § 1, effective May 21.

**22-11-210. Public schools - annual review - plans - supports and interventions - rules.** (1) (a) The state board shall promulgate rules establishing objective, measurable criteria that the department shall apply in recommending to the state board that a public school shall implement a performance, improvement, priority improvement, or turnaround plan or that a public school shall be subject to restructuring. In promulgating the rules, the state board shall place the greatest emphasis on attainment of the performance indicators. In addition, the rules shall, at a minimum, take into consideration:

(I) A public school's level of attainment of the statewide and school district or institute targets on the performance indicators and the public school's level of attainment of its own annual targets;

(II) A public school's level of attainment of the performance indicators compared with statewide attainment of the performance indicators;

(III) The length of time during which a public school has been unable to meet the statewide targets, the school district or institute targets, or its own targets;

(IV) The improvements, changes, and interventions a public school implements to improve its performance if it is not meeting the statewide targets, the school district or institute targets, or its own targets; and

(V) The progress a public school makes in improving its performance and in moving closer to meeting the statewide targets, the school district or institute targets, and its own targets.

(b) Notwithstanding any provision of paragraph (a) of this subsection (1) to the contrary, the state board shall promulgate rules establishing objective, measurable criteria that the department shall apply in recommending to the state board that an alternative education campus implement a performance, improvement, priority improvement, or turnaround plan or that an alternative education campus shall be subject to restructuring. The state board, in adopting the criteria for evaluating the performance of an alternative education campus, and the department, in applying the criteria, shall take into account the unique purposes of the campuses and the unique circumstances of and challenges posed by the students enrolled in the campuses.

(c) In promulgating rules pursuant to this subsection (1), the state board shall use clear, understandable language to describe the criteria for determining the type of plan that a public school shall implement and the levels of attainment of the performance indicators, with the goal of providing a high degree of transparency in the public school performance review process.

(d) The state board by rule shall specify how long a public school may implement an improvement, priority improvement, or turnaround plan; except that the state board shall not allow a public school to continue implementing a priority improvement or turnaround plan for longer than a combined total of five consecutive school years before requiring the school district or the institute to restructure or close the public school.

(e) The state board by rule shall establish the time frames within which the department shall review each public school's performance, submit recommendations to the state board, and report to the public school and to the school's local school board or the institute the state board's determination regarding the type of plan the public school shall implement. The state board shall also establish by rule the time frames within which the public schools, or the public schools' local school boards or the institute board as appropriate, shall adopt the school plans and submit them to the department. The department shall publish each public school's plan on the data portal with the public school's accreditation category, identified by the local school board or the institute, and supporting data.

(f) In reviewing public schools' performance, the department, to the extent possible, shall evaluate the cost effectiveness of intervention strategies implemented by the state, school districts, the institute, and the public schools in attempting to improve performance in public schools that are implementing school improvement, priority improvement, or turnaround plans.

(2) (a) The department shall annually review each public school's performance and, based on the rules of the state board, recommend to the state board that the public school shall implement a performance, improvement, priority improvement, or turnaround plan for the coming school year. Based on the department's recommendation, the state board shall notify the local school board for the public school, or the institute if the public school is an institute charter school, regarding the type of plan the public school shall implement. The local school board or the institute shall place the public school in the district or institute accreditation category that correlates to the public school's plan, based on the school district's or institute's school accreditation process.

(b) Notwithstanding any provision of this article to the contrary, a school district with one thousand students or fewer may submit a single plan to satisfy the school district and school plan requirements, so long as the plan meets all state and federal requirements for school and district plans. A school district with more than one thousand but fewer than one thousand two hundred students may, upon request and at the department's discretion, submit a single plan to satisfy the school district and school plan requirements, so long as the plan meets all state and federal requirements for school and district plans.

(3) At the request of a district public school's local school board, or at the institute's request for an institute charter school, the department shall provide technical assistance and support to the public school, local school board, or institute in preparing and implementing the public school's improvement, priority improvement, or turnaround plan. The department shall base the amount of technical assistance and support provided to a public school, the local school board, or the institute on the school's degree of need for assistance and the department's available resources. Technical assistance and support may include, but need not be limited to:

(a) Access to data and research to support interpretation of student data, decision-making, and learning;

(b) Consultative services on best practices for improvement and implementation of intervention strategies, including, where appropriate, strategies that address early childhood education and student engagement and re-engagement; and

(c) Evaluation and feedback on the public school's plan.

(4) The commissioner may assign the state review panel to critically evaluate a public school's priority improvement plan and shall assign the state review panel to critically evaluate a public school's turnaround plan. Based on its evaluation, the state review panel shall report to the commissioner and the state board recommendations concerning:

(a) Whether the public school's leadership is adequate to implement change to improve results;

(b) Whether the public school's infrastructure is adequate to support school improvement;

(c) The readiness and apparent capacity of the public school's personnel to plan effectively and lead the implementation of appropriate actions to improve student academic performance within the school;

(d) The readiness and apparent capacity of the public school's personnel to engage productively with and benefit from the assistance provided by an external partner;

(e) The likelihood of positive returns on state investments of assistance and support to improve the public school's performance within the current management structure and staffing; and

(f) The necessity that the public school remain in operation to serve students.

(5) (a) If a public school fails to make adequate progress under its turnaround plan or continues to operate under a priority improvement or turnaround plan for a combined total of five consecutive school years, the commissioner shall assign the state review panel to critically evaluate the public school's performance and determine whether to recommend:

(I) With regard to a district public school that is not a charter school, that the district public school should be managed by a private or public entity other than the school district;

(II) With regard to a district or institute charter school, that the public or private entity operating the charter school or the governing board of the charter school should be replaced by a different public or private entity or governing board;

(III) With regard to a district public school, that the district public school be converted to a charter school if it is not already authorized as a charter school;

(IV) With regard to a district public school, that the district public school be granted status as an innovation school pursuant to section 22-32.5-104; or

(V) That the public school be closed or, with regard to a district charter school or an institute charter school, that the public school's charter be revoked.

(b) The state review panel shall present its recommendations to the commissioner and to the state board. Taking the recommendations into account, the state board shall determine which of the actions described in paragraph (a) of this subsection (5) the local school board for a district public school or the institute for an institute charter school shall take regarding the public school and direct the local school board or institute accordingly.

(6) If a public school is restructured, the department, to the extent possible, shall track the students enrolled in the public school in the school year preceding the restructuring to determine whether the students reenroll in the public school the following school year or transfer to another public school of the school district, an institute charter school, or a public school of another school district in the state. The department shall provide the student tracking information, without personally identifying the students, to the local school board or the institute upon request.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1485, § 1, effective May 21. **L. 2011:** (2) amended, (HB 11-1277), ch. 306, p. 1476, § 7, effective August 10.

## PART 3

### SCHOOL DISTRICT AND INSTITUTE ACCOUNTABILITY

#### **22-11-301. School district accountability committees - creation - membership.**

(1) Each local school board shall appoint or create a process for the election of a school district accountability committee that shall consist of:

(a) At least three parents of students enrolled in the district public schools;

(b) At least one teacher who is employed by the school district;

(c) At least one school administrator who is employed by the school district; and

(d) At least one person who is involved in business in the community within the school district boundaries.

(2) (a) A person may not be appointed or elected to fill more than one of the member positions required in subsection (1) of this section in a single term.

(b) If a local school board chooses to increase the number of persons on the school district accountability committee, it shall ensure that the number of parents appointed or

elected to the committee pursuant to paragraph (a) of subsection (1) of this section exceeds the number of representatives from the group with the next highest representation.

(c) (I) Except as otherwise provided in subparagraph (II) of this paragraph (c), a parent shall not be eligible to serve on a school district accountability committee if he or she is employed by, or is a relative of a person who is employed by, the school district, including being employed at a public school of the school district.

(II) If a school district makes a good faith effort but is unable to identify a sufficient number of parents who are willing to serve on a school district accountability committee and who are not excluded from serving as provided in subparagraph (I) of this paragraph (c), one or more parents who are employed by, or are related to a person who is employed by, the school district, including being employed at a public school of the school district, may serve on the school district accountability committee.

(III) As used in this paragraph (c), unless the context otherwise requires, “related” or “relative” means a person’s spouse, son, daughter, sister, brother, mother, or father.

(3) If a local school board appoints the members of the school district accountability committee, the local school board, to the extent practicable, shall ensure that the parents who are appointed reflect the student populations that are significantly represented within the school district. Said student populations may include, but need not be limited to:

- (a) Students who are members of non-Caucasian races;
- (b) Students who are eligible for free or reduced-cost lunch through the federal “National School Lunch Act”, 42 U.S.C. sec. 1751 et seq.;
- (c) Students with limited English proficiency, as defined in section 22-24-103 (4);
- (d) Students who are migrant children, as defined in section 22-23-103 (2);
- (e) Students who are identified as children with disabilities pursuant to section 22-20-108; and

(f) Students who are identified as gifted children as defined in section 22-20-202 (6).

(4) If a local school board appoints the members of the school district accountability committee, the local school board, to the extent practicable, shall ensure that:

(a) At least one of the parents appointed to the committee is the parent of a student enrolled in a charter school authorized by the local school board, if the local school board has authorized any charter schools; and

(b) At least one of the persons appointed to the committee has a demonstrated knowledge of charter schools.

(5) The members of each school district accountability committee shall select from among the parent representatives serving on the committee a member to serve as chair or co-chair of the committee. The local school board shall establish the length of term for which the committee chair or co-chair shall serve.

**Editor’s note:** This section, as it existed prior to 2009, was relocated to § 22-11-601.

## **22-11-302. School district accountability committees - powers and duties.**

(1) Each school district accountability committee shall have the following powers and duties:

(a) To recommend to its local school board priorities for spending school district moneys. Whenever the school district accountability committee recommends spending priorities, it shall make reasonable efforts to consult in a substantive manner with the school accountability committees of the school district. The local school board shall consider the school district accountability committee’s recommendations in adopting the school district budget for each fiscal year pursuant to article 44 of this title.

(b) To advise its local school board concerning preparation of, and annually submit to the local school board recommendations regarding the contents of, a district performance, improvement, priority improvement, or turnaround plan, whichever is required based on the school district’s accreditation category. In advising and preparing the recommendations, the

school district accountability committee shall make reasonable efforts to consult in a substantive manner with the school accountability committees of the school district and shall compile and submit to the local school board the school performance, improvement, priority improvement, and turnaround plans submitted by the school accountability committees pursuant to sections 22-11-403 to 22-11-406.

(c) If the local school board receives a charter school application, to review the charter application prior to consideration by the local school board as provided in section 22-30.5-107 (1);

(d) To provide input and recommendations on an advisory basis to principals concerning the development and use of assessment tools used for the purpose of measuring and evaluating student academic growth as it relates to teacher evaluations;

(e) To consider input and recommendations from the school accountability committee of each school of the school district to facilitate the evaluation of the performance of the school's principal for the purposes of article 9 of this title; and

(f) To provide input to the local school board concerning the creation and enforcement of its school conduct and discipline code.

(2) The local school board and the school district accountability committee shall, at least annually, cooperatively determine the areas and issues, in addition to budget issues, that the school district accountability committee shall study and concerning which the committee may make recommendations to the local school board.

(2) For the legislative declaration in the 2012 act amending subsection (1)(e) and adding subsection (1)(f), see section 21 of chapter 188, Session Laws of Colorado 2012.

**22-11-303. Accredited or accredited with distinction - performance plan - school district or institute - contents - adoption.** (1) (a) In accordance with time frames specified in state board rules, each local school board that is accredited or accredited with distinction shall annually adopt a performance plan for the school district as described in subsection (3) of this section.

(b) The school district accountability committee for the school district shall advise the local school board concerning preparation of the district performance plan and make recommendations to the local school board concerning the contents of the district performance plan. In advising and making its recommendations, the school district accountability committee shall take into account and incorporate any district public school performance, improvement, priority improvement, or turnaround plans received pursuant to sections 22-11-403 to 22-11-406. The local school board shall create and adopt the district performance plan, taking into account the advice and recommendations of the school district accountability committee.

(c) The local school board shall submit the adopted district performance plan to the department for publication on the data portal and shall ensure that the district performance plan is in effect for the school district and the district public schools within the time frames specified in state board rule. The local school board shall also make copies of the district performance plan available to members of the public upon request.

(2) (a) In accordance with time frames specified in state board rules, the institute board, if it is accredited or accredited with distinction, shall annually adopt an institute performance plan as described in subsection (3) of this section.

(b) Prior to creating the institute performance plan, the institute shall compile the institute charter school performance, improvement, priority improvement, and turnaround plans prepared for each institute charter school pursuant to sections 22-11-403 to 22-11-406. The institute shall take the compilation of plans into account in creating and adopting the institute performance plan.

(c) The institute shall submit the adopted institute performance plan to the department for publication on the data portal and shall ensure that the institute performance plan is in effect for the institute and the institute charter schools within the time frames specified in state board rule. The institute shall also make copies of the institute performance plan available to members of the public upon request.

(3) A district or institute performance plan shall be designed to raise the academic performance of students enrolled in the school district or in the institute charter schools and to ensure that the school district or the institute, following the next annual accreditation review, attains a higher accreditation category or remains in the same accreditation category if the school district or institute is accredited with distinction. At a minimum, each district and institute performance plan shall:

(a) Set, reaffirm, or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) Identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set, reaffirm, or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends for district public schools as a group and individually or for institute charter schools as a group and individually in the levels of attainment by the public schools as a group and individually on the performance indicators;

(c) Assess and prioritize the issues and needs for the school district and for the individual district public schools or for the institute and for the individual institute charter schools that must be addressed to raise the levels of attainment on the performance indicators by the district public schools or the institute charter schools and to improve school readiness in district public schools or institute charter schools that serve students in preschool and kindergarten;

(d) Identify specific, research-based strategies to address the needs and issues identified pursuant to paragraph (c) of this subsection (3);

(e) Identify the local, state, and federal resources that the school district or the institute will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the accreditation process pursuant to part 2 of this article.

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1491, § 1, effective May 21. L. 2012: (3)(a.5) amended. (HB 12-1238), ch. 180, p. 668, § 5, effective July 1.

**Editor's note:** This section, as it existed prior to 2009, was relocated to § 22-11-604.

**22-11-304. Accredited with improvement plan - school district or institute - plan contents - adoption.** (1) (a) In accordance with the time frames specified in state board rule, each school district that is accredited with improvement plan shall annually adopt and implement a district improvement plan as described in subsection (3) of this section.

(b) The school district accountability committee for the school district shall advise the local school board concerning preparation of the district improvement plan and make recommendations to the local school board concerning the contents of the district improvement plan. In advising and making its recommendations, the school district accountability

committee shall take into account and incorporate any district public school performance, improvement, priority improvement, or turnaround plans received pursuant to sections 22-11-403 to 22-11-406. The local school board shall create and adopt the district improvement plan, taking into account the advice and recommendations of the school district accountability committee.

(c) The local school board shall submit the adopted district improvement plan to the department for publication on the data portal and shall ensure that the district improvement plan is in effect for the school district and the district public schools within the time frames specified in state board rule. The local school board shall also make copies of the district improvement plan available to members of the public upon request.

(2) (a) If the institute is accredited with improvement plan, the institute board shall, in accordance with the time frames specified in state board rule, adopt and implement an institute improvement plan as described in subsection (3) of this section. In preparing the institute improvement plan, the institute board shall take into account and incorporate any institute charter school performance, improvement, priority improvement, and turnaround plans received pursuant to sections 22-11-403 to 22-11-406.

(b) The institute shall submit the adopted institute improvement plan to the department for publication on the data portal and shall ensure that the institute improvement plan is in effect for the institute and the institute charter schools within the time frames specified by state board rule. The institute shall also make copies of the institute improvement plan available to members of the public upon request.

(3) A district improvement plan or an institute improvement plan shall be designed to ensure that the school district or the institute improves its performance to the extent that, following completion of its next annual accreditation review, the school district or the institute attains a higher accreditation category. At a minimum, a district improvement plan or an institute improvement plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) Identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends for district public schools as a group and individually or for institute charter schools as a group and individually in the levels of attainment by the public schools as a group and individually on the performance indicators;

(c) Assess and prioritize the issues and needs of the district or institute and of the district public schools or institute charter schools that must be addressed to raise the levels of attainment on the performance indicators by the district public schools or institute charter schools and to improve school readiness in district public schools or institute charter schools that serve students in preschool and kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (3);

(e) Identify the local, state, and federal resources that the school district or the institute will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the accreditation process pursuant to part 2 of this article.

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1492, § 1, effective May 21. L. 2012: (3)(a.5) added, (HB 12-1238), ch. 180, p. 669, § 6, effective July 1.

**Editor's note:** This section, as it existed prior to 2009, was relocated to § 22-11-605.

**22-11-305. Accredited with priority improvement plan - school district or institute - plan contents - adoption.** (1) (a) In accordance with the time frames specified in state board rule, each school district that is accredited with priority improvement plan shall annually adopt and implement a district priority improvement plan as described in subsection (3) of this section.

(b) The school district accountability committee for the school district shall advise the local school board concerning preparation of the district priority improvement plan and make recommendations to the local school board concerning the contents of the district priority improvement plan. In advising and making its recommendations, the school district accountability committee shall take into account and incorporate any district public school performance, improvement, priority improvement, or turnaround plans received pursuant to sections 22-11-403 to 22-11-406. The local school board shall create and adopt the district priority improvement plan, taking into account the advice and recommendations of the school district accountability committee.

(c) The commissioner, subject to available appropriations, may assign the state review panel to critically evaluate the district priority improvement plan and recommend to the commissioner modifications to the plan. The commissioner may recommend to the local school board modifications to the district priority improvement plan, taking into consideration any recommendations of the state review panel.

(d) The local school board shall submit the adopted district priority improvement plan to the department for publication on the data portal and shall ensure that the district priority improvement plan is in effect for the school district and the district public schools within the time frames specified in state board rule. The local school board shall also make copies of the district priority improvement plan available to members of the public upon request.

(2) (a) If the institute is accredited with priority improvement plan, the institute board shall, in accordance with the time frames specified in state board rule, adopt and implement an institute priority improvement plan as described in subsection (3) of this section. In preparing the institute priority improvement plan, the institute board shall take into account and incorporate any institute charter school performance, improvement, priority improvement, and turnaround plans received pursuant to sections 22-11-403 to 22-11-406.

(b) The commissioner, subject to available appropriations, may assign the state review panel to critically evaluate the institute priority improvement plan and recommend to the commissioner modifications to the plan. The commissioner may recommend to the institute modifications to the institute priority improvement plan, taking into consideration any recommendations of the state review panel.

(c) The institute shall submit the adopted institute priority improvement plan to the department for publication on the data portal and shall ensure that the institute priority improvement plan is in effect for the institute and the institute charter schools within the time frames specified by state board rule. The institute shall also make copies of the institute priority improvement plan available to members of the public upon request.

(3) A district priority improvement plan or an institute priority improvement plan shall be designed to ensure that the school district or the institute improves its performance to the extent that, following completion of its next annual accreditation review, the school district or the institute attains a higher accreditation category. At a minimum, a district priority improvement plan or an institute priority improvement plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) Identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends for district public schools as a group and individually or for institute charter schools as a group and individually in the levels of attainment by the public schools as a group and individually on the performance indicators;

(c) Assess and prioritize the issues and needs of the district or institute and of the district public schools or institute charter schools that must be addressed to raise the levels of attainment on the performance indicators by the district public schools or institute charter schools and to improve school readiness in district public schools or institute charter schools that serve students in preschool and kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (3);

(e) Identify the local, state, and federal resources that the school district or the institute will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the accreditation process pursuant to part 2 of this article.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1494, § 1, effective May 21. **L. 2012:** (3)(a.5) added, (HB 12-1238), ch. 180, p. 669, § 7, effective July 1.

**Editor's note:** This section, as it existed prior to 2009, was relocated to § 22-11-603.

**22-11-306. Accredited with turnaround plan - school district or institute - plan content - adoption.** (1) (a) In accordance with the time frames specified in state board rule, each school district that is accredited with turnaround plan shall annually adopt and implement a district turnaround plan as described in subsection (3) of this section.

(b) The school district accountability committee for the school district shall advise the local school board concerning preparation of the district turnaround plan and make recommendations to the local school board concerning the contents of the district turnaround plan. In advising and making its recommendations, the school district accountability committee shall take into account and incorporate any district public school performance, improvement, priority improvement, or turnaround plans received pursuant to sections 22-11-403 to 22-11-406. The local school board shall create and adopt the district turnaround plan, taking into account the advice and recommendations of the school district accountability committee.

(c) Within the time frames specified in state board rule, the local school board shall submit the adopted district turnaround plan to the commissioner for review by the state review panel. The state review panel shall critically evaluate the adopted district turnaround plan and make recommendations to the commissioner and the state board concerning the issues specified in section 22-11-208 (3). The commissioner may approve the adopted district turnaround plan or suggest modifications to the plan, taking into consideration any recommendations of the state review panel. The local school board shall revise the adopted district turnaround plan, if necessary, and resubmit the plan for approval within the time frames specified by state board rule.

(d) The local school board shall submit the final, approved district turnaround plan to the department for publication on the data portal and shall ensure that the final, approved district turnaround plan is in effect for the school district and the district public schools within the time frames specified in state board rule. The local school board shall also make copies of the final, approved district turnaround plan available to members of the public upon request.

(2) (a) If the institute is accredited with turnaround plan, the institute board shall, in accordance with the time frames specified in state board rule, adopt and implement an institute turnaround plan as described in subsection (3) of this section. In preparing the institute turnaround plan, the institute board shall take into account and incorporate any institute charter school performance, improvement, priority improvement, and turnaround plans received pursuant to sections 22-11-403 to 22-11-406.

(b) Within the time frames specified in state board rule, the institute shall submit the adopted institute turnaround plan to the commissioner for review by the state review panel.

The state review panel shall critically evaluate the adopted institute turnaround plan and make recommendations to the commissioner and the state board concerning the issues specified in section 22-11-208 (3). The commissioner shall approve the adopted institute turnaround plan or suggest modifications to the plan, taking into consideration any recommendations of the state review panel. The institute shall revise the adopted institute turnaround plan, if necessary, and resubmit the plan for approval within the time frames specified by state board rule.

(c) The institute shall submit the final, approved institute turnaround plan to the department for publication on the data portal and shall ensure that the final, approved institute turnaround plan is in effect for the institute and the institute charter schools within the time frames specified by state board rule. The institute shall also make copies of the final, approved institute turnaround plan available to members of the public upon request.

(3) A district turnaround plan or an institute turnaround plan shall be designed to ensure that the school district or the institute improves its performance to the extent that, following completion of its next annual accreditation review, the school district or the institute attains a higher accreditation category. At a minimum, a district turnaround plan or an institute turnaround plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) Identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the school district, including the district public schools, or the institute, including the institute charter schools, shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends for district public schools as a group and individually or for institute charter schools as a group and individually in the levels of attainment by the public schools as a group and individually on the performance indicators;

(c) Assess and prioritize the issues and needs of the district or institute and of the district public schools or institute charter schools that must be addressed to raise the levels of attainment on the performance indicators by the district public schools or institute charter schools and to improve school readiness in district public schools or institute charter schools that serve students in preschool and kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (3), which strategies shall, at a minimum, include one or more of the following:

(I) Employing a lead turnaround partner that uses research-based strategies and has a proven record of success working with schools under similar circumstances, which turnaround partner shall be immersed in all aspects of developing and collaboratively executing the turnaround plan and shall serve as a liaison to other school partners;

(II) Reorganizing the oversight and management structure within the school district or the institute to provide greater, more effective support for public schools;

(III) For a school district, recognizing individual district public schools as innovation schools or clustering district public schools with similar governance or management structures into one or more innovation school zones and seeking designation as a district of innovation pursuant to article 32.5 of this title;

(IV) Hiring an entity that uses research-based strategies and has a proven record of success working with schools under similar circumstances to operate one or more district public schools or institute charter schools pursuant to a contract with the local school board or the institute;

(V) For a school district, converting one or more district public schools to charter schools;

(VI) For the institute, renegotiating and significantly restructuring an institute charter school's charter contract;

(VII) Closing district public schools or institute charter schools; and

(VIII) Other actions of comparable or greater significance or effect;

(e) Identify the local, state, and federal resources that the school district or the institute will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the accreditation process pursuant to part 2 of this article.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1496, § 1, effective May 21. **L. 2011:** (1)(c) amended, (HB 11-1277), ch. 306, p. 1474, § 4, effective August 10. **L. 2012:** (3)(a.5) added, (HB 12-1238), ch. 180, p. 669, § 8, effective July 1.

**22-11-307. Accreditation of public schools.** (1) The local school board for each school district shall adopt policies for accreditation of the district public schools. The institute board shall adopt policies for accreditation of the institute charter schools. Each school district's and the institute's school accreditation policies, at a minimum, shall include:

(a) The use of accreditation contracts that are comparable to the accreditation contract between a school district or the institute and the state board, as described in section 22-11-206;

(b) Accreditation categories that are comparable to the accreditation categories for school districts and the institute specified in section 22-11-207;

(c) Determination of a public school's accreditation category based on the public school's level of attainment of the performance indicators; and

(d) Adoption and implementation of school performance, improvement, priority improvement, and turnaround plans as required by the state board pursuant to section 22-11-210 (1) and as described in sections 22-11-403 to 22-11-406.

(2) In adopting its school accreditation policies, a local school board or the institute board may choose to be more rigorous in expectations and in the imposition of remedial actions than the system for accreditation of school districts and the institute specified in the provisions of part 2 of this article and the rules adopted pursuant to said part 2.

(2.5) In adopting its school accreditation policies for its on-line programs and on-line schools, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), a local school board or the institute board shall include a review of the on-line program's or school's alignment to the quality standards outlined in section 22-30.7-105 (3) (b).

(3) Each local school board shall annually assign each of its district public schools to an accreditation category that correlates with the type of plan that the department determines, pursuant to section 22-11-210, the district public school is required to adopt. The institute shall annually assign each institute charter school to an accreditation category that correlates with the type of plan that the department determines, pursuant to section 22-11-210, the institute charter school is required to adopt.

(4) If, pursuant to section 22-11-210 (5), the state board directs a local school board or the institute to restructure or close a public school, the local school board or the institute shall work with the department to implement the state board's directions.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1498, § 1, effective May 21. **L. 2011:** (2.5) added, (HB 11-1277), ch. 306, p. 1499, § 23, effective August 10. **L. 2012:** (2.5) amended, (HB 12-1240), ch. 258, p. 1314, § 23, effective June 4.

## PART 4

### SCHOOL ACCOUNTABILITY

#### **22-11-401. School accountability committee - creation - qualifications - elections.**

(1) (a) Each district public school and each institute charter school shall establish a

school accountability committee. Each school accountability committee shall consist of at least seven members as follows:

- (I) The principal of the school or the principal's designee;
- (II) At least one teacher who provides instruction at the school;
- (III) At least three parents or legal guardians of students enrolled in the school;
- (IV) At least one adult member of an organization of parents, teachers, and students recognized by the school; and
- (V) At least one person from the community.

(b) The local school board or the institute shall determine the actual number of persons on the school accountability committee and the method for selecting the members of the school accountability committee. If the local school board or the institute chooses to increase the number of persons on the school accountability committee, it shall ensure that the number of parents, as described in subparagraph (III) of paragraph (a) of this subsection (1), on the committee exceeds the number of representatives from the group with the next highest representation.

(c) A person may not be selected to fill more than one of the member positions required in paragraph (a) of this subsection (1) in a single term.

(d) If the local school board or the institute determines that the members of a school accountability committee should be appointed, the appointing authority shall, to the extent practicable, appoint persons to serve on the school accountability committee who reflect the student populations that are significantly represented within the school. If the local school board or the institute determines that persons shall be elected to serve on the school accountability committee, the school principal shall encourage persons who reflect the student populations that are significantly represented within the school to seek election to the committee. Said student populations may include, but need not be limited to:

- (I) Students who are members of non-Caucasian races;
- (II) Students who are eligible for free or reduced-cost lunch through the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.;
- (III) Students with limited English proficiency, as defined in section 22-24-103 (4);
- (IV) Students who are migrant children, as defined in section 22-23-103 (2);
- (V) Students who are identified as children with disabilities pursuant to section 22-20-108; and
- (VI) Students who are identified as gifted children, as defined in section 22-20-202 (6).

(2) The members of each school accountability committee shall annually select from among the parent representatives elected to the committee a member to serve as chair or co-chair of the committee.

(3) If a vacancy arises on a school accountability committee because of a member's resignation or disqualification or for any other reason, the remaining members of the school accountability committee shall fill the vacancy by majority action.

(4) Notwithstanding any provision of this section to the contrary:

(a) If, after making good-faith efforts, a principal or an organization of parents, teachers, and students is unable to find a sufficient number of persons who are willing to serve on the school accountability committee, the principal, with advice from the organization of parents, teachers, and students, may establish an alternative membership plan for the school accountability committee, which plan shall reflect the membership specified in paragraph (a) of subsection (1) of this section as much as practicable;

(b) The members of the governing board of a district charter school or an institute charter school may serve as members of the school accountability committee;

(c) In a school district with five hundred or fewer enrolled students, a member of the local school board may serve on a school accountability committee, and the district accountability committee may serve as a school accountability committee.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1499, § 1, effective May 21. **L. 2010:** (1)(d)(III) amended, (SB 10-062), ch. 168, p. 595, § 11, effective April 29. **L. 2011:** (1)(d)(VI) amended, (HB 11-1077), ch. 30, p. 85, § 15, effective August 10.

**22-11-402. School accountability committee - powers and duties - meetings.**

(1) Each school accountability committee shall have the following powers and duties:

(a) To recommend to the principal of its school priorities for spending school moneys. The principal shall consider the school accountability committee's recommendations regarding spending state, federal, local, or private grants and any other discretionary moneys and take them into account in formulating budget requests for presentation to the local school board, if the school is a district public school, other than a charter school, or in creating the school budget if the school is a district or institute charter school. The school accountability committee for a district public school shall send a copy of its recommended spending priorities to the school district accountability committee and to the local school board.

(b) To advise the principal of the public school and, in the case of a district public school, the superintendent of the school district concerning the preparation of a school performance or improvement plan, if either is required pursuant to section 22-11-210, and to submit recommendations to the principal, and superintendent if applicable, concerning the contents of the performance or improvement plan;

(c) To advise the local school board or the institute concerning the preparation of a school priority improvement or turnaround plan, if either is required pursuant to section 22-11-210, and to submit recommendations to the local school board or the institute concerning the contents of the priority improvement or turnaround plan;

(d) To meet at least quarterly to discuss whether school leadership, personnel, and infrastructure are advancing or impeding implementation of the public school's performance, improvement, priority improvement, or turnaround plan, whichever is applicable, or other progress pertinent to the public school's accreditation contract with the local school board or the institute;

(e) To provide input and recommendations on an advisory basis to district accountability committees and district administration concerning:

(I) Principal development plans for their principal pursuant to section 22-9-106; and

(II) Principal evaluations conducted pursuant to section 22-9-106.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1501, § 1, effective May 21. **L. 2010:** (1)(e) added, (SB 10-191), ch. 241, p. 1070, § 9, effective May 20.

**22-11-403. School performance plan - contents.** (1) (a) If the state board, pursuant to section 22-11-210, directs a district public school to adopt a performance plan, the school principal and the school district superintendent, or his or her designee, in accordance with time frames specified in state board rules, shall adopt a school performance plan, as described in subsection (3) of this section, for the district public school.

(b) The school accountability committee for the district public school shall advise the principal concerning preparation of the performance plan and make recommendations to the principal concerning the contents of the school performance plan. The principal, with the approval of the superintendent or his or her designee, shall create and adopt the school performance plan, taking into account the advice and recommendations of the school accountability committee.

(c) The school district accountability committee shall include the adopted school performance plan in the compilation prepared pursuant to section 22-11-302 (1), and the local school board shall consider the adopted school performance plan in developing the budget required by section 22-44-108. The principal and the superintendent or his or her designee shall ensure that the school performance plan is in effect for the district public school within the time frames established in state board rules.

(2) (a) If the state board, pursuant to section 22-11-210, directs an institute charter school to adopt a performance plan, the school principal, in accordance with time frames specified in state board rules, shall adopt a school performance plan, as described in subsection (3) of this section, for the institute charter school.

(b) The school accountability committee for the institute charter school shall advise the principal concerning preparation of the performance plan and make recommendations to the principal concerning the contents of the school performance plan. The principal shall create

and adopt the school performance plan, taking into account the advice and recommendations of the school accountability committee.

(c) The institute shall include the adopted school performance plan in the compilation prepared pursuant to section 22-11-303 (2) (b). The principal shall ensure that the school performance plan is in effect for the institute charter school within the time frames established in state board rules.

(3) A school performance plan shall be designed to raise the academic performance of students enrolled in the public school and to ensure that the public school, following the next annual performance review, attains a higher accreditation category or remains in the same accreditation category if the public school is already accredited by the school district or the institute at the highest level. At a minimum, each school performance plan shall:

(a) Set, reaffirm, or revise, as appropriate, ambitious but attainable targets that the public school shall attain on the performance indicators. The principal and school district superintendent, or his or her designee, shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) If the public school serves students in kindergarten and first, second, and third grades, identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set, reaffirm, or revise, as appropriate, ambitious but attainable targets that the public school shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends in the levels of attainment by the public school on the performance indicators;

(c) Assess and prioritize the issues and needs at the public school that must be addressed to raise the levels of attainment on the performance indicators by the public school and to improve school readiness, if the public school serves students in preschool or kindergarten;

(d) Identify specific, research-based strategies to address the needs and issues identified pursuant to paragraph (c) of this subsection (3);

(e) Identify the local, state, and federal resources that the public school will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the performance review pursuant to section 22-11-210.

(4) The local school board, on behalf of a district public school, or the institute, on behalf of an institute charter school, shall submit the school performance plan to the department for publication on the data portal. The public school shall make copies of the school performance plan available to members of the public upon request.

**22-11-404. School improvement plan - contents.** (1) (a) If the state board, pursuant to section 22-11-210, directs a district public school to adopt an improvement plan, the school principal and the school district superintendent, or his or her designee, in accordance with time frames specified in state board rules, shall adopt a school improvement plan, as described in subsection (3) of this section, for the district public school.

(b) The school accountability committee for the district public school shall advise the principal concerning preparation of the school improvement plan and shall make recommendations to the principal concerning the contents of the school improvement plan. The principal, with the approval of the superintendent or his or her designee, shall create and adopt the school improvement plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school improvement plan, the principal shall hold a public hearing to review the plan as required in section 22-32-142 (2).

(c) The school district accountability committee shall include the adopted school improvement plan in the compilation prepared pursuant to section 22-11-302 (1), and the local school board shall consider the adopted school improvement plan in developing the

budget required by section 22-44-108. The principal and the superintendent, or his or her designee, shall ensure that the school improvement plan is in effect for the district public school within the time frames established in state board rules.

(2) (a) If the state board, pursuant to section 22-11-210, directs an institute charter school to adopt an improvement plan, the school principal, in accordance with time frames specified in state board rules, shall adopt a school improvement plan, as described in subsection (3) of this section, for the institute charter school.

(b) The school accountability committee for the institute charter school shall advise the principal concerning preparation of the school improvement plan and shall make recommendations to the principal concerning the contents of the school improvement plan. The principal shall create and adopt the school improvement plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school improvement plan, the principal shall hold a public hearing to review the plan as required in section 22-30.5-520 (2).

(c) The institute shall include the adopted school improvement plan in the compilation prepared pursuant to section 22-11-303 (2) (b). The principal shall ensure that the school improvement plan is in effect for the institute charter school within the time frames established in state board rules.

(3) A school improvement plan shall be designed to raise the academic performance of students enrolled in the public school and to ensure that the public school, following the next annual performance review, attains a higher accreditation category. At a minimum, each school improvement plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the public school shall attain on the performance indicators. The principal and school district superintendent, or his or her designee, shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) If the public school serves students in kindergarten and first, second, and third grades, identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the public school shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends in the levels of attainment by the public school on the performance indicators;

(c) Assess and prioritize the issues and needs at the public school that must be addressed to raise the levels of attainment on the performance indicators by the public school and to improve school readiness, if the public school serves students in preschool or kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (3);

(e) Identify the local, state, and federal resources that the public school will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the performance review pursuant to section 22-11-210.

(4) The local school board, on behalf of a district public school, or the institute, on behalf of an institute charter school, shall submit the school improvement plan to the department for publication on the data portal. The public school shall make copies of the school improvement plan available to members of the public upon request.

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1503, § 1, effective May 21. L. 2011: (1)(b) and (2)(b) amended, (HB 11-1126), ch. 118, p. 370, § 3, effective August 10. L. 2012: (3)(a.5) added, (HB 12-1238), ch. 180, p. 670, § 10, effective July 1.

**22-11-405. School priority improvement plan - contents.** (1) (a) If the state board, pursuant to section 22-11-210, directs a district public school to adopt a priority improve-

ment plan, the local school board, in accordance with time frames specified in state board rules, shall adopt a school priority improvement plan, as described in subsection (4) of this section, for the district public school.

(b) The school accountability committee for the district public school shall advise the local school board concerning preparation of the school priority improvement plan and shall make recommendations to the local school board concerning the contents of the school priority improvement plan. The local school board shall create and adopt the school priority improvement plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school priority improvement plan, the local school board shall hold a public hearing to review the plan as required in section 22-32-142 (2).

(c) The school district accountability committee shall include the adopted school priority improvement plan in the compilation prepared pursuant to section 22-11-302 (1), and the local school board shall consider the adopted school priority improvement plan in developing the budget required by section 22-44-108. The local school board shall ensure that the school priority improvement plan is in effect for the district public school within the time frames established in state board rules.

(2) (a) If the state board, pursuant to section 22-11-210, directs an institute charter school to adopt a priority improvement plan, the institute, in accordance with time frames specified in state board rules, shall adopt a school priority improvement plan, as described in subsection (4) of this section, for the institute charter school.

(b) The school accountability committee for the institute charter school shall advise the institute concerning preparation of the school priority improvement plan and shall make recommendations to the institute concerning the contents of the school priority improvement plan. The institute shall create and adopt the school priority improvement plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school priority improvement plan, the institute shall hold a public hearing to review the plan as required in section 22-30.5-520 (2).

(c) The institute shall include the adopted school priority improvement plan in the compilation prepared pursuant to section 22-11-303 (2) (b). The institute shall ensure that the school priority improvement plan is in effect for the institute charter school within the time frames established in state board rules.

(3) The commissioner, subject to available appropriations, may assign the state review panel to critically evaluate a public school's priority improvement plan and report to the commissioner any recommended modifications to the plan. The commissioner may recommend to the local school board or the institute modifications to the school priority improvement plan, taking into consideration any recommendations of the state review panel.

(4) A school priority improvement plan shall be designed to ensure that the public school improves its performance to the extent that, following completion of the public school's next annual performance review, the public school attains a higher accreditation category. At a minimum, a school priority improvement plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the public school shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) If the public school serves students in kindergarten and first, second, and third grades, identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the public school shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends in the levels of attainment by the public school on the performance indicators;

(c) Assess and prioritize the issues and needs at the public school that must be addressed to raise the levels of attainment on the performance indicators by the public

school and to improve school readiness, if the public school serves students in preschool or kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (4);

(e) Identify the local, state, and federal resources that the public school will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the performance review pursuant to section 22-11-210.

(5) The local school board, on behalf of a district public school, or the institute, on behalf of an institute charter school, shall submit the school priority improvement plan to the department for publication on the data portal. The public school shall make copies of the school priority improvement plan available to members of the public upon request.

**Source:** **L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1505, § 1, effective May 21. **L. 2011:** (1)(b) and (2)(b) amended, (HB 11-1126), ch. 118, p. 370, § 4, effective August 10. **L. 2012:** (4)(a.5) added, (HB 12-1238), ch. 180, p. 671, § 11, effective July 1.

**22-11-406. School turnaround plan - contents.** (1) (a) If the state board, pursuant to section 22-11-210, directs a district public school to adopt a turnaround plan, the local school board, in accordance with time frames specified in state board rules, shall adopt a school turnaround plan, as described in subsection (3) of this section, for the district public school. Each district public school turnaround plan shall also be subject to evaluation by the state review panel and may be subject to revisions requested by the commissioner as provided in this subsection (1).

(b) The school accountability committee for the district public school shall advise the local school board concerning preparation of the school turnaround plan and shall make recommendations to the local school board concerning the contents of the school turnaround plan. The local school board shall create and adopt the school turnaround plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school turnaround plan, the local school board shall hold a public hearing to review the plan as required in section 22-32-142 (2).

(c) Within the time frames specified in state board rule, the local school board shall submit the adopted school turnaround plan to the commissioner for evaluation by the state review panel. The state review panel shall critically evaluate the adopted school turnaround plan and make recommendations to the commissioner and the state board concerning the issues specified in section 22-11-210 (4). The commissioner may suggest modifications to the plan, taking into consideration any recommendations of the state review panel and may require that those plan modifications be made prior to the date when the state board enters into an accreditation contract with the district pursuant to section 22-11-206. The local school board shall revise the school turnaround plan, if necessary, and resubmit the plan for approval within the time frames specified in state board rule. The local school board shall ensure that the final, approved school turnaround plan is in effect for the district public school within the time frames specified in state board rule.

(d) The school district accountability committee shall include the final, approved school turnaround plan in the compilation prepared pursuant to section 22-11-302 (1), and the local school board shall consider the final, approved school turnaround plan in developing the budget required by section 22-44-108.

(e) The local school board shall submit the final, approved school turnaround plan to the department for publication on the data portal. The district public school shall make copies of the final, approved school turnaround plan available to members of the public upon request.

(2) (a) If the state board, pursuant to section 22-11-210, directs an institute charter school to adopt a turnaround plan, the institute, in accordance with time frames specified in state board rules, shall adopt a school turnaround plan, as described in subsection (3) of this section, for the institute charter school. Each institute charter school turnaround plan shall

also be subject to evaluation by the state review panel and may be subject to revisions requested by the commissioner as provided in this subsection (2).

(b) The school accountability committee for the institute charter school shall advise the institute concerning preparation of the school turnaround plan and shall make recommendations to the institute concerning the contents of the school turnaround plan. The institute shall create and adopt the school turnaround plan, taking into account the advice and recommendations of the school accountability committee. Prior to adopting the school turnaround plan, the institute shall hold a public hearing to review the plan as required in section 22-30.5-520 (2).

(c) Within the time frames specified in state board rule, the institute shall submit the adopted school turnaround plan to the commissioner for evaluation by the state review panel. The state review panel shall critically evaluate the adopted school turnaround plan and make recommendations to the commissioner and the state board concerning the issues specified in section 22-11-210 (4). The commissioner may suggest modifications to the plan, taking into consideration any recommendations of the state review panel and may require that those plan modifications be made prior to the date when the state board enters into an accreditation contract with the institute pursuant to section 22-11-206. The institute shall revise the school turnaround plan, if necessary, and resubmit the plan for approval within the time frames specified in state board rule. The institute shall ensure that the final, approved school turnaround plan is in effect for the institute charter school within the time frames specified in state board rule.

(d) The institute shall include the final, approved school turnaround plan in the compilation prepared pursuant to section 22-11-303 (2) (b). The institute shall submit the final, approved school turnaround plan to the department for publication on the data portal. The institute charter school shall make copies of the final, approved school turnaround plan available to members of the public upon request.

(3) A school turnaround plan shall be designed to ensure that the public school improves its performance to the extent that, following completion of the public school's next annual performance review, the public school attains a higher accreditation category. At a minimum, a school turnaround plan shall:

(a) Set or revise, as appropriate, ambitious but attainable targets that the public school shall attain on the performance indicators. The local school board or the institute shall ensure that the targets are aligned with the statewide targets set by the state board pursuant to section 22-11-201.

(a.5) If the public school serves students in kindergarten and first, second, and third grades, identify the strategies to be used in addressing the needs of students enrolled in kindergarten and first, second, and third grade who are identified pursuant to section 22-7-1205 as having significant reading deficiencies and set or revise, as appropriate, ambitious but attainable targets that the public school shall attain in reducing the number of students who have significant reading deficiencies and in ensuring that each student achieves grade level expectations in reading;

(b) Identify positive and negative trends in the levels of attainment by the public school on the performance indicators;

(c) Assess and prioritize the issues and needs at the public school that must be addressed to raise the levels of attainment on the performance indicators by the public school and to improve school readiness, if the public school serves students in preschool or kindergarten;

(d) Identify specific, research-based strategies that are appropriate in scope, intensity, and type to address the needs and issues identified pursuant to paragraph (c) of this subsection (3), which strategies shall, at a minimum, include one or more of the following:

(I) Employing a lead turnaround partner that uses research-based strategies and has a proven record of success working with schools under similar circumstances, which turnaround partner shall be immersed in all aspects of developing and collaboratively executing the turnaround plan and shall serve as a liaison to other school partners;

(II) Reorganizing the oversight and management structure within the public school to provide greater, more effective support;

(III) For a district public school, seeking recognition as an innovation school or clustering with other district public schools that have similar governance or management structures to form an innovation school zone pursuant to article 32.5 of this title;

(IV) Hiring a public or private entity that uses research-based strategies and has a proven record of success working with schools under similar circumstances to manage the public school pursuant to a contract with the local school board or the institute;

(V) For a district public school that is not a charter school, converting to a charter school;

(VI) For a district charter school or an institute charter school, renegotiating and significantly restructuring the charter school's charter contract; and

(VII) Other actions of comparable or greater significance or effect;

(e) Identify the local, state, and federal resources that the public school will use to implement the identified strategies with fidelity; and

(f) Address any other issues required by rule of the state board or raised by the department through the performance review pursuant to section 22-11-210.

(4) The general assembly may appropriate such moneys as are available to assist school districts and the institute in improving the academic growth of students in public schools that are required to adopt school turnaround plans. In addition, the department may allocate any moneys received pursuant to the federal "No Child Left Behind Act of 2001", 20 U.S.C. sec. 6301 et seq., for such purpose.

## PART 5

### PERFORMANCE REPORTING

**22-11-501. State data reporting system.** (1) The department shall administer, manage, and maintain a comprehensive data collection and reporting system for collecting and reporting the data specified in and required to implement this article. The department shall ensure that the state data reporting system is capable of:

(a) Collecting, through electronic transfer where possible, all student, public school, school district, and institute performance data required to ascertain the degree to which public schools, school districts, and the institute are meeting the statewide targets for attainment on the performance indicators;

(b) Producing data to support decision-making and learning and to prepare the reports on public school, school district, institute, and state performance described in section 22-11-503;

(c) Protecting the privacy of students;

(d) Including all the information and data elements needed to measure student, public school, school district, institute, and state performance; and

(e) Supporting analysis of the relationship between school district and public school expenditures and program characteristics and effectiveness.

(2) The data elements collected and provided by the department, school districts, the institute, and individual public schools shall be compatible and interoperable. Each school district that has a unique information management system shall ensure that its unique system is compatible with the data elements of the state data reporting system so that all data required to be input into the state data reporting system is made available through electronic transfer and in the appropriate input format.

(3) The department shall have the following duties and responsibilities with regard to the state data reporting system:

- (a) To consult with school district representatives in the design and maintenance of the data model and implementation plans for the electronic transfer of data between school districts, the institute, individual public schools, and the state data reporting system;
  - (b) To provide operational definitions for the state data reporting system through the data dictionary created pursuant to section 22-2-305;
  - (c) To determine the information and specific data elements required for the performance decisions made at each public school, recognizing that the time and effort of instructional personnel expended in collection and compilation of data should be minimized;
  - (d) To develop standardized terms and procedures to be followed at all public schools;
  - (e) To develop an electronic standardized transmittal format to be used for collection of data from school districts, the institute, and public schools;
  - (f) To develop appropriate computer applications to ensure the integrity and integration of the specific data elements;
  - (g) To develop the necessary applications to provide statistical analysis of the comprehensive information and supporting data elements provided in paragraph (f) of this subsection (3) in such a way that required reports may be disseminated, comparisons may be made, and relationships may be determined in order to provide the necessary information for making performance decisions at all public schools;
  - (h) To develop output and reporting formats that will provide school districts, the institute, and public schools with diagnostic information for making academic and safety environment decisions at all public schools;
  - (i) To assist school districts and the institute in establishing their standardized electronic transmittal capabilities, including but not limited to awarding grants pursuant to rule of the state board to public schools, school districts, and the institute to assist them in upgrading their transmittal capabilities;
  - (j) To establish procedures for the annual evaluation of the effectiveness and ease of use of the state data reporting system;
  - (k) To perform such other actions as are necessary to carry out the intent of the general assembly that the needs of the state data reporting system for performance decision-making and reporting are met; and
  - (l) To apply for gifts, grants, and donations, including grants awarded under the federal “American Recovery and Reinvestment Act of 2009”, Pub.L. 111-5, for the implementation of internet-based tools to deliver instructional advice and content supported by formative assessment data and to directly connect teachers across the state to enhance educators’ collaboration, use of data, instruction, and professional accountability.
- (4) The specific responsibilities of each school district and the institute shall include:
    - (a) Developing, with assistance from the department, system compatibility between the state data reporting system and unique school district and individual public school data systems;
    - (b) Providing, with the assistance of the department, in-service training on the state data reporting system’s purposes and scope, a method of electronically transmitting input data, and the use of performance reporting information;
    - (c) Advising the department of all district data management needs as they relate to the state data reporting system;
    - (d) Electronically transmitting required data elements and an accounting as required by section 22-55-108 to the appropriate processing locations in accordance with guidelines established by the department;
    - (e) Determining required data output and reports, comparisons, and relationships to be provided to the school district or the institute by the state data reporting system, continuously reviewing these reports for usefulness and meaning, and submitting recommended additions, deletions, and changes in accordance with the guidelines established by the department; and
    - (f) Being responsible for maintaining the integrity and accuracy of data elements transmitted to the department.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1510, § 1, effective May 21.

**22-11-502. Data portal - creation - contents.** (1) The department shall develop and maintain an internet-based electronic data delivery system to provide education accountability data to public schools, school districts, the institute, parents, and other members of the public.

(2) At a minimum, the department shall publish on the data portal the following items:

(a) The performance reports, as described in section 22-11-503, for public schools, school districts, the institute, and the state;

(b) The accreditation category, with supporting data, determined pursuant to part 2 of this article, for each school district in the state and for the institute;

(c) The accreditation category, with supporting data, for each public school in the state, as determined by the local school board or the institute, whichever is applicable;

(d) For each public school in the state, the school performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the state board's direction pursuant to section 22-11-210;

(e) For each school district in the state, the district performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the school district's accreditation category; and

(f) For the institute, the institute performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the institute's accreditation category.

(3) In publishing supporting data for the school district, institute, and public school accreditation categories, the department shall include data pertaining to the graduation rates that describe the progress made by student groups disaggregated for gender by race and income.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1512, § 1, effective May 21.

**22-11-503. Performance reports - contents - rules.** (1) The department shall publish on the data portal a school performance report for each public school in the state, a school district performance report for each school district in the state, a performance report for the institute, and a performance report for the state as a whole. The department shall continuously update the data included in the performance reports as soon as practicable, but not later than sixty days, after the data become available.

(2) The state board shall adopt rules specifying the information to be included in the school performance reports, the school district and institute performance reports, and the state performance report. The information shall be consistent for each type of report and, at a minimum, shall include the following:

(a) The report subject's level of attainment on each of the performance indicators as determined pursuant to section 22-11-204, including whether the report subject met the targets set for the applicable school year;

(b) For school performance reports, a comparison of the report subject's levels of attainment on the performance indicators with the levels of attainment of the other public schools of the school district and in the state and the information specified in subsection (3) of this section;

(c) For school district performance reports and the institute performance report, a comparison of the report subject's levels of attainment on the performance indicators with other school districts in the state and the institute;

(d) Information concerning comparisons of student performance over time and among student groups;

(e) The report subject's rates of completion, mobility, and truancy as calculated pursuant to rules adopted by the state board; and

(f) Any additional information that may be required by federal law.

(3) In addition to any information specified by rule of the state board, each school performance report shall include the following information concerning the operations and environment of the public school that is the subject of the report:

(a) The name of the public school, the type of school program provided at the public school, and the school year for which the information in the performance report is provided. The performance report shall also include the public school's street address, telephone number, and email address, and, if one exists, the web site address of the school district or the public school.

(b) Information concerning the percentages of students who are not tested or whose scores are not included in determining attainment of the performance indicators;

(c) As described in state board rule, the occurrence of each of the types of incidents described in section 22-32-109.1 (2) (b) (IV), expressed as a number and as a percentage of the total occurrences of all of the incidents;

(d) As calculated pursuant to state board rule, information concerning:

(I) Student enrollment at the public school;

(II) Students, reported as a number and a percentage of the total student enrollment at the public school, who are eligible for free or reduced-cost lunch pursuant to the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.;

(III) Repealed.

(IV) Average daily attendance at the public school; and

(V) For elementary schools, the availability of a preschool program, full-day kindergarten program, and before- and after-school programs at the public school;

(e) Information concerning the staff employed at the public school, including:

(I) The number of persons employed at the public school in each of the following categories and explanations of the job descriptions for each category:

(A) Classroom teachers;

(B) Paraprofessionals;

(C) Administrators;

(D) Other professionals;

(E) School support staff;

(F) School counselors; and

(G) School librarians;

(II) The students-per-classroom-teacher ratios for each grade level included in the public school;

(III) The average number of years of teaching experience among the teachers employed at the public school;

(IV) The number of teachers employed at the public school who hold master's or doctoral degrees;

(V) For junior high, middle, and high schools, the percentage of teachers employed at the public school who are teaching in the subject areas in which they received their bachelor's or graduate degrees;

(VI) The number of teachers employed at the public school who have three or more years of teaching experience. For purposes of this subparagraph (VI), the data used shall describe teachers who have obtained nonprobationary status pursuant to the provisions of part 2 of article 63 of this title.

(VII) The number of professional development days included in the school year;

(f) Information concerning whether the following courses and programs, which are not included in the statewide assessments, are available to students enrolled in the public school and, to the extent they are available on the public school's or school district's web site, internet links to descriptions of these courses and programs:

(I) Art;

(II) Drama or theater;

(III) Music;

(IV) Dance;

(V) Physical education;

(VI) Economics;

(VII) World languages;

- (VIII) History;
- (IX) Geography;
- (X) Civics;
- (XI) Career and technical education;
- (XII) Opportunities for civic or community engagement;
- (XIII) Internet safety programs;
- (XIV) For high schools, advanced placement, international baccalaureate, or honors courses;
- (XV) For elementary schools, international baccalaureate or Montessori curricula;
- (XVI) Extracurricular activities; and
- (XVII) Athletics; and

(g) Information, as described in state board rule, concerning programs and services that are available at the public school to support student health and wellness. The state board is encouraged to include in the school performance report information concerning each school district's and each public school's incorporation of physical activity into the school day.

(4) Each public school, each school district, and the institute shall report accurately the data required to produce a performance report. The state board shall seek to minimize and eliminate the duplication of data reporting required under this section and data reporting required by other state or federal statutes or rules so that school districts, institute charter schools, and the institute may satisfy the multiple reporting requirements within a single reporting framework.

(5) Prior to the publication of the performance reports, the department shall:

(a) Allow each school district and the institute a reasonable period of time to review the school district's or the institute's information as it will appear on the school performance reports; and

(b) Correct any errors or misinformation identified by the school district or institute.

(6) The school performance report produced for each public school pursuant to this section may contain internet links through which a person may access additional information not provided in detail in the report. The state board may make changes in the format or the contents of the performance reports prepared pursuant to this section.

(7) Each public school shall notify the parent or legal guardian of each student enrolled in the public school of the availability on the data portal of its performance report and the performance report for the school district or the institute and for the state. Each public school shall ask the parent or legal guardian of each student enrolled in the school whether the parent or legal guardian wants a printed copy of the school, school district, institute, or state performance report, and shall provide a copy if requested.

(2) For the legislative declaration stating the purpose of and the provision directing legislative staff agencies to conduct a post-enactment review pursuant to § 2-2-1201 scheduled in 2016, see sections 21 and 46 of chapter 188, Session Laws of Colorado 2012. To obtain a copy of the review, once completed, view Colorado Legislative Council's web site.

**22-11-504. School district and institute reporting requirements.** (1) Each school district shall annually report to the department for each of the district public schools:

(a) Any information necessary to prepare the performance reports described in section 22-11-503;

(b) For each district public school, the school performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the direction from the state board pursuant to section 22-11-210;

(c) The accreditation category, with supporting data, for each district public school; and

(d) Any additional information required for the department to implement the accreditation process described in part 2 of this article.

(2) The institute shall annually report to the department for each institute charter school:

(a) Any information necessary to prepare the performance reports described in section 22-11-503;

(b) For each institute charter school, the school performance, improvement, priority improvement, or turnaround plan, whichever is appropriate based on the direction from the state board pursuant to section 22-11-210;

(c) The accreditation category, with supporting data, for each institute charter school; and

(d) Any additional information required by the accreditation process described in part 2 of this article.

(3) Each local school board and the institute shall adopt policies to ensure that appropriate personnel within the school district and each institute charter school share with and explain to the parent or legal guardian of each student enrolled in the school district or the institute charter school the student's statewide assessment results and the student's longitudinal academic growth information provided by the department pursuant to section 22-11-203.

## PART 6

### SCHOOL AWARDS PROGRAM

**22-11-601. Colorado school awards program - created - rules.** (1) There is hereby established the Colorado school awards program, referred to in this part 6 as the "program", to be administered by the department. The state board shall promulgate rules for the administration of this part 6 and the program. The rules shall include but need not be limited to procedures for transmitting the financial awards to public schools of school districts and institute charter schools that demonstrate outstanding performance.

(2) In addition to the monetary awards made and distributed pursuant to sections 22-11-602, 22-11-603, 22-11-603.5, and 22-11-605, the state board may annually apply moneys from the school awards program fund created in section 22-11-605 to provide tangible items of recognition, such as banners or trophies, to schools that are identified as eligible to receive the John Irwin schools of excellence awards, the governor's distinguished improvement awards, and the centers of excellence awards.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1518, § 1, effective May 21; (2) amended, (SB 09-256), ch. 294, p. 1570, § 40, effective May 21. **L. 2010:** (2) amended, (SB 10-018), ch. 49, p. 189, § 1, effective March 29.

**Editor's note:** This section is similar to former § 22-11-301 as it existed prior to 2009.

**22-11-602. Colorado school awards program - John Irwin schools of excellence awards - rules.** (1) The state board shall annually present financial awards to the highest performing public schools in the state based on the schools' levels of attainment on the performance indicator concerning student achievement levels on the statewide assessments.

(2) Of the moneys available for the program pursuant to this part 6, one third shall be awarded to the public schools with the highest level of attainment on the performance indicator concerning student achievement levels, as calculated pursuant to section 22-11-204 (3). An award granted pursuant to this section shall be known as a "John Irwin Schools of Excellence Award".

(3) Subject to available appropriations, the amount of each award issued pursuant to this section shall be five thousand, ten thousand, or fifteen thousand dollars, depending on

the number of pupils attending the public school receiving the award. If the available appropriations are insufficient to award each school the amount specified in this subsection (3), the department shall reduce all awards for that year proportionately. The state board shall establish by rule the pupil size of the public school for each award amount.

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1518, § 1, effective May 21. L. 2012: (2) amended, (HB 12-1240), ch. 258, p. 1310, § 8, effective June 4.

**Editor's note:** This section is similar to former § 22-11-302 as it existed prior to 2009.

**22-11-603. Governor's distinguished improvement awards - rules.** (1) The state board shall annually present financial awards to the public schools in the state demonstrating the highest rates of student longitudinal growth, including longitudinal growth across multiple years, as measured by the Colorado growth model. The technical advisory panel convened pursuant to section 22-11-202 shall recommend to the state board, and the state board shall establish by rule, the method by which to identify schools that demonstrate the highest rate of student longitudinal growth in one or more school years, as measured by the Colorado growth model. The technical advisory panel shall take school size into account in preparing its recommendations.

(2) Of the moneys available for awards pursuant to this part 6, two thirds shall be awarded pursuant to this section.

(3) An award issued pursuant to this section shall be known as a "Governor's Distinguished Improvement Award".

**Source:** L. 2009: Entire article R&RE, (SB 09-163), ch. 293, p. 1519, § 1, effective May 21. L. 2011: (1) amended, (HB 11-1277), ch. 306, p. 1477, § 9, effective August 10.

**Editor's note:** This section is similar to former § 22-11-305 as it existed prior to 2009.

**22-11-603.5. Centers of excellence awards.** (1) (a) The state board shall annually present financial awards to public schools in the state that enroll a student population of which at least seventy-five percent are at-risk pupils, as defined in section 22-54-103 (1.5), and that demonstrate the highest rates of student longitudinal growth, as measured by the Colorado growth model. The technical advisory panel convened pursuant to section 22-11-202 shall recommend to the state board, and the state board shall establish by rule, the method by which to identify schools that qualify for an award pursuant to this section.

(b) Awards issued pursuant to this section shall be known as "Centers of Excellence Awards".

(2) A school that receives an award pursuant to this section shall not qualify for an award pursuant to section 22-11-603.

(3) Notwithstanding the provisions of sections 22-11-602 (2) and 22-11-603 (2), of the moneys available for awards pursuant to this part 3, in the 2009-10 budget year and budget years thereafter, two hundred fifty thousand dollars shall be awarded to schools annually pursuant to this section. The department shall apportion the remainder between the "John Irwin schools of excellence awards" and the "Governor's Distinguished Improvement Awards" as provided in sections 22-11-602 (2) and 22-11-603 (2), respectively.

**Source:** L. 2009: Entire section added, (SB 09-256), ch. 294, p. 1567, § 31, effective May 21.

**22-11-604. Colorado school awards program - distribution of award.** (1) Any award presented by the state board pursuant to this part 6 shall be spent or distributed for use within the public school as the principal of the public school, after consultation with the school accountability committee for the public school, deems appropriate.

(2) Any moneys made available to a district public school in the form of an award pursuant to the provisions of this part 6 shall not supplant moneys made available to the

public school from funding received by the school district pursuant to article 54 of this title or pursuant to the taxing authority of the school district. Any moneys made available to an institute charter school in the form of an award pursuant to the provisions of this part 6 shall not supplant moneys payable to the institute charter school pursuant to part 5 of article 30.5 of this title.

**Source: L. 2009:** Entire article R&RE, (SB 09-163), ch. 293, p. 1519, § 1, effective May 21.

**Editor’s note:** This section is similar to former § 22-11-303 as it existed prior to 2009.

**22-11-605. School awards program fund - creation - contributions.** (1) The department is hereby authorized to receive gifts, grants, and donations from any source, public or private, to fund financial awards to public schools pursuant to the program established in this part 6. The department is further authorized to receive gifts, grants, and donations from any source, public or private, to fund tangible items of recognition, such as banners or trophies, to be awarded to public schools that are identified as eligible to receive such financial awards. The department shall transmit all public and private gifts, grants, and donations received pursuant to this section to the state treasurer who shall credit the same, in addition to any appropriations made by the general assembly and the amount transferred pursuant to subsection (3) of this section, to the school awards program fund, which is hereby created in the state treasury and referred to in this section as the “fund”.

(2) Moneys in the fund shall be subject to annual appropriation by the general assembly to the department for purposes of making financial awards and funding tangible items of recognition, such as banners or trophies, pursuant to the provisions of this part 6. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain in the fund and shall not be credited or transferred to the general fund or any other fund. However, in accordance with section 24-36-114, C.R.S., all interest derived from the deposit and investment of moneys in the fund shall be credited to the general fund. Any moneys credited to the fund shall be used exclusively for awards and items of recognition and shall not be used to pay for the expenses of the department in administering the program established in this part 6.

(3) Repealed.

22-12-104.	Liability.	22-12-108.	Applicability.
22-12-105.	False reports - misdemeanor.	22-12-109.	Special rule.

**22-12-101. Short title.** This article shall be known and may be cited as the “Teacher and School Administrator Protection Act”.

**Source: L. 2003:** Entire article added, p. 1216, § 1, effective August 6.

**22-12-102. Legislative declaration.** (1) The general assembly hereby finds that:

(a) Promoting the quality of primary and secondary public education is a compelling state interest;

(b) Maintaining a safe environment is an important component of learning. At times, educators may feel they lack the authority to maintain safety and discipline in the public school classroom or they may hesitate to exercise this authority because of the threat of a lawsuit resulting from their actions.

(c) The filing of meritless lawsuits against school districts, teachers, administrators, and other school district employees interferes with attempts to ensure the quality of public education, particularly where the lawsuits arise out of the good-faith efforts of educators to maintain classroom discipline or address threats to student safety;

(d) Meritless litigation also diverts financial and personnel resources to litigation defense activities and reduces the availability of these resources for educational opportunities for students.

(2) The general assembly finds that legislation to deter meritless lawsuits and sanction deliberately false reports against educators is a rational and appropriate method to address the compelling public interest in protecting school districts and school district employees from unnecessary and harmful litigation.

(3) It is the intent of the general assembly that the provisions of this article and those of the “Colorado Governmental Immunity Act”, article 10 of title 24, C.R.S., be read together and harmonized to give the greatest protection from liability in tort possible for educational entities and their employees. If the provisions of this article and those of the “Colorado Governmental Immunity Act” are interpreted as being in conflict, the provision that grants the greatest immunity and protection to an educational entity and its employees shall prevail.

**Source: L. 2003:** Entire article added, p. 1216, § 1, effective August 6.

**22-12-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Educational entity” means the state board of education, a school district board of education, and a governing body of a charter school.

(2) “Employee” means an individual elected or appointed to an educational entity and an individual who is an employee of an educational entity or who provides student-related services to an educational entity on a contractual basis. “Employee” includes an authorized volunteer who provides student-related services to an educational entity.

**Source: L. 2003:** Entire article added, p. 1217, § 1, effective August 6.

**22-12-104. Liability.** (1) An educational entity and its employees are immune from suit for taking an action regarding the supervision, grading, suspension, expulsion, or discipline of a student while the student is on the property of the educational entity or under the supervision of the educational entity or its employees; except that immunity shall not apply if the action is committed willfully and wantonly and violates a statute, rule, or regulation or a clearly articulated policy of the educational entity. The burden of proving the violation shall rest with the plaintiff and must be established by clear and convincing evidence to the court as part of a summary proceeding. If at the summary proceeding the court finds a violation exists, the educational entity and its employee may raise immunity at trial under the provisions of this article and the “Colorado Governmental Immunity Act”, article 10 of title 24, C.R.S.

(2) An educational entity and its employees are immune from suit for making a report consistent with federal law to the appropriate law enforcement authorities or officials of an educational entity if the individual making the report has reasonable grounds to suspect that a student is:

(a) Under the influence of alcoholic beverages or of a controlled substance not lawfully prescribed to the student;

(b) In possession of a firearm or alcoholic beverages or of a controlled substance not lawfully prescribed to the student;

(c) Involved in the illegal solicitation, sale, or distribution of firearms or alcoholic beverages or of a controlled substance.

(3) A person claiming to have suffered an injury by an educational entity or an employee, whether or not by a violation of a statute, rule, or regulation or a clearly articulated policy of the educational entity, shall file a written notice as provided in section 24-10-109, C.R.S., within one hundred eighty days after the date of discovery of the injury, regardless of whether the person then knew all of the elements of a claim or of a cause of action for the injury. Compliance with the provisions of this subsection (3) shall be a jurisdictional prerequisite to any action brought under the provisions of this article, and failure of compliance shall forever bar any such action.

**Source: L. 2003:** Entire article added, p. 1217, § 1, effective August 6.

**22-12-105. False reports - misdemeanor.** (1) Except as otherwise provided in this section, a person eighteen years of age or older who intentionally makes a false accusation of criminal activity against an employee of an educational entity to law enforcement authorities, school district officials or personnel, or both commits a misdemeanor and, upon conviction, shall be fined up to two thousand dollars.

(2) Except as otherwise provided in this section, a student enrolled in a public school who is at least ten years of age but younger than eighteen years of age who intentionally makes a false accusation of criminal activity against an employee of an educational entity to law enforcement authorities, school district officials or personnel, or both may, at the discretion of the court and in accordance with the provisions of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., be subject to any of the following penalties:

(a) Community service of a type and for a period of time to be determined by the court;

(b) Any other sanction as the court in its discretion may deem appropriate.

(3) A school district may expel or suspend a student who intentionally makes a false accusation of criminal activity against an employee of an educational entity to law enforcement authorities, school district officials or personnel, or both.

(4) The provisions of this section do not apply to statements regarding individuals elected or appointed to a school board.

(5) This section is in addition to and does not limit the civil or criminal liability of persons who make false statements alleging criminal activity by others.

**Source: L. 2003:** Entire article added, p. 1218, § 1, effective August 6.

**22-12-106. Frivolous actions - attorney fees - costs.** (1) In a civil action or proceeding against an educational entity or its employee in which the court finds the educational entity or its employee is immune from suit or from liability pursuant to the provisions of section 22-12-104, the court shall award costs and reasonable attorney fees to the defendant or defendants. The court in its discretion may determine whether such fees and costs are to be borne by the plaintiff's attorney, the plaintiff, or both.

(2) Expert witness fees may be included as part of the costs awarded under this section.

(3) The provisions of this section shall be deemed to be substantive state law.

**Source: L. 2003:** Entire article added, p. 1219, § 1, effective August 6.

**22-12-107. Insurance.** Unless otherwise provided by statute, the existence of a policy of insurance indemnifying an educational entity against liability for damages is not a waiver of a defense otherwise available to the educational entity or its employees in the defense of a claim.

**Source: L. 2003:** Entire article added, p. 1219, § 1, effective August 6.

**22-12-108. Applicability.** This article shall be supplemental to the “Colorado Governmental Immunity Act”, article 10 of title 24, C.R.S. An action that is barred under the provisions of the “Colorado Governmental Immunity Act”, including but not limited to section 24-10-109, C.R.S., shall be barred under the provisions of this article.

**Source: L. 2003:** Entire article added, p. 1219, § 1, effective August 6.

**22-12-109. Special rule.** This article shall not infringe on any right provided under the federal “Individuals with Disabilities Education Act”, 20 U.S.C. sec. 1400 et seq.

**Source: L. 2003:** Entire article added, p. 1219, § 1, effective August 6.

School Leadership Academy Program

**Cross references:** For the legislative declaration contained in the 2008 act enacting this article, see section 1 of chapter 310, Session Laws of Colorado 2008.

22-13-101.	Definitions.		board - created - duties -
22-13-102.	School leadership academy		reports - repeal.
	program - created.	22-13-104.	Principal academy - created.
22-13-103.	School leadership academy		

- 22-13-101. Definitions.** As used in this article, unless the context otherwise requires:
- (1) “Board” means the school leadership academy board created pursuant to section 22-13-103.
  - (2) “Commissioner” means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.
  - (3) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.
  - (4) “Program” means the school leadership academy program created pursuant to section 22-13-102.
  - (5) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source: L. 2008:** Entire article added, p. 1368, § 2, effective August 5.

**22-13-102. School leadership academy program - created.** (1) There is hereby created within the department the school leadership academy program. The purpose of the program is to provide a comprehensive leadership and professional development system that identifies, recruits, trains, and inducts qualified persons for leadership positions in public schools. The department shall administer the program in accordance with this article.

(2) (a) The department may solicit and accept gifts, grants, and donations from public and private sources to fund the program.

(b) To the extent permitted by law, the department may, at its discretion, direct other moneys to fund the program.

(c) Notwithstanding any provision of this article to the contrary, the department shall not take any measures to implement the program until such time as the department has received at least fifty thousand dollars from gifts, grants, or donations for the purposes of the program.

(d) The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, the program is an important element of an accountable program to meet state academic standards and therefore may receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2008:** Entire article added, p. 1369, § 2, effective August 5.

**22-13-103. School leadership academy board - created - duties - reports - repeal.**

(1) There is hereby created in the department the school leadership academy board, which shall consist of fourteen members appointed by the commissioner as follows:

- (a) One member who represents the department;
- (b) One member who is a principal of an elementary school;
- (c) One member who is a principal of a middle, junior high, or high school;
- (d) One member who is a superintendent of a school district;
- (e) One member who is a dean of an education preparation program at a Colorado institution of higher education;
- (f) One member who represents boards of cooperative services created pursuant to article 5 of this title;
- (g) One member who represents a statewide association of school executives;
- (h) One member who represents a national organization that provides professional development training to school principals;
- (i) One member who represents a statewide organization of teachers;
- (j) One member who represents a statewide organization of school district boards of education; and

(k) Four members who shall be appointed at the discretion of the commissioner. For appointments made after September 1, 2008, at least one of the members appointed pursuant to this paragraph (k) shall be a parent of a student enrolled in a public school of the state.

(2) The commissioner shall make initial appointments to the board on or before September 1, 2008.

(3) The commissioner shall appoint a chair, a vice-chair, and a secretary of the board. The department may provide staff to support the board as necessary.

(4) Each member of the board shall serve a term of three years. The commissioner may appoint any member of the board to succeed himself or herself on the board. Vacancies shall be filled by appointment of the commissioner.

(5) The commissioner shall consider ethnicity, gender, and geographic representation in appointing the members of the board.

(6) The members of the board shall serve without compensation; except that the department may reimburse a member of the board for travel expenses at the discretion of the department.

(7) (a) On or before July 1, 2009, the board shall adopt policies and procedures for the purposes of this section and submit the policies and procedures to the state board for its approval pursuant to subsection (12) of this section. The board shall immediately incorporate any changes to the policies and procedures that are recommended by the state board after its review of the policies and procedures pursuant to subsection (12) of this section.

(b) The policies and procedures adopted by the board pursuant to paragraph (a) of this subsection (7) shall include:

(I) Measures to ensure the availability of the program to individuals residing in rural school districts, including but not limited to measures to facilitate individuals' participation in the program via the internet; and

(II) Criteria for the department to use in selecting participants for the principal academy created in section 22-13-104. The criteria shall include consideration of:

- (A) Limited program resources; and
- (B) Ethnicity, gender, and geographic representation.

(8) The board shall meet at least twice each year to monitor the progress of the program and review the appropriateness of existing policies and procedures adopted by the board pursuant to subsection (7) of this section. The board may advise the state board or the commissioner at any time regarding issues that require the timely attention of the state board or the commissioner.

(9) On or before January 1, 2009, the board shall set forth curricular components for the program.

(10) On and after July 1, 2009, pursuant to section 22-60.5-304 (3), the board shall advise the state board concerning the promulgation of rules and regulations establishing standards and criteria for the approval of proposed induction programs for initial principal licensees and for the review of approved induction programs for initial principal licensees.

(11) (a) On or before February 1, 2010, and on or before February 1 each year thereafter, the board shall report to the commissioner and to the education committees of the house of representatives and the senate, or any successor committees. The board shall make the report publicly available through the department’s web site. The report shall, at a minimum, include:

(I) A summary of the operations and activities of the program during the preceding fiscal year, including but not limited to demographic information regarding the participants in the program; and

(II) Recommendations of the board regarding measures, if any, that are required to ensure that the leadership and professional development system provided by the program are aligned with current standards for professional educator licenses, including but not limited to the provisions of section 22-2-109 (6) and article 60.5 of this title.

(b) Before making recommendations pursuant to subparagraph (II) of paragraph (a) of this subsection (11), the board shall hold a public hearing for the purpose of hearing testimony from education stakeholders concerning the content of the recommendations.

(12) On or before October 1, 2009, the state board shall review the policies and procedures adopted by the school leadership academy board pursuant to subsection (7) of this section and either approve or recommend changes to the policies and procedures.

(13) (a) This section is repealed, effective July 1, 2017.

(b) Prior to said repeal, the board appointed pursuant to this section shall be reviewed as provided in section 2-3-1203, C.R.S.

**Source: L. 2008:** Entire article added, p. 1369, § 2, effective August 5. **L. 2009:** (1)(k) amended, (SB 09-090), ch. 291, p. 1440, § 5, effective August 5.

**22-13-104. Principal academy - created.** (1) The program shall include a principal academy that shall include the following three components:

(a) A training program for practicing principals of public schools within the state; and

(b) An entry-level training program that is aligned with the standards and criteria established by rules and regulations promulgated by the state board pursuant to section 22-60.5-304 (3) for the approval of proposed induction programs for initial principal licensees and for the review of approved induction programs for initial principal licensees.

(2) A school district may nominate an individual to be a participant in the principal academy, but a nomination by a school district shall not be a prerequisite to an individual becoming a participant in the program.

(3) In selecting participants for the principal academy, the department shall use the criteria adopted by the board pursuant to section 22-13-103 (7) (b).

**22-14-101. Legislative declaration.** (1) The general assembly hereby finds that:

(a) The state of Colorado has placed a high priority on reducing the number of student dropouts in Colorado, including establishing the goal of decreasing the high school dropout rate by half by the 2017-18 academic year;

(b) The Colorado department of education reports that the statewide graduation rate for Colorado high schools for the 2006-07 school year was seventy-five percent, an improvement of nine-tenths of a percentage point over the previous school year;

(c) Although the overall graduation rate may have improved, serious gaps continue to exist in the graduation rates among ethnic and economic groups and, overall, twenty-five percent of the high school students in Colorado are not graduating from high school within four years;

(d) Students with disabilities also continue to achieve a significantly lower graduation rate than other student groups. The graduation rate for Colorado students with disabilities is sixty-three and seven-tenths percent, compared with a statewide graduation rate of seventy-five percent.

(e) According to the 2007 Colorado youth risk behavior survey, approximately one out of ten students did not go to school one or more days in a thirty-day period because they felt unsafe at school or in traveling to or from school. This statistic indicates that, to improve student attendance and graduation rates, schools and school districts must address school safety issues as well as student learning and engagement issues.

(f) Studies clearly show that a student's level of education attainment will directly influence the student's level of achievement and success throughout the rest of his or her life;

(g) The national center for education statistics reports that, in comparing employment rates and levels of education attainment across the country, in 2005, the unemployment rate for persons who dropped out of high school was seven and six-tenths percent, compared to an overall average unemployment rate for all education levels of four percent; and

(h) Studies further show that students who drop out of school are more likely to be involved in crime or delinquency and to lose lifelong opportunities for personal achievement, resulting in economic and social costs to the state.

(2) The general assembly therefore concludes that:

(a) It is imperative that the department of education create an office of dropout prevention and student re-engagement to provide focus, coordination, research, and leadership to assist local education providers in implementing coordinated efforts to reduce the high school dropout rate and increase the high school graduation and completion rates and the levels of student engagement and re-engagement;

(b) To significantly reduce the statewide dropout rate and increase the rates of student engagement and re-engagement, the office of dropout prevention and student re-engagement must also provide leadership in creating and facilitating systemic approaches that involve intersystem collaboration between local education providers and the foster care and child welfare systems, the juvenile justice system, the division of youth services in the department of human services, institutions of higher education, career and technical education providers, adult basic education, general educational development certificate, and English-as-a-second-language programs, offices of workforce development, school-based student support personnel, expanded learning opportunity and family education programs, general educational development programs, and facility schools.

**22-14-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Completion” means a student graduates from high school or receives a certificate or other designation of high school completion such as a general educational development certificate.

(2) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(3) “Dropout prevention” means school and community-based initiatives to promote positive social, emotional, familial, and educational factors that maintain and strengthen student engagement and address barriers and conditions that may lead a student to drop out of school.

(4) “Expanded learning opportunity programs” means programs that provide kindergarten-through-twelfth-grade supervised learning activities that may include, but need not be limited to, after-school programs, before-school programs, summer school programs, weekend programs, and extended-day and extended-year programs.

(5) “Graduation” means a student meets the locally defined requirements for a high school diploma.

(6) “Grant program” means the student re-engagement grant program established in section 22-14-109.

(7) “High priority local education provider” means a local education provider that the office identifies pursuant to section 22-14-103 (4) as being most in need of technical assistance and support.

(8) “Local education provider” means a school district, a board of cooperative services created pursuant to article 5 of this title, or the state charter school institute created pursuant to section 22-30.5-503.

(9) “Office” means the office of dropout prevention and student re-engagement created within the department of education pursuant to section 22-14-103.

(10) “Parent” means a student’s biological or adoptive parent or the student’s legal guardian or legal custodian.

(10.5) “Performing arts” shall have the same meaning as provided in section 22-1-104.5 (1) (b).

(11) “Priority local education provider” means a local education provider that the office identifies pursuant to section 22-14-103 (4) as being in significant need of technical assistance and support.

(12) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(13) “Student engagement” means a student’s sense of belonging, safety, and involvement in school that leads to academic achievement, regular school attendance, and graduation. Elements of promoting student engagement include providing rigorous and relevant instruction, creating positive relationships with teachers and counselors, providing social and emotional support services for students and their families, creating partnerships with community organizations and families that foster learning outside of the classroom, and cultivating regular school attendance.

(14) “Student graduation and completion plan” means a local education provider’s plan, created pursuant to section 22-14-107, for reducing the student dropout rate and increasing the rates of student engagement, re-engagement, graduation, and completion.

(15) “Student re-engagement” means that a student reenrolls in high school after dropping out prior to completion. Student re-engagement usually results from a local education provider’s use of evidence- or research-based strategies to reach out to students who have dropped out of school and to assist them in transitioning back into school and obtaining their high school diplomas or otherwise completing high school.

(16) “Student support personnel” means a state-licensed or state-certified school counselor, school psychologist, school social worker, or school nurse, or other state-licensed or state-certified mental health professional qualified under state law to provide support services to children and adolescents.

(17) “Visual arts” shall have the same meaning as provided in section 22-1-104.5 (1) (c).

**Source:** L. 2009: Entire article added, (HB 09-1243), ch. 290, p. 1408, § 1, effective May 21. L. 2010: (10.5) and (17) added, (HB 10-1273), ch. 233, p. 1023, § 10, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act adding subsections (10.5) and (17), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-14-103. Office of dropout prevention and student re-engagement - created - purpose - duties.** (1) (a) There is hereby created within the department of education the office of dropout prevention and student re-engagement. The head of the office shall be the director of the office of dropout prevention and student re-engagement and shall be appointed by the commissioner of education in accordance with section 13 of article XII of the state constitution. The office of dropout prevention and student re-engagement shall consist of the director and an assistant director who shall be appointed by the director. The commissioner may assign or otherwise direct other personnel within the department to assist the director and assistant director in meeting the responsibilities of the office.

(b) The office of dropout prevention and student re-engagement and the director of the office shall exercise their powers and perform their duties and functions under the department of education, the commissioner of education, and the state board of education as if the same were transferred to the department of education by a **type 2** transfer as defined in the “Administrative Organization Act of 1968”, article 1 of title 24, C.R.S.

(c) The department is strongly encouraged to direct, to the extent possible, any increases in the amount of federal moneys received by the department for programs under Title I, part A of the “Elementary and Secondary Education Act of 1965”, 20 U.S.C. sec. 6301 et seq., programs under the “Individuals with Disabilities Education Act”, 20 U.S.C. sec. 1400, et seq., or other federal programs to assist in funding the activities of the office as specified in this article.

(d) The department shall seek and may accept and expend gifts, grants, and donations from public or private entities to fund the operations of the office, including the personnel for the office and execution of the duties and responsibilities specified in this article. Notwithstanding any provision of this article to the contrary, the department is not required to implement the provisions of this article until such time as the department has received an amount in gifts, grants, and donations from public or private entities that the department deems sufficient to adequately fund the operations of the office.

(2) The office shall collaborate with local education providers to reduce the statewide and local student dropout rates and to increase the statewide and local graduation and completion rates in accordance with the goals specified in section 22-14-101. To accomplish this purpose, the office shall assist local education providers in:

(a) Analyzing student data pertaining to student dropout rates, graduation rates, completion rates, mobility rates, truancy rates, suspension and expulsion rates, safety or discipline incidences, and student academic growth data at the state and local levels; and

(b) Creating and evaluating student graduation and completion plans.

(3) To accomplish the purposes specified in subsection (2) of this section, the office shall also:

(a) Review state policies and assist local education providers in reviewing their policies pertaining to attendance, truancy, disciplinary actions under the local education provider’s code of conduct, behavioral expectations, dropout prevention, and student engagement and re-engagement to identify effective strategies for and barriers to reducing the student dropout rates and increasing student engagement and re-engagement within the state;

(b) Identify and recommend, as provided in section 22-14-104, best practices and effective strategies to reduce student dropout rates and increase student engagement and re-engagement;

(c) Develop interagency agreements and otherwise cooperate with other state and federal agencies and with private, nonprofit agencies to collect and review student data and develop and recommend methods for reducing student dropout rates and increasing student engagement and re-engagement. The office shall, to the extent possible, collaborate with, at a minimum:

- (I) Career and technical education providers;
  - (II) General educational development service providers;
  - (III) The prevention services division in the department of public health and environment;
  - (IV) The division of youth corrections and other agencies within the juvenile justice system;
  - (V) The department of corrections;
  - (VI) The judicial department;
  - (VII) Institutions of higher education;
  - (VIII) Offices of workforce development;
  - (IX) Expanded learning opportunity and family education programs;
  - (X) Adult basic education and English-as-a-second-language programs;
  - (XI) Organizations that provide services for pregnant and parenting teens and students with special health and education needs;
  - (XII) Agencies and nonprofit organizations within the child welfare system;
  - (XIII) Private, nonprofit organizations that provide services for homeless families and youth; and
  - (XIV) Private nonprofit or for-profit community arts organizations that work in either visual arts or performing arts;
- (d) Solicit public and private gifts, grants, and donations to assist in the implementation of this article; and

(e) Evaluate the effectiveness of local education providers' efforts in reducing the statewide student dropout rate and increasing the statewide graduation and completion rates and to report progress in implementing the provisions of this article.

(4) (a) The office shall collaborate with other divisions within the department to identify annually through the accreditation process those local education providers that do not meet their established graduation and completion rate expectations. Of those local education providers identified, the office shall use criteria adopted by rule of the state board to determine:

(I) Which local education providers are most in need of improvement and assistance and shall recognize said local education providers as high priority local education providers; and

(II) Which local education providers are in significant need of improvement and assistance and shall recognize said local education providers as priority local education providers.

(b) The office shall provide technical assistance to each high priority local education provider and to priority local education providers as provided in this article.

(5) In addition to the assistance specified in sections 22-14-106 (3) and 22-14-107 (5), the office shall provide technical assistance in the areas of dropout prevention and student engagement and re-engagement to the high priority local education providers and, to the extent practicable within existing resources, to priority local education providers. Technical assistance may include, but need not be limited to:

(a) Training in implementing identified, effective, research-based strategies for dropout prevention and student engagement and re-engagement;

(b) Assistance in estimating the cost of implementing the identified strategies in the schools operated or approved by the high priority or priority local education provider and analyzing the cost-effectiveness of the strategies;

(c) Identification and recommendation of effective approaches applied by other Colorado local education providers that may be similarly situated to the high priority or priority local education provider.

**Cross references:** For the legislative declaration in the 2010 act amending subsections (3)(c)(XII) and (3)(c)(XIII) and adding subsection (3)(c)(XIV), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-14-104. Report of effective policies and strategies - creation - use.** (1) On or before December 31, 2009, the office shall review the existing research and data from this state and other states and compile a report of effective dropout prevention and student engagement and re-engagement policies and strategies implemented by local education providers within this state and in other states. The office may use the findings and recommendations in the report to provide technical assistance to high priority and priority local education providers, to assist high priority and priority local education providers in creating student graduation and completion plans, and to recommend to the state board and the general assembly state policies concerning dropout prevention and student engagement and re-engagement. High priority and priority local education providers may use the report to review their policies, to formulate new policies and strategies, and to create and evaluate their student graduation and completion plans.

(2) In preparing the report of effective policies and strategies, the office, at a minimum, shall consult, share information, and coordinate efforts with:

(a) The governor's office;

(b) The P-20 education coordinating council appointed by the governor pursuant to executive order B 003 07;

(c) Local education providers within Colorado that have maintained low student dropout rates and high rates of student engagement and re-engagement in previous years;

(d) State and national experts in dropout rate reduction and student engagement and re-engagement strategies who are knowledgeable about successful policies and practices from other states and local governments in other states; and

(e) Federal government officials who administer dropout rate reduction and student engagement and re-engagement initiatives and programs.

(3) The office shall periodically review and revise the report of effective policies and strategies as necessary to maintain the report's relevance and applicability. The office shall post the initial report of effective strategies and subsequent revisions on the department's web site.

**Source: L. 2009:** Entire article added, (HB 09-1243), ch. 290, p. 1412, § 1, effective May 21.

**22-14-105. Assessment of statewide student attendance data - report.** Beginning in the 2009-10 academic year, the office, with assistance from other divisions within the department, shall annually analyze data collected by the department from local education providers throughout the state concerning student attendance and the implementation of school attendance policies and practices and shall assess the overall incidence, causes, and effects of student dropout, engagement, and re-engagement in Colorado. On or before February 15, 2010, and on or before February 15 each year thereafter, the office shall provide to local education providers, the state board, the education committees of the senate and the house of representatives, or any successor committees, and the governor's office the assessment and any recommended strategies to address student dropout, engagement, and re-engagement in Colorado. The office may combine this assessment and recommendation with the report required by section 22-14-111.

**Source: L. 2009:** Entire article added, (HB 09-1243), ch. 290, p. 1413, § 1, effective May 21.

**22-14-106. Local education provider practices assessment - technical assistance - rules.** (1) (a) Each high priority and priority local education provider shall conduct a practices assessment as described in subsection (2) of this section. Each high priority and priority local education provider's practices assessment shall consider community partner-

ships with state and local government agencies and community-based organizations and current practices and policies as they relate to different types of dropout students or students at risk of dropping out.

(b) Each high priority local education provider shall complete its initial practices assessment no later than June 30, 2010. Each priority local education provider shall complete its initial practices assessment no later than June 30, 2011. Following completion of the initial practices assessment, each high priority and priority local education provider shall review and update the practices assessment in accordance with timelines adopted by rule of the state board.

(c) Each local education provider that is not a high priority or priority local education provider is encouraged to conduct a practices assessment and to periodically review and update the practices assessment. A local education provider that chooses to conduct a practices assessment pursuant to this paragraph (c) shall comply with the provisions of subsection (4) of this section.

(d) If a high priority or priority local education provider has authorized one or more existing charter schools pursuant to article 30.5 of this title, each charter school shall conduct its own practices assessment in accordance with the deadlines specified in paragraph (b) of this subsection (1) and submit the assessment to the department pursuant to subsection (4) of this section. A practices assessment conducted by a charter school shall conform to the requirements specified in subsection (2) of this section.

(2) Each practices assessment, at a minimum, shall address the high priority or priority local education provider's:

- (a) Attendance and truancy reporting and enforcement policies and definitions;
- (b) Risk factors and remedies applicable to students who are failing one or more courses, have experienced traumatic life events, or have lost academic interest or motivation and to students whose presence or actions are perceived to be detrimental to other students;
- (c) Interaction with the judicial system in enforcing compulsory school attendance;
- (d) Interaction with the juvenile justice system in:
- (I) Assisting in administering juvenile diversion programs and coordinating supports for all students transitioning out of the juvenile justice system to aid in the continuation of the students' education, especially for those students involved in the juvenile justice system as a result of school-related violations of the local education provider's code of conduct or crimes committed on school property; and
- (II) Coordinating with juvenile probation officers regarding school-related conditions of probation;

(e) Coordination with child welfare services, including but not limited to county departments of social services, facility schools, and other youth services providers;

- (f) Grading policies;
- (g) Policies for grade repetition and remediation;
- (g.5) Practices relating to visual arts and performing arts education, including but not limited to the availability of courses in visual arts and performing arts, requirements for obtaining visual arts or performing arts course credits, the availability of extracurricular activities that involve visual arts or performing arts, and the high priority or priority local education provider's relationships with nonprofit or for-profit community arts organizations;

- (h) Course completion requirements and policies; and
- (i) Policies and practices relating to:
  - (I) The use of individual career and academic plans;
  - (II) Addressing ethnicity, language, and cultural barriers between students' homes and school;

- (III) English-language acquisition;
- (IV) Student acquisition of behavioral, social, and emotional skills;
- (V) Students' health care needs;
- (VI) Alternative and flexible educational strategies;
- (VII) Family involvement and family support services;
- (VIII) Expanded learning opportunity programs;
- (IX) Staff development in implementing evidence-based strategies;

- (X) Innovations to address barriers to school engagement and success;
- (XI) Outreach services to re-engage students who drop out of school; and
- (XII) Review and analysis of data regarding dropout rates, graduation rates, school completion rates, truancy rates, the number of students who are habitually truant, suspension rates, and expulsion rates.

(3) The office shall provide technical assistance to high priority local education providers to assist them in completing their practices assessments. The office may provide technical assistance to priority local education providers as allowable within available appropriations. In addition, at the request of a high priority or priority local education provider and to the extent practicable within available resources, the office shall provide a template, which includes any student data that is pertinent to the high priority or priority local education provider and to which the office has access, to assist the high priority or priority local education provider in preparing its practices assessment.

(4) Upon completing its practices assessment or any updates to the assessment, each high priority and priority local education provider shall transmit the assessment to the department for publication on the internet.

**Source:** **L. 2009:** Entire article added, (HB 09-1243), ch. 290, p. 1413, § 1, effective May 21. **L. 2010:** (2)(g.5) added, (HB 10-1273), ch. 233, p. 1023, § 12, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act adding subsection (2)(g.5), see section 1 of chapter 233, Session Laws of Colorado 2010.

#### **22-14-107. Student graduation and completion plans - adoption - evaluation.**

(1) (a) Based on the completed practices assessment, by a date specified by rule of the state board, but not later than October 1, 2010, each high priority local education provider shall adopt a student graduation and completion plan for the schools operated or approved by the high priority local education provider. Each priority local education provider shall adopt a student graduation and completion plan by a date specified by rule of the state board, but not later than October 1, 2011. Following adoption of the initial student graduation and completion plan, each high priority and priority local education provider shall review and update the student graduation and completion plan in accordance with timelines adopted by rule of the state board. In setting the dates for adoption of the initial student graduation and completion plans and the timelines for reviewing and updating the student graduation and completion plans, the state board shall ensure that the dates coincide with the dates by which each local education provider is required to adopt the plan required by its accreditation category or its annual performance review.

(b) Each local education provider that is not a high priority or priority local education provider is encouraged to adopt a student graduation and completion plan and to periodically review and update the plan. A local education provider that chooses to adopt a student graduation and completion plan pursuant to this paragraph (b) shall comply with the provisions of subsection (6) of this section.

(c) Notwithstanding any provision of paragraph (a) of this subsection (1) to the contrary, if a high priority or priority local education provider has authorized one or more existing charter high schools pursuant to article 30.5 of this title, each charter high school shall adopt its own student graduation and completion plan in accordance with the deadlines specified in paragraph (a) of this subsection (1) and submit the plan to the department pursuant to subsection (6) of this section. A student graduation and completion plan adopted by a charter high school shall conform to the requirements specified in subsection (2) of this section.

(2) At a minimum, each high priority and priority local education provider's student graduation and completion plan shall include:

(a) The percentage by which the high priority or priority local education provider anticipates reducing the student truancy rate and dropout rate and the timeline for achieving the reductions;

(b) The percentage by which the high priority or priority local education provider anticipates increasing the student attendance, graduation, and completion rates and the timeline for achieving the increases;

(c) Other objectives that the high priority or priority local education provider identifies that are designed to result in improved dropout prevention, improved student attendance, and improved student engagement and re-engagement within the schools operated or approved by the high priority or priority local education provider;

(d) The manner in which the high priority or priority local education provider will measure success in achieving the goals and objectives of the student graduation and completion plan;

(e) The manner in which school staff and parents will work together to address the risk factors and remedies for students; and

(f) A description of the supports that the high priority or priority local education provider will provide to a student who leaves a public school prior to graduation or completion, which supports, at a minimum, shall include an explanation of the educational alternatives available to the student to assist him or her in re-engaging in school and other information to assist with his or her transition into other educational settings, including but not limited to an adult basic education, general educational development, or English-as-a-second-language program, or into the workforce or job training.

(3) In designing its student graduation and completion plan, each high priority or priority local education provider is encouraged to:

(a) Include a variety of innovative dropout reduction efforts in the plan, including new schools and programs that provide educational environments that are specifically designed to promote student re-engagement, including policies and programs that create alternative pathways to high school graduation;

(a.5) Expand the availability of visual arts and performing arts courses and opportunities through the regular school curriculum and through increased access to extracurricular activities, including but not limited to entering into agreements with nonprofit or for-profit community arts organizations to provide expanded visual arts and performing arts educational programs; and

(b) Review existing supports and resources that the high priority or priority local education provider may leverage to support implementation of the plan, including but not limited to grants for expelled and at-risk student services available pursuant to section 22-33-205, grants available through the school counselor corps grant program created in article 91 of this title, assistance available through the closing the achievement gap program pursuant to section 22-7-611, and federal moneys available pursuant to the "Safe and Drug-free Schools and Communities Act", 20 U.S.C. sec. 7101 et seq.

(4) Each high priority or priority local education provider, in adopting its student graduation and completion plan, shall also adopt a process by which annually to review and evaluate the effectiveness of the plan. Each high priority or priority local education provider that is a school district shall include its practices assessment and its student graduation and completion plan with the plan the school district is required to adopt based on its accreditation category.

(5) The office shall provide technical assistance to high priority local education providers to assist them in completing their student graduation and completion plans. The office may provide technical assistance to priority local education providers as allowable within available appropriations.

(6) Upon adopting its student graduation and completion plan or any updates to the plan, each high priority or priority local education provider shall transmit the plan to the department for publication on the internet.

(7) (a) Beginning in the 2011-12 academic year, the office shall annually evaluate each high priority local education provider's student graduation and completion plan as part of the accreditation review process. The office shall evaluate the components of each student graduation and completion plan, the high priority local education provider's implementation of the plan, and the results achieved. In evaluating the student graduation and completion plans, the office shall generally ensure that the high priority local education provider applies best practices and strategies and employs rigorous ongoing program

evaluation and oversight in implementing the plan. On completion of the evaluation, the office may provide recommendations to the high priority local education provider concerning improvements in the plan design and implementation.

(b) The office may evaluate, as described in paragraph (a) of this subsection (7), the student graduation and completion plans of priority local education providers as allowable within available appropriations.

**Source:** L. 2009: Entire article added, (HB 09-1243), ch. 290, p. 1416, § 1, effective May 21. L. 2010: (3)(a) amended and (3)(a.5) added, (HB 10-1273), ch. 233, p. 1024, § 13, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act amending subsection (3)(a) and adding subsection (3)(a.5), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-14-108. Local education provider - notice to parent of dropout status.** (1) Each local education provider shall adopt and implement policies and procedures pursuant to which the local education provider or the public school in which the student was enrolled shall notify a student's parent if the student drops out of school, even if the student is not subject to the compulsory attendance requirement specified in section 22-33-104. The local education provider shall develop the policies and procedures with the goal of encouraging the student to re-enroll in school and of conveying to the student's parent the long-term ramifications to the student of dropping out of school.

(2) At a minimum, the policies and procedures shall specify the time frames by which the local education provider or the public school in which the student was enrolled shall notify the student and his or her parent and shall require the personnel at the public school to attempt to meet in person with the student and his or her parent.

(3) At a minimum, the notice shall include written notification of the student's dropout status and an explanation of the educational alternatives available to the student to assist him or her in re-engaging in school.

**Source:** L. 2009: Entire article added, (HB 09-1243), ch. 290, p. 1418, § 1, effective May 21.

**22-14-109. Student re-engagement grant program - rules - application - grants - fund created - report.** (1) There is hereby created within the department the student re-engagement grant program to provide grant moneys to local education providers to use in providing educational services and supports to students to maintain student engagement and support student re-engagement in high school. Subject to available appropriations, the state board shall award student re-engagement grants to local education providers from moneys appropriated from the student re-engagement grant program fund created in subsection (4) of this section.

(2) The state board shall adopt rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., for implementing the grant program. At a minimum, the rules shall include:

(a) Timelines and procedures by which a local education provider may apply for a grant;

(b) The information to be included on grant applications, including at a minimum:

(I) The local education provider's plan for providing educational services, including social and emotional support services;

(II) A description of the services to be provided;

(III) The estimated cost of providing the services;

(IV) The criteria the local education provider will apply to measure the effectiveness of the services provided; and

(V) A description of the local education provider's policies and practices related to:

(A) Course completion and credit recovery;

(B) Attendance and behavior improvements;

- (C) Alternative and flexible learning strategies;
- (D) Safe and welcoming school environments;
- (E) Student social and emotional supports;
- (F) Family engagement and family support strategies;
- (G) Staff development;
- (H) Innovations to address barriers to school engagement and success;
- (I) Transference of student records to and receipt of student records from other local education providers; and
- (J) Student participation in and the availability of visual arts and performing arts education.

(3) Each local education provider that seeks to receive a grant pursuant to this section shall submit an application to the department in accordance with the rules adopted by the state board. The department shall review the grant applications received and recommend grant recipients and grant amounts to the state board. The state board shall annually award grants through the grant program based on the department's recommendations.

(4) (a) There is hereby created in the state treasury the student re-engagement grant program fund, referred to in this subsection (4) as the "fund", that shall consist of any moneys credited to the fund pursuant to paragraph (b) of this subsection (4) and any additional moneys that the general assembly may appropriate to the fund. The moneys in the fund shall be subject to annual appropriation by the general assembly to the department for the direct and indirect costs associated with the implementation of this section.

(b) The department is authorized to seek and accept gifts, grants, or donations from private or public sources for the purposes of this section; except that the department may not accept a gift, grant, or donation if it is subject to conditions that are inconsistent with this article or any other law of the state. The department shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the fund.

(c) The department may expend up to three percent of the moneys annually appropriated from the fund to offset the costs incurred in implementing this section and in evaluating and providing technical assistance to local education providers that receive grants pursuant to this section.

(d) Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(e) The department is encouraged to direct to the fund any federal moneys received by the department that may be used for the purposes specified in this section.

(5) (a) On or before February 15, 2011, and on or before February 15 each year thereafter, the department shall evaluate the student re-engagement services provided by each local education provider that received a grant pursuant to this section in the preceding fiscal year; except that the department need not provide an evaluation for any fiscal year in which grants were not awarded. At a minimum, the department shall review:

(I) The outcomes and effectiveness of the services provided as measured by the demonstrated degree of student re-engagement;

(II) The academic growth of students who received services as a result of the grant, to the extent the information is available;

(III) The reduction in the dropout rate; and

(IV) The increase in the graduation and completion rates for the grant recipients' schools.

(b) The department shall report the evaluation results to the education committees of the senate and the house of representatives, or any successor committees, in conjunction with the report submitted pursuant to section 22-14-111.

**Source: L. 2009:** Entire article added, (HB 09-1243), ch. 290, p. 1418, § 1, effective May 21. **L. 2010:** (2)(b)(V)(H) and (2)(b)(V)(I) amended and (2)(b)(V)(J) added, (HB 10-1273), ch. 233, p. 1024, § 14, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act amending subsections (2)(b)(V)(H) and (2)(b)(V)(I) and adding subsection (2)(b)(V)(J), see section 1 of chapter 233, Session Laws of Colorado 2010.

**22-14-110. State board - rules.** (1) The state board shall promulgate pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., such rules as may be necessary to implement the provisions of this article. At a minimum, said rules shall include:

(a) The rules required pursuant to section 22-14-103 (4) to establish criteria for identifying high priority and priority local education providers;

(b) The rules required pursuant to section 22-14-109 for the student re-engagement grant program; and

(c) Rules to define and calculate the following rates:

(I) The student dropout rate;

(II) The graduation rate;

(III) The completion rate;

(IV) The student re-engagement rate;

(V) The truancy rate;

(VI) The student mobility rate;

(VII) The student suspension rate; and

(VIII) The student expulsion rate.

(2) To the extent the state board, as of May 21, 2009, has already promulgated any of the rules specified in subsection (1) of this section, the state board shall review said rules and determine whether they should be revised based on the provisions of this article.

**Source: L. 2009:** Entire article added, (HB 09-1243), ch. 290, p. 1421, § 1, effective May 21.

**22-14-111. Report to general assembly, state board, and governor - exception to three-year expiration.** (1) On or before February 15, 2010, and on or before February 15 each year thereafter, the office shall submit to the state board, the education committees of the senate and the house of representatives, or any successor committees, and to the governor a report making state policy findings and recommendations to reduce the student dropout rate and increase the student graduation and completion rates. At a minimum, in preparing the findings and recommendations, the office shall:

(a) Consider which state statutes and rules may be appropriately amended to provide incentives and support for and remove barriers to reducing the student dropout rate and increasing the student graduation and completion rates, including but not limited to statutes and rules pertaining to funding for local education providers' operating costs, funding for categorical programs, and truancy;

(b) Consider research-based dropout prevention and student engagement and re-engagement strategies;

(c) Determine the amount of state moneys spent on reducing the dropout rates in schools operated or approved by local education providers in the preceding fiscal year and determine the effects of those expenditures; and

(d) Consult with the persons specified in section 22-14-104 (2).

(2) Beginning with the report submitted pursuant to this section on February 15, 2012, the office shall add to the report a summary of the actions taken by local education providers statewide to reduce the student dropout rate and increase the graduation and completion rates and the progress made in achieving these goals. At a minimum, the summary shall include:

(a) A summary and evaluation of the student graduation and completion plans adopted by the local education providers;

(b) A list of the local education providers whose schools have experienced the greatest decrease in student dropout rates and the greatest increase in student graduation and completion rates in the state in the preceding academic year;

- (c) Identification of local education providers and public schools that are achieving the goals and objectives specified in their student graduation and completion plans and those that are not achieving their goals and objectives;
  - (d) Explanation of the actions taken and strategies implemented by the local education providers with the highest student dropout rates to reduce those rates and by the local education providers with the lowest student graduation and completion rates to increase those rates;
  - (e) Identification of the local education providers that have demonstrated the greatest improvement in reducing their student dropout rates and increasing their student graduation and completion rates and descriptions of the actions taken and strategies implemented by the local education providers operating or approving these schools to achieve these improvements; and
  - (f) An evaluation of the overall progress across the state in meeting the goals specified in section 22-14-101 for reducing the student dropout rate and increasing the student graduation and completion rates.
- (3) Notwithstanding the provisions of section 24-1-136 (11), C.R.S., the reporting requirements specified in this article shall not expire but shall continue to be required until repealed by the general assembly.

PART 1

EDUCATION OF CHILDREN WITH DISABILITIES

**22-20-101. Short title.** This article shall be known and may be cited as the “Exceptional Children’s Educational Act”.

**Source:** L. 73: R&RE, p. 1258, § 1. **C.R.S. 1963:** § 123-22-1. **L. 79:** Entire section amended, p. 775, § 1, effective July 1.

- 22-20-102. Legislative declaration.** (1) The general assembly, recognizing the obligation of the state of Colorado to provide educational opportunities to all children that will enable them to lead fulfilling and productive lives, declares that the purpose of this article is to provide means for identifying and educating those children who are exceptional. To this end, it is necessary to define specific responsibilities for identifying and serving children with disabilities that appropriately reflect the continuum of services that recognizes the capabilities of all state agencies, including special classes in public schools and the establishment of special schools, programs for children with disabilities who are confined to their homes or hospitals, and instruction in institutions of the state for children with disabilities. The final determination for the placement in a special education program of any eligible child with a disability shall be made by a child’s individual family service program for a child from birth through two years of age and a child’s individualized education program team for a child from three to twenty-one years of age as designated by the governing board of the responsible administrative unit or by the governing authority of a state-operated program.
- (2) It is the intent of the general assembly, in keeping with accepted educational principles, that children from three to twenty-one years of age with disabilities shall be educated in the least restrictive environment to the maximum extent appropriate. To this end, the services of special education personnel shall be utilized within the general school programs to the maximum extent permitted by good educational practices, both in rendering services directly to children and in providing consultative services to general classroom teachers.
- (3) It is further the intent of this part 1 to ensure that there is a coordination of all services available to children with disabilities and to promote interagency operating agreements or contracts between administrative units, other public agencies, nonprofit organizations, and approved facility schools for the provision of appropriate services for children with disabilities.
- (4) It is further the intent of the general assembly that this part 1, and the rules promulgated pursuant to this part 1 by the state board, align closely with the federal

“Individuals with Disabilities Education Act”, 20 U.S.C. sec. 1400 et seq., as amended, and its implementing regulations, 34 CFR part 300 and 34 CFR part 303 as it pertains to child find, in order to minimize the number of rules, regulations, and policies to which administrative units, state-operated programs, and approved facility schools are subject.

(5) Nothing in this part 1 shall be construed to affect the placement of children out of the home or alternatives to such placements as provided in section 19-1-116, C.R.S.

**Source:** **L. 73:** R&RE, p. 1258, § 1. **C.R.S. 1963:** § 123-22-2. **L. 77:** Entire section amended, p. 1067, § 10, effective July 1. **L. 79:** Entire section amended, p. 775, § 2, effective July 1. **L. 81:** Entire section amended, p. 1054, § 1, effective June 10. **L. 87:** Entire section amended, p. 818, § 27, effective October 1. **L. 93:** Entire section amended, p. 1639, § 28, effective July 1. **L. 2006:** Entire section amended, p. 316, § 1, effective August 7. **L. 2007:** Entire section amended, p. 1551, § 1, effective May 31. **L. 2011:** (1), (3), and (4) amended, (HB 11-1277), ch. 306, p. 1477, § 10, effective August 10; (3), (4), and (5) amended, (HB 11-1077), ch. 30, p. 74, § 1, effective August 10.

**Editor’s note:** Amendments to subsections (3) and (4) by House Bill 11-1077 and House Bill 11-1277 were harmonized.

#### ANNOTATION

**Enactment of this act placed the responsibility for providing and paying for special education for handicapped children on the school district of their residence thereby re-**

**lieving the department of social services of any obligations it might have had prior to the effective date of the act. A.C.B. v. Denver Dept. of Soc. Servs., 725 P.2d 94 (Colo. App. 1986).**

#### **22-20-102.5. Legislative declaration - identification of gifted children. (Repealed)**

**Source:** **L. 88:** Entire section added, p. 809, § 4, effective May 24. **L. 93:** Entire section amended, p. 1639, § 29, effective July 1. **L. 2007:** Entire section amended, p. 1763, § 1, effective July 1. **L. 2011:** Entire section repealed, (HB 11-1077), ch. 30, p. 74, § 2, effective August 10.

#### **22-20-103. Definitions.** As used in this part 1, unless the context otherwise requires:

(1) “Administrative unit” means a school district, a board of cooperative services, or the state charter school institute, that is providing educational services to exceptional children and that is responsible for the local administration of this article.

(2) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 75, § 3, effective August 10, 2011.)

(2.5) “Applicable revenues” means those revenues, as defined by rules promulgated by the state board pursuant to this article, that support special education expenditures.

(2.7) “Approved facility school” means an educational program that is operated by a facility to provide educational services to students placed in the facility and that, pursuant to section 22-2-407, has been placed on the list of facility schools that are approved to receive reimbursement for providing those educational services to students placed in the facility. An educational program provided by an administrative unit at a facility is not an approved facility school but is an educational program of the administrative unit that does not require approval by the department.

(3) “Board of cooperative services” means a regional educational services unit created pursuant to article 5 of this title and designed to provide supporting, instructional, administrative, facility, community, or any other services contracted by participating members.

(4) “Child find” means the program component of the IDEA that requires states to find, identify, locate, evaluate, and serve all children with disabilities, from birth to twenty-one years of age. Specific responsibilities for child find are described in section 22-20-118. Child find includes:

(a) Part C child find, which means the program component of IDEA that requires states to find, identify, locate, evaluate, and serve children with disabilities from birth through two years of age; and

(b) Part B child find, which means the program component of IDEA that requires states to find, identify, locate, evaluate, and serve children with disabilities from three to twenty-one years of age.

(5) (a) "Children with disabilities" means:

(I) Those persons from three to twenty-one years of age who, by reason of one or more of the following conditions, are unable to receive reasonable benefit from general education:

(A) Autism spectrum disorders;

(B) A hearing impairment, including deafness;

(C) A serious emotional disability;

(D) An intellectual disability;

(E) Multiple disabilities;

(F) An orthopedic impairment;

(G) Other health impairment;

(H) A specific learning disability;

(I) A speech or language impairment;

(J) Traumatic brain injury;

(K) A visual impairment, including blindness; and

(L) Deaf-blindness.

(M) Repealed.

(II) Those persons from birth through two years of age who have been determined to be an infant or a toddler with a disability.

(III) Those persons from three through eight years of age who have been determined pursuant to 34 CFR 300.8 (b) to be children experiencing developmental delays.

(b) Notwithstanding the provisions of paragraph (a) or (b) of this subsection (5), for purposes of child find activities, "children with disabilities" means persons from birth to twenty-one years of age.

(6) "Communication mode or language" means one or more of the following systems or methods of communication applicable to children who are deaf or hard of hearing:

(a) American sign language;

(b) English-based manual or sign systems; or

(c) Oral, aural, or speech-based training.

(7) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(8) "District charter school" means a charter school authorized by a school district pursuant to part 1 of article 30.5 of this title.

(8.3) "Early intervening services" means programs and activities for students in kindergarten through grade twelve, with an emphasis on students in kindergarten through grade three, who at the time they receive early intervening services are not identified as children with disabilities, but who need additional academic and behavioral supports in order to succeed in a general education environment.

(8.5) "Early intervention services" means the services and supports specified in section 27-10.5-102 (12), C.R.S., provided to children with disabilities who are less than three years of age.

(8.7) "Educational placement" means the provision of special education services, including but not limited to those points along the continuum of alternative placements. "Educational placement" does not mean a specific place, such as a specific classroom or school.

(9) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1478, § 11, effective August 10, 2011.)

(9.5) "Emergency public placement" means a public placement made necessary because of an imminent danger to a child or others.

(10) "Equipment" means that equipment used especially for the instruction or assessment of children with disabilities.

(11) "Evaluation" means:

(a) For purposes of part C child find, procedures used to determine a child's initial and continuing eligibility for part C child find, including but not limited to:

- (I) Determining the status of the child in each of the developmental areas;
- (II) Identifying the child's unique strengths and needs;
- (III) Identifying any early intervention services that might serve the child's needs; and
- (IV) Identifying priorities and concerns of the family and resources to which the family has access;

(b) For the purposes of part B child find, procedures used under IDEA for children with disabilities to determine whether a child has a disability and the nature and extent of special education and related services that the child will need.

(12) "Exceptional child" means:

(a) A child defined in subsection (5) of this section as a child with a disability. An administrative unit shall serve every child with a disability from three to twenty-one years of age, and may serve children with disabilities from birth through two years of age.

(b) A child defined in section 22-20-202 (6) as a gifted child. Pursuant to section 22-20-204 (1), an administrative unit shall adopt and submit to the department a program plan to identify and serve gifted children who are at least five years of age.

(12.3) "Facility" means a day treatment center, residential child care facility, or other facility licensed by the department of human services pursuant to section 26-6-104, C.R.S., or a hospital licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S.

(12.7) "Foster home" shall have the same meaning as a "foster care home" as defined in section 26-6-102 (4.5), C.R.S., and shall be licensed by the department of human services or certified by a county department of social services or certified by a child placement agency as defined in section 26-6-102 (2), C.R.S.

(13) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 75, § 3, effective August 10, 2011.)

(13.3) "Group home" means a congregate care facility licensed by the department of human services pursuant to section 26-6-104, C.R.S.

(13.5) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 75, § 3, effective August 10, 2011.)

(14) "IDEA" means the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended, and its implementing regulations, 34 CFR part 300 and also 34 CFR part 303 as it pertains to child find.

(15) "Individualized education program" or "IEP" means a written statement for a child with a disability that is developed, reviewed, and revised in accordance with this part 1 and the rules promulgated by the state board.

(16) "Individual family service plan" or "IFSP" means a written statement for a child from birth through two years of age with a disability, which statement is developed, reviewed, and revised in accordance with part C child find of IDEA and with rules promulgated by the department of human services.

(17) "Institute charter school" means a charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of this title.

(18) "Least restrictive environment" means that:

(a) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who do not have disabilities; and

(b) Special classes, separate schooling, or other removal of children with disabilities from the general educational environment occurs only if the nature and severity of the disability is such that education in general classes with the use of supplementary aids and services cannot be satisfactorily achieved.

(19) "Literacy mode" means one of the following four systems or methods of achieving literacy applicable to blind children:

(a) "Auditory mode" means any method or system of achieving literacy that depends upon the auditory senses, including the use of readers, taped materials, electronic speech, speech synthesis, or any combination of the above.

(b) “Braille” means the system of reading and writing by means of raised points, commonly known as standard English braille.

(c) “Print enlargement” means any method or system of achieving literacy that includes optical aids to enhance apprehension of printed material, electronic enlargement of printed material, books and textual materials printed in large print, and any combination of the above.

(d) “Regular print mode” means any method or system of achieving literacy that depends upon the apprehension of regular-sized printed material.

(19.7) (a) “Parent” means:

(I) A biological or adoptive parent of a child;

(II) A foster parent;

(III) A guardian generally authorized to act as a child’s parent, or authorized to make educational decisions for the child, but not the state if the child is a ward of the state;

(IV) An individual acting in the place of a biological or adoptive parent, including but not limited to a grandparent, stepparent, or other relative, and with whom the child lives, or an individual who is legally responsible for the child’s welfare; or

(V) An educational surrogate parent assigned by the responsible administrative unit consistent with rules promulgated by the state board in accordance with this article.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), the biological or adoptive parent, when attempting to act as a parent pursuant to this article, and when more than one party is qualified pursuant to paragraph (a) of this subsection (19.7) to act as a parent, shall be presumed to be the parent for purposes of this subsection (19.7) unless the biological or adoptive parent does not have legal authority to make educational decisions for the child.

(II) If a judicial decree or order identifies a specific person or persons listed in subparagraphs (I) to (IV) of paragraph (a) of this subsection (19.7) to act as the parent of a child or to make educational decisions on behalf of a child, then the person or persons shall be determined to be the parent for purposes of this article.

(20) “Public agency” means a public agency that:

(a) Is not an administrative unit; and

(b) Is legally authorized to place a child in a facility or another out-of-home placement, including but not limited to a group home or a foster home.

(21) “Public placement” means the placement of a child with a disability in a facility or another out-of-home placement, including but not limited to a group home or foster home, by a court or public agency.

(22) “School district” means a school district organized and existing pursuant to law, but shall not include a junior college district.

(22.7) “Special education expenditures” means those expenditures that are incurred by an administrative unit, state-operated program, or approved facility school for professional services associated with special education referrals and evaluations of children who may have a disability and the provision of special education services as identified on an individual student’s individualized education program. Special education expenditures do not include the costs of the general education program. Special education expenditures shall be supplemental to the general education program and shall be above what is provided by the administrative unit, state-operated program, or approved facility school for general education students and staff and may include:

(a) Special education teachers;

(b) Home-hospital teachers for students with disabilities;

(c) Speech-language pathologists and speech-language pathology assistants;

(d) Specialty teachers;

(e) Special education instructional paraprofessionals;

(f) Educational interpreters;

(g) School nurses;

(h) Occupational therapists and occupational therapy assistants;

(i) Physical therapists and physical therapy assistants;

(j) School psychologists;

(k) School social workers;

- (l) Audiologists;
- (m) Orientation and mobility specialists;
- (n) Other special education professionals;
- (o) Special education administrators and office support;
- (p) Other noncertified or nonlicensed support;
- (q) Employee benefits for special education staff;
- (r) Supplies, materials, and equipment used for individual students' special education programs and services;
- (s) Purchased service contracts for personal services;
- (t) Tuition to other administrative units and approved tuition rates to approved facility schools for special education;
- (u) Staff travel related to special education;
- (v) Professional development for special education staff, or all staff, if the content of the professional development is specific to services for children with disabilities;
- (w) Other purchased services related to special education;
- (x) Dues, fees, and other expenditures specific to the special education program; and
- (y) Parent counseling and training, as defined by the IDEA and its implementing regulations.

(23) "Special education services" or "special education programs" means the services or programs provided to a child with a disability in conformity with the child's IEP or IFSP.

(24) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 75, § 3, effective August 10, 2011.)

(25) "Specific learning disability" means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which disorder may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations, and includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. "Specific learning disability" does not include a learning problem that is primarily the result of visual, hearing, or motor disabilities, of mental retardation, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

(26) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(27) "State charter school institute" means the state charter school institute created pursuant to part 5 of article 30.5 of this title.

(28) "State-operated program" means an approved school program supervised by the department and operated by:

- (a) The Colorado school for the deaf and the blind;
- (b) The department of corrections; or
- (c) The department of human services, including but not limited to the division of youth corrections and the mental health institutes.

L. 2008: (12)(b) and (13) amended and (13.5) added, p. 774, § 1, effective May 14; (9) amended, p. 1386, § 14, effective May 27; (8.3) and (8.5) added, p. 624, § 3, effective July 1. L. 2011: IP, (2), (12), (13), (13.5), (15), and (24) amended, (HB 11-1077), ch. 30, p. 75, § 3, effective August 10; (4), (5), (9), (10), IP(12), (12)(a), (14), (18), (20)(b), (21), and (28) amended and (2.5), (2.7), (8.7), (9.5), (12.3), (12.7), (13.3), (19.7), and (22.7) added, (HB 11-1277), ch. 306, p.

1478, § 11, effective August 10. **L. 2012:** (5)(a)(I)(K) and (5)(a)(I)(L) amended, (5)(a)(III) added, and (5)(a)(I)(M) repealed, (HB 12-1345), ch. 188, p. 719, § 6, effective May 19.

**Editor's note:** (1) Subsection (4) was amended in House Bill 90-1314. Those amendments were superseded by the amendments to subsection (4) in House Bill 90-1137.

(2) Subsection (12) was originally numbered as subsection (3.4), and the amendments to it in House Bill 07-1244 were harmonized with Senate Bill 07-255 and renumbered as subsection (12).

(3) Amendments to subsection (12) by House Bill 11-1077 and House Bill 11-1277 were harmonized.

**Cross references:** For the legislative declaration contained in the 2008 act enacting subsections (8.3) and (8.5), see section 1 of chapter 177, Session Laws of Colorado 2008.

**22-20-104. Administration - advisory committee - rules.** (1) (a) This part 1 shall be administered by the department. Administration of this part 1 shall include the recommendation to the state board of reasonable rules necessary to implement this part 1, including but not limited to:

(I) Minimum standards for administrative units, state-operated programs, approved facility schools, and personnel;

(II) Criteria for determining disability and eligibility for special education services;

(III) Procedures regarding the identification of children with disabilities, including but not limited to part C child find and part B child find activities described in section 22-20-118;

(IV) Requirements for parental consent, including but not limited to parental consent for the evaluation of children with disabilities and the initial provision of special education services;

(V) Required IEP content and procedures for IEP development, review, and revision;

(VI) Application of school discipline procedures to children with disabilities;

(VII) Required procedural safeguards;

(VIII) Procedures for special education dispute resolution;

(IX) Extended school year services; and

(X) Requirements pursuant to the IDEA regarding children with disabilities who are enrolled in private schools.

(XI) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1483, § 12; (HB 11-1077), ch. 30, p. 75, § 4, effective August 10, 2011.)

(b) The state board shall adopt appropriate recommendations as rules to implement this part 1 following public comment and hearing. The rules promulgated by the state board shall be in accord with the legislative declaration set forth in section 22-20-102.

(c) An administrative unit, a state-operated program, or an approved facility school that provides plans, programs, or services that do not comply with the rules adopted by the state board will be provided by the department with a detailed analysis of any discrepancies noted along with specific recommendations for their correction. Applicable federal and state funding will be provided or continued for a reasonable period of time, as determined by the department, to allow the administrative unit, state-operated program, or approved facility school an opportunity to comply with such rules.

(2) (a) In order to assist the state board in the performance of its responsibilities for the implementation of this part 1, the state board shall appoint a state special education advisory committee of an appropriate size. The members of the advisory committee shall be representative of the state population and shall be composed of persons involved in or concerned with the education of children with disabilities, including parents of children with disabilities ages birth through twenty-six years; individuals with disabilities; teachers; representatives of institutions of higher education that prepare special education and related services personnel; state and local education officials, including officials who carry out activities under section 22-33-103.5; administrators of programs for children with disabilities; representatives of other state agencies involved in the financing or delivery of related services to children with disabilities; representatives of private schools, district charter schools, and institute charter schools; at least one representative of a vocational, community, or business organization concerned with the provision of transition services to children

with disabilities; a representative from child welfare services in the department of human services established pursuant to section 26-5-102, C.R.S.; and representatives from the division of youth corrections in the department of human services and from the department of corrections. A majority of the members of the advisory committee shall be individuals with disabilities or parents of children with disabilities. Members shall be appointed for terms as determined by the by-laws of the advisory committee. Any additions to the composition of the advisory committee shall be made pursuant to the procedures of the state board.

(b) (Deleted by amendment, L. 91, p. 694, § 6, effective April 20, 1991.)

(3) Repealed.

(4) To comply with this section, the department shall maintain a special education data and information system on children, personnel, costs, and revenues, and such data and information shall be used to ensure that state moneys provided to administrative units under the provisions of section 22-20-106 and other applicable revenues are being spent only on special education expenditures.

(5) and (6) Repealed.

(7) (a) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 75, § 4, effective August 10, 2011.)

(b) Repealed.

## ANNOTATION

**The board is authorized to exercise quasi-legislative and quasi-judicial powers.** Although the state board of education is an administrative agency of the state, the statutes under which the board administers the special education program authorize the board to exercise quasi-legislative and quasi-judicial powers.

Flemming v. Adams, 377 F.2d 975 (10th Cir. 1967), cert. denied, 389 U.S. 898, 88 S. Ct. 219, 19 L. Ed. 2d 216 (1967).

**Such as prescribing rules and regulations.** The act vests administration in the board and empowers it to prescribe rules and regulations for establishing special education programs in

local school districts. Flemming v. Adams, 377 F.2d 975 (10th Cir. 1967), cert. denied, 389 U.S. 898, 88 S. Ct. 219, 19 L. Ed. 2d 216 (1967).

**22-20-106. Special education programs - early intervening services - rules.**  
(1) (a) By September 1, 1973, every school district in the state shall be either an administrative unit in itself or in a board of cooperative services which shall be designated as an administrative unit.

(b) The state charter school institute shall be an administrative unit for the purpose of delivering special education services to all institute charter schools and shall meet the criteria established by the state board governing the duties and responsibilities of the director of special education. An administrative unit shall also be a school district or board of cooperative services that meets criteria established by the state board governing the duties and responsibilities of the director of special education and is either a board of cooperative services that conducts special education programs for all school districts that are members of the board of cooperative services or is a school district that meets criteria of geographic size, location, and number of pupils established by the state board to achieve maximum efficiency in administering programs of special education.

(c) Although the state board shall define the qualifications and the general duties and responsibilities of directors of special education, such directors shall be regarded for all purposes as employees of their local administrative units and subject to the administrative direction of such units.

(2) (a) Each administrative unit, state-operated program, and approved facility school shall submit a comprehensive plan to the department pursuant to the rules promulgated by the state board indicating how the administrative unit, state-operated program, or approved facility school will provide for the education of all children with disabilities. Each comprehensive plan shall include the type and number of children with disabilities served, the services to be provided, and the estimated resources necessary.

(b) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 77, § 6, effective August 10, 2011.)

(3) (a) Each administrative unit, state-operated program, and approved facility school shall make available special education services as specified by the IEP for any child with a disability for whom it is responsible, as defined by the rules adopted by the state board pursuant to this part 1. General education services are the responsibility of the school district in which a foster home is located, and special education services are the responsibility of the administrative unit in which a foster care home is located. General education services are the responsibility of the school district in which a group home is located, and special education services are the responsibility of the administrative unit in which a group home is located. The administrative unit in which the group home is located may seek tuition costs consistent with section 22-20-109 (2.5).

(b) In providing special education services, an administrative unit, state-operated program, or approved facility school may pay for special education expenditures as defined in section 22-20-103 (22.7).

(c) The district of residence shall pay the tuition costs for a child with a disability in an approved facility school pursuant to sections 22-20-108 (8) and 22-20-109 (1). Special education services may be provided by community centered boards in cooperation with administrative units.

(3.5) (a) An administrative unit may provide early intervening services to a student who is not identified as a child with a disability at the time the early intervening services are provided. An administrative unit may provide early intervening services to students in kindergarten through grade twelve, with an emphasis on students in kindergarten through grade three.

(b) Early intervening services may include programs and activities, including response to intervention, as determined by the state board and set forth in rules promulgated by the state board pursuant to this subsection (3.5).

(c) An administrative unit may annually use no more than fifteen percent of the funding amount that the administrative unit annually receives pursuant to this part 1 for the provision of early intervening services.

(d) Each participating administrative unit shall collect information and report to the department, on an annual basis, the uniquely identifying student numbers of the students receiving early intervening services pursuant to this subsection (3.5).

(e) Nothing in this subsection (3.5) shall be construed to create a right for a student to receive early intervening services nor act to improperly delay the determination, pursuant to section 22-20-108, that a child has a disability and is eligible for special education services.

(f) The state board by rule shall identify the programs and activities that qualify as early intervening services and the allowable expenses related to those programs and activities. The state board may also promulgate such other rules as may be necessary to implement this subsection (3.5).

(4) To comply with this section, an administrative unit may contract with one or more administrative units to establish and maintain special education programs for the education of exceptional children, sharing the costs thereof in accordance with the terms of the contract agreed upon; or an administrative unit having fewer than six children who need a particular kind of special education program may purchase services from one or more administrative units where an appropriate special education program exists.

(5) Each administrative unit shall employ a director of special education. Each state-operated program or approved facility school shall employ or contract in writing for a director of special education. A director of special education shall meet qualification standards promulgated by rule of the state board.

(6) Each administrative unit, state-operated program, and approved facility school shall employ or contract in writing for a sufficient number of appropriately licensed and endorsed special education teachers and staff to adequately carry out those functions for which it is responsible, as defined by the rules promulgated by the state board pursuant to this article, including but not limited to child identification, IEP development, and professional development for school staff.

(7) Any administrative unit or state-operated program planning to utilize federal funds from any source for the education of children with disabilities as provided in this article shall obtain prior approval from the department for the use of such funds. The use of such funds in the administrative unit or state-operated program shall be for special education expenditures as defined in section 22-20-103 (22.7) and in accordance with rules as established by the state board, which are not in conflict with federal law or regulations.

(8) Nothing in this section shall be construed to change the purpose and function of the Colorado school for the deaf and the blind in Colorado Springs or to change the requirements or standards for admission thereto.

(9) (Deleted by amendment, L. 2006, p. 323, § 6, effective August 7, 2006.)

(10) Repealed.

**Source:** **L. 73:** R&RE, p. 1260, § 1. **C.R.S. 1963:** § 123-22-6. **L. 76:** (3) amended, p. 564, § 1, effective July 1. **L. 77:** (6) R&RE, p. 1038, § 1, effective May 14. **L. 79:** (6) amended, p. 780, § 1, effective June 21; (2) to (4) amended, p. 777, § 1, effective July 1. **L. 90:** (9) and (10) added, p. 1088, § 58, effective May 31; (2) and (3) amended and (9) and (10) added, p. 1045, § 3, effective July 1. **L. 93:** (2), (3), (6), (7), and (9) amended, p. 1642, § 33, effective July 1. **L. 94:** (3) and (6) amended, p. 1143, § 7, effective July 1. **L. 98:** (10) repealed, p. 1075, § 3, effective June 1. **L. 2000:** (6) amended, p. 1854, § 50, effective August 2. **L. 2004:** (1), (2), and (3) amended, p. 1625, § 24, effective July 1. **L. 2006:** Entire section amended, p. 323, § 6, effective August 7; (5) amended, p. 598, § 13, effective August 7. **L. 2007:** (3)(a) amended, p. 1764, § 4, effective July 1. **L. 2008:** (3.5) added, p. 624, § 2, effective July 1. **L. 2011:** (1)(b), (2)(b), (3)(a), (3)(c), and (4) amended, (HB 11-1077), ch. 30, p. 77, § 6, effective August 10; (2)(a)(I), (3), (5), (6), and (7) amended, (HB 11-1277), ch. 306, p. 1484, § 13, effective August 10.

**Editor's note:** (1) Subsection (9) was added in House Bill 90-1314. That subsection was superseded by the addition of subsection (9) in House Bill 90-1137.

(2) Amendments to this section by Senate Bill 06-118 and Senate Bill 06-137 were harmonized.

(3) Amendments to subsection (3)(a) by House Bill 11-1077 and House Bill 11-1277 were harmonized.

(4) Subsection (3.5) (c) was amended by House Bill 11-1077 in 2011; however, section 6 of House Bill 11-1077 incorrectly identified the provision as subsection (3) (c) in the amending clause and failed to include the subsection (3.5) designation before the amended paragraph (c).

**Cross references:** For the legislative declaration contained in the 1994 act amending subsections (3) and (6), see section 1 of chapter 198, Session Laws of Colorado 1994. For the legislative declaration contained in the 2008 act enacting subsection (3.5), see section 1 of chapter 177, Session Laws of Colorado 2008.

**22-20-107. Authority to contract with institutions of higher education or community centered boards.** (1) An administrative unit may contract with an institution of higher education, or a community centered board, as provided in section 27-10.5-104, C.R.S., for the provision by the administrative unit of an education and training program for children with disabilities. If an agreement is arrived at by the two agencies, the administrative unit shall place the responsibility for administering the program with the director of special education of the administrative unit.

(2) Repealed.

**Source:** **L. 73:** R&RE, p. 1262, § 1. **C.R.S. 1963:** § 123-22-7. **L. 77:** (2) amended, p. 1040, § 1, effective May 26. **L. 85:** Entire section amended, p. 1014, § 40, effective July 1. **L. 93:** Entire section amended, p. 1643, § 34, effective July 1. **L. 94:** (2) repealed, p. 1143, § 8, effective July 1. **L. 2011:** (1) amended, (HB 11-1277), ch. 306, p. 1486, § 14, effective August 10.

**22-20-107.5. District of residence of a child with a disability - jurisdiction.**

(1) Notwithstanding the provisions of section 22-1-102 (2), for the purposes of this article the district of residence of a child with a disability is the school district in which such child lives on a day-to-day basis, including a child placed in a foster home pursuant to section 19-1-115.5 (1), C.R.S.; except that:

(a) If a child with a disability is homeless, as defined by section 22-1-102.5, the provisions of section 22-1-102 (2) (h) shall apply;

(b) The child shall be deemed to reside where the child's parent resides if the child is living at one of the following:

(I) A regional center that is operated by the department of human services;

(II) A facility;

(III) A group home;

(IV) A mental health institute operated by the department of human services; or

(V) The Colorado school for the deaf and the blind;

(c) If a child lives in a regional center, a mental health institute, a facility, or a group home, and the district of residence cannot be determined due to the inability to locate a parent or due to the homelessness of a parent, the child shall be considered a resident of the school district in which the regional center, mental health institute, facility, or group home is located.

(2) If there is a dispute as to which school district constitutes the district of residence, the commissioner of education shall have the authority to determine questions of residency and thus jurisdiction after reviewing necessary details involved in the determination of residency.

**Editor's note:** Amendments to this section in Senate Bill 94-185 and House Bill 94-1029 were harmonized.

**Cross references:** For the legislative declaration contained in the 1994 act amending this section, see section 1 of chapter 345, Session Laws of Colorado 1994.

**22-20-108. Determination of disability - enrollment.** (1) (a) The determination that a child has a disability and is eligible for special education services shall be made by a multidisciplinary team that shall include, at a minimum, the parent of the child and professionally qualified personnel designated by the responsible administrative unit or state-operated program. The composition of the multidisciplinary team and the procedures to be used for determining a child's eligibility for special education services shall be prescribed by rules promulgated by the state board pursuant to this part 1.

(b) The development of an IEP for a child with a disability and determination of educational placement shall be made by the child's IEP team, including but not limited to the child's parent and qualified professional personnel designated by the responsible administrative unit or state-operated program. The composition of the IEP team and the procedures to be used for developing the child's IEP shall be prescribed by rules promulgated by the state board pursuant to this part 1.

(2) (Deleted by amendment, L. 2006, p. 325, § 8, effective August 7, 2006.)

(3) (a) In the event of a dispute between the parents of a child with a disability and an administrative unit or state-operated program, the parents or the administrative unit or state-operated program shall have the same rights to an impartial due process hearing as are provided in the IDEA and the federal regulations, 34 CFR part 300, implementing the act.

To request a due process hearing, the parents of a child with a disability or the administrative unit or state-operated program shall simultaneously file complete copies of the due process complaint with the opposing party and with the commissioner of education or his or her designee to ensure the timely assignment of an impartial hearing officer.

(b) If a due process hearing is requested pursuant to paragraph (a) of this subsection (3), the department shall provide the hearing in compliance with the requirements and provisions of IDEA and the federal regulations, 34 CFR part 300, implementing the act, including but not limited to the requirements governing due process complaints, resolution meetings, impartial due process hearing procedures, hearing rights, timelines, hearing decisions, and civil actions.

(c) The findings and decision made by the department shall be final. Any party aggrieved by the department's findings and decision has the right to bring a civil action pursuant to the provisions of IDEA and the federal regulations, 34 CFR 300.516 (a), implementing the act.

(4) Each child determined to have a disability by the multidisciplinary team pursuant to paragraph (a) of subsection (1) of this section shall be provided with an IEP developed by the child's IEP team pursuant to paragraph (b) of subsection (1) of this section and shall be reviewed annually. The IEP for each child enrolled in a school district or an institute charter school shall specify whether the child shall achieve the content standards adopted by the district in which the child is enrolled or by the state charter school institute or whether the child shall achieve individualized standards which would indicate the child has met the requirements of his or her IEP. For each child attending school in an approved facility school or state-operated program, the IEP shall specify whether the child shall achieve state or local content standards, or whether the child shall achieve individualized standards which would indicate that the child has met the requirements of his or her IEP. When a child with a disability is to be placed outside of the district of residence, the receiving agency, institution, administrative unit, state-operated program, or approved facility school providing the special education services shall cooperate in the development of the IEP. The IEP shall be coordinated with all individual plans required by other federal or state programs in order to provide for maximum coordination of service to the child with a disability, which may include the provision of appropriate special education services for the child with a disability, by agreement or contract with public agencies, nonprofit organizations, or approved facility schools. Any court of record, the department of human services, or any other public agency authorized by law to place a child in a facility shall notify in writing the child's administrative unit of residence, the administrative unit in which the child will receive special education services, and the department of such placement within fifteen calendar days after the placement. An administrative unit of residence that disapproves of the placement shall do so in writing pursuant to subsection (8) of this section.

(4.5) (a) In developing the IEP pursuant to subsection (4) of this section for a child who is blind or visually impaired, in addition to any other requirements established by the state board, the IEP team shall assess and determine which literacy mode or modes would be most appropriate for the child's instruction. The IEP for a child who is blind or visually impaired shall specify the following:

(I) How the selected literacy mode or modes will be implemented as the child's primary or secondary mode for achieving literacy and why such mode or modes have been selected;

(II) How the child's instruction in the selected literacy mode or modes will be integrated into educational activities;

(III) The date on which the child's instruction in the selected mode or modes shall commence, the amount of instructional time to be dedicated to each literacy mode, and the service provider responsible for each area of instruction; and

(IV) The level of competency in the selected literacy mode or modes which the child should achieve by the end of the period covered by the IEP.

(b) A child who is blind or visually impaired shall not be denied the opportunity for instruction in braille solely because the child has some remaining vision. Any child for whom instruction in braille is determined to be beneficial shall receive such instruction as part of such child's IEP.

(c) If the IEP team determines that a child's IEP shall include instruction in braille, such instruction shall be sufficient to enable the child to read and write effectively and efficiently at a level commensurate with the child's sighted peers of comparable physical and cognitive abilities and grade level.

(d) If the IEP team determines that a child's IEP shall include instruction in braille, the child shall receive such instruction from a teacher who can demonstrate competence in reading and writing braille according to standards to be established by the state board.

(e) Nothing in this subsection (4.5) shall require an administrative unit, a state-operated program, or an approved facility school to expend additional resources or hire additional personnel to implement the provisions of this section.

(f) The department shall develop guidelines for caseload management for instructors of children who are blind or visually impaired in the schools of the administrative units. Such guidelines will evaluate how much instructional time should be allotted for children who are blind or visually impaired, will reflect the varying levels of severity of such children's needs, and will be renewed and updated on a periodic basis to incorporate current research and practice.

(4.7) (a) In developing an IEP pursuant to subsection (4) of this section for a child who is deaf or hard of hearing, in addition to any other requirements established by the state board, the IEP team shall consider the related services and program options that provide the child with an appropriate and equal opportunity for communication access. The IEP team shall consider the child's specific communication needs and, to the extent possible under paragraph (g) of this subsection (4.7), address those needs as appropriate in the child's IEP. In considering the child's needs, the IEP team shall expressly consider the following:

(I) The child's individual communication mode or language;

(II) The availability to the child of a sufficient number of age, cognitive, and language peers of similar abilities;

(III) The availability to the child of deaf or hard-of-hearing adult models of the child's communication mode or language;

(IV) The provision of appropriate, direct, and ongoing language access to teachers of the deaf and hard of hearing and educational interpreters and other specialists who are proficient in the child's primary communication mode or language; and

(V) The provision of communication-accessible academic instruction, school services, and extracurricular activities.

(b) To enable a parent to make informed decisions concerning which educational options are best suited to the parent's child, all of the educational options provided by the administrative unit, state-operated program, or approved facility school and available to the child at the time the child's IEP is prepared shall be explained to the parent.

(c) A child who is deaf or hard-of-hearing shall not be denied the opportunity for instruction in a particular communication mode or language solely because:

(I) The child has some remaining hearing;

(II) The child's parents are not fluent in the communication mode or language being taught; or

(III) The child has previous experience with some other communication mode or language.

(d) Nothing in this subsection (4.7) shall preclude instruction in more than one communication mode or language for any particular child. Any child for whom instruction in a particular communication mode or language is determined to be beneficial shall receive such instruction as part of the child's IEP.

(e) Notwithstanding the provisions of subparagraph (II) of paragraph (a) of this subsection (4.7), nothing in this subsection (4.7) may be construed to require that a specific number of peers be provided for a child who is deaf or hard of hearing.

(f) Nothing in this subsection (4.7) shall abrogate parental choice among public educational programs as provided in section 22-20-109 or article 30.5 or 36 of this title or as otherwise provided by law.

(g) Nothing in this subsection (4.7) shall require an administrative unit to expend additional resources or hire additional personnel to implement the provisions of this subsection (4.7).

(5) In formulating recommendations for the least restrictive environment for a child with a disability, the IEP team shall:

(a) Determine, utilizing guidelines recommended by the department, whether the nature or severity of the child's disability is such that education in general education classes with the use of supplementary aids and services cannot be achieved satisfactorily or, when provided with supplementary aids and services, the nature or severity of the child's disability is so disruptive that the education of other children in such classes would be significantly impaired;

(b) Work cooperatively with the department of human services, when applicable; and

(c) Be guided by the legislative declaration contained in section 22-20-102.

(5.5) The administrative unit or state-operated program shall consider the cost to the administrative unit or state-operated program when choosing between two or more appropriate educational placements.

(6) (Deleted by amendment, L. 2011, (HB 11-1077), ch. 30, p. 78, § 7, effective August 10, 2011.)

(7) (a) If an out-of-district placement by an administrative unit appears to be necessary, it is the responsibility of the child's IEP team of the administrative unit of residence to determine whether the child requires a more restrictive setting based on the unique needs of the child. It is the responsibility of the special education director of the administrative unit of residence to place the child in the least restrictive environment consistent with the educational placement decision of the IEP team.

(b) If it becomes necessary for a court or public agency to place a child in a public placement:

(I) Prior to such public placement, the court or public agency shall work cooperatively with the affected administrative unit or units, as defined by rules promulgated by the state board pursuant to this article, to ensure that appropriate special education services are available for the child;

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (b), the court or public agency may make the public placement without first cooperating with the affected administrative unit or units if an emergency public placement is required for the child.

(c) In no event shall the public agency place a child in an administrative unit or approved facility school that is unable to ensure the provision of special education services that are appropriate for the child. The costs of educating the child shall be the responsibility of the school district of residence, and the school district shall pay tuition costs in accordance with section 22-20-109.

(8) Notwithstanding the provisions of paragraph (c) of subsection (7) of this section, if a court or public agency makes a public placement but fails to comply with the notification requirements of subsection (4) of this section, the court or public agency shall be responsible for the tuition costs for the child until such time as the required notification is made. If a child's administrative unit of residence does not provide written notice of disapproval of a placement in a facility by a court or a public agency within fifteen calendar days after the notification made pursuant to subsection (4) of this section, the placement shall be deemed to be approved. An administrative unit of residence may disapprove a placement in a facility by a court or public agency only on the basis of the unavailability of appropriate special education services in the administrative unit in which the child will be placed. If the administrative unit of residence disapproves the placement in the facility, it shall ensure that the child receives a free appropriate public education until an appropriate placement can be determined. If the administrative unit of residence disapproves the placement in the facility, the disapproval shall be subject to appeal as provided for in subsection (3) of this section.

(9) If a teacher of a child with a disability determines that the child's presence in a general education classroom is so disruptive that other children's learning in the class is significantly impaired, the teacher may utilize the district's or the state charter school institute's regular in-school disciplinary procedure unless it would be inconsistent with the child's IEP or with the IDEA's student discipline protections for children with disabilities. Alternatively, the teacher may request a review of the child's IEP, behavior plan, or both to consider changes in services or educational placement. In making any such determination

for educational placement or a plan of discipline for the child, the IEP team shall apply the rules promulgated by the state board regarding IEP reviews and school discipline procedures and protections for children with disabilities as specified by the IDEA and its implementing regulations.

## ANNOTATION

**Enactment of this act placed the responsibility for providing and paying for special education for handicapped children on the school district of their residence** thereby relieving the department of social services of any obligations it might have had prior to the effective date of the act. A.C.B. v. Denver Dept. of Soc. Servs., 725 P.2d 94 (Colo. App. 1986).

**Standard for adequate notice.** Although subsection (8) does not define what "notifica-

tion" shall consist of nor any standard for determining adequacy, notice is adequate if it is reasonably calculated, under all the circumstances surrounding a given proceeding, to apprise all interested parties of the action at issue and to afford them an opportunity to present their objections. People in Interest of J.L.L., 742 P.2d 349 (Colo. App. 1987).

**Notice not adequate.** People in Interest of J.L.L., 742 P.2d 349 (Colo. App. 1987).

**22-20-109. Tuition - rules.** (1) (a) An administrative unit of residence may contract with another administrative unit or an approved facility school to provide a special education program for a child with a disability. An administrative unit may purchase services from one or more administrative units where an appropriate special education program exists. The two administrative units shall negotiate a contract, including but not limited to the cost of the special education program, that need not be approved by the department.

(b) An administrative unit may contract for special education services with an approved facility school pursuant to rules promulgated by the state board.

(2) (a) When a child with a disability is publicly placed in an approved facility school, the approved facility school shall document to the department a list of costs of providing the

special education program and the applicable revenues. Notwithstanding any provision of section 22-32-115 to the contrary, the tuition charge for educating a child with a disability in an approved facility school shall be established by the department and approved by the state board. The tuition charge shall be the maximum amount the school district of residence shall be obligated to pay for the special education program; except that the school district of residence may pay a higher tuition charge than the charge established and approved pursuant to this subsection (2) for a student in need of specialized services, which services were included in the student's IEP but were not included in the tuition charge established pursuant to this subsection (2).

(b) The state board shall promulgate rules to define the contract approval process and the method for determining the tuition rate that a school district of residence of a child with a disability shall pay as tuition to educate that child at an approved facility school. The rules for determining a tuition rate shall include, but need not be limited to, the limitations on the number of staff members per number of students, the number of school days, all special education expenditures as defined in section 22-20-103 (22.7) and specified by the child's IEP, other education costs, and applicable revenues associated with the approved facility school's educational program. The rules shall not require that, in calculating the amount of the tuition charge for educating a child with a disability in an approved facility school, the costs incurred by the approved facility school in providing the special education program be reduced by the amount of revenues, if any, received by the approved facility school as donations or special education grants. The school district of residence shall be responsible for paying as tuition any excess costs above the state average per pupil revenues to provide these services pursuant to section 22-54-129 (2).

(c) In addition to any other tuition costs that a school district of residence is required to pay pursuant to this section, the school district may pay those costs documented to and approved by the department pursuant to this subsection (2). Notwithstanding the provisions of this subsection (2), a school district of residence shall not be required to pay costs incurred by an approved facility school in providing educational services at the approved facility school during the months of June, July, or August.

(2.5) (a) When a child with a disability is placed out of the home in a group home and attends school in an administrative unit other than the child's administrative unit of residence and the school does not provide the child with an on-line program or on-line school pursuant to article 30.7 of this title, the district of residence shall be responsible for paying the tuition charge for educating the child to the administrative unit of attendance.

(b) The administrative unit of attendance shall not charge the district of residence tuition for the excess costs incurred in educating a child with a disability unless the child meets the criteria for funding pursuant to section 22-20-114 (1) (c) (II).

(c) The administrative unit of attendance shall provide notice to the administrative unit of residence and to the district of residence, if it is not an administrative unit, in accordance with the rules adopted pursuant to paragraph (b) of subsection (2) of this section when a child with a disability applies to enroll in a school of the district of attendance. The notice shall be in writing and shall also be sent to the special education directors for the administrative units of residence and of attendance. If the administrative unit of attendance does not intend to seek tuition costs, notification is not required. The state board shall adopt rules to specify the content, manner, and timing of the notice required pursuant to this paragraph (c).

(d) The amount of the tuition charge shall be determined pursuant to a contract entered into by the administrative unit of attendance, the district of attendance if it is not an administrative unit, the administrative unit of residence, and the district of residence if it is not an administrative unit.

(3) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1489, § 17, effective August 10, 2011.)

(4) (a) When a child with a disability enrolls and attends a school in an administrative unit other than the child's administrative unit of residence pursuant to the provisions of section 22-36-101, and the school does not provide the child an on-line program or on-line school pursuant to article 30.7 of this title, the district of residence shall be responsible for paying the tuition charge for educating the child to the administrative unit of attendance.

(b) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1489, § 17, effective August 10, 2011.)

(c) The administrative unit of attendance shall not charge the district of residence tuition for the excess costs incurred in educating a child with a disability unless the child meets the criteria for funding pursuant to section 22-20-114 (1) (c) (II).

(d) The administrative unit of attendance shall provide notice to the administrative unit of residence and to the district of residence, if it is not an administrative unit, in accordance with the rules adopted pursuant to this paragraph (d) when a child with a disability applies to enroll in a school of the district of attendance. The notice shall be in writing and shall also be sent to the special education directors for the administrative units of residence and of attendance. If the administrative unit of attendance does not intend to seek tuition costs, notification is not required. The state board shall adopt rules to specify the content, manner, and timing of the notice required pursuant to this paragraph (d).

(e) The amount of the tuition charge shall be determined pursuant to a contract entered into by the administrative unit of attendance, the district of attendance if it is not an administrative unit, the administrative unit of residence, and the district of residence if it is not an administrative unit. Under the circumstances described in this subsection (4), the provisions of section 22-20-108 (8) shall not apply.

(5) (a) When a child with a disability enrolls in and attends a district charter school pursuant to the provisions of part 1 of article 30.5 of this title or an institute charter school pursuant to part 5 of article 30.5 of this title, including a district or institute charter school that provides an on-line program or operates as an on-line school pursuant to article 30.7 of this title, the district of residence shall be responsible for paying to the district or institute charter school the tuition charge for the excess costs incurred in educating the child.

(b) Nothing in this subsection (5) shall be construed to apply to the charter contract entered into between a charter school and the chartering local board of education pursuant to part 1 of article 30.5 of this title or to allow a charter school to seek tuition costs from its chartering authority.

(c) The district or institute charter school shall not charge the district of residence tuition for the excess costs incurred in educating a child with a disability unless the child meets the criteria for funding pursuant to section 22-20-114 (1) (c) (II).

(d) The district or institute charter school shall provide notice to the administrative unit of residence, the district of residence if it is not an administrative unit, and the administrative unit of attendance in accordance with state board rules adopted pursuant to subsection (7) of this section when a child with a disability applies to enroll in the district or institute charter school. The notice shall be in writing and shall be sent to the special education directors for the administrative units of residence and of attendance. If the district or institute charter school does not intend to seek tuition costs, no notification is required.

(e) The amount of the tuition charged shall be determined pursuant to rules adopted by the state board pursuant to subsection (7) of this section. The tuition responsibility shall be reflected in a contract between the charter school, the administrative unit of residence, the district of residence if it is not an administrative unit, the administrative unit of attendance including the state charter school institute, and the chartering school district if it is not an administrative unit. The contract shall be in a form approved by the chartering entity. Under the circumstances described in this subsection (5), the provisions of section 22-20-108 (8) shall not apply.

(6) (a) When a child with a disability enrolls in and attends an on-line program or on-line school pursuant to article 30.7 of this title that is not provided by a district or institute charter school, the district of residence shall be responsible for paying to the provider of the on-line program or on-line school the tuition charge for the excess costs incurred in educating the child.

(b) The provider of the on-line program or on-line school shall not charge the district of residence tuition for the excess costs incurred in educating a child with a disability who receives educational services from the provider of the on-line program or on-line school unless the child meets the criteria for funding pursuant to section 22-20-114 (1) (c) (II).

(c) The on-line provider shall provide notice to the administrative unit of attendance, the administrative unit of residence, and the district of residence if it is not an administrative

unit, in accordance with state board rules adopted pursuant to subsection (7) of this section when a child with a disability applies to enroll in the on-line program or on-line school. The notice shall be in writing and shall also be sent to the special education directors for the administrative units of residence and of attendance. If the on-line provider does not intend to seek tuition costs, notification is not required.

(d) The amount of the tuition charge shall be determined pursuant to rules adopted by the state board pursuant to subsection (7) of this section. The tuition responsibility shall be reflected in a contract entered into by the administrative unit of residence, the district of residence if it is not an administrative unit, the administrative unit of attendance, and the district of attendance if it is not an administrative unit. Under the circumstances described in this subsection (6), the provisions of section 22-20-108 (8) shall not apply.

(7) For the 2004-05 budget year and budget years thereafter, the state board shall promulgate rules pertaining to the education of children with disabilities in charter schools and rules pertaining to the education of children with disabilities through on-line programs and on-line schools. Both sets of rules shall include, but need not be limited to, rules to:

(a) Specify the content, manner, and timing of the notice that a charter school or on-line provider shall provide pursuant to subsections (5) and (6) of this section, respectively;

(b) Define the types and amounts of allowable costs in excess of the per pupil funding for the child with a disability, as determined pursuant to article 54 of this title, and any other state and federal revenues received for educating the child, that a charter school, on-line program, or on-line school may charge as tuition to a district of residence;

(c) Define other applicable revenues that a district of residence of a child with a disability shall apply in paying the tuition charge for excess costs incurred in educating the child at a charter school or through an on-line program or on-line school;

(d) Specify the limitations on the number of staff members per number of students that a charter school, on-line program, or on-line school shall provide in educating children with disabilities;

(e) Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1489, § 17, effective August 10, 2011.)

(f) and (g) Deleted by amendment, L. 2006, p. 332, § 9, effective August 7, 2006.)

(h) Identify any other expenses involved in the provision of educational services to children with disabilities in accordance with each child's individualized education program;

(i) Establish a dispute resolution process for disagreements resulting from contracts entered into pursuant to subsection (5) or (6) of this section; and

(j) Specify elements to be included in a contract between entities described in subsection (5) of this section.

(8) Repealed.

## ANNOTATION

**Enactment of this act placed the responsibility for providing and paying for special education for handicapped children on the school district of their residence thereby re-**

lieving the department of social services of any obligations it might have had prior to the effective date of the act. *A.C.B. v. Denver Dept. of Soc. Servs.*, 725 P.2d 94 (Colo. App. 1986).

**22-20-113. School district report. (Repealed)**

**Source: L. 73:** R&RE, p. 1263, § 1. **C.R.S. 1963:** § 123-22-13. **L. 94:** Entire section repealed, p. 1145, § 11, effective July 1.

**22-20-114. Funding of programs.** (1) Subject to the provisions of subsection (3) of this section, for the 2005-06 budget year and each budget year thereafter, the total amount appropriated to the department for the payment of costs incurred by administrative units for the provision of special education programs shall be distributed to each administrative unit that provides educational services for children with disabilities as follows:

(a) (I) Five hundred thousand dollars to administrative units that enroll children with disabilities:

(A) For whom tuition is paid by the administrative units for the children to receive educational services at approved facility schools; and

(B) For whom parental rights have been relinquished by the parents or terminated by a court, the parents of whom are incarcerated, the parents of whom cannot be located, the parents of whom reside out of the state but the department of human services has placed the children within the administrative unit, or children with disabilities who are legally emancipated.

(II) The moneys appropriated pursuant to subparagraph (I) of this paragraph (a) shall be distributed in each budget year to administrative units based upon each administrative unit's share of the aggregate number of children with disabilities who are specified in subparagraph (I) of this paragraph (a); except that an administrative unit shall not receive an amount that exceeds the aggregate amount of tuition paid by that administrative unit for the specified children with disabilities to receive educational services at approved facility schools during the immediately preceding budget year. For purposes of this paragraph (a), the number of children with disabilities that are specified in subparagraph (I) of this paragraph (a) shall be based upon the count taken in December of the immediately preceding budget year.

(a.5) (I) For the 2007-08 budget year, two million two hundred thousand dollars to offset the costs incurred by administrative units in conducting child find activities pursuant to section 22-20-118 for children who are less than three years of age but not for children who are less than three years of age who are being reevaluated for services under part B of IDEA. The department shall allocate said moneys among administrative units based on the number of children less than three years of age who were evaluated in each administrative unit during the 2005-06 budget year and who are or may be eligible for early intervention services under part C of IDEA.

(II) (A) For the 2008-09 budget year and for each budget year thereafter, a portion calculated pursuant to sub-subparagraph (B) or (C) of this subparagraph (II) of the total amount of state funds appropriated for the payment of costs incurred by administrative units for the provision of special education programs, to offset the costs incurred by administrative units in conducting child find activities under part C of IDEA pursuant to section 22-20-118 for children who are less than three years of age. For the 2008-09 budget year, the department shall allocate said moneys among administrative units based on the number of children less than three years of age who were evaluated in each administrative unit during the 2005-06 budget year and who are or may be eligible for early intervention services under part C of IDEA. For the 2009-10 budget year and for each budget year thereafter, the department shall allocate said moneys among administrative units based on the number of children less than three years of age who were evaluated in each administrative unit during the preceding budget year and who are or may be eligible for early intervention services under part C of IDEA.

(B) For the 2008-09 budget year, the portion of the appropriation allocated pursuant to sub-subparagraph (A) of this subparagraph (II) shall be calculated as follows:

(The dollar amount allocated per child less than three years of age who was evaluated in the 2005-06 budget year) x (the lesser of the rate of inflation, as defined in section 22-55-102 (7), or the percentage change in the total state funds

appropriated for the provision of special education services over the preceding budget year) x (the total number of children less than three years of age who were evaluated under part C of IDEA by administrative units in the 2005-06 budget year).

(C) For the 2009-10 budget year and for each budget year thereafter, the portion of the appropriation allocated pursuant to sub-subparagraph (A) of this subparagraph (II) shall be calculated as follows:

(The dollar amount allocated per child less than three years of age who was evaluated under part C of IDEA in the preceding budget year) x (the lesser of the rate of inflation, as defined in section 22-55-102 (7), or the percentage change in the total state funds appropriated for the provision of special education services over the preceding budget year) x (the total number of children less than three years of age who were evaluated under part C of IDEA by administrative units in the preceding budget year).

(b) An amount equal to one thousand two hundred fifty dollars for each child with disabilities receiving special education services from the administrative unit; and

(c) (I) If any amount of the total annual appropriation remains after the distributions specified in paragraphs (a), (a.5), and (b) of this subsection (1) have been made, and after the distribution of the portion of the total annual appropriation designated for high cost grants pursuant to subsection (2) of this section has been made, six thousand dollars per child with one or more disabilities, as described in subparagraph (II) of this paragraph (c), for a percentage of such children receiving special education services from the administrative unit. The department shall annually determine the percentage of such children for which an administrative unit may receive additional funding pursuant to this paragraph (c) based on the amount of the remaining appropriation and the per-pupil amount of six thousand dollars.

(II) An administrative unit that provides special education services to children who have one or more of the following disabilities may receive funding pursuant to this paragraph (c):

- (A) A visual impairment, including blindness, as defined by the state board;
- (B) A hearing impairment, including deafness, as defined by the state board;
- (C) Deaf-blindness, as defined by the state board;
- (D) A serious emotional disability as defined by the state board;
- (E) Autism spectrum disorders as defined by the state board;
- (F) A traumatic brain injury as defined by the state board;
- (G) Multiple disabilities as defined by the state board; or
- (H) An intellectual disability as defined by the state board.

(2) (a) (I) In addition to the amount appropriated for distribution pursuant to subsection (1) of this section, for the 2006-07 and 2007-08 budget years, subject to available appropriations, the general assembly shall appropriate two million dollars from the general fund or from any other source to the department to fund grants to administrative units as provided in section 22-20-114.5 for reimbursement of high costs incurred in providing special education services in the preceding budget year.

(II) (A) In addition to the amount appropriated for distribution pursuant to subsection (1) of this section, for the 2008-09 budget year and each budget year thereafter, subject to available appropriations, the general assembly shall appropriate four million dollars from the general fund or from any other source to the department to fund grants to administrative units as provided in section 22-20-114.5 for reimbursement of high costs incurred in providing special education services in the preceding budget year.

(B) The general assembly hereby finds and declares that for the purposes of section 17 of article IX of the state constitution, providing grants to administrative units for reimbursement for high costs incurred in providing special education services is a program for accountable education reform and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(b) Any amount received by an administrative unit as a reimbursement pursuant to this subsection (2) shall be in addition to the amount received by the administrative unit pursuant to subsection (1) of this section. The moneys appropriated by the general assembly to the department shall be distributed by the Colorado special education fiscal advisory committee in accordance with section 22-20-114.5.

(3) (a) Except as otherwise provided in paragraph (b) of this subsection (3), for the 2005-06 budget year, the department shall recalculate the distribution of funds to administrative units for providing educational services to children with disabilities as necessary to comply with the provisions of subsection (1) of this section.

(b) Notwithstanding the provisions of subsection (1) of this section, if the application of the provisions of subsection (1) of this section would result in an administrative unit receiving a lesser amount for providing educational services to children with disabilities for the 2005-06 budget year than it would have received under the provisions of this section as they existed prior to April 28, 2006, then the department shall not recalculate the distribution of funds for the administrative unit for the 2005-06 budget year.

(4) An administrative unit shall not receive the amount of funding to which it is entitled under the provisions of subsection (1) of this section unless the administrative unit has provided to the department the data collected concerning special education programs, as required by subsection (6) of this section, including the count of assessed children with disabilities.

(5) Payments made under the provisions of this part 1 shall not affect the amount of other state aid for which an administrative unit may qualify.

(6) Each administrative unit shall be required to collect the data required by the federal government concerning special education programs. Each administrative unit shall provide to the department the data collected concerning special education programs in order to receive the amount of funding to which it is entitled under the provisions of subsection (1) of this section.

**Editor's note:** Amendments to subsection (3) by Senate Bill 77-138 and House Bill 77-1022 were harmonized. Subsections (1)(b)(V) and (5) were amended in House Bill 94-1001. Those amendments were superseded by the amendment of the entire section in House Bill 94-1198.

**Cross references:** For the legislative declaration contained in the 1994 act amending this section, see section 1 of chapter 198, Session Laws of Colorado 1994. For the legislative declaration contained in the 2008 act amending subsection (2), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-20-114.5. Special education fiscal advisory committee - special education high-cost grants - definitions - repeal.** (1) As used in this section, unless the context otherwise requires:

(a) "Committee" means the Colorado special education fiscal advisory committee created in subsection (2) of this section.

(b) "High costs" means the costs incurred by an administrative unit above a threshold amount determined pursuant to paragraph (e) of subsection (3) of this section in providing special education services, either directly or by contract, to a child with disabilities regardless of the child's district of residence.

(c) Repealed.

(2) (a) There is hereby created the Colorado special education fiscal advisory committee in the department. The committee shall consist of twelve members as follows:

(I) A representative from the unit in the department responsible for the administration of special education programs;

(II) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1497, § 20, effective August 10, 2011.)

(III) A special education director from a board of cooperative services with expertise in special education finance selected by the state board based on a recommendation from the statewide association that represents boards of cooperative services;

(IV) A business official from a small rural administrative unit to be selected by the state board based on a recommendation from a statewide association of school executives;

(V) A business official from a large urban or suburban administrative unit to be selected by the state board based on a recommendation from a statewide association of school executives; and

(VI) Eight special education specialists with appropriate statewide geographic representation to be selected by the state board based on recommendations from a statewide consortium of special education directors.

(b) The members of the committee shall serve without compensation but shall be reimbursed by the department for any necessary expenses incurred in the conduct of their official duties on the committee.

(c) This subsection (2) is repealed, effective July 1, 2016. Prior to its repeal, the committee shall be reviewed as provided in section 2-3-1203, C.R.S.

(3) (a) An administrative unit that incurs high costs in providing special education services to a child with disabilities may apply for a high cost grant to recover all or a portion of such high costs. To receive a grant, an administrative unit shall apply to the committee in a form and manner determined by the committee and provide such information as may be requested by the committee to document the administrative unit's high costs.

(a.5) Of the total amount appropriated in a budget year for the purpose of awarding grants pursuant to this section, the committee shall use fifty percent of the amount to award grants to administrative units that have one or more children being served in an out-of-district placement for special education services and fifty percent of the amount to award grants to administrative units with one or more children being served in an in-district placement for special education services.

(b) (I) Subject to the requirements of paragraph (a.5) of this subsection (3), the committee shall have the discretion to award a grant to an administrative unit that applies and qualifies to receive a grant pursuant to paragraph (a) of this subsection (3). In determining whether to award a grant to an administrative unit and the amount of the grant to be awarded, the committee shall consider the administrative unit's annual audited operating expenses for the preceding budget year and the percentage of the administrative unit's annual audited operating expenses that represents the high costs incurred by the administrative unit in the preceding budget year. All grants awarded by the committee shall be subject to approval by the state board.

(II) (A) In awarding grants pursuant to this section to administrative units that have one or more children being served in an out-of-district placement for special education services, the committee shall first prioritize those administrative units that spent the highest percentages, based on the administrative unit's annual audited operating expenses, in the

preceding budget year on high costs incurred in providing special education services to children in such out-of-district placements.

(B) In awarding grants pursuant to this section to administrative units with one or more children being served in an in-district placement for special education services, the committee shall first prioritize those administrative units that spent the highest percentages, based on the administrative unit's annual audited operating expenses, in the preceding budget year on high costs incurred in providing special education services to children in such in-district placements.

(c) An administrative unit shall not receive a grant in an amount that exceeds one hundred percent of the high costs that the administrative unit incurred in the preceding budget year.

(d) The committee shall not award a grant to an administrative unit that fails to provide the department with the data collected concerning special education programs, as required by section 22-20-114 (6), including the count of assessed special education students.

(e) For the purpose of grants awarded in the 2006-07 budget year, the threshold amount of costs incurred in providing special education services to a child with disabilities above which an administrative unit may receive reimbursement in the form of a grant pursuant to the provisions of this subsection (3) is forty thousand dollars. For the purpose of grants awarded in the 2007-08 budget year and each budget year thereafter, the committee shall annually determine the threshold amount of costs incurred in providing special education services to a child with disabilities above which an administrative unit may receive reimbursement in the form of a grant.

(4) (a) The department shall gather and provide to the committee data that includes but need not be limited to the following:

(I) The extent to which the amount appropriated pursuant to section 22-20-114 (1) is distributed based on the needs of children with disabilities and the severity of the needs of such children;

(II) The number of children with disabilities who receive special education services from each administrative unit and the nature of the disability of each child who receives special education services from each administrative unit;

(III) Patterns of identifying children with disabilities that include but need not be limited to recognized incidence rates of over- and under-identification of children with disabilities at the administrative unit, state, and national levels;

(IV) The number of hours of special education services that each administrative unit provides, disaggregated by disability; and

(V) The percentage of the school day during which children with disabilities receive special education services from the administrative unit, disaggregated by disability.

(b) On or before January 1, 2008, the committee shall submit to the state board, the education committees of the house of representatives and the senate, or any successor committees, a statewide organization of special education directors, and the financial policies and procedures advisory committee created in the department, a report that includes but need not be limited to the following:

(I) The information that the department gathered pursuant to paragraph (a) of this subsection (4) and any analysis conducted by the committee;

(II) Recommended changes, if any, to the manner of distributing funds to administrative units for special education programs pursuant to section 22-20-114 (1) (a) and (1) (b); and

(III) Recommended changes, if any, to the categorization of children with disabilities pursuant to section 22-20-114 (1) (b) and (1) (c) for the purpose of distributing funds for the provision of special education programs.

(5) On January 15, 2008, and on January 15 of each year thereafter, the committee shall submit to the education committees of the house of representatives and the senate, or any successor committees, a report that includes but need not be limited to a list of the administrative units that applied for and received a grant pursuant to subsection (3) of this section during the preceding budget year.

**Source: L. 2006:** Entire section added, p. 666, § 8, effective April 28. **L. 2007:** (1)(b), (3)(a), and (3)(b) amended and (1)(c) repealed, pp. 738, 745, §§ 10, 28, effective May 9. **L. 2008:** (3)(a.5) added and (3)(b) amended, p. 1208, § 19, effective May 22. **L. 2011:** (1)(b), (3)(a), (3)(a.5), and (3)(b)(II)(A) amended, (HB 11-1077), ch. 30, p. 78, § 10, effective August 10; (1)(b), (2)(a), (3)(a), (3)(a.5), and (3)(b)(II) amended, (HB 11-1277), ch. 306, p. 1497, § 20, effective August 10.

**Cross references:** For the legislative declaration contained in the 2008 act enacting subsection (3)(a.5) and amending subsection (3)(b), see section 1 of chapter 286, Session Laws of Colorado 2008.

## **22-20-115. Study - report to general assembly. (Repealed)**

**Source: L. 87:** Entire section added, p. 828, § 4, effective May 16. **L. 93:** Entire section amended, p. 1648, § 40, effective July 1. **L. 96:** Entire section repealed, p. 1232, § 61, effective August 7.

**22-20-116. Minimum standards for educational interpreters for the deaf in the public schools - committee to recommend standards - rules.** (1) The general assembly hereby finds that interpreting services in administrative units, state-operated programs, and approved facility schools for students who are deaf or hard of hearing need to be improved and that the absence of state standards for evaluating educational interpreters allows for inconsistencies in the delivery of educational information to students who are deaf or hard of hearing. The general assembly recognizes that educational interpreters in such educational settings must not only interpret the spoken word but must also convey concepts and facilitate the student's understanding of the educational material. The general assembly also finds that standards should be based on performance and should be developed with input from the deaf community and from persons involved in instructing deaf students. Therefore, the general assembly enacts this section for the purpose of developing appropriate standards for persons employed as educational interpreters in administrative units, state-operated programs, and approved facility schools.

(2) For purposes of this section, "educational interpreter" means a person who uses sign language in an administrative unit, a state-operated program, or an approved facility school for purposes of facilitating communication between users and nonusers of sign language and who is fluent in the languages used by both deaf and nondeaf persons.

(3) to (5) Repealed.

(6) After review and study of the recommendations of the interpreter standards committee, the state board, on or before July 1, 1998, shall promulgate rules setting minimum standards for educational interpreters for the deaf employed by or in an administrative unit, a state-operated program, or an approved facility school. The state board may revise and amend such minimum standards as it deems necessary. The state board shall promulgate rules that set forth the documentation that a person seeking employment as an educational interpreter for the deaf must submit to the employing administrative unit, state-operated program, or approved facility school.

(7) On or after July 1, 2000, in addition to any other requirements that an administrative unit, a state-operated program, or an approved facility school may establish, any person employed as an educational interpreter for deaf students on a full-time or part-time basis by or in an administrative unit, a state-operated program, or an approved facility school shall meet the minimum standards for educational interpreters for the deaf as established by rules of the state board.

**Source: L. 97:** Entire section added, p. 70, § 1, effective March 24. **L. 2003:** (4) and (5) repealed, p. 1991, § 35, effective May 22. **L. 2004:** (6) and (7) amended, p. 1629, § 28,

effective July 1. **L. 2006:** Entire section amended, p. 333, § 12, effective August 7. **L. 2011:** Entire section amended, (HB 11-1277), ch. 306, p. 1498, § 21, effective August 10.

**Editor's note:** Subsection (3)(d) provided for the repeal of subsection (3), effective July 1, 1998. (See L. 97, p. 70.)

**22-20-117. Study of funding education programs for children with disabilities - report to the general assembly - repeal. (Repealed)**

**Source:** **L. 2000:** Entire section added, p. 486, § 8, effective April 28.

**Editor's note:** Subsection (3) provided for the repeal of this section, effective January 1, 2001. (See L. 2000, p. 486.)

**22-20-118. Child find from birth through two years of age - responsibilities - rules - interagency operating agreements - transition meetings - funding.** (1) The department shall have the following responsibilities concerning part C child find:

(a) To ensure that administrative units perform the necessary screening and evaluation of children with disabilities from birth through two years of age;

(b) To promulgate rules and administrative remedies to ensure that the IDEA timelines and requirements of part C child find are met by administrative units and to establish a process for addressing situations where administrative units fail to meet the timelines and requirements;

(c) To establish state-level interagency operating agreements, including but not limited to:

(I) Working with the department of human services as necessary and within existing resources to assist in developing and implementing the department of human services' statewide plan described in section 27-10.5-103, C.R.S., for community education outreach and awareness efforts related to part C child find and the availability of early intervention services. The department's responsibilities shall be limited to those activities that relate to facilitating the implementation of part C child find activities and a collaborative system of early intervention services.

(II) Coordinating a process with the department of human services to provide for, accept, and assist with referrals to families in finding the appropriate agency for intake and case management as defined in section 27-10.5-102, C.R.S.;

(III) Facilitating the implementation of part C child find and the use of medicaid funds related to part C child find activities, including sharing of information where appropriate with the department of human services or the department of health care policy and financing as it provides part C child find services, provided that both departments act in compliance with the federal "Health Insurance Portability and Accountability Act of 1996", 42 U.S.C. sec. 1320, as amended, and the federal "Family Education Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted thereto; and

(IV) Monitoring screenings and evaluations by administrative units of children with disabilities.

(2) The administrative units shall:

(a) Establish local-level interagency operating agreements with community centered boards, as described in section 27-10.5-102, C.R.S., as necessary to assist in developing and implementing the department of human services' statewide plan defined in section 27-10.5-103, C.R.S., for community education outreach and awareness efforts related to part C child find and the availability of early intervention services. The administrative units' responsibilities shall be limited to those activities that relate to facilitating the implementation of part C child find activities and a collaborative system of early intervention services.

(b) Screen and evaluate children from birth through two years of age who have been referred to the administrative unit for services under part C child find. Administrative units

may elect to serve children from birth through two years of age identified as needing services under part C child find as defined in section 22-20-103 (4) (a).

(c) Pursuant to the development of the IFSP, coordinate with community centered boards to have the same representative who conducts a part C child find evaluation attend the mandatory meeting at which the family receives information concerning the results of the part C child find evaluation; and

(d) Pursuant to section 27-10.5-704, C.R.S., coordinate with community centered boards, the department of human services, and the department to assist a child with disabilities as he or she transitions from the developmental disabilities system into the public education system no later than the age of three.

**Source: L. 2007:** Entire section added, p. 1557, § 4, effective May 31. **L. 2008:** (2)(d) amended, p. 1468, § 13, effective August 5.

**22-20-119. Implementation of change of disability categories for children with disabilities.** On or before November 1, 2011, the department shall develop guidelines and timelines to be used by administrative units and state-operated programs for developing local systems and infrastructure that incorporate the disability categories set forth in section 22-20-103 (5) (a). The guidelines shall address necessary revisions to model forms and local training needs, pursuant to section 2-2-802, C.R.S. The timelines shall encourage administrative units and state-operated programs to implement the disability categories and related eligibility criteria established in section 22-20-103 (5) (a) as soon as possible after the state board issues implementing rules, to be adopted on or before December 1, 2012. Administrative units and state-operated programs shall have until July 1, 2016, to implement any necessary changes without loss of special education funding or incurring any other penalties.

**Source: L. 2011:** Entire section added, (HB 11-1277), ch. 306, p. 1499, § 22, effective August 10.

## PART 2

### EDUCATION OF GIFTED CHILDREN

**22-20-201. Legislative declaration.** The general assembly, recognizing the obligation of the state of Colorado to provide educational opportunities to all children that will enable them to lead fulfilling and productive lives, declares that the purpose of this part 2 is to provide means for identifying and educating those children who are exceptional. The general assembly further finds and declares that traditional assessment methods currently used do not adequately identify some gifted children, including those who are economically disadvantaged, those who are from ethnic or cultural minorities, and those with disabilities; and that the state board, the department, and every administrative unit are encouraged to give the highest priority to the identification of gifted children and to the development of educational programs that include gifted children.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 79, § 11, effective August 10.

**22-20-202. Definitions.** As used in this part 2, unless the context otherwise requires:

(1) “Administrative unit” means a school district, a board of cooperative services, or the state charter school institute that is providing educational services to exceptional children and that is responsible for the local administration of this article.

(2) “Advanced learning plan” or “ALP” means a written record of gifted and talented programming utilized with each gifted child and considered in educational planning and decision-making.

(3) “Board of cooperative services” means a regional educational services unit created pursuant to article 5 of this title and designed to provide supporting, instructional, administrative, facility, community, or any other services contracted by participating members.

(4) “Department” means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(5) “Exceptional child” means:

(a) A child defined in section 22-20-103 (5) as a child with a disability. An administrative unit shall serve every child with a disability from three to twenty-one years of age and may serve children with disabilities from birth through two years of age.

(b) A child defined in subsection (6) of this section as a gifted child. Pursuant to section 22-20-204 (1), an administrative unit shall adopt and submit to the department a program plan to identify and serve gifted children who are at least five years of age.

(6) “Gifted child” means a person from four to twenty-one years of age whose abilities, talents, and potential for accomplishments are so outstanding that he or she requires special provisions to meet his or her educational needs.

(7) “Gifted education services” or “gifted education programs” means the services or programs provided to gifted children pursuant to this part 2.

(8) “Highly advanced gifted child” means a gifted child who has been identified by an administrative unit, using criteria and a process established by rules promulgated by the state board pursuant to section 22-20-204 (6), to be a highly advanced gifted child.

(9) “School district” means a school district organized and existing pursuant to law, but shall not include a junior college district.

(10) “State board” means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 79, § 11, effective August 10.

**22-20-203. Administration - rules.** (1) (a) This part 2 shall be administered by the department. Administration of this part 2 shall include the recommendation to the state board of reasonable rules necessary to implement this part 2, including but not limited to:

(I) Procedures regarding the identification of gifted children; and

(II) Criteria for administrative units to satisfy in adopting program plans to identify and serve gifted children.

(b) The state board shall adopt appropriate recommendations as rules to implement this part 2 following public comment and hearing. The rules promulgated by the state board shall be in accord with the legislative declaration set forth in section 22-20-201.

(c) An administrative unit that provides plans, programs, or services that do not comply with the rules adopted by the state board will be provided by the department with a detailed analysis of any discrepancies noted along with specific recommendations for their correction. Applicable federal and state funding will be provided or continued for a reasonable period of time, as determined by the department, to allow the administrative unit an opportunity to comply with such rules. An administrative unit may establish a claim for variance based upon conditions indigenous to or unique to the administrative unit.

(2) In order to implement the provisions of sections 22-20-201 and 22-20-204, the state board and the department may provide, at their discretion, for such personnel as deemed necessary for such purposes.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 80, § 11, effective August 10.

**22-20-204. Plan for academic excellence - inclusion of gifted children - cooperation - rules.** (1) Each administrative unit shall adopt and implement a program plan to identify and serve gifted children who are at least five years of age. Any program plan developed and implemented pursuant to the provisions of this section shall satisfy any criteria

established by rules promulgated by the state board for the implementation of this part 2. A program plan adopted by an administrative unit pursuant to this section shall be consistent with the advanced learning plans of the gifted children who are identified by the administrative unit, and the program plan shall be implemented to the extent that funds are provided for such implementation. Nothing in this part 2 shall be construed to require an administrative unit to implement a program plan in the event that sufficient moneys are not provided for such implementation.

(2) (a) In adopting and implementing a program plan to identify and serve gifted children pursuant to subsection (1) of this section, each administrative unit may include in its program plan provisions to identify and serve highly advanced gifted children who are:

(I) Four years of age and for whom early access to kindergarten is deemed appropriate by the administrative unit; and

(II) Five years of age and for whom early access to first grade is deemed appropriate by the administrative unit.

(b) In making determinations pursuant to paragraph (a) of this subsection (2), an administrative unit shall apply the criteria and process established by rules promulgated by the state board pursuant to subsection (6) of this section.

(c) If an administrative unit includes in its program plan provisions to identify and serve highly advanced gifted children as described in paragraph (a) of this subsection (2), the administrative unit shall make available upon request to any person the administrative unit's criteria and process for identifying a highly advanced gifted child for whom early access to kindergarten or first grade is deemed appropriate, including time frames, deadlines, and any specific tests and threshold scores used by the administrative unit in identifying and making a final determination concerning such a student.

(d) If an administrative unit includes in its program plan provisions to identify and serve highly advanced gifted children as described in paragraph (a) of this subsection (2), the administrative unit may charge a fee for any assessments or other procedures that the administrative unit performs for the purpose of identifying a highly advanced gifted child for whom early access to kindergarten or first grade is deemed appropriate; except that an administrative unit shall not charge such a fee for any such assessments or other procedures if the child who is the subject of such assessments or other procedures is eligible for a reduced-cost meal or free meal pursuant to the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.

(e) The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, provisions to identify and serve highly advanced gifted children who are four years of age and for whom early access to kindergarten is deemed appropriate by an administrative unit or who are five years of age and for whom early access to first grade is deemed appropriate by an administrative unit are important elements of accountable education reform and expanding the availability of preschool and kindergarten programs and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(3) Institutions of higher education that are located within the state are encouraged to work with the administrative units, the state board, and the department to provide staff development and in-service opportunities to support such management plans specified in subsection (1) of this section.

(4) Funding for gifted programs shall be for appropriately certified, endorsed, or licensed staff, for activities related to serving gifted children, and for educational equipment and materials. Funding for gifted programs shall supplement, not supplant, programs for students with disabilities.

(5) For each fiscal year, appropriations made by the general assembly to fund programs for gifted children shall be designated by a separate line item in the annual general appropriation act.

(6) (a) On or before July 1, 2008, the state board shall promulgate rules to establish criteria and a process that an administrative unit shall use, pursuant to paragraph (b) of subsection (2) of this section, to make determinations regarding the advanced placement of highly advanced gifted children pursuant to paragraph (a) of subsection (2) of this section.

(b) The criteria established by rules promulgated pursuant to paragraph (a) of this subsection (6) shall include consideration of a child's:

- (I) Aptitude;
- (II) Achievement;
- (III) Performance;
- (IV) Readiness for advanced placement;
- (V) Observable social behavior;
- (VI) Motivation to learn; and
- (VII) Support from parents, teachers, and school administrators.

(c) The process established by rules promulgated pursuant to paragraph (a) of this subsection (6) shall include:

(I) A timeline according to which a child's parents may apply for advanced placement for the child;

(II) A description of administrative unit personnel who shall be involved in the process of identifying highly advanced gifted children for whom advanced placement is appropriate;

(III) A description of how each child for whom the child's parents are seeking advanced placement shall be evaluated;

(IV) A description of the entire body of evidence that shall be used to evaluate each child for whom the child's parents are seeking advanced placement;

(V) A description of how decisions concerning the advanced placement of highly advanced gifted children shall be made collaboratively by administrative unit personnel; and

(VI) A description of how an administrative unit shall monitor the performance of a child who has received an advanced placement pursuant to subsection (2) of this section.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 81, § 11, effective August 10.

**22-20-205. Gifted education programs.** (1) If an administrative unit receives funding to educate gifted children, the administrative unit shall submit an annual plan for educating said children to the department pursuant to rules promulgated by the state board.

(2) For the purpose of implementing the program plan adopted by each administrative unit pursuant to section 22-20-204, each administrative unit shall ensure that its constituent schools and school districts make available appropriate special provisions for gifted children to the extent that funds are provided for such implementation.

(3) To comply with this section, an administrative unit may contract with one or more administrative units to establish and maintain gifted education programs for the education of exceptional children, sharing the costs thereof in accordance with the terms of the contract agreed upon; or an administrative unit having fewer than six children who need a particular kind of gifted education program may purchase services from one or more administrative units where an appropriate gifted education program exists.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 84, § 11, effective August 10.

**22-20-206. Length of school year.** An administrative unit may conduct gifted education programs as prescribed in this part 2 for any length of time; except that the administrative unit must meet the minimum length of time as established by law for school districts.

**Source: L. 2011:** Entire part added, (HB 11-1077), ch. 30, p. 84, § 11, effective August 10.

22-23-101. Short title. This article shall be known and may be cited as the “Migrant Children Educational Act”.

Source: L. 65: R&RE, p. 1019, § 1. C.R.S. 1963: § 123-29-1.

22-23-102. Legislative declaration. In order to facilitate the education of migrant children who are unable to receive continuous education during the regular school term and to develop fully the capacities and potentialities of migrant children for the benefit of themselves and society, a program for the education of migrant children is hereby established.

Source: L. 65: R&RE, p. 1019, § 1. C.R.S. 1963: § 123-29-2.

22-23-103. Definitions. As used in this article, unless the context otherwise requires:

(1) “Migrant agricultural worker” means any person engaged in agricultural labor in this state who is residing in a school district which is not his regular domicile during the performance of such agricultural labor.

(2) “Migrant children” or “migrant child” means any child of school age who is in the custody of migrant agricultural workers, regardless of whether they are his parents.

(3) “State board” means the state board of education.

**Source:** L. 65: R&RE, p. 1019, § 1. C.R.S. 1963: § 123-29-3.

**22-23-104. Administration.** (1) The state board may employ necessary personnel, pay necessary travel expenses of such personnel, and purchase supplies and equipment as may be needed to carry out the administration of the program for the education of migrant children as provided in this article, and may make such rules and regulations as it may deem necessary for the proper and efficient administration of said program.

(2) Any school district which maintains a school in its district, and wherein there are migrant children, may make application to the state board to participate in the program established by this article. Any school district participating in said program shall administer the program in its district in accordance with rules and regulations of the state board.

**Source:** L. 65: R&RE, p. 1020, § 1. C.R.S. 1963: § 123-29-4.

**22-23-105. Regular school session requirements.** (1) The following standards shall apply during the regular terms of school and shall be applicable equally in every school district:

(a) The residence of a migrant child, for purposes of education, shall be the school district where the migrant child is receiving shelter and the necessities of life, and the provisions of section 22-32-116 shall not apply to this section.

(b) A migrant child shall attend school while residing in any school district in the state when the regular terms of school are in session, unless excused in compliance with the provisions of the “School Attendance Law of 1963”, article 33 of this title; and the board of education of a school district shall enforce the attendance in a school of the district of any such migrant child residing in said district.

(c) The payment of additional necessary costs in administering and maintaining the program authorized by this section shall be paid jointly by the state and the participating school district. The per capita additional cost of educating a migrant child in a school district participating in said program may include the following expenses, under rules and regulations prescribed by the state board:

(I) Salaries of personnel, assistants to teachers, and clerical, health, and custodial employees and specialized instructional services as needed;

(II) Necessary additional textbooks, educational supplies, and equipment;

(III) School lunch operation;

(IV) School bus transportation;

(V) Provision of and physical plant operation, including rent, heat, light, water, repairs, adjustments, and maintenance, if regular school facilities are not used; except that provision of and operation of the school plant shall be a contribution of the school district if regular school facilities are used.

(2) Upon submission and approval by the state board of itemized statements from the boards of education of the participating school districts for additional moneys to cover expenses incurred by them in conducting said programs, such school districts shall be reimbursed for such additional expenses as specified in subsection (1) (c) of this section. Applications by participating school districts for reimbursement shall be made on forms prescribed by the state board at such time or times during the year as determined by the state board.

**Source:** L. 65: R&RE, p. 1020, § 1. C.R.S. 1963: § 123-29-5.

**Cross references:** For the “School Attendance Law of 1963”, see article 33 of this title.

**22-23-106. Summer schools.** (1) The program established by this section shall be under the general supervision of the state board. An educational program for migrant children may be operated within the period from the termination of the regular school term in the spring until the regular school term convenes in the fall.

(2) Any school district wherein there are migrant children in the summer period may make application to the state board to participate in the summer school program authorized by this section. From such applications the state board shall select school districts to operate summer schools for migrant children in accordance with the amount of funds available, the number of migrant children in the school districts, and other criteria specified by the state board.

(3) Residence requirements for migrant children under the summer school program shall be the same as set forth in section 22-23-105.

(4) For the purpose of the summer school program, in addition to "migrant child" defined in section 22-23-103, a child of school age shall be considered a migrant child if he was not able to attend the full number of days prescribed by law during the previous school year as a direct result of being in the custody of a migrant agricultural worker.

(5) The board of education of a school district has the authority to determine whether attendance at summer school shall be voluntary or compulsory. If attendance is compulsory, migrant children shall attend unless excused in compliance with the "School Attendance Law of 1963", article 33 of this title.

(6) Each school district participating in the summer school program shall be reimbursed from state funds for actual costs incurred in the operation of the program, including allotments for classroom units and supervisory units based upon the formulas set forth in section 22-23-107. The school district shall also receive reimbursement, under rules of the state board, for the net cost of its school lunch operation and for school vehicle operations at rates fixed by the state board. School districts shall report all such costs on forms prescribed by the state board.

**Source:** L. 65: R&RE, p. 1021, § 1. C.R.S. 1963: § 123-29-6. L. 2010: (6) amended, (HB 10-1232), ch. 163, p. 569, § 3, effective April 28.

**Cross references:** For the "School Attendance Law of 1963", see article 33 of this title.

**22-23-107. Computation for reimbursement.** (1) **Classroom unit (CU) formula.** A classroom unit (CU) shall consist of fifteen children in average daily attendance. The number of classroom units and fractions thereof shall be multiplied by the number of school days in the term plus one day in order to determine the number of daily classroom units allowable. The number of daily classroom units shall be multiplied by the value of state aid for a daily classroom unit in order to determine the total amount of classroom unit state aid. The value of the daily classroom unit state aid shall be determined annually by the state board.

(2) **Supervisory unit (SU) formula.** The number of supervisory units in a school of one to ten or more teachers shall be 1.00 plus .05 for each classroom unit allowable through ten, to a maximum of 1.50 for ten teachers, plus .02 for each teacher beyond ten teachers. The number of supervisory units shall be multiplied by the number of days in the term plus two days in order to determine the number of daily supervisory units allowable. The number of daily supervisory units shall be multiplied by the value of state aid for a daily classroom unit in order to determine the total amount of supervisory unit state aid.

**Source: L. 81:** Entire article R&RE, p. 1058, § 1, effective July 1.

**Editor's note:** This section is similar to former § 22-24-101 as it existed prior to 1981.

**22-24-102. Legislative declaration.** The general assembly hereby finds, determines, and declares that there is a substantial number of students in this state whose educational potential is severely restricted due to their lack of proficiency with the English language. The general assembly recognizes the need to provide for transitional programs to improve the English language skills of these students. The general assembly declares that, in order to improve educational and career opportunities for every student in this state, it is the purpose of this article to provide for the establishment of an English language proficiency program in the public schools and facility schools and to provide for the distribution of moneys to the several school districts, the state charter school institute, and facility schools to help defray the costs of such program.

**Source: L. 81:** Entire article R&RE, p. 1058, § 1, effective July 1. **L. 2004:** Entire section amended, p. 1630, § 29, effective July 1. **L. 2008:** Entire section amended, p. 1388, § 17, effective May 27. **L. 2010:** Entire section amended, (SB 10-062), ch. 168, p. 591, § 2, effective April 29.

**22-24-103. Definitions.** As used in this article, unless the context otherwise requires:

- (1) "Department" means the department of education.
- (2) "District" means one or more school districts or a board of cooperative services organized and existing pursuant to law but does not include a junior college district.
- (2.5) "Facility school" means an approved facility school as defined in section 22-2-402 (1).
- (3) "Program" means the English language proficiency program created by this article. Design and implementation of programs shall be the function of the districts, the state charter school institute, and the facility schools.
- (3.5) "State charter school institute" means the state charter school institute created pursuant to part 5 of article 30.5 of this title.
- (4) "Student with limited English proficiency" means a public school or facility school student whose academic achievement and English language proficiency are determined by the student's school district, the state charter school institute, or the facility school, using the instrument or technique developed and approved by the department pursuant to section 22-24-106 (1) (a), to be impaired because of the student's inability to comprehend or speak English adequately and who is one or more of the following:

(a) A student who speaks a language other than English and does not comprehend or speak English; or

(b) A student who comprehends or speaks some English, but whose primary comprehension or speech is in a language other than English; or

(c) A student who comprehends and speaks English and one or more other languages but whose English language development and comprehension is:

(I) At or below the district mean or below the mean or equivalent on a nationally standardized test; or

(II) Below the acceptable proficiency level based on the instrument or technique developed and approved by the department pursuant to section 22-24-106 (1) (a).

(5) "Teacher" means any person licensed pursuant to article 60.5 of this title who is employed to administer, direct, or supervise classroom instruction in a school in this state.

**Source:** **L. 81:** Entire article R&RE, p. 1058, § 1, effective July 1. **L. 2000:** (5) amended, p. 1855, § 51, effective August 2. **L. 2004:** (3) and IP(4) amended and (3.5) added, p. 1630, § 30, effective July 1. **L. 2008:** (2.5) added and (3) and IP(4) amended, p. 1388, § 18, effective May 27. **L. 2010:** (4) amended, (SB 10-062), ch. 168, p. 592, § 3, effective April 29.

#### ANNOTATION

**Applied** in *Keyes v. Sch. Dist. No. 1*, 576 F. Supp. 1503 (D. Colo. 1983).

#### **22-24-104. English language proficiency program established - funding.**

(1) There is hereby established an English language proficiency program for students with limited English proficiency in kindergarten and grades one through twelve.

(2) The purpose of the program is to provide assistance to districts, institute charter schools, and facility schools having students with limited English proficiency.

(3) A district, an institute charter school, or a facility school shall not be eligible for more than two fiscal years of state entitlement moneys on behalf of a student identified for inclusion in this state-assisted program.

(4) (a) The general assembly shall make an annual appropriation to the department for the implementation of this article. Funding for the program shall be from the department to the districts, the state charter school institute, and the facility schools on a per-student basis. That portion of the annual appropriation scheduled for distribution to the districts, the state charter school institute, and the facility schools shall be paid to the districts, the state charter school institute, and the facility schools upon the determination, pursuant to section 22-24-106 (1) (d), of the number of students in each district, institute charter school, or facility school to be included in the program.

(b) The general assembly shall annually make a separate appropriation to the department of education to cover the state's share of the estimated cost pursuant to the provisions of this section. If the amount of the appropriation made is less than the total amount determined to be the state's actual share of support to be provided all eligible students pursuant to the provisions of this section, then the amount to be distributed to any district, to the state charter school institute, or to a facility school shall be in the same proportion as the amount of the appropriation made bears to such total amount determined to be the state's actual share.

(c) (I) An amount equal to seventy-five percent of the appropriation made to the department for the 1998-99 fiscal year plus any increase in the annual appropriation made to the department over the appropriation made for the 1998-99 fiscal year or the amount needed to fully fund the program pursuant to this subparagraph (I), whichever is less, shall be used by the districts, the state charter school institute, and the facility schools for students certified to be within section 22-24-103 (4) (a) or (4) (b). No such student shall be funded

for more than an amount equal to four hundred dollars per year or an amount equal to twenty percent of the state average per pupil revenues, as defined in section 22-54-103 (12) for the preceding year as annually determined by the department, whichever is greater.

(II) The remainder of the annual appropriation shall be used by the districts, the state charter school institute, and the facility schools for students certified to be within section 22-24-103 (4) (c). No such student shall be funded for an amount greater than two hundred dollars per year or an amount equal to ten percent of the state average per pupil revenues, as defined in section 22-54-103 (12), for the preceding year as annually determined by the department, whichever is greater.

(III) Any appropriated moneys not distributed by the department pursuant to subparagraph (I) of this paragraph (c) may be distributed by the department pursuant to subparagraph (II) of this paragraph (c). Any appropriated moneys not distributed by the department pursuant to subparagraph (II) of this paragraph (c) may be distributed pursuant to subparagraph (I) of this paragraph (c).

(5) Each district, the state charter school institute, and each facility school shall provide the programs for district, institute charter school, and facility school students with limited English proficiency; except that districts, the state charter school institute, and the facility schools may cooperate in carrying out the provisions of this article.

(6) Nothing in this article shall be construed to prohibit use of moneys made available under this article by a district, the state charter school institute, or a facility school for bilingual programs, English-as-a-second-language programs, or any other method of achieving the purposes of this article. Districts, the state charter school institute, and facility schools conducting such programs shall receive moneys made available under this article only on the basis of the number of students with limited English proficiency enrolled in such programs.

## ANNOTATION

**Applied** in *Keyes v. Sch. Dist. No. 1*, 576 F. Supp. 1503 (D. Colo. 1983).

**22-24-105. District - powers and duties.** (1) It is the duty of each district, the state charter school institute, and each facility school to:

(a) Identify, through the observations and recommendations of parents, teachers, or other persons, students who may have limited English proficiency;

(b) (I) Assess such students, using the entire instrument or technique approved by the department pursuant to section 22-24-106 (1) (a), to determine if their English proficiency is limited;

(II) Repealed.

(c) Certify each year to the department those students in the district, in institute charter schools, or in facility schools with limited English proficiency, including specification of the number of non-English languages identified as such students' primary languages and of the number of students who speak each non-English language as their primary language;

(d) Administer and provide programs for students with limited English proficiency.

(2) The assessment described in paragraph (b) of subsection (1) of this section and the certification described in paragraph (c) of subsection (1) of this section shall be conducted

on at least an annual basis and each district, the state charter school institute, and each facility school shall present the results therefrom to the department for use in the accreditation process and appropriate reporting pursuant to article 11 of this title.

**Editor's note:** Subsection (1)(b)(II) provided for the repeal of subsection (1)(b)(II), effective July 1, 2005. (See L. 2002, p. 995.)

## ANNOTATION

**Applied** in *Keyes v. Sch. Dist. No. 1*, 576 F. Supp. 1503 (D. Colo. 1983).

### **22-24-106. Department - powers and duties.** (1) It is the duty of the department to:

(a) Develop and approve a single instrument or technique to be used by districts, the state charter school institute, and facility schools in identifying students with limited English proficiency;

(a.3) Establish statewide levels of proficiency on the entire instrument or technique approved pursuant to paragraph (a) of this subsection (1);

(a.7) Establish, by rule, any accommodations that shall be allowed and in what situations accommodations shall be allowed for a student with limited English proficiency when the student is taking an assessment pursuant to section 22-7-409;

(b) Provide assistance, on request, to districts, the state charter school institute, and facility schools in the identification and assessment of students;

(c) Audit the identification and testing procedures used by the districts, the state charter school institute, and facility schools and evaluate the effectiveness of the programs conducted by districts, the state charter school institute, and facility schools;

(d) Determine which students are to be counted as students with limited English proficiency for purposes of calculating the district's, the state charter school institute's, or the facility school's entitlement;

(e) Allocate such moneys, out of annual appropriations to the department, on a per-student basis;

(f) Disaggregate testing data to track the academic progress of students with limited English proficiency but who have been enrolled in a public school of the state or one or more facility schools for three years or longer or have subsequently been assessed as proficient in English.

(2) and (3) Repealed.

**22-25-101. Short title.** This article shall be known and may be cited as the “Colorado Comprehensive Health Education Act”.

**Source:** L. 90: Entire article R&RE, p. 1093, § 62, effective May 31.

**Editor’s note:** This section is similar to former § 22-25-101 as it existed prior to 1990.

**22-25-102. Legislative declaration.** (1) The general assembly hereby finds and declares that comprehensive health education is an essential element of public education in the state of Colorado. The school system is a logical vehicle for conveying to children and parents significant health information, developing an awareness of the value of good health to the individual and to the community, promoting healthy behavior and positive self-concepts, and providing means for dealing with peer and other pressures. It is further declared that many serious health problems in Colorado, including high-risk behaviors, are directly attributable to the insufficient health knowledge and motivation of the school-age population and the general public and that studies have demonstrated the effectiveness of a planned school curriculum throughout the elementary and secondary grades in developing healthy behavior. The purpose of this article is to foster healthy behaviors in our children and communities through a comprehensive educational plan which has as its goal not only the increase of health knowledge but also the modification of high-risk behaviors.

(2) Since the enactment of this article, the general assembly has further determined that the insidious attractions of gangs and substance abuse are endangering the youth of Colorado and, by doing so, are endangering all Colorado citizens. Accordingly, the general assembly finds and declares that the implementation of educational programs in the public schools, including facility schools, is necessary to assist young people in avoiding gang involvement and substance abuse.

(3) The general assembly further finds that:

(a) For students to reach their full potential, school communities need to address comprehensive issues of student wellness, including but not limited to addressing the physical, mental, emotional, and social needs of students;

(b) High-quality physical education programs taught by persons who are licensed and endorsed in physical education may be a factor in battling the rising incidence of obesity by ensuring not only that children receive a healthy level of physical activity but that they also learn skills and develop knowledge that will enable them to maintain a healthy level of activity throughout their lifetimes;

(c) It is therefore appropriate for the general assembly to expand the “Colorado Comprehensive Health Education Act” to include funding for local student wellness programs that are coordinated with local comprehensive health education programs in public schools, including facility schools.

**Source:** **L. 90:** Entire article R&RE, p. 1093, § 62, effective May 31. **L. 94:** Entire section amended, p. 1256, § 1, effective May 22. **L. 2008:** (2) amended, p. 1391, § 22, effective May 27; (3) added, p. 672, § 2, effective August 5; (3)(c) amended, p. 1391, § 23, effective August 5.

**Editor’s note:** This section is similar to former § 22-25-102 as it existed prior to 1990.

### ANNOTATION

**Applied** in *La Loma, Inc. v. City & County of Denver*, 40 Colo. App. 55, 572 P.2d 1219 (1977).

**22-25-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Colorado comprehensive health education program” means the program created by section 22-25-104 (1) for the purpose of encouraging the teaching of comprehensive health education for the students of the schools in Colorado.

(2) “Commissioner” means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.

(3) “Comprehensive health education” means a planned, sequential health program of learning experiences in preschool, kindergarten, and grades one through twelve which shall include, but shall not be limited to, the following topics:

(a) Communicable diseases, including, but not limited to, acquired immune deficiency syndrome (AIDS) and human immunodeficiency virus (HIV) related illness;

(b) Community and environmental health;

(c) Consumer health;

(d) Dental health;

(e) Tobacco, alcohol, and other drug use;

(f) Human growth and development;

(g) Hereditary and developmental conditions;

(h) Mental and emotional health;

(i) Nutrition, personal health, and physical fitness;

(j) Family life education;

(k) Injury prevention, safety, motor vehicle safety, and emergency care;

(l) High-risk behaviors and concerns; and

(m) Age appropriate instruction on family roles and expectations, child development, and parenting.

(3.3) “Facility school” means an approved facility school as defined in section 22-2-402 (1).

(3.5) “Gang” means a group of three or more individuals with a common interest, bond, or activity characterized by criminal or delinquent conduct, engaged in either collectively or individually.

(4) “High-risk behaviors” means actions by children and adolescents which present a danger to their physical or mental health or which may impede their ability to lead healthy and productive lives. “High-risk behaviors” includes, but is not limited to, dropping out of school, incest and other sexual activity with adults, sexual activity by school aged children, physical and mental abuse, violence, and use of tobacco, alcohol, or other drugs.

(4.5) “Law-related education program” means an educational program for teaching nonlawyers about law, the legal system, and the fundamental principles and values on which our constitutional democracy is based, which program’s approach is characterized by relevant curriculum materials, interactive teaching strategies, and extensive use of community resource persons and experience.

(5) “Local comprehensive health education program” means a health education program instituted by a school board, board of cooperative services, or facility school in accordance with the requirements of this article.

(5.5) “Local student wellness program” means a program adopted by a school district, board of cooperative services, or facility school that is coordinated with health education and is designed to provide services to students in one or more of the following areas:

- (a) Physical education;
- (b) Nutrition services;
- (c) Mental health counseling and services;
- (d) Promotion of a healthy school environment;
- (e) Health education;
- (f) Health services;
- (g) Involvement of students’ families and communities in supporting and reinforcing healthy choices.

(6) “State board” means the state board of education created pursuant to section 1 of article IX of the state constitution.

**Source:** **L. 90:** Entire article R&RE, p. 1093, § 62, effective May 31. **L. 94:** (3.5), (4.5), and (6) added, p. 1257, § 2, effective May 22. **L. 2008:** (3.3) added and (5) amended, p. 1392, § 25, effective May 27; (5.5) added, p. 672, § 3, effective August 5; IP(5.5) amended, p. 1391, § 24, effective August 5.

**Editor’s note:** This section is similar to former § 22-25-103 as it existed prior to 1990.

#### ANNOTATION

**Applied** in *La Loma, Inc. v. City & County of Denver*, 40 Colo. App. 55, 572 P.2d 1219 (1977).

#### **22-25-104. Colorado comprehensive health education program - role of department of education - recommended curriculum guidelines - allocation of funds - rules.**

(1) There is hereby created the Colorado comprehensive health education program, which shall be a voluntary program in which school districts, boards of cooperative services, and facility schools may participate through the creation of local comprehensive health education programs, which may include coordination with local student wellness programs. Implementation of the Colorado comprehensive health education program shall be a cooperative effort among the department of education, the Colorado commission on higher education, the department of public health and environment and other health education professionals, and participating school districts and boards of cooperative services.

(2) The department of education shall have the authority to promote the development and implementation of local comprehensive health education programs and local student wellness programs.

(3) (a) With the assistance of parents, school districts, the department of public health and environment, the Colorado commission on higher education, and other interested parties, the department of education shall develop recommended guidelines for the implementation of local comprehensive health education programs and local student wellness programs. The guidelines developed pursuant to this subsection (3) shall comply with the requirements of section 22-1-110.5.

(b) The guidelines developed by the department of education pursuant to paragraph (a) of this subsection (3) shall include, but shall not be limited to, the following for preschool, kindergarten, and grades one through twelve:

(I) The recommended information and topics to be covered in the local comprehensive health education program or local student wellness program and the recommended methods of instruction to be used by teachers for such program;

(II) The recommended hours of instruction required to ensure that positive health knowledge, attitudes, and practices are achieved and maintained by the students;

(III) The recommended hours of instruction in physical education required to ensure that students not only develop healthy muscular and cardiovascular systems, but that they also develop skills and knowledge to enable them to remain active and healthy throughout their lifetimes; and

(IV) The recommended training the school district, the facility school, or board of cooperative services may require for staff who instruct in local comprehensive health education programs or local student wellness programs.

(4) (a) The department of education shall develop a plan for the training of teachers to provide comprehensive health education and student wellness and shall promote the proper training of staff in health education and in student wellness programs.

(b) As part of the plan to train teachers to instruct in comprehensive health education and student wellness, the Colorado department of education and the Colorado commission on higher education shall cooperatively develop course work or instructor endorsements in health, physical education, and high-risk behaviors education in order that both interested students seeking teacher licensure and practicing teachers may secure endorsement in health education, physical education, and other areas of student wellness.

(5) Upon the request of a school district or board of cooperative services, the department of education shall provide, within available resources, such technical assistance as may be necessary to develop a local comprehensive health education program or local student wellness program.

(6) (a) Any curriculum and materials developed and used in teaching sexuality and human reproduction shall include values and responsibility and shall give primary emphasis to abstinence by school aged children.

(b) School officials shall receive prior written approval from a parent or guardian before his or her child may participate in any program discussing or teaching sexuality and human reproduction. Parents must receive, with the written permission slip, an overview of the topics and materials to be presented in the curriculum.

(c) The provisions of paragraph (b) of this subsection (6) shall not apply to a local comprehensive health education program provided by a facility school.

(7) The department of education shall promulgate, in accordance with article 4 of title 24, C.R.S., such rules and regulations as may be necessary to carry out the duties of the department of education as set forth in this article.

**Source:** **L. 90:** Entire article R&RE. p. 1094, § 62, effective May 31. **L. 94:** (1) and (3)(a) amended, p. 2737, § 367, effective July 1. **L. 2000:** (4)(b) amended, p. 1855, § 52, effective August 2; (6) amended, p. 372. § 24, effective April 10. **L. 2007:** (3)(a) amended, p. 829, § 3, effective July 1. **L. 2008:** (1), (3)(b)(IV), and (6) amended, p. 1392, § 26, effective May 27; (1) to (5) amended, p. 673, § 4, effective August 5.

**Editor's note:** (1) This section is similar to former §§ 22-25-104, 22-25-105, and 22-25-106 as they existed prior to 1990.

(2) Amendments to subsection (1) by House Bill 08-1204 and House Bill 08-1224 were harmonized.

(3) Subsection (3)(b)(IV) was originally numbered as (3)(b)(III), and the amendments to it in House Bill 08-1204 were harmonized with subsection (3)(b)(IV) as amended and renumbered by House Bill 08-1224.

**Cross references:** For the legislative declaration contained in the 1994 act amending subsections (1) and (3)(a), see section 1 of chapter 345, Session Laws of Colorado 1994. For the legislative declaration contained in the 2007 act amending subsection (3)(a), see section 1 of chapter 212, Session Laws of Colorado 2007.

**22-25-104.5. Law-related education program - creation.** (1) (a) There is hereby created, within the Colorado department of education prevention initiatives unit, the Colorado law-related education program for the purpose of promoting behavior which will reduce through education the incidence of gang or other antisocial behavior and substance abuse by students in the public school system.

(b) Under the program, each school district and facility school in the state is strongly encouraged to implement a law-related education program pursuant to the requirements of this article, which program shall specifically address the development of resistance to antisocial gang behavior and substance abuse without compromising academics.

(2) (a) A law-related education program implemented by a school district or facility school may be designed to promote responsible citizenship and reduce antisocial behavior without compromising academics. Specific grade levels should be determined by school districts and facility schools based on local curricular frameworks and review of what is known about existing and promising programs. All topics addressed in such law-related education program shall be taught in a manner which is appropriate for the ages of the students to be instructed.

(b) The topics for instruction in a law-related education program shall include instruction on the United States constitution and the declaration of independence and may include, but need not be limited to, the following:

- (I) The rights and responsibilities of citizenship;
- (II) The foundations and principles of American constitutional democracy;
- (III) The role of law in American society;
- (IV) The organization and purpose of legal and political systems;
- (V) The disposition to abide by law;
- (VI) The opportunities for responsible participation;
- (VII) The alternative dispute resolution approach including mediation and conflict resolution.

(c) (Deleted by amendment, L. 2000, p. 372, 25, effective April 10, 2000.)

(3) and (4) (Deleted by amendment, L. 99, p. 106, § 1, effective March 24, 1999.)

(5) (a) The state board shall promulgate guidelines to provide grants to and to assist school districts and facility schools in the implementation of effective, comprehensive law-related education programs addressing gang awareness and substance abuse resistance. Such guidelines shall include, but shall not be limited to, the following:

- (I) Suggested topics for instruction;
  - (II) Suggested texts and other instructional materials; and
  - (III) The necessary training for instructors.
- (b) The state board shall make such guidelines available to all school districts and facility schools for use in implementing law-related education programs.

(c) The department of education, through the coordinator and staff of the prevention initiatives unit, shall be responsible for implementation, monitoring, and administration of the program and shall maintain certifications and records and act as a statewide clearing-house for information and assistance for the law-related education programs.

(6) (a) All school districts and facility schools are encouraged to create programs for the training of instructors and administrators in gang awareness and substance abuse resistance education in order to provide effective instruction to students concerning the dangers of gang involvement and substance abuse.

(b) Upon the request of school district officials, the state board shall assist school district officials in the preparation of plans for the creation by school districts of training programs for instructors and administrators in gang awareness and substance abuse resistance education.

(7) (a) Each school district and facility school may prepare an annual report concerning the progress of the school district or facility school in implementing a law-related education program. The report shall be filed with the state board on or before October 1 of each year.

(b) Each annual report prepared pursuant to paragraph (a) of this subsection (7) shall include, but shall not be limited to, an analysis by school district or facility school officials of the effect of the law-related education program on the incidence of gang involvement and substance abuse by the students in the school district or facility school.

**Source:** **L. 94:** Entire section added, p. 1257, § 3, effective May 22. **L. 99:** (3) to (6) amended, p. 106, § 1, effective March 24. **L. 2000:** IP(2)(b) and (2)(c) amended, p. 372, § 25, effective April 10. **L. 2006:** (7)(a) amended, p. 598, § 14, effective August 7. **L. 2008:** Entire section amended, p. 1393, § 27, effective May 27.

**22-25-105. Review of local comprehensive health education programs and local student wellness programs - allocation of funds by the state board of education.** (1) A school district, facility school, or board of cooperative services that is seeking funding for a local comprehensive health education program or a local student wellness program under this article shall file an application with the department of education in such form as the department of education shall require. An application for a local comprehensive health education program shall include provisions for the implementation of a law-related education program for the purpose of reducing the incidence of gang involvement and substance abuse by students through education.

(2) The commissioner or the commissioner's designee, with the assistance of the executive director of the department of public health and environment or his or her designee, shall review all applications for review of local comprehensive health education programs and local student wellness programs submitted to the department of education.

(3) (a) The state board of education shall establish a review and prioritization process for the allocation of available funds to school districts, boards of cooperative services, and facility schools based upon applications submitted to the department of education and giving due consideration to the guidelines developed pursuant to section 22-25-104 (3) (a). Funding may be made available to districts or facility schools to implement portions of a comprehensive health education program or portions of a local student wellness program that are coordinated with health education, according to the needs of the individual school district or facility school. Pursuant to the review and prioritization process, the state board of education shall allocate available funds to the applying school districts, boards of cooperative services, and facility schools based on whether the state board of education finds that a school district, a board of cooperative services, or a facility school has planned or developed a local comprehensive health education program or a local school wellness program that will serve the objectives of this article. Funding for local comprehensive health education programs and local school wellness programs may include, but shall not be limited to, the implementation of training programs, in-service education institutes, and curriculum development programs for staff who shall instruct in comprehensive health education or for staff who shall instruct in or otherwise provide services through student wellness programs that are coordinated with health education. The state board of education shall not allocate funds to school districts, boards of cooperative services, or facility schools pursuant to the provisions of this subsection (3) until the department determines the amount of money that will be available for allocation.

(b) If sufficient moneys are not available to fund programs in every school district, the department may establish pilot programs for school districts that express an interest in developing or expanding a local comprehensive health education program or one or more components of a local student wellness program, which components include and are coordinated with health education, and in which districts there is a need for a program.

(c) (Deleted by amendment, L. 2010, (SB 10-151), ch. 109, p. 364, § 1, effective July 1, 2010.)

(4) (a) A school district may receive funding for a local student wellness program only if it includes or is otherwise coordinated with health education.

(b) A school district or board of cooperative services may receive funding for a local student wellness program that includes physical education only if each person who teaches one or more physical education courses in the school district or for the board of cooperative services is licensed and endorsed pursuant to article 60.5 of this title in physical education; except that this requirement shall not apply to a school district that enrolls one thousand five hundred or fewer students.

**22-25-106. Local comprehensive health education programs - local student wellness programs - establishment of comprehensive health education advisory councils.**

(1) (a) Each school district and board of cooperative services may and is encouraged to establish a local comprehensive health education program. To ensure that a local comprehensive health education program reflects the health issues and values of the community, each school district or board of cooperative services may establish a comprehensive health education advisory council, or may add necessary representatives to the school district's accountability committee created pursuant to section 22-11-301 or other appropriate committee, to address and make recommendations to the school district or board of cooperative services concerning the curriculum of the local comprehensive health education program.

(b) Each school district and board of cooperative services is further encouraged to establish a local student wellness program that includes or is otherwise coordinated with health education. A school district's or board of cooperative services' comprehensive health education advisory council or accountability committee may address and make recommendations to the school district or the board of cooperative services concerning the local student wellness program, including but not limited to the programs to be provided and best practices and strategies for involving families and the community in the local student wellness programs.

(2) In establishing a comprehensive health education advisory council or in supplementing an accountability committee or other appropriate committee, the board of a school district or board of cooperative services is encouraged to appoint members of the community who represent various points of view within the school district concerning comprehensive health education; however, a majority of the committee shall be comprised of parents of children enrolled in the district. Members may include, but shall not be limited to, parents, a member of the clergy, teachers, school administrators, pupils, health care professionals, members of the business community, law enforcement representatives, senior citizens, and other interested residents of the school district.

(3) In addition to the requirements of section 22-25-104 (3) (b), each school district and board of cooperative services is encouraged to include instruction in its local comprehensive health education program which:

(a) Promotes parental involvement, promotes abstinence from high-risk behaviors, fosters positive self-concepts, develops decision-making skills, and provides mechanisms for coping with and resisting peer pressure;

(b) Focuses on the dynamic relationship among physical, mental, emotional, and social well-being; and

(c) Integrates available community resources into the educational program.

(4) (a) Each local comprehensive health education program which is adopted by a school district or board of cooperative services shall include a procedure to exempt a student, upon request of the parent or guardian of such student, from a specific portion of the program on the grounds that it is contrary to the religious beliefs and teachings of the student or the student's parent or guardian.

(b) Any local school district or board of cooperative services which adopts a local comprehensive health education program shall ensure that at a minimum the following public information requirements are met:

(I) Written notification of such local comprehensive health education program shall be given to the parents or guardians of all students within such school district or board of

cooperative services, including notification that a student is allowed an exemption which permits such a student, at the request of the parent or guardian of the student, to be excused from all or any part of the local comprehensive health education program; and

(II) The curriculum and materials to be used shall be made available for public inspection at reasonable times and reasonable hours and a public forum to receive public comment upon such curriculum and materials shall be held.

**Source:** **L. 90:** Entire article R&RE, p. 1096, § 62, effective May 31. **L. 92:** (4) amended, p. 550, § 28, effective May 28. **L. 2002:** (1) and (2) amended, p. 1018, § 27, effective June 1. **L. 2008:** (1) amended, p. 675, § 6, effective August 5. **L. 2009:** (1)(a) amended, (SB 09-163), ch. 293, p. 1533, § 20, effective May 21.

**22-25-107. Reports required.** (1) Each school district, facility school, or board of cooperative services that receives funding for a local comprehensive health education program or a local student wellness program pursuant to this article shall annually file a written report with the department of education concerning the status of the program. The report shall include such information and data as the department of education shall require, including but not limited to the information received in the public forum held pursuant to section 22-25-106 (4), if applicable. The report shall be filed on or before such date as the department of education shall determine.

(2) Repealed.

**Editor's note:** (1) This section was similar to former § 22-25-112 as it existed prior to 1990.

(2) Subsection (3) provided for the repeal of this section, effective July 1, 2010. (See L. 2010, p. 365.)

**22-25-110. Funding of existing programs - operation of other health education programs.** (1) Nothing in this article shall be interpreted to prevent a school district or board of cooperative services currently offering health education programs from being eligible to receive funding pursuant to this article.

(2) Nothing in this article shall be interpreted to require a school district or board of cooperative services to establish a local comprehensive health education program nor shall it be interpreted to prevent a school district or board of cooperative services from offering a health education program which is not operated under the requirements of this article; except that any school district or board of cooperative services offering such a health education program shall:

(a) Comply with the public information requirements contained in section 22-25-106 (4);

(b) Establish a procedure to exempt a student, upon request of the parent or guardian of such student, from a specific portion of the health education program on the grounds that it is contrary to the religious or personal beliefs and teachings of the student or the student's parent or guardian; and

(c) Unless the school district or board of cooperative services is receiving direct or indirect funding from the federal government for the provision of an abstinence education program pursuant to 42 U.S.C. sec. 710 as described in section 22-1-110.5 (9), comply with the requirements specified in section 22-1-110.5 (5) regarding the adoption of science-based content standards for instruction regarding human sexuality.

Before- and After-School  
Dropout Prevention Programs

22-27.5-101.	Legislative declaration.		awarding grants.
22-27.5-102.	Definitions.	22-27.5-105.	Dropout prevention activity grant fund - created - administrative costs.
22-27.5-103.	Dropout prevention activity grant program - created - applications.	22-27.5-106.	Dropout prevention activity grant programs - report.
22-27.5-104.	Dropout prevention activity grant program - rules -		

**22-27.5-101. Legislative declaration.** (1) The general assembly hereby finds that:

(a) The unacceptably high dropout rate in public schools in Colorado is detrimental to the economic and cultural health of the state, and the state should take additional measures to more fully and productively engage students in public education and thereby reduce this rate;

(b) Often, students who choose to drop out of school prior to graduation are bored with the standard classroom curriculum. Students who are involved with extracurricular school activities before or after school are more likely to be invested in their education and less likely to drop out of school.

(c) With the increased difficulties in funding public education and increased emphasis on core academic subjects, schools have been forced to focus their resources on teaching the core curriculum subjects of reading, writing, and mathematics and have been less able to fund visual arts or performing arts education or to provide career and technical education;

(d) Just as all students can learn, all students are talented to varying degrees in varying arts and endeavors. In addition to ensuring a student has the necessary skills in reading, writing, and mathematics to be successful in a career, educating a student should include providing the student the opportunity to experience and participate in a wide range of artistic and vocational activities to allow the student to discover his or her talents and be successful in life.

(e) A grant program to provide additional funding for schools to sponsor before- and after-school programs in visual arts and performing arts and in career and technical education subjects will have the combined benefits of providing a wider range of visual arts, performing arts, and career and technical education, exposing students to a wide range of opportunities in visual arts and performing arts, assisting students in obtaining skills in a wide variety of vocations, enabling students to discover their artistic and vocation-related talents, and providing greater incentives for some students to stay in school.

**Source:** **L. 2005:** Entire article added, p. 511, § 1, effective May 24. **L. 2010:** (1)(c) and (1)(e) amended, (HB 10-1273), ch. 233, p. 1024, § 15, effective May 18.

**22-27.5-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Arts-based activity program” means a before- or after-school program that provides students with an opportunity to learn about and participate in an activity in visual arts or performing arts.

(2) “Department” means the department of education, created and operating pursuant to section 24-1-115, C.R.S.

(3) “District board” means a school district board of education created pursuant to law.

(4) “Dropout prevention activity grant program” or “grant program” means the grant program created pursuant to section 22-27.5-103 to fund before- and after-school arts-based and vocational activity programs for students in grades six through twelve.

(4.5) "Facility school" means an approved facility school as defined in section 22-2-402 (1).

(5) "Fund" means the dropout prevention activity grant fund created pursuant to section 22-27.5-105.

(5.5) "Performing arts" shall have the same meaning as provided in section 22-1-104.5 (1) (b).

(6) "Qualified community organization" means a nonprofit or not-for-profit, nonsectarian, community-based organization that provides before- and after-school, arts-based or vocational activity programs to low-income youth enrolled in grades six through twelve.

(7) "Qualified school" means a public school, including but not limited to a charter school, that serves any of grades six through twelve and that is required to implement a priority improvement or turnaround plan pursuant to section 22-11-405 or 22-11-406, respectively, or is subject to restructuring pursuant to section 22-11-210 for the school year in which the public school seeks a grant through the grant program.

(8) "State board" means the state board of education created pursuant to section 1 of article IX of the state constitution.

(8.5) "Visual arts" shall have the same meaning as provided in section 22-1-104.5 (1) (c).

(9) "Vocational activity program" means a before- or after-school program that provides students with an opportunity to learn and develop skills in a variety of vocations, including but not limited to carpentry, plumbing, welding, culinary arts, floral design, automotive maintenance, driver's training, and hotel and restaurant management.

**Source:** **L. 2005:** Entire article added, p. 512, § 1, effective May 24. **L. 2008:** (4.5) added, p. 1396, § 34, effective May 27. **L. 2009:** (7) amended, (SB 09-163), ch. 293, p. 1533, § 21, effective May 21. **L. 2010:** (1) amended and (5.5) and (8.5) added. (HB 10-1273), ch. 233, p. 1025, § 16, effective May 18.

**Cross references:** For the legislative declaration in the 2010 act amending subsection (1) and adding subsections (5.5) and (8.5), see section 1 of chapter 233, Session Laws of Colorado 2010.

### **22-27.5-103. Dropout prevention activity grant program - created - applications.**

(1) There is hereby created a grant program to fund before- and after-school arts-based and vocational activity programs for students enrolled in grades six through twelve. The goal in funding arts-based and vocational activity programs is to reduce the number of students who choose to drop out of school prior to graduation. A facility school, a qualified school, with the approval of its district board, or a qualified community organization in partnership with a qualified school may apply to the department, in accordance with procedures and time lines adopted by rule of the state board, to receive moneys through the dropout prevention activity grant program. The department shall administer the grant program as provided in this article and pursuant to rules adopted by the state board.

(2) In any year in which the department of education receives gifts, grants, or donations for the fund, the department of education shall notify the facility schools and the district boards, in the manner provided by rule of the state board, of the amount of money to be deposited in the fund and available for grants pursuant to this section. The notice may also specify the time and procedure for applying for a grant from the dropout prevention activity grant program. Each district board shall forward the notice to the qualified schools of the school district. The department shall also post the notice on the department web site as notice to qualified community organizations that may be interested in applying for moneys through the grant program.

(3) (a) A qualified school that chooses to seek a grant through the dropout prevention activity grant program shall notify its district board, specifying the amount requested and describing the arts-based or vocational activity program for which the grant would be used. The district board shall consider the qualified school's request and either approve or disapprove the qualified school's application. If the district board approves the application, the qualified school shall apply to the department, in accordance with the procedures and

using the application form specified by rule of the state board, for a grant through the dropout prevention activity grant program.

(b) Each district board shall adopt policies specifying the time frames during which a qualified school may request a dropout prevention activity grant and the procedure for the request. The district board shall ensure that its policies are coordinated with the rules of the state board to allow a qualified school to apply for a grant in accordance with the rules of the state board.

(c) A qualified school that receives a grant through the dropout prevention activity grant program shall use the moneys received to provide arts-based or vocational activity programs only to students enrolled in grades six through twelve.

(3.5) (a) A facility school that chooses to seek a grant through the dropout prevention activity grant program shall apply to the department, in accordance with the procedures and using the application form specified by rule of the state board, for a grant through the dropout prevention activity grant program.

(b) A facility school that receives a grant through the dropout prevention activity grant program shall use the moneys received to provide arts-based or vocational activity programs only to students enrolled in grades six through twelve.

(4) A qualified community organization that chooses to seek a grant through the dropout prevention activity grant program shall enter into a partnership agreement with a qualified school or a facility school pursuant to which the qualified community organization may operate an arts-based or vocational activity program in collaboration with the qualified school or facility school for students enrolled in any of grades six through twelve. At a minimum, the partnership agreement shall specify the amount of the grant to be requested from the grant program and describe the arts-based or vocational activity program for which the grant would be used. The qualified school's participation in the partnership agreement shall be subject to the approval of the school's district board. A qualified community organization that applies for a grant through the dropout prevention activity grant program shall submit a copy of the signed partnership agreement with its grant application.

**Source: L. 2005:** Entire article added, p. 513, § 1, effective May 24. **L. 2008:** (1), (2), and (4) amended and (3.5) added, p. 1397, § 35, effective May 27. **L. 2011:** (2) amended, (HB 11-1303), ch. 264, p. 1160, § 44, effective August 10.

#### **22-27.5-104. Dropout prevention activity grant program - rules - awarding grants.**

(1) The state board shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S., for the implementation of the dropout prevention activity grant program. At a minimum, the rules shall specify the procedures for applying for a grant, the form of the grant application, the information to be provided by the applicant, and the criteria for awarding grants.

(2) The department shall review each grant application received from a facility school, a qualified school, or a qualified community organization pursuant to section 22-27.5-103 and shall make recommendations to the state board concerning whether the grant should be awarded and the amount of the grant. If the department determines an application is missing any information required by rules to be included with the application, the department may contact the applicant to obtain the missing information. In making its recommendations, in addition to any criteria identified by rule of the state board, the department shall:

(a) Give first priority to applications to fund arts-based or vocational activity programs at qualified schools that experience high dropout rates for the three school years preceding the year in which the application is submitted and to fund arts-based or vocational activity programs at facility schools;

(b) Consider the percentage of students enrolled at the affected qualified school or facility school who are minority students or students who qualify for free or reduced-cost lunch pursuant to the provisions of the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq., with the goal of funding arts-based and vocational activity programs at qualified schools and facility schools that enroll high percentages of minority students and students who qualify for free or reduced-cost lunch;

(c) Consider the format of the arts-based or vocational activity program for which funding is requested and determine the cost-effectiveness of the program, the number of students who will be able to participate, and the quality of the participatory experience offered, with the goal of funding arts-based and vocational activity programs that provide a large number of students the opportunity to directly participate in and experience an arts-based or vocational activity;

(d) Consider whether the arts-based or vocational activity program for which funding is requested includes a partnering relationship with businesses in the community or a component of community service, with the goal of funding those arts-based and vocational activity programs that demonstrate a connection with the community outside the school or facility school and provide a benefit to that community.

(3) In each year in which moneys are credited to the fund, the state board shall award grants to applicants through the dropout prevention activity grant program. The state board shall take into consideration the recommendations received from the department. In addition to any criteria adopted by rule, the state board in awarding grants shall apply the priority and considerations specified in subsection (2) of this section. A grant awarded pursuant to this article shall be valid for one year.

**Source: L. 2005:** Entire article added, p. 514, § 1, effective May 24. **L. 2008:** (2) amended, p. 1398, § 36, effective May 27.

**22-27.5-105. Dropout prevention activity grant fund - created - administrative costs.** (1) (a) There is hereby created in the state treasury the dropout prevention activity grant fund. The fund shall consist of any gifts, grants, or donations received by the department for the fund pursuant to subsection (2) of this section. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of the dropout prevention activity grant program pursuant to this article.

(b) Any moneys in the fund not expended for the purpose of this article may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(2) The department is authorized to seek and accept gifts, grants, and donations from private or public sources for the implementation of the dropout prevention activity grant program pursuant to this article. All private and public funds received through gifts, grants, and donations shall be transmitted to the state treasurer, who shall credit the same to the fund.

(3) The department may expend up to two percent of the moneys annually appropriated from the fund to offset the direct and indirect costs incurred in implementing the dropout prevention activity grant program pursuant to this article.

(4) (Deleted by amendment, L. 2011, (HB 11-1303), ch. 264, p. 1160, § 45, effective August 10, 2011.)

**Source: L. 2005:** Entire article added, p. 515, § 1, effective May 24. **L. 2011:** (1)(a) and (4) amended, (HB 11-1303), ch. 264, p. 1160, § 45, effective August 10.

**22-27.5-106. Dropout prevention activity grant programs - report.** (1) Each facility school, qualified school, and qualified community organization that receives a dropout prevention activity program grant shall, in each year that it receives the grant, report to the department a description of the arts-based or vocational activity program and the projects accomplished through the program and an indication of the number of students who participated in the program.

(2) On or before January 15, 2007, and on or before January 15 each year thereafter, the department shall report to the education committees of the house of representatives and the senate and to the governor the following information from the preceding school year:

- (a) The number and amounts of dropout prevention activity program grants awarded;
- (b) A description of the arts-based and vocational activity programs that received grants;
- (c) The number of students who participated in the arts-based and vocational activity programs that received grants; and
- (d) The student dropout rates of the qualified schools at which the funded arts-based and vocational activity programs were operated.

**Source: L. 2005:** Entire article added, p. 516, § 1, effective May 24. **L. 2008:** (1) amended, p. 1398, § 37, effective May 27.

**Source: L. 88:** Entire article added, p. 824, § 40, effective May 24. **L. 92:** Entire section amended, p. 487, § 2, effective May 26. **L. 2006:** Entire section amended, p. 683, § 25, effective April 28. **L. 2009:** Entire section amended, (SB 09-292), ch. 369, p. 1952, § 44, effective August 5.

**22-28-102. Legislative declaration.** (1) The general assembly hereby finds, determines, and declares that there are substantial numbers of children in this state entering kindergarten and the primary grades who are not adequately prepared to learn. The general assembly further finds that early school failure may ultimately contribute to such children dropping out of school at an early age, failing to achieve their full potential, becoming dependent upon public assistance, or becoming involved in criminal activities. By enacting this article, the general assembly acknowledges the need to adequately prepare all children to learn through preschool programs in school districts with high dropout rates or low performance of children in kindergarten and primary grades. In establishing the programs, the general assembly encourages school districts and parents to work together to ensure that the children benefit from the programs.

(2) The general assembly intends to fully fund the Colorado preschool program by increasing the number of children who may be served through the program over the 2006-07, 2007-08, and 2008-09 budget years.

**22-28-103. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Board of education” means the board of education of a school district.

(1.5) “Charter authorizer” means a school district, the state charter school institute, or the board of the Colorado school for the deaf and the blind acting in the capacity of authorizing a public charter school.

(1.7) “Charter school” means a charter school authorized pursuant to part 1 of article 30.5 of this title, an institute charter school authorized pursuant to part 5 of article 30.5 of this title, or a charter school authorized pursuant to section 22-80-102 (4) (b).

(2) “Child care agency” means a facility defined as a child care center pursuant to the provisions of section 26-6-102 (1.5), C.R.S.

(2.5) “Colorado preschool program” means all the district preschool programs established in the state pursuant to the provisions of this article.

(3) “Department” means the department of education.

(4) “District advisory council” means the district preschool program advisory council established by a school district pursuant to the provisions of section 22-28-105.

(5) “District preschool program” means a preschool program established by a school district pursuant to the provisions of section 22-28-107.

(6) “Head start agency” means the local public or private nonprofit agency designated by the federal department of health and human services to operate a head start program under the provisions of Title V of the federal “Economic Opportunity Act of 1964”, as amended.

(7) “Parent” includes a legal guardian or any other person who has physical custody of the child.

(8) “School district” means any public school district organized under the laws of Colorado or an institute charter school created pursuant to part 5 of article 30.5 of this title. “School district” shall not include a junior college district.

(8.5) “State board” means the state board of education created pursuant to section 1 of article IX of the state constitution.

(9) (Deleted by amendment, L. 2008, p. 1224, § 36, effective May 22, 2008.)

**Source:** **L. 88:** Entire article added, p. 825, § 40, effective May 24. **L. 92:** (9) amended, p. 492, § 11, effective May 26. **L. 96:** (2) amended, p. 266, § 18, effective July 1. **L. 2006:** (4), (5), and (9) amended and (8.5) added, p. 684, § 27, effective April 28. **L. 2007:** (8) amended, p. 743, § 23, effective May 9. **L. 2008:** (2.5) added and (5) and (9) amended, p. 1224, § 36, effective May 22. **L. 2009:** (4) amended, (SB 09-292), ch. 369, p. 1953, § 46, effective August 5. **L. 2012:** (1.5) and (1.7) added, (HB 12-1240), ch. 258, p. 1332, § 50, effective June 4.

**Cross references:** For the legislative declaration contained in the 2008 act enacting subsection (2.5) and amending subsections (5) and (9), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-28-104. Establishment of public preschool programs.** (1) There is hereby established a Colorado preschool program, which shall be implemented in school districts beginning in the 2006-07 budget year. The purposes of the program are:

(a) To serve three-year-old, four-year-old, and five-year-old children who lack overall learning readiness due to significant family risk factors, who are in need of language development, or who are receiving services from the department of human services

pursuant to article 5 of title 26, C.R.S., as neglected or dependent children and who would benefit from participation in the Colorado preschool program;

(b) To determine the school districts in which participation in the Colorado preschool program would be the most beneficial;

(c) To establish criteria to be followed by school districts in establishing district preschool programs; and

(d) To encourage parents to participate with their children in district preschool programs.

(2) (a) (I) and (II) (Deleted by amendment, L. 2008, p. 1224, § 37, effective May 22, 2008.)

(III) For the 2008-09 budget year and each budget year thereafter, twenty thousand one hundred sixty children may annually participate in the Colorado preschool program.

(b) (I) For the 2006-07 and 2007-08 budget years, the department shall allow school districts to apply to the department for authorization to serve no more than fifteen percent of the total number of children authorized to participate in the Colorado preschool program pursuant to paragraph (a) of this subsection (2) through a full-day kindergarten portion of the district's preschool program. The department, using established criteria, shall select school districts to participate in the full-day kindergarten portions until the total number of full-day kindergarten positions applied for has been filled or the fifteen-percent limitation has been reached, whichever event occurs first. Notwithstanding any other provision of law, the department shall not grant waivers that would allow more than a total of fifteen percent of the total number of children authorized to participate in the Colorado preschool program pursuant to paragraph (a) of this subsection (2) to be served through the full-day kindergarten portion of all district preschool programs statewide.

(II) For the 2008-09 budget year and each budget year thereafter, none of the children participating in the Colorado preschool program shall participate in the program through a full-day kindergarten portion of the program.

(c) If a school district that participates in the Colorado preschool program does not enroll the maximum number of pupils allowed to participate in that school district's preschool program as established by the department in accordance with section 22-28-107 (3), the school district shall immediately notify the department of the number of unused positions. A school district participating in the Colorado preschool program that has any unused positions in a given budget year is prohibited from transferring to another school district any or all of the unused positions, regardless of whether the unused positions are transferred in exchange for monetary or any other form of consideration.

(3) A school district that participates in the Colorado preschool program shall be entitled to count children enrolled in the district preschool program in accordance with the provisions of section 22-54-103 (9.5) for purposes of determining preschool program enrollment under the "Public School Finance Act of 1994", article 54 of this title.

(4) (a) Subject to the limitations in paragraph (b) of this subsection (4), the per pupil operating reimbursement provided to any school district that participates in the Colorado preschool program shall be increased to allow a single child to enroll in the program using two positions so that the child may attend a full day of preschool.

(b) For the 2006-07 budget year and budget years thereafter, the department shall allow school districts to apply for authorization to serve no more than five percent of the total number of children authorized to participate in the Colorado preschool program pursuant to paragraph (a) of subsection (2) of this section through a full-day preschool portion of the district's preschool program. The department, using established criteria, may select qualified school districts to participate in and serve children through a full-day preschool portion of the district's preschool program. Notwithstanding any other provision of law, the department shall not grant waivers that would allow more than a total of five percent of the total number of children authorized to participate in the Colorado preschool program pursuant to paragraph (a) of subsection (2) of this section to be served through the full-day preschool portion of all district preschool and kindergarten programs statewide.

(5) Nothing in this article shall be construed to:

(a) Require school districts to participate in the Colorado preschool program; or

(b) Prohibit school districts from establishing and maintaining other preschool programs using any funds available for that purpose, but children enrolled in such other preschool programs shall not be counted for purposes of determining preschool program enrollment or pupil enrollment under the "Public School Finance Act of 1994", article 54 of this title.

**22-28-104.5. Public charter school preschools.** (1) Notwithstanding any provision of this article to the contrary, a charter school that is permitted by its charter authorizer to operate a kindergarten program may plan, develop, and operate a public preschool program that is consistent with the provisions of this article.

(2) A charter school that operates a public preschool program with funding received pursuant to this article or, consistent with section 22-28-104 (5) (b), without such funding, shall ensure that the public preschool program:

(a) Enrolls students consistent with section 22-30.5-104 (3) to ensure a diverse student body;

(b) Operates in a facility approved and licensed for preschool purposes that is the same facility or that is in reasonable proximity to the facility at which the charter school operates the kindergarten program or at a location that is approved by the charter authorizer; and

(c) Guarantees a student's continued enrollment from preschool to kindergarten to the extent allowed by law.

**Source:** **L. 2012:** Entire section added. (HB 12-1240), ch. 258, p. 1332, § 51, effective June 4.

**22-28-105. District preschool program advisory council - duties.** (1) (a) Any school district wishing to participate in the Colorado preschool program shall establish a district preschool program advisory council consisting of the superintendent of the school

district or his or her designee and such other members as the superintendent of the school district may appoint pursuant to paragraph (b) of this subsection (1).

(b) The appointed members of the district advisory council shall include, but shall not be limited to, the following:

- (I) Two parents of children in the district preschool program;
- (II) Two members of the business community; and
- (III) Representatives from the following:
  - (A) The county or district department of health;
  - (B) The county department of social services;
  - (C) The county agency involved in job services and training;
  - (D) Publicly funded early childhood education agencies located in the school district;
  - (E) Privately funded child care centers located in the school district; and
  - (F) A representative from a charter school located in the district that has a preschool program.

(c) The members appointed by the superintendent of the school district shall serve for two-year terms, and any vacancy among the appointed members shall be filled by appointment by the superintendent for the unexpired term. Members of the council shall elect a chairperson for a one-year term, but the chairperson may be elected to a second term.

(d) The board of education shall have final responsibility for submittal of the application to participate in the Colorado preschool program and for operation and maintenance of the district preschool program. No action taken by the district advisory council shall be final until approved by the board of education.

(2) The district advisory council shall:

(a) Develop and recommend to the board of education the school district plan for identifying those children in the school district that would be eligible for participation in the district preschool program based upon the criteria established in section 22-28-106 (1) (a);

(a.3) Study and assess the need for establishing a district preschool program in the school district and, upon completion of such assessment, if there is an identified need, submit a request for proposals to any privately funded child care center and publicly funded early childhood education agency. The request for proposals shall state the criteria and guidelines established by the department for determining the eligibility of children to participate in a district preschool program, for district preschool programs, and for parental involvement in a district preschool program. At least once every two years, the district advisory council shall assess whether alternative community providers are available and shall ensure the highest quality service delivery at the lowest cost.

(a.5) Review and evaluate proposals received pursuant to paragraph (a.3) of this subsection (2) and annually submit a list to the board of education of the head start agencies or public and private child care agencies that are licensed by the department of human services and are in good standing whose proposals meet or exceed the criteria and guidelines specified in said paragraph (a.3) and are designated as eligible for participation in the district preschool program, including the number of district preschool children each agency will be eligible to serve under the program;

(b) Recommend to the board of education a plan for operating the district preschool program, including whether the program should be provided by the school district itself or provided, in whole or in part, by a head start agency or by child care agencies under contract with the school district;

(c) Recommend to the board of education a proposal for the district preschool program to be submitted to the department pursuant to the provisions of section 22-28-107 (1);

(d) Assist the school district in the implementation of the district preschool program;

(e) Develop and recommend to the board of education, if appropriate, a plan for coordinating the district preschool program with extended day services for children participating in the program and their families in order to achieve an increased efficiency in the services provided;

(f) Following consultation and planning with social services and health agencies, develop and recommend to the board of education a plan for coordinating the district preschool program with family support services for children participating in the program

and their families. For purposes of this paragraph (f), “family support services” includes, but is not limited to, information and referral and educational materials relating to:

- (I) Nutrition;
- (II) Immunization;
- (III) Health care and dental care generally;
- (IV) Parenting education and support; and
- (V) Social services programs generally.

(g) Develop and recommend to the board of education a plan for coordinating the district preschool program with a program to train parents to provide teaching activities in the home prior to the entrance of their children into the district preschool program;

(h) Meet a minimum of six times per year. In addition, the district advisory council shall make at least two on-site visits per year to all head start agencies and public and private child care facilities with which the school district has contracted to monitor overall program compliance and make recommendations for any needed improvements.

(i) Define any student eligibility criteria specific to the population of the individual community that are in addition to the criteria listed in section 22-28-106 (1) (a);

(j) Develop a district preschool program evaluation component specific to the district preschool program involved;

(k) Develop a training program for district preschool program staff using all available community resources;

(l) Recommend to the board of education a plan for the annual evaluation of the district preschool program; and

(m) Provide any other appropriate assistance to the school district in the implementation of the district preschool program.

**Cross references:** For the legislative declaration contained in the 2008 act amending subsection (1)(d), see section 1 of chapter 286, Session Laws of Colorado 2008.

## **22-28-106. Eligibility of children for participation in district preschool program.**

(1) (a) The state board shall establish, by rule, criteria for each school district to use in determining which children in the school district shall be eligible for participation in the district preschool program, subject to the following requirements:

(I) A child who is three, four, or five years old and meets the criteria specified in subparagraphs (II) to (IV) of this paragraph (a) and any other criteria established by rule may participate in the district preschool program.

(II) No child shall participate in the district preschool program unless the child lacks overall learning readiness due to significant family risk factors, is in need of language development, including but not limited to the ability to speak English, or is receiving services from the department of human services pursuant to article 5 of title 26, C.R.S., as a neglected or dependent child; except that no child who is three years of age shall participate in the district preschool program unless the child lacks overall learning readiness that is attributable to at least three of the significant family risk factors.

(III) No child shall participate in the district preschool program unless one or both of his or her parents agree to assume all the parental responsibilities established by the school district pursuant to section 22-28-110 with respect to the program.

(IV) Any child qualifying for similar district services under other programs would continue to be eligible only for such services and would be funded under such programs.

(a.5) For purposes of this article, "significant family risk factors" means any of the following:

(I) The child is eligible to receive free or reduced-cost lunch pursuant to the provisions of the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.;

(II) Homelessness of the child's family;

(III) An abusive adult residing in the home of the child;

(IV) Drug or alcohol abuse in the child's family;

(V) Either parent of the child was less than eighteen years of age and unmarried at the time of the birth of the child;

(VI) The child's parent or guardian has not successfully completed a high school education or its equivalent;

(VII) Frequent relocation by the child's family to new residences; or

(VIII) Poor social skills of the child.

(b) The department may establish criteria so that any or all of the following may be considered:

(I) The educational background of the child's parents or other family members, including but not limited to the number of years of education, attendance record, and academic performance; and

(II) The self-confidence of the child and the ability of the child to take part in social activities.

(2) Repealed.

**Source:** **L. 88:** Entire article added, p. 827, § 40, effective May 24. **L. 88, 1st Ex. Sess.:** (2) amended, p. 56, § 7, effective August 11. **L. 92:** (1)(a)(II) amended and (2) repealed, pp. 490, 493, §§ 6, 13, effective May 26. **L. 94:** (1)(a)(II) amended, p. 2690, § 218, effective July 1. **L. 2001:** (1)(a.5) added, p. 210, § 3, effective August 8. **L. 2002:** IP(1)(a), (1)(a)(I), and (1)(a)(II) amended, p. 1739, § 12, effective June 7. **L. 2006:** (1)(a) amended, p. 689, § 30, effective April 28; (1)(a)(I) amended, p. 605, § 16, effective August 7. **L. 2009:** IP(1)(a), (1)(a)(I), (1)(a)(II), and (1)(a)(III) amended, (SB 09-292), ch. 369, p. 1956, § 49, effective August 5.

**Editor's note:** Amendments to subsection (1)(a) by House Bill 06-1375 and Senate Bill 06-137 were harmonized.

**Cross references:** For the legislative declaration contained in the 1994 act amending subsection (1)(a)(II), see section 1 of chapter 345, Session Laws of Colorado 1994. For the legislative declaration contained in the 2001 act enacting subsection (1)(a.5), see section 1 of chapter 85, Session Laws of Colorado 2001.

**22-28-107. Eligibility of school districts for participation in Colorado preschool program.** (1) By a date to be determined by rule of the state board for the 2006-07 budget year and each budget year thereafter, any school district may apply to the department for participation in the Colorado preschool program using forms provided by the department. Along with the application, the school district shall submit a proposal for the implementation of its district preschool program, which shall include, but need not be limited to, the following information requested by the department:

(a) The number of eligible children to be served in the district preschool program;

(b) Whether the district preschool program will be a four-and-one-half-month, nine-month, or twelve-month program;

(c) Whether the district preschool program will be provided by the school district itself or provided, in whole or in part, by a head start agency or one or more child care agencies under contract with the school district;

(d) If the district preschool program is to be provided by the school district:

(I) The number of schools in the school district that would be involved in the district preschool program;

- (II) The number of additional personnel needed to staff the district preschool program;
- (III) The training program for preschool teachers;
- (e) If the district preschool program is to be provided, in whole or in part, by a head start agency or child care agencies under contract with the school district:

(I) The head start agency or child care agencies with which the school district will contract;

(II) The terms of the contracts;

(III) The procedure to be used to monitor the district preschool program being provided to the school district by the head start agency or child care agencies;

(f) The extended day services, if any, to be provided in connection with the district preschool program;

(f.3) The plan for coordinating the district preschool program with family support services for children participating in the program and their families;

(f.4) The plan for involving the parent or parents of each child enrolled in the district preschool program in participation in the program;

(f.7) The plan for coordinating the district preschool program with a parenting program;

(g) The plan for involving parents and the community in the district preschool program; and

(h) The procedure to be followed to evaluate the current and continuing effectiveness of the district preschool program.

(1.4) For the 2008-09 budget year and each budget year thereafter, a school district that applies to the department to participate in the Colorado preschool program by offering a nine-month program may apply for permission from the department to receive funding for a nine-month program but to use up to half of the moneys allocated for the program to prepare, during the first half of the school year, to offer a preschool program and to use the remainder of the moneys to offer, during the second half of the school year, a four-and-one-half-month preschool program.

(1.5) Repealed. / (Deleted by amendment, L. 2006, p. 689, § 31, effective April 28, 2006.)

(2) The state board shall establish, by rule, criteria for determining which school districts shall be eligible for participation in the Colorado preschool program. The state board may consider any or all of the following:

(a) The number of eligible children to be served by the district preschool program;

(b) The number of schools in the school district or the number of head start agencies or child care agencies that would be involved in the district preschool program;

(c) The dropout rate of the school district;

(d) The test scores of children in kindergarten and the primary grades within the school district;

(e) The community involvement in the school district; and

(f) The demographic and geographic distribution of school districts making application for or participating in the Colorado preschool program throughout the state.

(3) The department shall evaluate each school district's application, using the criteria established pursuant to subsection (2) of this section as well as the proposal of the school district for the implementation of the district preschool program based upon the criteria established pursuant to section 22-28-108. The department shall give priority to school districts with proposals that include exemplary plans for the coordination of the district preschool program with family support services, to school districts with proposals that indicate efforts to collaborate with public and private child care agencies located in the school district, and to school districts with proposals that demonstrate the greatest degree of community involvement. By a date to be determined by rule of the state board for the 2006-07 budget year and for each budget year thereafter, the department shall determine the school districts that have been accepted for participation in the Colorado preschool program. To comply with the limitations on the number of children that may participate in the Colorado preschool program, the department shall set the maximum number of pupils in the district preschool program for each participating school district.

(4) (a) Upon the request of a school district, the department shall provide, subject to available resources, such technical assistance as may be necessary for the school district to

submit a proposal for the implementation of its district preschool program and for ongoing training of personnel for the successful implementation of the program.

(b) The department shall annually select a reasonable number of school districts that have implemented preschool programs pursuant to this article and shall conduct on-site visits to determine whether:

(I) Each school district's screening process and the eligibility criteria for children participating in the district preschool program comply with all applicable state law;

(II) The district advisory council established pursuant to section 22-28-105 complies with all applicable state law; and

(III) The school district's quality assurance activities, evaluation efforts, and financial activities regarding the district preschool program comply with all applicable state law.

**Editor's note:** (1) Amendments to subsection (1.5) by House Bill 06-1375 and Senate Bill 06-137 were harmonized.

(2) Amendments to the introductory portion to subsection (1) by sections 21 and 39 of House Bill 08-1388 were harmonized.

**Cross references:** For the legislative declaration contained in the 2008 act amending the introductory portion to subsection (1), subsection (1)(b), the introductory portion to subsection (1)(d), subsection (1)(d)(III), and the introductory portion to subsection (4)(b) and enacting subsection (1.4), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-28-108. Criteria for district preschool programs.** (1) (a) The department shall establish basic program standards for district preschool programs using nationally accepted standards for preschool programs and requiring compliance with the Colorado rules for child care centers promulgated by the department of human services pursuant to section 26-6-106, C.R.S.

(b) The state board shall establish, by rule, criteria for school districts to use in establishing district preschool programs, subject to the following requirements:

(I) The maximum number of pupils in a district preschool program shall not exceed the number set by the department pursuant to section 22-28-107 (3).

(II) The maximum number of pupils in a preschool class shall not exceed sixteen.

(III) Preschool classes shall be held for the equivalent of four half days per week with the remaining time being used for home visits by preschool teachers, teacher training as needed, workshops with other preschool teachers, and planning sessions with kindergarten teachers and other school staff.

(IV) Preschool classes shall be supplemented by teaching activities in the home between each pupil and the pupil's parent. An individual teaching plan shall be created for the pupil by his preschool teacher, and the school district shall provide the parent with the books and other materials necessary to carry out such teaching plan.

(1.6) The criteria established by the state board shall require that each head start agency and public and private child care agency that is providing services under the district preschool program afford all children that are eligible under section 22-28-106 an equal opportunity to receive services regardless of their race, ethnicity, or place of residence within the school district.

(2) In addition to the criteria established pursuant to subsection (1) of this section, the state board shall establish, by rule, additional criteria for school districts to use in

establishing district preschool programs that will be provided, in whole or in part, by a head start agency or child care agencies in accordance with the provisions of section 22-28-109.

(3) In establishing criteria for district preschool programs relating to qualifications for preschool teachers, the state board shall not require preschool teachers to be licensed pursuant to article 60.5 of this title but shall allow the school district, a head start agency, or a child care agency to employ a nonlicensed preschool teacher as long as the teacher meets other qualifications established by the state board.

(4) The criteria established by the state board shall be made available to each school district no later than August 1 of each year and shall be used by the district advisory council and the school district in drawing up the district preschool program proposal to be submitted with the school district's application for participation in the Colorado preschool program.

(5) Any school district whose district preschool program proposal does not meet the requirements of the state board shall be allowed to modify its proposal so that it meets said requirements. Notice to the department of said modifications shall be a prerequisite to final acceptance in the Colorado preschool program.

(5.5) Funding provided pursuant to this article shall only be used to pay a district's costs of providing preschool services directly to children enrolled in the district's preschool program. The costs shall include teacher and paraprofessional salaries and benefits, supplies and materials, home visits, the entire cost of any preschool program contracted services, the costs of services provided by a district to children enrolled in the district's preschool program or their parents, any associated professional development activities, costs that a district would not otherwise have incurred but for the services provided in conjunction with the preschool program, and a reasonable allocation of district overhead costs not to exceed five percent of the program costs. Any moneys remaining in the district's preschool program budget at the end of any budget year shall remain in the program budget for use in the preschool program in subsequent budget years.

(6) At any time during the year, the department may request from a school district any information about its district preschool program that the department deems necessary to ensure that the district is complying with the requirements of this section.

**22-28-109. District preschool programs provided by a head start agency or child care agencies.** (1) The state recognizes that there is significant value in using existing and established infrastructure through a head start agency or child care agencies, where available, for the provision of a district preschool program. Before the board of education of any school district whose pupil enrollment was less than or equal to seven hundred fifty pupils for the preceding budget year expends money for capital projects to provide additional facilities for a district preschool program, the board shall consider whether the district preschool program may be contracted out, in whole or in part, to a head start agency or one or more child care agencies located in the school district. The board of any school district, regardless of pupil enrollment, may contract out the district preschool program only if the provisions of this section are satisfied. In making its determination on whether to

contract out the district preschool program, the board shall consider the recommendation of the district advisory council along with the following:

(a) Whether there is an established preschool program being provided by the school district or by a head start agency or one or more child care agencies that could be expanded or modified to include the district preschool program;

(b) Whether the district preschool program could be provided more efficiently by a head start agency or one or more child care agencies while still maintaining a quality program;

(c) Whether the head start agency or the child care agencies could provide a district preschool program that would meet the criteria established by the state board pursuant to the provisions of section 22-28-108 (1) and (2);

(d) Whether the school district or the head start agency or child care agencies providing the district preschool program could also provide extended day services for children enrolled in the program in need of such services.

(2) No board of education shall contract out the district preschool program unless the board is assured that the head start agency or child care agency will provide a quality program meeting the requirements of section 22-28-108 (1) and (2). At any time during the year, the board may request from the agency any information about the program that the board deems necessary to ensure that the agency is complying with said requirements. In addition, the board of education shall ensure that the services provided by the head start agency or child care agency with respect to the district preschool program shall be in addition to services then currently provided by said agency and that the moneys transmitted to said agency for the services provided in the district preschool program shall not supplant moneys available to fund other services provided by said agency.

(3) If the district preschool program is contracted out pursuant to the provisions of subsection (1) of this section, the board of education and the head start agency or child care agencies shall develop a plan for the transition of children from the preschool portion of the program to kindergarten.

**Source:** **L. 88:** Entire article added, p. 830, § 40, effective May 24. **L. 96:** IP(1) amended, p. 1799, § 20, effective July 1. **L. 2006:** Entire section amended, p. 693, § 33, effective April 28. **L. 2007:** IP(1) amended, p. 740, § 14, effective May 9. **L. 2008:** IP(1), (1)(a), and (3) amended, p. 1226, § 41, effective May 22. **L. 2009:** (1)(b), (1)(c), (1)(d), and (2) amended, (SB 09-292), ch. 369, p. 1960, § 52, effective August 5.

**Cross references:** For the legislative declaration contained in the 2008 act amending the introductory portion to subsection (1) and subsections (1)(a) and (3), see section 1 of chapter 286, Session Laws of Colorado 2008.

**22-28-110. Parental involvement in district preschool programs.** In establishing criteria for district preschool programs pursuant to the provisions of section 22-28-108, the state board shall include guidelines for a school district to follow in establishing the responsibilities of parents in the district preschool program. The responsibilities shall be set forth in writing and provided to the parents of eligible children. Approved written or verbal communication between the parent and program personnel may be considered as fulfillment of responsibilities for program visitation. No child shall be accepted in the district preschool program unless one or both of the parents agree to assume the responsibilities, and failure of the parent or parents to fulfill the responsibilities shall result in the child being dismissed from the district preschool program.

**Source:** **L. 88:** Entire article added, p. 831, § 40, effective May 24. **L. 2006:** Entire section amended, p. 694, § 34, effective April 28. **L. 2009:** Entire section amended, (SB 09-292), ch. 369, p. 1961, § 53, effective August 5.

**22-28-111. Coordination of district preschool program with extended day services.** (1) (a) Any school district that establishes a district preschool program may coordinate the program with extended day services if the district advisory council and the school

district find that there exists a need for the services. The services may be coordinated by the school district through one or more privately funded child care centers or publicly funded early childhood education agencies or through the school district itself.

(b) Any extended day services provided pursuant to paragraph (a) of this subsection (1), regardless of whether provided by a school district, head start agency, or public or private child care agencies, shall meet the appropriate standards for licensing established by the department of human services pursuant to section 26-6-106, C.R.S.

(2) The extended day services program shall be funded from fees charged to parents or from public or private funds, or from both. If the school district or the head start agency or child care agency providing the extended day services program meets eligibility requirements, it may seek and expend, on its own behalf or on behalf of the child's parents, public and private funds available for extended day services, including, but not limited to, social services funds, job training funds, and funds from private companies and charitable organizations.

**22-28-111.5. Coordination of district preschool program with family support services - establishment of parenting program.** In coordinating a district preschool program with family support services and in establishing a parenting program as required by section 22-28-107 as a part of the proposal for the district preschool program, the school district is encouraged to apply for federal child care and development block grant funds and to seek support, advice, and technical and financial assistance from members of the community, from businesses, and from community and state agencies. In addition to other moneys available to the school district to fund the requirements of this section, the school district is authorized to seek and accept gifts, donations, or grants of any kind from any private source or from any governmental agency. All such gifts, donations, and grants shall be transmitted to the treasurer of the school district, who shall credit the same to a special account in the school district general fund to be used solely to fund the requirements of this section.

Character Education

22-29-101.	Legislative declaration.		department.
22-29-102.	Definitions.	22-29-105.	Electronic transmission and storage of data.
22-29-103.	Character education - development - resource.	22-29-106.	Character education fund - creation - contributions.
22-29-104.	Reports - school districts -		

**22-29-101. Legislative declaration.** The general assembly finds and declares that, while parents are the primary and most important moral educators of their children, such efforts should be reinforced in the school and community environments. The general assembly further finds that research indicating that core character qualities such as family support, community involvement, positive peer influence, motivation to achieve, respect for person and property, common courtesy, conflict resolution, integrity, honesty, fairness, a sense of civil and personal responsibility, purpose, and self-respect help give youth the basic interpersonal skills and attributes that are critical building blocks for successful relationships. The general assembly recognizes each school district’s authority to exercise control over the specific instruction of students, yet also recognizes and hereby asserts a significant statewide interest in providing direction to school districts with regard to the character education of Colorado’s youth. Therefore, the general assembly hereby encourages school districts to develop and strengthen character education instruction to students. By enacting this article, the general assembly acknowledges the importance of character development and encourages school districts, parents, and communities to work together to prepare youth for positive relationships in today’s society.

**Source:** **L. 2001:** Entire article added, p. 1006, § 1, effective June 5.

**22-29-102. Definitions.** As used in this article, unless the context otherwise requires:

- (1) “Board of cooperative services” shall have the same meaning as provided in section 22-5-103 (2).
- (2) “Department” means the state department of education created pursuant to section 24-1-115, C.R.S.
- (3) “School district” means any school district organized and existing pursuant to law, but does not include a junior college district.
- (4) “State board” means the state board of education created pursuant to section 1 of article IX of the state constitution.

**Source:** **L. 2001:** Entire article added, p. 1007, § 1, effective June 5.

**22-29-103. Character education - development - resource.** (1) Each school district, either individually or through a board of cooperative services, is strongly encouraged to establish a character education program designed to help students cultivate honesty, respect, responsibility, courtesy, respect for and compliance with the law, integrity, respect for parents, home, and community, and the dignity and necessity of a strong work ethic, conflict resolution, and other skills, habits, and qualities of character that will promote an upright, moral, and desirable citizenry and better prepare students to become positive contributors to society. The program may include information concerning this country's founding documents and concerning religion in American history. Such character education program should be designed to stress the importance that each teacher model and promote the guidelines of behavior established in the character education program for youth to follow at all times, in every class.

(2) The general assembly encourages each school district to work with parents and legal guardians of students enrolled in the school district and the community in which the school district operates in the development of any character education program established pursuant to subsection (1) of this section.

(3) The department may collect information related to character education and shall serve as a character education resource for all interested parents, school districts, and boards of cooperative services.

**Source: L. 2001:** Entire article added, p. 1007, § 1, effective June 5.

**22-29-104. Reports - school districts - department.** (1) Each school district may submit a report to the department concerning any character education program developed. Such report shall include such information and data as may be specified by rule of the state board and shall be filed on or before a date specified by rule of the state board.

(2) On or before each January 15, the department shall submit to the education committees of the senate and the house of representatives, or any successor committees, an executive summary of any reports submitted by school districts pursuant to subsection (1) of this section.

**Source: L. 2001:** Entire article added, p. 1007, § 1, effective June 5. **L. 2006:** (2) amended, p. 605, § 18, effective August 7.

**22-29-105. Electronic transmission and storage of data.** To the extent practicable, the department may store electronically all data collected pursuant to this article. Further, each school district may submit information to the department electronically, consistent with rules promulgated by the state board pursuant to section 22-29-104 (1).

**Source: L. 2001:** Entire article added, p. 1008, § 1, effective June 5.

**22-29-106. Character education fund - creation - contributions.** The department is hereby authorized to receive grants, gifts, donations, and contributions from any source, public or private, for the purpose of implementing this article. Any moneys received shall be transmitted to the state treasurer who shall credit the same to the character education fund, which fund is hereby created. Moneys in the fund shall be continuously appropriated to the department for the implementation of this article consistent with the standards established in section 22-29-103 (1). At the end of any fiscal year, all unexpended and unencumbered moneys in the character education fund shall remain therein and shall not be credited or transferred to the general fund or any other fund. Any interest derived from the deposit and investment of such moneys shall remain in the fund and may not be credited or transferred to the general fund or any other fund.

PART 1

NEW OR ANNEXING SCHOOL DISTRICT ORGANIZATION

**22-30-101. Short title.** This article shall be known and may be cited as the “School District Organization Act of 1992”.

**Editor's note:** This section is similar to former § 22-30-101 as it existed prior to 1992.

### ANNOTATION

**Law reviews.** For article, "One Year Review of Contracts", see 36 Dicta 19 (1959).

**Annotator's note.** Since § 22-30-101 is similar to repealed § 123-25-1, C.R.S. 1963, and § 123-8-1, CRS 53, relevant cases construing those provisions have been included in the annotations to this section.

**School district reorganization act of 1949 held constitutional.** *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**School district organization act of 1957 held constitutional.** *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**This legislation establishes procedures for the organization or reorganization of public school districts in the state.** *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

**A school district has the capacity and standing to seek and obtain a judicial determination as to the legality of this legislation where its existence may be terminated and its property taken.** *Sch. Dist. No. 23 v. Sch. Planning Comm.*, 146 Colo. 241, 361 P.2d 360 (1961).

**Reorganization is not a mandatory matter;** rather this statute provides an orderly manner for reorganizing old school districts into new school districts where deemed desirable. *Sch. Dist. No. 23 v. Sch. Planning Comm.*, 146 Colo. 241, 361 P.2d 360 (1961).

**Compliance with statutory requirements for reorganization is necessary.** The manner in which the reorganization of school districts shall be accomplished is provided in the act and a lawful reorganization can only be effected if there be compliance with the requirements thereof. *Sch. Dist. No. 23 v. Sch. Planning Comm.*, 146 Colo. 241, 361 P.2d 360 (1961).

**The district court has jurisdiction to issue an injunction.** Where a complaint alleges that the requirements of this statute have not been complied with, the district court of the county in which the existing school lies has jurisdiction as a court of equity to enjoin the holding of an election to establish a new school district. *Sch. Dist. No. 23 v. Sch. Planning Comm.*, 146 Colo. 241, 361 P.2d 360 (1961).

**Applied in** *Lujan v. Colo. State Bd. of Educ.*, 649 P.2d 1005 (Colo. 1982).

**22-30-102. Legislative declaration.** (1) The general assembly hereby declares that this article is enacted for the general improvement of the public schools in the state of Colorado; for the equalization of the benefits of education throughout the state; for the organization of public school districts in the state and the alteration of the boundaries of established school districts, in order to provide for the maintenance of a thorough and uniform system of free public schools throughout the state; and for a more responsible expenditure of public funds for the support of the public school system of the state. In order to accomplish these ends, this article shall be liberally construed.

(2) The general assembly further finds and declares that the provisions of this article shall apply in all of the following situations:

(a) The creation of one or more additional school districts within the existing boundaries of a school district;

(b) The consolidation of two or more school districts or parts of school districts into a new single school district;

(c) The dissolution and annexation of a school district when such school district fails to operate a school within the school district or when the state board declares the school district is no longer accredited;

(d) The detachment and annexation to revise, alter, or modify the boundaries of school districts for the purpose of more effective or economical operation or in order to provide better educational opportunities for the school age children resident in certain territory.

(2.5) The general assembly further finds and declares that the provisions of this article shall not apply to any detachment and annexation wherein county boundaries are modified.

(3) The general assembly further finds and declares that, except as provided in section 22-30-128, no reorganization of a school district shall occur without the appointment of a school organization planning committee to study the school organization and develop a plan for reorganization of the school district.

**Source:** **L. 92:** Entire article R&RE, p. 496, § 1, effective June 1. **L. 94:** (2.5) added, p. 808, § 13, effective April 27. **L. 95:** (3) amended, p. 605, § 2, effective May 22.

**Editor's note:** This section is similar to former § 22-30-102 as it existed prior to 1992.

### ANNOTATION

**Annotator's note.** Since § 22-30-102 is similar to repealed § 123-25-2, C.R.S. 1963, and § 123-8-2, CRS 53, relevant cases construing those provisions have been included in the annotations to this section.

**The formation, dissolution, and change in boundaries of school districts are legislative matters.** *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**So are the number, nature, and powers of school districts.** The general assembly has plenary powers to determine the number, nature, and powers of school districts and their territory. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**The general assembly may abolish or dissolve school districts**, subject to constitutional limitations. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**It is not necessary that the school districts affected give their consent** to their abolition or dissolution by the general assembly, except as otherwise provided by statutes. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**The general assembly may modify or withdraw all powers granted to** the school districts as it pleases. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**22-30-103. Definitions.** As used in this article, unless the context otherwise requires:

- (1) "Commissioner" means the commissioner of education.
- (2) "Committee" means the school organization planning committee authorized to study school district organization and develop a plan for reorganization.
- (3) "Consolidation" means reorganization of two or more school districts into fewer school districts.
- (4) "Detachment and annexation" means the alteration of boundaries of two or more school districts.
- (5) "Director districts" means subdivisions of a school district which are contiguous, compact, and as nearly equal in population as possible.
- (6) "Dissolution and annexation" means the discontinuance of a school district and annexation of its territory to another existing school district.
- (7) "Eligible elector" means a person who has complied with the registration provisions of articles 1 to 13 of title 1, C.R.S., and who resides within the boundaries of the proposed or existing school district.
- (8) "New school district" means a school district which has become a new body corporate pursuant to the provisions of this article.
- (9) "Parameters of the study" means the type of organization and the boundaries of the territory to be included in the study and the timeliness with which the committee shall complete the study.
- (10) "Petition committee" means not less than three nor more than five persons who are not members of the same family who shall represent the signors of a petition for the study of school organization in a school district.
- (11) "Plan of organization" means the plan of school organization developed pursuant to this article.
- (12) "Reorganization" means any change in school district organization pursuant to the provisions of this article.
- (13) "School district" means a school district organized and existing pursuant to law; except that "school district" does not include a junior college district.
- (14) "State board" means the state board of education.

**Source:** L. 92: Entire article R&RE, p. 497, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-103 as it existed prior to 1992.

## ANNOTATION

**Use of term “any school district”.** Throughout the entire article whenever the general assembly wishes to apply provisions of the act uniformly to “old” and “new” districts alike, it

uses the term “any school district” wherever such term fits within the context of the provision. *Wheeler v. Rudolph*, 162 Colo. 410, 426 P.2d 762 (1967).

**22-30-104. Conduct of elections.** (1) All elections authorized in this article shall be conducted pursuant to articles 1 to 13 of title 1, C.R.S. For each election, the governing body authorized to call the election shall name a designated election official who shall be responsible for calling and conducting the authorized election.

(2) A governing body may contract with a county clerk and recorder to be the designated election official or for the administration of any of the duties of the designated election official relating to the conduct of a school district election under this article.

(3) Election offenses in any election held pursuant to this article shall be the same as those prescribed in article 13 of title 1, C.R.S.

(4) The procedures for placing an issue or question on the ballot by a petition of school district electors that is pursuant to statute or the state constitution or that a school district board of education may refer to a vote of the electors pursuant to statute or the state constitution shall, to the extent no such procedures are prescribed by statute or the state constitution, follow as nearly as practicable the procedures for municipal initiatives and referred measures under part 1 of article 11 of title 31, C.R.S. The designated election official shall resolve any questions about the applicability of the procedures in part 1 of article 11 of title 31, C.R.S., after consultation with the county clerk of the county in which the school district administrative office is located.

**Source:** **L. 92:** Entire article R&RE, p. 498, § 1, effective June 1. **L. 96:** (4) added, p. 1766, § 56, effective July 1.

**22-30-105. Activation of the school district organization planning process.** (1) The appointment of a school organization planning committee charged to study school district organization shall occur when the commissioner is notified that any of the following conditions exist:

(a) One or more school district boards of education request the appointment of a school organization planning committee. Each school district which would be affected by the actions of such planning committee must submit a separate resolution.

(b) A petition committee, as defined in section 22-30-103 (10), presents a petition to the commissioner and to the county clerk and recorder of each county in which the headquarters of a school district that will be affected by the actions of a planning committee are located requesting the appointment of a school organization planning committee. Such petition shall contain a statement indicating the school districts to be involved. If only one school district is involved, the petition shall be signed by fifteen percent of that school district's eligible electors. If multiple school districts are involved, the petition shall be signed by fifteen percent of the eligible electors in each involved school district; except that, if the petition requests only consideration of detachment and annexation, the petition shall be signed by twenty-five percent of the eligible electors residing in the area to be detached and annexed. If multiple school districts are involved, the petition does not request consideration of a detachment and annexation, and the pupil enrollment of a school district for purposes of the “Public School Finance Act of 1994” is greater than thirty thousand pupils, the petition shall be signed by five percent of the eligible electors in that school district. Such petitions shall be deemed sufficient by the county clerk and recorder in the county of each involved school district. Only one such petition may be presented to the commissioner and the county clerk and recorder in the county of each involved school district in any three consecutive calendar years.

(c) The state board declares a school district is no longer accredited pursuant to the provisions of section 22-11-209. Such declaration shall indicate the school districts to be involved in the organization study.

**Source:** L. 92: Entire article R&RE, p. 498, § 1, effective June 1. L. 96: (1)(b) amended, p. 51, § 1, effective July 1. L. 98: (1)(c) amended, p. 989, § 7, effective July 1. L. 2009: (1)(c) amended, (SB 09-163), ch. 293, p. 1533, § 22, effective May 21.

**Editor's note:** This section is similar to former § 22-30-104 as it existed prior to 1992.

**Cross references:** For the "Public School Finance Act of 1994", see article 54 of this title.

**22-30-106. School organization planning committee.** (1) Upon determination that one or more of the conditions described in section 22-30-105 exist, the commissioner shall notify the boards of education and committees responsible for appointing members of a school organization planning committee as stated in this section and call for the appointment of such a committee. Such a committee shall be appointed and hold its first meeting within thirty days of notification by the commissioner.

(2) The committee shall consist of the following appointed members:

(a) (I) If multiple school districts are involved in the study, two members appointed by the board of education in each school district affected by the study and one member appointed by the school district accountability committee of each school district affected by the study. Such member shall be a parent of a child attending a public school in the affected area; except that, if there are no public schools in the affected area, the member shall reside in the affected area and be a parent of a child attending a public school in one of the affected school districts. If no such parent resides in the affected area, the member shall be a person owning land located in the affected area.

(II) If a single school district is involved in the study, four members appointed by the school district board of education and three members appointed by the school district accountability committee. The members appointed by the school district accountability committee shall be parents of children attending public school in the affected area and members of school accountability committees; except that, if there are no public schools in the affected area, three of the members shall reside in the affected area and shall be parents of children attending public schools in the affected school district. If fewer than three such parents reside in the affected area, the remaining members shall be persons owning land located in the affected area.

(b) If the school organization planning process was activated by a petition, two additional members appointed by the petition committee.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, where the reorganization of a school district arises from the detachment and annexation of a portion of a school district, which portion has five or fewer eligible electors, the school district boards of education of the affected school districts shall serve as the committee.

**Source:** L. 92: Entire article R&RE, p. 499, § 1, effective June 1. L. 96: (2)(a) amended, p. 52, § 2, effective July 1. L. 2002: (2)(a) amended, p. 1019, § 28, effective June 1. L. 2009: (2)(a)(II) amended, (SB 09-163), ch. 293, p. 1533, § 23, effective May 21.

**Editor's note:** This section is similar to former § 22-30-104 as it existed prior to 1992.

#### ANNOTATION

**Annotator's note.** Since § 22-30-106 is similar to § 22-30-104 as it existed prior to the 1992 repeal and reenactment of this article, relevant cases construing that provision have been included in this section.

**Section held constitutional.** This section does not violate the constitution of the state of Colorado as an illegal delegation of legislative power to administrative officers or to individuals. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d

188 (1952); *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**The general assembly has the power to change school districts' boundaries.** Whatever the nature of the change, the boundaries of school districts may be changed at the will of the general assembly. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**This power may be delegated to administrative bodies.** Because few, if any, restrictions

are placed upon the legislative power in school affairs by the constitution, the general assembly has almost unlimited power to abolish, divide or alter school districts, and it has been generally recognized that this broad discretionary power to change the boundaries of school districts may be delegated by the general assembly to administrative bodies to be exercised under certain conditions and in agreement with certain stan-

dards. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**Where a school planning committee conducts an election after public hearings and approval by the state commissioner of education**, it carries out its legislatively assigned duties well within the framework of the statute. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**22-30-107. Duties of the committee.** (1) The committee shall have the following duties:

- (a) To appoint a chair, vice-chair, and secretary;
- (b) To establish parameters of the study;
- (c) To make a careful study of the public school systems within the parameters of the study established by the committee;
- (d) To develop a plan of organization which meets the requirements of section 22-30-114;
- (e) To cooperate with the school district boards of education of the affected school districts, the state board, and the commissioner in arriving at a plan of organization;
- (f) (I) When the proposed plan of organization results in the creation of a new school district, to file with the commissioner and the county clerk and recorder in each county affected by the proposed plan of organization a map and legal description of the new school district, the name of the county in which the new school district shall be headquartered, and the name and number by which the new school district shall be designated;
- (II) When the proposed plan of organization results in the detachment and annexation of territory between existing school districts, to file with the commissioner and the county clerk and recorder in each county affected by the proposed plan of organization a map and legal description of the school districts following the detachment and annexation;
- (g) (I) To call for and make arrangements for elections to vote upon the final approved plan of organization as provided in section 22-30-117;
- (II) If the majority votes in favor of the final approved plan of organization and the final approved plan of organization results in the creation of a new school district, to call for an election to elect a board of education for the new school district as provided in section 22-30-122 and, if necessary, an election to address any financial matters, as provided in section 22-30-121.5; except that the final approved plan of organization and financial matters may be addressed in the same election;
- (h) To assist in the dissemination of information as to the purpose and benefits of the proposed plan of organization and the final approved plan of organization; and
- (i) To make all certifications and perform all other acts specifically required of the committee by this article.

**Source:** L. 92: Entire article R&RE, p. 500, § 1, effective June 1. L. 96: (1)(f) and (1)(g) amended, p. 52, § 3, effective July 1.

**Editor's note:** This section is similar to former § 22-30-104 as it existed prior to 1992.

**22-30-107.5. Duties of affected school districts.** The school district board of education of each school district affected by appointment of a committee shall cooperate with the committee by providing any information requested by the committee to assist in formulating the plan of organization.

**Source:** L. 98: Entire section added, p. 432, § 1, effective August 5.

**22-30-108. Vacancies.** After a committee is formed, in case of a vacancy on the committee by death, resignation, failure to accept membership thereon, or discontinuation of the enrollment of a parent member's child in a school in the affected school district, the

vacancy shall be filled in the same manner as the original appointment. If any member fails to attend two consecutive meetings, after due notice and without being excused by the committee chair, the office of such member shall be declared vacant.

**Source:** L. 92: Entire article R&RE, p. 501, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-106 as it existed prior to 1992.

#### ANNOTATION

**Law reviews.** For article, "One Year Review (decided under repealed § 123-25-6, C.R.S. of Contracts", see 36 Dicta 19 (1959). 1963).

**Applied** in Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968)

**22-30-109. Meetings - notice.** All meetings of the committee shall be open to the public pursuant to the provisions of section 24-6-402, C.R.S., and shall be held only after full and timely public notice. The chair may call special meetings upon notice mailed by the secretary to each member at least five days before such meeting. A meeting of the committee shall be called by the chair on written request of three members of the committee upon notice mailed by the secretary to each member at least five days before such meeting.

**Source:** L. 92: Entire article R&RE, p. 501, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-107 as it existed prior to 1992.

**22-30-110. Names certified to commissioner.** When any committee has been appointed, as provided in section 22-30-106 (2), the secretary thereof shall certify to the commissioner the names and post office addresses of each member of such committee, indicating the persons elected as chair and vice-chair. Any change in the personnel or officers of such committee shall be likewise certified to the commissioner.

**Source:** L. 92: Entire article R&RE, p. 501, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-108 as it existed prior to 1992.

**22-30-111. Compensation - expenses.** Members of the committee shall not receive compensation for service on such committee from state moneys. The affected school districts shall compensate committee members for actual expenses incurred in the performance of their duties under this article. For purposes of this section, "actual expenses" means travel expenses and expenses incurred in purchasing necessary supplies.

**Source:** L. 92: Entire article R&RE, p. 501, § 1, effective June 1. L. 98: Entire section amended, p. 432, § 2, effective August 5.

**Editor's note:** This section is similar to former § 22-30-132 as it existed prior to 1992.

**Cross references:** For reimbursement of transportation costs, see article 51 of this title.

**22-30-112. Department consultants.** The state board is authorized to employ such consultants, assistants, and other personnel, within the limits of appropriations to the department of education for salaries and travel expenses of personnel, as may be necessary to render all reasonable assistance to the various committees in the development and submission of plans of organization. All personnel employed shall work under the direction of the commissioner or a designated assistant commissioner.

**Source: L. 92:** Entire article R&RE, p. 501, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-109 as it existed prior to 1992.

**22-30-113. Duties of the attorney general.** The attorney general shall be the legal counsel and advisor of the state board, the commissioner, and, when requested by the commissioner, any of the committees organized pursuant to the provisions of this article for purposes related to the proper administration of this article.

**Source: L. 92:** Entire article R&RE, p. 501, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-134 as it existed prior to 1992.

**22-30-114. Requirements for plan of organization.** (1) The plan of organization shall include, but shall not be limited to, consideration of the following:

(a) The educational needs of pupils in the affected school districts, including the convenience and welfare of pupils;

(b) The provision of diverse educational opportunities for students;

(c) Equalization of the educational opportunities provided to students in the affected school districts;

(d) Implementation of the actions required by the state board pursuant to section 22-11-209 (3);

(d.5) The reasons for which the school district was unable to improve its performance sufficiently to avoid removal of accreditation pursuant to section 22-11-209;

(e) Facility utilization;

(f) Establishment of boundaries for all existing or new school districts in the plan of organization by legal description;

(g) Equitable adjustment and distribution of all or any part of the properties and cash assets of the school districts whose boundaries may be affected by the creation or dissolution of a school district or by the detachment and annexation of territory. The plan of organization may also provide for equitable adjustment of the liabilities of the school districts, other than bonded indebtedness, at the option of the committee. In considering an equitable adjustment of the assets of such school districts, the committee shall consider the outstanding general liabilities and obligations of the school districts that may be so affected, the number of children attending public school in each such school district, the valuation for assessment of taxable property in each such school district, the amount of outstanding bonded indebtedness of each such school district, the purpose for which such bonded indebtedness was incurred, and the value, location, and disposition of all real properties located in the school districts that may be affected by the creation or dissolution of a school district or the detachment and annexation of territory. In considering an equitable adjustment of the assets of such school districts, the plan of organization may provide for authorization of new bonded indebtedness or assumption of outstanding bonded indebtedness by any school district in such proportions and for such purposes as the committee deems appropriate to equitably adjust and distribute such assets.

(h) Provision of a specific plan of representation for the members of the board of education of any proposed new school district. Each proposed new school district may be subdivided into five or seven director school districts or may have all directors elected at large or may have a combination thereof. The term of office of school directors in each proposed new school district shall be for four years.

(i) Dates for one or more special school district elections to address the following:

(I) Adoption of the final approved plan of organization;

(II) Election of a board of directors if the plan of organization results in the creation of a new school district; except that such plan shall not interfere with the regular biennial election schedule; and

(III) Financial issues, if necessary, including but not limited to an increase in the mill levy, which election shall be held in accordance with the requirements of section 20 of article X of the state constitution;

(j) If the plan of organization results in the creation of a new school district, the estimated maximum increase in the mill levy to be imposed on property included within the new district considering the factors enumerated in section 22-54-106 (2) (c). If the plan of organization results in the detachment and annexation of territory between existing school districts, the plan of organization shall include the mill levy of the annexing district that will be imposed on the affected territory.

(k) If the plan of organization results in the creation of a new school district, a source of operating funds to be used by the new school district prior to receiving the state share of the total district program, pursuant to the "Public School Finance Act of 1994", article 54 of this title, on July 1 of the new school district's first budget year.

(1.5) The plan of organization shall provide that all school districts affected by the plan of organization shall provide a full twelve-grade education within the boundaries of each affected school district.

(2) If the plan of organization results in the dissolution of a school district which has outstanding bonded indebtedness obligations or liabilities, the plan of organization shall designate a new school district, which includes at least a portion of the dissolved school district, as a successor for the purpose of administering payment of the bonded indebtedness obligations of the dissolved school district, and the board of education of the new school district so designated shall have all the powers, rights, duties, and responsibilities of the board of education of the dissolved school district for administering payment of the outstanding bonded indebtedness obligations and liabilities of the dissolved school district. All revenues which accrue from the tax levies to satisfy said obligations and liabilities, and all interest which may accrue thereto as a result of investments authorized by law, shall be held in trust by the board of education of the new school district so designated for the purpose only of satisfying said bonded indebtedness obligations and liabilities of the dissolved school district.

(3) If the reorganization results in the creation of one or more additional school districts within the boundaries of an existing school district, the plan of organization may include:

(a) Authorization for the existing school district and the new school district or districts to enter into a revenue sharing agreement. The plan of organization shall specify the period of time during which revenue sharing may occur.

(b) Provisions for creation of a joint taxation district as provided in part 2 of this article.

(4) If the plan of organization results in creation of one or more new school districts or alterations of the boundaries of existing school districts, the plan shall ensure that the school district boundaries are not set in such a way as to create any portion of a school district that is not contiguous to the remainder of the school district.

**Source:** L. 92: Entire article R&RE, p. 502, § 1, effective June 1. L. 94: (1)(g) amended, p. 1277, § 1, effective May 22. L. 96: (1) amended and (3) added, p. 53, § 4, effective July 1. L. 97: (1.5) added, p. 77, § 1, effective March 24. L. 98: (1)(d) amended and (1)(d.5) added, p. 989, § 8, effective July 1; (4) added, p. 432, § 3, effective August 5. L. 2009: (1)(d) and (1)(d.5) amended, (SB 09-163), ch. 293, p. 1534, § 24, effective May 21.

**Editor's note:** This section is similar to former § 22-30-113 as it existed prior to 1992.

## ANNOTATION

- I. General Consideration.
- II. Distribution of Assets.
- III. Director Districts.

**I. GENERAL CONSIDERATION.**

**Annotator's note.** Since § 22-30-114 is similar to § 22-30-113 as it existed prior to the 1992 repeal and reenactment of this article, relevant cases construing that provision have been included in the annotations to this section.

**II. DISTRIBUTION OF ASSETS.**

The term "cash assets", as used in this section, does not mean the same thing as "cash on hand". *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

An item, to be considered as a cash asset for the purpose of reorganization of public school districts in the state, should be something which has a definite and certain present value, equivalent to cash, and the only items which have heretofore been allowed as cash assets, other than cash or marketable securities, are taxes assessed and uncollected, and interest thereon, and these last items were allowed on the theory that the county, having a lien on the property assessed, is assured of their collection. *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

In law and in the broadest sense, "property" means "thing owned", and is, therefore, applicable to whatever is the subject of legal ownership. It is divisible into different species of property, including physical things, such as lands, goods, money; and intangible things, such as franchises, patent rights, copyrights, trademarks, trade-names, business good will, rights of action, etc. In short, it embraces anything and everything which may belong to a man and in the ownership of which he has a right to be protected by law. *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

"Properties and cash assets" include uncollected tax revenue. The terms "cash assets" and "property", as used in this section, are sufficiently broad to authorize redistribution of all assets of reorganized districts, including uncollected tax revenue. *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

It is inconceivable that the general assembly intended otherwise. The general assembly has created a comprehensive plan for the reorganization of public school districts in the state, and it is inconceivable that it would authorize

the creation of such a plan, and, at the same time, fail to provide that the assets of the old districts could be distributed to the new ones. *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

The provisions in a reorganization plan for the distribution of the "properties and cash assets", having been phrased in the terminology of this section, provide a comprehensive scheme for the distribution of all assets of the district, including the uncollected tax revenues. *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

**III. DIRECTOR DISTRICTS.**

The legislative intent is that each district have one of its own residents as a director. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

There should be substantial equality of population between districts. It would seem to follow that the manifest legislative intent that each district elect one of its own residents as director requires substantial equality of population between the director districts so that no one director district has a disproportionate representation on the school board. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

Where there is an unjustified disparity between the population of the districts and thirty-one percent of the population can control a majority of the board, the legislative intent is obviously frustrated and that part of the plan is illegal and void. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

In § 22-11-110 the general assembly expressly contemplated changes in director district boundaries to correct disparities of population. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

Disparity does not nullify the entire reorganization scheme. The creation of the director districts' boundaries within the district constitutes but a minor element within a broad scheme to improve education within the reorganized school district and nullification of the invalid apportionment does not eviscerate the entire scheme, and the reorganized school district can continue to function subject only to a correction of the imbalance noted. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

A candidate residing in and nominated from a subdistrict, but elected by votes of electors of the entire district, is properly elected. *Berni v. Cook*, 153 Colo. 444, 386 P.2d 588 (1963).

**22-30-115. Hearing on a plan of organization.** (1) When a plan of organization has been tentatively agreed upon by the committee, the proposed plan of organization with the attached map and legal description of the proposed boundaries of each school district affected by the proposed plan of organization shall be filed with the commissioner and each affected board of education.

(2) (a) Within fifteen days after the filing of the proposed plan of organization, the committee shall give notice of the filing of such plan of organization, map, and legal description by publication of said fact in a newspaper of general circulation in each area affected by the proposed plan of organization and by causing to be posted a copy of said notice upon each public school building in which school was held during any part of the preceding twelve months and that is located within the boundaries of any area affected by the plan of organization. If there is no newspaper of general circulation in the communities affected by the proposed plan of organization, posting of public notice as provided in this subsection (2) shall be sufficient. Such public notice shall give the time and place of any meeting to be held within thirty days by the committee for hearings on such proposed plan of organization. The committee shall hold a sufficient number of hearings to enable the residents of the affected area to receive adequate information and details of the plan of organization being considered. Any interested person may appear at such hearings and make comments on the proposed plan of organization.

(b) Notwithstanding the provisions concerning the posting of notice in public schools in paragraph (a) of this subsection (2), if there are no public schools within the boundaries of an area proposed to be detached and either annexed or organized into a new school district, public notice of the meeting shall be posted in at least three public buildings located in such area. If there are fewer than three public buildings located in such area, notice shall be mailed to each household in such area in which one or more eligible electors reside.

**Editor's note:** This section is similar to former § 22-30-115 as it existed prior to 1992.

#### ANNOTATION

**Annotator's note.** Since § 22-30-115 is similar to repealed § 123-25-15, C.R.S. 1963, a relevant case construing that provision has been included in the annotations to this section.

**Planning committee may modify its plan subsequent to hearings.** The act does not prohibit a planning committee's modification of its plan subsequent to the public hearings. Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968).

**The purpose of the hearing** is so that the committee can be informed of changes in the

reorganization plan deemed necessary or desirable by persons directly affected. Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968).

**Disclosure to the electorate of a committee's changes is assured** by means other than hearings, namely the "meetings to explain" called for by § 22-30-119. Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968).

**22-30-116. Approval of the plan and submission to the commissioner.** After the public hearings required under section 22-30-115, the committee may make such changes in the proposed plan of organization as it deems appropriate. The committee shall formally approve the proposed plan of organization within sixty days after the last such public hearing. Within ten days after such approval, the committee shall forward to the commissioner a copy of the approved proposed plan of organization, with a map showing the proposed boundaries of each school district affected by the proposed plan of organization. The commissioner shall either approve the proposed plan of organization as submitted by the committee or return the proposed plan of organization to the committee with suggested modifications or amendments. The commissioner and the committee shall work together to develop a plan of organization that is mutually acceptable to both parties.

**Source:** **L. 92:** Entire article R&RE, p. 504, § 1, effective June 1. **L. 96:** Entire section amended, p. 55, § 6, effective July 1.

**Editor's note:** This section is similar to former § 22-30-116 as it existed prior to 1992.

#### ANNOTATION

**For previously required notice and hearings,** Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968) (decided under repealed § 123-25-16, C.R.S. 1963).

**22-30-117. Special school district organization election scheduled.** (1) The plan of organization shall be approved by the commissioner and the committee within one hundred twenty days following the last public hearing held pursuant to section 22-30-115 and shall be designated as the final approved plan of organization. At that time, the committee shall call for and establish the date of a special school district organization election wherein the eligible electors in each school district affected by the final approved plan of organization shall vote upon the adoption or rejection of the final approved plan of organization. The committee shall name a designated election official who shall be responsible for conducting the election. Such election shall be held on the date specified in the final approved plan of organization. The expense of the election shall be apportioned among the affected school districts based on population according to the most recent federal decennial census.

(2) If the estimated maximum increase in the mill levy for a new district or the mill levy to be imposed on annexed territory, as set forth in the plan of organization, represents an increase in the levy imposed on any property affected by the plan of organization, the question of the increase in the mill levy to be imposed upon the affected territory shall be submitted to the eligible electors residing in the affected territory prior to or at the special school district organization election as the final approved plan of organization. Approval of the increased levy by a majority of the eligible electors voting on the question who reside in the affected territory shall be a prerequisite to the implementation of the plan of organization.

#### ANNOTATION

**Where the committee's reorganization plan devoted 12 paragraphs to the assessment of factors listed in § 22-30-111,** in which such considerations as educational needs, tax equalization, indebtedness, and transportation of school children are set forth at length, the trial court properly found substantial compliance

with the requirements of this section. Sch. Dist. No. 1 v. Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968) (decided under repealed § 123-25-12, C.R.S. 1963).

**Applied** in Hawkins v. Cline, 161 Colo. 141, 420 P.2d 400 (1966) (decided under repealed § 123-25-18, CRS 53, as amended).

**22-30-118. Meeting to explain final approved plan.** Prior to the special school district organization election, the committee shall meet with the eligible electors of each area affected by the final approved plan of organization in a convenient place within each area to explain the final approved plan of organization. The committee shall arrange for such meeting and shall give public notice thereof as required in section 22-30-115 (2) and in such other manner as may be deemed appropriate by the committee.

**Source:** **L. 92:** Entire article R&RE, p. 504, § 1, effective June 1. **L. 96:** Entire section amended, p. 66, § 25, effective July 1.

**Editor's note:** This section is similar to former § 22-30-119 as it existed prior to 1992.

## ANNOTATION

**Disclosure to the electorate of a committee's changes in its reorganization plan is assured** by means other than hearings, namely the "meetings to explain". Sch. Dist. No. 1 v.

Sch. Planning Comm., 164 Colo. 541, 437 P.2d 787 (1968) (decided under repealed § 123-25-19, C.R.S. 1963).

**22-30-119. Certificate of return - map.** (1) After the county clerk and recorder in each county in which the special school district organization election is held has surveyed the returns of such election, a certificate of return shall be retained on file in each office of the county clerk and recorder.

(2) If the majority vote in each affected school district is in favor of the final approved plan of organization and any increase in the mill levy to be imposed on territory affected by the plan of organization is approved by the eligible electors residing within the affected territory, the plan of organization shall be deemed adopted. If the plan of organization is adopted and it results in creation of a new school district, the county clerk and recorder in each county in which the special school district organization election was held shall furnish to the commissioner a map and legal description of the new school district with the name and number by which the same shall be designated. If the plan of organization is adopted and it results in the detachment and annexation of territory between existing school districts, the county clerk and recorder in each county in which the special school district organization election was held shall furnish to the commissioner a map and legal description of the affected school districts following detachment and annexation of the territory.

**Source: L. 92:** Entire article R&RE, p. 504, § 1, effective June 1. **L. 96:** Entire section amended, p. 56, § 8, effective July 1.

**Editor's note:** This section is similar to former § 22-30-123 as it existed prior to 1992.

**22-30-120. New school district - powers.** (1) Where the final approved plan of organization results in the creation of a new school district, if a majority of the votes cast in each affected school district in the special school district organization election are in favor of the final approved plan of organization and a majority of the eligible electors residing in the new school district voting on the question approve the estimated maximum increase in the mill levy, if any, to be imposed within the new district, then on the date specified in the final approved plan of organization, but in no event prior to the certification of the special school district organization election, the new school district shall become a body corporate and as such shall organize under the name and number stated in the final approved plan of organization and in such name may take, hold, and convey property, both real and personal, and be a party to suits and contracts.

(2) If the final approved plan of organization results in the detachment and annexation of territory between existing school districts and a majority of the votes cast in each affected school district in the special school district organization election are in favor of the final approved plan of organization and the eligible electors residing within the affected territory approve the imposition of the mill levy imposed in the annexing school district, if greater than that imposed in the detaching school district, the detachment and annexation shall be effective for all purposes on the date specified in the plan of organization but in no event prior to the certification of the special school district organization election. The detaching school district and the annexing school district shall continue as bodies corporate in the same manner as prior to the detachment and annexation.

**Source: L. 92:** Entire article R&RE, p. 505, § 1, effective June 1. **L. 96:** Entire section amended, p. 57, § 9, effective July 1.

**Editor's note:** This section is similar to former § 22-30-124 as it existed prior to 1992.

## ANNOTATION

**Annotator's note.** Since § 22-30-120 is similar to § 22-30-124 as it existed prior to the 1992 repeal and reenactment of this article and repealed § 123-25-24, CRS 53, relevant cases construing those provisions have been included in the annotations to this section.

**School board has power to enter into long-term leases.** This section and § 31-12-501 make it clear that the school board has the power "to enter into long term rental or leasehold agreements" which should not exceed thirty years in duration. Bd. of Dirs. of Summit Sch. Dist. No. RE-1 v. Jeffrey, 149 Colo. 579, 370 P.2d 447 (1962).

**This section establishes school districts as quasi-municipal corporations** with the same powers as municipal corporations. Bd. of Dirs. of Summit Sch. Dist. No. RE-1 v. Jeffrey, 149 Colo. 579, 370 P.2d 447 (1962).

**Leases with the federal government.** This section empowers the school board to enter into

a long term lease with the federal government relating to use of land for school facilities, containing ample protection for district investment in event of cancellation. Bd. of Dirs. of Summit Sch. Dist. No. RE-1 v. Jeffrey, 149 Colo. 579, 370 P.2d 447 (1962).

**An old district has no authority by statute or implication to enter into a contract for another district** and thereby infringe upon the powers and duties of such other district or impose claims upon its assets. Achenbach v. Sch. Dist. No. RE-2, 176 Colo. 437, 491 P.2d 57 (1971).

**Therefore, an old district's authority to enter into employment agreements is limited to the "lame duck" period of time concluding at the end of the current school year.** Achenbach v. Sch. Dist. No. RE-2, 176 Colo. 437, 491 P.2d 57 (1971).

**22-30-120.5. Effective date for purposes of school finance.** Notwithstanding the provisions of section 22-30-120, for purposes of determining funding under the "Public School Finance Act of 1994", article 54 of this title, any plan of organization approved at a special school district organization election shall take effect on the next July 1 following certification of the election results.

**Source: L. 96:** Entire section added, p. 57, § 10, effective July 1.

**22-30-121. Rejection of final approved plan.** (1) The plan of organization shall be deemed rejected if:

(a) The majority vote in any affected school district at the special school district organization election is not in favor of the final approved plan of organization; or

(b) A majority of the eligible electors who reside in territory that would be subject to an increase in the mill levy, if required by the final approved plan of organization, does not approve the mill levy increase.

(2) (a) If the final approved plan of organization involves fewer than three existing school districts and the final approved plan of organization is rejected, the committee shall be dissolved.

(b) If the final approved plan of organization involves three or more existing school districts and the final approved plan of organization is approved in at least two of the affected school districts, the members of the planning committee who were appointed from the approving school districts may continue as a planning committee and prepare and submit a new plan of organization involving only those school districts in which the plan of organization was approved.

**Source: L. 92:** Entire article R&RE, p. 505, § 1, effective June 1. **L. 96:** Entire section amended, p. 58, § 11, effective July 1.

**Editor's note:** This section is similar to former § 22-30-125 as it existed prior to 1992.

**22-30-121.5. New school district - election concerning financial matters.** When there is a reorganization under the provisions of this article and the final approved plan of organization requires an election concerning financial matters, the chair of the committee shall call for a special election concerning financial matters in the new or annexing school

district. The special election shall be held on the date specified in the final approved plan of organization and may be held in conjunction with the election on the approved plan of organization. If a mill levy increase is required under the final approved plan of organization for any territory affected by the final approved plan of organization, approval of such a mill levy increase by the eligible electors residing in such territory is a prerequisite to adoption of the final approved plan of organization.

**Source: L. 96:** Entire section added, p. 58, § 12, effective July 1.

**22-30-122. Election of school directors in new school districts.** (1) When a new school district is formed under the provisions of this part 1, the chair of the committee shall call for a special election in such new school district for the selection of a board of education for the school district, to be held on the day specified in the final approved plan of organization. At such election, five or seven school directors, the number having been established in the final approved plan of organization pursuant to the provisions of section 22-30-114 (1) (h), shall be elected for four-year terms as follows:

(a) When five school directors are to be elected at such election, two school directors shall be elected to serve until the next regular biennial school election and three school directors shall be elected to serve until the second regular biennial school election. As the term of office of each school director expires, a successor shall be elected for a four-year term of office.

(b) When seven directors are to be elected at such election, three school directors shall be elected to serve until the next regular biennial school election and four school directors shall be elected to serve until the second regular biennial school election. As the term of office of each school director expires, a successor shall be elected for a four-year term of office.

(c) The election of new school directors pursuant to this section shall be held in accordance with the "Colorado Election Code of 1980", referred to after January 1, 1993, as the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S., except as otherwise provided in this article.

(2) Within ten days after the first election of members of the board of education, the members so elected for such new school district shall meet and shall elect officers as provided by law and thereupon enter upon and perform all the duties and exercise all the powers of a board of education. Such officers shall be selected to serve until the next regular biennial school election.

(3) When the members of the board of education of the new school district assume their duties as provided in this article, the board of education of any school district situated wholly within said new school district shall cease to function, and the terms of office of the members thereof shall thereupon automatically expire.

(4) Any person desiring to be a candidate for the office of director of a new school district formed under the provisions of this article shall be an eligible elector of the school district and, if directors in such new school district are elected under a director district plan of representation, a resident of the director district which the candidate seeks to represent. Each such candidate shall be nominated in the manner otherwise provided by law for school directors.

**Source: L. 92:** Entire article R&RE, p. 505, § 1, effective June 1. **L. 96:** IP(1) amended, p. 59, § 13, effective July 1.

**Editor's note:** This section is similar to former § 22-30-126 as it existed prior to 1992.

#### ANNOTATION

**A candidate residing in and nominated from a subdistrict, but elected by votes of electors of the entire district,** is properly

elected. *Berni v. Cook*, 153 Colo. 444, 386 P.2d 588 (1963) (decided under repealed § 123-25-27, CRS 53, as amended, 1960.)

**22-30-123. Status of old school district - assets.** (1) When a portion of the territory of a school district is included within a new school district organized under the provisions of this article, such portion of the territory of the old school district shall be detached by operation of law when the new school district becomes a body corporate, and it shall become territory of the new school district. When all of the territory of an old school district is included within a new school district or school districts, if the eligible electors of more than one proposed new school district simultaneously adopt the plans of organization, the corporate status of the old school district or school districts shall be dissolved by operation of law when said new school district becomes a body corporate.

(2) Unless otherwise provided in the plan of organization, when a new school district formed under this article embraces all of the territory of an old school district, all of the assets of the old school district, including all personal and real property, except moneys then on hand or to be received from previously made tax levies for the satisfaction of bonded indebtedness, shall become the property of the new school district. The board of education of the successor new school district as designated in the plan of organization shall have all rights, powers, and duties for administering payment of said outstanding bonded indebtedness obligations in accordance with section 22-30-114 (2).

(3) Unless otherwise provided in the plan of organization, when only a portion of the territory of a school district is included within a new school district organized under the provisions of this article, or when all of the territory of an old school district is included in more than one new school district organized simultaneously, all of the assets of the old school district shall be apportioned between the old school district and the new school district, or between the two or more new school districts, if applicable, in the manner prescribed in subsection (4) of this section. If the corporate status of the old school district is not dissolved as a result of the organization of the new school district, the board of education of the old school district shall continue to perform duties and exercise powers delegated concerning the administering of the payment of its previously incurred bonded indebtedness, even though such territory is detached, except insofar as a new school district has voted to assume a proportionate share of said bonded indebtedness in the manner authorized by law. If the corporate status of the old school district is dissolved as a result of it having been wholly included within a new school district or school districts as specified in subsection (1) of this section, the board of education of the new school district shall perform the duties and exercise the powers delegated for administering payment of such bonded indebtedness with due regard to any proportionate share thereof which may have been assumed by a new school district in the manner authorized by law.

(4) Unless otherwise provided in the plan of organization, when the conditions prescribed in subsection (3) of this section occur, all of the assets of the old school district, including all personal and real properties except moneys then on hand or to be received from previously made tax levies for the satisfaction of bonded indebtedness, shall be apportioned between the old school district and the new school district or school districts or between the two or more new school districts, if applicable, as follows:

(a) All real property shall remain or become the property of the old school district or new school district in which located.

(b) All personal property, except cash assets, but including moneys then on hand or to be received from previously made tax levies for the satisfaction of bonded indebtedness, shall remain or become the property of the old school district or new school district in which located.

(c) All cash assets, except moneys then on hand or to be received from previously made tax levies for the satisfaction of bonded indebtedness, shall be apportioned between the old school district and the new school district or between the two or more new school districts, if applicable, on the basis of the most recent annual report of school enrollment of each such old school district. The apportionment of moneys under this paragraph (c) shall be made by the county treasurer, under the direction of the commissioner and in accordance with the provisions of the plan of organization, monthly as the moneys become available. If there are any unpaid school district taxes on the date upon which the new school district becomes a body corporate other than taxes levied for the satisfaction of bonded indebtedness, the county treasurer, under the direction of the commissioner and in accordance with the

provisions of the plan of organization, shall apportion the revenues from such unpaid taxes monthly, when such revenues accrue after the new school district has become a body corporate, between the old school district and the new school district or school districts, or between the two or more new school districts, if applicable, in accordance with the location of the property from which such tax revenues shall accrue.

(5) (a) In the event only one new school district embraces all of the territory of an old school district, the new school district shall assume all of the outstanding obligations and liabilities of the dissolved school district, except those for previously incurred bonded indebtedness; but bonded indebtedness incurred by the former school district may be assumed by the new school district as provided in section 22-30-125.

(b) When the old school district remains in existence, even though a portion of the territory has been incorporated within a new school district, previously incurred bonded indebtedness of such old school district shall be paid as provided in sections 22-30-124 and 22-42-122; and, except when the plan of organization provides otherwise, the school district from which the territory was removed shall remain liable for all other previously incurred liabilities and obligations.

(c) Unless otherwise provided in the plan of organization, when two or more new school districts organized simultaneously shall include all of the territory of an old school district, each new school district shall be jointly and severally liable for all of the outstanding liabilities and obligations of the dissolved school district, except those outstanding obligations and liabilities previously incurred for bonded indebtedness; but a proportionate share of the previously incurred bonded indebtedness may be assumed as provided in section 22-30-125.

(6) If, upon the effective date of the organization of a new school district, as specified in section 22-30-120, a school district included in a plan of organization has a warrant indebtedness or outstanding liability, other than bonded indebtedness, in excess of the equivalent of one-half mill on its valuation for assessment, then the board of education of any successor school district is authorized to levy a special tax, not to exceed one mill, against the taxable property of the old school district, the revenue from which shall be applied to the retirement of the warrant indebtedness or outstanding liabilities of such school district. When they are retired, the levy shall be discontinued. The procedures to be followed under the provisions of this subsection (6) shall be the same as provided in this title for the retirement of bonded indebtedness.

**Source:** L. 92: Entire article R&RE, p. 506, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-127 as it existed prior to 1992.

#### ANNOTATION

**Annotator's note.** Since § 22-30-123 is similar to § 22-30-127 as it existed prior to the 1992 repeal and reenactment of this article and to repealed § 123-25-28, CRS 53, as amended, and CSA, C. 146, § 66, relevant cases construing those provisions have been included in the annotations to this section.

**This section establishes procedures for the disposition of assets of reorganized districts where the reorganization plan does not otherwise provide for their distribution.** *Las Animas County High Sch. Dist. v. Raye*, 144 Colo. 367, 356 P.2d 237 (1960).

**Where land had come under the ownership of an old school district through adverse possession, it becomes an asset of a new district upon reorganization.** *Oveson v. Sch. Dist. No. 9R*, 161 Colo. 467, 423 P.2d 18 (1967).

**An individual taxpayer has no property interest in assets devoted to school purposes.** *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**Nor do district directors.** School district directors have no property interest as such in school property; rather, the property is the district's. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**Transfer of district property to new district does not invade constitutional rights.** The argument that by the transfer of property from an old school district to a new one the constitutional rights of the school directors or individual taxpayers of the old district have been invaded is not sound. *Hazlet v. Gaunt*, 126 Colo. 385, 250 P.2d 188 (1952).

**An old district's authority to enter into employment agreements for operation of its schools is limited** to the "lame duck" period of time concluding at the end of the current school year. *Achenbach v. Sch. Dist. No. RE-2*, 176 Colo. 437, 491 P.2d 57 (1971).

**An organization election is presumed valid.** Although the joint district's election returns, as certified to the committee, are silent as to whether the joint district's board of education

complied in every detail with the statutory election procedures, that election carries a presumption of validity. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**The burden of proof is on one who challenges** an organization election to show by competent evidence noncompliance with the mandatory statutory procedures. *Sch. Dist. No. 1 v. Sch. Planning Comm.*, 164 Colo. 541, 437 P.2d 787 (1968).

**22-30-124. Existing bonded indebtedness.** (1) The bonded indebtedness of any school district outstanding at the time of inclusion of all or any part of such school district's territory in a new school district organized under this part 1, or in an existing school district as part of a detachment and annexation under this part 1, shall be paid in the following manner:

(a) All of said bonded indebtedness of such old school district shall be paid by the old school district that issued and owes the same by a special tax levied from time to time as may be necessary by the board of education of the new school district or the annexing school district, which special tax shall be levied upon the same taxable property that would have been levied upon to pay said indebtedness of said old school district if no reorganization had occurred, except as is provided in this article to the contrary.

(b) If the assumption of all of said bonded indebtedness by one new school district or an annexing school district has been approved as provided in section 22-30-125, such bonded indebtedness shall be paid in the manner provided by law for the paying of any bonded indebtedness that the new school district contracts pursuant to section 22-30-127 or that the annexing school district contracts pursuant to article 42 of this title.

(c) If the assumption of only a portion of said bonded indebtedness, as provided in the plan of organization, has been approved by any new or annexing school district, as provided in section 22-30-125, such portion of the bonded indebtedness shall be paid by a tax levied from time to time on all the taxable property located within the new or annexing school district.

(2) Whenever two or more old school districts, or portions of such school districts, have been reorganized and included within a new school district and whenever an old school district has been dissolved and included in any other school district or school districts, under the provisions of this article, and at the time of such reorganization or dissolution and inclusion one or more of said old school districts has outstanding bonded indebtedness, which indebtedness has not been assumed by said new school district pursuant to section 22-30-125, the following duties and responsibilities shall be performed by the following officers:

(a) The board of education of such new school district shall certify to the board of county commissioners under separate headings the following: The numbers of all old school districts which had any bonded indebtedness outstanding at the time said old school districts were reorganized and united into such new school district; the legal description of the property of such old school districts, which property is liable for payment of all or a portion of the outstanding bonded indebtedness of such school districts; the amount of such indebtedness which is outstanding; and the amount required for the ensuing calendar year to meet the interest and principal falling due therein.

(b) The board of county commissioners shall levy, segregated under separate headings for the said old school districts and for the whole of said new school district, the several amounts properly applicable thereto for taxes at the same time that other taxes are levied and at such rates, as to each such old school district and as to the whole of said new school district, for the payment of the moneys required for said amounts of either principal or interest, or both, and for the other funds needed by said new school district, certified by the board of education as will produce the several amounts so certified.

(c) The amounts of said taxes which shall be levied on the several portions of said new school district and on the entire new school district shall be placed in separate columns in the tax book, which columns shall be headed "special school tax" and shall be subdivided

into separate columns designated by the numbers of the old school districts by which said bonded indebtedness was issued, showing what portion of said special tax is for the purposes of the entire new school district and what portion is for interest or principal of bonded indebtedness of old school districts, to which indebtedness said old school districts were subject at the time of reorganization or dissolution, and inclusion of such old school districts in the new school district.

(d) The county assessor and the county treasurer shall so arrange their tax schedules and books as to conform to the provisions of this section and with column headings respectively for the entire new school district subdivided into columns designated by parentheses, with the number of the old school district by which such bonded indebtedness was created and which indebtedness is undischarged, and showing, as to each property listed, the amount of tax properly levied on such property on account of such bonded indebtedness existing against said property as a portion of the old school district reorganized or dissolved, and included within the new school district at the time of said levy.

**Editor's note:** This section is similar to former § 22-30-128 as it existed prior to 1992.

**22-30-125. Election on assuming the existing bonded indebtedness.** (1) The committee may submit the issue of assuming the bonded indebtedness of any school district, or of any portion thereof, existing at the time of inclusion in the proposed new school district or proposed to be included in a detachment and annexation to the eligible electors of such new or annexing school district. If the committee so decides, the question shall be submitted at the special school district organization election.

(2) (a) The election shall be held pursuant to the provisions of section 22-30-104. The outstanding bonded indebtedness incurred by more than one school district, or the proportionate shares thereof, may be assumed simultaneously by a new school district under the provisions of this section through the submission of a single ballot, but voting on separate amounts or alternative voting on one ballot shall be prohibited.

(b) If one or more whole school districts have been included in a new school district, the ballot shall contain a statement of the amount or amounts of outstanding bonded indebtedness proposed to be assumed by the new school district.

(c) If only a portion of the territory of an old school district has been included in a new school district, the ballot shall contain a statement of the proportionate share of the outstanding bonded indebtedness incurred by said old school district to be assumed by the new school district as set forth in the plan of organization.

(d) If printed ballots are used, the ballot shall be printed or typewritten and shall contain the words "official ballot", below which shall be set forth the amount of outstanding bonded indebtedness to be assumed, or that a proportional share of such amount is proposed to be assumed, as the case may be, by the new or annexing school district, the name and number of each old school district that incurred said bonded indebtedness, and, if the ballot contains more than one amount to be assumed, the total of such amounts.

(3) If a majority of the eligible electors voting on the proposed question vote for the assumption of the bonded indebtedness, the public officials shall perform the duties set forth in sections 22-42-117 to 22-42-121 that are necessary to assure that the assumed bonded indebtedness is paid in the manner provided by law for the paying of any bonded indebtedness that the new or annexing school district contracts.

**Source:** **L. 92:** Entire article R&RE, p. 511, § 1, effective June 1. **L. 94:** (2)(c) amended, p. 1278, § 3, effective May 22. **L. 96:** (1), (2)(d), and (3) amended, p. 59, § 15, effective July 1.

**Editor's note:** This section is similar to former § 22-30-137 as it existed prior to 1992.

## ANNOTATION

**For previous submission of issue by board of education,** see *Hawkins v. Cline*, 161 Colo. 141, 420 P.2d 400 (1966) (decided under repealed § 123-25-44, C.R.S. 1963).

**22-30-125.5. Authorization of new bonded indebtedness or assumption of existing bonded indebtedness.** No new bonded indebtedness shall be authorized and no existing bonded indebtedness shall be assumed unless approved by a majority of votes cast by the eligible electors of the school district that will issue or assume such bonded indebtedness at the same election at which the plan of organization is approved or at a subsequent election.

**Source: L. 94:** Entire section added, p. 1278, § 4, effective May 22.

**22-30-126. Limit of bonded indebtedness - new school district.** (1) Any new school district organized under this article shall have a limit of bonded indebtedness of the greater of the following:

(a) Twenty percent of the latest valuation for assessment of the taxable property in such school district, as certified by the county assessor to the board of county commissioners; or

(b) Six percent of the most recent determination of the actual value of the taxable property in the school district, as certified by the county assessor to the board of county commissioners.

(2) The indebtedness of the old school districts or parts of school districts constituting the new school districts shall not be considered in fixing the limit of bonded indebtedness; but, if any new school district shall assume the bonded indebtedness of any school district or school districts, or a proportionate share thereof, existing at the time of inclusion in the new school district, pursuant to the provisions of section 22-30-125, such bonded indebtedness shall be included in the limitation.

**Source: L. 92:** Entire article R&RE, p. 513, § 1, effective June 1. **L. 96:** Entire section amended, p. 60, § 16, effective July 1.

**Editor's note:** This section is similar to former § 22-30-129 as it existed prior to 1992.

**22-30-127. New school district - bonded indebtedness.** (1) Any new school district organized under the provisions of this article has the power and authority to contract bonded indebtedness in the same manner and under the same procedure for the issuance of bonds as is provided by law for the issuance of such bonds by other school districts.

(2) Any new school district has the power to issue refunding bonds for the purpose of refunding outstanding indebtedness of said new school district in the same manner and procedure as is provided by law for the issuance of such bonds by other school districts.

(3) Any new school district has the power to issue refunding bonds for the purpose of refunding outstanding indebtedness of old school districts, which old school districts have been reorganized or dissolved, and included within said new school district and which indebtedness has been assumed by said new school district pursuant to section 22-30-125. Such refunding bonds shall be issued in the same manner as if the indebtedness being refunded were indebtedness originally contracted by the new school district under the provisions of this article.

(4) Any new school district has the power to issue refunding bonds for the purpose of refunding outstanding bonded indebtedness of old school districts, which old school districts have been reorganized or dissolved, and included within said new school district, and which indebtedness has not been assumed by the new school district, in the same manner as if the indebtedness being refunded were indebtedness originally contracted by the new school district under the provisions of this article, except for the following particulars:

(a) Said bonds shall be designated as refunding bonds of the old school district which contracted the original indebtedness in the first instance. The refunding bonds shall be payable from the same funds which are to be derived from the same source as would have been used to pay the original bonds of the old school district if no refunding thereof had ever occurred.

(b) The covenants and agreements in and relating to such refunding bonds shall be made and entered into by the new school district as successor to the old school district, and all necessary actions shall be taken by the board of education of the new school district as successor to the board of education of the old school district.

(5) Whenever any old school district has been reorganized and parts thereof included within two or more new school districts, and whenever an old school district has been dissolved and parts thereof included in two or more other school districts, under the provisions of this article, and said old school district has outstanding bonded indebtedness, the refunding of such outstanding indebtedness of said former school district shall require affirmative action by a majority of the members of the boards of education of each new school district within which any part of the lands formerly included within said old school district are now included, except as is provided in this article to the contrary.

(6) Any school district from which land has been detached and included within any other school district, by reorganization or any other lawful means, and which school district has retained its lawful corporate existence subsequent to the detachment of such land from said school district shall be specifically exempted from the requirements and provisions of subsection (5) of this section, and the board of education of said school district from which land has been detached may refund its bonds to which such detached land is subject with or without concurrence or action by the board of education of the school district within which said detached land is then included.

**Source: L. 92:** Entire article R&RE, p. 513, § 1, effective June 1.

**Editor's note:** This section is similar to former § 22-30-130 as it existed prior to 1992.

**22-30-128. Detachment and annexation of territory - exemptions from school district organization planning process.** (1) Notwithstanding the provisions of this article, where territory in a school district has been erroneously included on the property tax rolls of an adjoining school district for at least one year and the error was unintentional, said territory may be detached and annexed to said adjoining school district as provided in this subsection (1) and subsections (2) to (6) of this section, without complying with the school district organization planning process as specified in this article.

(2) (a) The boards of education of the detaching and annexing school districts specified in subsection (1) of this section shall each adopt a resolution agreeing to the detachment and annexation of the territory erroneously included on the annexing school district's property tax rolls. The resolutions shall include a legal description of the territory to be detached and annexed and a legal description of the new boundaries of the school districts following detachment and annexation. The proposed new school district boundaries shall correspond to the legal description of the territory to be detached and annexed.

(b) Following adoption of the resolutions, the boards of education of the school districts shall submit to the commissioner a certified copy of their respective resolutions and a map of the detaching and annexing school districts after the proposed detachment and annexation of territory. The commissioner shall approve the resolutions if the commissioner or his or her designee determines that they comply with the provisions of this section.

(3) (a) After approval of the resolutions by the commissioner, except as otherwise provided in subsection (4) of this section, the board of education of the detaching school district shall call for and establish the date of a special school district organization election wherein the eligible electors who reside within the territory proposed to be detached and annexed shall vote upon the detachment and annexation. The board of education of the detaching school district shall name a designated election official who shall be responsible for conducting the election.

(b) If a special school district organization election is held pursuant to paragraph (a) of this subsection (3) and there is no suitable polling place within the territory to be detached and annexed, the board of education of the detaching school district shall designate one or more polling places beyond the limits of said territory.

(c) If a majority of the eligible electors voting at the special school district organization election held pursuant to paragraph (a) of this subsection (3) vote in favor of the detachment and annexation, or if no eligible electors vote in the election, the territory shall be detached and annexed upon the thirtieth day after the date of the election; except that, if the detaching and annexing school districts and the county assessor have located the territory in the annexing school district for longer than one tax year since the filing of the plat for a subdivision located within the territory, the detachment and annexation shall be effective as of the date that the approved subdivision plat was accepted for recordation and filed in the county in which the territory is located.

(4) (a) Notwithstanding the provisions of subsection (3) of this section, the detaching school district need not call a special school district organization election if the board of education of the detaching school district submits the resolutions required in paragraph (a) of subsection (2) of this section and certifies to the commissioner that:

(I) Ten or fewer eligible electors reside within the territory to be detached and annexed and that each of these eligible electors has submitted to the board of education of the detaching school district a notarized statement of consent to the proposed detachment and annexation; or

(II) No eligible electors reside within the territory proposed to be detached.

(b) If no election is held as provided in paragraph (a) of this subsection (4), the proposed detachment and annexation of territory shall take effect on the thirtieth day after the commissioner's approval of the resolutions under paragraph (b) of subsection (2) of this section, except as otherwise provided in paragraph (c) of subsection (3) of this section.

(5) After the election, as provided in subsection (3) of this section, or certification, as provided in subsection (4) of this section, the commissioner shall forward to the clerk and recorder of the county in which the election is held and to the county assessor of the county in which the territory is located copies of the resolutions submitted under this section, including the legal descriptions of the school districts after detachment and annexation, and a map of the new boundaries for the school districts.

(6) The assets and liabilities of the school district from which territory was detached pursuant to this section shall be apportioned, distributed, and paid in the manner prescribed in sections 22-30-123 and 22-30-124.

(7) Repealed.

**Source:** L. 95: Entire section added, p. 603, § 1, effective May 22. L. 96: (1) amended and (7) added, p. 99, § 1, effective March 20; (3) and IP(4)(a) amended, p. 66, § 26, effective July 1.

**Editor's note:** Subsection (7)(f) provided for the repeal of subsection (7), effective December 31, 1998. (See L. 96, p. 99.)

## PART 2

### JOINT TAXATION DISTRICTS

**22-30-201. Joint taxation districts - authorized.** (1) (a) A plan of organization in which one or more new school districts are formed within the boundaries of an existing school district may provide that any two or more school districts included in the plan shall comprise a joint taxation district. The boundaries of the original school district shall be the boundaries of the joint taxation district. A joint taxation district formed pursuant to this part 2 shall be a body corporate and a political subdivision of the state.

(b) A joint taxation district may be formed to incur bonded indebtedness for the purposes listed in section 22-42-102 (2) (a) and raise and expend property taxes to retire such bonded indebtedness or to raise and expend additional local property tax revenues in

excess of the participating school districts' total program, pursuant to section 22-54-108 or 22-54-108.5.

(2) (a) A plan of organization that involves a joint taxation district may provide that two or more school districts that result from the reorganization of a single school district may share the valuation for assessment of the taxable property in each school district for the purposes stated in the plan of organization, as limited under paragraph (b) of subsection (1) of this section.

(b) For the purpose of determining the limit of bonded indebtedness pursuant to section 22-42-104 for any school district that is participating in a joint taxation district, a portion of the bonded indebtedness of the joint taxation district, determined pursuant to the apportionment formula in the plan of organization, shall be added to the bonded indebtedness of the school district. The total bonded indebtedness of the joint taxation district, as apportioned among and added to the bonded indebtedness of the participating school districts, shall not cause any of the participating school districts to exceed its limit of bonded indebtedness pursuant to section 22-42-104.

(c) The plan of organization:

(I) May place a limit on the bonding capacity of the joint taxation district in addition to any other limitation on bonded indebtedness;

(II) Shall specify whether the joint taxation district shall continue indefinitely or for a specified period of time;

(III) Shall include a formula for the equitable apportionment of tax revenues from any property tax levied by the joint taxation district;

(IV) Shall include a formula for apportioning the bonded indebtedness of the joint taxation district for the purposes of section 22-42-104 among the participating school districts;

(V) Shall provide that the joint taxation district becomes a body corporate at the time the reorganization becomes effective or at some other time as specified in the plan of organization.

**Source: L. 96:** Entire part added, p. 60, § 17, effective July 1. **L. 2007:** (1)(b) amended, p. 38, § 3, effective March 7.

**22-30-202. Joint taxation board.** (1) (a) Any plan of organization that establishes a joint taxation district shall provide for the creation of a joint taxation district board and shall specify the membership of the board and the method of election or appointment and terms of office for members of the board. A joint taxation district board shall consist of not fewer than five members, with each participating school district board of education entitled to at least one member on the joint taxation district board.

(b) The joint taxation district board created pursuant to paragraph (a) of this subsection (1) shall have the powers granted to it in the plan of organization as necessary to implement the provisions of this part 2. These powers may include, but are not limited to:

(I) Calling for and certifying elections with regard to bonded indebtedness;

(II) Calling for and certifying elections to raise and expend local property tax revenues in excess of the participating school districts' total program, pursuant to section 22-54-108 or 22-54-108.5;

(III) Any other powers that a school district may have with regard to issuing, paying, or refunding bonded indebtedness of the joint taxation district.

(2) For purposes of calling for and certifying elections with regard to bonded indebtedness, revenue, or spending limits that are under the authority of the joint taxation district board pursuant to the plan of organization, the joint taxation district board shall assume the powers and duties granted by law to a school district or a school district board of education.

## PART 1

## CHARTER SCHOOLS ACT

**22-30.5-101. Short title.** This part 1 shall be known and may be cited as the “Charter Schools Act”.

**Source:** **L. 93:** Entire article added, p. 1051, § 1, effective June 3. **L. 96:** Entire section amended, p. 667, § 3, effective May 2.

## ANNOTATION

**Charter Schools Act does not violate the equal protection clause of the United States Constitution.** Because the act is facially neutral and does not implicate a fundamental right, the act must be reviewed under a rational relationship test. Colorado has a legitimate governmental interest in encouraging innovation in education and the act is rationally related to such an interest. *Villanueva v. Carere*, 873 F. Supp. 434

(D. Colo. 1994), *aff’d*, 85 F.3d 481 (10th Cir. 1996).

**Charter schools established pursuant to this act are public entities and, thus, absent a Governmental Immunity Act immunity exception, entitled to immunity from liability in claims that lie in tort or could lie in tort.** *King v. U.S.*, 53 F. Supp.2d 1056 (D. Colo. 1999).

**22-30.5-102. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) It is the obligation of all Coloradans to provide all children with schools that reflect high expectations and create conditions in all schools where these expectations can be met;

(b) Education reform is in the best interests of the state in order to strengthen the performance of elementary and secondary public school pupils, that the best education decisions are made by those who know the students best and who are responsible for implementing the decisions, and, therefore, that educators and parents have a right and a responsibility to participate in the education institutions which serve them;

(c) Different pupils learn differently and public school programs should be designed to fit the needs of individual pupils and that there are educators, citizens, and parents in Colorado who are willing and able to offer innovative programs, educational techniques, and environments but who lack a channel through which they can direct their innovative efforts.

(2) The general assembly further finds and declares that this part 1 is enacted for the following purposes:

(a) To improve pupil learning by creating schools with high, rigorous standards for pupil performance;

(b) To increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low-achieving;

(c) To encourage diverse approaches to learning and education and the use of different, innovative, research-based, or proven teaching methods;

(d) To promote the development of longitudinal analysis of student progress, in addition to participation in the Colorado student assessment program, to measure pupil learning and achievement;

(e) To create new employment options and professional opportunities for teachers and principals, including the opportunity to be responsible for the achievement results of students at the school site;

(f) To provide parents and pupils with expanded choices in the types of education opportunities that are available within the public school system;

(g) To encourage parental and community involvement with public schools;

(g.5) To address the formation of research-based charter schools that use programs that are proven to be effective;

(h) To hold charter schools accountable for performance through the “Education Accountability Act of 2009”, including but not limited to meeting state, school district, and

school targets for the measures used to determine the levels of attainment of the performance indicators;

(i) To provide an avenue for citizens to participate in the educational process and environment;

(j) To provide citizens with multiple avenues by which they can obtain authorization for a charter school.

(3) In authorizing charter schools, it is the intent of the general assembly to create a legitimate avenue for parents, teachers, and community members to implement new and innovative methods of educating children that are proven to be effective and to take responsible risks and create new and innovative, research-based ways of educating all children within the public education system. The general assembly seeks to create an atmosphere in Colorado's public education system where research and development in developing different learning opportunities is actively pursued. As such, the provisions of this part 1 should be interpreted liberally to support the findings and goals of this section and to advance a renewed commitment by the state of Colorado to the mission, goals, and diversity of public education.

#### ANNOTATION

**Attendance at a charter school is not a constitutional right.** At most, it is a statutory right, and the government has no constitutional obligation to fund a mere statutory right. *Dolores Huerta Prep. High v. Colo. State Bd. of Educ.*, 215 P.3d 1229 (Colo. App. 2009).

**Trial court did not err in dismissing a third-party claim to enforce the contract** brought on behalf of the charter school because the intended beneficiaries of the charter school

are the school children and a charter school cannot be a party and a third-party beneficiary at the same time. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd in part and rev'd in part on other grounds*, 32 P.3d 456 (Colo. 2001).

**Applied** in *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd in part and rev'd in part on other grounds*, 32 P.3d 456 (Colo. 2001).

**22-30.5-103. Definitions.** As used in this part 1, unless the context otherwise requires:

(1) "At-risk pupil" means a pupil who, because of physical, emotional, socioeconomic, or cultural factors, is less likely to succeed in a conventional educational environment.

(2) "Charter school" means a public school that enters into a charter contract pursuant to the provisions of this part 1.

(3) "Department" means the department of education created pursuant to section 24-1-115, C.R.S.

(3.5) "Education management provider" means a nonprofit, not-for-profit, or for-profit entity that contracts with a charter school to provide, manage, or oversee all or substantially all of the educational services provided by the charter school. Education management provider does not include a charter school collaborative established pursuant to part 6 of article 30.5 of this title.

(4) "Local board of education" means the school district board of education.

(5) "Moratorium" means a school district's official policy of refusing to authorize charter schools and an ongoing pattern or practice of refusing to accept or review charter school applications.

(6) "On-line pupil" means:

(a) For the 2007-08 budget year, a child who receives educational services predominantly through an on-line program or on-line school created pursuant to article 30.7 of this title.

(b) For the 2008-09 budget year, and for each budget year thereafter, a child who receives educational services predominantly through a multi-district on-line school, as defined in section 22-30.7-102 (9.5), created pursuant to article 30.7 of this title.

(6.5) "Private school" means a primary or secondary educational institution for students in kindergarten through twelfth grade or any portion thereof that may or may not have attained nonprofit status, that does not receive state funding through the "Public School Finance Act of 1994", article 54 of this title, and that is supported in whole or in part by tuition payments or private donations.

(6.6) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(6.7) "School food authority" means:

- (a) A school district or the state charter school institute;
- (a.3) A charter school collaborative formed pursuant to section 22-30.5-603;
- (a.5) A board of cooperative services created pursuant to article 5 of this title that elects to operate as a school food authority pursuant to section 22-5-120; or

(b) A district charter school or an institute charter school that:

(I) The commissioner of education or his or her designee provisionally authorizes as a school food authority pursuant to section 22-32-120 (6); or

(II) The department of education authorizes as a school food authority pursuant to section 22-32-120 (5).

(7) "State board" means the state board of education.

**22-30.5-104. Charter school - requirements - authority.** (1) A charter school shall be a public, nonsectarian, nonreligious, non-home-based school which operates within a public school district.

(2) (a) A charter school applicant cannot apply to, or enter into a charter contract with, a school district unless a majority of the charter school's pupils, other than on-line pupils, will reside in the chartering school district or in school districts contiguous thereto.

(b) A charter school shall be a public school of the school district that approves its charter application and enters into a charter contract with the charter school. In accordance with the requirement of section 15 of article IX of the state constitution, the charter school shall be subject to accreditation by the school district's local board of education pursuant to the school district's policy for accrediting the public schools of the school district adopted pursuant to section 22-11-307 and section 22-32-109 (1) (mm). The charter school shall also be subject to annual review by the department pursuant to section 22-11-210.

(3) A charter school shall be subject to all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry, or need for special education services. A charter school shall be subject to any court-ordered desegregation plan in effect for the chartering school district. Enrollment in a charter school must be open to any child who resides within the school district; except that no charter school shall be required to make alterations in the structure of the facility used by the charter school or to make alterations to the arrangement or function of rooms within the facility, except as may be required by

state or federal law. Enrollment decisions shall be made in a nondiscriminatory manner specified by the charter school applicant in the charter school application.

(4) (a) A charter school shall be administered and governed by a governing body in a manner agreed to by the charter school applicant and the chartering local board of education. Effective July 1, 2013, each charter school that was initially chartered on or after August 6, 1997, shall organize as a nonprofit corporation pursuant to the “Colorado Nonprofit Corporation Act”, articles 121 to 137 of title 7, C.R.S., which shall not affect its status as a public school for any purposes under Colorado law. Notwithstanding organization as a nonprofit corporation, a charter school shall annually complete a governmental audit that complies with the requirements of the department of education.

(b) An entity that holds a charter authorized pursuant to this part 1 may choose to contract with an education management provider, which education management provider may be a for-profit, a nonprofit, or a not-for-profit entity, so long as the charter school maintains a governing board that is independent of the education management provider.

(4.5) (a) In order to clarify the status of charter schools for purposes of tax-exempt financing, a charter school, as a public school, is a governmental entity. Direct leases and financial obligations of a charter school shall not constitute debt or financial obligations of the school district unless the school district specifically assumes such obligations.

(b) (Deleted by amendment, L. 2004, p. 1571, § 3, effective June 3, 2004.)

(5) Except as otherwise provided in sections 22-20-109, 22-32-115, and 22-54-109, a charter school shall not charge tuition.

(6) (a) Pursuant to contract, a charter school may operate free from specified school district policies and free from state rules, as provided in paragraph (b) of this subsection (6). Pursuant to contract, a local board of education may waive locally imposed school district requirements, without seeking approval of the state board; except that a charter school shall not, by contract or otherwise, operate free of the requirements contained in the “Public School Finance Act of 1994”, article 54 of this title, the requirements specified in part 4 of article 11 of this title concerning school accountability committees, or the requirements contained in the “Children’s Internet Protection Act”, article 87 of this title.

(b) The state board shall promulgate rules identifying state statutes and state rules that are automatically waived for all charter schools. A school district, on behalf of a charter school, may apply to the state board for a waiver of a state statute or state rule that is not automatically waived for charter schools by rule. Notwithstanding any provision of this subsection (6) to the contrary, the state board may not waive any statute or rule relating to school accountability committees as described in section 22-11-401, any statute or rule relating to the assessments required to be administered pursuant to section 22-7-409, any statute or rule necessary to prepare the school performance reports pursuant to part 5 of article 11 of this title, any statute or rule necessary to implement the provisions of the “Public School Finance Act of 1994”, article 54 of this title, or any statute or rule relating to the “Children’s Internet Protection Act”, article 87 of this title.

(c) Upon request of a charter applicant, the state board and the local board of education of the school district to which the charter applicant applies shall provide summaries of the state and district rules and policies to use in preparing a charter school application. The department shall prepare the summary of state rules within existing appropriations. Any waiver of state rules or local school district regulations made pursuant to this subsection (6) shall be for the term of the charter for which the waiver is made; except that a waiver of state statutes or state board rules by the state board shall be subject to periodic review as provided by state board rule and may be revoked if the waiver is deemed no longer necessary by the state board.

(7) (a) A charter school shall be responsible for its own operation including, but not limited to, preparation of a budget, contracting for services, facilities, and personnel matters.

(b) A charter school may negotiate and contract with a school district, the governing body of a state college or university, the state of Colorado, a school food authority, a charter school collaborative, a board of cooperative services, another district charter school, an institute charter school, or any third party for the use of a school building and grounds, the operation and maintenance thereof, and the provision of any service, activity, or undertaking

that the charter school is required or chooses to perform in order to carry out the educational program described in its charter contract. Any services for which a charter school contracts with a school district shall be provided by the district at cost. The charter school shall have standing to sue and be sued in its own name for the enforcement of any contract created pursuant to this paragraph (b).

(c) In no event shall a charter school be required to pay rent for space which is deemed available, as negotiated by contract, in school district facilities. All other costs for the operation and maintenance of the facilities used by the charter school shall be subject to negotiation between the charter school and the school district.

(d) A charter school or an institute charter school authorized pursuant to part 5 of this article that is operating in a school district building may purchase the building and the grounds upon which the building is located from the school district, at the school district's discretion, according to terms established by mutual agreement of the parties. If a charter school that has purchased a school building and grounds pursuant to this paragraph (d) vacates the school building and grounds or elects to sell the school building and grounds, the school district that sold the school building and grounds to the charter school pursuant to this paragraph (d) shall have first right of refusal to reacquire and purchase the property at fair market value or in accordance with other terms of repurchase established by mutual agreement of the parties.

(e) Notwithstanding the provisions of paragraphs (b) and (c) of this subsection (7), any school district that has space in district facilities that is unoccupied shall be allowed to sell the facilities or use the facilities for a different purpose and shall not be required to maintain ownership of the facilities for potential use by a charter school.

(8) A charter school shall be authorized to offer any educational program, including but not limited to an on-line program or on-line school created pursuant to article 30.7 of this title, that may be offered by a school district and that is research-based and has been proven to be effective, unless expressly prohibited by state law.

(9) All decisions regarding the planning, siting, and inspection of charter school facilities shall be made in accordance with section 22-32-124 and as specified by contract with the charter school's chartering school district.

(10) A charter school may apply for authorization as a school food authority pursuant to section 22-32-120.

(11) (a) If a charter school chooses to apply, alone or with a consortium of charter schools, for a grant through a nonformulaic, competitive grant program created by a federal or state statute or program, the charter school or consortium of charter schools, pursuant to the provisions of section 22-30.5-503 (3.5), may request that the state charter school institute act as a local education agency and fiscal agent for the charter school or consortium of charter schools for purposes of grant management and liability. The charter school or consortium of charter schools shall pay the fee, if any, imposed by the state charter school institute board as provided in section 22-30.5-503 (3.5).

(b) A charter school that applies for a grant pursuant to this subsection (11) shall provide to its authorizing district:

(I) A copy of the grant application at the time the application is submitted to the grant maker;

(II) Notice that the charter school did or did not receive the grant moneys; and

(III) If the charter school receives the grant moneys, a summary of the grant requirements, a summary of how the charter school is using the grant moneys, and periodic reports on the charter school's progress in meeting the goals of the grant as stated in its application.

(c) If a charter school intends to apply for a grant that the school's authorizing school district is also intending to apply for, the charter school shall seek to collaborate with the school district in the application and to submit the application jointly. If the charter school and the school district are unable to agree to collaborate in applying for the grant, the charter school may apply for the grant pursuant to this subsection (11) independently or in collaboration with other charter schools.

**L. 96:** (6) amended, p. 752, § 2, effective May 22. **L. 97:** (2) amended, p. 585, § 14, effective April 30; (4) amended, p. 400, § 1, effective August 6. **L. 99:** (7)(b) amended, p. 1256, § 5, effective June 2; (4.5) and (8) added, p. 1209, § 1, effective August 4. **L. 2000:** (6) amended, p. 349, § 4, effective April 10; (4) amended, p. 1855, § 55, effective August 2; (9) added, p. 519, § 1, effective August 2. **L. 2001:** (6) amended, p. 1498, § 22, effective June 8. **L. 2002:** (2) and (8) amended, p. 1749, § 22, effective June 7. **L. 2003:** (6) amended, p. 2477, § 33, effective August 15. **L. 2004:** Entire section amended, p. 1571, § 3, effective June 3. **L. 2007:** (7)(e) added, p. 740, § 15, effective May 9; (7)(d) added, p. 1592, § 1, effective May 31; (8) amended, p. 1088, § 12, effective July 1. **L. 2008:** (3) amended, p. 1600, § 21, effective May 29. **L. 2009:** (7)(b) amended and (10) added, (SB 09-230), ch. 227, p. 1033, § 3, effective May 4; (2)(b) and (6)(b) amended, (SB 09-163), ch. 293, p. 1534, § 26, effective May 21; (6)(a) and (6)(b) amended, (SB 09-090), ch. 291, p. 1445, § 22, effective August 5. **L. 2010:** (7)(b) amended and (11) added, (SB 10-161), ch. 250, pp. 1115, 1117, §§ 1, 6, effective August 11. **L. 2011:** (11) amended, (HB 11-1089), ch. 55, p. 147, § 2, effective March 25; (7)(b) amended, (HB 11-1277), ch. 306, p. 1504, § 32, effective August 10. **L. 2012:** (11)(a) amended, (SB 12-121), ch. 177, p. 637, § 4, effective May 11; (8) amended, (HB 12-1240), ch. 258, p. 1316, § 26, effective June 4; (4) amended, (SB 12-067), ch. 131, p. 450, § 2, effective August 8.

For the legislative declaration contained in the 2008 act amending subsection (3), see section 1 of chapter 341, Session Laws of Colorado 2008.

## ANNOTATION

**The express grant of standing to charter schools to sue for enforcement of service contracts clarifies the power originally granted to charter schools in the Charter Schools Act.** Because the charter contract between the parties encompasses contractual provisions related to the types of service contracts considered in this section, plaintiff had standing to bring those claims against the school district in the judicial system. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**Facilities operation and maintenance provisions entered into pursuant to subsection (7)(b) are judicially enforceable**, unlike the governing policy provisions in a charter contract entered into according to §§ 22-30.5-105 and 22-30.5-106. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**The power to enter into contracts assumes the ability to enforce those contracts.** In order to enforce a contract, one party must have some means of ensuring that the other party will obey its contractual duties. A legislative authorization

to enter into contracts could be read as implying a complementary authorization to enforce those contracts. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**The general assembly intended that charter schools have always had standing to sue their school districts for the types of contractual provisions described in this section.** The general assembly, when amending the act, meant for the amendment to serve merely as a clarification, not as a substantive change of the law. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**The waiver of a transfer policy or funding a transferred student's education in another school in the district are not permitted or contemplated services** within the meaning of subsection (7)(b) of this section or § 22-30.5-112 (2)(b). *Ridgeview Classical Sch. v. Poudre Sch. Dist. R-1*, 214 P.3d 476 (Colo. App. 2008).

**Applied** in *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd in part and rev'd in part on other grounds*, 32 P.3d 456 (Colo. 2001).

**22-30.5-104.5. Charter school and charter authorizer standards review committee - creation - duties - repeal. (Repealed)**

**Source: L. 2010:** Entire section added, (HB 10-1412), ch. 248, p. 1106, § 1, effective May 21.

**Editor's note:** Subsection (4) provided for the repeal of this section, effective August 30, 2011. (See L. 2010, p. 1106.)

**22-30.5-105. Charter schools - contract contents - regulations.** (1) (a) An approved charter application shall serve as the basis for a contract between a charter school and the chartering local board of education.

(b) A local board of education may approve a charter school application submitted by a nonprofit entity and enter into a charter contract directly with the nonprofit entity to operate a charter school. A local board of education shall not approve a charter school application that is submitted by a for-profit entity or that identifies a for-profit entity as one of the charter applicants, and the local board of education shall not enter into a charter contract directly with a for-profit entity to operate a charter school.

(2) (a) The contract between a charter school and the chartering local board of education shall reflect all agreements regarding the release of the charter school from school district policies. Each charter school's contract shall include a statement specifying the manner in which the charter school shall comply with the intent of the state statutes, state board rules, and district rules that are waived for the charter school either automatically or by application.

(b) Repealed.

(c) A contract between a charter school and the chartering local board of education approved on or after July 1, 2002, shall specify:

(I) If the contract is not a renewal of an expiring contract, the manner in which the school district governed by the local board of education will support any start-up facility needs of the charter school;

(II) The manner in which the school district governed by the local board of education will support any long-term facility needs of the charter school;

(III) The actions that the charter school must take in order to:

(A) Have its capital construction needs included as part of the next ballot question for approval of bonded indebtedness to be submitted by the local board of education of its chartering school district to the voters of the district; or

(B) Have the local board of education submit a ballot question for approval of a special mill levy to finance the capital construction needs of the charter school to the voters of the district pursuant to section 22-30.5-405;

(IV) The financial information, including but not limited to an annual governmental audit, the charter school must report to the chartering school district, the deadline for reporting such information to the chartering school district in order to enable the chartering school district to comply with the requirements specified in this title and in rules promulgated by the state board pertaining to reporting financial information to the department of education, and the circumstances under which the chartering school district may withhold a portion of the charter school's monthly payment as provided in section 22-30.5-112 (8) for failure to comply with financial reporting requirements specified in the contract; and

(V) Whether, and the circumstances under which, the local board of education delegates to the charter school the authority to impose a transportation fee on students who are enrolled in the charter school and, if so, the procedures for imposition of the fee.

(3) A contract between a charter school and the chartering local board of education shall reflect all requests for release of the charter school from state statutes and state board rules. Within ten days after the contract is approved by the chartering local board of education, any request for release from state statutes and state board rules shall be delivered by the chartering local board of education to the state board. The chartering local board of education shall request the release on a form provided by the department. Within forty-five days after a request for release is received by the state board, the state board shall either

grant or deny the request. If the state board grants the request, it may orally notify the chartering local board of education and the charter school of its decision. If the state board denies the request, it shall notify the chartering local board of education and the charter school in writing that the request is denied and specify the reasons for denial. If the chartering local board of education and the charter school do not receive notice of the state board's decision within forty-five days after submittal of the request for release, the request shall be deemed granted. If the state board denies a request for release that includes multiple state statutes or state board rules, the denial shall specify the state statutes and state board rules for which the release is denied, and the denial shall apply only to those state statutes and state board rules so specified.

(4) A material revision of the terms of a charter contract may be made only with the approval of the chartering local board of education and the governing body of the charter school.

(5) Any term included in a charter contract that would require a charter school to waive or otherwise forgo receipt of any amount of operational or capital construction funds provided to the charter school pursuant to the provisions of this article or pursuant to any other provision of law is hereby declared null and void as against public policy and is unenforceable. In no event shall this subsection (5) be construed to prohibit any charter school from contracting with its chartering local board of education for the purchase of services, including but not limited to the purchase of educational services.

**Source:** **L. 93:** Entire article added, p. 1054, § 1, effective June 3. **L. 97:** (1) amended, p. 400, § 2, effective August 6. **L. 98:** (3) amended, p. 1209, § 1, effective August 5. **L. 2001:** (2) amended, p. 337, § 3, effective April 16. **L. 2002:** (2)(c) and (5) added, pp. 1766, 1753, §§ 33, 30, effective June 7. **L. 2004:** Entire section amended, p. 1573, § 4, effective June 3. **L. 2005:** (2)(c)(III)(B) and (2)(c)(IV) amended and (2)(c)(V) added, p. 1507, § 2, effective June 9. **L. 2007:** (2)(b) repealed, p. 745, § 28, effective May 9. **L. 2009:** (5) amended, (SB 09-256), ch. 294, p. 1555, § 12, effective May 21. **L. 2012:** (1) amended, (SB 12-067), ch. 131, p. 451, § 3, effective August 8.

#### ANNOTATION

**The general assembly did not intend approval of a charter application to establish a final contract** between the local board and the charter school proponents, but rather intended the approval to be an interim step toward creation of that contract. A local board can comply with a state board order to approve a charter application and still expect resolution of its initial grounds for denial in a satisfactory final agreement. *Bd. of Educ., Dist. No. 1 v. Booth*, 984 P.2d 639 (Colo. 1999).

**No requirement to provide any particular level or type of long-term facility support to a charter school at the expense of local control.** Section requires only that the charter school contracts address the manner of support while retaining the ability of the district to negotiate what that support will be. *Dolores Huerta Prep. High v. Colo. State Bd. of Educ.*, 215 P.3d 1229 (Colo. App. 2009).

**The governing policy provisions of a charter contract** are made up of the charter school application and all agreements and requests releasing the charter school from school district policies. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**The state board of education has complete statutory authority** to settle any disputes arising

from implementation of the governing policy provisions of the charter contract, and the governing policy provisions are not subject to judicial review. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**Contract requiring a pro-rata reduction of the district per pupil revenues funding to a school for a student transferring out may violate subsection (5)** because it would include a reduction of capital construction funds and other funds covering direct and indirect costs incurred in the operation of the charter school and the education of its students, which are not enrollment sensitive. *Ridgeview Classical Sch. v. Poudre Sch. Dist. R-1*, 214 P.3d 476 (Colo. App. 2008).

In order for a contract for purchase of services from the school district to be valid, it must be at the discretion of the school, must be provided by the district at cost, and must be for a direct budgeted service of the school district, or a service, activity, or undertaking that the charter school is required or chooses to perform in order to carry out the educational program described in the charter contract. *Ridgeview Classical Sch. v. Poudre Sch. Dist. R-1*, 214 P.3d 476 (Colo. App. 2008).

**Applied** in Acad. of Charter Schs. v. Adams 1999), aff'd in part and rev'd in part on other grounds, 32 P.3d 456 (Colo. 2001).  
 Cty. Sch. Dist. No. 12, 994 P.2d 442 (Colo. App.

**22-30.5-106. Charter application - contents.** (1) The charter school application is a proposed agreement upon which the charter applicant and the chartering local board of education negotiate a charter contract. At a minimum, each charter school application includes:

(a) An executive summary that outlines the elements of the application and provides an overview of the proposed charter school;

(b) The vision and mission statements of the proposed charter school;

(c) The goals, objectives, and student performance standards the proposed charter school expects to achieve, including but not limited to the performance indicators specified in section 22-11-204 and applicable standards and goals specified in federal law;

(d) Evidence that an adequate number of parents and pupils support the formation of a charter school;

(e) Descriptions of the proposed charter school's educational program, student performance standards, and curriculum;

(f) A plan for evaluating student performance across the curriculum, which plan aligns with the proposed charter school's mission and educational objectives and provides a description of the proposed charter school's measurable annual targets for the measures used to determine the levels of attainment of the performance indicators specified in section 22-11-204, and procedures for taking corrective action if student performance at the school falls below the described targets;

(g) Evidence that the plan for the proposed charter school is economically sound, including a proposed budget for a term of at least five years. The charter application shall also describe the method for obtaining an independent annual audit of the proposed charter school's financial statements consistent with generally accepted auditing standards and circular A-133 of the United States office of management and budget, as originally published in the federal register of June 30, 1997, and as subsequently amended.

(h) A description of the governance and operation of the proposed charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the proposed charter school, that is consistent with the standards adopted by rule of the state board pursuant to section 22-2-106 (1) (h);

(i) An explanation of the relationship that will exist between the proposed charter school and its employees and the proposed charter school's employment policies or a plan for the timely development of employment policies;

(j) A proposal regarding the parties' respective legal liabilities and applicable insurance coverage, which insurance coverage shall include, at a minimum, workers' compensation, liability insurance, and insurance for the proposed charter school's facility and its contents;

(k) The proposed charter school's expectations and plans for ongoing parent and community involvement;

(l) A description of the proposed charter school's enrollment policy, consistent with the requirements of section 22-30.5-104 (3) and rules adopted by the state board pursuant to section 22-2-106 (1) (h), and the criteria for enrollment decisions;

(m) A statement of whether the proposed charter school plans to address the transportation or food service needs of its students while they are attending the school. The proposed charter school may choose not to provide transportation or food services, may choose to develop or form a charter school collaborative as described in section 22-30.5-603 to provide transportation or food services, or may choose to negotiate with a school district, board of cooperative services, or private provider to provide transportation or food services for its students. If the proposed charter school chooses to provide transportation or food services, the application shall include a plan for each provided service, which plan, at a minimum, shall specifically address serving the needs of low-income students, complying with insurance and liability issues, and complying with any applicable state or federal rules or regulations.

(n) A facilities plan that details viable facilities options that are consistent with section 22-32-124 and the reasonable costs of the facility, which are reflected in the proposed budget;

(o) A list of the waivers of statute, state rule, and school district policies that the proposed charter school is requesting, which list explains the rationale for each requested waiver and the manner in which the proposed charter school plans to meet the intent of the waived statute, rule, or policy;

(p) Policies regarding student discipline, expulsion, and suspension that are consistent with the intent and purpose of section 22-33-106, provide adequately for the safety of students and staff, and provide a level of due process for students that, at a minimum, complies with the requirements of the federal “Individuals with Disabilities Education Act”, 20 U.S.C. sec. 1400 et seq.;

(q) A plan for serving students with special needs, including budget and staff requirements, which plan shall include identifying and meeting the learning needs of at-risk students, students with disabilities, gifted and talented students, and English language learners;

(r) A dispute resolution process, as provided in section 22-30.5-107.5; and

(s) If the proposed charter school intends to contract with an education management provider:

(I) A summary of the performance data for all of the schools the education management provider is managing at the time of the application or has managed previously, including documentation of academic achievement and school management success;

(II) An explanation of and evidence demonstrating the education management provider’s capacity for successful expansion while maintaining quality in the schools it is managing;

(III) An explanation of any existing or potential conflicts of interest between the governing board of the proposed charter school and the education management provider; and

(IV) A copy of the actual or proposed performance contract between the governing board for the proposed charter school and the education management provider that specifies, at a minimum, the following material terms:

(A) Performance evaluation measures;

(B) The methods of contract oversight and enforcement that the governing board will apply;

(C) The compensation structure and all fees that the proposed charter school will pay to the education management provider; and

(D) The conditions for contract renewal and termination.

(2) No person, group, or organization may submit an application to convert a private school or a nonpublic home-based educational program into a charter school or to create a charter school which is a nonpublic home-based educational program as defined in section 22-33-104.5.

(3) A charter applicant is not required to provide personal identifying information concerning any parent, teacher, or prospective pupil prior to the time that the charter contract is approved by both parties and either the charter school actually employs the teacher or the pupil actually enrolls in the charter school, whichever is applicable. A charter school applicant shall provide, upon request of the chartering school district, aggregate information concerning the grade levels and schools in which prospective pupils are enrolled.

#### ANNOTATION

**The governing policy provisions of a charter contract** are made up of the charter school application and all agreements and requests releasing the charter school from school district policies. Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12, 32 P.3d 456 (Colo. 2001).

**Applied** in Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12, 994 P.2d 442 (Colo. App. 1999), aff'd in part and rev'd in part on other grounds, 32 P.3d 456 (Colo. 2001).

**22-30.5-107. Charter application - process.** (1) (a) A charter applicant cannot apply to, or enter into a charter contract with, a school district unless a majority of the proposed charter school's pupils, other than on-line pupils, will reside in the chartering school district or in school districts contiguous thereto.

(b) The local board of education shall receive and review all applications for charter schools. If the local board of education does not review a charter application, it shall be deemed to have denied the charter application. A charter applicant must file its application with the local board of education by a date determined by the local board of education to be eligible for consideration for the following school year. An application is considered filed when the school district administration receives the charter application from the charter applicant either in hard copy or electronically. The date determined by the local board of education for filing of applications shall not be any earlier than August 1 or any later than October 1. Prior to any change in the application deadline, the local board of education shall notify the department and each charter school applicant in the district of the proposed change by certified letter. The local board of education shall not charge any application fees.

(c) Within fifteen days after receiving a charter school application, the school district shall determine whether the application contains the minimum components specified in section 22-30.5-106 (1) and is therefore complete. If the application is not complete, the school district shall notify the charter applicant within the fifteen-day period and provide a list of the information required to complete the charter application. The charter applicant has fifteen days after the date it receives the notice to provide the required information to the local board of education for review. The local board of education is not required to take action on the charter application if the charter applicant does not provide the required information within the fifteen-day period. The school district may request additional information during the review period and provide reasonable time for the charter applicant to respond. The school district may, but is not required to, accept any additional information the charter applicant provides that the school district does not request. The district accountability committee shall review the complete charter school application at least fifteen days, if possible, before the local board of education takes action on the application.

(1.5) For purposes of reviewing a charter school application, a district accountability committee shall include at least:

(a) One person with a demonstrated knowledge of charter schools, regardless of whether that person resides within the school district; and

(b) One parent or legal guardian of a child enrolled in a charter school in the school district; except that, if there are no charter schools in the school district, the local board of education shall appoint a parent or legal guardian of a child enrolled in the school district.

(2) After giving reasonable public notice, the local board of education shall hold community meetings in the affected areas or the entire school district to obtain information to assist the local board of education in its decision to approve a charter school application. The local board of education shall rule by resolution on the application for a charter school in a public hearing, upon reasonable public notice, within ninety days after receiving the application filed pursuant to subsection (1) of this section. All negotiations between the charter school and the local board of education on the contract shall be concluded by, and all terms of the contract agreed upon, no later than ninety days after the local board of education rules by resolution on the application for a charter school.

(2.5) The charter applicant and the local board of education may jointly waive the deadlines set forth in this section.

(3) If a local board of education denies a charter school application, does not review a charter school application, or unilaterally imposes conditions that are unacceptable to the charter applicant, the charter applicant may appeal the decision to the state board pursuant to section 22-30.5-108.

(3.5) Nothing in this part 1 shall prohibit a school district from adopting one or more policies that encourage charter applicants to address specified school district needs.

(4) If a local board of education denies or does not review a charter school application, it shall state its reasons for the denial or refusal to review. Within fifteen days after denying or refusing to review a charter school application, the local board of education shall notify the department of the denial or refusal and the reasons therefor. If a local board of education approves a charter application, it shall send a copy of the approved charter application to the department within fifteen days after approving the charter application.

(5) A school district may unilaterally impose conditions on a charter applicant or on a charter school only through adoption of a resolution of the local board of education of the school district. If a local board adopts a resolution unilaterally imposing conditions on a charter applicant or on a charter school, the resolution shall, at a minimum, state the school district's reasons for imposing the conditions unilaterally, despite the objections of the charter applicant or the charter school. The charter applicant or charter school may appeal the decision of the local board of education to unilaterally impose the conditions by filing the notice of appeal with the state board within thirty days after adoption of the resolution, as provided in section 22-30.5-108 (2) (a).

**Source:** **L. 93:** Entire article added, p. 1055, § 1, effective June 3. **L. 96:** Entire section amended, p. 753, § 5, effective May 22. **L. 97:** (1) amended, p. 586, § 16, effective April 30. **L. 99:** (1.5) added and (2) amended, p. 1209, § 2, effective August 4. **L. 2002:** (1) amended, p. 1749, § 23, effective June 7; entire section amended, p. 187, § 1, effective July 1, 2003. **L. 2004:** Entire section amended, p. 1576, § 6, effective June 3. **L. 2012:** (1) and (2) amended, (SB 12-061), ch. 109, p. 375, § 3, effective April 13.

**Editor's note:** Amendments to subsection (1) by Senate Bill 02-051 and House Bill 02-1349 were harmonized.

## ANNOTATION

**Applied** in *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

**22-30.5-107.5. Dispute resolution - governing policy provisions - appeal.** (1) Except as otherwise provided in section 22-30.5-108, any disputes that may arise between a charter school and its chartering school district concerning governing policy provisions of the school's charter contract shall be resolved pursuant to this section.

(2) (a) A charter school or its chartering school district may initiate a resolution to any dispute concerning a governing policy provision of the school's charter contract by providing reasonable written notice to the other party of an intent to invoke this section. Such notice shall include, at a minimum, a brief description of the matter in dispute and the scope of the disagreement between the parties.

(b) Within thirty days after receipt of the written notice described in paragraph (a) of this subsection (2), the charter school and the school district shall agree to use any form of alternative dispute resolution to resolve the dispute, including but not limited to any of the forms described in the "Dispute Resolution Act", part 3 of article 22 of title 13, C.R.S.; except that any form chosen by the parties shall result in final written findings by a neutral third party within one hundred twenty days after receipt of such written notice.

(c) The neutral third party shall apportion all costs reasonably related to the mutually agreed upon dispute resolution process.

(3) (a) A charter school and its chartering school district may agree to be bound by the

written findings of the neutral third party resulting from any alternative dispute resolution entered into pursuant to subsection (1) of this section. In such case, such findings shall be final and not subject to appeal.

(b) If the parties do not agree to be bound by such written findings of the neutral third party, the parties may appeal such findings to the state board. A party who wishes to appeal such findings shall provide the state board and the other party with a notice of appeal within thirty days after the release of such findings, and the notice of appeal shall contain a brief description of the grounds for appeal. The state board may consider said written findings or other relevant materials in reaching its decision and may, on its own motion, conduct, after sufficient notice, a de novo review of and hearing on the underlying matter.

(4) The state board shall:

(a) Issue its decision on the written findings of the neutral third party resulting from any alternative dispute resolution entered into pursuant to subsection (1) of this section within sixty days after receipt of the notice of appeal; or

(b) Make its own findings within sixty days after making its own motion for a de novo review and hearing described in paragraph (b) of subsection (3) of this section.

(5) If the state board, after motion by one of the parties and sufficient notice and hearing, finds that either of the parties to an alternative dispute resolution process held pursuant to this section has failed to participate in good faith in such process or has refused to comply with the decision reached after agreeing to be bound by the result of such process, the state board shall resolve the dispute in favor of the aggrieved party.

(6) Any decision by the state board pursuant to this section shall be final and not subject to appeal.

**Source:** L. 99: Entire section added, p. 1255, § 3, effective June 2. L. 2002: Entire section R&RE, p. 1001, § 1, effective June 1.

**Cross references:** For the legislative declaration contained in the 1999 act enacting this section, see section 1 of chapter 302, Session Laws of Colorado 1999.

### ANNOTATION

**Annotator's note.** The following annotations include a case decided under this section as it existed prior to its 2002 repeal and reenactment.

**By adding this section, the general assembly established the processes for settling governing policy contract disputes,** as well as explicitly establishing the situations in which the state board of education had appellate review. Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12, 32 P.3d 456 (Colo. 2001).

**The enactment of this section served as a retroactive change to the Charter Schools Act.** Because the section authorizes an aggrieved party to seek appellate review from the state board of education, and because the state board's decision is not subject to review, plaintiff lacked standing to pursue its governing policy claims. Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12, 32 P.3d 456 (Colo. 2001).

**Because charter schools and school districts fall within the province of the political subdivision doctrine,** the plaintiff charter school, as the subordinate agency, did not have standing to sue the defendant school district, a superior agency. The dispute must be resolved instead within the executive branch. Dolores Huerta Prep. High v. Colo. State Bd. of Educ., 215 P.3d 1229 (Colo. App. 2009).

**Governing policy provisions of a charter school contract are not subject to judicial review.** Plaintiff was dissatisfied with the provision of its charter contract that addressed long-term facility support through various funding sources, and the court found this to fall under the category of a governing policy, thus not subject to judicial review. Dolores Huerta Prep. High v. Colo. State Bd. of Educ., 215 P.3d 1229 (Colo. App. 2009).

**22-30.5-108. Appeal - standard of review - procedures.** (1) Acting pursuant to its supervisory power as provided in section 1 of article IX of the state constitution, the state board, upon receipt of a notice of appeal or upon its own motion, may review decisions of any local board of education concerning the denial of a charter school application, the nonrenewal or revocation of a charter school's charter, or the unilateral imposition of conditions on a charter applicant or a charter school, in accordance with the provisions of this section. Any disputes arising with regard to governing policy provisions of a charter

school's charter contract shall be resolved as provided in section 22-30.5-107.5. A local board of education's refusal to review a charter application constitutes a denial of the charter application and is appealable as a denial pursuant to the provisions of this section.

(2) A charter applicant or any other person who wishes to appeal a decision of a local board of education concerning the denial of a charter application or the nonrenewal or revocation of a charter or the unilateral imposition of conditions on a charter applicant or a charter school, shall provide the state board and the local board of education with a notice of appeal or of facilitation within thirty days after the local board's decision. The person bringing the appeal shall limit the grounds of the appeal to the grounds for the denial of a charter application or the nonrenewal or revocation of a charter, or the unilateral imposition of conditions on a charter applicant or charter school, whichever is being appealed, specified by the local board of education. The notice shall include a brief statement of the reasons the appealing person contends the local board of education's denial of a charter application or nonrenewal or revocation of a charter, or imposition of conditions on a charter applicant or charter school was in error.

(2.5) If a district court dismisses a case for lack of jurisdiction and the case involves a charter application, or the nonrenewal or revocation of a charter, or the unilateral imposition of conditions on a charter applicant or charter school, the thirty-day period for filing a notice of appeal or of facilitation described in subsection (2) of this section shall be tolled until the date of dismissal by the court.

(3) If the notice of appeal, or the motion to review by the state board, relates to a local board's decision to deny a charter application or to refuse to renew or to revoke a charter or to a local board's unilateral imposition of conditions that are unacceptable to the charter applicant or the charter school, the appeal and review process shall be as follows:

(a) Within sixty days after receipt of the notice of appeal or the making of a motion to review by the state board and after reasonable public notice, the state board shall review the decision of the local board of education and make its findings. If the state board finds that the local board's decision was contrary to the best interests of the pupils, school district, or community, the state board shall remand such decision to the local board of education with written instructions for reconsideration thereof. Said instructions shall include specific recommendations concerning the matters requiring reconsideration.

(b) Within thirty days following the remand of a decision to the local board of education and after reasonable public notice, the local board of education, at a public hearing, shall reconsider its decision and make a final decision. If the local board of education decides to approve the charter application or decides not to unilaterally impose the condition, the local board of education and the charter applicant shall complete the charter contract within ninety days following the remand of the state board's decision to the local board of education.

(c) Following the remand, if the local board of education's final decision is still to deny a charter application or to unilaterally impose the condition on a charter applicant or if the local board of education's final decision is still to refuse to renew or to revoke a charter or to unilaterally impose conditions unacceptable to the charter school, a second notice of appeal may be filed with the state board within thirty days following such final decision.

(d) Within thirty days following receipt of the second notice of appeal or the making of a motion for a second review by the state board and after reasonable public notice, the state board, at a public hearing, shall determine whether the final decision of the local board of education was contrary to the best interests of the pupils, school district, or community. If such a finding is made, the state board shall remand such final decision to the local board with instructions to approve the charter application, or to renew or reinstate the charter or to approve or disapprove the conditions imposed on the charter applicant or the charter school. The decision of the state board shall be final and not subject to appeal.

(3.5) In lieu of a first appeal to the state board pursuant to paragraph (a) of subsection (3) of this section, the parties may agree to facilitation. Within thirty days after denial of a charter application or nonrenewal or revocation of a charter or unilateral imposition of conditions on a charter applicant or a charter school by the local board of education, the parties may file a notice of facilitation with the state board. The parties may continue in facilitation as long as both parties agree to its continued use. If one party subsequently

rejects facilitation, and such rejection is not reconsidered within seven days, the local board of education shall reconsider its denial of a charter application or nonrenewal or revocation of a charter and make a final decision as provided in paragraph (b) of subsection (3) of this section. The charter applicant may file a notice of appeal with the state board as provided in paragraph (c) of subsection (3) of this section within thirty days after a local board of education's final decision to deny a charter application, to refuse to renew or to revoke a charter, or to unilaterally impose conditions on a charter applicant or a charter school.

(4) (Deleted by amendment, L. 2004, p. 1578, § 7, effective June 3, 2004.)

(5) Nothing in this section shall be construed to alter the requirement that a charter school be a part of the school district that approves its charter application and charter contract and be accountable to the local board of education pursuant to section 22-30.5-104 (2).

**Source:** L. 93: Entire article added, p. 1056, § 1, effective June 3. L. 94: (3)(a) and IP(4)(a)(I) amended, p. 1341, § 1, effective May 25. L. 96: (2), IP(3), and (3)(c) amended and (3.5) added, p. 754, § 6, effective May 22. L. 97: (3)(a), IP(4)(a)(I), and (5) amended, p. 586, § 17, effective April 30. L. 2002: (1), (2), IP(3), (3)(c), and (3)(d) amended and (2.5) added, p. 1002, § 2, effective June 1. L. 2004: Entire section amended, p. 1578, § 7, effective June 3.

#### ANNOTATION

Where the state board of education concludes that a charter school's remedy lay in district court, such conclusion does not confer jurisdiction on the courts or extend standing to plaintiffs when none otherwise existed. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd* in part and *rev'd* in part on other grounds, 32 P.3d 456 (Colo. 2001).

The state board is authorized to substitute its judgment for that of a local board under the "best interests" language of subsection (3)(d). *Bd. of Educ., Dist. No. 1 v. Booth*, 984 P.2d 639 (Colo. 1999).

State board's authority is limited upon a second appeal. Where, on first appeal, the state board had approved a charter application in principle but directed the local board and the applicants to negotiate further on unresolved operational details, the state board had no authority to issue a similar, conditional approval on the second appeal pursuant to subsection (3)(d). *Booth v. Bd. of Educ.*, 950 P.2d 601 (Colo. App. 1997), *aff'd* in part and *rev'd* in part on other grounds, 984 P.2d 639 (Colo. 1999).

The plain language of this section authorizes the state board only to require approval of the charter application as submitted and not subsequent status reports. *Bd. of Educ., Dist. No. 1 v. Booth*, 984 P.2d 639 (Colo. 1999).

If disputes arise from the implementation of the governing policy provisions of the charter contract, such disputes may eventually be appealed to the state board of education pursuant to this section, and any decision rendered by the state board is final and not subject to appeal. *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 32 P.3d 456 (Colo. 2001).

Only issue on second appeal is whether the local board's denial of an application is contrary to the best interests of the pupils, school district, or community. The state board's purported issuance of a partial or conditional order to approve a pending application, which fell short of an unconditional finding on this issue, was held unenforceable and the case was remanded for further proceedings. *Booth v. Bd. of Educ.*, 950 P.2d 601 (Colo. App. 1997), *aff'd* in part and *rev'd* in part on other grounds, 984 P.2d 639 (Colo. 1999).

State board's final order on second appeal is not subject to judicial review under the State Administrative Procedure Act. *Booth v. Bd. of Educ.*, 950 P.2d 601 (Colo. App. 1997), *aff'd* in part and *rev'd* in part on other grounds, 984 P.2d 639 (Colo. 1999).

Applied in *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd* in part and *rev'd* in part on other grounds, 32 P.3d 456 (Colo. 2001).

**22-30.5-109. Charter schools - reporting - publicizing - limits on enrollment - moratorium prohibited.** (1) Each local board of education that approves a charter application and enters into a charter contract with a charter school shall annually report to the department information that the department requests to evaluate the effectiveness of charter schools. The local boards of education shall provide the information on forms provided by the department. The state board shall adopt rules establishing the time lines and

procedures for reporting the information required in this subsection (1).

(2) (Deleted by amendment, L. 2004, p. 1580, § 8, effective June 3, 2004.)

(3) It is the intent of the general assembly that greater consideration be given to charter school applications designed to increase the educational opportunities of at-risk pupils, as defined in section 22-30.5-103.

(4) If otherwise qualified, nothing in this part 1 shall be construed to prohibit any institution certified on or before April 1, 1993, as an educational clinic pursuant to former article 27 of this title as it existed prior to August 7, 2006, from applying to become a charter school pursuant to this part 1.

(5) Nothing in this part 1 shall be construed to prevent a school in a school district which is comprised of only one school from applying to become a charter school pursuant to this part 1.

(6) A school district shall not discriminate against a charter school in publicizing the educational options available to students residing within the district through advertising, direct mail, availability of mailing lists, or other informational activities, provided that the charter school pays for its share of such publicity at cost.

(7) A chartering authority may not restrict the number of pupils a charter school may enroll; except that a charter school and its chartering authority may negotiate and agree to limitations on the number of students the charter school may enroll as necessary to:

(a) Facilitate the academic success of students enrolled in the charter school;

(b) Facilitate the charter school's ability to achieve the other objectives specified in the charter contract; or

(c) Ensure that the charter school's student enrollment does not exceed the capacity of the charter school facility or site.

(8) The local board of education of a school district shall not impose a moratorium on the approval of charter applications for charter schools within the school district.

**22-30.5-110. Charter schools - term - renewal of charter - grounds for nonrenewal or revocation.** (1) (a) When a local board of education approves a new charter application, the charter is authorized for a period of at least four years. The local board of education and the charter school may renew the charter for successive periods as provided in this section.

(b) During the term of a charter, the school district shall annually review the charter school's performance. At a minimum, the review includes the charter school's progress in meeting the objectives identified in the plan the charter school is required to implement pursuant to section 22-11-210 and the results of the charter school's most recent annual financial audit. The school district shall provide to the charter school written feedback from the review and shall include the results of the charter school's annual review in the body of evidence that the local board of education takes into account in deciding whether to renew or revoke the charter and that supports the renegotiation of the charter contract.

(1.3) Each school district shall adopt and revise as necessary procedures and timelines for the charter-renewal process, which procedures and timelines are in conformance with the requirements of this part 1. Each school district shall ensure that each of the charter schools authorized by the district receives a copy of the district's charter renewal procedures and timelines and any revisions to the procedures and timelines.

(1.5) No later than December 1 of the year prior to the year in which the charter expires, the governing body of a charter school shall submit a renewal application to the chartering

local board of education. The chartering local board of education shall rule by resolution on the renewal application no later than February 1 of the year in which the charter expires, or by a mutually agreed upon date.

(2) A charter school renewal application submitted to the chartering local board of education shall contain:

(a) A report on the progress of the charter school in achieving the goals, objectives, pupil performance standards, content standards, targets for the measures used to determine the levels of attainment of the performance indicators, and other terms of the charter contract and the results achieved by the charter school's students on the assessments administered through the Colorado student assessment program;

(b) A financial statement that discloses the costs of administration, instruction, and other spending categories for the charter school that is understandable to the general public and that will allow comparison of such costs to other schools or other comparable organizations, in a format required by the state board of education; and

(c) Repealed.

(d) Any information or material resulting from the charter school's annual reviews as described in subsection (1) of this section.

(3) A charter may be revoked or not renewed by the chartering local board of education if it determines that the charter school did any of the following:

(a) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter contract;

(b) Failed to meet or make adequate progress toward achievement of the goals, objectives, content standards, pupil performance standards, targets for the measures used to determine the levels of attainment of the performance indicators, applicable federal requirements, or other terms identified in the charter contract;

(c) Failed to meet generally accepted standards of fiscal management; or

(d) Violated any provision of law from which the charter school was not specifically exempted.

(3.5) If a charter school is required to implement a turnaround plan pursuant to section 22-11-210 (2) for a second consecutive school year, the charter school shall present to its authorizing local board of education, in addition to the turnaround plan, a summary of the changes made by the charter school to improve its performance, the progress made in implementing the changes, and evidence, as requested by the local board of education, that the charter school is making sufficient improvement to attain a higher accreditation category within two school years or sooner. If the local board of education finds that the charter school's evidence of improvement is not sufficient or if the charter school is required to implement a turnaround plan for a third consecutive school year, the local board of education may revoke the school's charter.

(4) (Deleted by amendment, L. 2004, p. 1582, 9, effective June 3, 2004.)

(4.5) (a) At least fifteen days prior to the date on which a local board of education will consider whether to revoke or renew a charter, the school district shall provide to the local board of education and the charter school a written recommendation, including the reasons supporting the recommendation, concerning whether to revoke or renew the charter.

(b) If a local board of education revokes or does not renew a charter, the board shall state its reasons for the revocation or nonrenewal.

(5) If a local board of education revokes or does not renew a charter, the charter school may appeal the decision pursuant to section 22-30.5-108.

(6) Each school district shall adopt procedures for closing a charter school following revocation or nonrenewal of the charter school's charter. At a minimum, the procedures shall ensure that:

(a) When practicable and in the best interest of the students of the charter school, the charter school continues to operate through the end of the school year. If the school district determines it is necessary to close the charter school prior to the end of the school year, the school district shall work with the charter school to determine an earlier closure date.

(b) The school district works with the parents of the students who are enrolled in the charter school when the charter is revoked or not renewed to ensure that the students are enrolled in schools that meet their educational needs; and

(c) The charter school meets its financial, legal, and reporting obligations during the period that the charter school is concluding operations.

(7) Notwithstanding any provision of this section to the contrary, on and after September 1, 2012, a local board of education shall not renew a charter that is held by a for-profit entity either solely or in cooperation with other entities.

### **22-30.5-110.3. Nonrenewal or revocation - qualified charter school - exceptions.**

(1) Notwithstanding the provisions of sections 22-30.5-108 and 22-30.5-110, the provisions of this section shall apply if:

(a) A chartering local board of education determines that the charter of a qualified charter school, as defined in section 22-30.5-408 (1) (c), will be revoked or will not be renewed; and

(b) The qualified charter school has financed capital construction with revenues from bonds issued on behalf of the qualified charter school by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., pursuant to section 22-30.5-407.

(2) (a) If a chartering local board of education makes a determination to revoke or not renew the charter of a qualified charter school and subsection (1) of this section applies, the chartering local board of education shall notify the state treasurer and the commissioner of education immediately upon such determination. Upon receipt of such notice, the commissioner shall suspend the revocation or nonrenewal of the charter until such time as the state treasurer, the commissioner, and the Colorado educational and cultural facilities authority determine, with the chartering local board of education and the qualified charter school, whether an alternative exists to such revocation or nonrenewal of the charter.

(b) A chartering local board of education shall not be required to suspend a revocation or nonrenewal of a charter pursuant to paragraph (a) of this subsection (2) for more than one hundred twenty days after the date that the commissioner of education and the state treasurer received notice of the determination to revoke or not renew the charter pursuant to paragraph (a) of this subsection (2) or sixty days after the action of the state board pursuant to section 22-30.5-108 (3) (a), whichever is later.

(3) The state treasurer, commissioner of education, chartering local board of education, charter school, and Colorado educational and cultural facilities authority may pursue the following:

(a) The conversion of the qualified charter school from a school of the chartering district to an institute charter school;

(b) The reorganization of the qualified charter school and application to the initial chartering local board of education or the state charter school institute for approval as a charter school with the condition that the newly approved charter school will assume the bond obligations of the former qualified charter school pursuant to section 22-30.5-407; or

(c) Any other alternative deemed feasible by the state treasurer, the commissioner of education, the Colorado educational and cultural facilities authority, the chartering local board of education, and the qualified charter school.

(4) Nothing in this section shall be construed to prevent the chartering local board of education from revoking or not renewing the charter of a qualified charter school pursuant to section 22-30.5-110.

**Source:** **L. 2011:** Entire section added, (SB 11-188), ch. 186, p. 714, § 6, effective July 1.

**22-30.5-110.5. Background investigation - charter school employees - information provided to department.** (1) A charter school shall conduct a background investigation of an applicant to whom an offer of employment is extended to determine whether the applicant is suitable to work in an environment with children.

(2) The background investigation of an applicant, at a minimum, shall include:

(a) An inquiry by the charter school to the department to determine whether the applicant:

(I) Has had his or her educator license or certification denied, suspended, revoked, or annulled in this state or another state for any reason, including but not limited to a conviction, a plea of not guilty, a plea of nolo contendere, or a deferred sentence for a crime involving unlawful sexual behavior or unlawful behavior involving children;

(II) Has been dismissed by, or has resigned from, a school district as a result of any allegation, including but not limited to unlawful sexual behavior, that was supported by a preponderance of the evidence according to information provided to the department pursuant to section 22-32-109.7 (3) or subsection (7) of this section and confirmed by the department pursuant to section 22-2-119 (1) (b);

(b) (I) A fingerprint-based criminal history record check as described in section 22-30.5-110.7.

(II) The criminal history record check shall be designed to determine, at a minimum, whether the applicant has been convicted of, pled nolo contendere or guilty to, or received a deferred sentence or deferred prosecution for:

(A) A felony; or

(B) A misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children.

(c) Inquiries to the applicant's previous employers to obtain information or recommendations that may be relevant to the applicant's fitness for employment.

(3) Upon request, the department shall provide the charter school with any information the department may have concerning a person who applies for employment with a charter school or a charter school employee.

(4) The charter school shall pay to the department the background investigation fee established pursuant to section 22-2-119 (5) for each applicant who does not hold an educator license issued pursuant to article 60.5 of this title and for whom the charter school requests a background investigation. The charter school may assess the amount of the fee to the applicant.

(5) (a) An applicant's previous employer that provides information to a charter school or makes a recommendation concerning the applicant, whether at the request of the charter school or the applicant, shall be immune from civil liability unless:

(I) The information is false and the previous employer knows the information is false or acts with reckless disregard concerning the veracity of the information; and

(II) The charter school acts upon the information to the detriment of:

(A) The applicant because the charter school refuses to employ the applicant based, in whole or in part, on negative information concerning the applicant later determined to be false; or

(B) The charter school because the charter school employs the applicant based, in whole or in part, on positive information concerning the applicant later determined to be false.

(b) A charter school that relies on information provided by or a recommendation made by a previous employer in making an employment decision shall be immune from civil liability unless the information is false and the charter school knows the information is false or acts with reckless disregard concerning the veracity of the information.

(6) (a) Each charter school shall submit to the department the name, date of birth, and social security number of each person employed by the charter school. The department shall add the information submitted pursuant to this subsection (6) for charter school employees who do not hold an educator license to the database for nonlicensed school employees maintained by the department pursuant to section 22-32-109.8 (11). The department shall add the information submitted pursuant to this subsection (6) for licensed employees to the database maintained by the department for licensed educators.

(b) At the beginning of each semester, each charter school shall notify the department if a nonlicensed employee is no longer employed by the charter school. The department shall purge the employee's information from the database within twelve months after receiving the notice.

(7) (a) If an employee of a charter school is dismissed or resigns as a result of an allegation of unlawful behavior involving a child, including unlawful sexual behavior, that is supported by a preponderance of the evidence, the governing board of the charter school shall notify the department and provide any information requested by the department concerning the circumstances of the dismissal or resignation. The charter school shall also notify the employee that information concerning the employee's dismissal or resignation is being forwarded to the department unless the notice would conflict with the confidentiality requirements of the "Child Protection Act of 1987", part 3 of article 3 of title 19, C.R.S.

(b) If a charter school learns from a source other than the department that a current or past employee of the charter school has been convicted of, pled guilty to, pled nolo contendere to, or has received a deferred sentence or deferred prosecution for a felony or a misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children, the charter school shall notify the department.

(8) On or before August 30 each year, the department shall submit a list of all persons employed by each charter school in the state for the preceding school year to the Colorado bureau of investigation. The list shall include each employee's name and date of birth.

(9) Any information received by a charter school pursuant to this section or section 22-30.5-110.7 shall be confidential information and not subject to the provisions of part 2 of article 72 of title 24, C.R.S. A person who releases information obtained pursuant to the provisions of this section or section 22-30.5-110.7 or who makes an unauthorized request for information from the charter school shall be subject to the penalties set forth in section 24-72-206, C.R.S.; except that a person who releases information received from the charter school concerning information contained in the records and reports of child abuse or neglect maintained by the department of human services shall be deemed to have violated section 19-1-307 (4), C.R.S.

**Source: L. 2008:** Entire section added, p. 1660, § 3, effective May 29.

**22-30.5-110.7. Fingerprint-based criminal history record checks - charter school employees - procedures - definitions.** (1) A person applying for employment with a charter school to whom an offer of employment is extended shall submit to the charter school a complete set of his or her fingerprints taken by a qualified law enforcement agency or an authorized employee of the charter school and notarized.

(2) On a form provided by the charter school, an applicant to whom an offer of employment is extended shall certify, under penalty of perjury, either:

(a) That he or she has never been convicted of committing any felony or misdemeanor, but not including any misdemeanor traffic offense or traffic infraction; or

(b) That he or she has been convicted of committing a felony or misdemeanor, but not including any misdemeanor traffic offense or traffic infraction. The certification shall specify the felony or misdemeanor for which the applicant was convicted, the date of the conviction, and the court entering the judgment of conviction.

(3) In addition to any other requirements established by law, the submittal of fingerprints pursuant to subsection (1) of this section and of the form pursuant to subsection (2) of this section shall be a prerequisite to the employment of any person in a charter school. A charter school shall not employ a person who has not complied with the provisions of subsections (1) and (2) of this section.

(4) A charter school to which fingerprints are submitted pursuant to subsection (1) of this section shall forward the fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado bureau of investigation and the federal bureau of investigation.

(5) (a) A charter school may employ a person in the charter school prior to receiving the results of the person's fingerprint-based criminal history record check; except that:

(I) The charter school may terminate the employment of the person if the results are inconsistent with the information provided by the person in the form submitted pursuant to subsection (2) of this section; and

(II) The charter school shall terminate the person's employment if the results disclose a conviction for an offense described in section 22-32-109.8 (6.5).

(b) The charter school shall notify the proper district attorney of inconsistent results as described in subparagraph (I) of paragraph (a) of this subsection (5) for purposes of action or possible prosecution.

(6) When a charter school finds good cause to believe that a person employed by the charter school has been convicted of a felony or misdemeanor, other than a misdemeanor traffic offense or traffic infraction, subsequent to such employment, the charter school shall require the person to submit to the charter school a complete set of his or her fingerprints taken by a qualified law enforcement agency or an authorized employee of the charter school. The employee shall submit his or her fingerprints within twenty days after receipt of written notification from the charter school. The charter school shall forward the employee's fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado bureau of investigation and the federal bureau of investigation.

(6.5) An employee or an applicant for employment with a charter school is disqualified from employment if the results of a fingerprint-based criminal history record check completed on or after August 10, 2011, disclose a conviction for an offense described in section 22-32-109.8 (6.5). Nothing in this section or in section 22-32-109.8 shall create for a person a property right in or entitlement to employment or continued employment with a charter school or impair a charter school's right to terminate employment for a nondiscriminatory reason.

(7) For purposes of this section, a person is deemed to have been convicted of committing a felony or misdemeanor if the person has been convicted under the laws of any other state, the United States, or any territory subject to the jurisdiction of the United States of an unlawful act that, if committed within this state, would be a felony or misdemeanor.

(8) For purposes of this section:

(a) "Convicted" means a conviction by a jury or by a court and shall also include the forfeiture of any bail, bond, or other security deposited to secure appearance by a person charged with a felony or misdemeanor, the payment of a fine, a plea of guilty, a plea of nolo contendere, and the imposition of a deferred or suspended sentence by the court.

(b) "Position of employment" means any job or position in which a person may be engaged in the service of a charter school for salary or hourly wages, whether full time or part time and whether temporary or permanent.

(9) The employing charter school shall be responsible for costs arising from a fingerprint-based criminal history record check performed by the Colorado bureau of investigation and the federal bureau of investigation pursuant to the provisions of this section. The charter school may collect the costs from the employee or the prospective employee.

**Source:** L. 2008: Entire section added, p. 1663, § 3, effective May 29. L. 2011: (5) amended and (6.5) added, (HB 11-1121), ch. 242, p. 1054, § 2, effective August 10.

**Cross references:** In 2011, subsection (5) was amended and subsection (6.5) was added by the "Safer Schools Act of 2011". For the short title, see section 1 of chapter 242, Session Laws of Colorado 2011.

**22-30.5-111. Charter schools - employee options.** (1) During the first year that a teacher employed by a school district is employed by a charter school, such teacher shall be considered to be on a one-year leave of absence from the school district. Such leave of absence shall commence on the first day of services for the charter school. Upon the request of the teacher, the one-year leave of absence shall be renewed for up to two additional one-year periods upon the mutual agreement of the teacher and the school district. At the end of three years, the relationship between the teacher and the school district shall be

determined by the school district and such district shall provide notice to the teacher of the relationship.

(2) The local board of education shall determine by policy or by negotiated agreement, if one exists, the employment status of school district employees employed by the charter school who seek to return to employment with public schools in the school district.

(3) Employees of a charter school shall be members of the public employees' retirement association or the Denver public schools retirement system, whichever is applicable. The charter school and the teacher shall contribute the appropriate respective amounts as required by the funds of such association or system.

**Source: L. 93:** Entire article added, p. 1059, § 1, effective June 3.

**22-30.5-112. Charter schools - financing - definitions - guidelines.** (1) (a) For purposes of the "Public School Finance Act of 1994", article 54 of this title, pupils enrolled in a charter school shall be included in the pupil enrollment, the on-line pupil enrollment, or the preschool program enrollment, whichever is applicable, of the school district that granted its charter. The school district that granted its charter shall report to the department the number of pupils included in the school district's pupil enrollment, the school district's on-line pupil enrollment, and the school district's preschool program enrollment that are actually enrolled in each charter school.

(b) The school district shall also identify each charter school that is a qualified charter school as defined in section 22-54-124 (1) (f.6), identify each qualified charter school that will be operating in a school district facility and that does not have ongoing financial obligations incurred to repay the outstanding costs of new construction undertaken for the charter school's benefit, and provide an estimate of the number of pupils expected to be enrolled in each qualified charter school during the budget year following the budget year in which the district makes a report.

(2) (a) (I) As part of the charter school contract, the charter school and the school district shall agree on funding and any services to be provided by the school district to the charter school.

(II) For the 1999-2000 budget year, the charter school and the school district shall begin discussions on the contract using eighty percent of the district per pupil revenues.

(III) (A) For budget year 2000-01 and budget years thereafter, except as otherwise provided in paragraph (a.3) of this subsection (2), each charter school and the chartering school district shall negotiate funding under the contract. The charter school shall receive one hundred percent of the district per pupil revenues for each pupil enrolled in the charter school who is not an on-line pupil and one hundred percent of the district per pupil on-line funding for each on-line pupil enrolled in the charter school; except that the chartering school district may choose to retain the actual amount of the charter school's per pupil share of the central administrative overhead costs for services actually provided to the charter school, up to five percent of the district per pupil revenues for each pupil who is not an on-line pupil enrolled in the charter school and up to five percent of the district per pupil on-line funding for each on-line pupil enrolled in the charter school.

(B) For budget years 2001-02 through 2010-11, the minimum amount of funding specified in sub-subparagraph (A) of this subparagraph (III) shall reflect the one-percent increase in the statewide base per pupil funding for state fiscal years 2001-02 through 2010-11 received by the school district as required by section 17 of article IX of the state constitution.

(a.3) If the authorizing school district enrolls five hundred or fewer students, the charter school shall receive funding in the amount of the greater of one hundred percent of the district per pupil on-line funding for each on-line pupil enrolled in the charter school plus one hundred percent of the district per pupil revenues for each pupil who is not an on-line pupil enrolled in the charter school, minus the actual amount of the charter school's per pupil share of the central administrative overhead costs incurred by the school district, based on audited figures, or eighty-five percent of the district per pupil revenues for each pupil enrolled in the charter school who is not an on-line pupil plus eighty-five percent of the district per pupil on-line funding for each on-line pupil enrolled in the charter school.

(a.4) (I) Within ninety days after the end of each fiscal year, each school district shall provide to each charter school within its district an itemized accounting of all its central administrative overhead costs. The actual central administrative overhead costs shall be the amount charged to the charter school. Any difference, within the limitations of subparagraph (III) of paragraph (a) of this subsection (2) and paragraph (a.3) of this subsection (2), between the amount initially charged to the charter school and the actual cost shall be reconciled and paid to the owed party.

(II) Within ninety days after the end of each fiscal year, each school district shall provide to each charter school within its district an itemized accounting of all the actual costs of district services the charter school chose at its discretion to purchase from the district calculated in accordance with paragraph (b) of this subsection (2). Any difference between the amount initially charged to the charter school and the actual cost shall be reconciled and paid to the owed party.

(III) If either party disputes an itemized accounting provided pursuant to subparagraphs (I) and (II) of this paragraph (a.4), any charges included in an accounting, or charges to either party, that party is entitled to request a third-party review at the requesting party's expense. The review shall be conducted by the department, and the department's determination shall be final.

(a.5) As used in this subsection (2):

(I) "Central administrative overhead costs" means indirect costs incurred in providing:

(A) Services listed under the heading of support services - general administration in the school district chart of accounts as specified by rule of the state board; and

(B) Salaries and benefits for administrative job classifications listed under the headings of support services - business and support services - central in the school district chart of accounts as specified by rule of the state board.

(II) "District per pupil revenues" means the district's total program as defined in section 22-54-103 (6) for any budget year divided by the district's funded pupil count as defined in section 22-54-103 (7) for said budget year.

(II.5) "District per pupil on-line funding" means a school district's on-line funding, as specified in section 22-54-104 (4.5), divided by the district's on-line pupil enrollment for any budget year.

(III) (Deleted by amendment, L. 2010, (HB 10-1013), ch. 399, p. 1913, § 38, effective June 10, 2010.)

(a.7) For the 2000-01 budget year through the 2008-09 budget year, each charter school shall annually allocate the minimum per pupil dollar amount specified in section 22-54-105 (2) (b), multiplied by the number of students enrolled in the charter school who are not students enrolled in an on-line program or an on-line school, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), to a fund created by the charter school for capital reserve purposes, as set forth in section 22-45-103 (1) (c) and (1) (e), or solely for the management of risk-related activities, as identified in section 24-10-115, C.R.S., and article 13 of title 29, C.R.S., or among such allowable funds. Said moneys shall be used for the purposes set forth in section 22-45-103 (1) (c) and (1) (e) and may not be expended by the charter school for any other purpose. Any moneys remaining in the fund that have not been expended prior to the 2009-10 budget year shall be budgeted for the purposes set forth in section 22-45-103 (1) (c) and (1) (e) in the 2009-10 budget year or any budget year thereafter.

(a.8) (I) For the 2000-01 budget year and budget years thereafter, the school district shall provide federally required educational services to students enrolled in charter schools on the same basis as such services are provided to students enrolled in other public schools of the school district. Each charter school shall pay an amount equal to the per pupil cost incurred by the school district in providing federally required educational services, multiplied by the number of students enrolled in the charter school. At either party's request, however, the charter school and the school district may negotiate and include in the charter contract alternate arrangements for the provision of and payment for federally required educational services.

(II) Notwithstanding any provision of subparagraph (I) of this paragraph (a.8) to the contrary, the school district shall calculate the per pupil cost of providing federally required

educational services after subtracting the amount received in federal and state moneys for providing said services.

(a.9) For budget year 2002-03 and budget years thereafter, and in accordance with section 22-30.5-406, the funding provided by a chartering school district to a charter school pursuant to this subsection (2) shall be reduced by the amount of any direct payments of principal and interest due on bonds issued on behalf of a charter school by a governmental entity other than a school district for the purpose of financing charter school capital construction that were made by the state treasurer or the chartering school district on behalf of the charter school.

(b) The charter school, at its discretion, may contract with the school district for the direct purchase of district services in addition to those included in central administrative overhead costs, including but not limited to food services, custodial services, maintenance, curriculum, media services, and libraries. The amount to be paid by a charter school in purchasing any district service pursuant to this paragraph (b) shall be determined by dividing the cost of providing the service for the entire school district, as specified in the school district's budget, by the number of students enrolled in the school district and multiplying said amount by the number of students enrolled in the charter school.

(b.5) (I) The charter school and the school district shall negotiate prior to the beginning of each fiscal year for the payment to the school district of any direct costs incurred by the school district. If the charter school and the school district do not reach agreement regarding the payment of direct costs, the school district shall be barred from withholding from the charter school any moneys as reimbursement for direct costs. The school district shall provide an itemized accounting to each charter school for the direct costs incurred by the school district with the itemized accounting provided pursuant to paragraph (a.4) of this subsection (2).

(II) For purposes of this paragraph (b.5), "direct costs" means the direct costs incurred by a school district solely for the purpose of reviewing charter applications, negotiating the charter contract, and providing direct oversight to charter schools. "Direct costs" shall not include the school district's legal or other costs attributable to litigation or the resolution of a dispute with a charter school.

(c) (I) (Deleted by amendment, L. 2010, (HB 10-1013), ch. 399, p. 1913, § 38, effective June 10, 2010.)

(II) For budget year 2000-01 and budget years thereafter, the amount of funding received by a charter school pursuant to this subsection (2) shall not be less than one hundred percent of the chartering school district's district per pupil revenues, minus up to five percent as provided in subparagraph (III) of paragraph (a) of this subsection (2), multiplied by the number of pupils enrolled in the charter school or as otherwise provided in paragraph (a.3) of this subsection (2) for any charter school chartered by a school district that enrolls five hundred or fewer students.

(III) If a charter school operates a full-day kindergarten program, for purposes of calculating the charter school's funding pursuant to this subsection (2), the number of pupils enrolled in the charter school shall include the supplemental kindergarten enrollment as defined in section 22-54-103 (15).

(d) (Deleted by amendment, L. 2004, p. 1583, § 10, effective June 3, 2004.)

(e) Fees collected from students enrolled at a charter school shall be retained by such charter school.

(3) (a) (I) For the 1999-2000 budget year, notwithstanding subsection (2) of this section, the proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be directed to charter schools enrolling such students by their school districts or administrative units. The proportionate share of moneys generated under other federal or state categorical aid programs shall be directed to charter schools serving students eligible for such aid.

(II) For budget year 2000-01 and budget years thereafter, if the charter school and the school district have negotiated to allow the charter school to provide federally required educational services pursuant to paragraph (a.8) of subsection (2) of this section, the proportionate share of state and federal resources generated by students receiving such

federally required educational services or staff serving them shall be directed by the school district or administrative unit to the charter school enrolling such students.

(III) For budget year 2000-01 and budget years thereafter, the proportionate share of moneys generated under federal or state categorical aid programs, other than federally required educational services, shall be directed to charter schools serving students eligible for such aid; except that a school district that receives small attendance center aid pursuant to section 22-54-122 for a small attendance center that is a charter school shall forward the entire amount of such aid to the charter school for which it was received.

(a.5) Each charter school that serves students who may be eligible to receive services provided through federal aid programs shall comply with all federal reporting requirements to receive the federal aid.

(b) If a student with a disability attends a charter school, the school district of residence shall be responsible for paying any tuition charge for the excess costs incurred in educating the child in accordance with the provisions of section 22-20-109 (5).

(4) The governing body of a charter school is authorized to accept gifts, donations, or grants of any kind made to the charter school and to expend or use said gifts, donations, or grants in accordance with the conditions prescribed by the donor; however, no gift, donation, or grant shall be accepted by the governing body if subject to any condition contrary to law or contrary to the terms of the contract between the charter school and the local board of education.

(4.5) Except as provided in section 22-30.5-112.3 (2) (b), any moneys received by a charter school from any source and remaining in the charter school's accounts at the end of any budget year shall remain in the charter school's accounts for use by the charter school during subsequent budget years and shall not revert to the school district or to the state.

(5) Repealed. / (Deleted by amendment, L. 2004, p. 1583, § 10, effective June 3, 2004.)

(6) (Deleted by amendment, L. 2004, p. 1583, § 10, effective June 3, 2004.)

(7) A charter school shall comply with all of the state financial and budget rules, regulations, and financial reporting requirements with which the chartering school district is required to comply, including but not limited to annual completion of a governmental audit that complies with the requirements of the department.

(8) (a) Notwithstanding any provision of this section to the contrary, a chartering school district, under the circumstances specified in the contract between the school district and the charter school pursuant to section 22-30.5-105 (2) (c) (IV), may withhold a portion of a charter school's monthly payment due pursuant to this section.

(b) The chartering school district may withhold a portion of the payment due to the charter school only until such time as the charter school complies with the financial reporting requirements.

(9) (a) If a charter school determines that its chartering school district has not forwarded to the charter school the amount due to the charter school in accordance with the terms of the charter contract and the provisions of this section, the charter school may seek a determination from the state board regarding whether the chartering school district improperly withheld any portion of the amount due to the charter school. A charter school that chooses to request a determination pursuant to this subsection (9) of issues arising on or after July 1, 2004, shall submit the request within the next fiscal year following the fiscal year in which the chartering school district may have improperly withheld funding; except that, if the charter contract requires the charter school to complete any requirements prior to seeking a determination from the department pursuant to this subsection (9), the charter school shall submit the request no later than the end of the next fiscal year following the fiscal year in which the charter school completes said requirements.

(b) Upon receipt from a charter school of a request for a determination of whether the chartering school district has improperly withheld any portion of the amount due to the charter school, the state board shall direct the department to review the terms of the charter contract and the financial information of the charter school and the chartering school district and make a recommendation to the state board regarding whether the chartering school district improperly withheld any portion of the amount due to the charter school. The department shall request from the chartering school district and the charter school all

information necessary to make the recommendation, including but not limited to audited financial data. The chartering school district and the charter school shall provide the requested information as soon as possible following the request, but in no event later than thirty days after completion of the annual financial audit. The department shall forward its recommendation to the state board within sixty days after receiving all of the requested information from the chartering school district and the charter school.

(c) At the next state board meeting following receipt of the recommendation of the department pursuant to paragraph (b) of this subsection (9), the state board shall issue its decision regarding whether the chartering school district improperly withheld any portion of the amount due to the charter school. If the state board finds that the chartering school district improperly withheld any portion of the amount due to the charter school, the chartering school district shall pay to the charter school, within thirty days after issuance of the decision, the amount improperly withheld. In addition, the chartering school district shall pay the costs incurred by the department in reviewing the necessary information to make its recommendation. If the state board finds that the chartering school district did not improperly withhold any portion of the amount due to the charter school, the charter school shall pay the costs incurred by the department in reviewing the necessary information to make its recommendation.

(d) If the chartering school district fails within the thirty-day period to pay the full amount that was improperly withheld, the charter school may notify the department, and the department shall withhold from the chartering school district's state equalization payment the unpaid portion of the amount improperly withheld by the chartering school district from the charter school and pay the unpaid portion directly to the charter school.

(10) (a) If a charter school determines that a school district has not paid the tuition charge for the excess costs incurred in educating a child with a disability as required in section 22-20-109 (5), the charter school may seek a determination from the state board in accordance with the provisions of subsection (9) of this section.

(b) If the state board determines that the school district has improperly withheld moneys due to the charter school, the school district, within thirty days after the state board's determination, shall pay to the charter school the amount improperly withheld. In addition, the school district shall pay the costs incurred by the department in reviewing the necessary information to make its recommendation. If the school district fails, within the thirty-day period, to pay the full amount that was improperly withheld, the charter school shall notify the department, and the department shall withhold from the school district's state equalization payment the unpaid portion of the amount improperly withheld by the district and pay the unpaid portion directly to the charter school.

(c) If the state board finds that the school district did not improperly withhold any portion of the amount due to the charter school, the charter school shall pay the costs incurred by the department in reviewing the necessary information to make its recommendation.

## ANNOTATION

**The waiver of a transfer policy or funding a transferred student's education in another school in the district are not permitted or contemplated services** within the meaning of subsection (2)(b) of this section or § 22-30.5-104 (7)(b). *Ridgeview Classical Sch. v. Poudre Sch. Dist. R-1*, 214 P.3d 476 (Colo. App. 2008).

**Applied** in *Acad. of Charter Schs. v. Adams Cty. Sch. Dist. No. 12*, 994 P.2d 442 (Colo. App. 1999), *aff'd in part and rev'd in part* on other grounds, 32 P.3d 456 (Colo. 2001).

**22-30.5-112.1. Charter schools - definitions - exclusive jurisdiction districts - authorized on or after July 1, 2004 - financing.** (1) As used in this section, unless the context otherwise requires:

(a) "Adjusted district per pupil revenues" means the qualifying school district's per pupil funding plus the qualifying school district's at-risk per pupil funding.

(b) "At-risk funding" means the amount of funding determined in accordance with the formulas described in section 22-54-104 (4).

(c) "At-risk per pupil funding" means the amount of funding determined in accordance with the following formula:

(The qualifying school district's at-risk funding divided by the qualifying school district's funded pupil count) x (the district charter school's percentage of at-risk pupils divided by the qualifying school district's percentage of at-risk pupils)

(d) "At-risk pupils" shall have the same meaning as provided in section 22-54-103 (1.5).

(e) "Central administrative overhead costs" shall have the same meaning as provided in section 22-30.5-112 (2) (a.5) (I).

(f) "District charter school" means a charter school for which the charter application is approved on or after July 1, 2004, by a qualifying school district.

(g) "District funded pupil count" shall have the same meaning as provided in section 22-54-103 (7).

(h) "District per pupil funding" means a qualifying school district's per pupil funding as determined in accordance with the formula described in section 22-54-104 (3).

(i) "District per pupil on-line funding" means a school district's on-line funding, as specified in section 22-54-104 (4.5), divided by the district's on-line pupil enrollment for any budget year.

(j) "District per pupil revenues" means the qualifying school district's total program, as defined in section 22-54-103 (6), for any budget year divided by the qualifying school district's funded pupil count for said budget year.

(k) "On-line pupil enrollment" means:

(I) Repealed.

(II) For the 2008-09 budget year, and for budget years thereafter, the number of pupils, on the pupil enrollment count day within the applicable budget year, enrolled in, attending, and actively participating in a multi-district on-line school, as defined in section 22-30.7-102 (6), created pursuant to article 30.7 of this title, by the district charter school.

(l) "Pupil enrollment" shall have the same meaning as provided in section 22-54-103 (10).

(m) "Qualifying school district" means a school district:

(I) That has retained exclusive authority to authorize charter schools pursuant to the provisions of section 22-30.5-504; and

(II) In which more than forty percent of the pupil enrollment consists of at-risk pupils.

(2) Notwithstanding the provisions of section 22-30.5-112 (2) (a) to (2) (a.5), (2) (b), (2) (b.5), and (2) (c), the amount of funding to be received by a district charter school, the accounting of central administrative overhead costs between a district charter school and a qualifying school district, and the direct purchase of district services by a district charter school from a qualifying school district shall be determined pursuant to the provisions of this section.

(3) (a) For budget year 2004-05 and budget years thereafter, each district charter school and the qualifying school district that approved the charter shall negotiate funding under the charter contract. The district charter school shall receive one hundred percent of the adjusted district per pupil revenues for each pupil enrolled in the district charter school who is not an on-line pupil and one hundred percent of the district per pupil on-line funding for each on-line pupil enrolled in the district charter school; except that the qualifying school district may choose to retain the sum of the actual amount of the district charter school's per pupil share of the central administrative overhead costs for services actually provided to the district charter school, up to five percent of the adjusted district per pupil revenues for each pupil who is not an on-line pupil enrolled in the district charter school and up to five percent of the district per pupil on-line funding for each on-line pupil enrolled in the district charter school.

(b) Notwithstanding any provision of this subsection (3) to the contrary, if a qualifying school district enrolls five hundred or fewer students, the district charter school shall receive funding in the amount of the greater of one hundred percent of the district per pupil on-line funding for each on-line pupil enrolled in the district charter school plus one hundred percent of the district per pupil revenues for each pupil who is not an on-line pupil enrolled in the district charter school, minus the actual amount of the district charter school's per pupil share of the central administrative overhead costs incurred by the qualifying school district, based on audited figures, or eighty-five percent of the district per pupil revenues for each pupil enrolled in the district charter school who is not an on-line pupil plus eighty-five percent of the district per pupil on-line funding for each on-line pupil enrolled in the district charter school.

(c) If a charter school operates a full-day kindergarten program, for purposes of calculating the charter school's funding pursuant to this subsection (3), the number of pupils enrolled in the charter school shall include the supplemental kindergarten enrollment as defined in section 22-54-103 (15).

(4) Within ninety days after the end of each fiscal year, each qualifying school district shall provide to each district charter school authorized by the qualifying school district an itemized accounting of all its central administrative overhead costs. The actual central administrative overhead costs shall be the amount charged to the district charter school. Any difference, within the limitations specified in subsection (3) of this section, between the amount initially charged to the district charter school and the actual cost shall be reconciled and paid to the owed party.

(5) The district charter school, at its discretion, may contract with the qualifying school district for the direct purchase of district services in addition to those included in central administrative overhead costs, including but not limited to food services, custodial services, maintenance, curriculum, media services, and libraries. The amount to be paid by a district charter school in purchasing any district service pursuant to this subsection (5) shall be

determined through an agreement between the district charter school and the qualifying school district using one of the following methods:

(a) By dividing the cost of providing the service for the entire qualifying school district, as specified in the qualifying school district's budget, by the number of students enrolled in the qualifying school district and multiplying said amount by the number of students enrolled in the district charter school;

(b) By determining the actual costs incurred by the qualifying school district in providing support services; or

(c) By negotiating a services agreement between the district charter school and the qualifying school district pursuant to which multiple services are provided for a fixed cost.

(6) Notwithstanding any other provision of this section to the contrary and for the purposes of this section only, a school district in which more than forty percent of the pupil enrollment consists of at-risk pupils at the time a charter school's application is first approved shall be deemed to have the same percentage of at-risk pupil enrollment for the term of the charter contract. For purposes of renewal of the charter contract, the percentage of at-risk pupils in the school district at the time the renewal application is submitted shall be the percentage used for purposes of determining whether the school district is a qualifying school district and subject to the provisions of this section.

**Source:** **L. 2006:** Entire section added, p. 574, § 5, effective April 24. **L. 2007:** (1)(i) and (1)(k) amended, pp. 1090, 1086, §§ 18, 8, effective July 1. **L. 2009:** (1)(k)(I) repealed, (SB 09-292), ch. 369, p. 1962, § 58, effective August 5. **L. 2012:** (1)(k)(II) amended, (HB 12-1090), ch. 44, p. 150, § 7, effective March 22; (1)(k)(II) amended and (3)(c) added, (HB 12-1240), ch. 258, pp. 1317, 1311, §§ 28, 11, effective June 4.

**Editor's note:** Amendments to subsection (1)(k)(II) by House Bill 12-1090 and House Bill 12-1240 were harmonized.

**22-30.5-112.2. Charter schools - at-risk supplemental aid - definitions - legislative declaration.** (1) As used in this section, unless the context otherwise requires:

(a) "Adjusted district per pupil revenues" has the same meaning as defined in section 22-30.5-112.1 (1) (a).

(b) "ASCENT program" means the accelerating students through concurrent enrollment program created in section 22-35-108.

(c) "At-risk pupils" has the same meaning as defined in section 22-54-103 (1.5).

(d) "District per pupil revenues" has the same meaning as defined in section 22-30.5-112 (2) (a.5) (II).

(e) "Qualifying school district" has the same meaning as defined in section 22-30.5-112.1.

(2) (a) For the 2012-13 budget year and each budget year thereafter, the general assembly shall appropriate to the department of education for allocation to school districts the amount calculated for at-risk supplemental aid for those school districts and district charter schools described in paragraph (b) of this subsection (2). The at-risk supplemental aid is additional funding and does not supplant any other funding provided pursuant to this article.

(b) (I) Each qualifying school district shall receive at-risk supplemental aid if the percentage of at-risk pupils in a district charter school authorized by the qualifying school district prior to July 1, 2004, is less than the percentage of at-risk pupils in the qualifying school district. The amount of the school district's at-risk supplemental aid is equal to the difference between one hundred percent of district per pupil revenues and one hundred percent of adjusted district per pupil revenues for each pupil enrolled in the district charter school, not including on-line pupils or pupils enrolled in the ASCENT program.

(II) Each district charter school in a qualifying school district that was initially authorized prior to July 1, 2004, shall receive at-risk supplemental aid if the percentage of at-risk students in the district charter school exceeds the percentage of at-risk pupils in the qualifying school district. The amount of the district charter school's at-risk supplemental aid is equal to the difference between one hundred percent of adjusted district per pupil

revenues and one hundred percent of district per pupil revenues for each pupil enrolled in the district charter school, not including on-line pupils or pupils enrolled in the ASCENT program. A school district shall pass through one hundred percent of a district charter school's at-risk supplemental aid to the district charter school.

(III) Each district charter school in a school district that is not a qualifying district and whose percentage of at-risk pupils exceeds the percentage of at-risk pupils in the chartering school district shall receive at-risk supplemental aid. The amount of the district charter school's at-risk supplemental aid is equal to the difference between one hundred percent of adjusted district per pupil revenues and one hundred percent of district per pupil revenues for each pupil enrolled in the district charter school, not including on-line pupils or pupils enrolled in the ASCENT program. A school district shall pass through one hundred percent of a district charter school's at-risk supplemental aid to the district charter school.

(3) If the appropriation to the department of education is insufficient to fund one hundred percent of the at-risk supplemental aid calculated pursuant to paragraph (b) of subsection (2) of this section, the department of education shall reduce each school district's and each district charter school's at-risk supplemental aid proportionately.

**Source: L. 2012:** Entire section added, (HB 12-1345), ch. 188, p. 721, § 8, effective May 19.

### **22-30.5-112.3. Charter schools - additional aid from district.**

(1) (a) and (a.5) Repealed.

(a.7) (I) For the 2003-04 budget year and each budget year thereafter, a qualified charter school, as defined in section 22-54-124 (1) (f.6), shall receive state education fund moneys from the school district that granted its charter in an amount equal to the percentage of the district's certified charter school pupil enrollment that is attributable to pupils expected to be enrolled in the qualified charter school multiplied by the total amount of state education fund moneys distributed to the district for the same budget year pursuant to section 22-54-124 (3).

(II) As used in this paragraph (a.7), "pupils" means pupils, other than pupils enrolled in an on-line program or on-line school, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), who are enrolled in a charter school.

(b) Funding received pursuant to paragraph (a), (a.5), or (a.7) of this subsection (1) shall be in addition to any funding provided pursuant to section 22-30.5-112.

(c) A district shall provide funding to each qualified charter school, as defined in section 22-54-124 (1) (f.6), by making a monthly payment to the qualified charter school as soon as possible after the district receives a monthly payment of state education fund moneys pursuant to section 22-54-124 (4).

(2) (a) A charter school shall use moneys it receives pursuant to subsection (1) of this section solely for capital construction, as defined in section 22-54-124 (1) (a).

(b) Notwithstanding the provisions of section 22-30.5-112 (4.5), any moneys received by a charter school pursuant to subsection (1) of this section for the 2001-02 budget year that are not expended by January 31, 2003, shall be transferred back to the state education fund created in section 17 (4) of article IX of the state constitution.

**Source: L. 2001:** Entire section added, p. 348, § 10, effective April 16. **L. 2002:** (1)(a) and (1)(c) amended, p. 1751, § 27, effective June 7. **L. 2003:** (1)(a)(I), (1)(c), and (2) amended and (1)(a.5) added, p. 517, § 8, effective March 5; (1)(a)(I), (1)(b), and (1)(c) amended and (1)(a.7) added, pp. 2133, 2134, §§ 29, 30, effective May 22. **L. 2006:** (1)(a) and (1)(a.5) repealed and (1)(c) amended, p. 606, §§ 21, 22, effective August 7. **L. 2007:** (1)(a.7)(II) amended, p. 1090, § 20, effective July 1. **L. 2010:** (1)(c) amended, (HB 10-1013), ch. 399, p. 1896, § 1, effective June 10. **L. 2012:** (1)(a.7)(II) amended, (HB 12-1240), ch. 258, p. 1317, § 29, effective June 4.

**22-30.5-112.5. Charter schools - transportation plans.** If a charter school's charter or contract includes provision of transportation services by the school district, the charter

school and the school district shall collaborate in developing a transportation plan to use school district equipment to transport students enrolled in the charter school to and from the charter school and their homes and to and from the charter school and any extracurricular activities. The transportation plan may include, but need not be limited to, development of bus routes and plans for sharing the use of school district equipment for the benefit of students enrolled in charter schools of the school district and students enrolled in other schools of the school district.

**22-30.5-113. State board - department of education - duties - charter schools - evaluation - report.** (1) Beginning in the 2004-05 budget year, and at least every three years thereafter, the department shall prepare a report and evaluation for the governor and the house and senate committees on education on the success or failure of charter schools and of institute charter schools authorized pursuant to part 5 of this article, their relationship to other school reform efforts, and suggested changes in state law necessary to strengthen or change the charter school program described in this article.

(2) The state board shall compile evaluations of charter schools received from local boards of education and evaluations of institute charter schools prepared by the state charter school institute created in section 22-30.5-503. The state board shall review information regarding the statutes, regulations, and policies from which charter schools were released pursuant to section 22-30.5-105 and from which institute charter schools were released pursuant to section 22-30.5-508 to determine if the releases assisted or impeded the charter schools or the institute charter schools in meeting their stated goals and objectives.

(3) In preparing the report required by this section, the state board shall compare the performance of charter school pupils and institute charter school pupils with the performance of ethnically and economically comparable groups of pupils in other public schools who are enrolled in academically comparable courses.

**Source: L. 93:** Entire article added, p. 1061, § 1, effective June 3. **L. 98:** (2) repealed, p. 1076, § 6, effective June 1. **L. 2004:** Entire section R&RE, p. 1591, § 26, effective June 3; (1) and (3) amended, p. 1633, § 35, effective July 1.

#### **22-30.5-114. Repeal of part. (Repealed)**

**Source: L. 93:** Entire article added, p. 1061, § 1, effective June 3. **L. 96:** Entire section amended, p. 668, § 7, effective May 2. **L. 98:** Entire section repealed, p. 164, § 1, effective April 6.

**22-30.5-115. Construction of article - severability.** If any provision of this article or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this article that can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.

**Source: L. 96:** Entire section added, p. 755, § 9, effective May 22.

**22-30.5-116. Charter schools - school bullying policies required.** (1) On or before October 1, 2011, each charter school shall adopt and implement a policy concerning bullying prevention and education. Each charter school's policy, at a minimum, shall set forth appropriate disciplinary consequences for students who bully other students and for any person who takes any retaliatory action against a student who reports in good faith an incident of bullying, which consequences shall comply with all applicable state and federal laws.

(2) For the purposes of this section, “bullying” shall have the same meaning as set forth in section 22-32-109.1 (1) (b).

(3) Each charter school is encouraged to ensure that its policy, at a minimum, incorporates the biennial administration of surveys of students’ impressions of the severity of bullying in their schools, as described in section 22-93-104 (1) (c); includes character building; and includes the designation of a team of persons at each school of the school district who advise the school administration concerning the severity and frequency of bullying incidents that occur in the school, which team may include, but need not be limited to, law enforcement officials, social workers, prosecutors, health professionals, mental health professionals, counselors, teachers, administrators, parents, and students.

**Cross references:** (1) For the legislative declaration in the 2012 act amending subsection (2), see section 21 of chapter 188, Session Laws of Colorado 2012.

(2) For the legislative declaration stating the purpose of and the provision directing legislative staff agencies to conduct a post-enactment review pursuant to § 2-2-1201 scheduled in 2016, see sections 21 and 46 of chapter 188, (HB 12-1345), Session Laws of Colorado 2012. To obtain a copy of the review, once completed, view Colorado Legislative Council’s web site.

### **22-30.5-117. Basic skills placement or assessment tests - intervention plans.**

(1) Each charter school that includes any of grades nine through twelve may administer to students enrolled in those grades the basic skills placement or assessment tests that are administered to matriculated first-time freshman students pursuant to section 23-1-113, C.R.S. The charter school may administer the tests to a student at any time and as often as it deems necessary while the student is enrolled in any of grades nine through twelve, but the department of education shall allocate moneys to each charter school to offset the costs incurred in administering each of the test units only once per student while he or she is enrolled in those grades.

(2) If a charter school chooses to administer the basic skills placement or assessment tests, each student’s individual career and academic plan shall include the scores achieved by the student on the basic skills placement or assessment tests and, based on an analysis of the scores, the student’s level of postsecondary and workforce readiness at the time he or she takes the tests. If a student’s scores indicate that he or she is at risk of being unable to demonstrate postsecondary and workforce readiness prior to or upon graduating from high school, school personnel shall work with the student and the student’s parent or legal guardian to create an intervention plan that identifies the necessary courses and education support services the student requires to be able to achieve postsecondary and workforce readiness prior to or upon graduating from high school and to be prepared to continue into the postsecondary education option, if any, selected by the student in his or her individual career and academic plan without need for remedial educational services. If appropriate, the charter school, the student, and the student’s parent or legal guardian may choose to enroll the student in one or more basic skills courses at an institution of higher education through the “Concurrent Enrollment Programs Act”, article 35 of this title, if the student is enrolled in twelfth grade.

## PART 2

## CHARTER SCHOOL DISTRICTS

**22-30.5-201 to 22-30.5-209. (Repealed)**

**Editor's note:** (1) This part 2 was added in 1996. For amendments to this part 2 prior to its repeal in 2003, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) Section 22-30.5-209 provided for the repeal of this part 2, effective July 1, 2003. (See L. 96, p. 667.)

## PART 3

## INDEPENDENT CHARTER SCHOOLS

**22-30.5-301. Legislative declaration.** (1) The general assembly hereby finds that section 2 of article IX of the state constitution requires the general assembly to provide for the establishment and maintenance of a thorough and uniform system of free public schools. The state therefore has an obligation to ensure that every student has a chance to attend a school that will provide an opportunity for a quality education. If a school is not providing a thorough and adequate education, as determined by the annual performance review conducted by the department pursuant to section 22-11-210, the state has an obligation to the students enrolled in that school to make changes to ensure that they have an opportunity to receive a quality education comparable to students in other public schools in the state.

(2) Therefore, the general assembly finds it necessary to establish a system for independent charter schools to operate within local school buildings when school districts have failed to provide adequate educational opportunities.

**Source:** L. 2000: Entire part added, p. 351, § 8, effective April 10. L. 2009: (1) amended, (SB 09-163), ch. 293, p. 1536, § 29, effective May 21.

**22-30.5-302. Definitions.** As used in this part 3, unless the context otherwise requires:

(1) "Applicant" means the person or group of persons submitting a proposal for an independent charter to operate an independent charter school pursuant to the provisions of this part 3. An "applicant" may include, but shall not be limited to, an individual, a group of individuals, a nonprofit or for-profit company, an existing public school, a school district, or an institution of higher education.

(2) "Commissioner" means the commissioner of education appointed pursuant to section 22-2-110.

(3) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(4) "Independent charter" means the agreement between a local board of education and an independent charter school governing the existence and operation of the independent charter school.

(5) "Independent charter proposal" means a proposal for the operation of an independent charter school submitted in response to a request for proposals pursuant to the provisions of this part 3.

(6) "Independent charter school" means a charter school approved pursuant to this part 3 that is a public school of a school district.

(7) "Local board of education" means the board of education of the school district in which the independent charter school is or is proposed to be located.

(8) "State board" means the state board of education created pursuant to section 1 of article IX of the state constitution.

**Source:** L. 2000: Entire part added, p. 351, § 8, effective April 10.

**22-30.5-303. Independent charter schools - request for proposals - response contents.** (1) Whenever the state board determines that it is necessary to recommend conversion of a public school to an independent charter school to a local board of education pursuant to the provisions of section 22-11-210 (5), the state board shall issue a request for proposals pursuant to subsection (2) of this section and supervise the appointment of a review committee pursuant to section 22-30.5-304.

(2) (a) If an independent charter school is to be organized, the state board, on or before January 15 of the year in which the independent charter school is to open, shall cause to be issued a request for proposals. The request for proposals shall solicit proposals from interested parties, including but not limited to individuals, persons, nonprofit or for-profit companies, existing public schools or school districts, and institutions of higher education, for the operation of an independent charter school within a building that currently houses a public school of a school district. Responses to the request for proposals shall be due no later than the date specified by the state board pursuant to rules adopted by the state board in accordance with paragraph (b) of this subsection (2). The state board shall issue the request for proposals without regard to the provisions of the "Procurement Code", articles 101 to 112 of title 24, C.R.S.

(b) The state board shall adopt rules specifying a schedule for receipt of the responses to the request for proposals pursuant to paragraph (a) of this subsection (2), the formation of a review committee and receipt of the recommendations of said committee pursuant to section 22-30.5-304, and the selection of an applicant and notification to the local board of education pursuant to section 22-30.5-305. Said schedule shall ensure the completion of negotiations on the independent charter no later than May 30 of the year in which the independent charter school is to open. The rules shall also specify the information that an independent charter proposal shall include in order to be eligible for consideration. Such information shall include, but need not be limited to, the following:

(I) Demonstrable evidence that the applicant for the independent charter has prior experience in improving the academic performance of students;

(II) The goals, objectives, and student performance standards to be achieved by the independent charter school, including but not limited to the measures for the performance indicators specified in section 22-11-204;

(III) A description of the independent charter school's educational program, student performance standards, annual targets for the measures used to determine the levels of attainment of the performance indicators specified in section 22-11-204, and curriculum, which shall meet or exceed the state model content standards adopted pursuant to part 4 or part 10 of article 7 of this title and shall be designed to enable each student to achieve such standards and targets;

(IV) A description of the independent charter school's plan for evaluating student performance, the types of assessments that shall be used to measure student progress toward achievement of the school's student performance standards and the targets for the measures used to determine the levels of attainment of the performance indicators, including but not limited to the statewide assessments administered under the Colorado student assessment program pursuant to section 22-7-409, the timeline for achievement of the school's student performance standards and the targets, and the procedures for taking corrective action in the event that student performance at the independent charter school fails to meet such standards and targets;

(V) Evidence that the applicant is economically sound, including balance sheets and operating statements for recent years of operation when appropriate, a proposed budget for the term of the independent charter, and a description of the manner in which an annual audit of the financial and administrative operations of the independent charter school is to be conducted;

(VI) A list of the rules and statutory requirements for which the independent charter school is requesting a waiver and an explanation of the manner in which the independent charter school shall comply with the intent of any rule or statutory requirement that is waived;

(VII) A description of the governance and operation of the independent charter school;

(VIII) An explanation of the relationship that will exist between the independent charter school and its employees;

(IX) The employment policies of the independent charter school;

(X) How the independent charter school will handle legal liability between the school and the school district and any applicable insurance coverage;

(XI) A description of how the independent charter school plans to meet the transportation needs of its students and, if the independent charter school plans to provide transportation for its students, a plan for addressing the transportation needs of low-income students;

(XII) A description of the independent charter school's enrollment policy, consistent with the requirements of section 22-30.5-104 (3), and the criteria for enrollment decisions, which shall include offering enrollment to students already enrolled in the school and students who would be assigned to the school under school district policy.

(c) If the commissioner finds that the information in any independent charter proposal is incomplete, the commissioner shall request the information necessary to complete the minimum requirements for the proposal.

**Source: L. 2000:** Entire part added, p. 352, § 8, effective April 10. **L. 2001:** (2)(a) and IP(2)(b) amended, p. 357, § 21, effective April 16. **L. 2003:** (2)(a) and IP(2)(b) amended, p. 730, § 3, effective March 20. **L. 2009:** (1), (2)(b)(II), (2)(b)(III), and (2)(b)(IV) amended, (SB 09-163), ch. 293, p. 1536, § 30, effective May 21.

**22-30.5-304. Review committee - membership - recommendations.** (1) Whenever an independent charter school is to be organized pursuant to this part 3, on or before the date specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b), the commissioner shall cause a review committee to be formed. The review committee shall consist of:

(a) The commissioner or a designee of the commissioner, who shall chair the review committee but shall be a nonvoting member of the committee;

(b) A member of the board of education of the school district in which the school is geographically located who shall be the member elected from the director district in which the school is geographically located, if members of the board are elected from director districts, or the member who resides closest to the school, if members are not elected from director districts;

(c) (I) A licensed professional employed at the school who is elected by a vote of all licensed professionals who provide instruction at the school or have an office in the school.

(II) The election required by this paragraph (c) shall be conducted during the month specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b).

(d) (I) Two parents of students enrolled in the school who are members of the school accountability committee and are elected by a vote of the members of the school accountability committee.

(II) The election required by this paragraph (d) shall be conducted during the month specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b).

(e) (I) A principal of a school at the same elementary, middle, or high school level as the independent charter school that is to be organized, appointed by the governor.

(II) In appointing a principal pursuant to this paragraph (e), the governor shall appoint a principal of a public school that received the highest possible accreditation rating pursuant to the accreditation policy implemented pursuant to section 22-11-307 by the public school's local board of education or by the state charter school institute, whichever is applicable, for the immediately preceding school year.

(f) (I) A teacher in a school at the same elementary, middle, or high school level as the independent charter school that is to be organized, appointed by the governor.

(II) In appointing a teacher pursuant to this paragraph (f), the governor shall appoint a teacher from a public school that received the highest possible accreditation rating pursuant to the accreditation policy implemented pursuant to section 22-11-307 by the public school's local board of education or by the state charter school institute, whichever is applicable; and

(g) A business representative, appointed by the governor, who resides in the neighborhood of the school.

(2) The committee shall meet by call of the chair of the review committee as needed to review the proposals received in response to the request for proposals issued pursuant to section 22-30.5-303. The committee shall evaluate the proposals and, on or before the date specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b), shall forward to the state board all proposals and its recommendations on each proposal. The committee may make recommendations on applicants without regard to the provisions of the "Procurement Code", articles 101 to 112 of title 24, C.R.S.

**Source: L. 2000:** Entire part added, p. 353, § 8, effective April 10. **L. 2001:** IP(1), (1)(c)(II), (1)(d)(II), and (2) amended, p. 357, § 22, effective April 16; (1)(e)(II) and (1)(f)(II) amended, p. 1499, § 24, effective June 8. **L. 2009:** (1)(d)(I), (1)(e), and (1)(f) amended, (SB 09-163), ch. 293, p. 1537, § 31, effective May 21; (1)(d)(I) amended, (SB 09-090), ch. 291, p. 1443, § 15, effective August 5.

**22-30.5-305. Independent charter schools - selection.** (1) On or before the date specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b), the state board shall select an applicant to recommend to the local board of education. The state board may select the applicant without regard to the provisions of the "Procurement Code", articles 101 to 112 of title 24, C.R.S.

(2) On or before the date specified by rule adopted by the state board in accordance with section 22-30.5-303 (2) (b), the commissioner shall forward to the local board of education a copy of the selected applicant's response to the request for proposals.

(3) The commissioner or the commissioner's designee shall assist the selected applicant in negotiating an independent charter with the local board of education pursuant to section 22-30.5-306.

**Source: L. 2000:** Entire part added, p. 355, § 8, effective April 10. **L. 2001:** (1) and (2) amended, p. 358, § 23, effective April 16.

**22-30.5-306. Independent charter schools - charter - term.** (1) The response to the request for proposals forwarded by the commissioner pursuant to section 22-30.5-305 (2) shall constitute the application for a charter pursuant to section 22-30.5-106. Notwithstanding the time limit established in section 22-30.5-107 (1), the local board of education shall consider the application for the upcoming school year.

(2) With the assistance from the commissioner or the commissioner's designee, the selected applicant and the local board of education shall negotiate the terms of the independent charter, which may be different from or in addition to the terms of the response to the request for proposals; except that:

(a) The independent charter school shall be entitled to use the school building in which the public school that is subject to conversion was operated. The independent charter school and the local board of education shall negotiate an amount of rent to be paid, which shall be not more than twelve dollars per year, and all other costs for the operation and maintenance of the building and related facilities.

(b) The term of the independent charter school's charter shall be four years.

(3) (a) On or before May 30 of the year in which the independent charter school is to open, all negotiations between the selected applicant and the local board of education shall be concluded and the local board of education shall accept the application following a public hearing held upon public notice.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (3), if, during the year prior to the year in which the independent charter school is to open, the school is

required to implement a priority improvement plan, an improvement plan, or a performance plan pursuant to section 22-11-405, 22-11-404, or 22-11-403, respectively, the local board of education and the applicant may jointly agree to allow the school to remain under the administration of the local board of education.

(4) Except as specifically provided in this part 3, an independent charter school shall be entitled to all of the rights granted by and subject to the obligations imposed by section 22-30.5-104.

(5) (a) (Deleted by amendment, L. 2009, (SB 09-163), ch. 293, p. 1538, § 32, effective May 21, 2009.)

(b) Repealed.

**Source: L. 2000:** Entire part added, p. 355, § 8, effective April 10. **L. 2001:** (3)(a) amended, p. 358, § 24, effective April 16; (2)(a), (3)(b), and (5) amended, p. 1499, § 25, effective June 8. **L. 2002:** (5)(b) repealed, p. 1019, § 29, effective June 1. **L. 2003:** (3)(a) amended, p. 730, § 4, effective March 20. **L. 2009:** (2)(a), (3)(b), and (5)(a) amended, (SB 09-163), ch. 293, p. 1538, § 32, effective May 21.

### **22-30.5-307. Independent charter schools - expiration - renewal - conversion.**

(1) If an independent charter school is required pursuant to section 22-11-210 to implement a turnaround plan during the third year of the school's independent charter, the state board shall issue a new request for proposals pursuant to section 22-30.5-303 (2), and a new independent charter school application process shall commence.

(2) If an independent charter school is required to implement a priority improvement plan, improvement plan, or performance plan pursuant to section 22-11-405, 22-11-404, or 22-11-403, respectively, during the third year of the school's independent charter, the parents and legal guardians of the students enrolled at the independent charter school shall decide by majority vote whether, at the expiration of the independent charter school's charter, the school shall apply for a renewal of the independent charter or shall seek to become a regular school of the school district in which the independent charter school is located.

(3) The independent charter school shall arrange for an election to decide which of the options specified in subsection (2) of this section the school shall pursue. The election shall be conducted during the month of September of the fourth school year of the independent charter. All parents and legal guardians of students enrolled in the independent charter school on the date of the election and for at least thirty days prior to the election shall be eligible to vote in the election conducted pursuant to this subsection (3).

(4) If a majority of the parents and legal guardians vote in favor of renewing the independent charter application, the renewal process shall be governed by section 22-30.5-110. If a majority of the parents and legal guardians vote in favor of becoming a regular school of the school district, the independent charter school's charter shall not be renewed, and the operation of the school shall return to the local board of education.

**22-30.5-308. Independent charter schools - employee options - financing options - guidelines.** (1) The provisions of section 22-30.5-111 shall apply to employees of an independent charter school.

(2) The provisions of section 22-30.5-112 shall govern the financing of independent charter schools.

**Source: L. 2000:** Entire part added, p. 357, § 8, effective April 10.

## PART 4

## CHARTER SCHOOL CAPITAL FACILITIES FINANCING ACT

**22-30.5-401. Short title.** This part 4 shall be known and may be cited as the “Charter School Facilities Financing Act”.

**Source: L. 2002:** Entire part added, p. 1753, § 31, effective June 7.

**22-30.5-402. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) The “Charter Schools Act”, part 1 of this article, was enacted by the general assembly without providing a method for funding the capital construction needs of charter schools;

(b) Since the enactment of the “Charter Schools Act”, the general assembly has enacted legislation requiring a portion of the moneys in the state education fund to be distributed to charter schools for use in funding capital construction, but such moneys are not sufficient to fully meet the capital construction needs of charter schools;

(c) Pursuant to Senate Bill 01-237, enacted at the first regular session of the sixty-third general assembly, the general assembly declared its intent to establish a method for funding the capital construction needs of charter schools that is equitable, withstands constitutional challenge, and promotes cooperation between charter schools and their authorizing school districts and encouraged representatives of local boards of education, school district administrators, charter schools, the business community, and any other interested persons to meet and develop a comprehensive legislative proposal for funding the capital construction needs of charter schools for consideration by the sixty-third general assembly at the 2002 regular session.

(2) The general assembly further finds and declares that this part 4 is the product of legislative examination and modification of a comprehensive legislative proposal that resulted from meetings of representatives of local boards of education, school district administrators, charter schools, the business community, and any other interested persons and represents a comprehensive legislative proposal for funding the capital construction needs of charter schools that is equitable, withstands constitutional challenge, and promotes cooperation between charter schools and their authorizing school districts.

**Source: L. 2002:** Entire part added, p. 1753, § 31, effective June 7.

**22-30.5-403. Definitions.** As used in this part 4, unless the context otherwise requires:

(1) “Board of education” or “board” means a school district board of education.

(2) “Budget year” means the period beginning on July 1 of each year and ending on the following June 30 for which a budget for a district is adopted.

(3) “Charter school” means a charter school as described in section 22-30.5-104, and also includes a nonprofit corporation exempt from taxation under section 501 (c) (3) of the federal “Internal Revenue Code of 1986”, as amended, that owns a facility used for occupancy by pupils enrolled or to be enrolled in a charter school on behalf of a charter school and that was created for the sole purpose of holding title to such facility.

(4) “Charter school capital construction” or “capital construction” means constructing, demolishing, remodeling, financing, or refinancing the acquisition of land, buildings, or facilities used for occupancy by pupils enrolled in or to be enrolled in a charter school or an institute charter school. The term also includes actions taken to achieve the purposes set forth in section 22-42-102 (2) (a) (I) to (2) (a) (V), (2) (a) (VII), and (2) (a) (VIII).

(5) “Charter school per pupil facilities aid program moneys” means state education fund moneys to be distributed to charter schools and institute charter schools for capital construction pursuant to section 22-54-124.

(5.5) “Institute charter school” means a charter school authorized by the state charter school institute pursuant to part 5 of this article, and also includes a nonprofit corporation

exempt from taxation under section 501 (c) (3) of the federal “Internal Revenue Code of 1986”, as amended, that owns, on behalf of an institute charter school, a facility used for occupancy by pupils enrolled or to be enrolled in the institute charter school, which nonprofit corporation was created for the sole purpose of holding title to the facility.

(6) “School district” or “district” means a school district organized and existing pursuant to law; except that the term does not include a junior college district.

(7) “Special mill levy” means a mill levy authorized by section 22-30.5-405.

**Source: L. 2002:** Entire part added, p. 1754, § 31, effective June 7. **L. 2009:** (4) and (5) amended and (5.5) added, (SB 09-089), ch. 440, p. 2439, § 6, effective June 4; (4) amended, (SB 09-176), ch. 247, p. 1113, § 1, effective August 5.

**Editor’s note:** Amendments to subsection (4) by Senate Bill 09-176 and Senate Bill 09-089 were harmonized.

**22-30.5-404. Needs-based inclusion of charter schools in district bond elections - eligibility - allocation of bond revenues.** (1) (a) In enacting this section, it is the intent of the general assembly to respect the principle of school district local control and to encourage school districts and charter schools to work together to ensure that the capital construction needs of charter schools can be met. Accordingly, nothing in this section shall be construed to limit in any way the existing ability of any school district to include a charter school in any local bond elections or to otherwise assist a charter school in financing its capital construction needs in any legal manner mutually agreed upon by the school district and the charter school.

(b) A school district shall allow for representation by charter schools on the school district’s long-range planning committee and any committee established by the school district to assess and prioritize the district’s capital construction needs and shall notify charter schools of the committee’s meeting schedule. Charter schools shall cooperate in determining the person or persons who will represent the interests of charter schools on the committee.

(c) Each school district that is considering submitting any question of contracting bonded indebtedness to the eligible electors of the district at an upcoming election shall invite each charter school chartered by the district to participate in discussions regarding the possible submission of such a question at the earliest possible time but no later than June 1 of the applicable election year, and each school district is encouraged to voluntarily include funding for the capital construction needs of charter schools in the district’s questions of contracting bonded indebtedness without requiring a charter school to comply with the capital construction plan submission process set forth in subsection (3) of this section.

(2) A charter school that has capital construction needs may seek to obtain moneys to fund such capital construction needs by requesting that the board of education of its chartering school district:

(a) Include the charter school’s capital construction needs as part of a ballot question for approval of bonded indebtedness to be submitted by the district to the voters of the district; or

(b) Submit a ballot question for approval of a special mill levy to the voters of the district pursuant to section 22-30.5-405.

(3) A charter school that seeks to have its capital construction needs included as part of a ballot question to be submitted by the board of education of its chartering school district to the voters of the district or that seeks to obtain funding for its capital construction needs through the imposition of a special mill levy pursuant to section 22-30.5-405 shall submit a capital construction plan to the board of education of its chartering school district. The plan shall include:

(a) A statement of reasons why the capital construction to be financed by bonded indebtedness or a special mill levy is necessary;

(b) A description of the capital construction to be financed by bonded indebtedness or revenues from a special mill levy;

(c) A description of the architectural, functional, and construction standards that meet applicable state building code requirements and are to be applied to each facility that is the subject of the capital construction project;

(d) An estimate of the total cost of completing the capital construction to be financed by bonded indebtedness or a special mill levy and, if any moneys other than proceeds of bonded indebtedness or a special mill levy and interest earned on such proceeds are to be used to finance the capital construction, a breakdown of the moneys that will be used to finance the capital construction;

(e) An estimate of the amount of time needed to complete the capital construction;

(f) A statement addressing whether construction and renovation, payment of overrun costs, and other capital construction project issues are to be managed by the charter school or the district, with costs for management to be negotiated by the charter school and the district;

(g) A statement of reasons why revenue sources other than bonded indebtedness or a special mill levy are inadequate to fully finance the capital construction; and

(h) A statement of the charter school's preferred means of obtaining moneys.

(4) (a) (I) The board of education of a school district shall review a capital construction plan submitted by a charter school pursuant to subsection (3) of this section and determine the priority of the charter school capital construction need in relation to the capital construction needs of other schools in the district. If the charter school's capital construction plan remedies shortcomings in the charter school's facilities identified in the financial assistance priority assessment of public school facilities created pursuant to section 22-43.7-108, or, when the assessment created pursuant to section 22-43.7-108 is no longer valid, in another assessment using similar criteria for all schools in the district, the board of education shall prioritize a charter school's capital construction needs in the school district's long-range plan and include those needs in the current ballot question in the upcoming election if the charter school's facility needs receive a higher priority assessment than the other schools in the district.

(II) Notwithstanding the provisions of this subsection (4) concerning the prioritization of a charter school's capital construction plan and inclusion in a district ballot question for approval of bonded indebtedness, the board of education of a school district and a charter school may agree to an alternative financial plan that addresses a charter school's facilities needs, including retiring financial obligations or bonds previously issued for the benefit of the charter school.

(III) (A) Nothing in this subsection (4) shall require a school district to prioritize the capital construction plan of a charter school that is on probation with the district or that has been authorized within the previous five years.

(B) The board of education of a school district may require a charter school to certify that school construction to be financed with bond proceeds in accordance with this section will remediate a shortcoming in the charter school's facilities identified pursuant to section 22-43.7-108, and that any construction will conform to any construction guidelines established pursuant to 22-43.7-107.

(C) Notwithstanding the provisions of sub-subparagraph (A) of this subparagraph (III), the board of education of a school district and a charter school may agree to reserve or escrow funds for the benefit of the charter school.

(IV) The board of education shall notify the charter school in writing whether the school district has prioritized the charter school's capital construction needs for inclusion in the ballot question at the upcoming election no later than sixty days prior to the date by which the school district is required to certify the ballot question to the county clerk and recorder.

(b) If the board has prioritized the charter school capital construction needs pursuant to paragraph (a) of this subsection (4) for inclusion in the ballot question at the upcoming election, the board shall include the charter school's capital construction in the same ballot question being submitted by the district for approval of bonded indebtedness in accordance with subsection (5) of this section.

(c) If the board has not prioritized the charter school's capital construction needs for inclusion in the ballot question at the upcoming election, the board shall provide the charter

school with a written statement specifying the reasons for excluding the needs, and the charter school shall have an opportunity to address any issues raised by the board.

(5) When a district includes a charter school's capital construction in a district ballot question seeking approval of bonded indebtedness:

(a) (Deleted by amendment, L. 2009, (SB 09-176), ch. 247, p. 1113, § 2, effective August 5, 2009.)

(b) The board and the charter school shall agree to the process by which the bond proceeds and investment and interest earnings on such proceeds shall be distributed to the charter school prior to submitting the ballot question to the voters of the school district;

(c) The investment and interest earnings on bond proceeds shall be distributed on a pro rata basis to the participating charter school after management fees have been collected; and

(d) The costs of submitting the ballot question shall be borne by both the district and the charter school in proportion to their respective portions of the total bond proceeds to be received unless the board and the charter school agree to a different cost-sharing arrangement.

(5.5) If a charter school requests that a school district submit a ballot question for approval of a special mill levy to the voters of the district pursuant to section 22-30.5-405, the charter school shall agree to pay all costs of submitting the ballot question. Notwithstanding this requirement, if the board of the district submits a separate special mill levy ballot question on the same ballot as a ballot question for approval of bonded indebtedness, the costs of submitting the special mill levy ballot question shall be borne as agreed upon by the school district and the charter school.

(6) (a) Notwithstanding any other provision of this section, no bonds shall be issued for the purpose of financing charter school capital construction unless the charter school that is to receive bond proceeds and the district have entered into a contract specifying that, if the charter school's charter is revoked or not renewed, the charter school becomes insolvent and can no longer operate as a charter school, or the charter school otherwise ceases to operate, following payment of all other debts secured by the capital construction, the ownership of any capital construction financed by the bond proceeds shall automatically revert to the school district.

(b) The charter school shall not encumber any capital construction financed by bond revenues with any additional debt without the express approval of the school district. If the school district denies approval, the school district shall provide written reasons for such denial.

**Source: L. 2002:** Entire part added, p. 1754, § 31, effective June 7. **L. 2009:** (1), (4), (5), and (6) amended and (5.5) added, (SB 09-176), ch. 247, p. 1113, § 2, effective August 5.

**22-30.5-405. Mill levy for charter school capital construction.** (1) With the agreement of all charter schools that will receive the revenues generated by a special mill levy, the board of education of any school district shall, at any time at which a ballot issue arising under section 20 of article X of the state constitution may be decided, submit to the eligible electors of the district the question of whether to impose a mill levy of a stated amount and for a stated duration for the purpose of financing capital construction for one or more charter schools chartered by the district. When a mill levy for more than one year has been approved, the board shall, without calling an election, decrease the amount or duration of the mill levy as necessary to avoid excessive collections as each capital construction project financed by the mill levy is completed or the financing for such capital construction has been paid by the taxpayers of such school district. If the board is required to submit the ballot question for a mill levy pursuant to section 22-30.5-404 (4), the board shall consult with all affected charter schools that will receive the revenues generated by the special mill levy before determining the amount and duration of the special mill levy. The board of education of any school district has the discretion to combine the ballot question for a mill levy with any other tax question that the school district is submitting to the eligible electors of the district or to submit the ballot question as a separate question.

(2) Any election called pursuant to subsection (1) of this section shall be conducted pursuant to the provisions of articles 1 to 13 of title 1, C.R.S. The costs of the election shall be borne by each charter school that is to receive revenues generated by the mill levy in proportion to the amount of revenues it is to receive unless other cost-sharing arrangements are agreed to by the charter schools and, if the school district submitting the ballot question agrees to bear any of the costs of the election and is not prohibited from bearing such costs by section 22-30.5-404 (4) (b), the district.

(3) If the majority of votes cast at an election held pursuant to this section are in favor of the question, the mill levy of the district for charter school capital construction shall be as so approved by the eligible electors of the district and taxes shall be levied as so approved.

(4) Notwithstanding the provisions of section 22-30.5-404 (4) and any other provisions of this section, no mill levy shall be imposed pursuant to this section to benefit a charter school unless the charter school and the district have entered into a contract specifying to whom the ownership of any capital construction financed by the mill levy shall revert if the charter school loses its charter, fails to pay for the capital construction to be financed by revenues from the mill levy, or becomes insolvent and can no longer operate as a charter school.

(5) (Deleted by amendment, L. 2009, (SB 09-176), ch. 247, p. 1117, § 3, effective August 5, 2009.)

**Source: L. 2002:** Entire part added, p. 1757, § 31, effective June 7. **L. 2009:** (1) and (5) amended, (SB 09-176), ch. 247, p. 1117, § 3, effective August 5.

**22-30.5-406. Direct payment of charter school bonds by the state treasurer and school districts.** (1) (a) For the purpose of enhancing the ability of a charter school or an institute charter school to obtain favorable financing terms on bonds issued on behalf of the charter school or institute charter school by a governmental entity other than a school district for the purpose of financing charter school capital construction, a charter school that is entitled to receive moneys from the state public school fund pursuant to part 1 of this article, or an institute charter school that is entitled to receive moneys from the state public school fund pursuant to part 5 of this article, may request that the state treasurer make direct payments of principal and interest on the bonds on behalf of the charter school or institute charter school. The charter school or institute charter school shall specify the amount of each payment to be made.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), if the state treasurer concludes that the amount of moneys from the state public school fund that a charter school or an institute charter school will receive pursuant to part 1 or part 5 of this article for any given budget year will be less than the amount of the payments specified by the charter school or institute charter school pursuant to paragraph (a) of this subsection (1) that will be due during the budget year, the state treasurer shall not agree to make direct payments on behalf of the charter school or institute charter school.

(c) (I) In the case of a charter school authorized by a school district board of education, the state treasurer shall withhold the amount of any direct payments made on behalf of a charter school plus administrative costs associated with the making of direct payments in an amount agreed upon by the state treasurer and the charter school from the payments to the chartering district of the state share of the district's total program made pursuant to article 54 of this title. The state treasurer shall notify the chief financial officers of the chartering district and the charter school of any amount of moneys withheld and the chartering district shall reduce the amount of funding it provides to the charter school by said amount. Any administrative costs withheld by the state treasurer pursuant to this subparagraph (I) shall be credited to the charter school financing administrative cash fund, which fund is hereby created. Moneys in the fund shall be continuously appropriated to the state treasurer for the direct and indirect costs of the administration of this section. Moneys in the charter school financing administrative cash fund shall remain in the fund and shall not revert to the general fund at the end of any fiscal year.

(II) In the case of an institute charter school, the state treasurer shall withhold the amount of any direct payments made on behalf of an institute charter school plus administrative costs associated with the making of direct payments in an amount agreed upon by the state treasurer and the institute charter school from the payments to the state charter school institute made by the department of education pursuant to article 54 of this title. The state treasurer shall notify the department of education, the state charter school institute, and the chief financial officer of the institute charter school of any amount of moneys withheld. Any administrative costs withheld by the state treasurer pursuant to this subparagraph (II) shall be credited to the charter school financing administrative cash fund created pursuant to subparagraph (I) of this paragraph (c).

(d) The state treasurer shall establish the procedures necessary to implement this subsection (1) and may promulgate rules for that purpose. Any rules shall be promulgated in accordance with article 4 of title 24, C.R.S.

(e) This subsection (1) shall not be construed to require the state to continue the payment of state assistance to any school district or to the state charter school institute or to limit or prohibit the state from repealing or amending any law relating to the amount of state assistance to school districts or the state charter school institute or the manner or timing of the payment of such assistance. This subsection (1) shall not be construed to create a debt of the state or any state financial obligation whatsoever with respect to any bonds issued on behalf of a charter school or an institute charter school by a governmental entity other than a school district for the purpose of financing charter school capital construction within the meaning of any state constitutional provision or to create any liability except to the extent provided in this subsection (1).

(2) (a) If the state treasurer does not agree to make direct payments of principal and interest on bonds on behalf of a charter school or an institute charter school pursuant to subsection (1) of this section because the charter school or institute charter school is not entitled to receive moneys from the state public school fund pursuant to part 1 or part 5 of this article or because the state treasurer has concluded that the amount of moneys from the state public school fund that the charter school or institute charter school will receive pursuant to part 1 or part 5 of this article for any given budget year will be less than the amount of the direct payment specified by the charter school or institute charter school that will be due during the budget year, the charter school may request that its chartering district, or the institute charter school may request that the state charter school institute, make direct payments of principal and interest on the bonds on behalf of the charter school or the institute charter school. The charter school or the institute charter school shall specify the amount of each payment to be made.

(b) (I) Notwithstanding the provisions of paragraph (a) of this subsection (2), if the board of education of a chartering district concludes that the total amount of moneys that a charter school will receive for any given budget year from the district pursuant to the operating contract between the district and the charter school will be less than the amount of the payments specified by the charter school pursuant to paragraph (a) of this subsection (2) that will be due during the budget year, the chartering district shall not agree to make direct payments on behalf of the charter school.

(II) Notwithstanding the provisions of paragraph (a) of this subsection (2), if the governing board of the state charter school institute concludes that the total amount of moneys that an institute charter school will receive for any given budget year from the state charter school institute pursuant to the charter contract between the state charter school institute and the institute charter school will be less than the amount of the payments specified by the institute charter school pursuant to paragraph (a) of this subsection (2) that will be due during the budget year, the governing board shall not agree to make direct payments on behalf of the institute charter school.

(c) (I) A chartering district shall withhold the amount of any direct payments made on behalf of a charter school plus administrative costs associated with the making of direct payments in an amount agreed upon by the chartering district and the charter school from the funding provided by the district to the charter school pursuant to part 1 of this article.

(II) The state charter school institute shall withhold the amount of any direct payments made on behalf of an institute charter school plus administrative costs associated with the

making of direct payments in an amount agreed upon by the state charter school institute and the institute charter school from the funding provided by the institute to the institute charter school pursuant to part 5 of this article.

(d) This subsection (2) shall not be construed to create a debt of any chartering district or the state charter school institute or any district or institute obligation whatsoever with respect to any lease agreement or installment purchase agreement entered into by a charter school or institute charter school within the meaning of any state constitutional provision or to create any liability except to the extent provided in this subsection (2).

(3) In accordance with section 11 of article II of the state constitution, the state hereby covenants with the purchasers of any outstanding bonds issued on behalf of a charter school or an institute charter school by a governmental entity in reliance upon this section that it will not repeal, revoke, or rescind the provisions of this section or modify or amend the same so as to limit or impair the rights and remedies granted by this section. However, nothing in this subsection (3) shall be deemed or construed to require the state to continue the payment of state assistance received by charter schools or institute charter schools or to limit or prohibit the state from repealing, amending, or modifying any law relating to the amount of state assistance received by charter schools or institute charter schools or the manner of payment or timing thereof. Nothing in this section shall be deemed or construed to create a debt of the state with respect to such bonds or other obligations within the meaning of any state constitutional provision or to create any liability except to the extent provided in this section.

**22-30.5-407. State charter school debt reserve fund - creation - use of fund moneys - legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) The state charter school debt reserve fund created by this section is intended to enhance the ability of any qualified charter school that chooses to finance capital construction with revenues from bonds issued on behalf of the qualified charter school by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., to obtain such financing on favorable terms by providing a source of moneys that can be used to make bond payments if the qualified charter school fails to make such payments;

(b) It is appropriate for state education fund moneys to be appropriated to the state charter school debt reserve fund and it is also appropriate for those qualified charter schools that receive more favorable financing terms that result in interest rate savings due to the existence of and reliance upon the state charter school debt reserve fund and the provisions of section 22-30.5-408 with respect to such bonds to pay a portion of their resulting savings to the state charter school debt reserve fund and for all charter schools to bear the risk of having charter school per pupil facilities aid program moneys withheld to replenish the state charter school debt reserve fund in the event that moneys from the state charter school debt reserve fund are expended to make bond payments.

(2) (a) There is hereby created in the state treasury the state charter school debt reserve fund. The fund shall consist of the following moneys:

(I) One million dollars that are hereby appropriated from the state education fund to the state charter school debt reserve fund on July 1, 2002;

(II) Moneys credited to the state charter school interest savings account of the fund pursuant to subsection (3) of this section;

(III) Moneys transferred from the state education fund to the state charter school debt reserve fund pursuant to paragraph (d) of subsection (4) of this section; and

(IV) Moneys credited to the fund by the state treasurer pursuant to section 22-30.5-408 (2) (c) (II).

(b) There is hereby created within the state charter school debt reserve fund the state charter school interest savings account. The account shall consist of moneys credited to the

account by the state treasurer pursuant to subsection (3) of this section and any interest and income derived from the deposit and investment of moneys in the account.

(c) All interest and income derived from the deposit and investment of moneys in the state charter school debt reserve fund shall be credited to the state education fund; except that all interest and income derived from the deposit and investment of moneys in the state charter school interest savings account shall be credited to the account in accordance with paragraph (b) of this subsection (2). At the end of any fiscal year, all unexpended and unencumbered moneys in the state charter school debt reserve fund and the account shall remain in the fund and the account respectively.

(d) All moneys credited to the state charter school debt reserve fund or expended from the fund, other than moneys credited to or expended from the state charter school interest savings account, are moneys originally credited to the state education fund and are therefore, in accordance with section 17 (3) of article IX of the state constitution and section 22-55-103 (5), exempt from:

(I) The limitation on state fiscal year spending set forth in section 20 (7) (a) of article X of the state constitution and section 24-77-103, C.R.S.; and

(II) The limitation on local government fiscal year spending set forth in section 20 (7) (b) of article X of the state constitution.

(3) (a) A qualified charter school that chooses to finance capital construction with revenues from bonds issued on behalf of the qualified charter school by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., shall pay to the state treasurer, on an annual basis, commencing and calculated on the date of issuance of the bonds and on each one-year anniversary of the issuance of the bonds thereafter while the bonds remain outstanding, an amount equal to ten basis points of the principal amount of the bonds outstanding as of each calculation date, and such amount shall be deemed to be the amount of any interest rate savings resulting from more favorable financing terms attributable to the reliance upon the state charter school debt reserve fund and the provisions of section 22-30.5-408 with respect to such bonds. Each annual payment of ten basis points shall be prorated and payable in equal installments among the debt service payments required of the qualified charter school, with respect to the qualified charter school bonds issued for its benefit, during the twelve months following the annual computation date. The state treasurer shall credit any payment received pursuant to this paragraph (a) to the state charter school interest savings account.

(b) The state treasurer may require each qualified charter school that makes required payments to the state treasurer pursuant to paragraph (a) of this subsection (3) to pay a fee to the state treasurer to defray any direct and indirect administrative costs incurred by the state treasurer in executing duties required by this section. The state treasurer shall deposit any fees received into the state charter school interest savings account of the state charter school debt reserve fund.

(4) (a) Moneys in the state charter school debt reserve fund are hereby continuously appropriated to the state treasurer, who shall expend such moneys solely for the purpose of paying principal and interest on bonds issued on behalf of a qualified charter school by the Colorado educational and cultural facilities authority and only if:

(I) The state treasurer has been notified and has confirmed, in accordance with paragraph (b) of this subsection (4), that the qualified charter school has expended all moneys in its own debt service reserve fund or account that has been funded with proceeds derived from the issuance of the bonds and is unable to make bond payments; and

(II) The qualified charter school has made payments to the state treasurer as required by subsection (3) of this section.

(a.5) Notwithstanding the provisions of paragraph (a) of this subsection (4), fees deposited into the state charter school interest savings account of the state charter school debt reserve fund pursuant to paragraph (b) of subsection (3) of this section may be expended by the state treasurer for the purpose of defraying any direct and indirect administrative costs incurred by the state treasurer in executing duties required by this section.

(b) Whenever the trustee responsible for making payments to the holders of any qualified charter school bonds, as defined in section 22-30.5-408 (1) (d), issued on behalf

of a qualified charter school by the Colorado educational and cultural facilities authority has not received payment of principal or interest on the bonds on the tenth business day immediately prior to the date on which such payment is due and the debt service reserve fund for the qualified charter school has been depleted, the trustee shall so notify the state treasurer and the qualified charter school by telephone, facsimile, or other similar communication, followed by written verification, of such payment status. The state treasurer shall immediately contact the qualified charter school and determine whether the qualified charter school will make the payment by the date on which it is due and, if the state treasurer confirms that the qualified charter school will not make the payment, the state treasurer shall make the payment.

(c) The state treasurer shall expend all moneys in the state charter school interest savings account before expending any other moneys in the state charter school debt reserve fund. If a qualified charter school defaults on a payment with respect to outstanding qualified charter school bonds, as defined in section 22-30.5-408 (1) (d), and the amounts of such payment defaults exceed the amounts available in the state charter school interest savings account and the state charter school debt reserve fund, moneys from the account and the fund shall be allocated pro rata among the qualified charter school bonds that will have a default in the payment of principal or interest based on the ratio that the payment default on each series of such bonds bears to the total payment defaults on all series of such qualified charter school bonds.

(d) If the state treasurer expends moneys from the portion of the state charter school debt reserve fund that is not the state charter school interest savings account or if the state treasurer expends moneys from the state charter school interest savings account for purposes other than the payment of the administrative costs of the state treasurer, the state treasurer shall withhold charter school per pupil facilities aid program moneys to the extent necessary to restore that portion of the state charter school debt reserve fund, by the transfer of all withheld amounts from the state education fund to that portion of the state charter school debt reserve fund, to a one million dollar balance and to the extent necessary to restore the state charter school interest savings account, by the transfer of all withheld amounts from the state education fund to the state charter school interest savings account, to the balance prior to expenditure of moneys from the account, in accordance with the following requirements:

(I) Each qualified charter school that has had bonds issued on its behalf by the Colorado educational and cultural facilities authority that have relied upon the state charter school debt reserve fund and the provisions of section 22-30.5-408, shall have its payments reduced by the same percentage and by a maximum of fifty percent.

(II) If, in any given fiscal year, the state treasurer determines that after withholding the maximum amount of charter school per pupil facilities aid program moneys that may be withheld pursuant to subparagraph (I) of this paragraph (d) the portion of the state charter school debt reserve fund that is not the state charter school interest savings account will not be restored to a one million dollar balance or the state charter school interest savings account will not be restored to the balance in the account prior to the state treasurer's expenditure of moneys from the account, each charter school that is not relying upon the state charter school debt reserve fund and the provisions of section 22-30.5-408 with respect to bonds issued on its behalf by the Colorado educational and cultural facilities authority shall have its payment reduced by the same percentage and by a maximum of ten percent.

(5) This section shall not be construed to create any state debt, to require the state to make any bond payments on behalf of any qualified charter school from any source of state moneys other than the state charter school debt reserve fund, or to require the state to fully pay off any outstanding bonds of a qualified charter school that cannot make scheduled bond payments.

(6) For purposes of this section, "qualified charter school" means a qualified charter school as defined in section 22-30.5-408 (1) (c).

(7) A qualified charter school that chooses to finance capital construction with revenues from bonds issued on behalf of the qualified charter school by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., shall request that the state treasurer make direct payments of principal and interest on the bonds on behalf of the

qualified charter school in accordance with section 22-30.5-406 (1). If the state treasurer does not agree to make direct payments and the qualified charter school is a district charter school, the qualified charter school shall request that its chartering district make direct payments in accordance with section 22-30.5-406 (2). If the state treasurer does not agree to make direct payments and the qualified charter school is an institute charter school, the qualified charter school shall request that the state charter school institute make direct payments of principal and interest on the bonds on behalf of the institute charter school.

(8) This section shall only apply to bonds issued by the Colorado educational and cultural facilities authority in reliance upon the provisions of section 22-30.5-408 (2).

(9) This section is in addition to, and not in limitation of, the powers granted to the Colorado educational and cultural facilities authority pursuant to article 15 of title 23, C.R.S., to finance the costs of facilities of charter schools.

(10) In accordance with section 11 of article II of the state constitution, the state hereby covenants with the purchasers of any outstanding bonds issued in reliance upon the existence of the state charter school interest savings account that the state will not repeal, revoke, or rescind the provisions of this part 4 concerning the account or modify or rescind the same so as to limit or impair the rights and remedies granted by this section to the purchasers of such bonds and that any moneys in the account shall not revert to the general fund.

**Source: L. 2002:** Entire part added, p. 1760, § 31, effective June 7. **L. 2003:** Entire section amended, p. 1798, § 2, effective May 21. **L. 2004:** (7) amended, p. 1634, § 37, effective July 1. **L. 2006:** (4)(b), (4)(c), and (6) amended, p. 1493, § 25, effective June 1. **L. 2011:** (2)(a)(IV) added and IP(4)(d) and (4)(d)(II) amended, (SB 11-188), ch. 186, p. 712, §§ 1, 2, effective July 1.

**22-30.5-408. Replenishment of qualified charter school debt service reserve funds - additional responsibilities - state treasurer - qualified charter schools - definitions.**

(1) As used in this section:

(a) “Charter school debt service reserve fund” means a reasonably required debt service reserve fund or account that has been funded with proceeds derived from the issuance of qualified charter school bonds or other moneys of the qualified charter school.

(b) “Investment grade” means debt obligations that are rated in one of the four highest investment rating categories by one or more nationally recognized rating agencies.

(b.5) “Maximum principal outstanding” means the aggregate outstanding principal amount of bonds for which moneys may be appropriated pursuant to paragraph (a) of subsection (2) of this section.

(c) “Qualified charter school” means a charter school that is described in section 22-30.5-104 or an institute charter school as that term is defined in section 22-30.5-502 that has a stand-alone credit assessment or rating of at least investment grade by a nationally recognized rating agency at the time of issuance of any qualified charter school bonds on behalf of the charter school by the Colorado educational and cultural facilities authority pursuant to the “Colorado Educational and Cultural Facilities Authority Act”, article 15 of title 23, C.R.S., and that has been certified as a qualified charter school by the state treasurer.

(d) “Qualified charter school bonds” means bonds that are issued by the Colorado educational and cultural facilities authority for the purpose of financing a facility to be used for occupancy by pupils enrolled in a qualified charter school and are secured by the state charter school debt reserve fund created by section 22-30.5-407 (2) and the provisions of this section.

(e) “Qualified charter school debt service reserve fund requirement” means the level of funding required for a qualified charter school debt service reserve fund as specified in the trust indenture or resolution pursuant to which qualified charter school bonds have been issued, which level of funding shall be no less than the maximum annual principal and interest requirement for the allocable portion of the qualified charter school bonds issued for the benefit of the qualified charter school; except that an amount equal to the qualified charter school debt service reserve fund may be subtracted from the final principal payment for the allocable portion of the qualified charter school bonds issued for the benefit of the

qualified charter school when determining the maximum annual principal and interest requirement amount.

(f) "Rating agency" means any nationally recognized statistical rating organization as defined under rule 2a-7 of the "Securities Exchange Act of 1934", as amended, 17 CFR 270.2a-7 (a) (17).

(1.5) (a) The Colorado educational and cultural facilities authority shall develop and publicly disclose the application requirements for the qualified charter school, the application and processing timeline, and all issuer fees and expenses that will apply to the transaction.

(b) The Colorado educational and cultural facilities authority shall not charge a qualified charter school for which it issues bonds pursuant to section 22-30.5-407 an annual fee after the issuance of the bonds occurs; except that this paragraph (b) shall not be construed to prohibit the authority from charging a qualified charter school for fees and expenses incurred in the enforcement of covenants or remedies.

(2) (a) If the Colorado educational and cultural facilities authority has issued qualified charter school bonds on behalf of any qualified charter school that fails immediately to restore its qualified charter school debt service reserve fund to the applicable qualified charter school debt service reserve fund requirement, the board of directors of the authority shall submit to the governor a certificate certifying any amount of moneys required to restore the qualified charter school debt service reserve fund to the applicable qualified charter school debt service reserve fund requirement. The governor shall submit a request for appropriations in an amount sufficient to restore any or all qualified charter school debt reserve funds to their respective qualified charter school debt service reserve fund requirements and the general assembly may, but shall not be required to, appropriate moneys for said purpose. If, in its sole discretion, the general assembly appropriates any moneys for said purpose, the aggregate outstanding principal amount of bonds for which moneys may be appropriated for said purpose shall not exceed four hundred million dollars.

(b) Any moneys appropriated for the purpose of restoring any qualified charter school debt service reserve fund to its qualified charter school debt service reserve fund requirement shall be deposited into the applicable qualified charter school debt service reserve fund.

(c) (I) Upon the expenditure of moneys from the state charter school debt reserve fund or the state charter school interest savings account of the fund by the state treasurer, the state treasurer may file a lien on behalf of the state on the property securing the bonds for which the qualified charter school debt reserve fund is expended in an amount equal to the amount of moneys expended from the state charter school debt reserve fund or the state charter school interest savings account; except that such lien shall not be on a parity with or superior to any lien then secured by the property, including any lien securing such qualified charter school bonds.

(II) Any net proceeds from the sale of property securing the bonds for which the qualified charter school debt reserve fund is established shall be used to reimburse the state treasurer for any costs incurred in connection with the sale of such property. The state treasurer shall credit any additional net proceeds from the sale of such property to the state charter school debt reserve fund to restore the fund to a balance of one million dollars. The state treasurer shall credit any remaining net proceeds from the sale of such property to the state charter school interest savings account in the state charter school debt reserve fund.

(d) Upon the expenditure of moneys from the state charter school debt reserve fund or the state charter school interest savings account of the fund by the state treasurer, a qualified charter school shall provide the state treasurer with at least the following information:

(I) A copy of any official statement or other offering document for the issuance or incurrence of the financial obligation of the qualified charter school;

(II) A copy of any filings or correspondence with the federal internal revenue service with respect to the issuance or incurrence, including, if applicable, a copy of each form 8038 or form 8038G;

(III) A copy of the continuing disclosure undertaking; and

(IV) Any other information that is described in the state public financing policy promulgated pursuant to section 24-36-121 (5), C.R.S., related to the issuance or incurrence.

(2.7) A qualified charter school that has financed capital construction with qualified charter school bonds shall confirm a stand-alone credit assessment or rating of at least investment grade by a nationally recognized rating agency on its outstanding qualified charter school bonds at the time of the issuance of any new charter school bonds.

(3) This section shall not be construed to create any debt of the state or any state financial obligation whatsoever within the meaning of any state constitutional provision or to create any state liability whatsoever.

(4) The general assembly hereby finds and declares that its intent in enacting this section is to support charter schools and charter school capital construction by helping qualified charter schools that choose to have the Colorado educational and cultural facilities authority issue qualified charter school bonds on their behalf obtain more favorable financing terms for the bonds.

**Editor's note:** Subsection (4) was originally enacted as subsection (3) in House Bill 03-1021, but has been renumbered on revision for ease of location.

**22-30.5-409. Annual reports on bonds issued on behalf of charter schools - review by state auditor.** (1) Prior to January 30, 2003, and prior to January 30 of each year thereafter, the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., shall submit a report to the state auditor that includes information concerning the issuance of qualified charter school bonds, as defined in section 22-30.5-408 (1) (d), that have resulted in charter schools obtaining more favorable financing terms by reliance on the existence of the state charter school debt reserve fund created in section 22-30.5-407 (2) (a) and the potential replenishment of the state charter school debt reserve fund pursuant to section 22-30.5-408 (2) (a). Such report shall include, but need not be limited to:

(a) The total amount of such qualified charter school bonds issued during the most recently completed calendar year;

(b) The charter schools on whose behalf such qualified charter school bonds were issued;

(c) An itemization of the charter school facilities for which such qualified charter school bonds were issued, the total cost of each such charter school facility, and the percentage of the total cost of each such facility to be paid from the proceeds obtained from the issuance of such qualified charter school bonds;

(d) The investment ratings of such qualified charter school bonds;

(e) The total amount of net and gross proceeds obtained from the issuance of such qualified charter school bonds during the most recently completed calendar year;

(f) The total amount of such outstanding qualified charter school bonds;

(g) The total amount of annual installments of principal and interest on such qualified charter school bonds that were scheduled to be paid during the most recently completed calendar year, the total amount of such annual installments actually paid during the most recently completed calendar year, and the total amount of such annual installments scheduled to be paid during the current calendar year and future calendar years;

(h) The total amount, if any, of moneys expended from each charter school's own debt service reserve fund or account during the most recently completed calendar year for the purpose of paying principal and interest on such qualified charter school bonds; and

(i) The total amount, if any, of moneys expended from the state charter school debt reserve fund during the most recently completed calendar year for the purpose of paying principal and interest on such qualified charter school bonds.

(2) No later than March 1, 2002, and no later than March 1 each year thereafter, the state auditor shall examine the report submitted in accordance with subsection (1) of this section and, upon completion of such review, shall report any findings regarding said submitted report to the education committees of the senate and the house of representatives, the legislative audit committee, the capital development committee, the joint budget committee, and the department of education.

## PART 5

### INSTITUTE CHARTER SCHOOLS

**22-30.5-501. Legislative declaration.** (1) The general assembly hereby finds, determines, and declares that:

(a) There is a growing demand for more charter schools in the state;

(b) There is an underserved population of at-risk students in the state, for whom innovative educational models are needed.

(2) The intent of the general assembly in establishing the state charter school institute pursuant to this part 5 is to:

(a) Provide an alternative mode of authorizing charter schools as a means to assist school districts in utilizing best practices for chartering schools and to approve and oversee charter schools in school districts not desiring to do so themselves; and

(b) Preserve the authority of a school district to authorize charter schools, at the school district's option.

**Source: L. 2004:** Entire part added, p. 1594, § 1, effective July 1.

**22-30.5-502. Definitions.** As used in this part 5, unless the context otherwise requires:

(1) "At-risk student" means a student:

(a) Who is eligible to receive free or reduced-cost lunch pursuant to the provisions of the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.; or

(b) Who has performed at the proficiency level of "unsatisfactory" or "partially proficient" on a statewide assessment.

(2) "Board of cooperative services" means a board of cooperative services as defined in section 22-5-103 (2).

(2.5) "Bullying" shall have the same meaning as set forth in section 22-32-109.1 (1) (b).

(3) "Commissioner" means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.

(4) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(4.5) "Education management provider" means a nonprofit, not-for-profit, or for-profit entity that contracts with an institute charter school to provide, manage, or oversee all or substantially all of the educational services provided by the institute charter school.

(5) "Institute board" means the governing board of the state charter school institute that is appointed pursuant to section 22-30.5-505 (2).

(6) "Institute charter school" means a charter school authorized pursuant to this part 5.

(7) "Local board of education" or "local board" means a school district board of education.

(8) "Moratorium" means a school district's official policy of refusing to authorize charter schools and an ongoing pattern or practice of refusing to accept or review charter school applications.

(9) "On-line pupil" means:

(a) For the 2007-08 budget year, a child who receives educational services predominantly through an on-line program or on-line school created pursuant to article 30.7 of this title;

(b) For the 2008-09 budget year, and for each budget year thereafter, a child who receives educational services predominantly through a multi-district on-line school, as defined in section 22-30.7-102 (6), created pursuant to article 30.7 of this title.

(9.5) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(10) "School district" means a school district organized and existing under the laws of Colorado, except a junior college district.

(10.5) "School food authority" means:

(a) A school district or the state charter school institute;

(a.3) A charter school collaborative formed pursuant to section 22-30.5-603;

(a.5) A board of cooperative services created pursuant to article 5 of this title that elects to operate as a school food authority pursuant to section 22-5-120; or

(b) A district charter school or an institute charter school that:

(I) The commissioner or his or her designee provisionally authorizes as a school food authority pursuant to section 22-32-120 (6); or

(II) The department of education authorizes as a school food authority pursuant to section 22-32-120 (5).

(11) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(12) "State charter school institute" or "institute" means the entity created pursuant to section 22-30.5-503.

**Cross references:** (1) For the legislative declaration in the 2012 act amending subsection (2.5), see section 21 of chapter 188, Session Laws of Colorado 2012.

(2) For the legislative declaration stating the purpose of and the provision directing legislative staff agencies to conduct a post-enactment review pursuant to § 2-2-1201 scheduled in 2016, see sections 21 and 46 of chapter 188, (HB 12-1345), Session Laws of Colorado 2012. To obtain a copy of the review, once completed, view Colorado Legislative Council's web site.

**22-30.5-503. State charter school institute - establishment - rules.** (1) (a) There is established, as an independent agency in the department of education, the state charter school institute. The institute shall exercise its powers and perform its duties and functions as if it were transferred to the department by a **type 1** transfer under the provisions of the "Administrative Organization Act of 1968", article 1 of title 24, C.R.S.

(b) In addition to any other powers or duties granted by law to the institute, the institute shall:

(I) Review institute charter school applications and assist in the establishment of institute charter schools throughout the state;

(II) Assist in the conversion of a school district charter school to an institute charter school pursuant to section 22-30.5-510 (1);

(III) Approve or deny institute charter school applications and revoke, renew, or refuse to renew institute charter school contracts; and

(IV) Monitor the operations of institute charter schools and the academic achievement of students attending institute charter schools, including compliance with applicable state and federal accountability requirements.

(c) The institute is authorized to enter into contracts or service agreements with any public or private contractor to provide administrative services or technical assistance to institute charter schools pursuant to this part 5. Any such contract or service agreement shall also include provisions establishing liquidated damages and penalties for failure to comply with the terms and conditions of the contract and shall be in accordance with rules promulgated by the institute board.

(2) It is the intent of the general assembly that the institute shall exist to model best practices in authorizing charter schools and make those practices available to school districts.

(3) For purposes of federal law, the state charter school institute shall be a local educational agency, deemed to be a public authority legally constituted within the state for the administrative control and direction of, and to perform a service function for, public elementary schools and secondary schools in the state.

(3.5) (a) The state charter school institute may act as the local education agency and fiscal agent for purposes of grant management and liability for a district charter school, an institute charter school, or a consortium of charter schools that chooses to apply for a grant through a nonformulaic, competitive grant program created by a federal or state statute or program; except that the provisions of this subsection (3.5) shall not apply to an application for:

(I) A grant program created in the federal “Individuals with Disabilities Education Act”, 20 U.S.C. sec. 1400 et seq., as amended, or in its implementing regulations.

(II) (Deleted by amendment, L. 2011, (HB11-1089), ch. 55, p. 147, 1, effective March 25, 2011.)

(b) In acting as a local education agency and fiscal agent for purposes of grant management and liability pursuant to this subsection (3.5), the institute shall treat district charter schools and institute charter schools equally.

(c) The institute board, by rule, may establish a fee that a district charter school, an institute charter school, or a consortium of charter schools shall pay if it requests that the institute act as the local education agency and fiscal agent for purposes of grant management and liability for the charter school or consortium of charter schools pursuant to this subsection (3.5). The amount of the fee shall not exceed the direct costs incurred by the institute in implementing the provisions of this subsection (3.5). Any amount received by the institute from fees paid pursuant to this subsection (3.5) is continuously appropriated to the institute for the costs incurred in implementing this subsection (3.5). The institute board shall adopt rules as necessary to implement the provisions of this subsection (3.5).

(d) The state board shall promulgate rules to establish processes, guidelines, and eligibility for a single school or consortium of schools to apply for grants and programs pursuant to this section.

(4) For purposes of the “Exceptional Children’s Educational Act”, article 20 of this title, the state charter school institute shall be considered an administrative unit, responsible for assisting in the delivery of federally required services to students enrolled in institute charter schools. The institute may provide or contract for the provision of services to a student enrolled in an institute charter school.

(5) The state charter school institute shall be responsible for monitoring the fiscal management of each institute charter school. Each institute charter school shall annually provide to the institute the results of an independent financial audit of the institute charter school. The institute shall report to the state board the same financial information in the same format that school districts are required to report to the state board pursuant to this title. Institute charter schools shall compile and report to the institute the same financial information in the same format that charter schools are required to report to school districts pursuant to part 1 of this article.

(6) The institute and institute charter schools shall be deemed part of the thorough and uniform system of free public schools to be established and maintained by the general assembly, as required in section 2 of article IX of the state constitution. The state board shall

have general supervision of institute charter schools, as required in section 1 of article IX of the state constitution.

(7) The institute, by virtue of its functions and duties, shall not be deemed to be a school district for any purpose.

(8) The institute and the institute board are agencies of the state for purposes of the public records provisions of part 2 of article 72 of title 24, C.R.S., and state public bodies for purposes of the open meetings provisions of part 4 of article 6 of title 24, C.R.S.

**Source:** **L. 2004:** IP(1)(b) amended, p. 1591, § 24, effective June 3; entire part added, p. 1596, § 1, effective July 1. **L. 2008:** (1)(b)(II) amended and (8) added, p. 495, 487, §§ 9, 1, effective April 17. **L. 2010:** (3.5) added, (SB 10-161), ch. 250, p. 1116, § 5, effective August 11. **L. 2011:** (3.5)(a) amended, (HB 11-1089), ch. 55, p. 147, § 1, effective March 25; (3.5)(d) added, (HB 11-1277), ch. 306, p. 1504, § 30, effective August 10. **L. 2012:** (3.5) amended, (SB 12-121), ch. 177, p. 637, § 5, effective May 11.

**22-30.5-503.5. School response framework.** The state charter school institute shall establish a school response framework that complies with the provisions of section 22-32-109.1 (4) for each state charter school.

**Source:** **L. 2008:** Entire section added, p. 804, § 4, effective May 14.

**Cross references:** For the legislative declaration contained in the 2008 act enacting this section, see section 1 of chapter 215, Session Laws of Colorado 2008.

**22-30.5-504. Institute chartering authority - institute charter schools - exclusive authority - retention - recovery - revocation.** (1) The institute shall be authorized to approve or deny an application submitted for the establishment of an institute charter school pursuant to this part 5.

(2) An institute charter school applicant may submit an application to the institute only if the school district in which the institute charter school is to be located has not retained exclusive authority to authorize charter schools as provided in subsection (5) of this section. If a school district has not retained exclusive authority to authorize charter schools as provided in subsection (5) of this section, the school district and the institute shall have concurrent authority to authorize charter schools and institute charter schools, respectively, to be located within the geographic boundaries of the school district. The school district shall monitor and oversee all charter schools authorized by the school district as provided in part 1 of this article. The institute shall monitor and oversee all institute charter schools authorized by the institute as provided in this part 5.

(3) Nothing in this part 5 shall be construed to eliminate the ability of a school district to authorize charter schools pursuant to part 1 of this article. A school district shall retain the authority to re-authorize and to oversee any charter school which it has authorized, except with respect to any charter school that is converted to an institute charter school pursuant to section 22-30.5-510.

(4) (a) A local board of education may seek to retain or recover exclusive authority to authorize charter schools within the geographic boundaries of the school district by presenting to the state board, on or before March 1 of the fiscal year prior to that for which the exclusive authority is to apply, a written resolution adopted by the local board of education indicating the intent to retain or recover exclusive authority to authorize charter schools. The written resolution shall be accompanied by a written description of those portions of subsection (5) of this section that the local board of education intends to demonstrate. The local board of education shall provide a complete copy of the resolution, including the description, to each charter school authorized by the local board on or before the date the local board submits the resolution to the state board. The state board shall determine within sixty days after receiving the resolution whether to grant the local board of education exclusive authority. If the state board denies the local board exclusive authority

to authorize charter schools within the geographic boundaries of the school district, it shall provide to the local board of education a written explanation of the basis for the denial.

(b) A party may challenge the grant of exclusive authority made by the state board pursuant to subsection (5) of this section by filing with the state board a notice of challenge within thirty days after the state board grants exclusive authority. The notice shall be accompanied by a specific written description, with supporting documentation, of the basis for the challenge. The challenging party, at the time of filing notice with the state board, shall provide a copy of the notice of challenge, with the written description of the basis and supporting documentation, to the local board of education that has been granted exclusive authority. The state board shall permit the local board the opportunity to appear at a public hearing and respond to the challenge and shall permit the challenger the opportunity at the public hearing to rebut any arguments made by the local board. If the local board of education intends to respond to the challenge, it shall submit a copy of its response in writing, with supporting documentation, to the challenging party and the state board at least fifteen days prior to the public hearing. The state board shall make a determination upon the challenge within sixty days after receipt of the notice of challenge. In announcing its determination, the state board shall provide a written explanation of the basis for its decision to either grant or deny to the local board exclusive authority to authorize charter schools within the geographic boundaries of the school district.

(c) If a local board of education recovers exclusive authority pursuant to this section to authorize charter schools within the geographic boundaries of the school district, any institute charter schools authorized within the geographic boundaries of the school district prior to the date on which the local board of education recovered exclusive authority shall continue to be authorized by and accountable to the institute; except that an institute charter school that is converted to a district charter school pursuant to subsection (10) of this section shall be accountable to the local board of education.

(d) Each local board of education that has been granted, prior to or on or after April 17, 2008, exclusive authority to charter schools within the geographic boundaries of the school district shall retain exclusive authority until the local board of education voluntarily relinquishes the exclusive authority or the state board of education revokes the exclusive authority pursuant to the provisions of subsection (7.5) of this section. A local board of education that voluntarily relinquishes exclusive authority may regain exclusive authority by applying pursuant to the provisions of this subsection (4).

(5) (a) The state board shall grant to a local board of education exclusive authority to authorize charter schools within the geographic boundaries of the school district if the state board determines, after adequate notice and in a public hearing and after receiving input from any charter schools authorized by the local board of education, that the local board can show a recent pattern of providing fair and equitable treatment to its charter schools through the local board's demonstration of:

(I) Full compliance with the provisions of the "Charter Schools Act", part 1 of this article, which includes, at a minimum:

(A) Compliance with full and accurate accounting practices and charges for central administrative overhead costs;

(B) Compliance with sections 22-30.5-112 and 22-30.5-112.1, which permit a charter school to purchase, at its discretion, certain services or a combination of services;

(C) The absence of a school district moratorium regarding charter schools or the absence of any district-wide charter school enrollment limits; and

(D) Compliance with valid orders of the state board; and

(II) Any combination of the following:

(A) The distribution to charter schools authorized by the local board of a pro rata share of mill levy overrides, except for any mill levied for a particular purpose that by its express terms is intended to benefit a grade, a program, or a school and, as a result, is not available to be offered to any charter school that did not participate in the mill levy proceeds;

(B) The provision of assistance to charter schools to meet their facilities needs, by including those needs in local bond issues or otherwise providing available land and facilities that are comparable to those provided to other public school students in the same grade levels within the school district;

(C) The distribution to charter schools authorized by the local board of a pro rata share of federal and state grants received by the school district, except for any grant received for a particular purpose that by its express terms is intended to benefit a student population not able to be served by, or a program not able to be offered at, a charter school which did not receive a proportionate share of such grant proceeds;

(D) The provision of adequate staff and other resources to serve charter schools authorized by the local board, which services are provided by the school district at a cost to the charter schools that does not exceed their actual cost to the school district, or, in the case of federally required educational services, the amount specified in section 22-30.5-112 (2) (a.8);

(E) The lack of a policy or practice of imposing individual charter school enrollment limits, except as otherwise provided in article 36 of this title; or

(F) The provision of an adequate number of educational choice programs to serve students exercising their rights to transfer pursuant to the "No Child Left Behind Act of 2001", Public Law 107-110, and a history of charter school approval that encourages programs that serve at-risk student populations.

(b) Notwithstanding any other provision of this subsection (5) to the contrary, the state board shall grant to a local board of education exclusive authority to authorize charter schools within the geographic boundaries of the school district if the local board certifies that:

(I) The total pupil enrollment of the school district is less than three thousand pupils.

(II) (Deleted by amendment, L. 2008, p. 487, § 2, effective April 17, 2008.)

(c) Notwithstanding any other provision of this subsection (5), the state board shall not deny exclusive authority to a local board of education based upon a school district moratorium regarding charter schools that was in existence prior to July 1, 2004, but was repealed on or before October 1, 2004.

(d) If the state board denies the exclusive authority of a local board of education to authorize charter schools within the geographic boundaries of the school district, the local board may reapply to retain or recover exclusive authority as provided in subsection (4) of this section as soon as the local board determines it has resolved the issue that was the basis for the denial.

(6) For local boards of education that have no discernable history of considering charter school applications or authorizing charter schools, the state board shall grant exclusive authority if the local board demonstrates its compliance with the provisions of sub-subparagraphs (C) and (D) of subparagraph (I) of paragraph (a) of subsection (5) of this section and presents to the state board a plan to implement a combination of the authorizing practices described in paragraph (a) of subsection (5) of this section.

(7) A grant of exclusive authority by the state board shall continue so long as a local board of education continues to comply with the provisions of subsection (5) of this section, and the local board need not reapply; except that a local board of education that retains exclusive authority pursuant to paragraph (b) of subsection (5) of this section shall reapply for exclusive authority if the criteria specified in said paragraph (b) no longer apply to the school district.

(7.5) (a) A charter school, a charter school applicant, or an organization that represents charter schools may request revocation of a local board of education's exclusive authority to authorize charter schools within the geographic boundaries of the school district by filing a request for revocation with the state board. A charter school may request revocation of the exclusive authority only of its chartering local board. A charter applicant may request revocation of the exclusive authority only of a local board of education to which it may apply for a charter.

(b) A charter school, a charter school applicant, or an organization that represents charter schools may request revocation of a local board of education's exclusive authority only on the grounds that the local board, since the date that the local board received exclusive authority, has demonstrated a pattern of failing to comply with one or more of the provisions of the "Charter Schools Act", part 1 of this article. A charter school, a charter school applicant, or an organization that represents charter schools may not request revocation of a local board of education's exclusive authority solely on the basis of:

(I) The local board's refusal of a charter application; or

(II) An action by the local board that a charter school or a charter school applicant may appeal to the state board pursuant to section 22-30.5-108, unless the action would otherwise constitute grounds for denial or revocation of exclusive authority.

(c) To request revocation of a local board of education's exclusive authority, a charter school, a charter school applicant, or an organization that represents charter schools shall file a notice of request for revocation with the state board, accompanied by a specific written description, with supporting documentation, of the basis for the request. The requesting party, at the time of filing the notice with the state board, shall provide a copy of the notice of request for revocation and the basis for the request, with the supporting documentation, to the affected local board of education. The state board shall permit the local board the opportunity to appear at a public hearing and respond in writing to the request for revocation and shall permit the requesting party the opportunity at the public hearing to rebut any arguments made by the local board. If the local board intends to respond to the request for revocation, it shall submit a copy of its response in writing, with supporting documentation, to the requesting party and the state board at least fifteen days prior to the public hearing. The state board shall determine whether to grant or deny the request for revocation, based on the criteria for granting exclusive authority specified in subsections (5) and (6) of this section, within sixty days after receiving the notice. If the state board revokes the local board of education's exclusive authority to authorize charter schools within the geographic boundaries of the school district, it shall provide a written explanation of the basis for the revocation.

(d) If the state board revokes a local board of education's exclusive authority, the local board may apply to recover the grant of exclusive authority as provided in subsection (4) of this section as soon as the local board determines it has resolved the issue that was the basis for the revocation. The state board shall consider the local board of education's application and either grant or deny the local board exclusive authority as provided in subsection (5) of this section.

(8) Notwithstanding any other provision of this section to the contrary, a local board of education may permit the establishment of one or more institute charter schools within the geographic boundaries of the school district by adopting a favorable resolution and submitting the resolution to the state board. The resolution shall be effective until it is rescinded by resolution of the local board of education.

(9) (a) Notwithstanding any other provision of this section to the contrary, the state board shall grant to a local board of education exclusive authority to authorize charter schools within the geographic boundaries of the school district if the school district annually certifies to the state board that the total number of students enrolled in charter schools authorized by the school district, or the maximum number of students allowed to be enrolled pursuant to charter school contracts entered into by the school district, whichever is greater, divided by the district pupil enrollment, as defined in section 22-54-103, for that budget year, reflected as a percentage, exceeds by more than three percentage points the percentage of students enrolled in charter schools statewide.

(b) A school district that retains exclusive authority to authorize charter schools pursuant to paragraph (a) of this subsection (9) shall satisfy the requirements of paragraph (a) of subsection (5) of this section.

(10) (a) An institute charter school that is located within the geographic boundaries of a school district that recovers exclusive authority to authorize charter schools, as provided in subsection (4) of this section, or that permitted the establishment of the institute charter school within its geographic boundaries, as provided in subsection (8) of this section, may apply to the board of education of the school district in which it is located to convert to a district charter school. To convert to a district charter school, the institute charter school shall submit an application to the local board of education as if it were applying for a new charter in accordance with the provisions of part 1 of this article.

(b) An application to convert an existing institute charter school to a district charter school shall include evidence that an adequate number of parents, teachers, or pupils, or any combination thereof, supports the conversion of the institute charter school to a district charter school.

(c) A local board of education's approval of an application from an existing institute charter school submitted pursuant to this subsection (10) shall not relieve the institute charter school of any preexisting contractual obligations or relationships, including obligations of the institute charter school to the institute; except that the institute charter school shall no longer be subject to the oversight and control of the institute. The transfer of oversight of an institute charter school from the institute to a school district shall not be deemed a dissolution or other event that empowers or obligates the institute to wind down the institute charter school's affairs or to dispose of the institute charter school's assets.

#### ANNOTATION

**School districts deemed to have standing to sue** when alleging that charter school legislation infringed upon powers granted under § 15 of article IX of the state constitution. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**Individuals would have had standing to sue** as a result of their interest in seeing that governmental entities function within the bounds of the state constitution. However, in this case, individual plaintiffs failed to submit evidence of their status as taxpayers, so court did not find that they had standing. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**Because this part 5 maintains the balance between the competing interests of the local district and the state,** it is constitutional. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**Creation of state charter school institute does not violate the "general supervision" provision of § 1 of article IX of the state constitution** because it is intended to make the statewide education system more thorough by expanding the options available to all students in the state and more uniform by ensuring that comparable opportunities for creating charter schools exist across the state. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**The constitutional requirement of a "thorough and uniform system", § 2 of article IX of the state constitution, should not be interpreted to mean a single uniform system of public schools** consisting of school districts governed by locally elected officials. The state is not prohibited from creating a school system with different types of schools, some controlled by school districts while others are not, so long as the additional educational opportunities are open to all students in the state. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**Local boards' power to implement, guide, or manage educational programs in local public schools is not usurped by charter school institute.** Nothing in this part 5 forces anything upon local school districts. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**Decision to operate a public school is not a "municipal function"** that the general assembly may not delegate to the charter school institute without violating § 35 of article V of the state constitution. The functioning of the public schools does not primarily affect only those within the geographic boundaries of a school district. *Boulder Valley Sch. Dist. RE-2 v. Colo. State Bd. of Educ.*, 217 P.3d 918 (Colo. App. 2009).

**22-30.5-505. State charter school institute - institute board - appointment - powers and duties - rules.** (1) The institute shall consist of the institute board, appointed pursuant to subsection (2) of this section, and any staff or contract employees hired by the institute board as authorized by law. Any staff hired by the institute board shall be deemed employees subject to the state personnel system of this state as defined in section 13 of article XII of the state constitution and article 50 of title 24, C.R.S.; except that, as a matter of legislative determination, all positions classified by the institute board as professional officers and professional staff of the institute are declared to be educational in nature and exempt from the state personnel system.

(2) (a) The institute board shall consist of nine members, no more than five of whom are members of the same political party. Seven of the members shall be appointed by the governor, with the consent of the senate, and two of the members shall be appointed by the

commissioner. In making the appointments, the governor and the commissioner shall ensure the institute board reflects the geographic diversity of the state. In making appointments on and after August 5, 2009, the governor and the commissioner shall ensure that at least one member of the institute board is a parent of a student who is, or who has been, enrolled in an institute charter school. Members appointed to the institute board shall have experience in at least one of the following areas:

- (I) Experience as a charter school board member or founder of a charter school;
- (II) Experience as a public school administrator with experience working with charter schools;
- (III) Financial management expertise;
- (IV) Detailed knowledge of charter school law;
- (V) Other board or public service experience;
- (VI) Experience as a public school teacher;
- (VII) On-line education and on-line curriculum development expertise;
- (VIII) School district special education expertise; and
- (IX) Curriculum and assessment expertise.

(b) The members of the institute board shall serve terms of three years; except that, of the members first appointed by the governor, two members shall serve a term of three years, three members shall serve a term of two years, and two members shall serve a term of one year; and of the members first appointed by the commissioner, one member shall serve a term of three years and one member shall serve a term of one year. No member shall serve more than six consecutive years. The governor and the commissioner shall make the initial appointments no later than thirty days after July 1, 2004.

(c) An institute board member may be removed for any cause that renders the member incapable or unfit to discharge the duties of the office. Whenever a vacancy on the institute board exists, the person making the original appointment shall appoint a member for the remaining portion of the unexpired term created by the vacancy.

(d) For any board member appointed on or after May 22, 2008, during his or her term of office, a member of the institute board shall not be a member of the general assembly; an officer, employee, or board member of a school district; a member of the state board; or an employee of the institute board or the department of education.

(3) The mission of the institute board shall be to foster high-quality public school choices offered through institute charter schools, including particularly schools that are focused on closing the achievement gap for at-risk students. In discharging its duties pursuant to this part 5, the institute shall:

- (a) Act as a model of best practices in authorizing charter schools;
- (b) Use state and federal systems for ensuring the accountability of each institute charter school in meeting the obligations and goals set forth in its contract and shall adopt and implement policies for accreditation of institute charter schools as described in section 22-11-307;
- (c) Measure the academic success of each institute charter school student through longitudinal indices;
- (d) Measure the academic success of each institute charter school through performance-based means and not process-based means;
- (d.5) Meet at least once each year with the school accountability committees of the institute charter schools to discuss issues concerning accountability and accreditation of institute charter schools;
- (e) Provide the opportunity for a student enrolled in an institute charter school to develop a plan for academic remediation upon the request of the student's parent or legal guardian; and

(f) Ensure that each student who enrolls in the sixth grade in an institute charter school, on the day of enrollment, is registered with the state-provided, free on-line college planning and preparation resource, commonly referred to as "CollegeInColorado.org". The institute, the department, and the department of higher education shall collaborate to monitor the implementation of this paragraph (f) and to ensure optimal interactivity between the various data bases and student record systems employed by institute charter schools and college in Colorado. At a minimum, each institute charter school shall ensure that, in developing and

maintaining each student's individual career and academic plan, the counselor or teacher explains to the student's parent or legal guardian, by electronic mail or other written form, and to the student the requirements for and benefits of concurrently enrolling in courses with an institution of higher education pursuant to the "Concurrent Enrollment Programs Act", article 35 of this title. Based on a request from the student or the student's parent or legal guardian, the counselor or teacher shall assist the student in course planning to enable the student to concurrently enroll in courses with an institution of higher education.

(3.5) The institute board shall ensure that the names of institute board members and the schedule of, agendas for, and minutes of the meetings and hearings held by the institute board are promptly posted and updated on the state charter school institute's web site. The department on its web site shall provide a link to the state charter school institute's web site.

(4) In addition to any other powers granted by law to the institute board, the institute board shall have the following powers:

- (a) To have and use a corporate seal;
- (b) To sue and be sued in its own name;
- (c) To incur debts, liabilities, and obligations, subject to any limitations imposed thereon pursuant to law;
- (d) To cooperate and contract with the state or federal government or an agency or instrumentality thereof and to apply for and receive grants or financial assistance from any such entities;
- (e) To acquire, hold, lease, sell, or otherwise dispose of real or personal property or a commodity or service;
- (f) To do or perform an act authorized by this part 5 by means of an agent or by contract with a person, firm, or corporation;
- (g) To provide for the necessary expenses of the institute board in the exercise of its powers and the performance of its duties and to reimburse a board member for necessary expenses incurred in the performance of the board member's duties;
- (h) To provide for the proper keeping of accounts and records and for budgeting of funds;
- (i) To act as a public entity for purposes of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S.;
- (j) To exercise the same powers retained by boards of cooperative services that are described in section 22-5-108;
- (k) To promulgate rules in accordance with article 4 of title 24, C.R.S., for the administration of this part 5; and
- (l) To award grants from the institute charter school assistance fund as provided in section 22-30.5-515.5.

(5) No later than ninety days after the date the institute commences operations, as described in section 22-30.5-506 (2) (a), the institute board shall promulgate rules that set forth the procedures for the acceptance of institute charter school applications and the criteria for authorizing institute charter schools pursuant to this part 5.

(6) (a) The institute may contract with boards of cooperative services created pursuant to article 5 of this title, or with any other qualified individual or public or private entity or organization, including a school district, for the provision of administrative or other support services directly to the institute or for the benefit of institute charter schools.

(b) This part 5 shall not be construed to require the institute to provide services to an institute charter school, to require an institute charter school to purchase services from the institute, nor to prohibit an institute charter school from purchasing education-related services from any sources available, including a school district.

(7) The institute shall ensure that each institute charter school complies with the provisions of articles 7 and 11 of this title. Each institute charter school shall be responsible for gathering and submitting to the institute the data necessary to prepare a school performance report required by section 22-11-503 for the institute charter school.

(8) The institute shall ensure that each institute charter school adopts content standards in a manner consistent with that required of school districts pursuant to section 22-7-407.

(9) The institute shall ensure that each institute charter school addresses the expulsion, suspension, and education of expelled or suspended students in a manner consistent with the intents and purposes of sections 22-33-105, 22-33-106, and 22-33-203.

(10) The institute may issue requests for proposals to solicit applications for an institute charter school to serve at-risk students.

(11) The institute shall annually review each institute charter school's accomplishment of the goals described in section 22-30.5-509.

(12) (a) The institute shall collect from each institute charter school authorized on or after July 1, 2010, the data specified in paragraph (b) of this subsection (12) for the institute charter school's first academic year of operation. At a minimum, the institute shall require the institute charter school to submit the collected data by August 1 of the institute charter school's first academic year of operation and to update the information, if necessary, by the following May 1. Upon receipt of a request from a school district, the institute shall provide a copy of the collected data to the school district.

(b) The data collected pursuant to this subsection (12) shall include, at a minimum:

(I) The projected aggregate number of students enrolling in the institute charter school for the academic year who were enrolled in schools of the school district for the preceding academic year; and

(II) For each student included in subparagraph (I) of this paragraph (b), to the extent known:

(A) The name of the school in which the student was enrolled in the preceding academic year; and

(B) The name of the institute charter school and the grade in which the student is enrolled for the academic year.

(13) Pursuant to section 22-30.5-517, the institute shall adopt and implement a policy that regulates the sale of beverages to students at an institute charter school.

(14) If an institute charter school requests in writing that the institute provide food services pursuant to a contract with the institute charter school that includes certain terms specified by the institute charter school, the institute may attempt to negotiate the terms of the contract with the institute charter school. If the institute and the institute charter school attempt to negotiate contract terms that are mutually satisfactory, and the negotiations fail to produce such mutually satisfactory terms, the institute shall:

(a) Agree to provide food services to the institute charter school according to the terms requested by the institute charter school; or

(b) Allow the institute charter school to transfer the maintenance, supervision, and operation of the institute charter school's food-service facility from the institute to a school food authority.

(15) Pursuant to section 22-30.5-518, the institute shall adopt and implement a policy for the management of food allergies and anaphylaxis among students enrolled in institute charter schools.

(16) Pursuant to section 22-30.5-519, the institute shall annually provide to parents and legal guardians the standardized immunization document developed by the department of public health and environment pursuant to section 25-4-902 (4), C.R.S.

(17) Repealed.

(18) The institute shall ensure that each institute charter school, working with its school accountability committee, adopts and implements a policy concerning physical activity for students enrolled in the institute charter school, which policy meets the requirements specified in section 22-32-136.5.

(19) (a) Pursuant to section 22-30.5-521, on or before October 1, 2011, the institute shall adopt and implement a policy concerning bullying prevention and education. The policy, at a minimum, shall set forth appropriate disciplinary consequences for students who bully other students and for any person who takes any retaliatory action against a student who reports in good faith an incident of bullying, which consequences shall comply with all applicable state and federal laws.

(b) The institute is encouraged to include in the policy it adopts and implements pursuant to paragraph (a) of this subsection (19) the biennial administration of surveys of students' impressions of the severity of bullying in their schools, as described in section

22-93-104 (1) (c); character building; and the designation of a team of persons at each institute charter school who advise the school administration concerning the severity and frequency of bullying incidents that occur in the school, which team may include, but need not be limited to, law enforcement officials, social workers, prosecutors, health professionals, mental health professionals, counselors, teachers, administrators, parents, and students.

**22-30.5-506. State charter school institute fund - created.** (1) The state charter school institute is authorized to receive and expend gifts, grants, and donations of any kind from any public or private entity to carry out the purposes of this part 5, subject to the terms and conditions under which given; except that no gift, grant, or donation shall be accepted if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law. Any gifts, grants, or donations received pursuant to this subsection (1) shall be transmitted to the state treasurer who shall credit the same to the state charter school institute fund, hereinafter referred to as the "fund", which fund is hereby created in the state treasury. Moneys in the fund are continuously appropriated to the institute, to offset the actual and reasonable costs incurred by the institute in implementing this part 5. All investment earnings derived from the deposit and investment of the moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the

fund at the end of any fiscal year shall remain in the fund and shall not be transferred to the general fund or any other fund.

(2) (a) The institute shall not be obligated to commence operations necessary to receive applications, until such time as there is at least fifty thousand dollars in the fund, whether received from gifts, grants, donations, or other sources.

(b) The institute shall not be obligated to commence review of applications actually received, until such time as the balance in the fund reaches at least one hundred fifty thousand dollars, whether received from gifts, grants, donations, or other sources.

(3) The state charter school institute shall create in the fund a school food authority account, and any moneys received by the state charter school institute as a result of its operations as a school food authority shall be credited to the school food authority account. Any moneys credited to the school food authority account are continuously appropriated to the state charter school institute to offset the costs incurred in operating as a school food authority.

(4) The state charter school institute shall create in the fund an account for payment of the institute's administrative overhead costs, as defined in section 22-30.5-513 (1) (h), which account consists solely of moneys retained by the institute from the institute charter schools' adjusted per pupil revenues and per-pupil on-line funding pursuant to section 22-30.5-513 (4) (a) (1.5) (E). At the end of a budget year, if the amount of unexpended and unencumbered moneys remaining in the account exceeds ten percent of the total adjusted per pupil revenues and per-pupil on-line funding for institute charter schools for the applicable budget year, the institute shall refund to the institute charter schools the amount of the excess. The institute shall allocate the refund to each institute charter school on a per-pupil basis by dividing the excess amount by the total pupil enrollment of the institute charter schools for the applicable budget year.

**Source: L. 2004:** Entire part added, p. 1603, § 1, effective July 1. **L. 2010:** (1) amended and (3) added, (SB 10-111), ch. 170, p. 600, § 4, effective August 11. **L. 2012:** (1) amended and (4) added, (SB 12-121), ch. 177, p. 639, § 8, effective May 11.

#### **22-30.5-507. Institute charter school - requirements - authority - rules.**

(1) (a) An institute charter school shall be a public, nonsectarian, nonreligious, non-home-based school that operates pursuant to a charter contract authorized by the state charter school institute.

(b) An institute charter school shall exist as a public school within the state, unaffiliated with a school district. Nothing in this part 5 shall be construed to permit a school district to determine curriculum, policies, procedures, or operations of an institute charter school, including but not limited to compliance with the accountability provisions specified in this title, accreditation contracts, and statewide assessment requirements.

(c) Each institute charter school authorized on or after July 1, 2008, shall include within its name the phrase "state charter school".

(2) An institute charter school shall be:

(a) Subject to the terms of the charter contract entered into with the institute;

(b) Accountable to the institute for purposes of ensuring compliance with applicable laws and charter contract provisions; and

(c) Subject to accreditation by the institute board pursuant to the institute's policy for accrediting the institute charter schools adopted pursuant to section 22-11-307 and section 22-30.5-505 (3) (b). Each institute charter school shall also be subject to annual review by the department pursuant to section 22-11-210.

(3) An institute charter school shall be subject to all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry, or need for special education services. Enrollment in an institute charter school shall be open to any child who resides within the state; except that an institute charter school shall not be required to make alterations in the structure of the facility used by the institute charter school or to make alterations to the arrangement or function of rooms within the facility, except as may be

required by state or federal law. Enrollment decisions shall be made in a nondiscriminatory manner specified by the applicant in the institute charter school application.

(4) (a) An institute charter school shall be administered and governed by a governing body in a manner agreed to and set forth in the charter contract. Effective July 1, 2013, each institute charter school shall organize as a nonprofit corporation pursuant to the “Colorado Revised Nonprofit Corporation Act”, articles 121 to 137 of title 7, C.R.S., which shall not affect its status as a public school for any purposes under Colorado law.

(b) An entity that holds a charter authorized pursuant to this part 5 may choose to contract with an education management provider, which education management provider may be a for-profit, a nonprofit, or a not-for-profit entity, so long as the institute charter school maintains a governing board that is independent of the education management provider.

(5) In order to clarify the status of institute charter schools for purposes of tax-exempt financing, an institute charter school, as a public school, is a governmental entity. Direct leases and financial obligations of an institute charter school shall not constitute debt or financial obligations of the state or any school district.

(6) Except as otherwise provided in sections 22-20-109 (5), 22-32-115 (1) and (2), and 22-54-109, an institute charter school shall not charge tuition.

(7) (a) Pursuant to the charter contract, an institute charter school may operate free from specified statutes and state board rules. The state board shall promulgate rules identifying state statutes and state rules that are automatically waived for all charter schools, including institute charter schools.

(b) An institute charter school may apply to the state board, through the institute, for a waiver of state statutes and state rules that are not automatically waived. The state board may waive state statutory requirements or rules promulgated by the state board; except that the state board may not waive any statute or rule relating to school accountability committees as described in section 22-11-401, any state statute or rule relating to the assessments required to be administered pursuant to section 22-7-409, any state statute or rule necessary to prepare the school performance reports pursuant to part 5 of article 11 of this title, or any statute or rule necessary to implement the provisions of the “Public School Finance Act of 1994”, article 54 of this title, or any state statute or rule relating to the “Children’s Internet Protection Act”, article 87 of this title.

(c) Any waiver of state statute or state board rule made pursuant to this subsection (7) shall be for the term of the contract for which the waiver is made. A request for a waiver may be submitted to the institute as a part of the application for an institute charter school.

(8) (a) An institute charter school shall be responsible for its own operation including, but not limited to, preparation of a budget, contracting for services, and personnel matters.

(b) An institute charter school may negotiate and contract with a school district, the governing body of a state college or university, a school food authority, a charter school collaborative, a board of cooperative services, another institute charter school, a district charter school, or any third party for the use of a school building and grounds, the operation and maintenance thereof, and the provision of any service, activity, or undertaking that the institute charter school is required to perform in order to carry out the educational program described in its charter contract. The institute charter school shall have standing to sue and be sued in its own name for the enforcement of any contract created pursuant to this paragraph (b).

(9) An institute charter school is authorized to offer any educational program, including but not limited to an on-line program or on-line school pursuant to article 30.7 of this title, that may be offered by a school district, unless expressly prohibited by its charter contract or by state law.

(10) All decisions regarding the planning, siting, and inspection of institute charter school facilities shall be made in accordance with section 22-32-124 and as specified by contract with the institute.

(11) An institute charter school may apply for authorization as a school food authority pursuant to section 22-32-120.

**22-30.5-508. Institute charter schools - contract contents - regulations.** (1) (a) An approved institute charter school application shall serve as the basis for a charter contract between the institute charter school and the institute.

(b) The institute board may approve an institute charter school application submitted by a nonprofit entity, and the institute may enter into a charter contract directly with the nonprofit entity to operate an institute charter school. The institute board shall not approve a charter school application that is submitted by a for-profit entity or that identifies a for-profit entity as one of the charter applicants, and the institute shall not enter into a charter contract directly with a for-profit entity to operate an institute charter school.

(2) Repealed.

(3) The charter contract between the institute charter school and the institute shall reflect all requests for release from state statutes and rules made by the institute charter school applicant. Within forty-five days after a request for release is received by the state board, the state board shall either grant or deny the request. If the state board grants the request, it may orally notify the institute charter school of its decision. If the state board denies the request, it shall notify the institute charter school in writing that the request is denied and specify the reasons for denial. If the institute charter school does not receive notice of the state board's decision within forty-five days after submittal of the request for release, the request shall be deemed granted. If the state board denies a request for release that includes multiple state statutes or rules, the denial shall specify the state statutes and rules for which the release is denied, and the denial shall apply only to those state statutes and rules so specified.

(4) A material revision of the terms of the charter contract may be made only with the approval of the institute and the governing body of the institute charter school.

(5) Any term included in a charter contract that would require an institute charter school to waive or otherwise forgo receipt of any amount of operational or capital construction funds provided to the institute charter school pursuant to the provisions of this part 5 or pursuant to any other provision of law is hereby declared null and void as against public policy and is unenforceable. In no event shall this subsection (5) be construed to prohibit any institute charter school from contracting with the institute for the purchase of services, including but not limited to the purchase of educational services.

**Source:** **L. 2004:** Entire part added, p. 1606, § 1, effective July 1. **L. 2007:** (2) repealed, p. 745, § 28, effective May 9. **L. 2009:** (5) amended, (SB 09-256), ch. 294, p. 1556, § 14, effective May 21. **L. 2012:** (1) amended, (SB 12-067), ch. 131, p. 452, § 7, effective August 8.

**22-30.5-509. Institute charter school application - contents.** (1) The institute charter school application is a proposed agreement upon which the institute charter applicant and the institute negotiate a charter contract. At a minimum, each institute charter school application includes:

(a) An executive summary that outlines the elements of the application and provides an overview of the proposed institute charter school;

(b) The vision and mission statements of the proposed institute charter school;

(c) The goals, objectives, and student performance standards the proposed institute charter school expects to achieve, including but not limited to the performance indicators specified in section 22-11-204 and applicable standards and goals specified in federal law;

(d) Evidence that an adequate number of parents and pupils support the formation of an institute charter school;

(e) Descriptions of the proposed institute charter school's educational program, student performance standards, and curriculum;

(f) A plan for evaluating student performance across the curriculum, which plan aligns with the proposed institute charter school's mission and educational objectives and provides a description of the proposed institute charter school's measurable annual targets for the measures used to determine the levels of attainment of the performance indicators specified in section 22-11-204 and procedures for taking corrective action if student performance at the school falls below the described targets;

(g) Evidence that the plan for the proposed institute charter school is economically sound, including a proposed budget for a term of at least five years. The institute charter application shall also describe the method for obtaining an independent annual audit of the proposed institute charter school's financial statements consistent with generally accepted auditing standards and circular A-133 of the United States office of management and budget, as originally published in the federal register of June 30, 1997, and as subsequently amended.

(h) A description of the governance and operation of the proposed institute charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the proposed institute charter school, that is consistent with the standards adopted by rule of the state board pursuant to section 22-2-106 (1) (h);

(i) An explanation of the relationship that will exist between the proposed institute charter school and its employees and the proposed institute charter school's employment policies;

(j) A proposal regarding the parties' respective legal liabilities and applicable insurance coverage, which insurance coverage shall include, at a minimum, workers' compensation, liability insurance, and insurance for the proposed institute charter school's facility and its contents;

(k) The proposed institute charter school's expectations and plans for ongoing parent and community involvement;

(l) A description of the proposed institute charter school's enrollment policy, consistent with the requirements of section 22-30.5-507 (3) and rules adopted by the state board pursuant to section 22-2-106 (1) (h), and the criteria for enrollment decisions;

(m) A statement of whether the proposed institute charter school plans to address the transportation or food service needs of its students while they are attending the school. The proposed institute charter school may choose not to provide transportation or food services, may choose to develop or form a charter school collaborative as described in section 22-30.5-603 to provide transportation or food services, or may choose to negotiate with a school district, board of cooperative services, or private provider to provide transportation or food services for its students. If the proposed institute charter school chooses to provide transportation or food services, the application shall include a plan for each provided service, which plan, at a minimum, shall specifically address serving the needs of low-income and academically low-achieving students, complying with insurance and liability issues, and complying with any applicable state or federal rules or regulations.

(n) A facilities plan that details viable facilities options that are consistent with section 22-32-124 and that includes the reasonable costs of the facility, which are reflected in the proposed budget;

(o) A list of the waivers of statute and state rules that the proposed institute charter school is requesting, which list explains the rationale for each requested waiver and the manner in which the proposed institute charter school plans to meet the intent of the waived statute or rule;

(p) Policies regarding student discipline, expulsion, and suspension that are consistent with the intent and purpose of section 22-33-106, provide adequately for the safety of students and staff, and provide a level of due process for students that, at a minimum, complies with the requirements of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq.;

(q) A plan for serving students with special needs, including budget and staff requirements, which plan shall include identifying and meeting the learning needs of at-risk students, students with disabilities, gifted and talented students, and English language learners;

(r) A dispute resolution process, as provided in section 22-30.5-107.5; and

(s) If the proposed institute charter school intends to contract with an education management provider:

(I) A summary of the performance data for all of the schools the education management provider is managing at the time of the application or has managed previously, including documentation of academic achievement and school management success;

(II) An explanation of and evidence demonstrating the education management provider's capacity for successful expansion while maintaining quality in the schools it is managing;

(III) An explanation of any existing or potential conflicts of interest between the governing board of the proposed institute charter school and the education management provider; and

(IV) A copy of the actual or proposed performance contract between the governing board for the proposed institute charter school and the education management provider that specifies, at a minimum, the following material terms:

(A) Performance evaluation measures;

(B) The methods of contract oversight and enforcement that the governing board will apply;

(C) The compensation structure and all fees that the proposed institute charter school will pay to the education management provider; and

(D) The conditions for contract renewal and termination.

**Source: L. 2004:** Entire part added, p. 1606, § 1, effective July 1. **L. 2009:** (1)(b), (1)(d), and (1)(e) amended, (SB 09-163), ch. 293, p. 1540, § 36, effective May 21. **L. 2012:** (1) R&RE, (SB 12-061), ch. 109, p. 379, § 5, effective April 13.

### **22-30.5-510. Institute charter school application - process - rule-making.**

(1) (a) Except as otherwise provided in section 22-30.5-506 (2), the institute shall receive and review all applications for institute charter schools. An application for an institute charter school may be submitted by one or more individuals, by a nonprofit, governmental, or other entity or organization, or by an existing charter school authorized by a district. An entity applying for an institute charter school shall file an application with the institute by a date determined by rule of the institute board to be eligible for consideration for the following school year. An application is considered filed when the institute receives the institute charter application from the institute charter applicant either in hard copy or electronically. Prior to any change in the application deadline, the institute shall notify each known institute charter school applicant of the proposed change by certified letter. Within fifteen days after receiving an institute charter school application, the institute shall determine whether the application contains the minimum components specified in section 22-30.5-509 (1) and is therefore complete. If the application is not complete, the institute shall notify the applicant within the fifteen-day period and provide a list of the information

required to complete the institute charter application. The applicant has fifteen days after the date it receives the notice to provide the required information to the institute for review. The institute is not required to take action on the institute charter application if the applicant does not provide the required information within the fifteen-day period. The institute may request additional information during the review period and provide reasonable time for the applicant to respond. The institute may, but is not required to, accept any additional information the applicant provides that the institute does not request.

(a.3) An application to convert an existing charter school authorized by a school district to an institute charter school shall include evidence that an adequate number of parents, teachers, or pupils or any combination thereof support the conversion to an institute charter school.

(a.5) The institute's approval of an application from an existing charter school shall not relieve the charter school of any preexisting contractual obligations or relationships, including obligations of the charter school to the school district that oversees the charter school; except that the charter school shall no longer be subject to the oversight and control of the school district. The transfer of oversight of a charter school from a school district to the institute shall not be deemed a dissolution or other event that empowers or obligates the school district to wind down the charter school's affairs or to dispose of the charter school's assets.

(b) The institute board shall set forth by rule all necessary procedures for the application process and for application review by the institute and the institute board. The rules shall describe a rigorous review of the application that includes, but is not necessarily limited to, the following key evaluative areas involving the institute charter school:

(I) The number of at-risk students that the institute charter school anticipates serving, both as an absolute number and as a percentage of the entire student body expected to enroll at the institute charter school;

(II) Curriculum and instructional program;

(III) Nonacademic program characteristics;

(IV) Financial viability;

(V) Appropriate governance model and proposed practices;

(VI) Appropriate, consistent, clear, and measurable accountability systems;

(VII) The extent to which the instructional program fits the mission statement of the institute charter school;

(VIII) Whether the institute charter school will provide an educational option that substantially differs from the educational opportunities provided by existing schools of the school district that have capacity to accommodate additional students;

(IX) The institute charter school's plan for outreach and recruitment of students whose race, gender, and ethnicity reflect the demographics of the community that the institute charter school intends to serve; and

(X) The institute charter school's plan for identifying and reducing the academic achievement gaps among its student population.

(c) The rules described in paragraph (b) of this subsection (1) shall require the applicant to provide written notification of the application to the school district board of education and the school district accountability committee of the school district in which the proposed institute charter school is to be located. The rules shall permit the board of education and the accountability committee to submit to the institute written comments concerning the institute charter school application.

(d) When the institute determines that it has received a complete application for an institute charter school, the institute shall send notice to the local board of education and the school district accountability committee for the school district in which the proposed institute charter school is to be located. At a minimum, the notice shall include the following information:

(I) The schedule by which the institute will review the application and determine whether to authorize the institute charter school;

(II) The dates and locations of meetings at which the institute will consider the application, including at least one meeting within the school district;

(III) Instructions specifying how the local board may request information from the institute regarding:

(A) The location of the proposed institute charter school, if known; and

(B) Enrollment projections for the proposed institute charter school, including the projected number of at-risk students; and

(IV) An invitation to the local board of education to send comments to the institute regarding the school district's concerns with any portion of the application, including any comments concerning whether the proposed new institute charter school substantially differs from existing educational options within the school district that have the capacity to accommodate additional students.

(2) (a) Prior to ruling on the application for an institute charter school, one or more representatives of the institute board shall hold a public meeting in the school district in which the institute charter school would be located. At the meeting, the representatives of the institute board, at a minimum, shall take public testimony regarding whether to approve or disapprove the application for an institute charter school.

(b) The institute board shall rule by resolution on the application for an institute charter school in a public hearing, following reasonable public notice, within ninety days after receiving the application filed pursuant to subsection (1) of this section. At the public hearing, prior to adopting the resolution, the institute board shall make available to persons in attendance at the hearing a written summary of the testimony received at the meeting held pursuant to paragraph (a) of this subsection (2) and, on the record, shall consider the testimony and its application to the institute board's decision.

(c) All negotiations between the institute charter school and the institute on the charter contract shall be concluded, and all terms of the charter contract agreed upon, no later than forty-five days after the institute board approves the application for an institute charter school.

(3) The institute charter school applicant and the institute may jointly waive the deadlines set forth in this section.

(4) If the institute denies an institute charter school application, it shall state its reasons for the denial. Within thirty days after the denial, the entity that submitted the institute charter school application may submit to the state board a notice of appeal, stating the grounds for the appeal.

(5) Within sixty days after receipt of a notice of appeal by the state board and after reasonable public notice, the state board shall review the decision of the institute and determine whether the decision was arbitrary and capricious. The state board shall remand the matter to the institute with instructions to approve or deny the institute charter school application. The decision of the state board shall be final and not subject to appeal.

**Source: L. 2004:** Entire part added, p. 1607, § 1, effective July 1. **L. 2008:** (1)(a), (1)(b), and (2) amended and (1)(a.3), (1)(a.5), and (1)(d) added, p. 493, § 8, effective April 17. **L. 2010:** (2)(b) amended, (SB 10-111), ch. 170, p. 603, § 9, effective August 11. **L. 2012:** (1)(a) and (2)(b) amended, (SB 12-061), ch. 109, p. 381, § 7, effective April 13.

**22-30.5-511. Institute charter schools - term - renewal of contract - grounds for nonrenewal or revocation - appeal.** (1) (a) The institute may approve a new charter contract for an institute charter school for a period of four academic years, and the institute may renew the charter contract for succeeding periods not to exceed five academic years.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1) to the contrary, an institute charter school and the institute may agree to extend the length of the charter contract beyond five academic years for the purpose of enhancing the terms of any lease or financial obligation.

(2) During the term of a charter contract, the institute shall annually review the institute charter school's performance. At a minimum, the review includes the institute charter school's progress in meeting the objectives identified in the plan the institute charter school is required to implement pursuant to section 22-11-210 and the results of the institute charter school's most recent annual financial audit. The institute shall provide to the institute charter school written feedback from the review and shall include the results of the

institute charter school's annual review in the body of evidence that the institute board takes into account in deciding whether to renew or revoke the charter contract and that supports the renegotiation of the charter contract.

(2.5) The institute shall adopt and revise as necessary procedures and timelines for the charter-renewal process, which procedures and timelines are in conformance with the requirements of this part 5. The institute shall ensure that each of the institute charter schools receives a copy of the institute's charter renewal procedures and timelines and any revisions to the procedures and timelines.

(3) The institute board may revoke or deny renewal of a charter contract if the institute board determines that the institute charter school did any of the following:

(a) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter contract of the institute charter school;

(b) Failed to meet or make adequate progress toward achievement of the content standards, pupil performance standards, or targets for the measures used to determine the levels of attainment of the performance indicators identified in the charter contract of the institute charter school;

(c) Was required to adopt a turnaround plan and the state board recommended pursuant to section 22-11-210 that the institute charter school be restructured;

(d) Failed to meet generally accepted standards of fiscal management; or

(e) Violated any provision of law from which the institute charter school was not specifically exempted.

(4) In addition, the institute board may deny renewal of a charter contract upon a determination by the institute board that it is not in the best interests of the pupils attending the institute charter school to continue the operation of the institute charter school.

(4.5) If an institute charter school is required to implement a turnaround plan pursuant to section 22-11-210 (2) for a second consecutive school year, the institute charter school shall present to the institute board, in addition to the turnaround plan, a summary of the changes made by the institute charter school to improve its performance, the progress made in implementing the changes, and evidence, as requested by the institute board, that the institute charter school is making sufficient improvement to attain a higher accreditation category within two school years or sooner. If the institute board finds that the institute charter school's evidence of improvement is not sufficient or if the institute charter school is required to implement a turnaround plan for a third consecutive school year, the institute board may revoke the school's charter contract.

(5) (a) At least fifteen days prior to the date on which the institute board will consider whether to revoke or renew a charter contract, the institute shall provide to the institute board and the institute charter school a written recommendation, including the reasons supporting the recommendation, concerning whether to revoke or renew the charter contract.

(b) If the institute board revokes or denies renewal of a charter contract of an institute charter school, the institute board shall state its reasons for the revocation or denial.

(6) (a) The state board, upon receipt of a notice of appeal or upon its own motion, may review decisions of the institute board concerning the revocation or nonrenewal of an institute charter school's charter contract. An institute charter school or any other person who wishes to appeal a decision of the institute board concerning the revocation or nonrenewal of a charter contract shall provide the state board and the institute board with a notice of appeal within thirty days after the institute board's decision. The person bringing the appeal shall limit the grounds of the appeal to the grounds for the revocation or the nonrenewal of the charter contract specified by the institute board. The notice shall include a brief statement of the reasons the person contends the institute board's revocation or nonrenewal of the charter contract was in error.

(b) Within sixty days after receipt of the notice of appeal or the making of a motion to review by the state board and after reasonable public notice, the state board, at a public hearing which may be held in the school district in which the institute charter school is located, shall review the decision of the institute board and make its findings. If the state board finds that the institute board's decision was contrary to the best interests of the pupils attending the institute charter school, the state board shall remand such final decision to the

institute board with instructions to renew or reinstate the charter contract of the institute charter school. The decision of the state board shall be final and not subject to appeal.

(7) The institute shall adopt procedures for closing an institute charter school following revocation or nonrenewal of the institute charter school's charter contract. At a minimum, the procedures shall ensure that:

(a) When practicable and in the best interest of the students of the institute charter school, the institute charter school continues to operate through the end of the school year. If the institute determines it is necessary to close the institute charter school prior to the end of the school year, the institute shall work with the institute charter school to determine an earlier closure date.

(b) The institute works with the parents of the students who are enrolled in the institute charter school when the charter contract is revoked or not renewed to ensure that the students are enrolled in schools that meet their educational needs; and

(c) The institute charter school meets its financial, legal, and reporting obligations during the period that the institute charter school is concluding operations.

(8) Notwithstanding any provision of this section to the contrary, on and after September 1, 2012, the institute shall not renew a charter contract to which a for-profit entity is a party.

**Source: L. 2004:** Entire part added, p. 1609, § 1, effective July 1. **L. 2006:** (3)(c) amended, p. 403, § 3, effective April 6. **L. 2009:** (2), (3)(b), and (3)(c) amended, (SB 09-163), ch. 293, p. 1540, § 37, effective May 21. **L. 2012:** Entire section amended, (SB 12-061), ch. 109, p. 382, § 8, effective April 13; (8) added, (SB 12-067), ch. 131, p. 452, § 8, effective August 8.

### **22-30.5-511.3. Nonrenewal or revocation - qualified charter school - exceptions.**

(1) Notwithstanding the provisions of section 22-30.5-511, the provisions of this section shall apply if:

(a) The institute board determines that the charter of a qualified charter school, as defined in section 22-30.5-408 (1) (c), will be revoked or will not be renewed; and

(b) The qualified charter school has financed capital construction with revenues from bonds issued on behalf of the qualified charter school by the Colorado educational and cultural facilities authority created in section 23-15-104 (1) (a), C.R.S., pursuant to section 22-30.5-407.

(2) (a) If the institute board makes a determination to revoke or not renew the charter of a qualified charter school and subsection (1) of this section applies, the institute board shall notify the state treasurer and the commissioner of education immediately upon such determination. Upon receipt of such notice, the commissioner shall suspend the revocation or nonrenewal of the charter until such time as the state treasurer, the commissioner, and the Colorado educational and cultural facilities authority determine, with the institute board and the qualified charter school, whether an alternative exists to such revocation or nonrenewal of the charter.

(b) The institute board shall not be required to suspend a revocation or nonrenewal of a charter pursuant to paragraph (a) of this subsection (2) for more than one hundred twenty days after the date that the commissioner of education and the state treasurer received notice of the determination to revoke or not renew the charter pursuant to paragraph (a) of this subsection (2) or sixty days after the action of the state board pursuant to section 22-30.5-511 (5) (b) (II), whichever is later.

(3) The state treasurer, commissioner of education, institute board, charter school, and Colorado educational and cultural facilities authority may pursue the following:

(a) The conversion of the qualified charter school from an institute charter school to a school of the accounting district of the institute charter school, as defined in section 22-30.5-513 (1) (a);

(b) The reorganization of the qualified charter school and application to the institute board or the local board of education of the accounting district for approval as a charter school with the condition that the newly approved charter school will assume the bond obligations of the former qualified charter school pursuant to section 22-30.5-407; or

(c) Any other alternative deemed feasible by the state treasurer, the commissioner of education, the Colorado educational and cultural facilities authority, the institute board, and the qualified charter school.

(4) Nothing in this section shall be construed to prevent the institute board from revoking or not renewing the charter of a qualified charter school pursuant to section 22-30.5-511.

**Source: L. 2011:** Entire section added, (SB 11-188), ch. 186, p. 715, § 7, effective July 1.

**22-30.5-511.5. Background investigation - prohibition against employing persons - institute charter school employees' information provided to department.** (1) An institute charter school shall conduct a background investigation, including a fingerprint-based criminal history record check, as described in sections 22-30.5-110.5 and 22-30.5-110.7, of an applicant to whom an offer of employment is extended by the institute charter school to determine whether the applicant is suitable to work in an environment with children. An applicant who applies for a position of employment with an institute charter school shall submit to a background investigation, including a fingerprint-based criminal history record check, as described in sections 22-30.5-110.5 and 22-30.5-110.7.

(2) When an institute charter school finds good cause to believe that a person employed by the institute charter school has been convicted of a felony or misdemeanor, other than a misdemeanor traffic offense or traffic infraction subsequent to such employment, the institute charter school shall require the person to submit to the institute charter school a complete set of his or her fingerprints for a fingerprint-based criminal history record check as described in section 22-30.5-110.7 (6).

(2.5) An employee or an applicant for employment with an institute charter school is disqualified from employment if the results of a fingerprint-based criminal history record check completed on or after August 10, 2011, disclose a conviction for an offense described in section 22-32-109.8 (6.5). Nothing in this section or in section 22-32-109.8 shall create for a person a property right in or entitlement to employment or continued employment with an institute charter school or impair an institute charter school's right to terminate employment for a nondiscriminatory reason.

(3) Each institute charter school shall comply with the reporting requirements specified in section 22-30.5-110.5.

**Source: L. 2008:** Entire section added, p. 1664, § 4, effective May 29. **L. 2011:** (2.5) added, (HB 11-1121), ch. 242, p. 1055, § 3, effective August 10.

**Cross references:** In 2011, subsection (2.5) was added by the "Safer Schools Act of 2011". For the short title, see section 1 of chapter 242, Session Laws of Colorado 2011.

**22-30.5-512. Institute charter schools - employee retirement funds.** A local board of education shall determine by policy or by negotiated agreement, if one exists, the employment status of school district employees employed by an institute charter school who seek to return to employment with public schools in the school district. Employees of an institute charter school shall be members of the public employees' retirement association. The institute charter school and the employee shall contribute the appropriate respective amounts as required by the funds of such association.

**Source: L. 2004:** Entire part added, p. 1610, § 1, effective July 1.

**22-30.5-513. Institute charter schools - definitions - funding - at-risk supplemental aid - legislative declaration.** (1) As used in this section, unless the context otherwise requires:

(a) "Accounting district" means the school district within whose geographic boundaries an institute charter school is physically located.

(b) "Accounting district's adjusted per pupil revenues" means the accounting district's per pupil funding plus the accounting district's at-risk per pupil funding.

(c) "Accounting district's at-risk funding" means the amount of funding for at-risk pupils in the accounting district determined in accordance with the formulas described in section 22-54-104 (4).

(d) "Accounting district's at-risk per pupil funding" means the amount of funding determined in accordance with the following formula:

(The accounting district's at-risk funding divided by the accounting district's funded pupil count) x (the institute charter school's percentage of at-risk pupils divided by the accounting district's percentage of at-risk pupils).

(e) "Accounting district's funded pupil count" shall have the same meaning as the term "district funded pupil count" defined in section 22-54-103 (7).

(f) "Accounting district's per pupil funding" means the per pupil funding calculated for the accounting district pursuant to the formula described in section 22-54-104 (3).

(g) "Accounting district's per pupil on-line funding" means on-line funding, as specified in section 22-54-104 (4.5), for any budget year divided by the on-line pupil enrollment.

(h) "Administrative overhead costs" means all actual and reasonable costs incurred by the institute as a result of its performance of its obligations pursuant to this part 5. "Administrative overhead costs" shall not include any costs incurred in order to deliver services that an institute charter school may purchase at its discretion.

(i) "At-risk pupils" shall have the same meaning as provided in section 22-54-103 (1.5).

(j) "On-line pupil enrollment" means:

(I) Repealed.

(II) For the 2008-09 budget year, and for budget years thereafter, the number of pupils, on the pupil enrollment count day within the applicable budget year, enrolled in, attending, and actively participating in a multi-district on-line school, as defined in section 22-30.7-102 (6), created pursuant to article 30.7 of this title by the institute charter school.

(k) "Pupil enrollment" shall have the same meaning as provided in section 22-54-103 (10).

(l) "Qualified charter school" shall have the same meaning as provided in section 22-54-124 (1) (f.6).

(2) (a) As part of the charter contract, the institute charter school and the institute shall agree on funding and any services to be provided by the institute or by other parties to the institute charter school.

(b) For budget year 2004-05 and budget years thereafter, each institute charter school and the institute shall negotiate funding under the charter contract at a minimum of ninety-five percent of the institute charter school's accounting district's adjusted per pupil revenues for each pupil enrolled in the institute charter school who is not an on-line pupil and ninety-five percent of the institute charter school's accounting district's per pupil on-line funding for each on-line pupil enrolled in the institute charter school. The institute may retain three percent of the accounting district's adjusted per pupil revenues for each pupil, who is not an on-line pupil, enrolled in the institute charter school and three percent of the accounting district's per pupil on-line funding for each on-line pupil enrolled in the institute charter school.

(b.5) If an institute charter school operates a full-day kindergarten program, for purposes of calculating the institute charter school's funding pursuant to this subsection (2), the number of pupils enrolled in the institute's charter school shall include the supplemental kindergarten enrollment as defined in section 22-54-103 (15).

(c) Each institute charter school shall pay an amount equal to the per pupil cost incurred by the institute in providing federally required educational services, multiplied by the number of students enrolled in the institute charter school. At either party's request, the institute charter school and the institute may negotiate and include in the charter contract alternate arrangements for the provision of and payment for federally required educational services, including, but not necessarily limited to, a reasonable reserve not to exceed five percent of the institute's total budget for providing federally required educational services.

The reserve shall only be used by the institute to offset excess costs of providing services to students with disabilities enrolled in any institute charter school.

(d) (I) Within ninety days after the end of each fiscal year, the institute shall provide to each institute charter school an itemized accounting of all the institute's administrative overhead costs.

(II) Within ninety days after the end of each fiscal year, the institute shall provide to each institute charter school an itemized accounting of all the actual costs of any additional services the institute charter school chose at its discretion to purchase as provided in paragraph (b) of subsection (4) of this section. Any difference between the amount initially charged to the institute charter school and the actual cost shall be reconciled and paid to the owed party.

(3) (a) On or before November 10 of each year, the institute shall certify to the state board each institute charter school's pupil enrollment and on-line pupil enrollment for that year. In certifying the pupil enrollment of each institute charter school to the state board, the institute shall specify the number of pupils enrolled in half-day kindergarten; the number of pupils enrolled in full-day kindergarten; the number of pupils enrolled in first grade through twelfth grade, specifying those who are enrolled as full-time students and those who are enrolled as less than full-time students; the number of expelled pupils receiving educational services pursuant to section 22-33-203; the number of pupils receiving educational programs under the "Exceptional Children's Educational Act", article 20 of this title; and the number of at-risk pupils. The institute shall also notify the department as to whether each institute charter school is a qualified charter school.

(b) For purposes of the "Public School Finance Act of 1994", article 54 of this title, the department shall add the pupils enrolled in an institute charter school to the funded pupil count and the on-line pupil enrollment of the institute charter school's accounting district.

(4) (a) (I) For each institute charter school, the department shall withhold from the state equalization payments of the institute charter school's accounting district an amount equal to one hundred percent of the accounting district's adjusted per pupil revenues multiplied by the number of pupils enrolled in the institute charter school who are not on-line pupils plus an amount equal to one hundred percent of the accounting district's per pupil on-line funding multiplied by the number of on-line pupils enrolled in the institute charter school. The department shall forward to the institute the amount withheld minus an amount not to exceed one percent of the amount withheld that the department may retain as reimbursement for the reasonable and necessary costs to the department to implement the provisions of this part 5.

(I.5) The institute shall forward to each institute charter school an amount equal to the institute charter school's pupil enrollment multiplied by the accounting district's adjusted per pupil revenues of the institute charter school's accounting district, minus:

(A) The amount withheld not to exceed one percent retained by the department pursuant to subparagraph (I) of this paragraph (a);

(B) An amount equal to one percent of the amount calculated for the institute charter school pursuant to subparagraph (I) of this paragraph (a), which amount the institute shall transfer to the state treasurer for credit to the institute charter school assistance fund created in section 22-30.5-515.5;

(C) Any amount agreed to by the institute and the institute charter school for repayment of a loan to the institute charter school from the institute charter school assistance fund created in section 22-30.5-515.5;

(D) Any amount withheld pursuant to section 22-30.5-406 for the direct payments made by the state treasurer of principal and interest due on bonds issued on behalf of the institute charter school by a governmental entity for the purpose of financing institute charter school capital construction;

(E) An amount equal to three percent of the amount calculated for the institute charter school pursuant to subparagraph (I) of this paragraph (a), which amount shall be credited to the account created pursuant to section 22-30.5-506 (4) and used to offset administrative overhead costs; and

(F) The amount agreed to in the institute charter contract for any additional services, as provided in paragraph (b) of this subsection (4).

(II) Repealed.

(b) As part of the institute charter school contract, the institute charter school and the institute board shall agree on the services, other than necessary administration, oversight, and management services, to be provided to the institute charter school by any third party with which the institute or institute charter school contracts and the costs of the services.

(c) For budget years 2004-05 through 2010-11, the amount of funding specified in paragraph (a) of this subsection (4) shall reflect the one-percent increase in the statewide base per pupil funding for state fiscal years 2001-02 through 2010-11 received by school districts as required by section 17 of article IX of the state constitution.

(d) Notwithstanding the provisions of sub-subparagraph (B) of subparagraph (I.5) of paragraph (a) of this subsection (4), for any budget year in which the total amount of total program funding, including funding for institute charter schools, is reduced pursuant to section 22-54-104 (5) (g), the institute shall not withhold from an institute charter school the amount specified in sub-subparagraph (B) of subparagraph (I.5) of paragraph (a) of this subsection (4).

(4.5) (a) For the 2012-13 budget year and each budget year thereafter, the general assembly shall appropriate to the charter school institute the amount calculated for at-risk supplemental aid pursuant to paragraph (b) of this subsection (4.5) for each institute charter school whose percentage of at-risk pupils is less than the percentage of at-risk pupils in the accounting district. At-risk supplemental aid is additional funding and does not supplant any other funding allocated pursuant to this section. The charter school institute shall pass through one hundred percent of an institute charter school's at-risk supplemental aid to the institute charter school.

(b) The institute charter school's at-risk supplemental aid is equal to one-half of the difference between one hundred percent of the accounting district's per pupil revenues and one hundred percent of the accounting district's adjusted per pupil revenues for each pupil enrolled in the district charter school, not including on-line pupils or pupils enrolled in the ASCENT program.

(c) For purposes of this subsection (4.5), unless the context otherwise requires, "accounting district's per pupil revenues" has the same meaning as the term "district per pupil revenues" defined in section 22-30.5-112.

(d) If the appropriation to the charter school institute is insufficient to fund one hundred percent of the at-risk supplemental aid calculated pursuant to this subsection (4.5), the charter school institute shall reduce each institute charter school's at-risk supplemental aid proportionately.

(5) (Deleted by amendment, L. 2009, (SB 09-089), ch. 440, p. 2435, § 4, effective June 4, 2009.)

(6) (a) The governing body of an institute charter school is authorized to accept gifts, donations, or grants of any kind made to the institute charter school and to expend or use said gifts, donations, or grants in accordance with the conditions prescribed by the donor; however, no gift, donation, or grant shall be accepted by the governing body if subject to any condition contrary to law or contrary to the terms of the charter contract between the institute charter school and the institute.

(b) Moneys received by an institute charter school from any source and remaining in the institute charter school's accounts at the end of a budget year shall remain in the institute charter school's accounts for use by the institute charter school during subsequent budget years and shall not revert to the state. Moneys remaining in the institute charter school's accounts upon revocation or nonrenewal of the charter contract shall revert to the institute; except that any gifts shall be disposed of in accordance with any conditions prescribed by the donor that are not contrary to law.

(7) and (8) Repealed.

(9) (a) For the 2004-05 budget year, and for each budget year thereafter, the proportionate share of moneys generated under federal or state categorical aid programs shall be directed to institute charter schools serving students eligible for such aid.

(b) Each institute charter school that receives federal or state categorical aid shall comply with all applicable federal and state reporting requirements to receive such aid.

(10) (a) On or before December 1, 2009, and on or before December 1 each year thereafter, a representative from the governing board of each institute charter school and the institute board shall meet to review the level of funding received by the institute as a result of the moneys withheld by the institute for the amount of actual costs incurred by the institute in providing necessary administration, oversight, and management services to the institute charter schools. The institute charter school representatives and the institute board shall, at a minimum, review, for each budget year beginning with the 2004-05 budget year, the amount of moneys annually appropriated to the institute, the amount of costs incurred by the institute, and the services provided by the institute.

(b) On or before January 15, 2010, and on or before January 15 each year thereafter, the institute board shall submit to the education committees of the senate and the house of representatives, or any successor committees, the findings of the review described in paragraph (a) of this subsection (10) and any recommendations for legislative changes regarding the operations of the institute.

(c) The provisions of this subsection (10) shall not be interpreted as limiting the authority of the institute or the institute board in making decisions concerning operations of the institute or the use of institute moneys.

(3) Amendments to (1)(j)(II) by House Bill 12-1090 and House Bill 12-1240 were harmonized.

**22-30.5-514. Institute charter school - capital reserve, risk management, and instructional purposes.** (1) For the 2004-05 budget year through the 2008-09 budget year, each institute charter school shall annually allocate the minimum per pupil dollar amount specified in section 22-54-105 (2) (b), multiplied by the number of students enrolled in the institute charter school who are not students enrolled in an on-line program or on-line school, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), to a fund created by the institute charter school for capital reserve purposes, as set forth in section 22-45-103 (1) (c) and (1) (e), or solely for the management of risk-related activities, as identified in section 24-10-115, C.R.S., and article 13 of title 29, C.R.S., or among such allowable funds. Said moneys shall be used for the purposes set forth in section 22-45-103 (1) (c) and (1) (e) and may not be expended by the institute charter school for any other purpose. Any moneys remaining in the fund that have not been expended prior to the 2009-10 budget year shall be budgeted for the purposes set forth in section 22-45-103 (1) (c) and (1) (e) in the 2009-10 budget year or any budget year thereafter.

(2) For the 2004-05 budget year through the 2008-09 budget year, each institute charter school shall annually allocate the minimum per pupil dollar amount specified in section 22-54-105 (1) (b), multiplied by the number of students enrolled in the institute charter school who are not students enrolled in an on-line program or on-line school, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), to accounts created by the institute charter school for instructional supplies and materials, instructional capital outlays, or other

instructional purposes, as set forth in section 22-45-103 (1) (a) (II), or among such accounts. Moneys may be transferred among the three accounts. The moneys in the accounts shall be used for the purposes set forth in section 22-45-103 (1) (a) (II) and may not be expended by the institute charter school for any other purpose. Any moneys in the accounts that are not projected to be expended during a budget year shall be budgeted for the purposes set forth in section 22-45-103 (1) (a) (II) in the next budget year. Nothing in this subsection (2) shall be construed to require that interest on moneys in the accounts be specifically allocated to the accounts. Any moneys remaining in the accounts that have not been expended prior to the 2009-10 budget year shall be budgeted for the purposes set forth in section 22-45-103 (1) (a) (II) in the 2009-10 budget year or any budget year thereafter.

**Source:** **L. 2004:** Entire part added, p. 1616, § 1, effective July 1. **L. 2007:** (1) and (2) amended, p. 1091, § 22, effective July 1. **L. 2009:** Entire section amended, (SB 09-256), ch. 294, p. 1556, § 15, effective May 21. **L. 2012:** Entire section amended, (HB 12-1240), ch. 258, p. 1318, § 33, effective June 4.

**22-30.5-515. Institute charter school - additional aid.** (1) (a) For the 2004-05 budget year and each budget year thereafter, a qualified charter school, as that term is defined in section 22-54-124, that is an institute charter school shall receive state education fund moneys from the department in an amount equal to the percentage of the total qualified charter school pupil enrollment that is attributable to pupils expected to be enrolled in the institute charter school multiplied by the total amount of state education fund moneys distributed for the same budget year pursuant to section 22-54-124 (3).

(b) As used in this subsection (1), “pupils” means pupils other than pupils enrolled in an on-line program or on-line school, as defined in sections 22-30.7-102 (9) and 22-30.7-102 (9.5), who are enrolled in a qualified charter school.

(2) Funding received pursuant to subsection (1) of this section shall be in addition to any funding provided pursuant to section 22-30.5-513.

(3) The department shall provide funding to each qualified charter school that is an institute charter school by making a monthly payment to the institute as soon as possible after the department receives a monthly payment of state education fund moneys pursuant to section 22-54-124. The institute shall promptly remit the appropriate amount to each eligible institute charter school and shall not withhold any portion of the amount.

(4) An institute charter school shall use moneys it receives pursuant to subsection (1) of this section solely for capital construction, as defined in section 22-54-124 (1) (a).

**Source:** **L. 2004:** Entire part added, p. 1617, § 1, effective July 1. **L. 2007:** (1)(b) amended, p. 1091, § 23, effective July 1. **L. 2010:** (3) amended, (HB 10-1013), ch. 399, p. 1896, § 2, effective June 10. **L. 2012:** (1)(b) amended, (HB 12-1240), ch. 258, p. 1318, § 34, effective June 4.

**22-30.5-515.5. Institute charter school assistance fund - created - grants - loans - rules.** (1) (a) There is hereby created in the state treasury the institute charter school assistance fund, referred to in this section as the “fund”, that shall consist of one percent of the per pupil funding for institute charter schools that the state charter school institute withholds pursuant to section 22-30.5-513 (4) (a) (1.5) (B). The moneys in the fund shall be subject to annual appropriation by the general assembly to the institute for the direct and indirect costs associated with awarding grants and interest-free loans pursuant to this section to assist institute charter schools in meeting capital construction needs, including but not limited to obtaining financial assistance for capital construction through the “Building Excellent Schools Today Act”, article 43.7 of this title or repaying bonds issued by the Colorado educational and cultural facilities authority, created in section 23-15-104, C.R.S., for construction of institute charter school buildings, or in addressing other facility or special education services funding emergencies, as defined by rule of the institute board.

(b) Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the

investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(2) An institute charter school that seeks a grant or an interest-free loan pursuant to this section shall submit to the state charter school institute, in accordance with the timelines and procedures adopted by rule of the institute board, an application that includes, at a minimum:

(a) For an institute charter school that seeks a grant or an interest-free loan to use as matching moneys to obtain financial assistance for capital construction through the “Building Excellent Schools Today Act”, article 43.7 of this title:

(I) Evidence that the institute charter school meets the definition of a “charter school” specified in section 22-43.7-103 (7);

(II) A copy of the application that the institute charter school has submitted or is preparing to submit to the public school capital construction assistance board pursuant to section 22-43.7-109;

(III) An estimate of the amount of matching moneys, as defined in section 22-43.7-103 (11), that the public school capital construction assistance board will require, if known; and

(IV) Information concerning any other sources of funding available to the institute charter school;

(b) For an institute charter school that seeks a grant or an interest-free loan to use in repaying bonds or notes issued on the institute charter school’s behalf by the Colorado educational and cultural facilities authority pursuant to article 15 of title 23, C.R.S.:

(I) Copies of the documents the institute charter school has submitted or will submit to the Colorado educational and cultural facilities authority to request issuance of the bonds or notes;

(II) The amount of bonds or notes issued or to be issued and the total amount the institute charter school is required to repay; and

(III) Information concerning any other source of funding available to the institute charter school;

(c) For an institute charter school that seeks a grant or an interest-free loan to assist in meeting other capital construction costs:

(I) A description of the institute charter school’s capital construction needs;

(II) A description of the capital construction project the institute charter school has undertaken or will undertake to meet its needs, including the estimated cost to complete the project; and

(III) Information concerning any other source of funding available to the institute charter school; and

(d) For an institute charter school that seeks a grant or an interest-free loan to assist in addressing a facility or special education services funding emergency:

(I) A description of the institute charter school’s emergency and how it relates to its facility or other capital asset, if applicable;

(II) A description of the capital construction needed to remedy the emergency if it is a facility emergency;

(III) A description of the special education services required by the individualized education program for the student at issue if it is a special education funding emergency; and

(IV) A description of when the funding is needed.

(3) The state charter school institute shall review each application received pursuant to subsection (2) of this section and shall recommend to the institute board those institute charter schools that should receive moneys pursuant to this section, whether the moneys should be awarded in the form of grants or interest-free loans, and the amounts of the grants or interest-free loans. In making its recommendations, the institute shall apply criteria adopted by rule of the institute board, which criteria shall prioritize applications based on the applicant’s level of economic need and the viability and merit of the capital construction project.

(4) (a) The institute board shall consider the state charter school institute’s recommendations and award grants and interest-free loans pursuant to this section to assist institute

charter schools based on the level of economic need demonstrated by an applicant and the viability and merit of the capital construction project proposed in the application.

(b) If the institute board awards an interest-free loan to an institute charter school pursuant to this section, it shall set the terms of repayment with the institute charter school.

(c) The state charter school institute shall not pay a grant or an interest-free loan awarded pursuant to this section for use as matching moneys to obtain financial assistance for capital construction through the “Building Excellent Schools Today Act”, article 43.7 of this title, until the recipient institute charter school provides proof that the public school capital construction assistance board has selected it to receive financial assistance pursuant to article 43.7 of this title.

(d) The state charter school institute shall not pay a grant or an interest-free loan awarded pursuant to this section for use in repaying bonds or notes issued by the Colorado educational and cultural facilities authority until the recipient institute charter school provides proof that the bonds or notes have been issued on the institute charter school’s behalf.

(5) The institute board shall promulgate rules pursuant to the “State Administrative Procedure Act”, article 4 of title 24, C.R.S., for the implementation of this section, including but not limited to rules specifying any information to be included in an application in addition to the information specified in subsection (2) of this section.

(6) Nothing in this section shall be interpreted as creating an entitlement in an institute charter school for receipt of a grant or an interest-free loan from the fund, but awards of grants and interest-free loans shall be at the sole discretion of the institute board.

**Source: L. 2009:** Entire section added, (SB 09-089), ch. 440, p. 2437, § 5, effective June 4. **L. 2010:** (1)(a), (2)(b)(III), and (2)(c)(III) amended and (2)(d) added, (SB 10-111), ch. 170, p. 601, § 5, effective August 11.

**22-30.5-516. Notice of precollegiate admission guidelines - report to Colorado commission on higher education.** (1) The state charter school institute board shall adopt a policy on or before October 1, 2005, to:

(a) Provide on or before December 31 of each school year the names and mailing addresses of students enrolled in the eighth grade in institute charter schools to the Colorado commission on higher education for use in mailing the notice of postsecondary educational opportunities and higher education admission guidelines as required in section 23-1-119.1, C.R.S.

(b) Include a provision in any contract entered into by an institute charter school with a college preparation program that the college preparation program shall provide to the Colorado commission on higher education, on or before December 31 of each school year, a report specifying each student, by unique identifying number, to the extent permissible by federal law, who was enrolled in the program during the previous school year; who completed the program during the previous school year; and who enrolled in an institution of higher education within six months after completing the program. The provisions of this paragraph (b) shall apply to contracts entered into or renewed on or after August 10, 2005.

**Source: L. 2005:** Entire section added, p. 446, § 3, effective August 8.

**22-30.5-517. Institute charter school nutritional beverage policy.** (1) On or before July 1, 2009, the state charter school institute shall adopt and implement a policy that prohibits, except as described in subsection (2) of this section, an institute charter school from permitting the sale of beverages to students from any source, including but not limited to:

- (a) School cafeterias;
- (b) Vending machines;
- (c) School stores; and
- (d) Fund-raising activities conducted on school campuses.

(2) (a) On or before November 15, 2008, the institute board shall promulgate rules describing beverages that institute charter schools may permit to be sold to students. Each beverage described by the rules shall satisfy minimum nutritional standards for beverages, which standards are science-based and established by a national organization that:

(I) Establishes and promotes minimum nutritional standards for beverages served to students in schools; and

(II) Has set forth a memorandum of understanding between various interested entities, including representatives of the beverage industry, which memorandum of understanding sets forth guidelines for policies concerning beverages that school districts and schools may permit to be sold to students.

(b) On or before November 15, 2008, the institute board shall promulgate rules describing specific events occurring outside of the regular and extended school day, including but not limited to extracurricular competitions and performances, at which an institute charter school may permit to be sold to students beverages other than the beverages described by the rules promulgated by the institute board pursuant to paragraph (a) of this subsection (2).

(3) (a) The policy adopted by the state charter school institute pursuant to subsection (1) of this section shall apply to all beverages sold on institute charter school campuses during regular and extended school days.

(b) For the purposes of this subsection (3), “extended school day” means the regular hours of operation for an institute charter school plus any time spent by students after such regular hours of operation for any purpose, including but not limited to participation in extracurricular activities or childcare programs.

(4) The provisions of this section shall apply to contracts entered into or renewed by the state charter school institute or an institute charter school on or after July 1, 2009.

**Source: L. 2008:** Entire section added, p. 643, § 6, effective August 5.

**Cross references:** For the legislative declaration contained in the 2008 act enacting this section, see section 1 of chapter 185, Session Laws of Colorado 2008.

**22-30.5-518. Institute charter school food allergy and anaphylaxis management policy required.** (1) On or before July 1, 2010, the state charter school institute shall adopt and implement a policy for the management of food allergies and anaphylaxis among students enrolled in institute charter schools. The policy shall include, at a minimum, measures that satisfy the rules promulgated by the state board pursuant to section 22-2-135.

(2) (a) The policy adopted by the state charter school institute pursuant to subsection (1) of this section shall ensure that, prior to the beginning of each school year, each institute charter school provide notice to a parent or legal guardian of each student enrolled in the institute charter school of the policy. The notice shall include the standard form developed by the department of public health and environment pursuant to section 25-1.5-109, C.R.S., to allow the parent or legal guardian of a student with a known food allergy to provide to the institute charter school’s administration the information that is described in section 22-2-135 (3) (b).

(b) The notice required by paragraph (a) of this subsection (2) shall include language that encourages parents and legal guardians of students for whom medication has been prescribed for treatment of a food allergy or anaphylaxis to give to the school nurse or other administrator of the student’s school a supply of the medication.

**Source: L. 2009:** Entire section added, (SB 09-226), ch. 245, p. 1105, § 4, effective August 5. **L. 2011:** (2)(b) amended, (SB 11-012), ch. 62, p. 163, § 4, effective March 25.

**Cross references:** For the legislative declaration contained in the 2009 act adding this section, see section 1 of chapter 245, Session Laws of Colorado 2009.

**22-30.5-519. Institute charter school standardized immunization information policy.** On or before July 1, 2011, the state charter school institute shall annually provide to the

parent or legal guardian of each student enrolled in the institute charter school the standardized immunization document developed by the department of public health and environment pursuant to section 25-4-902 (4), C.R.S. For purposes of this section, an institute charter school shall have the discretion to determine the method of distribution of the standardized immunization document, including but not limited to providing a copy to parents and legal guardians, providing the standardized immunization document in a newsletter or handbook, or providing to parents and legal guardians an electronic copy of the standardized immunization document. For purposes of this section, solely posting a copy of the standardized immunization document on a web site or in a central area of the school is not sufficient to satisfy the notice requirements of this section; however, the institute is encouraged to post a copy of the standardized immunization document on its web site.

**Source: L. 2010:** Entire section added, (SB 10-056), ch. 50, p. 191, § 2, effective August 11.

**22-30.5-520. Parent involvement - policy - communications - incentives.** (1) The state charter school institute board is encouraged to adopt a policy for increasing and supporting parent involvement in institute charter schools. In adopting the policy, the institute board may take into account, but need not be limited to, the best practices and strategies identified pursuant to section 22-7-304 by the Colorado state advisory council for parent involvement in education and the national standards for family-school partnerships, as defined in section 22-7-302 (5).

(2) If the state board of education, pursuant to section 22-11-210, determines that an institute charter school is required to adopt and implement a school improvement plan as described in section 22-11-404, a school priority improvement plan as described in section 22-11-405, or a school turnaround plan as described in section 22-11-406, the institute charter school, within thirty days after receiving the initial notice of the determination or, if the determination is appealed, the final notice of the determination, shall notify the parents of the students enrolled in the school of the required plan and the issues identified by the department of education as giving rise to the need for the required plan. The notice shall also include the timeline for developing and adopting the required plan and the date, time, and location of a public hearing to be held by the institute charter school or the institute, whichever is responsible for adopting the plan, to review the required plan prior to final adoption. At the public hearing, the institute charter school principal or the institute shall also review the institute charter school's progress in implementing its plan for the preceding year and in improving its performance. The date of the public hearing shall be at least thirty days after the date on which the institute charter school provides the written notice.

(3) The institute board may solicit, accept, and expend public or private gifts, grants, or donations to implement all or a portion of the parent involvement programs implemented under a policy adopted pursuant to this section.

**Source: L. 2011:** Entire section added, (HB 11-1126), ch. 118, p. 369, § 2, effective August 10.

**22-30.5-521. Institute charter schools - school bullying policies required.** On or before October 1, 2011, each institute charter school shall implement the policy of the institute concerning bullying prevention and education, which policy is adopted by the institute pursuant to section 22-30.5-505 (19).

**Source: L. 2011:** Entire section added, (HB 11-1254), ch. 173, p. 654, § 6, effective May 13.

**22-30.5-522. Restorative justice practices.** The state charter school institute is encouraged to develop and utilize restorative justice practices, as defined in section 22-32-144 (3), that are part of the disciplinary program of each institute charter school.

**Source: L. 2011:** Entire section added, (HB 11-1032), ch. 296, p. 1408, § 18, effective August 10.

**22-30.5-523. Intervention strategies - students at risk of dropping out.** (1) Each institute charter school that includes any of grades six through nine shall consider adopting procedures to review the relevant data for students in those grades and identify students who are demonstrating behaviors that indicate the student is at greater risk of dropping out of school. The behaviors may include, but need not be limited to, low academic achievement, truancy, insubordinate behavior, and disengagement.

(2) The procedures may specify that, after an institute charter school identifies a student as being at increased risk of dropping out of school, the school shall provide appropriate interventions that are designed to assist the student in improving his or her academic performance and behavior and in increasing his or her overall level of engagement in school. Interventions may include, but need not be limited to, counseling, tutoring, parent engagement, and developmental education services.

(3) If an institute charter school adopts procedures pursuant to this section, the institute charter school shall notify a student's parents as soon as possible after the institute charter school identifies the student as being at greater risk of dropping out of school. The institute charter school shall provide to the student's parents a description of the interventions that the institute charter school intends to implement for the student, if any. The parent may approve or reject the described interventions. If the parent rejects the interventions, the institute charter school shall not implement the interventions. The parent may terminate the interventions at any time after the institute charter school begins providing the interventions.

(4) A parent may contact the institute charter school in which his or her student is enrolled to request interventions pursuant to this section if the parent determines that the student is at greater risk of dropping out of school.

**Source: L. 2012:** Entire section added, (HB 12-1013), ch. 23, p. 60, § 2, effective August 8.

**22-30.5-524. Institute charter schools - children's nutrition - no trans fats in school foods - definitions - rules.** (1) As used in this section, unless the context otherwise requires:

(a) "Extended school day" means the school day, plus any additional time that a student spends on school grounds before or after the school day for the purpose of participating in a school-sanctioned extracurricular activity or child care program.

(b) "Industrially produced trans fat" means vegetable shortening, margarine, or any type of partially hydrogenated vegetable oil that contains more than zero grams of trans fat per serving.

(c) "School day" has the same meaning as set forth in section 22-32-136.

(2) On and after September 1, 2013, neither the state charter school institute nor any institute charter school shall:

(a) Make available to a student any food that contains any amount of industrially produced trans fat; or

(b) Use a food that contains any amount of industrially produced trans fat in the preparation of a food item that is intended for consumption by a student.

(3) The prohibition described in subsection (2) of this section applies to all food and beverages made available to a student on school grounds during each school day and extended school day, including but not limited to any food or beverage item made available to a student in a school cafeteria, school store, vending machine, or other food service entity existing upon school grounds.

(4) The prohibition described in subsection (2) of this section does not apply to:

(a) Any food or beverage that is made available to a student as part of a meal program of the United States department of agriculture;

(b) Any food or beverage that is made available to a student as part of a fundraising effort conducted by one or more students, teachers, or parents; or

(c) Any food or beverage that is donated to the school to be given to a student for consumption off of school premises and not during the school day.

(5) The state charter school institute may promulgate such rules as are necessary for the administration of this section.

**Source: L. 2012:** Entire section added, (SB 12-068), ch. 256, p. 1303, § 3, effective August 8.

**Cross references:** For the legislative declaration in the 2012 act adding this section, see section 1 of chapter 256, Session Laws of Colorado 2012.

**22-30.5-525. Individual career and academic plans.** (1) Each institute charter school shall assist each student and his or her parent or legal guardian to develop and maintain the student's individual career and academic plan, referred to in this section as an "ICAP", no later than the beginning of ninth grade but may assist the student and his or her parent or legal guardian to develop and maintain the student's ICAP in any grade prior to ninth grade. Each student's ICAP shall comply with the requirements specified in section 22-2-136 and the rules promulgated by the state board of education pursuant to said section.

(2) Each institute charter school shall assist each student who is enrolled in the school and has an ICAP to use the plan effectively to direct the student's course selections and performance expectations in at least grades nine through twelve; to assist the student in meeting his or her academic and career goals as described in the ICAP; and to enable the student to demonstrate postsecondary and workforce readiness prior to or upon graduation from high school at a level that allows the student to progress toward his or her postsecondary education goals, if any, without requiring remedial educational services or courses.

**Source: L. 2012:** Entire section added, (HB 12-1345), ch. 188, p. 727, § 15, effective May 19.

**Cross references:** For the legislative declaration in the 2012 act adding this section, see section 11 of chapter 188, Session Laws of Colorado 2012.

**22-30.5-526. Basic skills placement or assessment tests - intervention plans.**

(1) Each institute charter school that includes any of grades nine through twelve may administer to students enrolled in those grades the basic skills placement or assessment tests that are administered to matriculated first-time freshman students pursuant to section 23-1-113, C.R.S. The institute charter school may administer the tests to a student at any time and as often as it deems necessary while the student is enrolled in any of grades nine through twelve, but the department of education shall allocate moneys to each institute charter school to offset the costs incurred in administering each of the test units only once per student while he or she is enrolled in those grades.

(2) If an institute charter school chooses to administer the basic skills placement or assessment tests, each student's individual career and academic plan shall include the scores achieved by the student on the basic skills placement or assessment tests and, based on an analysis of the scores, the student's level of postsecondary and workforce readiness at the time he or she takes the tests. If a student's scores indicate that he or she is at risk of being unable to demonstrate postsecondary and workforce readiness prior to or upon graduating from high school, school personnel shall work with the student and the student's parent or legal guardian to create an intervention plan that identifies the necessary courses and education support services the student requires to be able to achieve postsecondary and workforce readiness prior to or upon graduating from high school and to be prepared to continue into the postsecondary education option, if any, selected by the student in his or her individual career and academic plan without need for remedial educational services. If

appropriate, the school, the student, and the student's parent or legal guardian may choose to enroll the student in one or more basic skills courses at an institution of higher education through the "Concurrent Enrollment Programs Act", article 35 of this title, if the student is enrolled in twelfth grade.

**Source: L. 2012:** Entire section added, (HB 12-1345), ch. 188, p. 727, § 15, effective May 19.

**Cross references:** For the legislative declaration in the 2012 act adding this section, see section 11 of chapter 188, Session Laws of Colorado 2012.

## PART 6

### CHARTER SCHOOL COLLABORATIVES

**22-30.5-601. Short title.** This part 6 shall be known and may be cited as the "Charter School Collaborative Act".

**Source: L. 2010:** Entire part added, (SB 10-161), ch. 250, p. 1117, § 7, effective August 11.

**22-30.5-602. Definitions.** As used in this part 6, unless the context otherwise requires:

(1) "Authorizer" means a school district board of education that authorizes a district charter school pursuant to part 1 of this article or the state charter school institute board created in section 22-30.5-505.

(2) "Charter school" means a district charter school authorized pursuant to part 1 of this article or an institute charter school authorized pursuant to part 5 of this article.

**Source: L. 2010:** Entire part added, (SB 10-161), ch. 250, p. 1117, § 7, effective August 11.

**22-30.5-603. Charter school collaborative - creation - public status - structure.**

(1) Two or more charter schools may contract with one another to form a charter school collaborative that is a legal entity separate from the contracting charter schools and is authorized to provide any function, service, or facility that is lawfully authorized for each of the contracting charter schools. A charter school need not obtain the approval of its authorizer to create or participate in a charter school collaborative.

(2) A charter school collaborative created pursuant to this section shall be a public entity that exists separately from the individual charter schools that are participating in the collaborative. The charter school collaborative shall hold and may exercise the duties, privileges, immunities, rights, liabilities, and disabilities of a public entity, including but not limited to the power to contract, to sue or be sued, and to hold title to property; except that a charter school collaborative may hold title to real property only for the use of the participating charter schools. The charter school collaborative shall be solely responsible for its debts, liabilities, and obligations, and said debts, liabilities, or obligations shall not be the responsibility of the participating charter schools or their authorizers.

(3) A charter school collaborative created pursuant to this section shall be deemed a local public body for purposes of the open meeting requirements of section 24-6-402, C.R.S. Except as otherwise specifically authorized in this section, a charter school collaborative shall be subject to all state statutes regulating charter schools as public entities as if the charter school collaborative were authorized by a school district board of education.

(3.5) A charter school collaborative may act as a school food authority pursuant to the provisions of the federal "National School Lunch Act", 42 U.S.C. sec. 1751 et seq.

(4) (a) A charter school collaborative, as a separate legal entity, shall exercise administrative control or direction in providing or operating specified functions, services, or facilities for the participating charter schools. The contract creating a charter school

collaborative shall set forth fully the purposes, powers, rights, obligations, and responsibilities, financial and otherwise, of the charter school collaborative and of the contracting charter schools. The participating charter schools shall delegate to the charter school collaborative the powers necessary to enable the charter school collaborative to provide or operate the functions, services, or facilities specified in the contract.

(b) In addition to any duty required to be performed by law or by the contract creating a charter school collaborative, the collaborative shall have and perform the following duties:

(I) To act consistently with the provisions of this article;

(II) To abide by the contract that creates and organizes the charter school collaborative; and

(III) To act consistently with the charter contract and mission of each charter school that participates in the charter school collaborative.

(5) A contract to establish a charter school collaborative shall, at a minimum, specify:

(a) The name and purpose of the charter school collaborative and the functions, services, or facilities that the charter school collaborative shall provide or operate;

(b) The establishment and organization of a board of directors of the charter school collaborative, including but not limited to:

(I) The number of directors, the manner of appointment, the terms of office, the amount of compensation, if any, and the procedures for filling vacancies;

(II) The officers of the charter school collaborative, the manner of their selection, and their duties;

(III) The voting requirements for action by the board of directors; except that, unless specifically provided otherwise in the contract, a majority of directors shall constitute a quorum and a majority of a quorum shall be necessary to authorize any action taken by the board of directors;

(c) Provisions for the disposition, division, or distribution of any property or assets of the charter school collaborative, including but not limited to distribution upon dissolution of the charter school collaborative of the equity in any real property that the charter school collaborative may hold;

(d) The term of the contract, which may be continued for a definite term or until rescinded or terminated, and the method, if any, by which it may be rescinded or terminated; except that the contract may not be rescinded or terminated so long as the charter school collaborative has obligations outstanding, unless provisions for full payment of the obligations, by escrow or otherwise, are made pursuant to the terms of the obligations; and

(e) The terms, if any, under which a charter school that is not initially a participant in the charter school collaborative may join the collaborative and under which a charter school participant may withdraw from the charter school collaborative.

**Source: L. 2010:** Entire part added, (SB 10-161), ch. 250, p. 1117, § 7, effective August 11. **L. 2011:** (3.5) added, (HB 11-1277), ch. 306, p. 1505, § 35, effective August 10.

**22-30.5-604. Charter school collaborative - nonexclusive.** Nothing in this part 6 shall prohibit a charter school from participating as a member in an organization formed for the purpose of mutual support, contracting for services, participating in intergovernmental agreements otherwise authorized by law, or participating in any other form of organization authorized by law and appropriate to Colorado public or nonprofit organizations.

**Source: L. 2010:** Entire part added, (SB 10-161), ch. 250, p. 1119, § 7, effective August 11.

**22-30.5-605. Administration fee.** The state board of education, by rule, may establish a fee to be paid by each charter school collaborative to offset any direct costs that the department of education may incur in collecting data from or regulating the charter school

collaborative. The amount of the fee shall not exceed the amount of said direct costs. Any amount in fees received by the department of education pursuant to this section is continuously appropriated to the department for said direct costs.

**Source: L. 2010:** Entire part added, (SB 10-161), ch. 250, p. 1119, § 7, effective August 11.

## PART 7

### EMERGENCY POWERS

**22-30.5-701. Short title.** This part 7 shall be known and may be cited as the “Charter School Emergency Powers Act”.

**Source: L. 2010:** Entire part added, (HB 10-1345), ch. 245, p. 1087, § 2, effective May 21.

**22-30.5-702. Definitions.** As used in this part 7, unless the context otherwise requires:

(1) “Authorizer” means a school district board of education that authorizes a charter school pursuant to part 1 of this article or the state charter school institute established pursuant to section 22-30.5-503.

(2) “Charter management organization” means the Colorado operations of a for-profit or nonprofit entity, as determined under section 501 (c) (3) of the federal “Internal Revenue Code of 1986”, that operates one or more charter schools.

(3) “Charter respondent” means a charter school or charter management organization that is the subject of a request for or an order granting emergency powers pursuant to this part 7.

(4) “Charter school” means a charter school as defined in section 22-30.5-103 (2) or an institute charter school as defined in section 22-30.5-502 (6).

(5) “Commissioner” means the office of the commissioner of education created and existing pursuant to section 1 of article IX of the state constitution.

(6) “Emergency” means a situation that:

(a) Presents a significant threat, as determined by the commissioner, to the health or safety of the students, staff, or other individuals involved with a charter school;

(b) Presents a significant threat, as determined by the commissioner, to substantial property rights of an authorizer or a significant risk, as determined by the commissioner, to a charter respondent’s solvency;

(c) Indicates a substantial diversion, as determined by the commissioner, of charter school moneys through one or more excess benefit transactions; or

(d) Is defined by rule of the state board as one that justifies action pursuant to this part 7.

(7) “Excess benefit” means a financial benefit arising directly or indirectly from a transaction with a charter school that would be considered an excess benefit under section 4958 (c) (1) of the federal “Internal Revenue Code of 1986”, as amended, and regulations adopted thereunder; except that the definition of excess benefit shall extend to all charter schools regardless of whether they have applied for or received nonprofit status under section 501 (c) (3) of the federal “Internal Revenue Code of 1986”, as amended. The salaries of administrators in comparable positions at other Colorado charter schools, charter management organizations, boards of cooperative services, and school districts serving a reasonably comparable number of students shall serve as the comparison for determining whether the salaries of charter school or charter management organization administrators are reasonable or excessive for the purposes of this part 7.

(8) “Fiduciary” means a person who meets the requirements of the “Uniform Fiduciaries Law”, part 1 of article 1 of title 15, C.R.S., and any other applicable law or rule.

(9) “Organic documents” means the articles of incorporation, articles of organization, constitution, bylaws, or other documents, however denominated, that define the basic

governance structure for a charter school and the body or bodies that have governing authority for a charter school.

(10) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

**Source: L. 2010:** Entire part added, (HB 10-1345), ch. 245, p. 1087, § 2, effective May 21.

**22-30.5-703. Emergency powers - request - orders - process - rules.** (1) An authorizer may request that the commissioner permit external control over certain functions of a charter school or charter management organization by submitting to the commissioner and the charter school or charter management organization a concise written statement identifying the emergency that justifies external control and the form or forms of external control requested. The authorizer shall state clearly if it is requesting an order of reorganization. The commissioner may authorize external control over a charter school or charter management organization by issuing a temporary order as provided in subsection (2) of this section or a preliminary order as provided in subsection (3) of this section.

(2) The commissioner may issue a temporary order in the event that immediate and irreparable injury, loss, or damage will result from the identified emergency before the charter respondent is able to state its opposition and before the authorizer certifies in writing or in person to the commissioner the efforts that have been made to give notice to the charter respondent. A temporary order issued pursuant to this subsection (2) shall state the date and hour of issuance, define the injury, state why the injury is irreparable, and state why the temporary order was given without notice. A temporary order issued under this subsection (2) shall be valid for ten days and may be extended for up to an additional ten days for good cause shown. The authorizer shall immediately provide the charter respondent with a copy of any temporary order issued pursuant to this subsection (2). A charter respondent shall provide an authorizer two business days' notice prior to requesting that the commissioner dissolve a temporary order issued pursuant to this subsection (2).

(3) The commissioner shall issue a preliminary order only if:

(a) The charter respondent received two business days' written notice that the authorizer has requested external control over certain functions of the charter respondent and the basis for the request;

(b) In the case of a charter respondent that is a charter management organization, authorizers of each of the affected charter schools have received two business days' written notice of the request for external control;

(c) The authorizer requesting external control and all parties that received notice have had the opportunity to meet with the commissioner to present such evidence and argument as the commissioner finds appropriate under the circumstances. In any meeting held before issuing a preliminary order pursuant to this subsection (3), the commissioner may accept evidence and arguments from the parties involved as he or she deems appropriate, but neither a formal adversarial hearing nor application of the rules of evidence shall be required.

(d) Following a meeting held pursuant to paragraph (c) of this subsection (3), the commissioner finds and determines that the authorizer has demonstrated an emergency and the risk of irreparable injury resulting from the emergency justifies an intrusion on the internal operations of the charter respondent.

(4) The commissioner may demand production of information from the charter respondent that may be necessary to conduct an investigation pursuant to this section, may issue subpoenas as otherwise provided for in section 24-4-105 (5), C.R.S., and may draw appropriate inferences from failure of any party to promptly comply with such requests.

(5) A preliminary order issued pursuant to subsection (3) of this section shall be valid for one hundred twenty days and may be extended for up to an additional one hundred twenty days, upon good cause shown.

(6) (a) A temporary or preliminary order may appoint the authorizer or another entity or person to act as a fiduciary; except that, if more than one authorizer is a party to the proceeding or if the authorizer is requesting an order of reorganization, the commissioner

shall appoint a separate person or entity that is not a party to the proceeding to act as a fiduciary. The fiduciary may exercise, subject to the limitations set forth in paragraph (b) of this subsection (6), the powers over and for the charter respondent that are ordinarily exercised by the charter respondent's board of directors and may take action respecting excess benefits as authorized pursuant to section 22-30.5-704.

(b) A temporary or preliminary order shall not authorize, nor be construed to permit, a fiduciary to:

- (I) Conclude, dissolve, relinquish, or surrender the charter contract;
- (II) Effect nonrenewal or revocation of the charter contract;
- (III) Negotiate, renegotiate, or amend the charter contract;
- (IV) Exercise the legal standing of the charter respondent in any administrative or court proceeding other than one brought pursuant to this section; except that the fiduciary may seek recovery of unpaid moneys due to the charter respondent from an authorizer;
- (V) Transfer into a trust the assets of the charter respondent;
- (VI) Repeal, alter, amend, restate, or in any fashion modify the charter respondent's organic documents;
- (VII) Remove, recall, or appoint any member of the charter respondent's governing board or officers;
- (VIII) Take any action that is reserved for the membership of a charter respondent that is organized as a membership organization; or
- (IX) Take any action that is not within the power of the charter respondent's governing board.

(7) The commissioner may require a fiduciary to provide evidence of appropriate insurance coverage, including but not limited to appropriate certificates of insurance. The insurance coverage shall be reasonably adequate to protect against risks of liability for any actions taken under an order granted pursuant to this section.

(8) (a) If an authorizer has requested an order of reorganization and the commissioner, after appropriate proceedings pursuant to this section, has appointed a fiduciary other than the authorizer to exercise certain powers, the fiduciary shall independently determine whether to continue to request the order of reorganization. An order of reorganization shall be authorized only if it is issued in compliance with the processes, standards, and purposes set forth in this section.

(b) A fiduciary other than an authorizer may request an order of reorganization at any time while a preliminary order or an extension of a preliminary order is pending, so long as the fiduciary provides at least ten days' notice to the charter respondent, the authorizer, and the commissioner. The fiduciary shall specifically state in the notice the powers of reorganization he or she is requesting and the reasons justifying the request. Notwithstanding the limitations placed on the powers of a fiduciary acting under a temporary or preliminary order, as set forth in subsection (6) of this section, the powers of reorganization shall only include one or more of the following powers:

- (I) To fill one or more board vacancies, notwithstanding the charter respondent's organic documents;
- (II) To remove one or more board directors or officers, notwithstanding the charter respondent's organic documents; or
- (III) To make specific, stated modifications to the charter respondent's organic documents, notwithstanding the process for amendment or restatement otherwise prescribed in those documents.

(c) The commissioner may issue an order of reorganization only after giving the authorizer and the charter respondent a reasonable opportunity to be heard, and then only if the commissioner finds that the risks created by the emergency to the charter respondent and the authorizer cannot be resolved by any less restrictive means. In any meeting held before issuing an order of reorganization, the commissioner may accept evidence and argument from the parties involved as he or she deems appropriate, but neither a formal adversarial hearing nor application of the rules of evidence shall be required.

(d) An order of reorganization shall be valid for the balance of the term of any pending preliminary order or for sixty days, whichever is greater, and may be renewed for an

additional thirty days upon good cause shown. An order of reorganization shall be valid for no more than ninety days.

(9) The fiduciary shall submit appropriate financial information to the commissioner and the director of public school finance within the department of education and provide copies to the charter respondent and authorizer. The charter respondent and authorizer may submit additional information to the director of public school finance. After receipt of all pertinent financial information, the director of public school finance shall make a written recommendation to the commissioner.

(10) A temporary or preliminary order or an order for reorganization granted pursuant to this section shall state the reasons for issuance; be specific in its terms; and describe in reasonable detail, without reference to the request or other documents, the act or acts authorized. An order granted pursuant to this section is binding only upon the charter school and its employees. An order appointing a fiduciary may specify or limit the fiduciary's powers and may direct the fiduciary to act only upon particular issues or only to exercise certain powers.

(11) Expenses incurred by an authorizer in pursuing a proceeding pursuant to this section shall be borne by the authorizer, and expenses incurred by a charter respondent in defending any proceeding pursuant to this section shall be borne by the charter respondent. Expenses incurred by the department shall be borne equally by the authorizer and the charter respondent. Expenses incurred by a fiduciary shall be submitted to the charter respondent and commissioner for approval and, after the commissioner resolves any disputed charges, shall be borne by the charter respondent.

(12) Notwithstanding any other provision of Colorado law, including but not limited to the "Colorado Revised Nonprofit Corporation Act", articles 121 to 137 of title 7, C.R.S., or any provision of a charter contract to the contrary, the powers granted pursuant to this part 7 shall be effective and valid as a matter of law.

(13) Nothing in this part 7 shall limit the authority of an authorizer to exercise any contractual rights, including any remedies, emergency or otherwise, for breach of a charter contract. A charter contract provision that purports to grant authority to an authorizer to exercise emergency powers as described in this part 7 shall be construed, if possible, to be consistent with this part 7. A provision construed to be inconsistent with this part 7 shall be deemed contrary to public policy, void, unenforceable, and of no legal effect. The burden shall be on the party asserting an inconsistency to demonstrate that such a provision is inconsistent with this part 7.

(14) An order issued pursuant to this section shall be final and binding and not subject to appeal. A charter respondent may seek judicial review of an order issued pursuant to this section under rule 106 (a) (4) of the Colorado rules of civil procedure; except that a temporary order shall not be subject to judicial review. A charter respondent may file an action for judicial review in the district court for the city and county of Denver or the district court in the county in which the charter respondent is located.

(15) An order issued pursuant to this section shall not be deemed to be an appointment of a trustee or receiver under the terms of any financing of a charter school facility or other instrument.

(16) The commissioner may fill any vacancy created by the death or inability of a fiduciary or, for good cause shown, may remove a fiduciary that is exercising powers pursuant to a preliminary order or order of reorganization and appoint a new fiduciary.

(17) A meeting conducted by the commissioner pursuant to this section shall be open to all parties to the proceeding. An order of the commissioner issued pursuant to this section and all requests for orders, by any party, shall be considered public documents.

(18) The state board is authorized to adopt rules, pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., for the implementation of this section.

**22-30.5-704. Excess benefits - cancellation of contracts - civil action and penalty.**

- (1) If a fiduciary other than an authorizer, operating under the authority of a preliminary order or an order for reorganization, determines that a charter respondent has engaged in an excess benefit transaction, the fiduciary may:
- (a) Cancel in writing and without penalty any contract entered into by the charter school that awards the excess benefit to an individual or another entity and cancel any further compensation to the party that received the excess benefit. The fiduciary may demand the return, within ten business days, to the charter respondent of all excess benefits paid within the preceding three years or, if the excessive payment has been concealed from the charter respondent's full governing board, the preceding six years.
- (b) If payment is not made as demanded pursuant to paragraph (a) of this subsection (1), file in the name of the charter respondent, a civil action for recovery of the excess benefit and imposition of a civil penalty. If the court finds that the charter respondent paid the excess benefit and the person receiving the excess benefit did not repay the amount within ten business days following the demand for repayment, the court shall deem the excess benefit an unauthorized payment of charter school moneys and award the charter respondent, through the fiduciary, an amount fixed in the court's discretion and based on all the circumstances. However, the amount shall not be less than the excess benefit paid and shall not be more than double the excess benefit paid plus all reasonable attorney fees and costs. If the court finds that the fiduciary did not have a reasonable basis in law and fact for claiming an excess benefit and filing the action, it may award the party defending the action attorney fees and costs.

		22-30.7-111.	Learning centers - memo- randa of understanding - rules - appeal process.

**22-30.7-101. Legislative declaration.** (1) The general assembly hereby finds and declares that:

- (a) On-line education represents a twenty-first century approach to teaching and learning that is appropriate for today's students;
- (b) Technological advances, particularly in the development and dissemination of resources through the internet, can provide alternatives for the provision of educational services that can be customized to serve the diverse needs of today's student population;
- (c) Technology and on-line education, including both full-time and supplemental programs, are important tools to enhance educational opportunities and improve educational outcomes;
- (d) The growth of on-line education is challenging existing educational policy, administration, and oversight;
- (e) On-line programs and on-line schools must be accountable to students and parents and to the institutions that accredit on-line programs and on-line schools;
- (f) The state has a role in ensuring quality oversight of on-line programs and on-line

schools, but the state should not replace a school district or an authorizing entity in directly administering on-line programs and on-line schools;

(g) Local control of schools is a fundamental Colorado value;

(h) It is the role of families and students to choose their schools and models of education; and

(i) A student's access to educational opportunities should not be limited by where the student lives or by the financial, social, or other resources that are available or unavailable to the student.

(2) The general assembly further finds that:

(a) In response to a report of the state auditor released December 11, 2006, concerning a performance audit of on-line education in Colorado, the Donell-Kay foundation created the Trujillo commission consisting of a small group of on-line education stakeholders and professionals;

(b) The Trujillo commission held public meetings and solicited input from on-line education professionals and participants throughout the state concerning recommendations for the oversight and operation of on-line education in Colorado, and, based on the information and ideas collected, produced a final report released February 15, 2007.

(3) The general assembly finds, therefore, that the state should:

(a) Avail itself of enhanced technological services, which are available as a result of technological advances, to serve the educational needs of the citizens of the state more appropriately; and

(b) Take immediate action to ensure quality and accountability in the on-line educational programs offered within the state.

**Source: L. 2007:** Entire article added, p. 1066, § 1, effective July 1. **L. 2012:** (1)(e) and (1)(f) amended, (HB 12-1240), ch. 258, p. 1319, § 35, effective June 4.

**22-30.7-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) Repealed.

(2) "Authorizer" means an entity that authorizes an on-line program or on-line school. "Authorizer" shall include a school district, any group of two or more school districts, a board of cooperative services created pursuant to section 22-5-104, or the state charter school institute established pursuant to section 22-30.5-503.

(3) "Department" means the department of education created and existing pursuant to section 24-1-115, C.R.S.

(4) "Learning center" means a facility in which a consistent group of students meets more often than once per week under the supervision of a teacher or mentor for a significant portion of a school day for the purpose of participating in an on-line program. A group of parents and students meeting repeatedly, occasionally, and informally, even if facilitated by a school, shall not constitute a "learning center", and a private home shall not be considered a "learning center" under any circumstances.

(5) "Mentor" means an individual who is responsible for providing supervision at a learning center. A "mentor" shall not be required to be a licensed teacher but shall, at a minimum, satisfy the requirements specified for a paraprofessional as such requirements are described in the federal "No Child Left Behind Act of 2001", 20 U.S.C. sec. 6301 et seq.

(6) "Multi-district on-line school" means an on-line school that serves a student population drawn from two or more school districts.

(7) "On-line division" means the division of on-line learning created in the department of education pursuant to section 22-30.7-103.

(8) "On-line learning expert" means a person with special knowledge of and experience in the teaching or administration of single-district on-line programs and on-line schools, multi-district on-line schools, or supplemental programs for students in kindergarten through twelfth grade.

(9) "On-line program" means a full-time, on-line education program authorized pursuant to this article that delivers a sequential program of synchronous or asynchronous instruction from a teacher to a student primarily through the use of the internet. "On-line program" does not include a supplemental program. Accountability for each student in an

on-line program is attributed back to a designated school that houses the on-line program. Notwithstanding any other provision of this subsection (9) to the contrary, any on-line program with one hundred or more students shall be considered an on-line school and not an on-line program.

(9.5) "On-line school" means a full-time, on-line education school authorized pursuant to this article that delivers a sequential program of synchronous or asynchronous instruction from a teacher to a student primarily through the use of the internet. An on-line school has an assigned school code and operates with its own administrator, a separate budget, and a complete instructional program. An on-line school is responsible for fulfilling all reporting requirements and will be held to state and federally mandated accountability processes.

(10) "On-line pupil enrollment" shall have the same meaning as provided in section 22-54-103 (8.5).

(11) "Parent" means a biological parent, adoptive parent, or legal guardian.

(12) "Pupil enrollment" shall have the same meaning as provided in section 22-54-103 (10).

(12.5) "Pupil enrollment count day" has the same meaning as set forth in section 22-54-103 (10.5).

(13) "Single-district on-line program" or "single-district on-line school" means an on-line program or on-line school that serves only students who reside within a single school district.

(14) "Standard MOU form" means the standard memorandum of understanding form adopted by the state board pursuant to section 22-30.7-111 (5).

(15) "State board" means the state board of education created and existing pursuant to section 1 of article IX of the state constitution.

(16) "Supplemental program" means a program that offers one or more on-line courses to students to augment an educational program provided by a school district, charter school, or board of cooperative services.

**Source:** L. 2007: Entire article added, p. 1067, § 1, effective July 1. L. 2009: (1) repealed, (SB 09-112), ch. 122, p. 504, § 2, effective April 16. L. 2012: (12.5) added, (HB 12-1090), ch. 44, p. 151, § 10, effective March 22; (2), (6), (8), (9), and (13) amended and (9.5) added, (HB 12-1240), ch. 258, pp. 1319, 1311, §§ 36, 14, effective June 4; (13) amended, (HB 12-1212), ch. 66, p. 230, § 1, effective July 1.

**Editor's note:** Amendments to subsection (13) by House Bill 12-1212 and House Bill 12-1240 were harmonized.

### **22-30.7-103. Division of on-line learning - created - duties. (1) Creation.**

(a) There is hereby created within the department the division of on-line learning. The head of the division shall be the director of on-line learning and shall be appointed by the commissioner of education in accordance with section 13 of article XII of the state constitution.

(b) The division of on-line learning and the office of the director shall exercise their powers and perform their duties and functions under the department, the commissioner of education, and the state board of education as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of title 24, C.R.S.

(2) **Purposes.** The purposes of the on-line division are:

(a) To support on-line programs and on-line schools, students, parents, authorizers, and other entities related to on-line learning by providing information and access to available data; and

(b) To facilitate the certification of multi-district on-line schools in accordance with rules promulgated by the state board pursuant to section 22-30.7-106.

(3) **Duties.** The on-line division shall have the following duties:

(a) To consult with the state board in its creation of quality standards pursuant to section 22-30.7-105 for use by authorizers;

(b) To evaluate applications for certification of multi-district on-line schools using criteria adopted by rules promulgated by the state board pursuant to section 22-30.7-106 and to recommend that the state board grant or deny certification based upon the criteria;

(c) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1500, § 24, effective August 10, 2011.)

(d) To recommend to the state board on or before September 1, 2007, a process, timeline, and standard MOU form for use by multi-district on-line schools and school districts in crafting memoranda of understanding pursuant to section 22-30.7-111 regarding the placement of learning centers within the boundaries of a school district. At a minimum, the standard MOU form shall include the information specified in section 22-30.7-111 (1) (b).

(e) to (g) (Deleted by amendment, L. 2011, (HB 11-1277), ch. 306, p. 1500, § 24, effective August 10, 2011.)

(h) To prepare a summary report to be submitted on or before February 1, 2009, and on or before June 1, 2014, and on or before June 1 every five years thereafter, to the state board and the education committees of the house of representatives and the senate, or any successor committees;

(i) To establish a process and timeline for documenting and tracking complaints concerning on-line programs and on-line schools;

(j) To collect resources to support the implementation of quality on-line programs and on-line schools and make the resources available to on-line programs and on-line schools upon request;

(k) To use the final report of the Trujillo commission on on-line education, which report was released February 15, 2007, as a basis for the recommendations, criteria, standards, reporting requirements, and rules required pursuant to this subsection (3);

(l) To annually collect and review information concerning sound financial and accounting practices and resources for each on-line program and on-line school. The information may be the same information submitted by on-line charter schools pursuant to section 22-30.5-109 (1).

(m) If the on-line division has reason to believe that an on-line program or on-line school is not in substantial compliance with one or more of the statutory or regulatory requirements applicable to on-line programs and on-line schools, to provide notice to the on-line program or on-line school, and its authorizer, and require that the on-line program or on-line school, together with its authorizer, address a plan for coming into compliance. The plan may be included in the school plan required pursuant to section 22-11-210 (2).

**Source: L. 2007:** Entire article added, p. 1069, § 1, effective July 1. **L. 2010:** (3)(h) amended, (HB 10-1013), ch. 399, p. 1911, § 33, effective June 10. **L. 2011:** (3) amended, (HB 11-1277), ch. 306, p. 1500, § 24, effective August 10. **L. 2012:** (2), (3)(b), (3)(d), (3)(i), (3)(j), (3)(l), and (3)(m) amended, (HB 12-1240), ch. 258, p. 1319, § 37, effective June 4.

#### **22-30.7-104. On-line learning advisory board - created - reports - repeal. (Repealed)**

**Source: L. 2007:** Entire article added, p. 1070, § 1, effective July 1. **L. 2009:** Entire section repealed, (SB 09-112), ch. 122, p. 504, § 3, effective April 16.

**22-30.7-105. Program criteria - guidelines - quality standards - records - rules.**  
(1) (a) A school district and the state charter school institute established pursuant to section 22-30.5-503 are hereby authorized to create or oversee single-district on-line programs or single-district on-line schools.

(b) A school district, a group of two or more school districts, a board of cooperative services created pursuant to section 22-5-104, and the state charter school institute established pursuant to section 22-30.5-503 are hereby authorized to create or oversee multi-district on-line schools, subject to the requirement that the authorizer apply to the on-line

division for certification of the multi-district on-line school as described in section 22-30.7-106.

(c) Nothing in this article shall be construed to prohibit an on-line program or on-line school from providing supplemental on-line courses.

(2) The following guidelines shall apply to each on-line program or on-line school that is created or overseen pursuant to the provisions of this article:

(a) A student who is participating in an on-line program or on-line school shall be subject to compulsory school attendance as provided in article 33 of this title and shall be deemed to comply with the compulsory attendance requirements through participation in the on-line program or on-line school.

(b) Each student participating in an on-line program or on-line school shall be subject to the statewide assessments administered pursuant to section 22-7-409.

(c) The provisions of article 36 of this title concerning schools of choice shall apply to an on-line program or on-line school implemented pursuant to this article.

(d) The provisions of the "Education Accountability Act of 2009", article 11 of this title, shall apply to an on-line program or on-line school implemented pursuant to this article in the same manner as said provisions apply to the other public schools operating in this state.

(3) (a) An on-line program or on-line school that is administered pursuant to the provisions of this article shall satisfy the quality standards established by rules promulgated by the state board pursuant to paragraph (b) of this subsection (3).

(b) On or before January 1, 2008, the state board, in consultation with the on-line division, shall promulgate rules establishing quality standards for on-line programs and on-line schools administered pursuant to the provisions of this article. The rules shall include, but need not be limited to, the establishment of quality standards in the following areas:

- (I) An on-line program's or on-line school's governance, vision, and organization;
- (II) Standards-based curricula and data-driven instructional practices;
- (III) Technological capacity and support;
- (IV) Internet safety;
- (V) Sound financial and accounting practices and resources;
- (VI) Student academic performance and improvement;
- (VII) Monitoring and assessment of student academic performance and improvement;
- (VIII) Course completion measurements;
- (IX) Attendance tracking procedures;
- (X) Data analysis, management, and reporting;
- (XI) Guidance counseling;
- (XII) Engagement of parents and communities in on-line programs and on-line schools;
- (XIII) Provisions for students with special needs, including gifted and talented students and English language learners; and
- (XIV) Program evaluation and improvement.

(c) Repealed.

(4) (a) The records of each student participating in a multi-district on-line school shall be maintained on a permanent basis by the authorizer of the multi-district on-line school; except that, if a charter school provides the multi-district on-line school, only the charter school and not the authorizer shall be required to maintain the records. The records shall include, but need not be limited to:

- (I) Attendance data;
- (II) Test, evaluation, and statewide assessment results;
- (III) Immunization records, as required by sections 25-4-902 and 25-4-903, C.R.S.; and
- (IV) Such other records as are required under law concerning enrolled students, including but not limited to records required by state or federal statutes concerning the education of students with disabilities.

(b) (I) If a student enrolled in a school within a school district transfers to an on-line program or on-line school, the school district shall transmit to the on-line program or on-line school all performance, attendance, and assessment data concerning the student

within thirty days after the school district receives notice from the on-line program or on-line school that the student has enrolled in the on-line program or on-line school.

(II) If a student enrolled in an on-line program or on-line school transfers to a school within a school district, the on-line program or on-line school shall transmit to the school all performance, attendance, and assessment data concerning the student within thirty days after the on-line program or on-line school receives notice from the school district that the student has enrolled in the school.

(5) Each student participating in an on-line program or on-line school shall be a resident of this state and shall demonstrate that he or she possesses the appropriate electronic equipment and resources to participate in the program or school; except that an on-line program or on-line school may provide such equipment and resources to a student to enable the student to participate in the on-line program or on-line school.

**Source:** **L. 2007:** Entire article added, p. 1072, § 1, effective July 1. **L. 2009:** IP(3)(b) amended, (SB 09-112), ch. 122, p. 504, § 4, effective April 16; (2)(d) added and (3)(c) repealed, (SB 09-163), ch. 293, p. 1541, §§ 38, 39, effective May 21. **L. 2012:** Entire section amended, (HB 12-1240), ch. 258, p. 1320, § 38, effective June 4; (1)(a) amended, (HB 12-1212), ch. 66, p. 230, § 2, effective July 1.

**Editor's note:** Amendments to subsection (1)(a) by House Bill 12-1212 and House Bill 12-1240 were harmonized.

**22-30.7-106. Certification of multi-district on-line schools - criteria - rules.** (1) If a school district, a group of two or more school districts, a board of cooperative services created pursuant to section 22-5-104, or the state charter school institute established pursuant to section 22-30.5-503 chooses to authorize a multi-district on-line school, the school district, group of two or more school districts, board of cooperative services, or state charter school institute shall, prior to authorizing the multi-district on-line school, apply to the on-line division for certification of the multi-district on-line school.

(2) Notwithstanding the provisions of subsection (1) of this section, the state board may, in its discretion, waive the requirement that an authorizer that chooses to authorize a multi-district on-line school apply to the on-line division for certification of the school if the multi-district on-line school that the authorizer seeks to authorize has ten or fewer students from outside the school district enrolled in the school.

(3) Notwithstanding the provisions of subsection (1) of this section, an authorizer of a single-district on-line program or on-line school that becomes a multi-district on-line school shall not be required to apply to the on-line division for certification of the multi-district on-line school in the event that ten or fewer students from outside the school district in which the single-district on-line program or on-line school is operating enroll in the multi-district on-line school.

(4) The state board shall promulgate rules specifying criteria to be used by the on-line division in certifying multi-district on-line schools. The criteria shall include, but need not be limited to, the following:

(a) Whether the authorizer of the multi-district on-line school possesses adequate resources and the capacity to oversee the multi-district on-line school, including but not limited to oversight of the following components of the multi-district on-line school:

- (I) Curriculum and instruction;
- (II) Use of software applications and technology;
- (III) Data gathering, analysis, and reporting;
- (IV) Human resources management;
- (V) Financial management, facilities management, and risk management; and
- (VI) Other relevant public education administration functions;

(b) Whether the plan for operating and monitoring the multi-district on-line school agreed to by the authorizer of the multi-district on-line school and the principal, director, or other chief administrator of the multi-district on-line school adequately addresses, at a minimum, consideration of the following elements:

- (I) The multi-district on-line school's vision, mission, and goals;

(II) The multi-district on-line school's organizational structure and governance, including governing board and school policies and procedures;

(III) Equitable access for all students;

(IV) Guidance counseling for all students enrolled in the multi-district on-line school;

(V) Student academic credit policies;

(VI) Student achievement and attendance policies, including but not limited to monitoring graduation and dropout rates;

(VII) Student records policies and procedures;

(VIII) Student admission and placement policies and procedures;

(IX) Staff development plans;

(X) Student services, including counseling and tutorial support;

(XI) Staff, student, and parent handbooks;

(XII) Employment and contractor policies and procedures;

(XIII) Annual budgeting and finance practices;

(XIV) Facility plans, including any contemplated physical sites;

(XV) Risk management;

(XVI) Data development, analysis, and reporting; and

(XVII) Policies and procedures for facilitating communication between the multi-district on-line school, parents, and school districts in which students who are enrolled in the multi-district on-line school reside; and

(c) The degree to which the multi-district on-line school will satisfy the quality standards for on-line programs and on-line schools described in section 22-30.7-105.

(5) On or before January 1, 2008, the state board shall promulgate rules establishing processes and timelines by which a prospective authorizer may apply to the on-line division for certification of a multi-district on-line school pursuant to this section.

(6) On or before January 1, 2008, the state board shall create an expedited procedure for the approval or denial of certification for multi-district on-line schools that were operating as of January 1, 2007.

(7) Notwithstanding any provision of this section to the contrary, an authorizer of a multi-district on-line school that was operating as of January 1, 2007, may continue to operate until August 1, 2008, without receiving certification of the school by the on-line division pursuant to this section.

(8) The state board shall not approve the certification of a multi-district on-line school until the state board has promulgated rules for such certification pursuant to this section.

**Source: L. 2007:** Entire article added, p. 1074, § 1, effective July 1. **L. 2012:** Entire section amended, (HB 12-1240), ch. 258, p. 1323, § 39, effective June 4.

### **22-30.7-107. Funding.**

(1) Repealed.

(2) For the 2008-09 budget year, and for each budget year thereafter, for purposes of determining total program funding pursuant to article 54 of this title:

(a) (I) A school district that is providing a single-district on-line program or on-line school, or a school district in which a district charter school is providing a single-district on-line program or on-line school, shall include each student who is enrolled in the single-district on-line program or on-line school as of the pupil enrollment count day of the applicable budget year in the school district's pupil enrollment for the applicable budget year and shall receive the school district's per-pupil funding for each student enrolled in the single-district on-line program or on-line school.

(II) An institute charter school that is providing a single-district on-line program or on-line school shall include each student who is enrolled in the single-district on-line program or on-line school as of the pupil enrollment count day of the applicable budget year in the institute charter school's pupil enrollment for the applicable budget year and shall receive the per-pupil funding of the institute charter school's accounting district for each student enrolled in the single-district on-line program or on-line school.

(b) (I) A school district that is providing a multi-district on-line school, or a school district in which a district charter school is providing a multi-district on-line school, shall

include each student who is enrolled in the multi-district on-line school as of the pupil enrollment count day of the applicable budget year in the school district's on-line pupil enrollment for the applicable budget year and shall receive on-line funding, as specified in section 22-54-104 (4.5).

(II) An institute charter school that is providing a multi-district on-line school shall include each student who is enrolled in the multi-district on-line school as of the pupil enrollment count day of the applicable budget year in the institute charter school's on-line enrollment for the applicable budget year and shall receive on-line funding, as specified in section 22-54-104 (4.5).

(3) and (4) Repealed.

(5) The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, providing funding to the on-line division for on-line education is a permissible use of the moneys in the state education fund because the moneys are being used for accountable education reform, for accountable programs to meet state academic standards, for class-size reduction, for expanding technology education, and for accountability reporting as authorized by section 17 (4) (b) of article IX of the state constitution.

**Editor's note:** (1) Subsection (1)(d) provided for the repeal of subsection (1), effective July 1, 2008. (See L. 2007, p. 1076.)

(2) Subsection (4)(d)(I) provided for the repeal of subsection (4), effective July 1, 2010. (See L. 2009, p. 364.)

(3) Amendments to subsections (2)(a) and (2)(b) by House Bill 12-1090 and House Bill 12-1240 were harmonized.

**22-30.7-108. Extracurricular and interscholastic activities.** (1) A student who is participating in an on-line program or an on-line school, other than a student who is participating in the on-line program or on-line school after having been expelled from a public school, may participate on an equal basis in any extracurricular or interscholastic activity offered by a public school or offered by a private school, at the private school's discretion, as provided in section 22-32-116.5.

(2) As used in this section, "extracurricular or interscholastic activity" shall have the same meaning as "activity" as set forth in section 22-32-116.5 (10) (a).

**Source: L. 2007:** Entire article added, p. 1078, § 1, effective July 1. **L. 2012:** (1) amended, (HB 12-1240), ch. 258, p. 1326, § 41, effective June 4.

### **22-30.7-109. On-line programs - reports - rules. (Repealed)**

**Source: L. 2007:** Entire article added, p. 1079, § 1, effective July 1. **L. 2008:** IP(1)(a) amended, p. 1899, § 75, effective August 5. **L. 2011:** Entire section repealed, (HB 11-1277), ch. 306, p. 1501, § 25, effective August 10.

**22-30.7-109.5. On-line programs and on-line schools - report to authorizer and department.** Each on-line program and on-line school shall annually submit to its authorizer and to the department information, pursuant to state board rules, concerning sound financial and accounting practices and resources. A multi-district on-line school shall notify its authorizer and the department of any intent to amend the program's or school's application for certification, which shall include any intent to expand grade levels served by the program or school, any intent to change education service providers, or other intended changes, as defined by the state board. If the department concludes that the on-line program

or on-line school should not be permitted to amend its application for certification, based on the quality standards established by the state board pursuant to section 22-30.7-105, the department shall notify the authorizer and the on-line program or on-line school of its decision within thirty days of receiving the notification from the program or school. The authorizer shall then have thirty days to appeal the department's decision to the state board, pursuant to the state board's administrative policies.

#### **22-30.7-110. Reviews of multi-district programs - rules. (Repealed)**

**Source: L. 2007:** Entire article added, p. 1080, § 1, effective July 1. **L. 2011:** Entire section repealed, (HB 11-1277), ch. 306, p. 1502, § 27, effective August 10.

**22-30.7-111. Learning centers - memoranda of understanding - rules - appeal process.** (1) (a) A multi-district on-line school that intends to provide instruction to students within one or more learning centers shall, before providing such instruction, seek to enter into a memorandum of understanding with each school district in which the multi-district on-line school intends to provide instruction within a learning center.

(b) A multi-district on-line school that intends to provide instruction to students within a learning center shall notify the school district in which the proposed learning center is located of the multi-district on-line school's intention in writing at least ninety days before the multi-district on-line school intends to commence providing such instruction. The notice shall include the standard MOU form that addresses, at a minimum, the following information as it applies to each learning center to be located within the school district:

(I) A description of any curricula that will be offered by the multi-district on-line school at the learning center;

(II) The proposed location of the learning center;

(III) The grade levels to be served at the learning center;

(IV) The number of students projected to attend the multi-district on-line school at the learning center;

(V) Any building permits or certifications of building safety that may be required by law;

(VI) A list of all staff positions at the learning center, including a description of duties for each position;

(VII) Measures to ensure compliance with state and federal laws concerning educator licensing and fingerprint-based criminal history record checks;

(VIII) The name of and contact information for the multi-district on-line school and the names of and contact information for all learning center administrators; and

(IX) The plans for one or more public meetings to be held prior to the opening of a learning center.

(c) Within forty-five days after receiving the notice and standard MOU form from a multi-district on-line school pursuant to paragraph (b) of this subsection (1), the school district and the multi-district on-line school shall meet to discuss the terms of the memorandum of understanding, based on the standard MOU form provided with the notice. The school district and the multi-district on-line school may mutually agree to change the information in the standard MOU form provided with the notice or to include information in the memorandum of understanding in addition to that included in the standard MOU form.

(d) Within forty-five days after receiving the notice and the standard MOU form pursuant to paragraph (b) of this subsection (1), the school district and the multi-district on-line school shall hold at least one public meeting at which they shall receive public input concerning location of one or more learning centers within the school district.

(e) No later than forty-five days after the school district receives the notice and standard MOU form pursuant to paragraph (b) of this subsection (1), the school district shall notify the multi-district on-line school, the on-line division, and the state board in writing of the school district's decision whether to enter into a memorandum of understanding with the multi-district on-line school for operation of a learning center within the school district. If the school district does not provide notice of its decision within forty-five days, the standard MOU form provided by the multi-district on-line school with the notice shall become effective on the forty-sixth day following the school district's receipt of the notice and standard MOU form, and the multi-district on-line school may proceed under the terms of the standard MOU form as provided to the school district.

(f) A school district may refuse to enter into a memorandum of understanding with a multi-district on-line school for the operation of a learning center within the school district only if:

(I) The standard MOU form provided by the multi-district on-line school fails to satisfy the requirements described in paragraph (b) of this subsection (1); or

(II) The school district reasonably determines that the multi-district on-line school is contrary to the best interests of the pupils, parents, community, or school district.

(g) If a school district refuses to enter into a memorandum of understanding with a multi-district on-line school for operation of a learning center, the multi-district on-line school may appeal the school district's decision to the state board pursuant to the provisions of subsection (6) of this section.

(h) Notwithstanding any provision of this section to the contrary, a multi-district on-line school that seeks to operate a learning center within a school district shall not be required to enter into a memorandum of understanding with the school district if the school district is the authorizer of the multi-district on-line school.

(i) Notwithstanding any provision of this section to the contrary, a school district and a multi-district on-line school may mutually agree in writing to decline to enter into a memorandum of understanding.

(j) To ensure that all students have a reasonable opportunity to benefit from on-line education, a school district and a multi-district on-line school shall make good faith efforts to craft and enter into a memorandum of understanding pursuant to the provisions of this section.

(2) A memorandum of understanding entered into by a school district and a multi-district on-line school pursuant to the provisions of this section shall be effective for three years. A school district and a multi-district on-line school may enter into an unlimited number of successive memoranda of understanding.

(3) If a school district and a multi-district on-line school enter into a memorandum of understanding pursuant to the provisions of this section, the memorandum of understanding shall include consideration of all learning centers that the multi-district on-line school proposes, at the time the memorandum of understanding is crafted, to operate within the school district, and the memorandum of understanding shall supersede any memorandum of understanding previously entered into by the school district and the multi-district on-line school.

(4) (a) If a multi-district on-line school is operating a learning center within a school district under the terms of a memorandum of understanding, and the multi-district on-line school seeks to operate an additional learning center within the school district, which additional learning center is not contemplated in an existing memorandum of understanding, the multi-district on-line school shall provide notice to the school district of the multi-district on-line school's intention to operate an additional learning center. The notice shall include the standard MOU form.

(b) Upon receiving notice from a multi-district on-line school as described in paragraph (a) of this subsection (4), the school district shall decide whether to seek to craft a new memorandum of understanding with the multi-district on-line school, and the school district shall notify the multi-district on-line school of the school district's decision within thirty days after receiving the notice described in paragraph (a) of this subsection (4).

(c) (I) If the multi-district on-line school receives notice within thirty days that the school district has decided to seek to craft a new memorandum of understanding, the

multi-district on-line school and the school district shall seek to craft a new memorandum of understanding pursuant to the provisions of this section.

(II) If the multi-district on-line school does not receive notice within thirty days after the school district’s decision, or the multi-district on-line school receives notice that the school district has decided not to seek to craft a new memorandum of understanding, the multi-district on-line school may begin to operate the additional learning center.

(5) On or before October 1, 2007, the state board shall approve the standard MOU form, which shall, at a minimum, include the information specified in paragraph (b) of subsection (1) of this section. The standard MOU form approved by the state board shall be based on the standard MOU form recommended by the on-line division pursuant to section 22-30.7-103 (3) (d).

(6) (a) On or before January 1, 2008, the state board shall promulgate rules establishing procedures and timelines by which a multi-district on-line school may appeal to the state board a decision by a school district to refuse to enter into a memorandum of understanding with the multi-district on-line school for the operation of a learning center within the school district.

(b) If the state board determines that a school district’s decision to refuse to enter into a memorandum of understanding was contrary to the best interests of the pupils, parents, community, or school district, the state board shall issue an order directing the school district to enter into a final memorandum of understanding with the multi-district on-line school regarding the placement of one or more learning centers within the school district and to use the standard MOU form provided with the notice pursuant to paragraph (b) of subsection (1) of this section as the basis for the final memorandum of understanding.

(c) Upon receiving notice from a multi-district on-line school that the multi-district on-line school is appealing a decision by a school district to refuse to enter into a memorandum of understanding with the multi-district on-line school, the state board shall resolve the dispute within forty-five days by either affirming the school district’s decision or issuing an order directing the school district to enter into a memorandum of understanding with the multi-district on-line school, as described in paragraph (b) of this subsection (6).

(7) Notwithstanding any provision of this section to the contrary, a multi-district on-line school that operates one or more learning centers within a school district as of January 1, 2007, may continue to operate learning centers within the school district until August 1, 2008, without entering into a memorandum of understanding with the school district. A multi-district on-line school that operates one or more learning centers within a school district as of January 1, 2007, shall provide notification to the school district on or before September 1, 2007, of any learning centers being operated by the multi-district on-line school within the school district. The notice shall include the information described in subparagraphs (I) through (VIII) of paragraph (b) of subsection (1) of this section.

**22-31-101. Definitions.** As used in this article, unless the context otherwise requires:

(1) “Eligible elector” means a person who is registered to vote for state officers at general elections in this state and has resided in the school election precinct twenty-five days immediately preceding the election at which the elector intends to vote.

(1.5) “Electronic vote-tabulating equipment” or “electronic vote-counting equipment” includes any apparatus necessary to automatically examine and count votes as designated on ballot cards and tabulate the result.

(1.7) “Electronic voting equipment” or a “punch card electronic voting system” means a method in which votes are recorded on ballot cards by means of marking or punching, and such votes are subsequently counted and tabulated by electronic vote-tabulating equipment at one or more counting centers.

(2) “Pollbook” means the list of eligible electors to whom ballots are delivered or who are permitted to enter a voting machine booth for the purpose of casting their votes at a school election called under this article.

(3) “Registered elector” means an elector who has complied with the registration provisions of article 2 of title 1, C.R.S., and who resides within the jurisdiction of the school district calling the election.

(4) “Registration list” means the computer list of registered electors of each school election precinct prepared by the county clerk and recorder from the county registration books in accordance with section 1-5-303, C.R.S.

(5) “Regular biennial school election” means the election in a school district held at the time specified in section 22-31-104.

(6) “School enrollment” means the end-of-year enrollment reported by the secretary of the board of education to the department of education for the school year preceding the school year in which the election is held.

(7) "Special school election" means any school election provided for by law and held at a time other than the regular biennial school election.

## ANNOTATION

**United States citizenship requirements for voters are constitutional.** The state's United States citizenship requirements for voting in a school district election do not contravene the equal protection clause of the fourteenth amendment. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

The state has a rational interest in limiting participation in government to those persons within the political community. Aliens are not a part of the political community. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

This section and § 22-31-106, prohibiting permanent resident aliens from voting in school district elections, do not purport to be concerned with prohibiting from voting persons with some common trait, which trait is conclusively presumed from the status of alienage. Instead, the

statutes only purport to exclude aliens from voting. Thus, they do not create a conclusive presumption. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

The prohibition against voting placed upon resident aliens does not create a conclusive presumption in violation of the due process clause of the fourteenth amendment since there is no fact presumed from the status of alienage; rather, the general assembly intended to prohibit aliens from voting, and the classification exactly achieves that purpose. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

This section and § 22-31-106 are not invalid under the supremacy clause. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

**22-31-101.5. Acts and elections conducted pursuant to provisions which refer to qualified electors.** Any acts and elections carried out under this article, which were conducted prior to July 1, 1987, pursuant to provisions which refer to a qualified elector rather than a registered elector and which were valid when conducted, shall be deemed and held to be legal and valid in all respects.

**Source:** L. 87: Entire section added, p. 311, § 37, effective July 1. L. 92: Entire article amended, p. 812, § 31, effective January 1, 1993.

## **22-31-102. Computation of time. (Deleted by amendment)**

**Source:** L. 64: p. 593, § 2. C.R.S. 1963: § 123-31-2. L. 92: Entire article amended, p. 813, § 31, effective January 1, 1993.

**22-31-103. Board of education to govern conduct of school elections - contract with county clerk and recorder.** (1) Except as otherwise provided in this article, the board of education of each school district shall govern the conduct of all school elections in the district, shall designate an election official who shall be responsible for conducting the election, and shall render all interpretations and make all initial decisions as to controversies or other matters arising in the conduct of such elections. All elections authorized in this article shall be conducted pursuant to the provisions of articles 1 to 13 of title 1, C.R.S.

(2) The board of education of any school district may contract with the county clerk and recorder for the administration of any of the duties of the board, its secretary, or the

designated election official relating to the conduct of any school election. The election shall be conducted by the county clerk and recorder if the county clerk and recorder is conducting a coordinated election pursuant to section 1-7-116, C.R.S.

**Source:** **L. 64:** p. 594, § 3. **C.R.S. 1963:** § 123-31-3. **L. 92:** Entire article amended, p. 813, § 31, effective January 1, 1993. **L. 94:** (2) amended, p. 1180, § 75, effective July 1.

**22-31-104. Regular biennial school election.** (1) Except as provided in section 22-31-131, pertaining to districts whose boundaries are coterminous with a city and county, the regular biennial school election in each school district shall be held the first Tuesday in November of each odd-numbered year.

(2) (Deleted by amendment, L. 2006, p. 1021, § 1, effective May 25, 2006.)

(3) School district directors elected shall serve until their successors are elected and qualified. A director shall take office no later than fifteen days following the date on which the school district receives the official abstract of votes pursuant to section 1-10-102, C.R.S.

**22-31-105. School directors - number - election - term - plan of representation.** (1) (a) Except as otherwise provided in paragraph (b) of this subsection (1), in each school district, regardless of when the school district was organized, five, six, or seven school directors shall be elected, the number having been established as required by law. The school directors shall be elected at regular biennial school elections, each for a term of four years and until a successor has been elected and qualified; except that any school district that elects directors for terms of six years as of July 1, 1999, may continue electing directors for terms of six years until such time as the term length may be changed as provided in subsection (3) of this section.

(b) In each school district coterminous with a city and county, there shall be elected a seven-member board of education with one eligible elector elected from each of five director districts and two eligible electors elected from the district at large. School directors shall be elected at the respective regular biennial school elections, each for a term of four years and until a successor has been elected and qualified. Elections shall be held in accordance with the procedures established in section 22-31-131.

(2) Except as otherwise provided in section 22-31-131 (1.5) (b) (I) and subsection (6.5) of this section, all school directors shall be voted on at large by the eligible electors of the entire school district, regardless of the school district's plan of representation.

(3) (a) The board of education of any school district in which the directors serve six-year terms may, by resolution passed by a majority of the whole board, submit to the eligible electors of the school district, at the next regular biennial school election, a proposal to change the terms of office of the directors of the district from six years to four years. The proposed plan shall be adopted by resolution of the board at least one hundred ten days prior to the election.

(b) Upon receipt of a written petition that meets the requirements specified in this paragraph (b), the board of education of any school district in which the directors serve six-year terms shall submit to the eligible electors of the school district, at the next regular biennial school election, a proposal to change the terms of office of the directors of the district from six years to four years. The petition shall be signed by at least five percent of the eligible electors of the district, and the proposed plan, specifying terms of office and

establishing the procedure for making the transitions, shall be attached thereto. The petition, together with the proposed plan, shall be submitted to the secretary of the board of education at least one hundred ten days prior to the election.

(c) No proposal to change the terms of office of the directors of the district shall be submitted within four years after a previous proposal to change the terms of office has been submitted to the eligible electors of the district.

(d) The secretary of the board of education shall cause notice to be given pursuant to section 1-5-205, C.R.S., that at the next biennial election for school directors a plan revising the terms of office of school directors will be submitted to the eligible electors of the district. The notice shall state that the plan is on file in the administration offices of the school district for public inspection during reasonable business hours; and the notice may be combined with the notice otherwise required for the election of school directors at the regular biennial school election.

(e) The ballot shall contain the words "For a four-year term of office for school directors" and "Against a four-year term of office for school directors". Otherwise, the ballots and election procedures shall be the same as prescribed for the regular biennial school election.

(f) If a majority of the votes cast at the election are "For a four-year term of office for school directors", the plan shall become effective upon the survey of election returns. If a majority of the votes cast are "Against a four-year term of office for school directors", the school directors of the district shall continue to be elected or appointed as prescribed in this section.

(4) (a) The board of education of a school district may, by resolution passed by a majority of the whole board, submit to the eligible electors of the school district, at the next regular biennial school election, a proposal to change the number of directors; except that the school district shall not elect fewer than five nor more than seven directors. The proposal shall be adopted by resolution of the board at least one hundred ten days prior to the election. As provided in subsection (7) of this section, the board of education may simultaneously adopt a resolution to submit a proposal to change the school district plan of representation; except that, if the existing school directors are elected pursuant to a director district plan of representation, the board of education shall simultaneously adopt a resolution to submit a proposal to either change the boundaries of the director districts to reflect the change in the number of directors or change the school district plan of representation to adopt an at-large plan of representation or a combined director district and at-large plan of representation.

(b) Upon receipt of a written petition that meets the requirements specified in this paragraph (b), the board of education of a school district shall submit to the eligible electors of the school district, at the next regular biennial school election, a proposal to change the number of directors; except that the school district shall not elect fewer than five nor more than seven directors. As provided in subsection (7) of this section, the persons submitting the petition may simultaneously submit a petition to change the school district plan of representation. If the existing school directors are elected pursuant to a director district plan of representation and no change to the school district plan of representation is submitted by petition, the board of education shall adopt a resolution to submit a proposal to either change the boundaries of the director districts to reflect the change in the number of directors or change the school district plan of representation to adopt an at-large plan of representation or a combined director district and at-large plan of representation. Any petition submitted pursuant to this paragraph (b) shall be signed by at least five percent of the eligible electors of the district and shall be submitted to the secretary of the board of education at least one hundred ten days prior to the election.

(c) The secretary of the board of education shall cause notice to be given pursuant to section 1-5-205, C.R.S., that at the next regular biennial election for school directors a proposal to change the number of directors and the school district plan of representation, if submitted or adopted pursuant to paragraph (a) or (b) of this subsection (4), will be submitted to the eligible electors of the district.

(d) The ballot shall contain the words "For changing the number of school directors from \_\_\_\_ to \_\_\_\_ (and for the proposed change to the director district plan of representa-

tion)" and "Against changing the number of school directors from \_\_\_\_ to \_\_\_\_ (and against the proposed change to the director district plan of representation)". Otherwise the ballots and election procedures shall be the same as prescribed for the regular biennial school election.

(e) If a majority of the votes cast on the question are "For changing the number of school directors from \_\_\_\_ to \_\_\_\_ (and for the proposed change to the director district plan of representation)", the plan shall become effective for the election of school directors at subsequent regular biennial school elections. If a majority of the votes cast are "Against changing the number of school directors from \_\_\_\_ to \_\_\_\_ (and against the proposed change to the director district plan of representation)", there shall continue to be the same number of school directors operating under the same plan of representation in such district as existed prior to the election.

(5) (a) In any school district in which the terms of office of the directors expire on a schedule that does not create as close to the same number of offices to be filled at each regular biennial school election as possible, the board of education may, by resolution passed by a majority of all members of the board of education, extend or reduce for two years one or more terms of directors to be elected at the next regular biennial school election as necessary to achieve thereafter as close to the same number of offices to be filled at each regular biennial school election as possible. The extension or reduction of terms of office shall occur only once; thereafter, all terms of the members of the board of directors shall be equal.

(b) In determining which term or terms to extend or reduce, the board of education shall select, first, the term or terms for which an early election is scheduled at the next regular biennial school election due to the occurrence of a vacancy in the office of school director and, second, the term or terms regularly expiring at the next succeeding regular biennial school election. In the event it is necessary for the board of education to select between two or more terms of equal priority for extension or reduction under this subsection (5), the determination shall be by lot.

(c) The resolution extending or reducing the terms of office shall be adopted not less than one hundred ten days prior to the next regular biennial school election. A candidate shall run for and, if elected, shall serve the term as is appropriate for the director district in which the candidate resides; however, if the school district has an at-large plan of representation or a combined director district and at-large plan of representation, each candidate shall run for and, if elected, shall serve for the designated term as provided for in section 1-4-803 (3), C.R.S.

(6) (a) The board of education of any school district that desires to propose a change in its plan of representation may submit a plan to implement such change to the eligible electors of the school district at any regular biennial school election or at a special school election called by the board for that purpose. A change in the plan of representation may consist of the adoption of a director district plan of representation, the elimination of a director district plan of representation and replacement with an at-large plan of representation, or the adoption of a plan of representation that combines director districts with an at-large plan of representation. The plan shall be adopted by the board of education at least one hundred ten days prior to the election.

(b) The eligible electors of any school district who desire to propose the adoption of any change to the school district plan of representation specified in paragraph (a) of this subsection (6) may petition the board of education of the school district to submit a plan to implement the change to the eligible electors of the district at any regular biennial school election. The petition shall be signed by at least five percent of the eligible electors of the school district, and the proposed plan of representation shall be attached thereto. The petition, together with the proposed plan, shall be submitted to the secretary of the board of education of the school district at least one hundred ten days prior to the election. If the plan meets statutory requirements, the board of education shall submit the plan to the eligible electors of the school district at the next regular biennial school election.

(c) A director district plan of representation developed pursuant to paragraph (a) or (b) of this subsection (6) shall be subject to the specifications prescribed in section 22-31-109.

(d) The secretary of the board of education shall cause notice to be given on the question of whether the existing plan of representation shall be replaced by the plan of representation proposed in the manner provided in paragraph (a) or (b) of this subsection (6), pursuant to section 1-5-205, C.R.S., which shall include that the plan of representation is available at the administration offices of the school district for public inspection during reasonable business hours.

(e) The ballot shall contain the words "For the proposed director district plan of representation" and "Against the proposed director district plan of representation", or "For the proposed at-large plan of representation" and "Against the proposed at-large plan of representation", or "For the proposed combined director district and at-large plan of representation" and "Against the proposed combined director district and at-large plan of representation", as the case may be. Otherwise, the ballots and election procedures shall be, as nearly as practicable, as prescribed for a regular biennial school election.

(f) If a majority of the votes cast at the election are for the proposed plan of representation, the plan shall become effective upon the survey of election returns; but no plan of representation shall terminate the office of any school director elected at or prior to the election at which the plan is submitted. The plan shall be effective after the election for subsequent vacancies and the election of school directors at any subsequent regular biennial school election. In the event that, as a result of the adoption of a plan of representation, two or more members of the board of education reside in the same new director district and the office of any one of the members thereafter becomes vacant, the vacancy shall be filled by the appointment of an eligible elector residing in a director district that does not then have a representative on the board of education. If the majority of the votes cast at the election are against the proposed plan of representation, the school directors of the district shall continue to be elected or appointed as provided under the existing plan of representation, except as otherwise provided in section 22-31-110.

(6.5) (a) The board of education of any school district that desires to have all or some members of the board of education elected by the vote of eligible electors within a director district rather than at-large may submit a plan to implement such change to the eligible electors of the school district at any regular biennial school election or at a special school election called by the board for that purpose. A change in the method for electing members of the board of education may consist of the adoption of a director district plan of representation or the adoption of a plan of representation that combines director districts with an at-large plan of representation. The plan shall be adopted by the board of education at least one hundred ten days prior to the election.

(b) The eligible electors of any school district who desire to propose the adoption of any change in the manner of the election of members of the board of education specified in paragraph (a) of this subsection (6.5) may petition the board of education of the school district to submit a plan to implement the change to the eligible electors of the district at any regular biennial school election. The petition shall be signed by at least five percent of the eligible electors of the school district, and the proposed plan of election shall be attached thereto. The petition, together with the proposed plan, shall be submitted to the secretary of the board of education of the school district at least one hundred ten days prior to the election. If the plan meets statutory requirements, the board of education shall submit the plan to the eligible electors of the school district at the next regular biennial school election.

(c) A plan of election developed pursuant to paragraph (a) or (b) of this subsection (6.5) shall be subject to the specifications prescribed in section 22-31-109.

(d) The secretary of the board of education shall cause notice to be given on the question of whether the existing plan of representation shall be replaced by the plan of representation proposed in the manner provided in paragraph (a) or (b) of this subsection (6.5), pursuant to section 1-5-205, C.R.S., which shall include notice that the plan of election is available at the administration offices of the school district for public inspection during reasonable business hours.

(e) The ballot shall contain the words "For the proposed election of directors by the electors of a director district" and "Against the proposed election of directors by the electors of a director district". Otherwise, the ballots and election procedures shall be, as nearly as practicable, as prescribed for a regular biennial school election.

(f) If a majority of the votes cast at the election are for the proposed plan of election, the plan shall become effective upon the survey of election returns; but no plan of election shall terminate the office of any school director elected at or prior to the election at which the plan is submitted. The plan shall be effective after the election for subsequent vacancies and the election of school directors at any subsequent regular biennial school election. In the event that, as a result of the adoption of a plan of representation, two or more members of the board of education reside in the same new director district and the office of any one of the members thereafter becomes vacant, the vacancy shall be filled by the appointment of an eligible elector residing in a director district that does not at that time have a representative on the board of education. If the majority of the votes cast at the election are against the proposed plan of election, the school directors of the district shall continue to be elected or appointed as provided under the existing plan of election, except as otherwise provided in section 22-31-110.

(7) (a) A resolution by a board of education of a school district or a petition of the eligible electors of a school district may propose any of the issues specified in subsections (3) to (6.5) of this section for consideration in one election.

(b) Any plan to change the number of director districts adopted pursuant to this section shall provide, if necessary, that the term of office of one or more directors to be elected at a subsequent regular biennial school election may be less than otherwise prescribed by law, in order to preserve the election of approximately the same number of directors at each regular biennial school election.

#### ANNOTATION

**Law reviews.** For note, "Purged Voter Lists", see 44 Den. L.J. 279 (1967).

**United States citizenship requirements for voters are constitutional.** The state's United States citizenship requirements for voting in a school district election do not contravene the

equal protection clause of the fourteenth amendment. *Skaft v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

The state has a rational interest in limiting participation in government to those persons

within the political community. Aliens are not a part of the political community. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

Section 22-31-101 and this section, prohibiting permanent resident aliens from voting in school district elections, do not purport to be concerned with prohibiting from voting persons with some common trait, which trait is conclusively presumed from the status of alienage. Instead, the statutes only purport to exclude aliens from voting. Thus, they do not create a conclusive presumption. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

The prohibition against voting placed upon resident aliens does not create a conclusive presumption in violation of the due process clause of the fourteenth amendment since there is no fact presumed from the status of alienage; rather, the general assembly intended to prohibit aliens from voting, and the classification exactly achieves that purpose. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

Section 22-31-101 and this section are not invalid under the supremacy clause. *Skafe v. Rorex*, 191 Colo. 399, 553 P.2d 830 (1976), appeal dismissed, 430 U.S. 961, 97 S. Ct. 1638, 52 L. Ed. 2d 352 (1977).

### **22-31-107. Candidates for school director - call - qualification - nomination.**

(1) Any candidate for the office of school director of a school district shall have been a registered elector of the district for at least twelve consecutive months prior to the election. If the school district has a director district plan of representation or a combined director district and at-large plan of representation, the candidate shall be a resident of the director district that will be represented, unless the candidate will serve as an at-large director or has been elected at the time of or prior to the adoption of a director district plan of representation or a combined director district and at-large plan of representation by the eligible electors of the district.

(1.5) Not less than seventy-five days nor more than ninety days before the election date, the designated election official shall provide notice by publication of a call for nominations for school director candidates in the upcoming election. The call shall state the school director offices to be voted upon at the election, where a nomination petition may be obtained, the number of signatures necessary for the nomination petition, and the deadline for submitting the nomination petition.

(2) Any person who desires to be a candidate for the office of school director shall file a written notice of intention, no later than sixty-seven days before the election date, with the secretary of the board of education of the school district in which the person resides together with a nomination petition according to the provisions of section 1-4-803 and part 9 of article 4 of title 1, C.R.S. A person who desires to be a candidate for the office of school director may not circulate the nomination petition for signatures prior to ninety days before the election.

(3) and (4) (Deleted by amendment, L. 92, p. 819, § 31, effective January 1, 1993.)

(5) (a) Any person who has been convicted of commission of a sexual offense against a child shall not be eligible for the office of school director of a school district. If a person becomes ineligible pursuant to the terms of this subsection (5) while serving as a school director, a vacancy shall be deemed to exist that shall be filled as provided in section 22-31-129.

(b) For purposes of this subsection (5), "sexual offense against a child" means any of the offenses described in sections 18-3-305, 18-3-405, 18-3-405.3, 18-3-502, 18-6-301, 18-6-302, 18-6-403, 18-6-404, and 18-7-402 to 18-7-406, C.R.S., and any of the offenses described in sections 18-3-402 to 18-3-404 and 18-7-302, C.R.S., where the victim is less than eighteen years of age. "Sexual offense against a child" also means attempt, solicitation, or conspiracy to commit any of the offenses specified in this paragraph (b).

(c) For purposes of this subsection (5), "convicted" includes having pleaded guilty or nolo contendere or having received a deferred judgment and sentence; except that a person shall not be deemed to have been convicted if the person has successfully completed a deferred sentence.

**22-31-108. Adoption, modification, or elimination of director district plan of representation. (Repealed)**

**Source:** **L. 64:** p. 598, § 8. **C.R.S. 1963:** § 123-31-8. **L. 69:** p. 1034, § 1. **L. 71:** p. 1164, § 1. **L. 87:** (6) amended, p. 312, § 40, effective July 1. **L. 92:** Entire article amended, p. 820, § 31, effective January 1, 1993. **L. 99:** Entire section repealed, p. 474, § 4, effective April 30.

**22-31-109. Specifications for director districts.** (1) Except for director districts established pursuant to section 22-31-131, in school districts having a director district plan of representation or a combined director district and at-large plan of representation where all members of the board of education are voted on by the eligible electors of the entire school district:

(a) At least one member of the board of education of the school district shall be elected from each of the director districts;

(b) Director districts shall be contiguous, compact, and as nearly equal in population as possible;

(c) Director districts shall be not less than five nor more than seven in number.

(2) In school districts having a director district plan of representation or a combined director district and at-large plan of representation where some or all of the members of the board of education are voted on by the eligible electors of a director district:

(a) At least one member of the board of education of the school district shall be elected from each of the director districts;

(b) Director districts shall be contiguous, compact, and composed of whole precincts as established, pursuant to section 1-5-101, C.R.S., by the clerk of the county in which the precinct is located;

(c) Director districts shall be as nearly equal in population as possible, based upon the most recent federal census of the United States, minus the number of persons serving a sentence of detention or confinement in any correctional facility located in a director district, as indicated in the statistical report of the department of corrections for the most recent fiscal year;

(d) Director districts shall be not less than five nor more than seven in number.

**Source:** **L. 64:** p. 600, § 9. **C.R.S. 1963:** § 123-31-9. **L. 69:** p. 1035, § 2. **L. 71:** p. 1165, § 2. **L. 87:** Entire section amended, p. 313, § 41, effective July 1. **L. 92:** Entire article amended, p. 821, § 31, effective January 1, 1993. **L. 99:** Entire section amended, p. 474, § 5, effective April 30. **L. 2004:** Entire section amended, p. 536, § 2, effective August 4.

**22-31-110. Changes in director districts.** (1) (a) Except as otherwise provided in paragraph (b) of this subsection (1), not later than December 31, 1972, and not later than December 31 of every fourth year thereafter, the board of education of each school district having a director district plan of representation or a combined director district and at-large plan of representation shall determine the population in each of the director districts and, if each director district does not contain substantially the same number of persons as each of the other director districts, it shall be the duty of the board, by resolution, to revise the director district boundaries and redesignate the director districts to comply with the specifications prescribed in section 22-31-109 without changing the number of director districts.

(b) (I) The provisions of this section shall not apply to any school district coterminous with a city and county. The director districts for any such school district shall be established as provided in section 22-31-131.

(II) Notwithstanding the other provisions of this section, for school districts in which members of the board of education are voted on by eligible electors of a director district, not later than March 1 of the year following the year in which the election is conducted pursuant to section 22-31-105 (6.5), not later than March 1, 2012, and not later than March 1 every tenth year thereafter, the board of education of each such school district shall determine the population in each of the director districts and, if each director district does not contain substantially the same number of persons as each of the other director districts, it shall be the duty of the board, by resolution, to revise the director district boundaries and redesignate the director districts to comply with the specifications prescribed in section 22-31-109 (2) without changing the number of director districts.

(2) The revision of director district boundaries and redesignation of the director districts shall become effective immediately upon adoption of the resolution by the board of education, but the revision and redesignation shall not operate to terminate the office of any school director holding office at the time of adoption of the resolution. The revision and redesignation shall be, thereafter, effective for filling of vacancies and the election of any school directors at any subsequent regular biennial school election. In the event that, as a result of a revision and redesignation, two or more members of the board of education reside in the same new director district, and the office of any one of the members thereafter becomes vacant, the vacancy shall be filled by the appointment of an eligible elector residing in a director district which does not then have a representative on the board of education.

(3) If the board of education has not revised the director district boundaries and redesignated the director districts as required by subsection (1) of this section, any eligible elector of the district may file, not later than January 15 next following the December 31 by which such revision and redesignation was to be accomplished, an action in the district court of the judicial district in which the principal administrative headquarters of the school district are located to require the board of education to revise the director district boundaries and redesignate the director districts no later than February 28 next following.

(4) Director district boundaries shall not be subject to alteration more often than twice every four years.

**22-31-125. Oath of directors.** Each director shall, no later than ten days after he or she receives the certificate of election pursuant to section 1-11-103, C.R.S., or appointment pursuant to section 22-31-129 (2), appear before some officer authorized to administer oaths or before the president of the board of education and take an oath that the director will faithfully perform the duties of the office as required by law and will support the constitution of the United States, the constitution of the state of Colorado, and the laws made pursuant thereto. The oath shall be filed with the designated election official for the school district. In case a director fails to take the oath within the period, the office shall be deemed vacant, and the vacancy thus created shall be filled in the same manner as other vacancies in the office of director.

L. 88: (2.5) added, p. 295, § 7, effective May 29. L. 92: Entire article amended, p. 830, § 31, effective January 1, 1993.

**22-31-129. Vacancies.** (1) A school director office shall be deemed to be vacant upon the occurrence of any one of the following events prior to the expiration of the term of office:

(a) If for any reason a school director is not elected to a school director office by the eligible electors as may be required at a regular biennial school election;

(b) If the person who was duly elected or appointed fails, neglects, or refuses to subscribe to an oath of office as provided in section 22-31-125;

(c) If the person who was duly elected or appointed submits a written resignation to the board of education and such resignation has been duly accepted by the board of education;

(d) If the person who was duly elected or appointed is or becomes during the term of office a nonresident of the school district in which the person was elected or, in the event the district has a director district plan of representation or a combined director district and at-large plan of representation, if the director is or becomes during the term of office a nonresident of the director district which the director represents unless the director has been elected at the time of or prior to the adoption of a director district plan of representation or a combined director district and at-large plan of representation by the electors or prior to a revision and redesignation of director district boundaries;

(e) If the person who was duly elected or appointed is found guilty of a felony;

(f) If a court of competent jurisdiction voids the officer's election or appointment or removes the person duly elected or appointed for any cause whatsoever, but only after his right to appeal has been waived or otherwise exhausted;

(g) If a court of competent jurisdiction determines that the person duly elected or appointed is insane or otherwise mentally incompetent, but only after the right to appeal has been waived or otherwise exhausted, and a court enters, pursuant to part 3 or part 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the insanity or mental incompetency is of such a degree that the person is incapable of serving as a school director;

(h) If the person who was duly elected or appointed does not attend three consecutive regular meetings of the board of education, unless the board by resolution shall approve any additional absences or unless the absences are due to a temporary mental or physical disability or illness;

(i) If the person who was duly elected or appointed dies during the term of office.

(2) At the next board of education meeting immediately following the occurrence of any condition specified in subsection (1) of this section, the board of education of the district shall adopt a resolution declaring a vacancy in the school director office, and the board of education of the school district in which the vacancy occurs shall appoint a person to fill the vacancy within sixty days after the vacancy has occurred. If the appointment is not made by the board within the sixty-day period, the president of the board shall forthwith

appoint a person to fill the vacancy. The appointment shall be evidenced by an appropriate entry in the minutes of the meeting and the board shall cause a certificate of appointment to be delivered to the person so appointed. A duplicate of each certificate of appointment shall be forwarded to the department of education.

(3) If the vacancy occurs more than ninety days prior to the next regular biennial school election and the unexpired term is for more than two years, an appointee to the office of school director shall serve until the next regular biennial school election when the successor for the remainder of the term is elected and has qualified. If the vacancy occurs within the ninety-day period prior to a regular biennial school election and the unexpired term is for more than two years, an appointee to the office of school director shall serve until the next succeeding regular biennial school election when a successor for the remainder of the term is elected and has qualified. Except as otherwise provided in this subsection (3), an appointee to the office of school director shall serve for the remainder of the unexpired term.

(4) Whenever the filling of a vacancy, as provided in subsection (3) of this section, causes terms of different duration to be open at the time of the regular election in a school district which has an at-large plan of representation or a combined director district and at-large plan of representation, candidates running at large shall designate the term for which they are running in accordance with section 1-4-803 (3), C.R.S.

## **22-31-130. School election offenses. (Deleted by amendment)**

**Source:** L. 64: p. 613, § 30. C.R.S. 1963: § 123-31-30. L. 74: Entire section amended, p. 371, § 8, effective March 21. L. 77: Entire section amended, p. 280, § 26, effective June 29. L. 80: Entire section amended, p. 439, § 4, effective January 1, 1981. L. 92: Entire article amended, p. 835, § 31, effective January 1, 1993.

## **22-31-131. Election procedures in districts composed of a city and county.**

(1) The regular biennial school election in each school district coterminous with a city and county shall be held on the first Tuesday in November of each odd-numbered year, shall be conducted and supervised by the election commission of the city and county, and shall be governed by the provisions of articles 1 to 13 of title 1, C.R.S.

(1.5) (a) The general assembly hereby finds and declares that:

(I) In enacting section 7 of article XX of the state constitution, the people of the state of Colorado recognized the uniqueness of the city and county of Denver and provided for the city and county of Denver to constitute a single school district, district number 1;

(II) Section 7 of article XX of the state constitution, provides that the conduct, affairs, and business of district number 1 for the city and county of Denver be in the hands of a board of education consisting of such numbers and elected in such manner as the general school laws of the state shall provide;

(III) The principle of shared decision-making by the board of education, the individual school, and the parents of children enrolled in the individual school is being stressed in district number 1;

(IV) All communities of district number 1, especially the parents of pupils enrolled in the district, should be represented on the board of education and the views of such communities will be better represented if five of the seven members of the board of education are elected under a director district plan of representation;

(V) Such a director district plan of representation for district number 1 would promote accountability of members of the board of education of district number 1 to the needs of their constituents.

(b) (I) On and after January 1, 1993, each school district coterminous with a city and county shall elect a seven-member board of education with one eligible elector elected from each of five director districts and two eligible electors elected from the district at large. Directors elected from each of the five director districts shall be voted on by the eligible electors residing within the director district only, but the two directors elected at large shall be voted on by the electors of the entire district. Directors shall be elected for four-year terms.

(II) (Deleted by amendment, L. 2004, p. 195, § 14, effective August 4, 2004.)

(c) (I) (Deleted by amendment, L. 2004, p. 195, § 14, effective August 4, 2004.)

(II) The board of education for school district number 1 shall provide for the revision of the director district boundaries following each federal census.

(1.7) (Deleted by amendment, L. 2004, p. 195, § 14, effective August 4, 2004.)

(2) to (11) (Deleted by amendment, L. 92, p. 835, § 31, effective January 1, 1993.)

(12) (a) (Deleted by amendment, L. 2006, p. 606, § 23, effective August 7, 2006.)

(b) and (c) (Deleted by amendment, L. 2004, p. 195, § 14, effective August 4, 2004.)

**Source:** L. 64: p. 613, § 31. C.R.S. 1963: § 123-31-31. L. 70: p. 179, § 28. L. 74: (1) R&RE and (4) amended, p. 372, §§ 9, 10, effective March 21. 22-32-134.	Healthful alternatives - school vending machines - requirements. (Repealed)		

**22-32-101. Corporate status of school districts.** Each regularly organized school district heretofore or hereafter formed is declared to be a body corporate with perpetual existence, and in its name it may hold property for any purpose authorized by law, sue and be sued, and be a party to contracts for any purpose authorized by law.

**Source:** L. 64: p. 573, § 1. C.R.S. 1963: § 123-30-1.

#### ANNOTATION

**Annotator's note.** Since § 22-32-101 is similar to § 123-10-1, CRS 53, CSA, C. 146, § 73, and laws antecedent thereto, relevant cases construing those provisions have been included in the annotations to this section.

A school district is a body corporate with power to sue and be sued and has the power to compromise actions and claims. Sch. Dist. No. 1 v. Faker, 106 Colo. 356, 105 P.2d 406 (1940).

Individual taxpayers do not own the school house or other property nor have they any legal or equitable interest in it. Gorrell v. Bevans, 66 Colo. 67, 179 P. 337 (1919).

The status of taxpayers is analogous to that of stockholders, which neither equity nor law will protect, except through the corporation, till that body is shown to be hostile or at least negligent of their rights after request. Gorrell v. Bevans, 66 Colo. 67, 179 P. 337 (1919).

A school district is immune from negligence liability. A school district as a subdivision of the state of Colorado is immune from liability for negligence under the settled pronouncements of the supreme court. Tesone v. Sch. Dist. No. RE-2, 152 Colo. 596, 384 P.2d 82 (1963) (decided prior to enactment of the "Colorado Gov-

ernmental Immunity Act", article 10 of title 24).

**There is no question that school districts are political subdivisions of the state**, created by law and supported in their activities with public funds. *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**School districts' status as political subdivisions does not disentitle them from bringing an action under the supremacy clause** to enforce the terms of the Colorado Enabling Act merely because the defendant state officials are sued in their official capacities representing the state that created those subdivisions. *Branson Sch. Dist. RE-82 v. Romer*, 161 F.3d 619 (10th Cir. 1998).

**Financial maintenance of public schools held not to be local or municipal matter.** *Wilmore v. Annear*, 100 Colo. 106, 65 P.2d 1433 (1937).

**22-32-102. Corporate status - when questioned.** Except when the corporate status of a school district has been dissolved as provided by law, each school district which has undisputedly exercised the prerogatives and privileges of a legally formed school district during a period of twelve consecutive months following the first election of its school directors shall be deemed to be a de jure school district, and the corporate status thereof shall not thereafter be questioned.

**Source:** L. 64: p. 573, § 2. C.R.S. 1963: § 123-30-2.

#### ANNOTATION

**Annotator's note.** Since § 22-32-102 is similar to laws antecedent to C.S.A. 1935, relevant cases construing those provisions have been included in the annotations to this section.

**The purpose of this section** was to limit the right to question, after the lapse of one year, the legality of a school district created either by irregular compliance or noncompliance with the law. *Smith v. Joint Sch. Dist. No. 3*, 88 Colo. 309, 295 P. 794 (1931).

**This section establishes a conclusive presumption of legality.** This section establishes a conclusive presumption that a school district, openly and notoriously in the exercise and enjoyment of the franchises, privileges, and prerogatives of a school district for one year, is a legally constituted school district and that its legality cannot be questioned. *People ex rel. Mulligan v. Girardot*, 70 Colo. 444, 202 P. 111 (1921); *Smith v. Joint Sch. Dist. No. 3*, 88 Colo. 309, 295 P. 794 (1931).

**Where one school district has permitted another school district to exercise the prerogatives and enjoy the privileges of a legally-formed district for a period of one year next**

**A school board's participation in collective bargaining is not per se an unlawful delegation of its authority.** *Littleton Educ. Ass'n v. Arapahoe County Sch. Dist.*, 191 Colo. 411, 553 P.2d 793 (1976).

**Collective bargaining agreements between a county school board and a local education association** which did not provide for binding arbitration of unresolved disputes and which gave board power to make final decision on all unresolved issues, without further negotiation, was not invalid as an unlawful delegation of authority. *Littleton Educ. Ass'n v. Arapahoe County Sch. Dist.*, 191 Colo. 411, 553 P.2d 793 (1976).

**Applied in** *Lujan v. Colo. State Bd. of Educ.*, 649 P.2d 1005 (Colo. 1982).

succeeding the election of its officers, over the territory in dispute, then, under the provisions of this section, it has lost that portion of its territory. *People ex rel. Sch. Dist. No. 5 v. Van Horn*, 20 Colo. App. 215, 77 P. 978 (1904).

**It is a legitimate statute of limitations.** This is a wholesome and a legitimate statute of limitations entirely within the power of the general assembly, and if a school district brings itself within its terms, its organization cannot be questioned. *Shaw v. Lockett*, 14 Colo. App. 413, 60 P. 363 (1900).

**Under this section trespassers and squatters on private property may organize school districts** within the boundaries of private ownership and levy taxes at their pleasure for the support and maintenance of schools unless the proper procedure is instituted to restrain them. *Shaw v. Lockett*, 14 Colo. App. 413, 60 P. 363 (1900).

**Statute must be pleaded.** When the application of the statute is dependent on matters beyond the record it must not only be pleaded, but the pleader must produce proof of the facts which permit or compel its application. *Shaw v. Lockett*, 14 Colo. App. 413, 60 P. 363 (1900).

**22-32-103. Board of education - general powers and duties.** (1) Each school district shall be governed by a board of education consisting of the number of school directors prescribed by law. Such board of education shall possess all powers delegated to

a board of education or to a school district by law, and shall perform all duties required by law.

(2) Each school director shall have access to all school records at all times.

**Source:** L. 64: p. 573, § 3. C.R.S. 1963: § 123-30-3.

**Cross references:** For district liability for tuition and limitations concerning same, see § 22-32-115.

### ANNOTATION

**No power to make expenditures relating to proposed constitutional amendment.** This section does not empower a board of education to make expenditures in support of the opposition to a proposed constitutional amendment. *Campbell v. Joint Dist. 28-J*, 704 F.2d 501 (10th Cir. 1983).

**Effect of collective bargaining agreement on teachers' claims against board.** Where senior high school English teachers brought suit claiming that the action of the school district

board of education in prohibiting the use of certain books as instructional material constituted an infringement of academic freedom, such claims must be denied where all the teachers of the district, through a bargaining agent, entered a collective bargaining agreement with the school board in which final authority for the choice of instructional material was yielded to the school board. *Cary v. Bd. of Educ.*, 427 F. Supp. 945 (D. Colo. 1977), *aff'd*, 598 F.2d 535 (10th Cir. 1979).

**22-32-104. Organization of board of education.** (1) Within fifteen days after a school district receives the official abstract of votes pursuant to section 1-10-102, C.R.S., the incumbent secretary of the school district shall call a special meeting of the board of education of the district for the purpose of selecting officers of the board. At the meeting the incumbent president of the board shall preside until a successor has been elected and qualified.

(2) The officers of a board of education of a school district shall be a president, a vice-president, a secretary, and a treasurer, and, at the discretion of the board, an assistant secretary and an assistant treasurer. One person may simultaneously hold the offices of secretary and treasurer, or the offices of assistant secretary and assistant treasurer if there be such offices.

(3) The president and vice-president shall be members of the board, shall be elected by a majority of the board, and shall each hold office for a term of two years and until a successor has been elected and qualified. Whenever a vacancy occurs in either office, the remaining members of the board shall elect a successor to fill the vacancy for the unexpired term. A vacancy shall occur in either office under the same conditions and in the same manner prescribed for a vacancy occurring in the office of a school director. Whenever a vacancy occurs in the office of a school director who is also president or vice-president of the board, nothing contained in this section shall be construed to mean that the person appointed to fill the vacant office of school director shall also be entitled to serve as such officer of the board.

(4) (a) The secretary and treasurer, and the assistant secretary and assistant treasurer if there be such offices, shall be appointed by the board. They may or may not be members of the board and shall hold their offices at the pleasure of the board.

(b) No person shall enter upon the office of secretary or treasurer, or assistant secretary or assistant treasurer if there be such offices, until he has given a surety bond, in form satisfactory to the board, in the amount of five thousand dollars, conditioned upon the faithful performance of his duties as required by law and prescribed by the bylaws of the board of education. In addition, the treasurer, and the assistant treasurer if there be such office, shall give bond in such further amount, in such form, and for such purposes as the board may require.

(c) The board may also appoint and authorize any other person to act as custodian of moneys belonging to the district. Such person shall give surety bonds, in such amount and form and for such purposes as the board may require.

(5) The secretary, assistant secretary, treasurer, and assistant treasurer may be compensated for their services in such capacities in an amount determined by the board of education, but the president and vice-president shall receive no compensation for their services in such capacities. All officers shall be reimbursed for necessary expenses incurred in the performance of their duties in an official capacity.

**Source:** L. 64: p. 574, § 4. C.R.S. 1963: § 123-30-4. L. 77: (4)(c) added, p. 575, § 4, effective June 10. L. 94: (1) amended, p. 1187, § 80, effective July 1. L. 2006: (1) amended, p. 1024, § 5, effective May 25. L. 2007: (1) amended, p. 1984, § 39, effective August 3.

**22-32-105. Duties - president and vice-president.** (1) The president of the board shall preside at all meetings of the board. He shall sign any written contract to which the school district may be a party when such contract has been authorized by the board, and he shall sign all official reports of the district except when otherwise provided by law.

(2) In the absence or inability of the president, the vice-president shall have and perform all of the powers and duties of the president.

**Source:** L. 64: p. 575, § 5. C.R.S. 1963: § 123-30-5.

#### ANNOTATION

**“Absence” is not the same as “removal”.** In a proceeding involving school directors and involving “removal” from the district, it is held that “absence” from the district is one thing, “removal” another, and that separate and dis-

tinct statutory provisions (this and § 22-31-129) relating thereto cannot both apply to the same case. *Harris v. People ex rel. Gonzales*, 102 Colo. 496, 81 P.2d 383 (1938) (decided under repealed CSA, C. 146, § 103).

**22-32-106. Duties - secretary.** (1) The secretary of the board shall cause written notice to be given to each member of the board of all special meetings of the board. He shall cause minutes of each meeting of the board to be kept and preserved. He shall cause all notices of election to be published and posted when so required by law. He shall be custodian of the seal of the district, shall attest any written contract to which the district may be a party when such contract has been authorized by the board, and shall affix the seal thereto. He shall perform such other duties as may be assigned to him by the board.

(2) In the absence or inability of the secretary, the assistant secretary, if any, or an officer of the board designated by the president if there is no assistant secretary, shall perform the duties of the secretary.

**Source:** L. 64: p. 575, § 6. C.R.S. 1963: § 123-30-6.

**22-32-107. Duties - treasurer.** (1) The treasurer of the board shall account for all moneys belonging to the district, or coming into its possession, and shall render a report thereof when so required by the board.

(2) In all cases where moneys belonging to a district remain in the custody of the county treasurer, all warrants or orders drawn on the county treasurer in payment of lawfully incurred and properly authorized obligations of the district shall bear the written or facsimile signature of the treasurer of the board and, if required by the board, the written countersignature of any other person designated by the board.

(3) In all cases where the moneys belonging to a district are withdrawn from the custody of the county treasurer, such withdrawn moneys and all other moneys belonging to the district shall be deposited by the treasurer of the board or such other custodians authorized and appointed by the board to the credit of the district in one or more depositories designated by the board. All checks in payment of lawfully incurred and properly authorized obligations of the district drawn on any such depository shall bear the written or facsimile signature of the treasurer or custodian and, if required by the board, the written countersignature of any other person designated by the board.

(4) The board, by appropriate resolution, may authorize the treasurer or any custodian employed by the district to deposit, or cause to be deposited, any moneys derived from food services or operation of a lunchroom or from other school activities or any other moneys received by the district, in such depository as it may designate, and may likewise authorize the treasurer or custodians employed by the district to sign checks drawn on any such depository in payment of lawfully incurred and properly approved expenditures.

(5) The treasurer shall perform such other duties as may be assigned to him by the board.

(6) In the absence or inability of the treasurer, the assistant treasurer, if any, or an officer of the board designated by the president, if there is no assistant treasurer or other custodians appointed by the board, shall perform the duties of the treasurer.

**Source:** L. 64: p. 575, § 7. C.R.S. 1963: § 123-30-7. L. 77: (3), (4), and (6) amended, p. 575, § 5, effective June 10.

#### ANNOTATION

**Applied** in *Parr v. Sexson*, 56 Colo. 491, 138 P. 768 (1914) (decided under repealed laws antecedent to CSA, C. 146, § 112); *Denver Ass'n*

for Retarded Children v. Sch. Dist. No. 1, 188 Colo. 310, 535 P.2d 200 (1975).

**22-32-108. Meetings of the board of education.** (1) Regular meetings of the board of education of a school district shall be held at the time and place provided for in its bylaws. Special meetings may be called by the president at any time, and shall be called by him upon written request of a majority of the members of the board.

(2) The secretary of the board shall cause written notice of any special meeting to be mailed or delivered to each member of the board stating the time, place, and purpose of the meeting; if the notice is delivered, it shall be in the hands of the member no later than twenty-four hours prior to the hour set for the meeting, and if it is mailed, it shall be mailed no later than seventy-two hours prior to the hour set for the meeting.

(3) Any member may waive notice of the time, place, and purpose of a special meeting at any time before, during, or after such meeting, and attendance thereat shall be deemed to be a waiver.

(4) At any special meeting, no business other than that stated in the notice of said meeting shall be transacted, unless all members are present and shall consent to consider and transact other business.

(5) (a) All regular and special meetings of the board shall be open to the public, but any person who disturbs good order may be required to leave. At any regular or special meeting the board may proceed in executive session, at which only those persons invited by the board may be present, but no final policy decisions shall be made by the board while in executive session.

(b) The board shall make a recording of each regular and special meeting of the board at which votes are taken and recorded and shall make the recording available to the public. The board, at its discretion, shall use appropriate technology that is available within the school district at the time the recording is made and shall, at a minimum, make an audio recording. An individual or entity may request a copy of a recording and shall pay the costs the board incurs in providing the copy, pursuant to section 24-72-205, C.R.S.

(c) The board shall institute a policy requiring, at a minimum, retaining recordings of board meetings made pursuant to this subsection (5) for a minimum of ninety days.

(6) All voting at any meeting shall be by roll call. The names of the members shall be called alphabetically, and each member present shall orally vote "Aye" or "No" upon each question unless excused from voting by the board for good cause. Election of the president and vice-president may be by secret ballot.

**Source:** L. 64: p. 576, § 8. C.R.S. 1963: § 123-30-8. L. 2009: (5) amended, (HB 09-1082), ch. 67, p. 234, § 1, effective August 5.

## ANNOTATION

**This section and § 29-9-101 to be read together.** Both sections apply to meetings of boards of education and should be read together. *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**This section does not supersede § 29-9-101** even though it is more specific. *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**This section and § 29-9-101 are remedial**, designed precisely to prevent the abuse of "secret or 'star chamber' sessions of public bodies". *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**The sections should be interpreted most favorably for the beneficiary, the public.** *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**Board may act only publicly and by roll call.** This section, which requires that all voting at any meeting shall be by roll call, means that a school board may act only at public meetings and only then by way of roll call vote. *Robb v. Sch. Dist. No. RE 50(J)*, 28 Colo. App. 453, 475 P.2d 30 (1970).

**Since no roll call vote was taken to "deem" plaintiff unsatisfactory as an administrator**, the board's action in purportedly so doing was a nullity and of no consequence, and plaintiff's contract as a teacher-principal was operational and enforceable until the proper procedural action was taken by the board to deem him unsatisfactory and to transfer him to a teaching position only. *Robb v. Sch. Dist. No. RE 50(J)*, 28 Colo. App. 453, 475 P.2d 30 (1970).

**Signing of annexation petition by superintendent without formal board authorization was not an act of the board.** In view of the requirement that the board of education act only at public meetings and on roll call vote, the act of the superintendent of schools in signing an annexation petition without formal authorization by the board of education was not an act of the board. *Gavend v. City of Thornton*, 165 Colo. 182, 437 P.2d 778 (1968) (decided under repealed § 123-10-18, C.R.S. 1963).

**This section contemplates that a school board may make some decisions in executive session.** *Wheeler v. Sch. Dist. No. 20*, 33 Colo. App. 233, 521 P.2d 178 (1973), aff'd, 188 Colo. 262, 535 P.2d 206 (1975).

**"Final policy decisions" must be made in public meetings.** *Wheeler v. Sch. Dist. No. 20*, 33 Colo. App. 233, 521 P.2d 178 (1973), aff'd, 188 Colo. 262, 535 P.2d 206 (1975).

This section precludes the board from making decisions of a general nature or adopting a broad course of action in an executive session. *Wheeler v. Sch. Dist. No. 20*, 33 Colo. App. 233, 521 P.2d 178 (1973), aff'd, 188 Colo. 262, 535 P.2d 206 (1975).

**Mere acceptance for review of charges against teacher is not "policy decision"** referred to in statute. *Dugan v. Bollman*, 31 Colo. App. 261, 502 P.2d 1131 (1972).

**"Rubber stamping" previously decided issues is not intended.** The prohibition against making final policy decisions or taking formal action in other than a public meeting is not meant to permit "rubber stamping" previously decided issues. *Bagby v. Sch. Dist. No. 1*, 186 Colo. 428, 528 P.2d 1299 (1974).

**Board of education may not take a perfunctory vote in public session on issue previously decided in closed meeting**, but may base its decisions on recommendations by panel which met in closed session but at which no tentative agreement was reached nor informal poll conducted. *Bruce v. Sch. Dist. No. 60*, 687 P.2d 509 (Colo. App. 1984).

**Decision which may be made in executive session.** Decision to transfer tenured teacher from his position as principal to position as a classroom teacher was a type of specific, ad hoc action which a board of education may take in executive session. *Wheeler v. Sch. Dist. No. 20*, 33 Colo. App. 233, 521 P.2d 178 (1973), aff'd, 188 Colo. 262, 535 P.2d 206 (1975).

**Teacher hiring and firing decisions are formal decisions**, and, therefore, a firing decision by a school board that is made during an executive session is invalid. *Barbour v. Hanover Sch. Dist. No. 28*, 148 P.3d 268 (Colo. App. 2006), aff'd in part and rev'd in part on other grounds, 171 P.3d 223 (Colo. 2007).

**Presence during the board's deliberative process of school superintendent and principal** who had substantial interest in the board's decision regarding dismissal violated teacher's due process right to a fair and impartial determination by the board. *DeKoevend v. Bd. of Educ.*, 688 P.2d 219 (Colo. 1984).

**School board's attorney should not be present during the board's deliberations**, in order to avoid any appearance of impropriety or unfairness. *Weissman v. Bd. of Educ.*, 190 Colo. 414, 547 P.2d 1267 (1976).

**Sessions proscribed by this section and § 29-9-101.** Where a county school board's negotiations with a local education association were handled by a committee of nonboard member representatives as well as a board member, closed sessions were held during which the board's negotiating team met with the association team, and the board also met in executive sessions with its negotiating team to review the progress of negotiations and to determine policy as well as strategy, these latter sessions of the board fall within the proscription of § 29-9-101 and this section. *Littleton Educ. Ass'n v. Arapahoe County Sch. Dist.*, 191 Colo. 411, 553 P.2d 793 (1976); *Sch. Dist. No. 11 v. Colo. Springs*

Teachers Ass'n, 41 Colo. App. 267, 583 P.2d 952 (1978).

**When failure to comply with statutory notice requirements not fatal.** The failure to comply with statutory notice requirements in subsection (2) is not a fatal defect in the

proceedings when the meeting is attended by all of the members composing the board. *Wheeler v. Sch. Dist. No. 20*, 33 Colo. App. 233, 521 P.2d 178 (1973), *aff'd*, 188 Colo. 262, 535 P.2d 206 (1975).

**22-32-109. Board of education - specific duties.** (1) In addition to any other duty required to be performed by law, each board of education shall have and perform the following specific duties:

(a) To adopt written bylaws, not inconsistent with law, for its organization and operation;

(b) To adopt policies and prescribe rules and regulations necessary and proper for the efficient administration of the affairs of the district, including procedures for competitive bidding in the purchase of goods and services, except professional services, for the district;

(c) To cause a true and correct copy of all current bylaws, policies, and rules and regulations adopted or prescribed by the board to be made available for public inspection at the administrative office of the district during reasonable business hours;

(d) To cause to be filed with the department of education the name, address, and length of term of office of each school director; and the name, address, identification of office, and date of election or appointment of the president, vice-president, secretary, and treasurer, and of the assistant secretary and assistant treasurer if there are such offices;

(e) To cause minutes of all proceedings of the board, except those of an executive session, to be recorded in convenient form, which record shall be open for public inspection at the administrative office of the district during reasonable business hours;

(f) (I) To employ all personnel required to maintain the operations and carry out the educational program of the district and to fix and order paid their compensation. Prior to the employment of any person, the board shall make an inquiry to the department of education in accordance with the provisions of section 22-32-109.7 (1). A board of a district of innovation, as defined in section 22-32.5-103 (2), may delegate the duty specified in this paragraph (f) to an innovation school, as defined in section 22-32.5-103 (3), or to a school in an innovation school zone, as defined in section 22-32.5-103 (4).

(II) and (III) Repealed.

(g) To require any employee or other person who may receive into his custody moneys which properly belong to the district to deliver such moneys to the treasurer of the district, or to deposit such moneys in a depository designated by the board;

(h) To require each employee who is likely to have in his temporary custody at any one time an amount of school district moneys in excess of fifty dollars to be bonded in an amount at least sufficient to cover the amount of school district moneys which is likely to be in his temporary custody at any time, or to be bonded in such greater amount as the board may determine. A blanket form of surety bond may be utilized to cover more than one such employee. The district shall pay the costs for any such bonds.

(i) To cause to be kept complete and accurate financial records of the school district by funds and accounts, maintained on the basis of generally recognized principles of governmental accounting;

(j) To cause to be kept the stubs of, or a register of, all warrants or orders drawn upon school district moneys in the various funds, showing the number of each warrant or order, the date issued, the object or purpose for which drawn, the amount and to whom payable, or, in lieu thereof, similar records as normally provided in accounting procedures through the use of automatic processing;

(k) To cause a statement of the financial condition of the district to be published and posted as required by law, to cause all accounts to be audited as required by law, and to review from time to time during each fiscal year the financial position of the district;

(l) To cause all statements of account and all cancelled warrants and orders to be kept on file for six years;

(m) To cause such records as relate to the affairs or business of the district to be preserved and disposed of only in the manner provided by law;

(n) (I) To determine, prior to the end of a school year, the length of time which the schools of the district shall be in session during the next following school year, but in no event shall said schools be scheduled to have fewer than one thousand eighty hours of planned teacher-pupil instruction and teacher-pupil contact during the school year for secondary school pupils in high school, middle school, or junior high school or less than nine hundred ninety hours of such instruction and contact for elementary school pupils or fewer than four hundred fifty hours of such instruction for a half-day kindergarten program or fewer than nine hundred hours of such instruction for a full-day kindergarten program. In no case shall a school be in session for fewer than one hundred sixty days without the specific prior approval of the commissioner of education. In extraordinary circumstances, if it appears to the satisfaction of the commissioner that compliance with the provisions of this subparagraph (I) would require the scheduling of hours of instruction and contact at a time when pupil attendance will be low and the benefits to pupils of holding such hours of instruction will be minimal in relation to the cost thereof, the commissioner may waive the provisions of this subparagraph (I) upon application therefor by the board of education of the district.

(II) (A) The actual hours of teacher-pupil instruction and teacher-pupil contact specified in subparagraph (I) of this paragraph (n) may be reduced to no fewer than one thousand fifty-six hours for secondary school pupils, no fewer than nine hundred sixty-eight hours for elementary school pupils, no fewer than four hundred thirty-five hours for half-day kindergarten pupils, or no fewer than eight hundred seventy hours for full-day kindergarten pupils, for parent-teacher conferences, staff in-service programs, and closing deemed by the board to be necessary for the health, safety, or welfare of students.

(B) Prior to the beginning of the school year, each district shall provide for the adoption of a district calendar which is applicable to all schools within the district or shall provide for the adoption of a school calendar for each individual school within the district. The district calendar or individual school calendars may be adopted by the board of education, the district administration, the school administration, or any combination thereof. A copy of the calendar shall be provided to the parents or guardians of all children enrolled in schools within the district. Such calendar shall include the dates for all staff in-service programs scheduled for the school year. The board, district administration, or school administration shall allow for public input from parents and teachers prior to scheduling the dates for staff in-service programs. Any change in the calendar, excluding changes resulting from emergency closings or other unforeseen circumstances, shall be preceded by adequate and timely notice from the board, district administration, or school administration of not less than thirty days.

(c) When so directed by the state board of education, but no more often than once during any twelve-month period, to cause a census of all persons resident within the district who have not attained the age of twenty-one years, or any age group thereof, to be taken on a prescribed date, upon such forms as shall be supplied by the state board;

(p) To appoint an attendance officer as required by the "School Attendance Law of 1963", article 33 of this title;

(q) To cause to be prepared, executed, and filed with the state board of education any report required by law or by regulation;

(r) To comply with the rules and regulations adopted by the state board of education pursuant to article 4 of title 24, C.R.S.;

(s) To cause to be erected and maintained a suitable flagstaff with the attachments necessary for the display of flags upon the administration building or, if none, on the principal school building or the grounds thereof and to cause suitable flags of standard bunting, not less than three by five feet in size, of the United States and the state of Colorado to be displayed upon said flagstaff at all times during the day while school is in session, except during inclement weather;

(t) To determine the educational programs to be carried on in the schools of the district and to prescribe the textbooks for any course of instruction or study in such programs;

(u) To provide free textbooks for an indigent child enrolled in a school of the district without requiring a loss or damage deposit, and to insure that no child is denied the use of textbooks because of refusal of his parents to pay for the same;

(v) To cause an educational program to be maintained and operated within or, if the board makes a specific determination that such is necessary for the efficient operation of the district, outside the territorial limits of the district for the school-age children resident therein; but nothing in this paragraph (v) shall be construed in a manner to prohibit the maintenance of ungraded levels of instruction therein;

(w) and (x) Repealed.

(y) (I) To adopt written bylaws relating to conflicts of interest for members of a board of education of a school district.

(II) Upon filing a copy of the adopted written bylaws with the department of education and upon acknowledgment of receipt thereof by the department, a board shall be considered to be exempt from the requirements of section 18-8-308 (1) and (2), C.R.S. A board member not voting because of a disclosed conflict shall be exempt from the provisions of section 22-32-108 (6).

(III) The commissioner of education shall, in writing, notify the secretary of state of the exemption.

(z) To provide for a periodic in-service program for all district teachers which shall provide information about the "Child Protection Act of 1987", part 3 of article 3 of title 19, C.R.S., instruction designed to assist teachers in recognizing child abuse or neglect, and instruction designed to provide teachers with information on how to report suspected incidents of child abuse or neglect and how to assist the child-victim and his family;

(aa) To adopt content standards and a plan for implementation of such content standards pursuant to the provisions of section 22-7-407;

(bb) (I) To adopt a policy mandating a prohibition against the use of all tobacco products on school property and at school-sponsored activities by students, teachers, staff, and visitors pursuant to the provisions of section 25-14-103.5, C.R.S., and to adopt such rules as are necessary to enforce such prohibition; except that no such policy shall require the expulsion of any student solely for such tobacco use;

(II) To the extent funds are available, to operate and maintain an educational program to assist students, faculty, and staff to avoid and discontinue the use of tobacco at each school under the board's direction and control;

(cc) To adopt a dress code policy for teachers and other school employees;

(dd) To adopt and revise, as necessary, policies to remove barriers to access and success in school for homeless children;

(ee) To adopt a policy to prohibit school personnel from recommending or requiring the use of a psychotropic drug for any student. School personnel shall not test or require a test for a child's behavior without prior written permission from the parents or guardians or the child and prior written disclosure as to the disposition of the results or the testing therefrom. Through such policy, school personnel should be encouraged to discuss concerns about a child's behavior with the parent or legal guardian of such child and such discussions may include a suggestion by school personnel that the parent or legal guardian speak with an appropriate health care professional.

(ff) To adopt a policy on or before October 1, 2005, to:

(I) Provide on or before December 31 of each school year, the names and mailing addresses of students enrolled in the eighth grade to the Colorado commission on higher education for use in mailing the notice of postsecondary educational opportunities and higher education admission guidelines as required in section 23-1-119.1, C.R.S.; and

(II) Provide to the parent of a student enrolled in the eighth grade, prior to the student's enrollment in his or her ninth-grade courses, a list of courses the school district has available that satisfy the Colorado commission on higher education's higher education admission guidelines;

(gg) To include a provision in any contract entered into by the school district with a college preparation program operating within the school district that the college preparation program shall provide to the Colorado commission on higher education, on or before December 31 of each school year, a report specifying each student, by unique identifying number, to the extent permissible by federal law, who was enrolled in the program during the previous school year; who completed the program during the previous school year; and who enrolled in an institution of higher education within six months after completing the

program. The provisions of this paragraph (gg) shall apply to contracts entered into or renewed on or after August 10, 2005.

(hh) To provide the opportunity for a student enrolled in a public school of the district to develop a plan for academic remediation upon the request of the student's parent or legal guardian;

(ii) To adopt a policy within ninety days after April 28, 2006, to ensure that the right of school district employees and students to display reasonably the flag of the United States shall not be infringed with respect to the display:

(I) On an individual's person; or

(II) On an individual's personal property or property that is under the temporary control of an employee or a student, including but not limited to a desk top or a locker;

(jj) To identify any areas in which one or more of the principals of the schools of the school district require further training or development. The board of education shall contract for or otherwise assist the identified principals in participating in professional development programs to assist the identified principals in improving their skills in the identified areas.

(kk) (I) To undertake a community-based process to develop a blueprint for the education system in the community and to determine the skills students will need to be successful after graduation. Each board of education shall seek input from the community at large, which may include, but need not be limited to, students, parents, business persons, neighboring school districts, and regional boards of cooperative services. Each board of education shall use this blueprint, together with the guidelines for high school graduation requirements developed by the state board pursuant to section 22-2-106 (1) (a.5), to establish local high school graduation requirements applicable to students enrolling in ninth grade beginning in the 2014-15 school year. To assist the state board of education in fulfilling its duties under part 10 of article 7 of this title, each board of education shall provide to the state board of education information concerning the blueprint and the input received in developing the blueprint. A board of education that has undertaken a comprehensive community-based process and has revised its high school graduation requirements within the previous two years shall not be required to develop a new blueprint for the education system in its community or make any revisions to its high school graduation requirements.

(II) Each board of education shall report its blueprint for the education system in the community and its new or revised high school graduation requirements to the public through the accreditation process, as determined by the state board. In its report, the board of education shall demonstrate how its high school graduation requirements meet or exceed any minimum standards or core competencies or skills identified in the guidelines for high school graduation requirements developed by the state board pursuant to section 22-2-106 (1) (a.5).

(ll) To adopt written policies specifying that:

(I) The schools in the district are subject to all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry, or need for special education services;

(II) Enrollment in a school in the district shall be open to any child who resides within the state; except that a school shall not be required to make alterations in the structure of the facility used by the school or to make alterations to the arrangement or function of rooms within the facility, except as may be required by state or federal law; and

(III) Enrollment decisions shall be made in a nondiscriminatory manner;

(mm) To adopt and implement policies as described in section 22-11-307 for accreditation of the public schools of the school district;

(nn) To ensure that each student who enrolls in the sixth grade in a public school of the school district, including but not limited to a district charter school, on the day of enrollment is registered with the state-provided, free on-line college planning and preparation resource, commonly referred to as "CollegeInColorado.org". The school district, the department of education, and the department of higher education shall collaborate to monitor the implementation of this paragraph (nn) and to ensure optimal interactivity between the various data bases and student record systems employed by school districts and college in Colorado. At a minimum, each public school shall ensure that, in developing and maintaining each

student's individual career and academic plan, the counselor or teacher explains to the student's parent or legal guardian, by electronic mail or other written form, and to the student the requirements for and benefits of concurrently enrolling in courses with an institution of higher education pursuant to the "Concurrent Enrollment Programs Act", article 35 of this title. Based on a request from the student or the student's parent or legal guardian, the counselor or teacher shall assist the student in course planning to enable the student to concurrently enroll in courses with an institution of higher education.

(oo) (I) To adopt policies to require each school of the school district, including the charter schools, to assist each student and his or her parent or legal guardian to develop and maintain the student's individual career and academic plan, referred to in this paragraph (oo) as an "ICAP", no later than the beginning of ninth grade. The board of education may require the schools of the school district to assist the student and his or her parent or legal guardian to develop and maintain the student's ICAP in any grade prior to ninth grade. Each student's ICAP shall comply with the requirements specified in section 22-2-136 and the rules promulgated by the state board of education pursuant to said section.

(II) The board of education shall further require each school of the school district to assist each student who is enrolled in the school and has an ICAP to use the plan effectively to direct the student's course selections and performance expectations in at least grades nine through twelve; to assist the student in meeting his or her academic and career goals as described in the ICAP; and to enable the student to demonstrate postsecondary and workforce readiness prior to or upon graduation from high school at a level that allows the student to progress toward his or her postsecondary education goals, if any, without requiring remedial educational services or courses.

(2) Any board conducting a complete educational program outside the territorial limits of the district in accordance with the provisions of paragraph (v) of subsection (1) of this section shall obtain the written consent of the board of the school district in which said educational program is to be conducted prior to establishing said educational program. No board shall conduct a complete educational program outside the territorial limits of the district unless the geographic and topographical characteristics of the district make the conducting of such educational program within the territorial limits of the district unduly burdensome on the district and the students.

## ANNOTATION

**Law reviews.** For comment, "Cary v. Board of Education: Academic Freedom at the High School Level", see 57 Den. L.J. 197 (1980). For article, "Constitutional Law", which discusses Tenth Circuit decisions dealing with the constitutionality of corporal punishment in schools, see 65 Den. U. L. Rev. 527 (1988). For comment, "Fourth Amendment Protection in the School Environment: The Colorado Supreme Court's Application of the Reasonable Suspicion Standard in *State v. P.E.A.*", see 61 U. Colo. L. Rev. 153 (1990).

**Annotator's note.** Since § 22-32-109 is similar to repealed § 123-10-19, C.R.S. 1963, cases construing that provision have been included in the annotations to this section.

**Considerable discretion in board.** On an underlying constitutional basis, school boards are accorded by statute the authority to employ and to fix the salaries of their employees and are vested with "considerable discretion". Ball v. Weld County Sch. Dist. No. RE-3J, 37 Colo. App. 16, 545 P.2d 1370 (1975).

**School boards of local school districts are empowered by statute to control the employment** of all personnel required to maintain the operations and carry out the educational program of the district. Nagy v. Bd. of Educ. of Sch. Dist. No. 28J, 31 Colo. App. 45, 500 P.2d 987 (1972).

**Subject to express terms of other pertinent statutes.** The power of school boards to control the hiring and firing and transfers of their employees in their districts is limited only by the express terms of the statutes with respect to these aspects of the operations of the district. Nagy v. Bd. of Educ. of Sch. Dist. No. 28J, 31 Colo. App. 45, 500 P.2d 987 (1972).

**Power to employ teachers cannot be delegated by school board.** The power to employ teachers has been conferred by the general assembly exclusively on the school board, and therefore it cannot be delegated. Big Sandy Sch. Dist. No. 100-J v. Carroll, 164 Colo. 173, 433 P.2d 325 (1967).

A school board is empowered to hire teachers and while it may want to act on the recommendation of its superintendent, it cannot escape this statutory duty by completely shifting the responsibility to its superintendent. Big Sandy Sch. Dist. No. 100-J v. Carroll, 164 Colo. 173, 433 P.2d 325 (1967).

**A school board policy which discriminates against those who exercise the right to marry** violates the equal protection clause of the fourteenth amendment, unless there exists a compelling state interest which justifies that discrimination. Beeson v. Kiowa County Sch. Dist. RE-1, 39 Colo. App. 174, 567 P.2d 801 (1977).

**Board may delegate the authority to discharge "classified personnel"** but only if such delegation is accompanied by specific standards leaving little or nothing to the discretion of the subordinate. Jacobs v. Fremont RE-1 Sch. District, 697 P.2d 414 (Colo. App. 1984).

**Actions which are administrative in character**, such as the discharge of a bus driver, do not significantly impact on institutional policy and may be delegated by the school board to the superintendent of schools. Fremont RE-1 Sch. Dist. v. Jacobs, 737 P.2d 816 (Colo. 1987).

**Such delegations by the school board** need not be accompanied by specific standards to guide the discretion of the subordinate. Fremont RE-1 Sch. District v. Jacobs, 737 P.2d 816 (Colo. 1987).

**School district cannot enter into certain collective bargaining agreements.** A school district, a corporate body, cannot enter into a collective bargaining agreement whereby it delegates its responsibility and discretion in employing personnel. *Rockey v. Sch. Dist. No. 11*, 32 Colo. App. 203, 508 P.2d 796 (1973).

**School board properly delegated the power to transfer teachers when it adopted the collective bargaining agreement.** *Lazuk v. Denver County Sch. Dist. No. 1*, 22 P.3d 548 (Colo. App. 2000).

**Collective bargaining agreement not necessarily delegation of authority.** Fact that a school board entered into a collective bargaining agreement relating to the employment of teachers does not mean per se that it has delegated its authority or decision-making power. *Rockey v. Sch. Dist. No. 11*, 32 Colo. App. 203, 508 P.2d 796 (1973).

A school board's participation in collective bargaining is not per se an unlawful delegation of its authority. *Littleton Educ. Ass'n v. Arapahoe County Sch. Dist.*, 191 Colo. 411, 553 P.2d 793 (1976).

**Collective bargaining agreements between a county school board and a local education association** which did not provide for binding arbitration of unresolved disputes and which gave board power to make final decision on all unresolved issues, without further negotiation, was not invalid as an unlawful delegation of authority. *Littleton Educ. Ass'n v. Arapahoe County Sch. Dist.*, 191 Colo. 411, 553 P.2d 793 (1976).

**This section would appear to give board of education right to select textbooks**, including those used in elective courses, insofar as the state may do so consistent with the federal and state constitutions. *Cary v. Bd. of Educ.*, 598 F.2d 535 (10th Cir. 1979).

**Board cannot structure its text designation to promote particular religious viewpoint.** *Cary v. Bd. of Educ.*, 598 F.2d 535 (10th Cir. 1979).

**Censorship is tolerable only where legitimate state interest.** Censorship or suppression of expression of opinion, even in the classroom, should be tolerated only when there is a legitimate interest of the state which can be said to require priority. *Cary v. Bd. of Educ.*, 598 F.2d 535 (10th Cir. 1979).

**Board's decision may be political.** When the board of education for the Adams-Arapahoe school district banned 10 books from use in teachers' language arts classes, the board was acting within its rights in omitting the books and the constitutional rights of the teachers were not violated, even though the decision was a political one influenced by the personal views of the members. *Cary v. Bd. of Educ.*, 598 F.2d 535 (10th Cir. 1979).

**No intent to furnish books free to all students.** It was not the intent of the framers of the state constitution that school districts furnish books free to all students. *Marshall v. Sch. Dist. Re-3*, 191 Colo. 451, 553 P.2d 784 (1976).

If school districts were required to furnish free books to all pupils, there would be no need for the provision in this section relative to indigent children. *Marshall v. Sch. Dist. Re-3*, 191 Colo. 451, 553 P.2d 784 (1976).

**Even though generally there is no duty to protect students off the school premises**, whether a school may, through its actions and policies, undertake such a duty (in this case rules and regulations restricting travel to school by bicycle) is a factual question to be determined by the judge or jury. *Jefferson County Sch. Dist. R-1 v. Justis*, 725 P.2d 767 (Colo. 1986).

**School district did not assume duty to provide crossing guards at an intersection** in the morning when kindergartners were walking home even though crossing guards were placed at the intersection in the afternoon. *Jefferson County Sch. Dist. R-1 v. Gilbert*, 725 P.2d 774 (Colo. 1986).

**Applied in** *Mountain States Legal Found. v. Denver Sch. Dist. No. 1*, 459 F. Supp. 357 (D. Colo. 1978); *Gutierrez v. Sch. Dist. R-1*, 41 Colo. App. 411, 585 P.2d 935 (1978).

**22-32-109.1. Board of education - specific powers and duties - safe school plan - conduct and discipline code - safe school reporting requirements. (1) Definitions.** As used in this section, unless the context otherwise requires:

(a) "Action taken" means a specific type of discipline, including but not limited to the following categories of discipline:

- (I) In-school suspension;
- (II) Out-of-school suspension;
- (III) Classroom removal in accordance with board policy;
- (IV) Expulsion;
- (V) Referral to a law enforcement agency; or
- (VI) Any other form of discipline, which shall be officially identified as part of a board policy.

(b) "Bullying" means any written or verbal expression, or physical or electronic act or gesture, or a pattern thereof, that is intended to coerce, intimidate, or cause any physical, mental, or emotional harm to any student. Bullying is prohibited against any student for any

reason, including but not limited to any such behavior that is directed toward a student on the basis of his or her academic performance or against whom federal and state laws prohibit discrimination upon any of the bases described in section 22-32-109 (1) (II) (I). This definition is not intended to infringe upon any right guaranteed to any person by the first amendment to the United States constitution or to prevent the expression of any religious, political, or philosophical views.

(c) "Dangerous weapon" has the same meaning as set forth in section 22-33-102 (4).

(d) "Full-time teacher" means a person who is licensed pursuant to article 60.5 of this title, or is authorized pursuant to section 22-60.5-111 to teach, and is primarily engaged in teaching during a majority of the instructional minutes per school day.

(e) "Habitually disruptive student" has the same meaning as set forth in section 22-33-106 (1) (c.5).

(f) (I) "Referral to law enforcement" means a communication between a school administrator, teacher, or other school employee and a law enforcement agency, which communication:

(A) Is initiated by the school administrator, teacher, or other school employee; and

(B) Concerns behavior by a student that the school administrator, teacher, or other school employee believes may constitute a violation of the school conduct and discipline code or a criminal or delinquent offense and for which the school administrator, teacher, or other school employee requests an investigation or other involvement by a law enforcement agency.

(II) "Referral to law enforcement" does not include:

(A) Contact with a law enforcement agency that is made for the purpose of education, prevention, or intervention regarding a student's behavior; or

(B) Routine or incidental communication between a school administrator, teacher, or other school employee and a law enforcement officer.

(g) "Restorative justice" has the same meaning as set forth in section 22-32-144 (3).

(h) "School vehicle" shall have the same meaning as set forth in section 42-1-102 (88.5), C.R.S.

(1.5) **Mission statement.** Each school district board of education shall adopt a mission statement for the school district, which statement shall include making safety for all students and staff a priority in each public school of the school district.

(2) **Safe school plan.** In order to provide a learning environment that is safe, conducive to the learning process, and free from unnecessary disruption, following consultation with the school district accountability committee and school accountability committees, parents, teachers, administrators, students, student councils where available, and, where appropriate, the community at large, each school district board of education shall adopt and implement a safe school plan, or review and revise, as necessary in response to any relevant data collected by the school district, any existing plans or policies already in effect. In addition to the aforementioned parties, each school district board of education, in adopting and implementing its safe school plan, may consult with victims advocacy organizations, school psychologists, and local law enforcement agencies. The plan, at a minimum, shall include the following:

(a) **Conduct and discipline code.** (I) A concisely written conduct and discipline code that shall be enforced uniformly, fairly, and consistently for all students. Copies of the code shall be provided to each student upon enrollment at the elementary, middle, and high school levels and shall be posted or kept on file at each public school in the school district. The school district shall take reasonable measures to ensure that each student of each public school in the school district is familiar with the code. The code shall include, but need not be limited to:

(A) General policies on student conduct, safety, and welfare;

(B) General policies and procedures for dealing with students who cause a disruption on school grounds, in a school vehicle, or at a school activity or sanctioned event, including a specific policy allowing a teacher to remove a disruptive student from his or her classroom. The policy shall state that, upon the third such removal from a teacher's class, the teacher may remove the disruptive student from the teacher's class for the remainder of the term of the class; except that a disruptive student shall not be removed from a teacher's

class for the remainder of the term of the class unless the principal of the student's school or his or her designee has developed and implemented a behavior plan for the student. A behavior plan may be developed after the first such removal from class and shall be developed after the second removal from class. The general policies and procedures shall include a due process procedure, which at a minimum shall require that, as soon as possible after a removal, the teacher or the school principal shall contact the parent or legal guardian of the student to request his or her attendance at a student-teacher conference regarding the removal. Any policy or procedure adopted shall comply with applicable federal and state laws, including but not limited to laws regarding students with disabilities.

(C) Provisions for the initiation of suspension or expulsion proceedings for students who qualify as habitually disruptive students;

(D) Policies and procedures for the use of acts of reasonable and appropriate physical intervention or force in dealing with disruptive students; except that no board shall adopt a discipline code that includes provisions that are in conflict with the definition of child abuse in section 18-6-401 (1), C.R.S., and section 19-1-103 (1), C.R.S.;

(E) General policies and procedures for determining the circumstances under and the manner in which disciplinary actions, including suspension and expulsion, shall be imposed in accordance with the provisions of sections 22-33-105 and 22-33-106;

(F) A specific policy concerning gang-related activities on school grounds, in school vehicles, and at school activities or sanctioned events;

(G) Written prohibition, consistent with section 22-33-106, of students from bringing or possessing dangerous weapons, drugs, or other controlled substances on school grounds, in a school vehicle, or at a school activity or sanctioned event and from using drugs or other controlled substances on school grounds, in a school vehicle, or at a school activity or sanctioned event;

(H) Written prohibition of students from using or possessing tobacco products on school grounds, in a school vehicle, or at a school activity or sanctioned event;

(I) A written policy concerning searches on school grounds, including searches of student lockers;

(J) A dress code policy that prohibits students from wearing apparel that is deemed disruptive to the classroom environment or to the maintenance of a safe and orderly school. The dress code policy may require students to wear a school uniform or may establish minimum standards of dress;

(K) On and after August 8, 2001, a specific policy concerning bullying prevention and education. Each school district is encouraged to ensure that its policy, at a minimum, incorporates the biennial administration of surveys of students' impressions of the severity of bullying in their schools, as described in section 22-93-104 (1) (c); character building; and the designation of a team of persons at each school of the school district who advise the school administration concerning the severity and frequency of bullying incidents that occur in the school, which team may include, but need not be limited to, law enforcement officials, social workers, prosecutors, health professionals, mental health professionals, school psychologists, counselors, teachers, administrators, parents, and students. Each school district's policy shall set forth appropriate disciplinary consequences for students who bully, other students and for any person who takes any retaliatory action against a student who reports in good faith an incident of bullying, which consequences shall comply with all applicable state and federal laws.

(II) In creating and enforcing a school conduct and discipline code pursuant to subparagraph (I) of this paragraph (a), each school district board of education, on and after August 1, 2013, shall:

(A) Impose proportionate disciplinary interventions and consequences, including but not limited to in-school suspensions, in response to student misconduct, which interventions and consequences are designed to reduce the number of expulsions, out-of-school suspensions, and referrals to law enforcement, except for such referrals to law enforcement as are required by state or federal law;

(B) Include plans for the appropriate use of prevention, intervention, restorative justice, peer mediation, counseling, or other approaches to address student misconduct, which approaches are designed to minimize student exposure to the criminal and juvenile justice

system. The plans shall state that a school administration shall not order a victim's participation in a restorative justice practice or peer mediation if the alleged victim of an offending student's misconduct alleges that the misconduct constitutes unlawful sexual behavior, as defined in section 16-22-102 (9), C.R.S.; a crime in which the underlying factual basis involves domestic violence, as defined in section 18-6-800.3 (1), C.R.S.; stalking as defined in section 18-3-602, C.R.S.; or violation of a protection order, as defined in section 18-6-803.5, C.R.S.;

(C) Ensure that the implementation of the code complies with all state and federal laws concerning the education of students with disabilities, as defined in section 22-20-103 (5); and

(D) Ensure that, in implementing the code, each school of the school district shows due consideration of the impact of certain violations of the code upon victims of such violations, in accordance with the provisions of title IX of the United States Code and other state and federal laws.

(b) **Safe school reporting requirements.** A policy whereby the principal of each public school in a school district shall submit annually, in a manner and by a date specified by rule of the state board, a written report to the board of education of such school district concerning the learning environment in the school during that school year. The board of education of the school district annually shall compile the reports from every school in the district and shall submit the compiled report to the department of education in a format specified by rule of the state board. The compiled report shall be made available to the general public. Such report shall include, but need not be limited to, the following specific information for the preceding school year:

(I) The total enrollment for the school;

(II) The average daily attendance rate at the school;

(III) Dropout rates for grades seven through twelve, if such grades are taught at the school;

(IV) The number of conduct and discipline code violations, each of which violations shall be reported only in the most serious category that is applicable to that violation, including but not limited to specific information identifying the number of, and the action taken with respect to, each of the following types of violations:

(A) Possessing a dangerous weapon on school grounds, in a school vehicle, or at a school activity or sanctioned event without the authorization of the school or the school district;

(B) Use or possession of alcohol on school grounds, in a school vehicle, or at a school activity or sanctioned event;

(C) Use, possession, or sale of a drug or controlled substance on school grounds, in a school vehicle, or at a school activity or sanctioned event;

(D) Use or possession of a tobacco product on school grounds, in a school vehicle, or at a school activity or sanctioned event;

(E) Being willfully disobedient or openly and persistently defiant or repeatedly interfering with the school's ability to provide educational opportunities to, and a safe environment for, other students;

(F) Commission of an act on school grounds, in a school vehicle, or at a school activity or sanctioned event that, if committed by an adult, would be considered first degree assault, as described in section 18-3-202, C.R.S., second degree assault, as described in section 18-3-203, C.R.S., or vehicular assault, as described in section 18-3-205, C.R.S.;

(G) Behavior on school grounds, in a school vehicle, or at a school activity or sanctioned event that is detrimental to the welfare or safety of other students or of school personnel, including but not limited to incidents of bullying and other behavior that creates a threat of physical harm to the student or to other students;

(H) Willful destruction or defacement of school property;

(I) Commission of an act on school grounds, in a school vehicle, or at a school activity or sanctioned event that, if committed by an adult, would be considered third degree assault, as described in section 18-3-204, C.R.S., or disorderly conduct, as described in section 18-9-106 (1) (d), C.R.S., but not disorderly conduct involving firearms or other deadly weapons, as described in section 18-9-106 (1) (e) and (1) (f), C.R.S.;

(J) Commission of an act on school grounds, in a school vehicle, or at a school activity or sanctioned event that, if committed by an adult, would be considered robbery; and

(K) Other violations of the code of conduct and discipline that resulted in documentation of the conduct in a student's record;

(V) and (VI) (Deleted by amendment, L. 2012.)

(VII) The average class size for each public elementary school, middle school or junior high school, and senior high school in the state calculated as the total number of students enrolled in the school divided by the number of full-time teachers in the school; and

(VIII) The school's policy concerning bullying prevention and education, including information related to the development and implementation of any bullying prevention programs.

(c) **Internet safety plan.** (I) Each school district is encouraged to provide a comprehensive, age-appropriate curriculum that teaches safety in working and interacting on the internet in grades kindergarten through twelve. At a minimum, the curriculum may address the following topics:

(A) Interaction with persons in the cybercommunity;

(B) Personal safety in interacting with persons on the internet;

(C) Recognition and avoidance of on-line bullying;

(D) Technology, computer virus issues, and ways to avoid computer virus infection;

(E) Predator identification;

(F) Intellectual property, including education concerning plagiarism and techniques to avoid committing plagiarism and laws concerning downloading of copyrighted materials including music;

(G) Privacy and the internet;

(H) On-line literacy, including instruction in how to identify credible, factual, trustworthy web sites; and

(I) Homeland security issues related to internet use.

(II) Each school district is encouraged to structure the internet safety plan so as to incorporate the internet safety topics into the teaching of the regular classroom curricula, rather than isolating the topics as a separate class. Each school district is encouraged to use available internet safety curricula resources, including but not limited to materials available through nonprofit internet safety foundations that are endorsed by the federal government. Each school district is also encouraged to work with the local law enforcement agencies for the jurisdiction in which the school district is located in developing the internet safety curricula, especially with regard to topics that address personal safety on the internet, internet predator identification, privacy issues, and homeland security issues. Each school district is also encouraged to collaborate with parents and teachers in developing the internet safety curricula, including collaborating with district and statewide organizations that represent parents and teachers.

(III) Each school district is encouraged to begin implementing the internet safety plan with the 2005-06 school year and to annually review and, as necessary, revise the plan. Each school district is encouraged to identify a person who is responsible for overseeing implementation of the internet safety plan within each public school of the school district to ensure that each public school complies with the requirements of the plan.

(IV) If a school district chooses to adopt an internet safety plan and to identify a person who is responsible for overseeing implementation of the plan, the person is encouraged to annually submit an internet safety plan implementation report to the school district board of education specifying the level of implementation achieved by each public school of the school district and providing an overview of the internet safety curricula adopted and implemented in each public school of the school district. The school district board of education of each school district that chooses to adopt an internet safety plan is encouraged to submit to the department of education an annual report summarizing the internet safety plan implementation report and is encouraged to make the annual summary report available on the school district web site.

(3) **Agreements with state agencies.** Each board of education shall cooperate and, to the extent possible, develop written agreements with law enforcement officials, the juvenile justice system, and social services, as allowed under state and federal law, to keep each

school environment safe. Each board of education shall adopt a policy whereby procedures will be used following instances of assault upon, disorderly conduct toward, harassment of, the making knowingly of a false allegation of child abuse against, or any alleged offense under the "Colorado Criminal Code" directed toward a school teacher or school employee or instances of damage occurring on the premises to the personal property of a school teacher or school employee by a student. Such procedures shall include, at a minimum, the following provisions:

(a) Such school teacher or school employee shall file a complaint with the school administration and the board of education.

(b) The school administration shall, after receipt of such report and proof deemed adequate to the school administration, suspend the student for three days; such suspension to be in accordance with the procedures established therefor, and shall initiate procedures for the further suspension or expulsion of the student where injury or property damage has occurred.

(c) The school administration shall report the incident to the district attorney or the appropriate local law enforcement agency or officer, who shall, upon receiving such report, investigate the incident to determine the appropriateness of filing criminal charges or initiating delinquency proceedings.

(4) **School response framework - school safety, readiness, and incident management plan.** Each board of education shall establish a school response framework that shall consist of policies described in this subsection (4). By satisfying the requirements of this subsection (4), a school or school district shall be in compliance with the national incident management system, referred to in this subsection (4) as "NIMS", developed by the federal emergency management agency. At a minimum, the policies shall require:

(a) (I) Each school district, on or before July 1, 2009, to establish a date by which each school of the school district shall be in compliance with the requirements of this subsection (4); except that the date may be changed by the school board for cause.

(II) Each school district shall make the dates established pursuant to subparagraph (I) of this paragraph (a) available to the public upon request.

(b) Each school district to adopt the national response framework released by the federal department of homeland security and NIMS formally through orders or resolutions;

(c) Each school district to institutionalize the incident command system as taught by the emergency management institute of the federal emergency management agency;

(d) Each school district, on or before July 1, 2009, to start to develop a school safety, readiness, and incident management plan, including, to the extent possible, emergency communications, that coordinates with any statewide or local emergency operation plans. In developing the plan, a school district may collaborate with local fire departments, state and local law enforcement agencies, local 911 agencies, interoperable communications providers, the safe2tell program described in section 16-15.8-103, C.R.S., local emergency medical service personnel, local mental health organizations, local public health agencies, local emergency management personnel, and local or regional homeland security personnel, which entities are collectively referred to in this subsection (4) as "community partners". The school safety, readiness, and incident management plan shall, at a minimum, identify for each public school in the school district:

(I) Safety teams and backups who are responsible for interacting with community partners and assuming key incident command positions; and

(II) Potential locations for various types of operational locations and support functions or facilities;

(e) To the extent possible, each school district to enter into memoranda of understanding with the community partners specifying responsibilities for responding to incidents;

(f) To the extent possible, each public school to create an all-hazard exercise program based on NIMS and to conduct tabletop exercises and other exercises in collaboration with community partners from multiple disciplines and, if possible, multiple jurisdictions to practice and assess preparedness and communications interoperability with community partners;

(g) To the extent possible, each public school, in collaboration with its school district, to hold coordinated exercises among school employees and community partners, including at a minimum:

(I) Orientation meetings to inform all parties about emergency operation plans and procedures;

(II) All-hazard drills, in addition to fire drills, to improve individual and student emergency procedures and to test communications interoperability; and

(III) Tabletop exercises to discuss and identify roles and responsibilities in different scenarios;

(h) Each public school to conduct a written evaluation following the exercises and certain incidents as identified by the school or school district and identify and address lessons learned and corrective actions in updating response plans and procedures;

(i) Each public school, at least every academic term, to inventory emergency equipment and test communications equipment and its interoperability with affected state and local agencies;

(j) Each school district to adopt written procedures for taking action and communicating with local law enforcement agencies, community emergency services, parents, students, and the media in the event of certain incidents as identified by the school or school district;

(k) Key emergency school personnel, including but not limited to safety teams and backups, to complete courses provided by the federal emergency management agency's emergency management institute or by institutions of higher education in the state system of community and technical colleges;

(l) School district employee safety and incident management training, including provisions stating that completion of any courses identified by the department of public safety pursuant to section 24-33.5-1606.5 (3), C.R.S., as related to NIMS count toward the professional development requirements of a person licensed pursuant to article 60.5 of this title;

(m) Each school district to work with community partners to update and revise all standard operating procedures, ensuring that all aspects of NIMS are incorporated, including but not limited to policies and principles, planning, procedures, training, response, exercises, equipment, evaluation, and corrective actions;

(n) Each school district to coordinate with community partners to assess overall alignment and compliance with NIMS; identify requirements already met; establish a baseline for NIMS compliance; and determine action steps, including developing a plan and timeline, to achieve and maintain all NIMS goals; and

(o) Each school district to develop a timeline and strategy for compliance with the requirements of this subsection (4) and to strategically plan, schedule, and conduct all activities with community partners.

(5) **Safety and security policy.** Each board of education shall adopt a policy requiring annual school building inspections to address the removal of hazards and vandalism and any other barriers to safety and supervision.

(6) **Sharing information.** Notwithstanding any provision to the contrary in title 24, C.R.S., each board of education shall establish policies consistent with section 24-72-204 (3), C.R.S., and with applicable provisions of the federal "Family Education Rights and Privacy Act of 1974" (FERPA), 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted thereto, to share and release information directly related to a student and maintained by a public school or by a person acting for the public school in the interest of making schools safer. Sharing of information concerning an out-of-home placement student who is being transferred to a public school shall comply with the rules established by the state board pursuant to section 22-2-139 (9).

(7) **Open school policy.** Each board of education shall adopt an open school policy to allow parents and members of the school district board of education reasonable access to observe classes, activities, and functions at a public school upon reasonable notice to the school administrator's office.

(8) **Employee screenings.** Each board of education shall adopt a policy of making inquiries upon good cause to the department of education for the purposes of screening licensed employees and nonlicensed employees hired on or after January 1, 1991. Licensed

employees employed by school districts on or after January 1, 1991, shall be screened upon good cause to check for any new instances of criminal activity listed in section 22-32-109.9 (1) (a). Nonlicensed employees employed by a school district on or after January 1, 1991, shall be screened upon good cause to check for any new instances of criminal activity listed in section 22-32-109.8 (2) (a).

(9) **Immunity.** (a) A school district board of education or a teacher or any other person acting in good faith in accordance with the provisions of subsection (2) of this section in carrying out the powers or duties authorized by said subsection shall be immune from criminal prosecution or civil liability for such actions; except that a teacher or any other person acting willfully or wantonly in violation of said subsection shall not be immune from criminal prosecution or civil liability pursuant to said subsection. A teacher or any other person claiming immunity from criminal prosecution under this paragraph (a) may file a motion that shall be heard prior to trial. At the hearing, the teacher or other person claiming immunity shall bear the burden of establishing the right to immunity by a preponderance of the evidence.

(b) A teacher or any other person acting in good faith and in compliance with the conduct and discipline code adopted by the board of education pursuant to paragraph (a) of subsection (2) of this section shall be immune from civil liability; except that a person acting willfully and wantonly shall not be immune from liability pursuant to this paragraph (b). The court shall dismiss any civil action resulting from actions taken by a teacher or any other person pursuant to the conduct and discipline code adopted by the board of education pursuant to paragraph (a) of subsection (2) of this section upon a finding by the court that the person acted in good faith and in compliance with such conduct and discipline code and was therefore immune from civil liability pursuant to paragraph (a) of this subsection (9). The court shall award court costs and reasonable attorney fees to the prevailing party in such a civil action.

(c) If a teacher or any other person does not claim or is not granted immunity from criminal prosecution pursuant to paragraph (a) of this subsection (9) and a criminal action is brought against a teacher or any other person for actions taken pursuant to the conduct and discipline code adopted by the board of education pursuant to paragraph (a) of subsection (2) of this section, it shall be an affirmative defense in the criminal action that the teacher or such other person was acting in good faith and in compliance with the conduct and discipline code and was not acting in a willful or wanton manner in violation of the conduct and discipline code.

(d) An act of a teacher or any other person shall not be considered child abuse pursuant to sections 18-6-401 (1) and 19-1-103 (1), C.R.S., if:

(I) The act was performed in good faith and in compliance with the conduct and discipline code adopted by the board of education pursuant to paragraph (a) of subsection (2) of this section; or

(II) The act was an appropriate expression of affection or emotional support, as determined by the board of education.

(e) A teacher or any other person who acts in good faith and in compliance with the conduct and discipline code adopted by the board of education pursuant to paragraph (a) of subsection (2) of this section shall not have his or her contract nonrenewed or be subject to any disciplinary proceedings, including dismissal, as a result of such lawful actions, nor shall the actions of the teacher or other person be reflected in any written evaluation or other personnel record concerning such teacher or other person. A teacher or any other person aggrieved by an alleged violation of this paragraph (e) may file a civil action in the appropriate district court within two years after the alleged violation.

(10) **Compliance with safe school reporting requirements.** If the state board determines that a school district or one or more of the public schools in a school district is in willful noncompliance with the provisions of paragraph (b) of subsection (2) of this section, the state's share of the school district's total program, as determined pursuant to article 54 of this title, may be subject to forfeiture until the school district and each school in the district attains compliance with the provisions of paragraph (b) of subsection (2) of this section.

## ANNOTATION

**Law reviews.** For comment, "Warning Bell: The Inherent Difficulties of Responding to Student-on-Student Sexual Harassment in Colorado Middle Schools", see 76 U. Colo. L. Rev. 813 (2005).

**Subsection (9)(e) [formerly 22-32-110 (4)(c)] is to be viewed as an exception to the school board's discretion in the area of hiring and firing;** the proximity of the subsection to other provisions granting immunity does not assist an analysis. *Widder v. Durango Sch. Dist.* No. 9-R, 85 P.3d 518 (Colo. 2004).

**A school district's decision is quasi-judicial and subject to review under C.R.C.P. 106(a)(4)** where the decision is whether to terminate an employee who claims that he acted in good faith and in compliance with a conduct and

discipline code. The decision involves a determination of the rights, duties, or obligations of specific individuals on the basis of applying presently existing standards to past or present facts. *Widder v. Durango Sch. Dist.* No. 9-R, 85 P.3d 518 (Colo. 2004).

**Trial court erred in determining de novo the facts underlying a dismissal decision.** The immunity granted school district employees in subsection (9)(e) does not divest a school board of its discretion to determine whether an employee's conduct was in good faith and in compliance with the school district's disciplinary code and so whether it warrants dismissal. *Widder v. Durango Sch. Dist.* No. 9-R, 60 P.3d 741 (Colo. App. 2002), *aff'd in part and rev'd in part* on other grounds, 85 P.3d 518 (Colo. 2004).

**22-32-109.2. Board of education - specific duties - adoption of policy.** (1) In carrying out the duties specified in section 22-32-109 (1) (t), on and after July 1, 1990, each board of education shall be required to formally adopt a policy concerning the delivery of all educational programs and courses of instruction or study which expose pupils to any psychiatric or psychological methods or procedures involving the diagnosis, assessment, or treatment of any emotional, behavioral, or mental disorder or disability.

(2) Prior to taking action pursuant to subsection (1) of this section, a board of education shall provide an adequate opportunity to allow review by and receive recommendations from members of the board, the personnel of the school district, the parents of pupils enrolled in the school district, and members of the public.

(3) The department of education shall prepare model policies to provide guidance to boards of education adopting policies under subsection (1) of this section.

**Source: L. 90:** Entire section added, p. 1098, § 63, effective May 31.

**22-32-109.3. Board of education - specific duties - student records.** (1) Except as otherwise provided in subsections (2) and (3) of this section, each school district, as required under section 24-72-204 (3), C.R.S., shall maintain the confidentiality of the addresses and telephone numbers of students enrolled in public elementary and secondary schools within the school district and any medical, psychological, sociological, and scholastic achievement data collected concerning individual students.

(2) Notwithstanding the provisions of subsection (1) of this section, the address and telephone number and any medical, psychological, sociological, and scholastic achievement data concerning any student shall be released under the following conditions:

(a) As provided in section 24-72-204 (3), C.R.S.;

(b) To district or municipal court personnel, the division of youth corrections, county departments of social services, the youthful offender system, and any other juvenile justice agency within fifteen days after receipt by the school district of a court order authorizing release of such information.

(3) Notwithstanding the provisions of subsection (1) of this section, either the principal of a school, or such principal's designee, or, if the student is enrolled in a public school, the superintendent of a school district in which the student is enrolled, or such superintendent's designee, shall provide attendance and disciplinary records to a criminal justice agency pursuant to the provisions of section 19-1-303 (2), C.R.S.

**Source: L. 96:** Entire section added, p. 1683, § 9, effective January 1, 1997. **L. 2000:** (1) amended and (3) added, p. 321, § 10, effective April 7.

**22-32-109.4. "Colorado School Collective Bargaining Agreement Sunshine Act" - board of education - specific duties.** (1) This section shall be known and may be cited as the "Colorado School Collective Bargaining Agreement Sunshine Act".

(2) "Collective bargaining agreement" means, for the purpose of this section, a master agreement, and any amendments, addendums, memorandums, or any other documents modifying the master agreement.

(3) In addition to any other duty required to be performed by law, each board of education shall cause, within thirty days following August 8, 2001, a true and correct copy of each collective bargaining agreement entered into by the board of education and in effect as of said date and all subsequent collective bargaining agreements entered into by the board of education, within thirty working days following the date of ratification of each agreement, to be:

(a) Posted on the web site of the school district;

(b) Repealed.

(c) Made available for public inspection during regular business hours in a convenient and identified location at the main administrative office of the school district; and

(d) Filed with the board of trustees of the largest public library located within the school district.

**Source:** **L. 2001:** Entire section added, p. 168, § 1, effective August 8. **L. 2010:** IP(3) amended, (HB 10-1036), ch. 79, p. 269, § 2, effective April 12. **L. 2012:** (3)(a) amended and (3)(b) repealed, (HB 12-1240), ch. 258, p. 1312, § 15, effective June 4.

**22-32-109.5. Board of education - specific duties - testing requirements - basic skills placement or assessment tests - intervention plans.** (1) In carrying out its duties under section 22-32-109 (1) (t) in determining educational programs, if a board of education imposes any special proficiency test for graduation from the twelfth grade beyond the regular requirements for satisfactory completion of the courses and hours prescribed for graduation, the results of such tests shall be used by school districts to design regular or special classes to meet the needs of all children as indicated by overall test results. If a board determines to impose such a proficiency test, such test shall be given at least twice during each school year, and initial testing shall take place in the ninth grade.

(2) Any child who does not satisfactorily fulfill the requirements of a special proficiency test imposed under the provisions of subsection (1) of this section shall be provided with remedial or tutorial services during the school day in the subject area in which the test indicates deficiencies for graduation purposes. Such child shall be provided with these services from the time of the initial testing until such time as the results of the special proficiency test are satisfactory. Parents of children not satisfactorily fulfilling the requirements of a special proficiency test shall be provided with all special proficiency test scores for their child a minimum of once each semester.

(3) Repealed.

(4) (a) Each school district may administer to students enrolled in grades nine through twelve in the schools of the school district the basic skills placement or assessment tests that are administered to matriculated first-time freshman students pursuant to section 23-1-113, C.R.S. The school district may administer the tests to a student at any time and as often as it deems necessary while the student is enrolled in any of grades nine through twelve, but the department of education shall allocate moneys to each school district to offset the costs incurred in administering each of the test units only once per student while he or she is enrolled in those grades.

(b) If a school district chooses to administer the basic skills placement or assessment tests, each student's individual career and academic plan shall include the scores achieved by the student on the basic skills placement or assessment tests and, based on an analysis of the scores, the student's level of postsecondary and workforce readiness at the time he or she takes the tests. If a student's scores indicate that he or she is at risk of being unable to demonstrate postsecondary and workforce readiness prior to or upon graduating from high school, school personnel shall work with the student and the student's parent or legal guardian to create an intervention plan that identifies the necessary courses and education support services that the student requires to be able to achieve postsecondary and workforce readiness prior to or upon graduating from high school and to be prepared to continue into the postsecondary education option, if any, selected by the student in his or her individual career and academic plan without need for remedial educational services. If appropriate, the school, the student, and the student's parent or legal guardian may choose to enroll the student in one or more basic skills courses at an institution of higher education through the "Concurrent Enrollment Programs Act", article 35 of this title, if the student is enrolled in twelfth grade.

**Source:** **L. 75:** Entire section added, p. 698, § 1, effective July 18. **L. 93:** (3) added, p. 1048, § 6, effective June 3. **L. 2012:** (4) added, (HB 12-1345), ch. 188, p. 725, § 13, effective May 19.

**Editor's note:** Subsection (3)(b) provided for the repeal of subsection (3), effective July 1, 1995. (See L. 93, p. 1048.)

**Cross references:** For the legislative declaration in the 2012 act adding subsection (4), see section 11 of chapter 188, Session Laws of Colorado 2012.

**22-32-109.6. Board of education - specific duties - class size reduction plans - alternative student achievement plans - definitions.** (1) (a) The general assembly hereby finds and declares that:

(I) The voters approved section 17 of article IX of the state constitution with the intent that the increased funding of public education be used for specific and accountable purposes to improve the state's public schools;

(II) Elementary school teachers support reducing class size in early grades; and

(III) Parents have indicated that reducing class size, especially in early grades, is one of their top priorities for public schools.

(b) It is the general assembly's duty to ensure that the one-percent increase in statewide base per pupil funding required by section 17 of article IX of the state constitution be used in a manner intended by the voters.

(2) As used in this section, unless the context otherwise requires:

(a) "Class" means a non-elective class in kindergarten or the first, second, or third grade or any combination of kindergarten or the first, second, or third grades in a public school, which class provides instruction in one or more of the first priority state model content standards areas of reading, writing, mathematics, science, history, or geography, as described in section 22-7-406 (1) (a).

(b) and (c) Repealed.

(d) "One-percent increase" means the one-percent increase in the statewide base per pupil funding for state fiscal years 2001-02 through 2010-11 required by section 17 of article IX of the state constitution.

(e) Repealed.

(f) "Teacher" means a person who is licensed pursuant to article 60.5 of this title, or is authorized pursuant to section 22-60.5-111, to teach and is primarily engaged in teaching kindergarten or the first, second, or third grade.

(3) and (4) Repealed.

**Source:** L. 2001: Entire section added, p. 335, § 1, effective April 16. L. 2004: (2)(f) amended, p. 1286, § 19, effective May 28. L. 2007: (2)(b), (2)(c), (2)(e), (3), and (4) repealed, p. 745, § 28, effective May 9.

**22-32-109.7. Board of education - specific duties - employment of personnel.**

(1) Prior to the employment of any person by a school district, the board of education shall make an inquiry concerning such person to the department of education for the purpose of determining:

(a) Whether such person has been convicted of, has pled nolo contendere to, or has received a deferred sentence or deferred prosecution for:

(I) A felony; or

(II) A misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children;

(b) Whether such person has been dismissed by, or has resigned from, a school district as a result of an allegation of unlawful behavior involving a child, including unlawful sexual behavior, which was supported by a preponderance of the evidence according to information provided to the department by a school district pursuant to subsection (3) of this section and confirmed by the department pursuant to the provisions of section 22-2-119 (1) (b):

(c) If a holder of a license or authorization issued pursuant to the provisions of article 60.5 of this title, whether such person's license or authorization has ever been denied, annulled, suspended, or revoked pursuant to the provisions of section 22-60-110 (2) (b), as it existed prior to July 1, 1999, or pursuant to article 60.5 of this title, following a conviction, a plea of nolo contendere, or a deferred sentence for a crime involving unlawful sexual behavior or unlawful behavior involving children.

(1.5) During the employment of any person by a school district, the board of education may make an inquiry concerning such person to the department of education for the purposes described in subsection (1) of this section.

(2) (a) The board of education shall also contact previous employers of such applicant for the purpose of obtaining information or recommendations which may be relevant to such person's fitness for employment.

(b) Any previous employer of an applicant for employment who provides information to a school district or who makes a recommendation concerning an applicant, whether at the request of the school district or the applicant, shall be immune from civil liability unless:

(I) The information is false and the previous employer knows such information is false or acts with reckless disregard concerning the veracity of such information; and

(II) The school district acts upon such information to the detriment of:

(A) The applicant because the school district refused to employ such person based, in whole or in part, on negative information concerning such person later determined to be false; or

(B) The school district because the school district employed the applicant based, in whole or in part, on positive information concerning such person later determined to be false.

(c) Any school district which relies on information provided by or a recommendation made by a previous employer in making an employment decision shall be immune from civil liability unless the information is false and such school district knows the information is false or acts with reckless disregard concerning the veracity of such information.

(3) If an employee of a school district is dismissed or resigns as a result of an allegation of unlawful behavior involving a child, including unlawful sexual behavior, which is supported by a preponderance of the evidence, within ten business days after the dismissal or resignation, the board of education of the school district shall notify the department of education and provide any information requested by the department concerning the circumstances of the dismissal or resignation. The district shall also notify the employee that information concerning the employee's dismissal or resignation is being forwarded to the department of education unless the notice would conflict with the confidentiality requirements of the "Child Protection Act of 1987", part 3 of article 3 of title 19, C.R.S. A public school district or charter school shall not enter into a settlement agreement that would restrict the school district or charter school from sharing any relevant information related to a conviction for child abuse or a sexual offense against a child as defined by section 13-80-103.9 (1) (c), C.R.S., pertaining to the employee with the department, another school district, or charter school pertaining to the incident upon which the dismissal or resignation is based.

(3.5) Whenever a school district learns from a source other than the department of education that a current or past employee of the school district has been convicted of, pled nolo contendere to, or has received a deferred sentence or deferred prosecution for a felony or a misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children, the school district shall notify the department of education.

(4) Any information received by a board of education pursuant to subsection (1) or (2) of this section shall be confidential information and not subject to the provisions of part 2 of article 72 of title 24, C.R.S. Any person who releases information obtained pursuant to the provisions of said subsections or who makes an unauthorized request for information from the department shall be subject to the penalties set forth in section 24-72-206, C.R.S.; except that any person who releases information received from the department of education concerning information contained in the records and reports of child abuse or neglect maintained by the state department of human services shall be deemed to have violated section 19-1-307 (4), C.R.S.

**Source:** **L. 90:** Entire section added, p. 1029, § 19, effective July 1. **L. 93:** (1)(b) and (3) amended, p. 633, § 1, effective July 1. **L. 99:** (1)(a) amended and (1.5) and (3.5) added, p. 1100, § 1, effective July 1. **L. 2000:** (1)(c) amended, p. 1856, § 56, effective August 2. **L. 2003:** (4) amended, p. 1409, § 16, effective January 1, 2004. **L. 2006:** (1)(c) amended, p. 922, § 1, effective July 1. **L. 2008:** (3) amended, p. 2225, § 2, effective June 5.

**Cross references:** For the legislative declaration contained in the 2003 act amending subsection (4), see section 1 of chapter 196, Session Laws of Colorado 2003.

**22-32-109.8. Applicants selected for nonlicensed positions - submittal of form and fingerprints - prohibition against employing persons - department database.** (1) Except as otherwise provided in paragraph (a) of subsection (10) of this section, any person applying to any school district for any position of employment for which a license issued pursuant to article 60.5 of this title is not required and who is selected for such position of employment by such school district shall submit a complete set of fingerprints of such applicant taken by a qualified law enforcement agency or authorized employee of such school district and a notarized, completed form as specified in subsection (2) of this section. Said fingerprints and form shall be submitted to the school district at the time requested by such school district.

(2) On a form provided by the school district, a selected applicant shall certify, under penalty of perjury, either:

(a) That he has never been convicted of committing any felony or misdemeanor; but not including any misdemeanor traffic offense or traffic infraction; or

(b) That he has been convicted of committing any felony or misdemeanor; but not including any misdemeanor traffic offense or traffic infraction. Such certification shall specify such felony or misdemeanor for which convicted, the date of such conviction, and the court entering the judgment of conviction.

(3) In addition to any other requirements established by law, the submittal of fingerprints and the form pursuant to subsection (1) of this section shall be a prerequisite to the employment of a person in a nonlicensed position in a school district, and no person shall be so employed who has not complied with the provisions of subsection (1) of this section.

(4) Any school district to which fingerprints are submitted pursuant to subsection (1) of this section shall forward such fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado bureau of investigation and the federal bureau of investigation.

(5) (a) A school district may employ a person in a nonlicensed position in the school district prior to receiving the results regarding the selected applicant's fingerprints; however:

(I) The school district may terminate the person's employment if the results are inconsistent with the information provided by the person in the form submitted pursuant to subsection (1) of this section; and

(II) The school district shall terminate the person's employment if the results of a fingerprint-based criminal history record check completed on or after August 10, 2011, disclose a conviction for an offense described in subsection (6.5) of this section.

(b) The school district shall notify the proper district attorney of inconsistent results as described in subparagraph (I) of paragraph (a) of this subsection (5) for purposes of action or possible prosecution.

(6) (a) When a school district finds good cause to believe that a nonlicensed person employed by the school district has been convicted of a felony or misdemeanor other than a misdemeanor traffic offense or traffic infraction subsequent to his or her employment, the school district shall require the person to submit to the school district a complete set of his or her fingerprints taken by a qualified law enforcement agency. The fingerprints shall be submitted within twenty days after receipt of written notification from the school district. The school district shall forward the fingerprints of the person to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado bureau of investigation and the federal bureau of investigation. If the results of the fingerprint-based criminal history record check completed on or after August 10, 2011, disclose a conviction for an offense described in subsection (6.5) of this section, the school district shall terminate the person's employment.

(b) School districts shall not charge nonlicensed personnel any fees for the direct and indirect costs of the school district for fingerprint processing performed pursuant to the provisions of this subsection (6).

(6.5) (a) Except as provided in paragraph (d) of this subsection (6.5), a person employed in or applying to a school district for employment in a nonlicensed position is disqualified from employment if:

(I) The applicant or employee has been convicted of, or convicted of attempt, solicitation, or conspiracy to commit, one of the following offenses:

(A) Felony child abuse, as described in section 18-6-401, C.R.S.;

(B) A crime of violence, as defined in section 18-1.3-406 (2), C.R.S.;

(C) A felony involving unlawful sexual behavior, as defined in section 16-22-102 (9), C.R.S.;

(D) Except as provided in paragraph (b) of this subsection (6.5), a felony, the underlying factual basis of which has been found by the court on the record to include an act of domestic violence, as defined in section 18-6-800.3, C.R.S.;

(E) Except as provided in paragraph (b) of this subsection (6.5), a felony drug offense described in part 4 of article 18 of title 18, C.R.S., committed on or after August 25, 2012;

(F) Felony indecent exposure, as described in section 18-7-302, C.R.S.; or

(G) An offense in any other state, the United States, or any territory subject to the jurisdiction of the United States, which, if committed in this state, would constitute an offense described in sub-subparagraphs (A) to (F) of this subparagraph (I);

(II) The applicant or employee fails to submit fingerprints on a timely basis following receipt of the written request from the school district pursuant to subsection (1) or (6) of this section.

(b) The disqualification from employment pursuant to sub-subparagraphs (D) and (E) of subparagraph (I) of paragraph (a) of this subsection (6.5) shall only apply for a period of five years following the date the offense was committed, and, for the offense described in sub-subparagraph (D) of subparagraph (I) of paragraph (a) of this subsection (6.5), the person shall have successfully completed any domestic violence treatment required by the court prior to employment. An employee terminated from employment solely on the basis of the disqualification contained in sub-subparagraphs (D) and (E) of subparagraph (I) of paragraph (a) of this subsection (6.5) may reapply for employment after five years have passed since the date the offense was committed.

(c) Nothing in this subsection (6.5) shall require a second or subsequent fingerprint-based criminal history record check to be conducted for an employee for whom a fingerprint-based criminal history record check has been completed prior to August 10, 2011.

(d) (I) Notwithstanding the disqualification from employment set forth in this subsection (6.5), a school district may employ a person convicted of an offense listed in sub-subparagraphs (D) and (E) of subparagraph (I) of paragraph (a) of this subsection (6.5) after conducting an assessment of the current safety risk posed by the person.

(II) A person who is or would be disqualified from employment pursuant to sub-subparagraphs (D) and (E) of subparagraph (I) of paragraph (a) of this subsection (6.5) may submit a written request to the school district for reconsideration of the disqualification from employment. Reconsideration shall be based upon the school district's assessment of the current safety risk in hiring the person or in continuing the person's employment after considering:

(A) The seriousness and nature of the disqualifying offense;

(B) The time elapsed since the date the offense was committed;

(C) The nature of the position held or sought by the person; and

(D) Any other relevant information.

(III) The decision of the school district shall be final.

(7) For purposes of this section, a person is deemed to be convicted of committing a felony or misdemeanor as described in this section if the person has been convicted under the laws of any other state, the United States, or any territory subject to the jurisdiction of the United States of an unlawful act which, if committed within this state, would be a felony or misdemeanor.

(8) For purposes of this section:

(a) "Convicted" means a conviction by a jury or by a court and shall also include the forfeiture of any bail, bond, or other security deposited to secure appearance by a person charged with a felony or misdemeanor, the payment of a fine, a guilty plea accepted by a court, a plea of nolo contendere, and the imposition of a deferred or suspended sentence by the court.

(a.5) “Nonlicensed” means a person does not hold, or a position of employment does not require, a license issued pursuant to article 60.5 of this title.

(b) “Position of employment” means any job or position in which any person may be engaged in the service of a school district for salary or hourly wages, whether full time or part time and whether temporary or permanent.

(9) All costs arising from the taking of fingerprints and from any fingerprint processing performed by the Colorado bureau of investigation pursuant to the provisions of this section shall be borne by school districts. Except as otherwise provided in paragraph (b) of subsection (6) of this section, school districts may charge such selected applicants a nonrefundable fee in an amount equal to the direct and indirect costs of such school district for the administration of this section. Said fees shall be credited to the fingerprint processing account and shall be used for the purposes set forth in this section and may not be expended by the school district for any other purpose; however, said fees shall not be used for the purposes set forth in subsection (6) of this section. Any moneys in said account which are not expended during a budget year shall be carried forward and budgeted for the purposes set forth in this section in the next budget year. Such fee may be paid by the selected applicant over a period of sixty days after employment.

(10) (a) The provisions of this section shall not apply to any person who is enrolled as a student in any school district and who is applying to the same school district in which such student is enrolled for a position of employment for which a license issued pursuant to article 60.5 of this title is not required.

(b) (Deleted by amendment, L. 2002, p. 974, § 9, effective June 1, 2002.)

(11) (a) Each school district shall submit to the department of education the name, date of birth, and social security number from the human resource electronic data communications and reporting system required by section 22-44-105 (4) (a) for each nonlicensed person employed by the district.

(b) The department of education shall create and maintain a database of all the information submitted pursuant to this subsection (11).

(c) At the beginning of each semester, a school district shall notify the department of education when a nonlicensed employee is no longer employed by the school district, and the department shall purge at least annually the employees’ information from the database created pursuant to paragraph (b) of this subsection (11).

(d) On or before August 30 each year, the department of education shall submit a list of all persons employed by each school district in the state for the preceding school year to the Colorado bureau of investigation. The list shall include each employee’s name and date of birth.

(12) Nothing in this section shall create for a person a property right in or entitlement to employment or continued employment with a school district or impair a school district’s right to terminate employment for a nondiscriminatory reason.
